For the year ended December 31, 2000 Form 10-K could not be filed within the prescribed time limit because of the substantial time and attention of management required to collect data requested by our bank group in order to obtain waivers of our debt covenants. FORM 12b-25

Exhibit A

EMERGENCE FROM BANKRUPTCY

On February 15, 2000, the consummation of the Company's Plan of Reorganization was completed, and the Company exited from Chapter 11. The Company converted the existing Senior Subordinated Notes ("Notes") and common equity as outlined under the terms of the restructuring agreement.

The agreement provided for the Notes to be converted into (i) new notes in the aggregate principal amount of \$30 million, due February 15, 2005, with interest at the rate of 12% per annum (the first semi-annual interest payment was paid on March 15, 2000), and (ii) 95% of the new common equity of the Company to be issued post-recapitalization, prior to dilution related to a management stock incentive program. The agreement also provided that the Company's old common equity would be converted into 5% of the new common equity issued post-recapitalization, prior to dilution.

To facilitate a meaningful comparison of the Company's yearly operating performance in years 2000, 1999 and 1998, the following discussion of results of operations is presented on a traditional comparative basis for both periods. Accordingly, the results of operations for the year ended December 31, 2000 represents the mathematic addition of the historical amounts for the predecessor company period January 1 through February 15, 2000, and the reorganized company period, February 16 through December 31, 2000. Consequently, the current year's information presented below does not comply with accounting requirements for companies upon emergence from bankruptcy which calls for separate reporting for the newly reorganized company and the predecessor company. Management believes that a combined discussion of predecessor and reorganized company periods is reasonable and appropriate because there were no material adjustments to the presented items (other than depreciation, amortization and interest expense) resulting from the Fresh Start Reporting.

OPERATING RESULTS

Operating revenue was approximately \$281.4 million in 2000 compared to \$274.6 million in 1999. Operating loss for 2000 was approximately \$4.1 million compared to an operating income of \$1.2 million in 1999. The net loss for 2000 was \$13.9 million compared to a net loss of \$18.4 million in 1999. The results for 2000 include restructuring and severance charges of \$1.2 million. The results for 1999 include a cumulative effect of accounting change of \$0.3 million, restructuring and severance charges of \$0.8 million, \$4.2 million reorganization expenses relating to the write-off of deferred loan costs and financial restructuring.

The Company's performance in 2000 was negatively impacted by driver retention issues and general softening of the Heavy Haul and Secured Materials markets in the latter part of the third quarter and entire fourth quarter of 2000. Additionally, the financial results were primarily affected by increased costs associated with attracting and retaining qualified drivers, lower asset productivity and increased fuel costs.

RECENT DEVELOPMENTS

On October 19, 2000, the Company was notified by CIT Business Credit that an event of default had occurred under the Revolver concerning a change in management restriction as a result of the resignation of the former Chief Executive Officer and Chief Financial Officer of the Company. On October 27, 2000 the Company was notified by CIT Business Credit that an event of default had occurred under the revolver concerning a material adverse effect evidenced by, (a) the Company's current and projected future negative earnings and cash flow, (b) the change in management discussed in notice of default on October 19, 2000, (c) the increase in fuel cost to the Company and (d) a proposed approximate 60% increase in insurance premiums to the Company.

On November 8, 2000, the Company executed a forbearance agreement that modified certain terms of the Revolver, including a forbearance reserve on collateral availability and default interest rates of 2.0% above Prime.

Edgar Filing: TRISM INC /DE/ - Form NT 10-K

On November 30, 2001 the Company negotiated the first amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until January 10, 2001. On January 10, 2001 the Company negotiated the second amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until January 31, 2001. On January 31, 2001 the Company negotiated the third amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until February 28, 2001. On February 28, 2001 the Company negotiated the fourth amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until March 14, 2001. On March 14, 2001 the Company negotiated the fifth amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until March 30, 2001. On March 30, 2001 the Company negotiated the sixth amendment to the forbearance agreement with CIT Business Credit, extending the Company's Revolver until April 13, 2001. The Company has agreed, during the period of forbearance, not to pay the interest due on its outstanding Senior Subordinated Notes Due 2005. Under the terms of the Notes, the Company has a thirty-day grace period on its interest payment due March 15, 2001.
