EXPLANATORY NOTE: DEREGISTRATION OF SECURITIES

This Post-Effective Amendment No. 2 is being filed by Patient Infosystems, Inc. (the Registrant) to deregister (i) the issuance of all remaining unsold shares of the Registrant's Common Stock, par value \$.01 per share (the Registrant's Common Stock) under the Patient Infosystems, Inc. Stock Option Plan (the Plan), and (ii) the resale of up to 50,000 shares of the Registrant's Common Stock issued upon exercise of a warrant (the Warrant), that had been registered on the Registrant's Registration Statement on Form S-8 filed with the Securities and Exchange Commission (the Commission) on October 8, 2004 (Registration No. 333-119642) and amended by Post-Effective Amendment No. 1 to Registration Statement on Form S-8 filed with the Commission on November 5, 2004 (the Registration Statement).

On January 25, 2006, the Registrant completed the previously announced merger with CCS Consolidated, Inc. (CCS Consolidated), pursuant to which PATY Acquisition Corp., a newly formed wholly-owned subsidiary of the Registrant (Merger Sub) merged with and into CCS Consolidated, with CCS Consolidated emerging as the surviving corporation and as a wholly owned subsidiary of the Registrant (the Merger). Immediately prior to the completion of the Merger, the Registrant issued warrants (the Replacement Warrants) to each of its directors and certain of its executive officers to purchase shares of the Registrant's Common Stock in exchange for each such individual's agreement to terminate all outstanding options to purchase the Registrant's Common Stock then held by such individual. In conjunction with the Merger, the Registrant has determined to cease issuing options under the Plan. Effective upon the completion of the Merger, the Registrant assumed certain outstanding options to purchase shares of CCS Consolidated common stock, which were replaced by options to purchase shares of the Registrant's Common Stock (the Former CCS Options). The Registrant also intends to adopt a new stock option plan (the New Option Plan) in the future, pursuant to which it expects to make additional grants of options to purchase shares of the Registrant's Common Stock.

Because the Registrant has ceased issuing options under the Plan, the exercise prices of all outstanding options under the Stock Option Plan are significantly higher than the market price of the Registrant's Common Stock as of the date hereof and the shares issued upon exercise of the Warrant are now tradable pursuant to Rule 144 under the Securities Act of 1933, as amended, the Registrant desires to deregister the issuance of shares pursuant to the Plan and the resale of the shares issued upon the exercise of the Warrant. The Registrant intends to once again register the issuance of shares upon exercise of outstanding options under the Plan when such exercise is economical. The Registrant also intends to file in the future one or more new Registration Statements on Form S-8 to register the issuance of shares pursuant to the exercise of the Replacement Warrants and the Former CCS Options, as well as the New Option Plan, once adopted.
