Also on March 3, 2015, the Compensation Committee of the Board of Directors approved changes in the value of the long-term incentive compensation (equity-based compensation) for Ms. Lipcaman, and Messrs. Vandoorn and Valletta will each receive an annual restricted stock units grant equal to 40% of his or her respective base salary. These changes are expected to be included in amendments to the employment agreements of these executive officers.

The number of RSUs to be granted annually to each executive is determined by multiplying the executive's base pay for the applicable year by the respective percentage, and dividing by the closing price of the common stock on the New York Stock Exchange on the last trading day preceding January 1 of the applicable year. Of the total RSUs granted, 25% are in the form of time-vested RSUs that carry only a service condition. The remaining 75% are in the form of performance-based RSUs, which also include a service condition.
