PERFORMANCE TECHNOLOGIES, INCORPORATED

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 21, 2009

The Annual Meeting of Stockholders of PERFORMANCE TECHNOLOGIES, INCORPORATED will be held at our headquarters located at 205 Indigo Creek Drive, Rochester, New York 14626, on Thursday, May 21, 2009 at 10:00 a.m., New York time, for the following purposes, which are more fully described in the accompanying Proxy Statement:

1. To elect two Class III directors to our Board of Directors each to hold office until our 2012 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified.
2. To consider and act upon a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.
3. To transact such other business as may properly come before the Annual Meeting or any adjournments thereof.

Stockholders of record at the close of business on March 23, 2009 are entitled to notice of and to vote at the Annual Meeting.

Your vote is important. Whether or not you plan to attend the Annual Meeting, please promptly vote by the Internet, by telephone or by completing and returning the enclosed proxy card. Voting early will help avoid additional solicitation costs and will not prevent you from voting in person at the Annual Meeting if you wish to do so.

PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is solicited on behalf of the Board of Directors of PERFORMANCE TECHNOLOGIES, INCORPORATED (the Company, we, us, our) to be used at our Annual Meeting of Stockholders, which will be held at our principal executive office, 205 Indigo Creek Drive, Rochester, New York 14626, at 10:00 a.m., New York time, on Thursday, May 21, 2009 (the Meeting), and at any adjournments thereof. This proxy statement, the accompanying form of proxy, and our 2008 annual report to stockholders are first being mailed to our stockholders on or about April 20, 2009.

The proxy, when properly executed and received by our Secretary prior to the Meeting, will be voted as therein specified unless revoked by filing a written revocation or a duly executed proxy bearing a later date with our Secretary prior to the Meeting. A stockholder of record may also revoke a proxy in person at the Meeting. Unless authority to vote for one or more of the director nominees is specifically withheld, a signed proxy will be voted FOR the election of the director nominees named herein and, unless otherwise indicated, FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

The full cost of soliciting proxies will be borne by the Company. In addition to solicitation by use of the mails, directors, officers or our regular employees, without extra compensation, may solicit proxies personally, by telephone, e-mail or facsimile transmission. We requested persons holding stock for others in their names or in the names of nominees to forward soliciting material to the beneficial owners of such shares and will, if requested, reimburse such persons for their reasonable expenses in so doing.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on May 21, 2009

As required by rules adopted by the Securities and Exchange Commission, we are making this proxy statement, form of proxy and 2008 annual report to stockholders available to you on the internet at www.pt.com.

VOTES REQUIRED

Stockholders may vote by mail, telephone or the Internet. For some stockholders, information regarding telephone and Internet voting is included in the proxy card instructions. Our total outstanding shares of capital stock as of March 23, 2009, the record date for the Meeting (the Record Date), consisted of 11,116,397 shares of Common Stock, par value \$.01 per share (the Common Stock). Only holders of record of Common Stock on the books of the Company at the close of business on the Record Date are entitled to notice of and to vote at the Meeting and at any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share of Common Stock registered in the holder's name. A majority of the outstanding shares of Common Stock, represented in person or by proxy at the Meeting, will constitute a quorum for the transaction of all business, as provided in the Company's by-laws.

Pursuant to the provisions of the Delaware General Corporation Law, directors shall be elected by a plurality of the votes cast by the holders of shares of our Common Stock present in person or represented by proxy at the Meeting and entitled to vote at the Meeting. Because directors are elected by a plurality of the votes cast, withholding authority to vote with respect to one or more nominees will have no effect on the outcome of the election, although such shares would be counted as present for purposes of determining the existence of a quorum. Provided each nominee receives at least one vote in favor of his election, abstentions will have no effect on the election of directors.

The affirmative vote of a majority of the shares present or represented by proxy at the Meeting and entitled to vote at the Meeting is required to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009. Abstentions are treated as shares present and voting, so abstaining has the same effect as a negative vote.

table of contents

A broker non-vote occurs when a broker cannot vote on a matter because the broker has not received instructions from the beneficial owner and lacks discretionary voting authority with respect to that matter. We do not expect that brokers will lack discretionary authority to vote on either of the proposals to be considered at the Meeting. If, however, there are broker non-votes, we will treat them as present to determine whether we have a quorum at the Meeting; however, they will not be treated as entitled to vote on the proposals for which the broker indicates it does not have discretionary authority. This means that broker non-votes will not have any effect on whether any proposal passes.

CORPORATE GOVERNANCE

Overview

The Company has a history of good corporate governance practices, which have aided our long-term success. The Board of Directors (the Board) and management have recognized for many years the need for sound corporate governance practices in fulfilling their respective duties and responsibilities to our stockholders.

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and committee meetings by the chairman and other officers. The Board has three standing committees, the principal responsibilities of which are described below.

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire. The questionnaire requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. The Board is charged with addressing any conflict of interest involving the chairman, the chief executive officer, the chief financial officer, or any elected officer of the Company.

Director Independence

Each year, the Board affirmatively determines the independence of each director and nominee for election as a director as required by the Nasdaq Listing Standards.

Based on these standards, the Board affirmatively determined that each of the following non-employee directors is independent and has no relationship with the Company, except as a director and stockholder of the Company:

- | | |
|--------------------------|-----------------------|
| (1) Dennis C. Connors | (4) E. Mark Rajkowski |
| (2) Charles E. Maginness | (5) Robert L. Tillman |
| (3) Stuart B. Meisenzahl | |

In addition, based on such standards, the Board affirmatively determined that John M. Slusser is not independent because he is the chairman, president and chief executive officer of the Company.

Nominations of Directors

Identifying Candidates

The Nominating Committee has a written charter available in the Investors section of our website at www.pt.com, which specifically sets forth the duties of the Nominating Committee. The Nominating Committee is responsible for identifying and screening potential director candidates and recommending qualified candidates to the Board for nomination. The Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. In addition, the Nominating Committee considers recommendations of potential candidates from current directors, management and stockholders. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth herein, based on whether the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board may do so by delivering a written recommendation to the attention of the Nominating Committee at the address set forth on the cover of this proxy statement. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our Common Stock. In addition, any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

table of contents

Qualifications

The Nominating Committee has not established specific minimum age, education, years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership.

The Board has developed criteria which are designed to identify qualities and characteristics desired for the Board as a whole. The Nominating Committee believes that director candidates should have certain minimum qualifications including the ability to read and understand basic financial statements and that each should possess the highest standards of personal integrity, ethics and values.

The Nominating Committee also considers such factors as:

Relevant expertise to offer advice and guidance to management;

Sufficient time to devote to our affairs;

Excellence in his or her field;

Significant appropriate senior management and leadership experience;

A long-term and strategic perspective;

Consistent exercise of sound and objective business judgment;

Ability to advance constructive debate and a global perspective; and

Commitment to support the long-term interests of our stockholders.

Further, it is important for the Board, as a whole, to operate in an atmosphere that is collegial, professional and respectful.

Candidate Selection Process

New candidates for director nominees are reviewed in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. In conducting this assessment, the Nominating Committee considers diversity, maturity, skills and such other factors as it deems appropriate given our current needs and the needs of our Board to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews such directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Nominating Committee also determines whether the nominee is independent, which determination is based upon applicable Nasdaq Listing Standards, applicable rules and regulations of the United States Securities and Exchange Commission (the "SEC"), and the advice of counsel, if necessary. The Nominating Committee conducts inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board.

Regardless of how a candidate is brought to the Nominating Committee's attention, qualified candidates are asked to conduct one or more personal interviews with members of the Board. Chosen candidates are extended invitations to

join the Board. If a candidate accepts, he or she is formally nominated.

Communications with the Board

Stockholders and other interested parties may communicate with one or more members of the Board or the non-management directors as a group in writing by regular mail. The following address may be used by those who wish to send such communications:

[Board of Directors] or [Name of Individual Director(s)]

Performance Technologies, Incorporated

c/o Secretary

The Board has instructed the Secretary to review all communications so received and to exercise his discretion not to forward to the Board correspondence that is inappropriate, such as business solicitations, frivolous communications and advertising, and routine business matters (i.e. business inquiries, complaints, or suggestions). However, any director may, at any time, request the Secretary to forward any and all communications received by the Secretary but not previously forwarded to the directors.

In addition, it is the Company's policy that the Company's directors should attend the Annual Meeting of the Stockholders.

Code of Business Conduct and Ethics

The Company's Code of Business Conduct and Ethics (the Code) applies to all directors, officers and employees or associates of the Company and its subsidiary companies. It is intended to promote the highest standards of honesty and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, full and understandable disclosure in reports and documents filed with the SEC, compliance with applicable governmental rules and regulations, the prompt reporting of violations of the Code to an appropriate person or persons identified in the Code, and accountability for adherence to the Code. The Code complies with the requirements of Item 406 of the SEC's Regulation S-K.

The Board has established a means for employees, customers, suppliers, stockholders and other interested parties to submit confidential and anonymous reports of suspected or actual violations of the Company's Code of Business Conduct and Ethics.

Any employee, stockholder or other interested party can send an email to auditcommittee@pt.com to submit a report of suspected or actual violations of the Company's Code of Business Conduct and Ethics. In addition, communications can be sent to the Chairman of our Audit Committee at:

Mr. E. Mark Rajkowski

The Company's Code of Business Conduct and Ethics is available on our website at www.pt.com in the Investors section.

MEETINGS AND COMMITTEES OF THE BOARD

The Board

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his duties and to attend all Board, committee and stockholders' meetings. Our Board held seven meetings during 2008, of which four were regularly scheduled meetings and three were held to address particular matters. All of the directors attended at least 75 percent of the Board and committee meetings that required their attendance. As required by the Nasdaq Listing Standards, it is the policy of the Board that the independent members of the Board meet regularly in executive

(private) sessions at which only independent directors are present. The independent directors select from among their number a single director to serve as the presiding director during their executive sessions. The Board met in executive session during each regularly-scheduled board meeting during 2008. We believe that it is important for our directors to attend the Annual Meeting of Stockholders and expect them to do so each year, barring unforeseen circumstances. All of our directors attended the 2008 Annual Meeting of Stockholders.

Committees of the Board

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The committees are currently the Audit Committee, the Nominating Committee and the Compensation Committee. In accordance with the Nasdaq Listing Standards, all the committees are comprised solely of non-employee, independent directors. The table below shows current membership for each of the Board committees:

Audit Committee	Nominating Committee	Compensation Committee
Dennis C. Connors	Dennis C. Connors	Charles E. Maginness*
Stuart B. Meisenzahl	Charles E. Maginness	Stuart B. Meisenzahl
E. Mark Rajkowski*	Robert L. Tillman*	Robert L. Tillman

* Committee Chairperson

table of contents

In addition to the three standing committees mentioned above, the Board convened a special Strategic Planning Committee to provide input and advice to senior management with respect to the strategic direction of the Company. This committee is comprised of Dennis C. Connors, Charles E. Maginness, John M. Slusser and Robert L. Tillman, all of whom (with the exception of Mr. Slusser) are independent directors. This special committee met six times during 2008.

Audit Committee

The Audit Committee has three members and met eight times during 2008. The Audit Committee is responsible for reviewing our financial reporting procedures and attending to related matters, as discussed in the Audit Committee's charter. The written charter for the Audit Committee, which was adopted by the Board, more specifically sets forth the duties of the Audit Committee and is available in the Investors section of our website at www.pt.com. All of the members of the Audit Committee are financially literate and qualify as being independent under the Nasdaq Listing Standards and applicable SEC rules. In addition, the Board has determined that Mr. Rajkowski qualifies as an audit committee financial expert under applicable SEC rules.

The Audit Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Establish policies and procedures for, review and approve the appointment, compensation and termination of, the independent registered public accounting firm;
- Review with the independent registered public accounting firm and financial management of the Company and approve the scope of the audit;
- Perform other functions or duties deemed appropriate by the Board.
- Pre-approve all audit and permissible non-audit fees;
- Hold meetings periodically with the independent registered public accounting firm, the Board and management to review and monitor the adequacy and effectiveness of reporting, internal controls and compliance with Company policies;
- Review consolidated financial statements and disclosures;
- Review with management and the registered independent public accounting firm and approve disclosure controls and procedures and accounting principles and practices; and
- Perform other functions or duties deemed appropriate by the Board.

Nominating Committee

The Nominating Committee has three members and did not meet during 2008. The director nominees were nominated for re-election by the full Board. The Committee is comprised solely of non-employee directors, all of whom the Board has determined are independent pursuant to the Nasdaq Listing Standards. The Board has adopted a charter for the Nominating Committee, which is available in the Investors section of our website at www.pt.com.

The Nominating Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Develop qualifications/criteria for selecting and evaluating director nominees and evaluating current directors;
- Consider and propose director nominees for election at the Annual Meeting of Stockholders;
- Select candidates to fill Board vacancies as they may occur;
- Make recommendations to the Board regarding Board committee memberships;
- Consider the independence of each director and nominee for director; and
- Perform other functions or duties deemed appropriate by the Board.

Compensation Committee

The Compensation Committee has three members and met twice during 2008. The Compensation Committee is comprised solely of non-employee directors, all of whom the Board has determined are independent pursuant to the Nasdaq Listing Standards. The Board has adopted a charter for the Compensation Committee, which is available in the Investors section of our website at www.pt.com.

table of contents

The Compensation Committee's responsibilities, which are set forth in detail in its charter, include the following:

- Establish the base salary, incentive compensation and any other compensation for the Company's president and chief executive officer, review the chief executive officer's recommendations for the compensation of certain executive officers reporting to him, and set and approve such compensation;
- Monitor the Company's management incentive and stock-based compensation plans and discharge the duties imposed on the Committee by the terms of those plans; and
- Perform other functions or duties deemed appropriate by the Board.

Compensation decisions for the executive officers of the Company and the Company's directors are made by the Compensation Committee. Periodically, the Compensation Committee has engaged outside executive compensation consultants to assist in evaluating the components of the executive compensation program, although no such firm was engaged during 2008. The competitive analysis developed by these firms has been helpful in constructing the compensation package for the chief executive officer and the other executive officers.

The Compensation Committee's chairman reports the Committee's recommendations on executive compensation to the Board. The Compensation Committee has authority under its charter to retain, approve fees for and terminate advisors and consultants as it deems necessary to assist in the fulfillment of its responsibilities.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1 million paid in any taxable year to our chief executive officer and certain other highly compensated executive officers. However, certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically when authorizing compensation payments that may be subject to the limit. Although currently the compensation payments made by the Company do not exceed the deduction limit in Section 162(m), the Compensation Committee has the discretion to consider such payments that it deems to be appropriate and in the best interests of the Company and its stockholders after taking into consideration changing business conditions and the performance of its employees.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised entirely of independent directors.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board currently consists of six members: John M. Slusser, Dennis C. Connors, Charles E. Maginness, Stuart B. Meisenzahl, E. Mark Rajkowski, and Robert L. Tillman. The Board is divided into three equal classes with staggered terms. At this year's Annual Meeting, proxies will be solicited to re-elect Dennis C. Connors and Robert L. Tillman as Class III directors to serve until the 2012 annual meeting or until their successors are elected and qualified. Each of these nominees has agreed to serve as a director if elected. Proxies may not be voted for more than two Class III directors. After the election at the Annual Meeting, we will have directors in each of our three classes, a majority of whom will be independent under the Nasdaq Listing Standards. The terms of our directors are staggered so that only one class is elected at each annual meeting of stockholders.

Our Board recommends the election of the two nominees named below, each of whom is currently a director. Our Board does not contemplate that any of the nominees will be unable to serve as a director, but if this should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, shall determine.

Information about the Directors

The following table sets forth certain information with respect to the two directors who are nominated for re-election as Class III directors at the Meeting for a three-year term expiring in 2012.

PROPOSED FOR ELECTION AS CLASS III DIRECTORS AT THE 2009 ANNUAL MEETING OF STOCKHOLDERS FOR A THREE-YEAR TERM EXPIRING IN 2012

Names and Background of Class III director nominees:	Director Since
<i>Dennis C. Connors</i> , age 54, has been an advisor to senior management of a number of private equity and public companies since 2005. Mr. Connors served from 2003-2004 as executive vice	2007

president of worldwide operations for 3Com, and served from 2002-2003 as president of CommWorks, a 3Com subsidiary which provided both wireless and wireline solutions to service providers worldwide. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (the Committee) of the Board has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to its executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to its executive officers are similar to those provided to other executive officers in a peer group of publicly traded technology companies.

Throughout this proxy statement, the individuals who served as the Company's chief executive officer and chief financial officer during 2008, as well as the other individuals included in the Summary Compensation Table on page 16, are referred to as the Named Executive Officers.

Compensation Philosophy and Objectives

Each year, the Company establishes a plan with certain goals and objectives for the fiscal year that includes revenue, earnings per share and other long-term strategic goals to be accomplished. The Company's executive compensation program is designed to reward the achievement of these specific annual goals and to align our executives' interests with those of the stockholders. In order to attract and retain executive officers, a company must offer compensation which is competitive with its peers. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives in peer companies. To that end, the Committee believes executive compensation packages provided by the Company to its Named Executive Officers should include both cash and stock-based compensation (the Compensation Elements) that reward performance as measured against established goals. When possible, the Company endeavors to use similar policies and compensation mechanisms for all its management employees.

Role of Executive Officers in Compensation Decisions

The Committee makes all decisions related to the compensation of the Named Executive Officers. The chief executive officer annually reviews the performance of each Named Executive Officer other than himself and provides recommendations to the Committee with respect to base salary and long-term incentive award compensation. The conclusions reached and recommendations in connection with these reviews are presented to the Committee for its consideration. The Committee can exercise its discretion in modifying any recommended adjustments or awards to Named Executive Officers.

Setting Executive Compensation

Based on the foregoing objectives, the Committee has structured the Company's long-term incentive awards to motivate executives to achieve both the short and long-term business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the Committee periodically has engaged outside executive compensation consultants to conduct a review of its total compensation program for the chief executive officer as well as for other key executives. Executive compensation consultants provide the Committee with relevant market data to consider when making compensation decisions for the chief executive officer and other executive officers.

In making compensation decisions, the Committee compares each compensation element and total compensation

against a peer group of publicly-traded, technology companies with revenues generally between \$35 million and \$100 million (collectively, the Compensation Peer Group). The Compensation Peer Group consists of companies which the Committee believes can employ similarly situated executives. The companies comprising the Compensation Peer Group are:

Airspan Networks Inc.
Communications
Systems, Inc.
Dataram Corporation
Ditech Networks, Inc.
Endwave Corporation

Interphase Corporation
Network Engines, Inc.
LiveWire Mobile, Inc.
Veraz Networks, Inc.
Xeta Technologies, Inc.

table of contents

The Committee's overall compensation objective is to target the total compensation of the Company's Named Executive Officers at the midpoint of the Compensation Peer Group which the Committee believes will allow the Company to achieve a competitive position amongst its peers in the attraction and retention of executive officers. As such, the Committee generally targets cash compensation for Named Executive Officers in the second quartile of compensation paid to similarly situated executives, provided, however, that variations to this objective may occur as dictated by several factors including the experience level of the individual, market data, individual and corporate performance, the general and industry-specific business environment, as well as the roles and responsibilities of each executive officer. Data provided by compensation consultants and our experience in hiring a new Chief Executive Officer during 2006 indicated that the then-current total compensation of our Named Executive Officers had historically fallen behind and below this target level. Since then, it has been the Committee's stated goal to increase the total compensation of our Named Executive Officers, over time and as the financial performance of the Company permits, to the midpoint of the Compensation Peer Group. During the two most recent fiscal years, progress toward meeting this goal has been complicated by changes in the business caused by weakness in the Telecom industry, restructuring of the Company's business related to this economic weakness and the initiation of a new sales and marketing program which requires a significant investment of resources.

There is no pre-established policy or target for the allocation between base salary and long-term incentive compensation. Rather, the Committee utilizes the information provided by executive compensation consultants to determine the appropriate level and mix of incentive compensation. Each year, the objective is that the base salary and long-term incentive compensation allocation for each individual should be competitive with those individuals holding the same or similar roles and responsibilities within the Compensation Peer Group. Income from such incentive compensation is realized as a result of the performance of the Company or the individual, depending on the type of award, compared to established goals. In 2008, with respect to the aggregate of salary and long-term incentives for the Named Executive Officers, salary accounted for approximately 85% of this total while long-term incentives accounted for approximately 15% of this total.

2008 Executive Compensation Components

For the year ended December 31, 2008, the principal components of compensation for Named Executive Officers were as follows:

- Base Salary;
- Annual Short-Term Incentive Award; and
- Long-term Incentive Award Compensation.

Base Salary

The Company provides Named Executive Officers and other employees with base salary to compensate them for services rendered during the year. The Committee's goal is to target the base salaries of the Named Executive Officers in the second quartile of the Compensation Peer Group, which the Committee believes is necessary to attract and retain executive officers. The Committee generally determines the base salary amounts on an annual basis. The Committee does not use a specific performance formula or a weighting of factors in determining base salary. Instead, base salary ranges for Named Executive Officers are determined for each executive based on their position and responsibility by using market data.

During its review of base salaries for executives, and its determination of based salaries going forward, the Committee primarily considers:

Market data provided by outside consultants;
Internal review of the executive's compensation, both individually and relative to other officers;
Individual performance of the executive and contributions to the business;
and Overall financial performance of the Company.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit-based increases to salaries of Named Executive Officers are based on the assessment of the individual's performance.

For 2008, base salaries for the chief executive officer and other Named Executive Officers were generally below the mid-point of the Compensation Peer Group data and became effective as of April 14, 2008. Base salaries for the Named Executive Officers for the year ended December 31, 2008 are included in the third column of the Summary Compensation Table on page 16.

For 2008, the base salary of the chief executive officer was adjusted to \$330,000 in April 2008.

table of contents

For 2008, Mr. Rice received, as part of his base salary, commissions in the amount of \$62,318 based on the sales of Signaling products during the year.

The Company's forecasted financial performance for 2008 allowed the Compensation Committee to make some progress in achieving its goal of setting base salaries at the midpoint of the Compensation Peer Group. The Committee expects, over time, to increase base salaries to the midpoint of the Compensation Peer Group provided that increases to meet this goal can be justified by the Company's actual future financial performance.

Annual Short-Term Incentive Award Compensation

In June 2008, a Short-Term Incentive Award Compensation Plan was established that provided for a Cash Incentive Pool if certain milestones related to total 2008 financial performance were achieved. Any specific Cash Incentive Pool allocation or distribution would be determined by the Compensation Committee of the Board. A Non-Equity Incentive Compensation Plan was also established for Mr. Rice to receive Non-Equity Incentive Compensation based on the Company's Signaling Systems Product Line revenue for 2008. Mr. Rice was not to participate in the Short-Term Incentive Award Pool for 2008. The Company did not achieve the minimum financial performance metrics for 2008; as such, no Short-Term Incentive Plan awards were earned under this plan.

Long-Term Incentive Award Compensation

The Long-Term Incentive Awards Program, which is generally stock option-based compensation, is designed to align executive compensation with stockholder return, motivate and reward individual performance, and to attract and retain talented executive officers.

The Long-Term Incentive Awards Program assists the Company to:

- Enhance the link between the creation of stockholder value and long-term executive incentive compensation;
- Provide an opportunity for increased equity ownership by executives; and
- Maintain competitive levels of total compensation.

In 2008, the Committee provided a pool of stock options approximating 3% of the total Common Stock outstanding to be awarded as stock option grants to the Named Executive Officers and key employees. The Committee's target number of stock options awarded reflects the projected performance of the Company as well as the impact of stock option grants on the Company's earnings per share. Data provided by compensation consultants indicates that this target generally places the long-term incentive award compensation of the Named Executive Officers below the midpoint of the Compensation Peer Group. The Company's forecasted financial performance for 2008 did not allow the Compensation Committee to make any meaningful progress in achieving its goal of granting stock options at the midpoint of the Compensation Peer Group.

Stock option awards vary among participants based on their positions within the Company with consideration by the Committee of total historical grants to each of the Named Executive Officers. The Committee has not adopted a set formula for the determination of the long-term incentive awards to executive officers. Instead, each executive officer (and other management employees) receives awards at the Committee's discretion based on various considerations, including the employee's base salary, years of service, their relative contribution, performance and responsibility within the Company, the fair value of the Company's stock and the Company's overall performance. These factors, along with benchmarking of the Compensation Peer Group, are reviewed by the Committee when determining or recommending the awards for executive officers. The Compensation Committee meets annually to determine equity

incentive awards, if any, for each Named Executive Officer.

Stock options are awarded at the closing price of the Company's Common Stock on the Nasdaq Global Market on the date of the grant. The Company does not grant options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date, nor does it grant options which are priced on a date other than the grant date.

Stock options granted to the Named Executive Officers by the Committee may contain various vesting provisions, including incentive accelerated or contingent vesting. In the event of a change in control of the Company, the stock options granted to the Named Executive Officers prior to 2007, and the stock options awarded in 2007 and 2008 to Mr. Slusser and Mr. Lamb become fully vested and exercisable. Vesting ceases upon termination of employment and exercise rights cease thirty days after termination of employment, except in the case of death, disability or retirement, in which case the exercise right ceases in one year. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights.

table of contents

Stock options granted to the Named Executive Officers have vesting provisions as follows: For 2008, approximately 60% of the stock options granted to Named Executive Officers and options granted to key employees vest over a three-year period (20% after one year, 50% after two years and 100% after three years) and have a five-year option term. The remaining 40% of the stock options granted to Named Executive Officers contingently vest 100% only upon the Company's achievement of pre-tax earnings per share in any of the years 2008, 2009 or 2010 of \$.69 per share or greater. The Company did not achieve this earnings per share target for 2008; therefore, that portion of the stock options continues to remain unvested and unexercised. For 2007, 50% of the stock options granted to Named Executive Officers and options granted to key employees vest over a three-year period (20% after one year, 50% after two years and 100% after three years) and have a five-year option term. 50% of the stock options granted to Named Executive Officers contingently vest 100% only upon the Company's achievement of earnings per share in any of the years 2007, 2008 or 2009 of \$.40 per share or greater. The Company did not achieve this earnings per share target for 2007 or 2008; therefore, that portion of the stock options continues to remain unvested and unexercised.

Total stock options granted to all employees in 2008 amounted to 348,250 stock options of which 259,250 stock options were granted to Named Executive Officers.

The compensation cost recognized in 2008 and 2007 for stock option awards and previous awards is included in the sixth column of the Summary Compensation Table on page 16.

Retirement and Other Benefits

Savings Plan:

All employees in the United States are eligible to participate in the Performance Technologies Incorporated Retirement Savings Plan (Savings Plan).

The Savings Plan is a tax-qualified retirement savings plan pursuant to which all U.S.-based employees, including the Named Executive Officers, are able to contribute up to the lesser of 25% of their annual salary or the limit prescribed by the Internal Revenue Service on a before-tax basis. The Company may elect to match a percentage of the employees pay that is contributed to the Savings Plan. The Savings Plan contains vesting for matching contributions from the Company, pursuant to which employees vest 20% per year for their first five years of service with the Company. All employee contributions to the Savings Plan are fully vested upon contribution.

For 2008, the Company matched 25% of the first 4% of pay that was contributed by an employee to the Savings Plan. Company contributions to the Savings Plan for the Named Executive Officers for the year ended December 31, 2008, are included in the sixth column of the Summary Compensation Table on page 16. Effective April 1, 2009, the Company has suspended its Savings Plan matching contribution in an effort to reduce 2009 costs. The match may be reinstated when business conditions improve.

Medical Benefits and Flex Plan:

All employees in the United States are eligible to participate in the Company's Medical benefits and Flex Options Plan (Flex Plan). The Flex Plan provides employees with an annual benefit allowance to choose a variety of medical benefit options including comprehensive medical insurance, dental insurance and flexible spending accounts. Any unused benefit allowance can be contributed to the Savings Plan.

Perquisites and Other Personal Benefits:

The Company provides the Named Executive Officers with certain perquisites and other personal benefits that the Company and the Committee believe are consistent with its overall compensation program to better enable the Company to attract and retain employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the Named Executive Officers.

Certain of the Named Executive Officers are provided an automobile allowance for the use of their personal automobiles. Upon relocation, Named Executive Officers may receive, at the discretion of the Compensation Committee, a relocation allowance to reimburse up to an aggregate amount in relocation and moving expenses actually incurred, as well as additional reimbursement for temporary housing and travel expenses. During 2008, no such relocation expenses were incurred.

table of contents

Employment Contracts

The Company has not entered into any employment agreements with any of the Named Executive Officers.

Potential Payments upon Termination

The Committee views severance protection for executive officers as a necessary part of compensation to remain competitive in the market. The Named Executive Officers and certain other key executives are eligible for certain benefits in the event their employment is terminated without cause. These benefits are:

Subject to our regular payroll policies and practices, the continuation of salary, automobile, and health insurance benefits for six months after the date the executive employee's employment ends;

Accelerated vesting of all outstanding stock options that would have vested within one year from the date of termination; and

The payment of any earned but unpaid bonus for the prior year.

The Board has determined that "cause" means (i) continually and willfully failing to perform the lawful responsibilities assigned to the executive employee; (ii) engaging in conduct that is demonstrably and materially harmful to the Company, including, but not limited to, engaging in inappropriate conduct toward other personnel or customers of the Company, being under the influence of alcohol or non-prescription drugs while at work, failing to comply with the provisions of a confidentiality agreement; (iii) misappropriating the Company's property; (iv) being convicted of a felony or other crimes of moral turpitude; or (v) mishandling material, nonpublic information.

2009 Executive Compensation

For the year ending December 31, 2009, the principal components of compensation for Named Executive Officers are as follows:

Base Salary;

Annual Short-Term Incentive Award; and

Long-term Incentive Award Compensation.

Base Salary and Annual Short-Term Incentive Award

As part of the Company's overall expense management given the challenging current economic conditions, the Chief Executive Officer recommended to the Compensation Committee that there be a freeze on executive management salaries for 2009. In its March 2009 committee meeting, the Compensation Committee accepted this recommendation. In addition, due to the Company's projected financial performance, the Committee did not establish an Annual Short-Term Incentive Award Program for 2009.

Long-Term Incentive Award Compensation

At its March 2009 meeting, the Compensation Committee approved the award of time-vested non-qualified stock options to purchase common shares under the Registrant's 2003 Omnibus Incentive Plan to its executive officers and certain key employees, including grants to the Company's Named Executive Officers. The options, which totaled

225,000 shares (of which 200,000 were granted to the Company's Named Executive Officers) were granted at an exercise price of \$2.59 and will vest in accordance with the following vesting schedule: 20% upon the first anniversary of the grant date, an additional 30% upon the second anniversary of the grant date and an additional 50% upon the third anniversary of the grant date. All of the options expire five years from the date of grant.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Compensation Committee:

[table of contents](#)**2008 SUMMARY COMPENSATION TABLE**

The table below summarizes the total compensation paid or earned by each of the Named Executive Officers for the years ended December 31, 2008 and 2007. The Company has not entered into any employment agreements with any of the Named Executive Officers. When setting total compensation for each of the Named Executive Officers, the Committee reviews compensation schedules which show the executive's current compensation, including equity and non-equity based compensation. No payments were earned under the Annual Short-Term Incentive Award Program in 2008 and the Board did not approve an Annual Short-Term Incentive Award Program for the year ended December 31, 2007. In 2008, combining salary and long-term incentives (the value of which was calculated using the Black Scholes option pricing model) of the Named Executive Officers, salary accounted for approximately 84% of this total while long-term incentives accounted for approximately 16% of this total.
