## Edgar Filing: ILINC COMMUNICATIONS INC - Form 10-Q/A

("the Company" or "iLinc") has filed this Third Amendment to revise Item 4 which revisions iLinc deems necessary to clarify language used in Item 4 of the Original Filing. Pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended, the complete text of Item 4 as amended is set forth below. Additionally, this Third Amendment includes a certification pursuant to Item 601(b)(31) of Regulation S-K. The remainder of the Original Filing is unchanged and is not reproduced in this Third Amendment. This Third Amendment speaks as of the filing date of the Original Filing and reflects only the changes discussed above. No other information included in the Original Filing, including the Company's financial statements and the footnotes thereto, has been modified or updated in any way. This Third Amendment should be read together with other documents that iLinc has filed with the Securities and Exchange Commission subsequent to the filing of the Original Filing.

### ITEM 4. CONTROLS AND PROCEDURES

On November 12, 2004, the Company's independent registered public accountants orally notified the Company's Audit Committee that they had identified a material weakness regarding the Company's internal controls. The material weakness noted was the lack of sufficient control over the sales order and revenue recognition process. Management of the Company has informed the Audit Committee that it is in the process of changing procedures to correct this weakness. The Company is implementing a new procedure which requires a documented secondary review of all sales orders to assure proper revenue recognition and completeness of customer sales files.

We evaluated the design and operation of our disclosure controls and procedures as of September 30, 2004 to determine whether they are effective in ensuring that we disclose the required information in a timely manner and in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and forms of the Securities and Exchange Commission. Management, including our principal executive officer and principal financial officer, supervised and participated in the evaluation. The principal executive officer and principal financial officer concluded, based on their review, that our disclosure controls and procedures, as defined by Exchange Act Rules 13a-14(c) and 15d-14(c), were not effective as of September 30, 2004.

Our internal controls were modified during the quarter ended September 30, 2004, as outlined below following the previously reported August 11, 2004 notification to the Company's Audit Committee of significant deficiencies in accounting controls related to management oversight and proper segregation of duties in the accounting department:

- o The Company hired a new CFO and a new controller replacing the interim-CFO and replacing the VP of Finance;
- o The Company hired a new A/P clerk and added a dedicated A/R clerk to supplement the accounting staff, further segregating functions to the extent possible in a small organization;
- o The Company restructured the roles of the new controller in combination with a change in the reporting procedures for the A/P clerk and A/R clerk to strengthen the reporting structures and internal control procedures;
- o The Company implemented new sign-off procedures for sales agreements to require multiple party sign-off from both the sales and finance departments; and

Edgar Filing: ILINC COMMUNICATIONS INC - Form 10-Q/A

- o The Company added to its CRM software the ability to gain access to view sales contracts and recorded purchase information in that system as well as the accounting systems.

Except as outlined above, no changes were made during the quarter ended September 30, 2004 to our internal controls over financial reporting that materially affected or were reasonably likely to materially affect internal controls over financial reporting.

SIGNATURE
