VOTING AT THE ANNUAL MEETING

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Attendance at the Meeting will not, in and of itself, revoke a proxy. Proxies may be revoked by:

- Filing with the Secretary of Telkonet, at or before the taking of the vote at the Meeting, a written notice of revocation dated later than the proxy;
- Voting again at a later date (but prior to the Meeting) on the Internet or by telephone;
- Executing a later dated proxy relating to the same shares of capital stock and delivering it to the Secretary of Telkonet, including by facsimile, before the taking of the vote at the Meeting; or
- Attending the Meeting and voting in person.

Any written revocation or subsequent proxy should be sent so as to be delivered to Telkonet, Inc., 20800 Swenson Drive, Suite 175, Waukesha, WI 53186, Attention: Corporate Secretary, or hand delivered to the Secretary of Telkonet or his representative at or before the taking of the vote at the Meeting.

If the Meeting is postponed or adjourned, proxies given pursuant to this solicitation will be utilized at any subsequent reconvening of the Meeting, except for any proxies that previously have been revoked or withdrawn effectively, and notwithstanding that proxies may have been effectively voted on the same or any other matter previously.

Voting Rights

Only holders of record of our common stock, par value \$0.001 per share (“common stock”), holders of record of our Series A Preferred Stock, par value \$0.001 per share (“Series A Preferred Stock”), and holders of record of our Series B Preferred Stock, par value \$0.001 per share (“Series B Preferred Stock”) at the close of business on April 16, 2015, the record date (the “Record Date”), are entitled to notice of and to vote at the Meeting, and at any postponements or adjournments thereof. Holders of our Series A Preferred Stock and holders of our Series B Preferred Stock will each vote on an as-converted basis together with holders of our common stock as a single class in connection with each of the proposals in this proxy statement. Each share of common stock is entitled to one vote on all matters to be voted upon at the Meeting; each share of Series A Preferred Stock is entitled to 13,774 votes on all matters to be voted upon at the Meeting; and each share of Series B Preferred Stock is entitled to 38,461 votes on all matters to be voted on at the Meeting. At least a majority of our shares outstanding on the Record Date and entitled to vote (counting our Series A Preferred Stock and Series B Preferred Stock each on an as-converted basis, representing an aggregate of 4,663,586 shares of common stock for such purposes) must be represented at the Meeting, either in person or by proxy, in order to constitute a quorum for the transaction of business. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when a nominee holding shares for a beneficial owner does not have discretionary voting power on a matter and has not received instructions from the beneficial owner.

How to Vote; How Proxies Work

Our Board of Directors (the “Board of Directors” or the “Board”) is asking for your proxy. Whether or not you plan to attend the Meeting, we urge you to vote by proxy as you can always change your vote at the Meeting. Please provide your proxy by voting on the Internet or by telephone, or complete, date and sign the enclosed proxy card and return it at your earliest convenience. We will bear the costs incidental to the solicitation and obtaining of proxies, including the costs of reimbursing banks, brokers and other nominees for forwarding proxy materials to beneficial owners of our capital stock. Proxies may be solicited by our officers and employees, without extra compensation, by mail, telephone, facsimile, personal interviews and other methods of communication.

At the Meeting, and at any postponements and adjournments thereof, all shares entitled to vote and represented by properly executed proxies received prior to the Meeting and not revoked will be voted as instructed on those proxies. If no instructions are indicated on a properly executed proxy, the shares will be voted FOR each of the nominees for director, FOR the ratification of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2015, FOR approval of an amendment to our Amended and Restated Articles of Incorporation to effect, in the sole discretion of our Board of Directors, a reverse stock split of our common stock, FOR the non-binding advisory approval of the compensation of our named executive officers, and in the discretion of management on any other matter which may properly come before the Meeting.

Questions and Answers

Q. What am I voting on?

You are voting on four proposals:

Proposal No. 1: For the election of five (5) nominees to our Board of Directors, each to serve until the next Annual Meeting of Stockholders and until his successor has been elected and qualified.

Proposal No. 2: For ratification of the selection of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2015.

Proposal No. 3: For approval of an amendment to our Amended and Restated Articles of Incorporation to effect, in the sole discretion of our Board of Directors, a reverse stock split of our common stock.

Proposal No.4: To provide a non-binding advisory approval of the compensation of our named executive officers.

Q. Who is entitled to vote?

Only holders of record of our common stock and holders of record of our Series A and Series B Preferred Stock at the close of business on April 16, 2015, the Record Date, are entitled to vote shares held by such stockholders on that date at the Meeting.

Q. How do I vote?

Vote By Internet: Visit the website noted on your proxy card to vote via the Internet.

Vote By Telephone: Call the number noted on your proxy card to vote by telephone.

Vote By Mail: Sign and date the proxy card you receive and return it in the enclosed stamped, self-addressed envelope.

Vote in Person: Sign and date the proxy you receive and return it in person at the Meeting. If your shares are held in the name of a bank, broker or other holder of record (i.e., in “street name”), you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Internet voting will be offered to stockholders owning shares through most banks and brokers.

Q. How many votes do I have?

On each matter to be voted upon, each share of common stock is entitled to one vote, each share of Series A Preferred Stock is entitled to 13,774 votes and each share of Series B Preferred Stock is entitled to 38,461 votes.

Q. How many shares were outstanding on the Record Date?

At the close of business on April 16, 2015, the Record Date, there were 129,699,198 shares outstanding (counting our Series A Preferred Stock and our Series B Preferred Stock on an as-converted basis, representing an aggregate of 4,663,586 shares of common stock for such purposes).

Q. What is a “quorum” for purposes of the Meeting?

In order to conduct business at the Meeting, a quorum of stockholders is necessary to hold a valid meeting. Holders of our Series A Preferred Stock and holders of our Series B Preferred Stock will each vote on an as-converted basis together with holders of our common stock as a single class in connection with each of the proposals contained in this proxy statement. At least a majority of our shares outstanding on the Record Date and entitled to vote (counting our Series A Preferred Stock on an as-converted basis and our Series B Preferred Stock on an as-converted basis, representing an aggregate of 4,663,586 shares of common stock for such purposes) must be represented at the Meeting, either in person or by proxy, in order to constitute a quorum for the transaction of business. At the close of business on the Record Date, there were 129,699,198 shares outstanding and entitled to vote (counting our Series A Preferred Stock on an as-converted basis and our Series B Preferred Stock on an as-converted basis, representing an aggregate of 4,663,586 shares of common stock for such purposes) and, accordingly, the presence, in person or by proxy, of at least 64,849,600 shares is necessary to meet the quorum requirement.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the Meeting in person or represented by proxy may adjourn the Meeting to another date.

Q. Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies, including the printing and filing of this proxy statement, the Notice, the proxy card and any additional information furnished to stockholders. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the reasonable out-of-pocket expenses they incur to forward proxy materials to beneficial owners.

Q. What if I return a proxy card but do not make specific choices?

All shares for which a proxy has been properly submitted and not revoked will be voted at the Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted in the discretion of management.

If any other matter is properly presented at the Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Q. Can I access the proxy materials electronically?

This proxy statement, the proxy card, and our Annual Report on Form 10-K for the period ended December 31, 2014 are available on the following website at <http://www.proxyvote.com>.

Q. Can I change my vote or revoke my proxy?

Yes. You may change your vote or revoke your proxy at any time before the proxy is exercised. Proxies may be revoked by:

Filing with the Secretary of Telkonet, at or before the taking of the vote at the Meeting, a written notice of revocation dated later than the proxy;

Voting again at a later date (but prior to the Meeting) on the Internet or by telephone;

Executing a later dated proxy relating to the same shares of capital stock and delivering it to the Secretary of Telkonet, including by facsimile, before the taking of the vote at the Meeting; or

Attending the Meeting and voting in person.

Any written revocation or subsequent proxy should be sent so as to be delivered to Telkonet, Inc., 20800 Swenson Drive, Suite 175, Waukesha, WI 53186, Attention: Corporate Secretary, or hand delivered to the Secretary of Telkonet or his representative at or before the taking of the vote at the Meeting. Attendance at the Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Corporate Secretary before the proxy is exercised or you vote by written ballot at the Meeting.

Q. What is the process for admission to the Meeting?

If you are a record owner of your shares (*i.e.*, your shares are held in your name), you must show government issued identification. Your name will be verified against the stockholder list. If you hold your shares through a bank, broker or trustee, you must also bring a copy of your latest bank or broker statement showing your ownership of your shares as of the Record Date.

Q. How many votes are required to approve matters to be presented?

Each of our Series A Preferred Stock and Series B Preferred Stock is entitled to vote on Proposal Nos. 1, 2, 3 and 4 on an as-converted basis with our common stock as a single class. Each share of common stock is entitled to one vote; each share of Series A Preferred Stock is entitled to 13,774 votes on each of the proposals contained in this proxy statement; and each share of Series B Preferred Stock is entitled to 38,461 votes on each of the proposals contained in this proxy statement. With regard to the election of directors set forth in Proposal No. 1, votes may be cast in favor of a nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be excluded from the vote on this proposal and will have no effect on its outcome. If a quorum is present at the Meeting, the five nominees receiving the greatest number of votes will be elected. Because approval of Proposal No.

2, Proposal No. 3 and Proposal No. 4 require the affirmative vote of a majority of the outstanding stock entitled to vote thereon, abstentions and broker non-votes will have the same effect as a vote "Against" each proposal.

Q. How will my shares held in street name be voted if I do not provide voting instructions?

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters, including the election of directors, proposals related to amend articles of incorporation and proposals relating to executive compensation. Accordingly, if you are a street-name holder and do not provide instructions to your broker on Proposal No. 1, Proposal No. 3 or Proposal No. 4 your broker may not vote your shares on such proposals. Please note that you will NOT be able to vote your shares with respect to the election of directors, the amendment to the Amended and Restated Articles of Incorporation or the non-binding advisory approval of compensation of our named executive officers if you hold your shares in street name and have not provided instructions to your broker; thus we strongly encourage you to submit your voting instruction card and exercise your right to vote as a stockholder.

Q. What are the recommendations of the Board of Directors?

The Board of Directors unanimously recommends that the stockholders vote:

- FOR each of the nominees for director listed in Proposal No. 1;
- FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2015 in Proposal No. 2; and
- FOR approval of an amendment to the Amended and Restated Articles of Incorporation in Proposal No. 3; and
- FOR non-binding advisory approval of the compensation of our Named Executive Officers (as defined below) in Proposal No. 4.

With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by our Board of Directors or, if no recommendation is given, in their own discretion.

PROPOSAL No. 1

ELECTION OF DIRECTORS

Telkonet's bylaws establish the number of directors at not less than three (3) members. Pursuant to the bylaws, the Board of Directors may increase or decrease the number of members of the Board of Directors. The Board of Directors has established the number of directors at five (5). At the Meeting, the shares represented by properly executed proxies, unless otherwise specified, will be voted for the election of the five (5) nominees named herein, each to serve until the next Annual Meeting of Stockholders and until his successor is duly elected and qualified. Proxies cannot be voted for more than five (5) nominees.

If for any reason any nominee is not a candidate when the election occurs (which is not expected), the Board of Directors expects that proxies will be voted for the election of a substitute nominee designated by the Board of Directors. The following information is furnished concerning each nominee for election as a director.

Directors are elected by a plurality of the votes cast by holders of shares of our common stock, our Series A Preferred Stock and our Series B Preferred Stock, voting together as a single class on an as-converted basis, entitled to vote at the Meeting, either in person or by proxy.

THE BOARD OF DIRECTORS RECOMMENDS THAT

WILLIAM H. DAVIS, Chairman of the Board, has served as a director since September 2010. Mr. Davis is Managing Director of Empirical Asset Management, based in Newton, MA. Empirical Asset Management was formed in 2010 to bring to market a set of rules-based investment strategies that eliminate emotional decision-making from the investment process. Prior to Empirical Asset Management, Mr. Davis served as President and CEO of Ze-gen, Inc., a renewable energy company, since he founded the company in 2004. Prior to founding Ze-gen, Mr. Davis's career in business has included launching numerous companies: Database Marketing Corporation in 1986, Holland Mark in 1997, and Cambridge Brand Analytics in 2003. Mr. Davis has extensive board experience, currently serving on the Board of Directors of Boston Harbor Islands National Park and New Bedford Economic Development Council, and was appointed by Massachusetts Governor Deval Patrick to the Board of The Commonwealth Corporation. He also serves on the President's Council for CERES, an organization that advocates for sustainability leadership. Mr. Davis graduated from Connecticut College. We believe Mr. Davis's qualifications to sit on our Board of Directors include his extensive executive leadership and management experience.

TIM S. LEDWICK, Director, has served as a director since April 2012. Mr. Ledwick is currently the Chief Financial Officer of Management Health Solutions, a private equity-backed company that provides software solutions and services to hospitals focused on reducing costs through superior inventory management practices. From 2007 to 2011, Mr. Ledwick provided CFO consulting services to a \$150 million services firm and, in addition, from 2007 to 2008 also acted as special advisor to The Dellacorte Group, a middle market financial advisory firm focused on transactions between \$100 million and \$1 billion. We believe Mr. Ledwick's qualifications to sit on our Board of Directors include his background in public accounting as well as his financial executive experience.

KELLOGG L. WARNER, Director, was appointed as a director effective April 1, 2014. Mr. Warner is currently the President of Deerpath Associates, a business and technology consultancy company. From 2008 to 2010, Mr. Warner served as Deerpath Associates CEO. He has over 30 years of experience in the energy services and electric and gas utility industry, and 15 years as chief executive of major energy consulting and service firms. He is currently leading a national initiative on Conservation Voltage Reduction (CVR) as a utility energy efficiency strategy. Mr. Warner received a Bachelor of Arts from Williams College and a MSCE in Resource Planning from Stanford University. We believe that Mr. Warner's qualifications to serve on our Board of Directors include his background in the energy consulting and service industries as well as his executive management experience.

JEFFREY P. ANDREWS, Director, was appointed as a director effective April 1, 2014. Mr. Andrews is currently a member of the executive leadership team of GSF/KanPak, LLC, a leader in the aseptic processing and packaging food industry. He has 23 years of experience in senior operational and strategic roles, including serving on multiple boards of directors. He earned a Bachelor of Science from Binghamton University and an MBA from Johns Hopkins University. We believe that Mr. Andrews is qualified to serve on our Board of Directors because of his extensive experience with technology businesses and clean energy policy.

JASON L. TIENOR, Director, has served as our President and Chief Executive Officer since December 2007 and, from August 2007 until December 2007, he served as our Chief Operating Officer. In November 2009, he was appointed to our Board of Directors. Mr. Tienor has also served as Chief Executive Officer of EthoStream, LLC, our wholly-owned subsidiary, since March 2007. From 2002 until his employment with us, Mr. Tienor served as Chief Executive Officer of EthoStream, LLC, the company that he co-founded. Mr. Tienor received a bachelor of business administration in management information systems and marketing from the University of Wisconsin – Oshkosh and a masters of business administration with an emphasis on computer science from Marquette University. We believe Mr. Tienor’s qualifications to sit on our Board of Directors include his experience as the founder of our wholly-owned subsidiary, EthoStream, LLC, including the leadership he has provided to the Company, first as Chief Operating Officer and then as President and Chief Executive Officer.

Meetings of the Board and Committees

The Board of Directors held four meetings in 2014. With the exception of Mr. Garland, who resigned April 1, 2014, each member of the Board of Directors attended at least seventy-five percent (75%) of the meetings of the Board of Directors and the committees of which such director was a member. The Company has not established a formal policy requiring director attendance at all Board meetings, but the Company expects each director to attend such meetings, absent unusual circumstances. The Company also expects its directors to make an effort to attend the Annual Meeting of Stockholders (which is usually held the same day as a meeting of the Board of Directors). Each member of the Company’s Board of Directors on the date of the 2014 Annual Meeting of Stockholders attended the meeting.

Code of Ethics

The Board has approved, and the Company has adopted, a Code of Ethics that applies to all directors, officers and employees of the Company. This Code of Ethics was included as an Exhibit to the Company’s Form 10-KSB filed with the Securities and Exchange Commission on March 30, 2004.

Director Independence

The Board of Directors has determined that Messrs. Davis, Ledwick, Warner and Andrews are “independent” under the listing standards of the NYSE MKT (formerly, the NYSE AMEX) (“NYSE MKT”).

Board Leadership Structure and Role in Risk Oversight

William H. Davis currently serves as Chairman of the Board of Directors while Jason L. Tienor serves as our principal executive officer. The Board believes this structure is appropriate at this time because it allows the Company to benefit from the unique experience and skills of each of these individuals. Management of risk is the direct responsibility of the Company’s CEO and the senior leadership team. The Board has oversight responsibility, focusing on the adequacy of the Company’s enterprise risk management and risk mitigation processes.

Communications with the Board of Directors

Stockholders can communicate directly with the Board, with any Committee of the Board, or specified directors by writing to: The Board of Directors of the Company, at the Company’s principal business address or by calling at 414-223-0473. All communications will be reviewed by management and then forwarded to the appropriate director, directors, committee or to the full Board of Directors.

Committees of the Board of Directors

The Board has an Audit Committee, a Compensation Committee and a Strategic Planning Committee, but the Board does not presently have a nominating committee because the Board has concluded that a nominating committee is unnecessary due to the nomination procedures in effect as described below.

Director Nominations

Due to its small size, the Board does not maintain a standing nominating committee. Nominees for election as directors are considered and nominated by a majority of the Company's independent directors in accordance with the NYSE AMEX listing standards. "Independence" for these purposes is determined in accordance with Section 803A of the NYSE MKT Rules. Since the Company does not maintain a standing nominating committee, it has not adopted a formal nominating committee charter.

Our Board is a collection of individuals with a variety of complimentary skills derived from their diverse backgrounds and experiences. When considering potential candidates for election to the Company's Board of Directors, the independent directors evaluate various criteria, including, but not limited to, each candidate's business and professional skills, experience serving as management or on the board of directors of companies similar to the Company, financial literacy and personal integrity in judgment. The Company does not have a specific policy regarding diversity and believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experiences, knowledge, attributes and abilities that will allow the Board to fulfill its responsibilities. Candidates for vacant board seats will be considered if they are able to read and understand fundamental financial statements, have no identified conflicts of interest, have not been convicted in a criminal proceeding other than traffic violations during the ten years before the date of selection and are willing to comply with the Company's Code of Ethics. One or more directors must have the requisite financial expertise to qualify as an "audit committee financial expert" as defined by Item 407 of Regulation S-K promulgated under the Securities Exchange Act of 1934. The independent directors reserve the right to modify these minimum qualifications from time to time.

The independent directors review the qualifications and backgrounds of the directors, as well as the overall composition of the Board, from time to time without assigning specific weights to particular experiences or qualifications. In addition, the independent directors consider whether the Board as a whole possesses the right skills and background to address the issues facing our Company at that time. In the case of any candidate for a vacant Board seat, the independent directors will consider whether such candidate meets the applicable independence standards and the level of the candidate's financial expertise. Any new candidates will be interviewed by the independent directors, and the full Board will approve the final nominations. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors.

Stockholders may nominate director candidates for consideration by the Board of Directors by directing the recommendation in writing to the Company, attention Corporate Secretary, 20800 Swenson Drive, Suite 175, Waukesha, WI 53186 and providing the candidate's name, biographical data and qualifications, including five-year employment history with employer names and a description of the employer's business; whether such individual can read and understand fundamental financial statements; other board memberships (if any); and such other information as is reasonably available and sufficient to enable the Board to evaluate the minimum qualifications described above. The submission must be accompanied by the written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. If a stockholder nominee is eligible, and if the nomination is proper, the independent directors then will deliberate and make a decision as to whether the candidate

will be submitted to the Company's stockholders for a vote. The Board will not change the manner in which it evaluates candidates, including the applicable minimum criteria set forth above, based on whether the candidate was recommended by a stockholder.

Audit Committee

The Audit Committee is currently comprised of Messrs. Davis and Ledwick, with Ledwick serving as Chairman of the Audit Committee. The Company's Board of Directors has determined that each of Messrs. Davis and Ledwick is an "audit committee financial expert" as defined by Item 407 of Regulation S-K promulgated under the Securities Exchange Act of 1934.

The Audit Committee recommends annually to the Board of Directors the selection of the independent registered public accounting firm for each fiscal year, confirms and assures their independence and approves the fees and other compensation to be paid to the auditors. The Audit Committee recommends to the Board the advisability of having the independent registered public accounting firm make specified studies and reports as to auditing matters, accounting procedures, tax or other matters. The Audit Committee also reviews, prior to its filing with the SEC, the Company's Form 10-K and annual report to stockholders. The Audit Committee provides an open avenue of communication among the independent registered public accounting firm, management and the Board of Directors and will review any significant disagreement among management and the independent registered public accounting firm in connection with the preparation of any of the Company's financial statements. The Audit Committee reviews, with the Company's legal counsel, legal and regulatory matters that may have a significant impact on the Company's financial statements. The Audit Committee held four meetings in 2014; Messrs. Davis and Ledwick attended all of the meetings.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings or this proxy statement, the following report shall not be deemed to be incorporated by reference into any such filings. In addition, the following report shall not be deemed to be "soliciting material" or "filed" with the SEC.

The Audit Committee for the year ended December 31, 2014, whose members are identified above, has reviewed and discussed the audited financial statements as of and for the year ended December 31, 2014 with the Company's management and has discussed the matters required to be discussed by Auditing Standard ("AS") 16, *Communications with Audit Committees*, (as promulgated by the Public Company Accounting Oversight Board) with the Company's independent registered public accounting firm. The Audit Committee has also received the written disclosures and the letter from the Company's independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence and has discussed with the independent auditors the independent auditors' independence. Based upon its review of the foregoing materials and its discussions with the Company's management and independent auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. The Audit Committee also considered whether the provision of other non-audit services by the independent auditor to the Company is compatible with maintaining the independence of the independent auditor and concluded that the independence of the independent auditor is not compromised by the provision of such services.

The Audit Committee has a written charter which was adopted by the Board of Directors on October 3, 2003 and ratified at the 2004 Annual Meeting of Stockholders. The Audit Committee has established procedures for the receipt, retention and treatment of any complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by the Company's employees of any concerns regarding questionable accounting or auditing matters.

By the Audit Committee.

EXECUTIVE COMPENSATION

Overview of Our Executive Compensation Philosophy

We believe that a skilled, experienced and dedicated executive team is essential to the future performance of our Company and to building stockholder value. We have sought to establish a competitive compensation program that enables us to attract and retain executive officers with these qualities. The goal of our compensation package is to motivate our executive officers to achieve strong financial performance, particularly increased revenues and profitability. We incorporate salary and a performance incentive compensation program that includes cash and equity-based compensation. We believe this aligns the interests of our executives with those of our stockholders.

The following table sets forth certain information with respect to compensation for services in all capacities for the years ended December 31, 2014 and 2013 to our Chief Executive Officer (principal executive officer) and the other most highly compensated executive officers who were serving as such as of December 31, 2014. We refer to these officers as our “Named Executive Officers.”

The values of options in this column represent the grant date fair value as computed in accordance with FASB ASC Topic 718. For a discussion of the valuation assumptions used to value the options for reporting purposes, (1) see note K to the financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014.

(2) These awards were made in connection with the Company’s Senior Management Annual Incentive Compensation Program, described in further detail below.

All Other Compensation represents a monthly car allowance paid to Messrs. Tienor and Sobieski of \$8,400 for each year. Amounts also include employer matching contributions with respect to each individual’s 401(k) salary deferrals of \$8,576, \$8,164, and \$6,180 in 2014 for Messrs. Tienor, Sobieski, and Reinders. In connection with a (3) customer contract that required bonding, Mr. Tienor signed General Indemnity Agreements dated July 8, 2013 and July 17, 2014, pledging personal property on behalf of the Company. Other compensation includes \$23,000 and \$3,000 paid to Mr. Tienor in 2014 and 2013, respectively, in consideration of the assumption of the indemnification obligations pursuant to the General Indemnity Agreement.

Salary

Salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our Named Executive Officers. The salary for each Named Executive Officer is typically set at the time the

individual is hired based on the aforementioned factors and the negotiation process between the Company and the Named Executive Officer. Thereafter, changes to annual salary, if any, are determined based on several factors, including evaluation of performance, anticipated financial performance, economic condition and local market and labor conditions.

Senior Management Annual Incentive Compensation Program

In an effort to align the compensation of the Company's executive officers with the Company's performance, the Compensation Committee has adopted a Senior Management Annual Incentive Compensation Program (the "Incentive Compensation Program") pursuant to which certain executive officers, including the Named Executive Officers, are eligible to receive cash awards and stock options grants based on the Company's performance relative to quantitative performance criteria established by the Compensation Committee. The Compensation Committee initially adopted the Incentive Compensation Program and began the process of setting the performance criteria pursuant to which such awards could be earned in 2011, and a similar program was in place again in 2013 and 2012. No Incentive Compensation Program was in place in 2014. While the performance criteria under the Incentive Compensation Programs established in 2013 and 2012 were based on quantitative objectives related to the Company's 2013 and 2012 performance, respectively, the Compensation Committee and the Board did not make final decisions on each executive officer's award amount, ratio of award opportunity allocated to each objective and award mix and other terms of the potential awards under the Incentive Compensation Program until April of 2014 and 2013, respectively. There were no awards earned in 2013 or 2014. The awards paid under the Incentive Compensation Program in 2013 were made in recognition of the achievement of goals relating to revenue and EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) expansion and increases in sales pipeline efficiency in 2012, and the cash portions of such awards were reflected in the Non-Equity Incentive Plan Compensation column for 2012.

The awards paid in 2013 with respect to 2012 performance were paid fifty percent (50%) in cash and fifty percent (50%) in stock options. In addition to their value as an award for the Company's performance, the Compensation Committee believes the stock option grants serve the additional purpose of further aligning the interests of the Named Executive Officers with the interests of the Company, since options have value to the recipients only if and to the extent that the Company's stock price increases. All stock options granted in 2013 under the Incentive Compensation Program were fully vested on the date of grant and have a ten year term from the date of grant, and had an exercise price equal to the fair market value of the Company's common stock on the date of grant. No options were granted in 2014 with respect to 2013 performance. Unlike the cash portion of each award, option grants are reflected on the Summary Compensation Table based for the year in which the grants are made, rather than the year with respect to which they were earned. As a result, the option value reflected in the Option Awards column relates to options granted in 2013 in connection with 2012 performance.

Retirement, Health and Welfare Benefits

The Company offers a variety of health and welfare and retirement programs to all eligible employees. The Named Executive Officers generally are eligible for the same benefit programs on the same basis as all the broad-based employees. The Company's health and welfare programs include medical, dental, vision, life, accidental death and disability, and short and long-term disability insurance. In addition to the foregoing, the Named Executive Officers are eligible to participate in the Company's 401(k) Retirement Savings Plan.

401(k) Retirement Savings Plan

The Company maintains a tax-deferred savings plan for employees (the "Telkonet 401(k)") that is administered by a committee of trustees appointed by the Company. All Company employees are eligible to participate upon the completion of six months of employment, subject to minimum age requirements. Contributions by employees under the Telkonet 401(k) are immediately vested and each employee is eligible for distributions upon retirement, death or disability or termination of employment. Depending upon the circumstances, these payments may be made in installments or in a single lump sum.

Beginning in January 2012, the Company implemented a 401(k) employer match of one hundred percent (100%) of employee salary deferrals, not to exceed four percent (4%) of eligible compensation. Matches immediately vest and coincide with each payroll deferral period.

Employment Agreements

Jason L. Tienor, President and Chief Executive Officer, is employed pursuant to an employment agreement dated May 1, 2013. Mr. Tienor's employment agreement is for a term expiring on May 1, 2015, is renewable at the agreement of the parties and provides for a base salary of at least \$206,000 per year.

Jeffrey J. Sobieski, Chief Technology Officer, is employed pursuant to an employment agreement, dated May 1, 2013. Mr. Sobieski's employment agreement is for a term expiring on May 1, 2015, is renewable at the agreement of the parties and provides for a base salary of at least \$195,700 per year.

Mr. Reinders' employment agreement is for a term expiring on May 1, 2015, is renewable at the agreement of the parties and provides for a base salary of at least \$154,500 per year.

Each of the Named Executive Officers is also entitled under his employment agreement to bonuses and benefits consistent with the Company's internal policies and based on participation in the Company's incentive and benefit plans. Stock options or other awards may be periodically granted to employees under the Plan at the discretion of the Compensation Committee of the Board of Directors. Executives of the Company are eligible to receive stock option grants, based upon individual performance and the performance of the Company as a whole.

Each Named Executive Officer's employment agreement contains provisions describing the executive officer's compensation in the event the executive officer's employment with the Company is terminated. If an executive officer's employment agreement is terminated by the mutual consent of the Company and the executive officer, or if the Company terminates the executive officer's employment for any reason other than for "cause," as described below, or fails to renew the executive officer's employment agreement upon the expiration of its term, the executive officer will be entitled to receive an amount equal to his base salary for six months following the termination, and the Company will pay the executive officer's health insurance premiums for the same period. If an executive officer terminates his employment with the Company for "good reason," as described below, he will be entitled to continue to receive his base salary and to participate in each employee benefit plan in which he participated immediately prior to the termination date until (i) the expiration of the term of his employment agreement or (ii) for a period of six months, whichever is longer. If cause exists for termination, the executive officer will be entitled to no further compensation, except for accrued leave and vacation and except as may be required by applicable law.

Under each of the employment agreements, “cause” is generally defined as the occurrence of any of the following: (i) theft, fraud, embezzlement or any other act of intentional dishonesty by the executive officer; (ii) any material breach by the executive officer of any provision of his employment agreement that is not cured within fourteen days after written notification by the Company; (iii) any habitual neglect of duty or misconduct of the executive officer in discharging any of his duties and responsibilities under his employment agreement after a written demand for performance was delivered to executive officer; (iv) commission by the executive officer of a felony or any offense involving moral turpitude; or (v) any default of an executive officer’s obligations under his employment agreement, or any failure or refusal of the executive officer to comply with the Company’s policies, rules and regulations that is not cured within fourteen days after written notification by the Company. “Good reason” is defined as the occurrence of any of the following: (i) any material adverse reduction in the scope of the executive officer’s authority or responsibilities; (ii) any reduction in the amount of the executive officer’s compensation or participation in any employee benefits; or (iii) the executive officer’s principal place of employment is actually or constructively moved to any office or other location seventy-five miles or more outside of Milwaukee, Wisconsin.

Company's Policies on Related Party Transactions

Under the Company's policies and procedures, related-party transactions that must be publicly disclosed under the federal securities laws require prior approval of the Company's independent directors without the participation of any director who may have a direct or indirect interest in the transaction in question. The Company's independent directors will approve only those related party transactions that they determine to be in the best interests of the Company and its stockholders. Related parties include directors, nominees for director, principal stockholders, executive officers and members of their immediate families. For these purposes, a "transaction" includes all financial transactions, arrangements or relationships, ranging from extending credit to the provision of goods and services for value and includes any transaction with a company in which a director, executive officer immediate family member of a director or executive officer, or principal shareholder (that is, any person who beneficially owns five percent or more of any class of the Company's voting securities) has an interest by virtue of a ten-percent-or-greater equity interest. The Company's policies and procedures regarding related-party transactions are not a part of a formal written policy, but rather, represent the Company's historical course of practice with respect to approval of related-party transactions.

Directors' Compensation

We reimburse non-management directors for costs and expenses in connection with their attendance and participation at Board of Directors meetings and for other travel expenses incurred on our behalf. The Chairman of the Board is compensated at a rate of \$5,000 per month, Committee Chairs are compensated at a rate of \$4,000 per month and directors are compensated at \$3,000 per month. Compensation is capped at the highest level of service provided, i.e. a director who is also a committee chair will receive a maximum of \$4,000. On the first day of their appointment, each director receives a one-time grant of an option to purchase 100,000 shares of Company stock. The strike price will be the closing price of the Company's common stock on the grant date. If the grant date falls on a non-trading day, the grant date will default to the next trading day. These stock options will vest quarterly over five years. Upon the implementation of the new policy, each non-management board member was granted 100,000 shares of the Company's stock options.

PROPOSAL No. 2

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

BDO USA, LLP, has served as the Company's independent public accounting firm since May 2013 and has been retained to do so in 2015. The Board of Directors has directed that management submit the selection of BDO USA, LLP for ratification by the stockholders at the Meeting. A representative of BDO is expected to be present at the Meeting, will have an opportunity to make a statement, should the representative desire to do so, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of BDO as the Company's independent registered public accounting firm is not required. However, the Board of Directors is submitting the selection of BDO to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain the firm in future years. In such event, the Audit Committee may retain BDO, notwithstanding the fact that the stockholders did not ratify the selection, or select another accounting firm without re-submitting the matter to the stockholders. Even if the selection is ratified, the Audit Committee reserves the right, in its discretion, to select a different accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors unanimously recommends that stockholders vote FOR the approval of this Proposal No. 2. Proxies solicited by the Board will be so voted unless stockholders specify a contrary choice in their voting instructions.

PROPOSAL No. 3

**APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED
AND RESTATED ARTICLES OF INCORPORATION**

General

The Board has unanimously approved, and recommended that our stockholders approve, an amendment (the “Certificate of Amendment”) to our Amended and Restated Articles of Incorporation to effect, in the sole discretion of our Board of Directors, a reverse stock split of our common stock at any time prior to our next Annual Meeting of Stockholders, by a ratio of not less than one-for-ten and not more than one-for-fifty, with the specific ratio, timing and terms to be determined by our Board of Directors, in its sole discretion (the “Reverse Stock Split”).

If this proposal is approved by the stockholders, the Board will be granted the discretionary authority to select any whole number ratio between 1-for-10 and 1 for-50, should it decide to proceed with the Reverse Stock Split, and will be authorized to file the Certificate of Amendment and effect the Reverse Stock Split at any time prior to our next Annual Meeting of Stockholders, with the exact exchange ratio, timing and other terms of the Reverse Stock Split to be determined at the sole discretion of the Board. The Board’s decision whether or not (and when) to file the Certificate of Amendment and effect the Reverse Stock Split (and at what whole number ratio to effect the Reverse Stock Split) will also be based on a number of factors, including market conditions, existing and anticipated trading prices of our common stock, strategic planning and goals of the Company, and the listing requirements of a national stock exchange.

Stockholder approval of the Certificate of Amendment is being sought to provide the Board with the flexibility to determine whether or not to effect the Reverse Stock Split and, if so, upon what terms, based upon the best interests of the Company and its stockholders. If the stockholders approve the Certificate of Amendment, the Company reserves the right not to file the Certificate of Amendment and effect the Reverse Stock Split if the Board does not deem it to be in the best interests of the Company and its stockholders. The form of the Certificate of Amendment to the Company’s Amended and Restated Articles of Incorporation is provided in substantially the form attached hereto as Annex A.

If the Board implements the Reverse Stock Split, it will be realized simultaneously for all outstanding common stock and the ratio determined by the Board will be the same for all outstanding common stock. If implemented, the Reverse Stock Split will affect all holders of common stock uniformly and each stockholder will hold the same percentage of common stock outstanding immediately following the Reverse Stock Split as that stockholder held immediately prior to the Reverse Stock Split, except for adjustments that may result from the treatment of fractional shares as described below. The Certificate of Amendment will not reduce the number of authorized shares of common stock (which will remain at 190,000,000) and will not change the par value of the common stock (which will remain at \$0.001 per share).

Reasons for the Certificate of Amendment

The primary reason for proposing the Certificate of Amendment is to permit the Board to effect the Reverse Stock Split if the Board determines, in its sole discretion, that the Reverse Stock Split is in the best interests of the Company and its stockholders. A Reverse Stock Split may, among other items discussed below, increase the per share market price of the common stock. The common stock is currently listed on the OTC Bulletin Board under the symbol "TKOI." The Board believes that the Reverse Stock Split would result in a higher per share trading price, which would enable the Company to become listed on a national stock exchange, which we believe could help support and maintain stock liquidity and company recognition for our stockholders and generate greater investor interest in the Company. In order for the common stock to be listed on a national stock exchange, the Company must comply with the relevant exchange's minimum bid price requirement after the split takes place. However, even if the Board decides to implement the Reverse Stock Split, there is no assurance that the Reverse Stock Split would result in our meeting the minimum bid price requirement of the relevant exchange and the common stock could be delisted from the exchange due to our failure to comply with the minimum bid price requirement or other relevant exchange listing rules.

The Board believes that an increased stock price may encourage investor interest and improve the marketability of the common stock to a broader range of investors. Because of the trading volatility often associated with low-priced stocks, many brokerage firms and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices pertain to the payment of brokers' commissions and to time-consuming procedures that function to make the handling of lower-priced stocks unattractive to brokers from an economic standpoint. Additionally, because brokers' commissions on lower-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current share price of the common stock can result in an individual stockholder paying transaction costs that represent a higher percentage of total share value than would be the case if our share price were substantially higher. This factor may also limit the willingness of institutions to purchase our stock. The Board believes that the anticipated higher market price resulting from the Reverse Stock Split, if implemented, could encourage institutional investors and brokerage firms with such policies and practices to invest in the common stock.

Another reason the Board is considering the Reverse Stock Split is to provide the Company with the ability to support its present capital needs and future anticipated growth. As discussed below under the caption "Effect on Authorized but Unissued Shares," the Reverse Stock Split would have the effect of significantly increasing the number of authorized but unissued shares of common stock. The Board is continually reviewing the Company's capital needs. Under the Company's Amended and Restated Articles of Incorporation as of April 10, 2015, 64,964,388 shares of common stock were authorized but unissued and available for issuance, which may not be sufficient to meet the Company's capital needs. The availability of additional shares of common stock would also provide the Company with the flexibility to consider and respond to future business opportunities and needs as they arise, including equity offerings, mergers or other business combinations, asset acquisitions, stock dividends, stock splits and other corporate purposes. The Reverse Stock Split, if implemented, would permit the Company to undertake certain of the foregoing actions without the delay and expense associated with holding a special meeting of stockholders to obtain stockholder approval each time such an opportunity arises that would require the issuance of shares of our common stock in excess of the current number of authorized shares. Currently, the Company has no agreements for any of the foregoing.

Determination of Ratio

The ratio of the Reverse Stock Split, if effected by the Board, will be a ratio of not less than 1-for-10 and not more than 1-for-50, as determined by the Board, in its sole discretion. In determining the Reverse Stock Split ratio, the Board will consider numerous factors including:

- the historical and projected performance of the common stock;
- the Company's strategic plans;
- prevailing market conditions;
- general economic and other related conditions prevailing in our industry and in the marketplace;
- the projected impact of the selected reverse stock split ratio on trading liquidity in the common stock and our ability to obtain the common stock's listing on a national exchange;
- our capitalization (including the number of shares of common stock issued and outstanding);
- the prevailing trading price for common stock and the volume level thereof; and
- potential devaluation of our market capitalization as a result of the Reverse Stock Split.

The purpose of permitting the Board to determine the ratio of the Reverse Stock Split, as opposed to a ratio fixed in advance, is to give the Board the flexibility to take into account then-current market conditions and changes in price of common stock and to respond to other developments that may be deemed relevant when considering the appropriate ratio.

Principal Effects of a Reverse Stock Split

A reverse stock split refers to a reduction in the number of outstanding shares of a class of a corporation's capital stock, which may be accomplished, as in this case, by reclassifying and combining all of a corporation's outstanding shares of common stock into a proportionately smaller number of shares. For example, if the Board decides to implement a 1-for-10 reverse stock split of common stock, then a stockholder holding 10,000 shares of common stock before the reverse stock split would instead hold 1,000 shares of common stock immediately after the reverse stock split. Each stockholder's proportionate ownership of outstanding shares of common stock would remain the same, except that stockholders that would otherwise receive fractional shares as a result of a reverse stock split would receive cash payments in lieu of fractional shares. All shares of common stock would remain validly issued, fully paid and non-assessable.

Because no fractional shares would be issued, holders of common stock could be eliminated in the event that a reverse stock split is implemented by the Board. As of April 10, 2015, we had approximately 114 record holders who held fewer than 50 shares of common stock, out of a total of approximately 2,733 record holders. Therefore, we believe that the Reverse Stock Split, if approved and implemented at a ratio of 1-for-50, would reduce the number of record holders of common stock by approximately 114 record holders.

Certain Risks Associated with a Reverse Stock Split

A reverse stock split could result in a significant devaluation of the Company's market capitalization and the trading price of the common stock.

Although a reverse stock split generally would result in an increase in the market price of a corporation's stock, we cannot assure you that the Reverse Stock Split, if implemented by the Board, will increase the market price of the common stock in proportion to the reduction in the number of shares of the common stock outstanding or result in a permanent increase in the market price. Accordingly, the total market capitalization of the common stock after a reverse stock split may be lower than the total market capitalization before a reverse stock split and, in the future, the market price of the common stock following a reverse stock split may not exceed or remain higher than the market price prior to a reverse stock split.

The effect that a reverse stock split may have upon the market price of a corporation's common stock cannot be predicted with any certainty, and the history of similar reverse stock splits for companies in similar circumstances to ours is varied. The market price of our common stock is dependent on many factors, including our business and financial performance, general market conditions, prospects for future success and other factors detailed from time to time in the reports we file with the Securities and Exchange Commission (the "SEC"). If the Reverse Stock Split is

implemented by the Board and the market price of the common stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Stock Split.

A reverse stock split may result in some stockholders owning “odd lots” that may be more difficult to sell or require greater transaction costs per share to sell.

The Reverse Stock Split, if implemented by the Board, may result in some stockholders owning “odd lots” of less than 100 shares of common stock on a post-split basis. These “odd lots” may be more difficult to sell, or require greater transaction costs per share to sell, than shares in “round lots” of even multiples of 100 shares.

A reverse stock split may not generate additional investor interest.

While the Board believes that a higher stock price may help generate investor interest, there can be no assurance that the Reverse Stock Split, if implemented by the Board, will result in a per share price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, the trading liquidity of the common stock may not necessarily improve.

The reduced number of shares of common stock resulting from a reverse stock split could adversely affect the liquidity of the common stock.

Although the Board believes that the decrease in the number of shares of common stock outstanding as a consequence of the Reverse Stock Split (if implemented by the Board) and the anticipated increase in the market price of common stock could encourage interest in the common stock and possibly promote greater liquidity for our stockholders, such liquidity could also be adversely affected by the reduced number of shares outstanding after the Reverse Stock Split. In addition, even if the Reverse Stock Split is implemented by the Board and we meet the minimum bid price requirement, the common stock may still be delisted if we are unable to satisfy the other requirements for continued listing of the common stock on the applicable national exchange.

Effect on Authorized but Unissued Shares

A reverse stock split can have the effect of significantly increasing the number of authorized but unissued shares of a corporation's stock. For example, if the Board implements the Reverse Stock Split, the number of authorized shares of common stock will not be decreased and will remain at 190,000,000. Because the number of outstanding shares will be reduced as a result of the Reverse Stock Split, the number of shares available for issuance will be increased.

The Board continually evaluates the Company's capital needs. We may issue shares pursuant to an equity financing transaction to acquire other companies or assets, or engage in business combination transactions. As of the date of this proxy statement, we have no specific plans, arrangements or understandings, whether written or oral, with respect to the increase in shares available for issuance if the Board implements the Reverse Stock Split.

Anti-Takeover and Dilutive Effects

The purpose of maintaining our authorized common stock at 190,000,000 shares after a reverse stock split is to facilitate our ability to raise additional capital to support our operations, not to establish any barriers to a change of control or acquisition of the Company. Shares of common stock that are authorized but unissued provide the Board with flexibility to effect, among other transactions, public or private financings, subscription rights offerings, mergers, acquisitions, stock dividends, stock splits and the granting of equity incentive awards. However, these authorized but unissued shares may also be used by the Board, consistent with and subject to its fiduciary duties, to deter future attempts to gain control of us or make such actions more expensive and less desirable. If the Board effects the Reverse Stock Split, the Board would have more authorized shares to issue without delay or further action by the stockholders except as may be required by applicable law or the applicable exchange requirements. The Board does not intend to use the authorized but unissued common stock to impede a takeover attempt. There are no plans or proposals to adopt other provisions or enter into any arrangements that have material anti-takeover effects.

In addition, the issuance of additional shares of common stock for any of the corporate purposes listed above could have a dilutive effect on earnings per share and the book or market value of the outstanding common stock, depending on the circumstances, and would likely dilute a stockholder's percentage voting power in the Company. Holders of common stock are not entitled to preemptive rights or other protections against dilution. The Board intends to take these factors into account before authorizing any new issuance of shares.

Effect on Fractional Stockholders

If the Board implements the Reverse Stock Split, no fractional shares of common stock will be issued. If, as a result of the Reverse Stock Split, a stockholder of record would otherwise hold a fractional share, the stockholder will receive a cash payment in lieu of the issuance of any such fractional share in an amount per share equal to the closing price per share on the OTC Bulletin Board on the trading day immediately preceding the effective time of the Reverse Stock Split (as adjusted to give effect to the Reverse Stock Split), without interest. The ownership of a fractional interest will not give the holder thereof any voting, dividend or other right except to receive the cash payment therefor. For example, if a person holds 59 shares of a corporation's stock and the closing price per share is \$1.00 on the day immediately preceding a 1-for-10 reverse stock split; then, following the execution of the reverse stock split, the person would hold 5 shares of stock and receive a cash payment of \$9.00.

If a stockholder is entitled to a cash payment in lieu of any fractional share interest, a check will be mailed to the stockholder's registered address as soon as practicable after the Reverse Stock Split. By signing and cashing the check, stockholders will warrant that they owned the shares of common stock for which they received a cash payment.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, where we are domiciled and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the effective time may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to seek to obtain them directly from the state to which they were paid.

Effect on Beneficial Stockholders

If you hold shares of common stock in “street name” through an Intermediary, we will treat your common stock in the same manner as stockholders whose shares are registered in their own names. If implemented by the Board, Intermediaries will be instructed to effect the Reverse Stock Split for their customers holding common stock in street name. However, these Intermediaries may have different procedures for processing a reverse stock split. If the Board implements the Reverse Stock Split and you hold shares of common stock in street name, we encourage you to contact your Intermediaries.

Registered “Book-Entry” Holders of Common Stock

If the Board implements the Reverse Stock Split and you hold shares of common stock electronically in book-entry form with our transfer agent, you do not currently have and will not be issued stock certificates evidencing your ownership after the Reverse Stock Split, and you do not need to take action to receive post-Reverse Stock Split shares. If you are entitled to post-Reverse Stock Split shares, a transaction statement will automatically be sent to you indicating the number of shares of common stock held following the Reverse Stock Split.

If you are entitled to a payment in lieu of any fractional share interest, payment will be made as described above under “Effect on Fractional Stockholders.”

Effect on Registered Stockholders Holding Certificates

If the Reverse Stock Split is implemented, our transfer agent will mail transmittal letters to each stockholder holding shares of common stock in certificated form. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificate(s) representing shares of common stock (the “Old Certificates”) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Stock Split common stock (the “New Certificates”). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his or her Old Certificates. Stockholders will then receive a New Certificate(s) representing the number of whole shares of common stock that they are entitled as a result of the Reverse Stock Split. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-Reverse Stock Split common stock to which these stockholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates.

If you are entitled to a payment in lieu of any fractional share interest, payment will be made as described above under “Effect on Fractional Stockholders.”

Effect on Outstanding Options and Warrants

If the Reverse Stock Split is implemented, all outstanding options, warrants and future or contingent rights to acquire common stock will be adjusted to reflect the Reverse Stock Split. With respect to all outstanding options and warrants to purchase common stock, the number of shares of common stock that such holders may purchase upon exercise of such options or warrants will decrease, and the exercise prices of such options or warrants will increase, in proportion to the fraction by which the number of shares of common stock underlying such options and warrants are reduced as a result of the Reverse Stock Split. Also, the number of shares reserved for issuance under our existing stock option and equity incentive plans would be reduced proportionally based on the ratio of the Reverse Stock Split.

Procedure for Effecting the Reverse Stock Split, if Implemented by the Board

If our stockholders approve this proposal, and the Board elects to effect the Reverse Stock Split prior to the next Annual Meeting of Stockholders, we will effect the Reverse Stock Split by filing the Certificate of Amendment (as completed to reflect the reverse stock split ratio as determined by the Board, in its sole discretion, within the range of not less than 1-for-10 and not more than 1-for-50) with the Secretary of State of the State of Utah. The Reverse Stock Split will become effective, and the combination of, and reduction in, the number of our outstanding shares as a result of the Reverse Stock Split will occur automatically, at the time of the filing of the Certificate of Amendment (referred to as the “effective time”), without any action on the part of our stockholders and without regard to the date that stock certificates representing any certificated shares prior to the Reverse Stock Split are physically surrendered for new stock certificates. Beginning at the effective time, each certificate representing pre-Reverse Stock Split shares will be deemed for all corporate purposes to evidence ownership of post-Reverse Stock Split shares. The text of the Certificate of Amendment is subject to modification to include such changes as may be required by the office of the Secretary of State of the State of Utah and as the Board deems necessary and advisable to effect the Reverse Stock Split.

Approval of this proposal does not obligate the Board to proceed with the Reverse Stock Split, though it may do so in its sole discretion if it determines that the Reverse Stock Split is in the best interests of the Company and its stockholders. By voting in favor of the Reverse Stock Split, you are expressly authorizing the Board to implement, delay (until the next Annual Meeting of Stockholders) or abandon the Reverse Stock Split, in the Board's sole discretion. If the Certificate of Amendment has not been filed with the Secretary of State of the State of Utah by the close of business on the day prior to the next Annual Meeting of Stockholders, the Board will abandon the Reverse Stock Split.

If the Reverse Stock Split is implemented, the stockholders should not destroy any stock certificate(s) and should not submit any certificate(s) until they receive a letter of transmittal from our transfer agent.

Certain Material U.S. Federal Income Tax Consequences if the Reverse Stock Split is Implemented by the Board

The following is a summary of important tax considerations if the Reverse Stock Split is implemented by the Board. It addresses only stockholders who hold common stock as capital assets. It does not purport to be complete and does not address stockholders subject to special rules, such as financial institutions, tax-exempt organizations, insurance companies, dealers in securities, foreign stockholders, stockholders who hold their pre-Reverse Stock Split shares as part of a straddle, hedge or conversion transaction, and stockholders who acquired their pre-Reverse Stock Split shares pursuant to the exercise of employee stock options or otherwise as compensation. This summary is based upon current law, which may change, possibly even retroactively. It does not address tax considerations under state, local, foreign and other laws. The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Each stockholder is urged to consult with such stockholder's own tax advisor with respect to the tax consequences of the Reverse Stock Split.

A stockholder generally will not recognize gain or loss on a reverse stock split, except to the extent of cash, if any, received in lieu of a fractional share interest. The aggregate tax basis of post-reverse stock split shares received will be equal to the aggregate tax basis of pre-reverse stock split shares exchanged therefor (excluding any portion of the holder's basis allocated to fractional shares), and the holding period of post-reverse stock split shares received will include the holding period of pre-reverse stock split shares exchanged.

A holder of pre-reverse stock split shares who receives cash will generally be treated as having exchanged a fractional share interest for cash in a redemption by us. The amount of any gain or loss will be equal to the difference between the portion of the tax basis of pre-reverse stock split shares allocated to the fractional share interest and the cash received.

The foregoing views are not binding on the Internal Revenue Service or the courts. Accordingly, each stockholder should consult with his or her own tax advisor with respect to all of the potential tax consequences to him or her of a reverse stock split.

Accounting Matters

If the Reverse Stock Split is implemented by the Board, in its sole discretion, the par value of the common stock will remain unchanged at \$0.001 per share. As a result, our stated capital, which consists of the par value per share of the common stock multiplied by the aggregate number of shares of the common stock issued and outstanding, will be reduced proportionately at the effective time of the Reverse Stock Split. Correspondingly, our additional paid-in capital, which consists of the difference between our stated capital and the aggregate amount paid to us upon the issuance of all currently outstanding shares of common stock, will be increased by a number equal to the decrease in stated capital. Further, net loss per share, book value per share and other per share amounts will be increased as a result of the Reverse Stock Split because there will be fewer shares of common stock outstanding.

Required Vote

The affirmative vote of the holders of a majority of the shares of the common stock outstanding on the Record Date will be required to approve the Certificate of Amendment. Accordingly, abstentions and broker non-votes will have the same effect as a vote against the proposal. Shares represented by valid proxies and not revoked will be voted at the Meeting in accordance with the instructions given. If no voting instructions are given, such shares will be voted **“FOR”** this proposal.

Board Recommendation

After careful consideration, the Board has determined that the amendment to the Amended and Restated Articles of Incorporation permitting the Board, in its sole discretion, to effect the Reverse Stock Split is advisable and in the best interests of the Company and its stockholders and **recommends that you vote “FOR” the approval of the amendment to the Amended and Restated Articles of Incorporation.**

PROPOSAL No. 4

NON BINDING ADVISORY VOTE TO APPROVE

THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, which is commonly referred to as "say-on-pay," is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

Our executive compensation programs are designed to attract, motivate and retain our executive officers, who are critical to our success. Under these programs, our Named Executive Officers are rewarded for the achievement of our near-term and longer-term financial and strategic goals and for driving corporate financial performance and stability. The programs contain elements of cash and equity-based compensation and are designed to align the interests of our executives with those of our stockholders.

The "Executive Compensation" section of this proxy statement describes in detail our executive compensation programs and the decisions made by the Compensation Committee with respect to the fiscal year ended December 31, 2014. As we describe in this section of the proxy statement, our executive compensation program incorporates a pay-for-performance philosophy that supports our business strategy and aligns the interests of our executives with our shareholders. The Board believes this link between compensation and the achievement of our near- and long-term business goals has helped drive our performance over time.

Our Board of Directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the disclosure under "Executive Compensation," the compensation tables and accompanying narrative disclosure, and any related material disclosed in this proxy statement, is hereby approved.

As an advisory vote, this proposal is not binding. Neither the outcome of this advisory vote nor of the advisory vote included in Proposal No. 4 overrules any decision by the Company or the Board of Directors (or any committee thereof), creates or implies any change to the fiduciary duties of the Company or the Board of Directors (or any

committee thereof), or creates or implies any additional fiduciary duties for the Company or the Board of Directors (or any committee thereof). However, our Compensation Committee and Board of Directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for Named Executive Officers.

The Board of Directors unanimously recommends that stockholders vote FOR the approval of this Proposal No. 4. Proxies solicited by the Board will be so voted unless stockholders specify a contrary choice in their voting instructions.

OTHER MATTERS

The Board of Directors does not know of any other matter that may be brought before the Meeting. However, if any such other matters are properly brought before Meeting or any adjournment thereof the Meeting, the proxies may use their own judgment to determine how to vote your shares.

HOUSEHOLDING

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our proxy statement or annual report on Form 10-K, may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you write or call us at the following address or telephone number: 20800 Swenson Drive, Suite 175, Waukesha, WI 53186, (414) 223-0473. If you want to receive separate copies of the annual report on Form 10-K and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holders, or you may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS

Stockholders may submit written proposals to be considered for stockholder action at the Company's 2016 Annual Meeting of Stockholders. To be eligible for inclusion in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders, stockholder proposals must be received by the Company by December 31, 2015 and must otherwise comply with applicable Securities and Exchange Commission regulations and the Company's bylaws. Stockholder proposals should be addressed to the Company at 20800 Swenson Drive, Suite 175, Waukesha, WI 53186, Attention: Corporate Secretary. In addition, if a stockholder intends to present a proposal at the Company's 2015 Annual Meeting of Stockholders without the inclusion of the proposal in the Company's proxy materials and written notice of the proposal is not received by the Company on or before March 15, 2016, proxies solicited by the Board of Directors for the 2016 Annual Meeting of Stockholders will confer discretionary authority to vote on the proposal if presented at the Meeting. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Brokers and other persons holding the Company's common stock in their names, or in the names of a nominee, will be requested to forward this proxy statement and the accompanying materials to the beneficial owners of the common stock and to obtain proxies, and the Company will defray reasonable expenses incurred in forwarding such material.

By order of the Board of Directors,
