The Company continues to diversify its operations for the benefit of the shareholders. Revenue for the three months ended June 30, 2003 increased \$984,867 from the same period last year. The reason for this increase was that on May 17, 2002, the Company acquired all of the issued and outstanding stock of First Washington Financial and thereby acquired control of all of the assets of First Washington. First Washington is a mortgage loan originator in the home mortgage loan industry and currently concentrates its business in Washington, D.C., Maryland and Virginia. All of the increase in revenue is attributable to revenues generated by First Washington.

Cost of revenue and operating expenses increased for these periods solely as a result of the acquisition by the Company of First Washington.

Earnings per fully diluted common share was \$0.02 for the nine months ended June 30, 2003 based upon fully diluted common shares outstanding of 3,919,422, and earnings per common share was \$0.04 before extraordinary items and \$0.05 after extraordinary items for the nine months ended June 30, 2002 based upon weighted-average common shares outstanding of 2,219,422.

In October 2002, the Company reached an agreement with Mortgage-Matic of Greenbelt, MD to acquire all of the issued and outstanding shares of stock of Mortgage-Matic. Mortgage-Matic concentrates their business on FHA insured loans in the \$200,000 range. This accounts for approximately 70% of Mortgage-Matic's business. The acquisition became effective as of January 1, 2003. The Company acquired all of the issued and outstanding shares of Mortgage-Matic in exchange for 75,000 shares of Series II Convertible Preferred Voting Stock. The Series II Convertible Preferred Voting Stock is convertible into the common stock of the Company on a one for one basis. Mortgage-Matic's net assets consisted of restricted cash in the amount of \$177,384 and other assets.

In April, 2003, the Company acquired Heritage Mortgage which does business in Maryland and Virginia. Heritage Mortgage concentrates their business on FHA insured loans in the \$200,000 range. The Company acquired all of the issued and outstanding shares of Heritage Mortgage in exchange for 50,000 shares of Series II Convertible Preferred Voting Stock. The Series II Convertible Preferred Voting Stock is convertible into the common stock of the Company on a one for one basis. The acquisition was for the net assets of Heritage which consisted of goodwill of \$100,000.

Edgar Filing: VOLT INC - Form 10QSB

The Company has moved its mortgage operations to California where its executive office is located. The Company has reached an agreement to acquire Yosemite Brokerage, Inc. in Oakhurst, California. Yosemite Brokerage currently averages seventy closing a month mostly in the \$200,000 range. Yosemite Brokerage had revenue of \$1,559,000 in July, 2003. The Company plans to expand Yosemite Brokerage's business in California's central valley area which is growing at a rate of 26% per year. The Company also plans to expand into the secondary paper market.

SUBSEQUENT EVENTS

In July 2003, the Company purchased all the outstanding shares of Wolverine Power Corporation for cash and preferred stock. The major assets included in the Michigan utility are the hydro-electric turbines, the Federal Energy Regulatory Commission license and the Power Purchase Agreement with Consumer's Energy which runs through 2022.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings.

In September of 1999, the Deerbrook Publishing Group, Inc. ("Deerbrook") leased a computer driven aspect image center (printer for film) used to make separation for printing (the "aspect image center") and certain other computer equipment from Copelco Capital, Inc. ("Copelco"). All of the equipment was delivered to the Deerbrook's then printing operation in Phoenix, Arizona, and installed. Shortly thereafter, Deerbrook ceased printing for itself and its customers. The equipment was returned to Copelco. In August of 2000, Copelco brought suit in the United States District Court for the District of Arizona, cause no. CIV `00-1620 PHX ROS, to recover its alleged damages \$155,398.02 for Deerbrook's return of the leased equipment plus continuing interest at the rate of one and one-third percent per month and attorneys fees and costs. The Company does not believe that Copelco has mitigated its damages and further believes that Copelco has either sold the equipment or otherwise disposed of the same in a manner which was not commercially reasonable. The Copelco claims will be vigorously defended against. Any possible loss from this litigation will be less than one percent (1%) of the Company's net assets and will be immaterial.

Item 2. Changes in Securities.

Effective January 1, 2003, the Company issued 75,000 shares of Series II Convertible Preferred Voting Stock (the "Convertible Preferred") in connection with an acquisition of another company. Each share of the Convertible Preferred is entitled to one vote on all matters which holders of the Company's common stock are entitled to vote. The Convertible Preferred Stock is into convertible the common stock of the Company on a one for one basis.

In April 2003, the Company issued 50,000 shares of Series II Convertible Preferred Voting Stock (the "Convertible Preferred") in connection with an acquisition of another company. Each share of the Convertible Preferred is entitled to one vote on all matters which holders of the Company's common stock are entitled to vote. The Convertible Preferred Stock is into convertible the common stock of the Company on a one for one basis.

NOTE 9- LITIGATION

In September of 1999, the Deerbrook Publishing Group, Inc. ("Deerbrook"), a formerly wholly-owned subsidiary of the Company, leased a computer driven aspect image center (printer for film) used to make separation for printing (the "aspect image center") and certain other computer equipment from Copelco Capital, Inc. ("Copelco"). All of the equipment was delivered to the Deerbrook's then printing operation in Phoenix, Arizona, and installed. Shortly thereafter, Deerbrook ceased printing for itself and its customers. The equipment was returned to Copelco. In August of 2000, Copelco brought suit in the United States District Court for the District of Arizona, cause no. CIV'00-1620 PHX ROS, to recover its alleged damages of \$155,398 for Deerbrook's return of the leased equipment plus continuing interest at the rate of one and one-third percent per month and attorneys fees and costs. The Company does not believe that Copelco has mitigated its damages and further believes that Copelco has either sold the equipment or otherwise disposed of the same in a manner which was not commercially reasonable. The Copelco claims will be vigorously defended against. Any possible loss from this litigation will be less than one percent (1%) of the Company's net assets and will be immaterial. Since the change in control of the Company on April 6, 2001, there have been no legal proceedings brought against Volt.
