For the nine months ended December 31, 2010, the Company expects to report a net loss of approximately \$8.1 million, as compared to a net loss of approximately \$3.2 million for the comparable 2009 period. The increase in expected net loss for the 2010 nine-month period is due primarily to an increase in payroll and related expenses of approximately \$1.4 million resulting primarily from increased stock-based compensation and a net increase in non-operating expenses of approximately \$3.5 million due primarily to a loss of \$3.2 million recorded in connection with debt restructuring transactions and an increase of interest and other debt expenses of \$2.2 million, offset by an increase of approximately \$1.9 million in the gain on change in fair value of derivative liabilities.
