PROXY STATEMENT

This proxy statement has been prepared in connection with the solicitation of proxies by the Board of Directors of Guaranty Federal Bancshares, Inc. (the "Company") for use at the annual meeting of stockholders to be held on May 19, 2004 (the "Annual Meeting"), and at any adjournment(s) thereof. The Annual Meeting will be held at 6:00 p.m. (Central Time) at the Clarion Hotel, 3333 South Glenstone Avenue, Springfield, Missouri. It is anticipated that this proxy statement will be mailed to stockholders on or about April 16, 2004.

RECORD DATE--VOTING--VOTE REQUIRED FOR APPROVAL

All persons who were stockholders of the Company on March 30, 2004, ("Record Date") will be entitled to cast votes at the Annual Meeting. Voting may be by proxy or in person. As of the Record Date, the Company had 2,998,897 shares of common stock issued and outstanding.

Holders of a majority of the outstanding shares of common stock entitled to vote, represented in person or by proxy, will constitute a quorum for purposes of transacting business at the Annual Meeting.

Each proxy solicited hereby, if properly executed, duly returned to management and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting in accordance with the stockholder's instructions indicated thereon. If no contrary instructions are given, each proxy received by management will be voted in favor of all items on the agenda. Each stockholder shall have one vote for each share of stock owned.

A stockholder giving a proxy has the power to revoke the proxy at any time before it is exercised by filing with the Secretary of the Company written instructions revoking it. A duly executed proxy bearing a later date will be sufficient to revoke an earlier proxy. The proxy executed by a stockholder who attends the Annual Meeting will be revoked only if that stockholder files the proper written instrument with the Secretary prior to the end of the voting.

To the extent necessary to assure sufficient representation at the Annual Meeting, proxies may be solicited by officers, directors and regular employees of the Company personally, by telephone or by further correspondence. Officers, directors and regular employees of the Company will not be compensated for their solicitation efforts. The cost of soliciting proxies from stockholders will be borne by the Company.

Regardless of the number of shares of the Company's common stock, par value \$0.10 per share ("Common Stock") owned, it is important that stockholders be represented by proxy or be present in person at the Annual Meeting. In order for any proposals considered at the Annual Meeting to be approved by the Company's stockholders, a quorum must be present. Stockholders are requested to vote by completing the enclosed proxy card and returning it signed and dated in the enclosed postage-paid envelope.

Stockholders are urged to indicate their vote in the spaces provided on the proxy card. Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. Where no instructions are indicated, proxies will be voted FOR the approval of the specific proposals presented in this proxy statement, and upon any other business that may properly come before the Annual Meeting or any adjournment thereof. Proxies marked as abstentions will not be counted as votes cast. In addition, shares held in street name which have been designated by brokers on proxy cards as not voted will not be counted as votes cast ("broker non-votes"). Proxies marked as abstentions or broker non-votes, however, will be treated as shares present for purposes of determining whether a quorum is present. Approval of each of the ratification of the independent auditor proposal and the Company's 2004 Stock Option Plan proposal requires the affirmative vote of a majority of the votes cast on such matter. Directors are elected by a plurality of votes of the shares present in person or by proxy at the Annual Meeting. Accordingly, abstentions and broker non-votes will have no effect on any of these proposals or the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Persons and groups owning in excess of 5% of the Common Stock are required to file certain reports regarding such ownership pursuant to the Securities Exchange Act of 1934, as amended (the "1934 Act"). SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires the Company's officers and directors, and persons who own more than ten percent of the Common Stock, to file reports of ownership and changes in ownership of the Common Stock, on Forms 3, 4 and 5, with the Securities and Exchange Commission ("SEC") and to provide copies of those Forms 3, 4 and 5 to the Company.

The Nominating Committee is responsible for identifying individuals qualified to serve as members of the Board of Directors and recommending to the Board the director nominees for election and appointment to the Board of Directors. The Committee monitors the mix of skills and experience of its directors and committee members in order to assess whether the Board of Directors has the appropriate tools to perform its oversight function effectively.

With respect to nominating existing directors, the Nominating Committee reviews relevant information available to it and assesses their continued ability and willingness to serve as a director. The Nominating Committee will also assess such persons contribution in light of the mix of skills and experience the Nominating Committee has deemed appropriate for the Board of Directors as a whole. With respect to nominations of new directors, the Nominating Committee will conduct a thorough search to identify candidates based upon criteria the Nominating Committee deems appropriate and considering the mix of skills and experience necessary to complement existing members of the Board of Directors. The Nominating Committee will then review selected candidates and make its recommendation to the Board of Directors. See the copy of the Nominating Committee Charter in Appendix C to this proxy statement for a further description of the nomination process utilized by the Nominating Committee.

Nominations by a stockholder will be considered by the Nominating Committee if such nomination is written and delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Company between 30 and 60 days prior to the meeting at which such nominee may be considered. However, if less than 31 days' notice of the meeting is given to stockholders, written notice of the stockholder nomination must be similarly given no later than the tenth day after notice of the meeting was mailed to stockholders. A nomination must set forth, with respect to the nominee, (i) name, age, and addresses, (ii) principal occupation or employment, (iii) Common Stock beneficially owned, and (iv) other information that would be required in a proxy statement. The stockholder giving notice must list his or her name and address, as they appear on the Company's books, and the amount of Common Stock beneficially owned by him or her. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations.

All grants of stock options vest at the rate of 20% one year after the date of grant and 20% annually thereafter and become immediately 100% vested upon death, disability, or termination of service following a change in control as defined in the respective plans.

Compensation Committee Interlocks and Insider Participation

Since August 2002, the Compensation Committee has consisted of all non-employee directors of the Bank. This standing committee reviews performance, industry salary surveys and the recommendations of management concerning compensation. Mr. Jack L. Barham is the Chairman of the Board of Directors of the Company and the Bank and had been, for many years until his retirement in 1995, an officer of the Bank.

Compensation Committee Report on Executive Compensation

The Compensation Committee, together with the full Board of Directors of the Company, has designed the compensation and benefit plans for all employees, executive officers and directors in order to attract and retain individuals who have the skills, experience and work ethic to provide a coordinated work force that will effectively and efficiently carry out the policies adopted by the Board of Directors and to manage the Company and its subsidiary to meet the Company's mission, goals and objectives.

To determine the compensation and benefit plans of employees, executive officers and directors, the Compensation Committee reviews industry compensation statistics based on our asset size, makes cost of living adjustments, and establishes salary ranges for each senior officer, and fees for the Board of Directors. Management then determines, and is responsible to the Compensation Committee for, salary ranges for junior level officers and staff. The Compensation Committee then reviews (i) the financial performance of the Bank over the most recently completed fiscal year (including ROA, ROE, G & A expense, CAMELS rating, quality of assets, risk exposure and compliance rating) compared to results at comparable companies within the industry, and (ii) the responsibilities and performance of each senior officer and the salary compensation levels of each officer compared to like positions at comparable companies within the industry. The Compensation Committee evaluates all factors subjectively in the sense that they do not attempt to tie any factors to a specific level of compensation.

All employees and officers may participate on an equal, non-discriminatory basis in the Bank's medical insurance plan, long-term disability plan and group life insurance plan. The Bank also provides all employees and officers with the opportunity to participate in the Employee Stock Ownership Plan ("ESOP"), and a non-contributory 401 (k) tax-deferred savings plan. The Compensation Committee of the Bank recommends all compensation and benefit plans to the full Board of Directors for approval annually.

Stock Option and Restricted Stock Award Plans. The 1998 Stock Option Plan ("SOP") and the Restricted Stock Plan ("RSP") were designed to reward Board members and senior officers for the future long-term performance of the Company, based on the responsibilities of the Board members and senior officers to manage the Bank and the Company. The 2000 Stock Compensation Plan and the 2001 Stock Compensation Plan were adopted in February 2000 and March 2001, respectively, and were designed to reward Board members and senior officers for the future long-term performance of the Company, based on the responsibilities of the Board members and senior officers to manage the Bank and the Company.

Report of Chief Executive Officer Compensation. The CEO's compensation is determined by the Compensation Committee, without the CEO participating in any discussions relating to such compensation, and is based on the same factors as those applied to other officers and employees of the Bank; however, more emphasis is placed on the general health and financial performance of the Bank and the Company. The CEO's compensation package reflects a range based on like-sized, like-position comparables within the industry and the geographical region, tempered by the performance of the individual and the Company. Stock awards under the SOP provide incentive, but should not replace, or override, maintenance of the compensation range established from the comparables. Mr. Gibson's annual salary did not increase in calendar year 2003, but he was granted options to purchase 10,000 shares of Common Stock of the Company.

Transactions with Certain Related Persons

Loans made to a director or executive officer in excess of the greater of \$25,000 or 5% of the Company's capital and surplus (up to a maximum of \$500,000) must be approved in advance by a majority of the disinterested members of the Board of Directors. The Bank provides loans to its officers, directors, and employees to purchase or refinance personal residences as well as consumer loans. Loans made to officers, directors and executive officers are made in the ordinary course of business on substantially the same terms and conditions, including interest rates and collateral, as would be made to any other customer in the ordinary course of business, and did not, and do not, involve more than the normal risk of collectability, or present other unfavorable features.

The Company intends that all transactions between the Bank and its executive officers, directors, holders of 10% or more of the shares of any class of its Common Stock and affiliates thereof, will contain terms no less favorable to the Bank than could have been obtained by it in arm's-length negotiations with unaffiliated persons and will be approved by a majority of independent outside directors of the Bank not having any interest in the transaction.

SECOND PROPOSAL: GUARANTY FEDERAL BANCSHARES, INC.
2004 STOCK OPTION PLAN

Edgar Filing: GUARANTY FEDERAL BANCSHARES INC - Form DEF 14A

The second item to be acted upon at the Annual Meeting is a proposal to approve the Guaranty Federal Bancshares, Inc. 2004 Stock Option Plan (the "Plan"), a copy of which is included as Appendix A to this Proxy Statement.

The purpose of the Plan is to attract and retain qualified personnel for positions of substantial responsibility and to provide additional incentive to officers, directors, key employees and other persons providing services to the Company, or any present or future parent or subsidiary of the Company, to promote the success of the business. As of March 26, 2004, the Company has no salaried employees, and its subsidiary, Guaranty Bank, has 88 full-time employees, including officers. The Board of Directors of the Company consists of nine (9) directors.

SUMMARY DESCRIPTION OF THE PLAN

The following description is a summary of the Plan and is qualified in its entirety by reference to the full text of the Plan attached hereto as Appendix A.

The Plan is intended to provide for the grant of incentive stock options ("ISOs") and non-incentive stock options ("Non-ISOs"). Any ISOs granted under the Plan are intended to conform to the requirements of Section 422 of the Internal Revenue Code, as amended. The Plan will be administered by a committee of not less than two directors appointed by the entire board of directors of the Company (the "Committee"). Any director serving on the Committee must meet the requirements of a "Non-Employee Director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and an "Outside Director" within the meaning of Treasury Regulation 1.162-27.

The maximum number of shares of Common Stock ("Shares") with respect to which ISOs and Non-ISOs, on an aggregate basis, may be granted under the Plan is 250,000. If a previously granted option expires, becomes unexercisable, or is forfeited for any reason prior to its exercise, new options may be granted under the Plan equal to the number of Shares as to which such expiration or forfeiture has occurred. The Committee selects, at its discretion, the persons who will receive options under the Plan, the number of Shares to be granted under such options, what type or combination of types of options to be granted and the time or times at which such options are granted, subject to limitations adopted by the Federal Reserve Board or other applicable bank regulatory authority ("Banking Regulations"). In making such selections and determinations, the Committee may consider the nature of the prior and anticipated future services rendered by such person, such person's current and potential contribution to the Company and such other factors as the Committee, in its sole discretion, may deem relevant. For options granted to optionees who are subject to the provisions of Section 16 of the Exchange Act and the regulations promulgated thereunder, a minimum of six months must elapse between the grant date of such options and the date of the sale of the Common Stock received through the exercise of such option, except in the event of death or disability of the optionee.

As discussed above, grants of stock options under the Plan, and the terms and conditions of such grants which are not inconsistent with the terms of the Plan, are at the discretion of the Committee. Because the amount of options and the benefits to be received by persons eligible under the Plan will depend on the Committee's actions and the fair market value of the Common Stock in the future, it is not possible to determine at this time the amount of options or benefits that will be received by such eligible persons. To date, no options have been granted under the Plan, and no options will be granted under the Plan until the Plan has been approved by the stockholders of the Company.

All stock options granted under the Plan (i) vest at the rate of 20% on the first anniversary of the grant date and 20% annually thereafter during such periods of service as an employee, director or director emeritus, except as otherwise is provided by the terms of the written agreement evidencing the terms and conditions of an individual option grant (the "Option Agreement"), (ii) become fully vested in the event of a "change in control" as defined in the Plan if such accelerated vesting is not inconsistent with applicable Banking Regulations, (iii) must be exercised within the applicable period set forth in the Option Agreement, (iv) terminate as of the date of the termination of employment or service of an optionee by the Company or its subsidiaries for "cause" as defined pursuant to any applicable Banking Regulation as determined by the Board of Directors of the Company, (v) if such options have been held for at least six months, may be exercised pursuant to a "cashless exercise", and (vi) may be subject to the Committee's sole and absolute discretion to make a cash payment, in whole or part, in lieu of the delivery of Shares. In addition to the "cashless exercise" payment option, the Plan permits payment of the exercise price to be made by cash, Common Stock or a combination of cash and Common Stock, provided that the Common Stock is valued at its fair market value at the date of exercise and has been held for more than six months. The Committee has the power to accelerate the exercise date of any option previously granted under the Plan if such action is not contrary to any applicable Banking Regulation. An Option Agreement may contain other terms, provisions and conditions not inconsistent with the Plan, as may be determined by the Committee, including additional conditions upon the right of any optionee to exercise any option.

ISOs may be granted only to employees of the Company or the Bank at an exercise price of not less than the "Fair Market Value" of the Common Stock on the date such ISO is granted. In addition, if an employee owns Common Stock representing more than 10% of the outstanding Common Stock at the time the ISO is granted, the ISO exercise price shall not be less than 110% of the "Fair Market Value" of the Common Stock on the date that the ISO is granted. A Non-ISO may be granted at an exercise price per Share as determined by the committee at its sole discretion. The closing price per share of Common Stock on March 30, 2004 was \$19.36.

Edgar Filing: GUARANTY FEDERAL BANCSHARES INC - Form DEF 14A

All ISOs granted under the Plan are subject to the following terms and conditions: (i) no ISO may be granted with an exercise date of more than ten years from the date that such ISO is granted, except that the exercise date may not exceed five years if the employee owns stock representing more than ten percent of the Common Stock outstanding at the date of grant of such ISO, (ii) no ISO may be granted more than ten years after the date the Plan was adopted, and (iii) the aggregate Fair Market Value (determined as of the date such option is granted) of the Shares with respect to which ISOs are exercisable for the first time by each employee during any calendar year (under all incentive stock option plans, as defined in Section 422 of the Code, of the Company) shall not exceed \$100,000.

If an employee's employment terminates for any reason other than "Disability" (as defined in the Plan) or death (pursuant to which different termination dates apply), then all of the optionee's ISOs, and the optionee's rights to purchase or receive Shares pursuant thereto, shall automatically terminate on (A) the earlier of (i) the respective expiration dates of any such ISOs, or (ii) the expiration of not more than three (3) months after the date of the optionee's termination of employment; or (B) at such later date as is specified in the Option Agreement based upon the optionee's continuing status as an employee, but only if, and to the extent that, the optionee was entitled to exercise any such ISOs at the date of such termination of employment.

The aggregate number of Shares for which options may be granted under the Plan, the number of Shares covered by each outstanding option, and the exercise price per Share under each such option, will all be proportionately adjusted for any increase or decrease in the number of issued and outstanding Shares resulting from a subdivision or consolidation of Shares (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares, or otherwise) or the payment of a stock dividend (but only on the Common Stock) or any other increase or decrease in the number of such Shares effected without the receipt or payment of consideration by the Company (other than Shares held by dissenting stockholders). The Committee also has the power to take certain actions as set forth in the Plan in the event of any change in control, recapitalization, merger, consolidation, exchange of Shares, spin-off, reorganization, tender offer, partial or complete liquidation or other extraordinary corporate action or event.

The Plan will become effective upon the date of approval of the Plan by the stockholders of the Company. The affirmative vote of a majority of the votes cast on this matter at the Annual Meeting is required to approve the Plan.

Federal Income Tax Consequences Relating to the Plan

The U.S. federal income tax consequences to the Company and the optionee's under the Plan are complex and subject to change. The following discussion is only a summary of the general rules applicable to the Plan. Recipients of stock options under the Plan should consult their own tax advisors since a taxpayer's particular situation may be such that some variation of the rules described below will apply.

As discussed above, either ISOs or Non-ISOs may be issued under the Plan. The tax consequences related to the issuance of each is discussed separately below.

Options

ISOs are options which are designated as such by the Company and which meet certain requirements under Section 422 of the Internal Revenue Code, as amended (the "Code"), and the regulations thereunder. Any option which does not satisfy these requirements will be treated as a Non-ISO.

Incentive Stock Options

If an option granted under the Plan is treated as an ISO, the employee will not recognize any income upon either the grant or the exercise of the option, and the Company will not be allowed a deduction for federal tax purposes. Upon a sale of the shares, the tax treatment to the employee and the Company will depend primarily upon whether the employee has met certain holding period requirements at the time he or she sells the shares. In addition, as discussed below, the exercise of an ISO may subject the employee to alternative minimum tax liability.

If an employee exercises an ISO and does not dispose of the shares received within two years after the date such option was granted or within one year after the transfer of the shares to him or her, any gain realized upon the disposition will be characterized as long-term capital gain and, in such case, the Company will not be entitled to a federal tax deduction.

If the employee disposes of the shares either within two years after the date the option is granted or within one year after the transfer of the shares to him or her, such disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the exercise price, or (2) the amount realized on the disposition minus the exercise price, will be taxed as ordinary income to the employee in the taxable year in which the disposition occurs. (However, in the case of gifts, sales to related parties, and certain other transactions, the full difference between the fair market value of the stock and the purchase price will be treated as compensation income.) The excess, if any, of the amount realized upon disposition over the fair market value at the time of the exercise of the option will be treated as long-term capital gain if the shares have been held for more than one year following the exercise of the option. In the event of a disqualifying disposition, the Company may withhold income taxes from the employee's compensation with respect to the ordinary income realized by the employee as a result of the disqualifying disposition.

The exercise of an ISO may subject an employee to alternative minimum tax liability. The excess of the fair market value of the shares at the time an ISO is exercised over the purchase price of the shares is included in income for purposes of the alternative minimum tax even though it is not included in taxable income for purposes of determining the regular tax liability of an employee. Consequently, an employee may be obligated to pay alternative minimum tax in the year he or she exercises an ISO.

In general, the Company will not be allowed a federal income tax deduction upon the grant, exercise, or termination of an ISO. However, in the event an employee sells or otherwise disposes of stock received on the exercise of an ISO in a disqualifying disposition, the Company will be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income, if any, recognized by the employee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Code.

Non-ISOs

Non-ISOs granted under the Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the optionee. An optionee generally will not recognize any taxable income at the time he or she is granted a Non-ISO. However, upon the exercise of a Non-ISO, the optionee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the optionee will be subject to income and other employee withholding taxes.

The optionee's basis for determination of gain or loss upon the subsequent disposition of shares acquired upon the exercise of a Non-ISO will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a Non-ISO, the difference between the sale price and the optionee's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year at their disposition.

In general, the Company will not be allowed a federal income tax deduction upon the grant or termination of a Non-ISO or a sale or disposition of the shares acquired upon the exercise of a Non-ISO. However, upon the exercise of a Non-ISO, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that an optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

A committee of the Bank's Board of Directors (the "Committee") administers this plan and the 2001 SCP (discussed below). Stock options awarded under the plan are considered non-qualified for federal income tax purposes. Officers, directors and employees of the Company and its subsidiaries are eligible under the plan. Stock awards and stock options vest at the rate of 20% per year over a five year period and become fully vested in the event of a "change in control" as defined in the plan. Under the stock award component of this plan, the Committee awarded 7,125 restricted shares of the Company's common stock. As of December 31, 2003, there are 1,425 restricted shares in this plan that are not vested. There have been 17,875 options granted under this plan at an exercise price of \$10.50 per share. 2001 Stock Compensation Plan. During the year ended June 30, 2001, the directors of the Company established the Stock Compensation Plan (the "2001 SCP") with both a stock award component and a stock option component. Stock options awarded under the plan are considered non-qualified for federal income tax purposes. Officers, directors and employees of the Company and its subsidiaries are eligible under the plan. Stock awards and stock options vest at the rate of 20% per year over a five year period and become fully vested in the event of a "change in control" as defined in the plan. In addition, the price of the stock options may not be less than the market value of the Company's common stock on the date of grant, and the stock options expire no later than ten years from the date of grant. No options have been granted under this plan. The maximum number of shares of the Company's common stock permitted to be awarded under this plan is 25,000 shares.

2003 Stock Option Agreement. During the period ended December 31, 2003, the independent directors of the Company authorized the issuance of 5,000 stock options as an employment inducement to a new officer of the Bank pursuant to a stock option agreement. Stock options awarded under this agreement are considered non-qualified for federal income tax purposes, vest at the rate of 20% per year over a five year period, become fully vested in the event of a "change in control" as defined in the agreement and expire no later than ten years from the date of grant. In addition, pursuant to the term of the stock option agreement which requires that the price of the stock options granted thereunder may not be less than the market value of the Company's common stock on the date of grant, all of these options were granted at an exercise price of \$17.20 per share.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of seven directors. The Board of Directors has determined that each of these directors is independent under the Marketplace Rules of NASD. In particular, each of these directors is independent as defined under Rule 4200(a)(15) and Rule 4350(d)(2)(A)(ii). The Board has also determined that Mr. Lipscomb qualifies as an Audit Committee Financial Expert as defined by the rules and regulations of the Securities and Exchange Commission (the "SEC"). *Only this paragraph of the Report of the Audit Committee shall be incorporated by reference into the Company's Annual Report on form 10-K filed with the SEC under the Securities and Exchange Act of 1934, as amended, notwithstanding the incorporation by reference of this Report of the Audit Committee into such filing.*

The Audit Committee operates under a written charter adopted by the Company's Board of Directors. A copy of the charter is included as Appendix B to this proxy statement.

The primary duties and responsibilities of the Audit Committee are to (i) monitor the Company's financial reporting process and systems of internal control, (ii) monitor the independence and performance of the Company's independent auditors and outsourced internal auditors, and (iii) assure that management, the board of directors, the outsourced internal auditors and the independent auditors have the opportunity to communicate with one another.

The Committee has reviewed and discussed the audited consolidated financial statements with management and has discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee has also received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Committee has discussed with the independent accountants that firm's independence. The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence.

Based upon the Committee's discussions and review described above, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the transition period ended December 31, 2003 filed with the Securities and Exchange Commission.

Such Shares may be from authorized but unissued shares, treasury shares or shares purchased in the market for Plan purposes. If an Option shall expire, become unexercisable, or be forfeited for any reason prior to its exercise, new Options may be granted under the Plan with respect to the number of Shares as to which such expiration has occurred.

4. **Six Month Holding Period.**

Subject to vesting requirements, if applicable, except in the event of death or Disability of the Optionee, a minimum of six months must elapse between the date of the grant of an Option granted to an Insider and the date of the sale of the Common Stock received through the exercise of such Option.

5. **Administration of the Plan.**

- (a) **Composition of the Committee.** The Plan shall be administered by the Committee. The Committee shall consist of not less than two Directors of the Corporation appointed by the Board and serving at the pleasure of the Board. All persons designated as members of the Committee shall meet the requirements of a "Non-Employee Director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an "Outside Director" within the meaning of Treasury Regulation Section 1.162-27(e)(3).
- (b) **Powers of the Committee.** The Committee is authorized to do the following (but only to the extent not contrary to the express provisions of the Plan or to resolutions adopted by the Board):
 - (i) To determine from time to time which of the persons eligible under the Plan shall be granted Options, when and how each Option shall be granted, what type or combination of types of Options shall be granted, the provisions of each Option granted (which need not be identical), including the time or times when a person shall be permitted to receive Common Stock pursuant to an Option, and the number of Shares with respect to which an Option shall be granted to each such person.
 - (ii) To interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, and to correct any defect, omission or inconsistency in the Plan or in any Agreement, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.
 - (iii) To amend the Plan or an Option, subject to the limitations applicable to the Board set out in Section 15(a).
 - (iv) To terminate or suspend the Plan.
 - (v) Generally to exercise such powers and to perform such acts as the Committee deems necessary or expedient to promote the best interests of the Corporation that are not in conflict with the provisions of the Plan.

A majority of the entire Committee shall constitute a quorum and the action of a majority of the members present at any meeting at which a quorum is present shall be deemed the action of the Committee. In no event may the Committee revoke outstanding Options without the consent of the Optionee.

The President of the Corporation and such other officers as shall be designated by the Committee are hereby authorized to execute Agreements on behalf of the Corporation and to cause them to be delivered to the Optionees.

- (c) **Effect of Committee's Decision.** All decisions, determinations and interpretations of the Committee shall be final and conclusive on all persons affected thereby.

6. **Eligibility for Options and Limitations.**

- (a) In selecting Optionees and in determining the number of Shares to be subject to Options, the Committee may consider the nature of the prior and anticipated future services rendered by each such person, each such person's current and potential contribution to the Corporation and such other factors as the Committee, in its sole discretion, may deem relevant. Optionees who have been granted an Option, if otherwise eligible, may be granted additional Options.
- (b) All grants of options hereunder shall be subject to limitations adopted by the Federal Reserve Board or other applicable bank regulatory authority.

7. **Terms and Conditions Applicable To All Options.** Each Option granted pursuant to the Plan shall be evidenced by an instrument in such form as the Committee shall from time to time approve, and shall comply with and be subject to the following terms and conditions.

- (a) **Option Price.** The exercise price per Share for each Option granted pursuant to the Plan shall be at such price as the Committee may determine in its sole discretion.
- (b) **Payment.** Full payment for each Share purchased upon the exercise of any Option granted under the Plan shall be made at the time of exercise of the Option and shall be paid in cash (in United States Dollars), Common Stock or a combination of cash and Common Stock. Common Stock utilized in full or partial payment of the exercise price shall be valued at its Fair Market Value at the date of exercise, and shall

have been held for more than six (6) months, or such longer or shorter period of time required to avoid a charge for financial accounting purposes. The Corporation shall accept full or partial payment in Common Stock only to the extent permitted by applicable law. No Shares shall be issued upon exercise of an Option until full payment has been received by the Corporation and no Optionee shall have any of the rights of a stockholder of the Corporation until the Shares are issued to the Optionee.

(c) **Exercise Generally.** The Committee may impose additional conditions upon the right of any Optionee to exercise any Option granted hereunder which is not inconsistent with the terms of the Plan. Except as otherwise provided by the terms of the Plan or the Agreement, the Options will be first exercisable at the rate of 20% on the one year anniversary of the date of grant and 20% annually thereafter during such periods of service as an Employee, Director or Director Emeritus. To the extent that any Option is not exercised within the applicable period set forth in the Agreement, the Option, and all rights to purchase or receive Shares pursuant thereto, shall terminate on the last day of the applicable period.

(d) **Cashless Exercise.** Subject to applicable vesting requirements, an Optionee who has held an Option for at least six months may engage in the "cashless exercise" of the Option. Upon a cashless exercise, an Optionee gives the Corporation written notice of the exercise of the Option together with an order to a registered broker-dealer or equivalent third party, to sell part or all of the Optioned Stock and to deliver enough of the proceeds to the Corporation to pay the Option exercise price and any applicable withholding taxes. If the Optionee does not sell the Optioned Stock through a registered broker-dealer or equivalent third party, the Optionee can give the Corporation written notice of the exercise of the Option and the third party purchaser of the Optioned Stock shall pay the Option exercise price plus any applicable withholding taxes to the Corporation.

(e) **Cash Settlement.** Upon the exercise of an Option by an Optionee (or the Optionee's personal representative), the Committee, in its sole and absolute discretion, may make a cash payment to the Optionee, in whole or in part, in lieu of the delivery of Shares. Such cash payment to be paid in lieu of delivery of Common Stock shall be equal to the difference between the Fair Market Value of the Common Stock on the date of the Option exercise and the exercise price per Share under the Option. Such cash payment shall be in exchange for the cancellation of such Option. Such cash payment shall not be made in the event that such transaction would result in liability to the Optionee or the Corporation under Section 16(b) of the Securities Exchange Act of 1934, as amended, and regulations promulgated thereunder.

8. Terms and Conditions of Incentive Stock Options. Incentive Stock Options may be granted only to Employees, and shall comply with, and be subject to, the following terms and conditions:

(a) **Option Price.**

(i) The price per Share at which each ISO granted by the Committee under the Plan may be exercised shall not, as to any particular ISO, be less than the Fair Market Value of the Common Stock on the date that such ISO is granted.

(ii) In the case of an Employee who owns Common Stock representing more than ten percent (10%) of the outstanding Common Stock at the time the ISO is granted, the ISO exercise price shall not be less than one hundred and ten percent (110%) of the Fair Market Value of the Common Stock on the date that the ISO is granted.

(b) **Term of Incentive Stock Option.** The term of exercisability of each ISO granted pursuant to the Plan shall be not more than ten (10) years from the date each such ISO is granted, provided that in the case of an Employee who owns stock representing more than ten percent (10%) of the Common Stock outstanding at the time the ISO is granted, the term of exercisability of the ISO shall not exceed five (5) years. No ISO may be granted more than ten (10) years after the earlier of (i) the date the Plan was adopted, or (ii) the date the Plan was approved by shareholders.

(c) **Transferability.** An ISO granted pursuant to the Plan shall be exercised during an Optionee's lifetime only by the Optionee to whom it was granted and shall not be assignable or transferable otherwise than by will or by the laws of descent and distribution.

(d) **\$100,000 Limit.** The aggregate Fair Market Value (determined as of the date the Option is granted) of the Shares with respect to which ISOs are exercisable for the first time by each Employee during any calendar year (under all incentive stock option plans, as defined in Section 422 of the Code, of the Corporation or any present or future Parent or Subsidiary of the Corporation) shall not exceed \$100,000. Notwithstanding the preceding sentence, the Committee may grant Options in excess of such limitation, and to the extent the \$100,000 limit is exceeded with respect to an Option that would be an ISO if not for such limit, the Option shall be treated as a Non-ISO.

(e) **Termination of Employment.** If an Optionee's employment terminates for any reason other than Disability or death, all of the Optionee's ISOs, and the Optionee's rights to purchase or receive Shares pursuant thereto, shall automatically terminate on (A) the earlier of (i) the respective expiration dates of any such ISOs, or (ii) the expiration of not more than three (3) months after the date of the Optionee's termination of employment; or (B) at such later date as is specified in the Agreement based upon the Optionee's continuing status as an Employee, but only if, and to the extent that, the Optionee was entitled to exercise any such ISOs at the date of such termination of employment, and further that such Option shall thereafter be deemed a Non-ISO. In the event that a Subsidiary ceases to be a Subsidiary of the Corporation, the employment of all of its employees who are not immediately thereafter employees of the Corporation shall be deemed to terminate upon the date such Subsidiary so ceases to be a Subsidiary of the Corporation.

(i) **Disability.** In the event that any Optionee's employment with the Corporation shall terminate as the result of the Disability of such Optionee, the expiration date referred to in Section 8(e) above shall be the date which is one (1) year after the date of the Optionee's termination of employment, but only if, and to the extent that, the Option was exercisable at the date of such termination of employment.

(ii) **Death.** In the event of the death of an Optionee, any ISOs granted to the Optionee may be exercised by the person or persons to whom the Optionee's rights under any such ISOs pass by will or by the laws of descent and distribution (including the Optionee's estate during the period of administration), and the expiration date referred to in Section 8(e) above shall be the date which is two (2) years after the date of death of the Optionee but only if, and to the extent that, the Option was exercisable at the Optionee's date of death. For purposes of this Section 8(e)(ii), any ISO held by an Optionee shall be considered exercisable at the date of his death if the only unsatisfied condition precedent to the exercisability of such ISO at the date of death is the Optionee's continued status as an Employee for a specified period of time.

9. **Withholding Tax.** The Corporation shall have the right to deduct from all amounts paid in cash with respect to the exercise of Options any taxes required by law to be withheld with respect to such cash payments. If an Optionee or other person is entitled to receive Shares pursuant to the exercise of an Option, the Corporation shall have the right to require the Optionee or such other person to pay the Corporation the amount of any taxes which the Corporation is required to withhold with respect to such Shares, or, in lieu thereof, to retain, or to sell without notice, a number of such Shares sufficient to cover the amount required to be withheld.

10. **Recapitalization, Merger, Consolidation, Change in Control and Other Transactions.**

(a) **Adjustment.** Subject to any required action by the stockholders of the Corporation, within the sole discretion of the Committee, the aggregate number of Shares for which Options may be granted hereunder, the number of Shares covered by each outstanding Option, and the exercise price per Share under each such Option, shall all be proportionately adjusted for any increase or decrease in the number of issued and outstanding Shares resulting from a subdivision or consolidation of Shares (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares, or otherwise) or the payment of a stock dividend (but only on the Common Stock) or any other increase or decrease in the number of such Shares effected without the receipt or payment of consideration by the Corporation (other than Shares held by dissenting stockholders).

(b) **Change in Control.** All outstanding Options shall become immediately exercisable in the event of a Change in Control of the Corporation, as determined by the Committee, provided that such accelerated vesting is not inconsistent with applicable regulations of Federal Reserve Board or other appropriate banking regulatory agency at the time of such Change in Control. In the event of such a Change in Control, the Committee or the Board of Directors will take one or more of the following actions to be effective as of the date of such Change in Control:

(i) provide that such Options shall be assumed, or equivalent options shall be substituted, ("Substitute Options") by the acquiring or succeeding corporation (or an affiliate thereof), provided that: (A) any such Substitute Options exchanged for ISOs shall meet the requirements of Section 424(a) of the Code, and (B) the shares of stock issuable upon the exercise of such Substitute Options shall constitute securities registered in accordance with the Securities Act of 1933, as amended, ("1933 Act") or such securities shall be exempt from such registration in accordance with Sections 3(a)(2) or 3(a)(5) of the 1933 Act, (collectively, "Registered Securities"), or in the alternative, if the securities issuable upon the exercise of such Substitute Options shall not constitute Registered Securities, then the Optionee will receive upon consummation of the Change in Control transaction a cash payment for each Option surrendered equal to the difference between (1) the Fair Market Value of the consideration to be received for each Share in the Change in Control transaction times the number of Shares subject to such surrendered Options, and (2) the aggregate exercise price of all such surrendered Options, or

(ii) in the event of a transaction under the terms of which the holders of the Common Stock of the Corporation will receive upon consummation thereof a cash payment (the "Merger Price") for each Share exchanged in the Change in Control transaction, to make or to provide for a cash payment to the Optionees equal to the difference between (A) the Merger Price times the number of Shares subject to such Options held by each Optionee (to the extent then exercisable at prices not in excess of the Merger Price) and (B) the aggregate exercise price of all such surrendered Options in exchange for such surrendered Options.

(c) **Extraordinary Corporate Action.** Notwithstanding any provisions of the Plan to the contrary, subject to any required action by the stockholders of the Corporation, in the event of any Change in Control, recapitalization, merger, consolidation, exchange of Shares, spin-off, reorganization, tender offer, partial or complete liquidation or other extraordinary corporate action or event, the Committee, in its sole discretion, shall have the power, prior or subsequent to such action or event to:

(i) appropriately adjust the number of Shares subject to each Option, the Option exercise price per Share, and the consideration to be given or received by the Corporation upon the exercise of any outstanding Option;

(ii) cancel any or all previously granted Options, provided that appropriate consideration is paid to the Optionee in connection therewith; and/or

(iii) make such other adjustments in connection with the Plan as the Committee, in its sole discretion, deems necessary, desirable, appropriate or advisable; provided, however, that no action shall be taken by the Committee which would cause ISOs granted pursuant to the Plan to fail to meet the requirements of Section 422 of the Code without the consent of the Optionee.

(d) **Acceleration.** The Committee shall at all times have the power to accelerate the exercise date of Options previously granted under the Plan; provided that such action is not contrary to regulations of any applicable banking regulatory agency then in effect.

Except as expressly provided in Sections 10(a) and 10(b), no Optionee shall have any rights by reason of the occurrence of any of the events described in this Section 10.

11. **Time of Granting Options.** The date of grant of an Option under the Plan shall, for all purposes, be the date on which the Committee makes the determination of granting such Option. Notice of the grant of an Option shall be given to each individual to whom an Option is so granted within a reasonable time after the date of such grant in a form determined by the Committee.

12. **Effective Date.** The Plan shall become effective upon the date of approval of the Plan by the stockholders of the Corporation. The Committee may make a determination related to Options prior to the Effective Date with such Options to be effective upon the date of stockholder approval of the Plan.

13. **Approval by Stockholders.** The Plan shall be approved by stockholders of the Corporation within twelve (12) months before or after the date the Plan is approved by the Board.

14. **Modification of Options.** At any time and from time to time, the Board may authorize the Committee to direct the execution of an instrument providing for the modification of any outstanding Option, provided no such modification, extension or renewal shall confer on the holder of said Option any right or benefit which could not be conferred on the Optionee by the grant of a new Option at such time, or shall not materially decrease the Optionee's benefits under the Option without the consent of the holder of the Option, except as otherwise permitted under Section 15 hereof.

15. Amendment and Termination of the Plan.

(a) Action by the Board. The Board may alter, suspend or discontinue the Plan, except that no action of the Board may increase (other than as provided in Section 10 hereof) the maximum number of Shares permitted to be optioned under the Plan, materially increase the benefits accruing to Optionees under the Plan or materially modify the requirements for eligibility for participation in the Plan unless such action of the Board shall be subject to approval or ratification by the stockholders of the Corporation.

(b) Change in Applicable Law. Notwithstanding any other provision contained in the Plan, in the event of a change in any federal or state law, rule or regulation which would make the exercise of all or part of any previously granted Option unlawful or subject the Corporation to any penalty, the Committee may restrict any such exercise without the consent of the Optionee or other holder thereof in order to comply with any such law, rule or regulation or to avoid any such penalty.

16. Conditions Upon Issuance of Shares; Limitations on Option Exercise; Cancellation of Option Rights.

(a) Shares shall not be issued with respect to any Option granted under the Plan unless the issuance and delivery of such Shares shall comply with all relevant provisions of applicable law, including, without limitation, the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, any applicable state securities laws and the requirements of any stock exchange upon which the Shares may then be listed.

(b) The inability of the Corporation to obtain any necessary authorizations, approvals or letters of non-objection from any regulatory body or authority deemed by the Corporation's counsel to be necessary to the lawful issuance and sale of any Shares issuable hereunder shall relieve the Corporation of any liability with respect to the non-issuance or sale of such Shares.

(c) As a condition to the exercise of an Option, the Corporation may require the person exercising the Option to make such representations and warranties as may be necessary to assure the availability of an exemption from the registration requirements of federal or state securities law.

(d) Notwithstanding anything herein to the contrary, upon the termination of employment or service of an Optionee by the Corporation or its Subsidiaries for "cause" as defined pursuant to any applicable banking regulation as determined by the Board, all Options held by such Optionee shall cease to be exercisable as of the date of such termination of employment or service.

17. Reservation of Shares. During the term of the Plan, the Corporation will reserve and keep available a number of Shares sufficient to satisfy the requirements of the Plan.

18. Unsecured Obligation. No Optionee under the Plan shall have any interest in any fund or special asset of the Corporation by reason of the Plan or the grant of any Option under the Plan. No trust fund shall be created in connection with the Plan or any grant of any Option hereunder and there shall be no required funding of amounts which may become payable to any Optionee.

19. No Employment Rights. No Director, Employee or other person shall have a right to be selected as an Optionee under the Plan. Neither the Plan nor any action taken by the Committee in administration of the Plan shall be construed as giving any person any rights of employment or retention as an Employee, Director or in any other capacity with the Corporation, the Savings Bank or other Subsidiaries.

20. Governing Law. The Plan shall be governed by and construed in accordance with the laws of the State of Missouri, except to the extent that federal law shall be deemed to apply.

Nominating Committee Charter

APPENDIX C

Purpose

The Nominating Committee (the "Committee") shall be appointed by the Board of Directors (the "Board") of Guaranty Federal Bancshares, Inc. (the "Corporation") for the purpose of (i) identifying individuals qualified to serve as Board members, consistent with criteria approved by the Board; (ii) recommending to the Board the director nominees for election or appointment to the Board of Directors; and (iii) recommending to the Board director nominees for each committee.

Committee Composition and Meetings

The Committee shall be comprised of three or more directors (including a chairperson) as appointed by the Board, each of whom shall be an independent director as defined by the Nasdaq Stock Market (the "Nasdaq") listing standards and each of whom shall be free from any relationship that would interfere with the exercise of his or her independent judgment. The Board shall have the power at any time to change or replace the membership of the Committee and to fill vacancies, subject to the qualification requirements of this Charter. The Committee chairperson shall be designated by the Board, or if the Board chooses not to do so, by a majority vote of the Committee.

The Committee shall meet at least two times annually or more frequently as circumstances dictate. The Committee will cause to be kept adequate minutes of all its proceedings, will report its actions at the next meeting of the Board and will file the Committee minutes with the minutes of the meeting of the Board. Committee members will be furnished with copies of the minutes of each meeting and any action taken by unanimous consent. The Committee is governed by the same rules regarding meetings (including meetings by conference telephone or similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board. The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the Bylaws of the Corporation, or (c) the laws of the state of Delaware.

Committee Authority, Responsibilities and Process

The Committee shall have the following authority and responsibilities:

- 1.Recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board.
- 2.Access to the Corporation's resources and to request that any directors, officers or employees of the Corporation, or other persons whose advice and counsel are sought by the Committee, attend any meeting of the Committee to provide such pertinent information as the Committee requests.
- 3.Recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Corporation's Certificate of Incorporation and Bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Corporation's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. The Committee shall monitor the mix of skills and experience of its directors and committee members in order to assess whether the Board has the appropriate tools to perform its oversight function effectively.
Taking this into account, for each year's nominations the Committee will take the following steps:
 - a. With respect to nominating existing directors, the Committee will review relevant information available to it and assess their continued ability and willingness to serve as a director. The Committee will also assess such persons contribution in light of the mix of skills and experience the Committee has deemed appropriate for the Board.
 - b. With respect to nominations of new directors, the Committee will conduct a thorough search to identify candidates based upon criteria the Committee deems appropriate and considering the mix of skills and experience necessary to complement existing Board members. The Committee will then review selected candidates and make a recommendation to the Board. The Committee may seek input from other Board members or senior management in identifying candidates.
- 4.Conduct or authorize studies of or investigations into matters within the Committee's scope of responsibilities, and may retain, at the Corporation's expense, such counsel or other advisers as it deems necessary (which may, if the Committee deems it appropriate, be the Corporation's legal counsel, accountants or other advisers). The Committee shall have the authority to retain or terminate one or more search firms to assist the Committee in identifying director candidates and otherwise carrying out its responsibilities, including sole authority to approve the search firm's fees and retention terms, which fees shall be borne by the Corporation.
- 5.Review nominations submitted by stockholders, which have been addressed to the corporate secretary, and which comply with the requirements of the Corporation's Certificate of Incorporation and Bylaws. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations.
- 6.Annually (i) recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary, and (ii) review and reassess the adequacy of this Charter and recommend any proposed changes to the Board for approval.
- 7.Form and delegate authority to subcommittees when appropriate.
- 8.Perform any other duties or responsibilities expressly delegated to the Committee by the Board.
