PROXY SOLICITATION AND VOTING INFORMATION

The enclosed proxy is solicited by the Board of Directors of Water Pik Technologies, Inc., a Delaware corporation, ("Water Pik Technologies," the "Company," "we," "our" or "us") for use in voting at the 2005 Annual Meeting to be held at 9:00 a.m., Pacific Daylight Time on Thursday, May 12, 2005, at Gateway Plaza, 170 Newport Center Drive, Suite 100, Newport Beach, California 92660, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This definitive Proxy Statement and the proxy card are first being mailed to stockholders on or about March 1, 2005. The Proxy Statement will be filed with the Securities and Exchange Commission and will be available at the "Investors/Corporate Information" section on our website at www.waterpik.com on or about March 1, 2005.

YOUR VOTE IS IMPORTANT. PLEASE VOTE AS SOON AS POSSIBLE BY COMPLETING, SIGNING AND DATING THE PROXY CARD ENCLOSED WITH THIS PROXY STATEMENT AND RETURNING IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE, OR BY USING THE TELEPHONE OR INTERNET. PLEASE READ THE INSTRUCTIONS ON THE PROXY OR VOTING INSTRUCTION CARD REGARDING EACH OF THESE VOTING OPTIONS.

Who May Vote?

If you were a stockholder on the records of the Company at the close of business on March 14, 2005, you may vote at the 2005 Annual Meeting. On that day, there were _____ shares of our Common Stock outstanding.

How Many Votes Do I Have?

Each share is entitled to one vote. In order to vote, you must either designate a proxy to vote on your behalf or attend the meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the Annual Meeting.

How Will The Board Vote My Proxy?

A properly executed proxy received by the Secretary prior to the meeting, and not revoked, will be voted as directed by the stockholder. If the stockholder provides no specific direction, the shares will be voted FOR the election of the Directors nominated by the Board, FOR the amendment of the Company's restated Certificate of Incorporation to declassify the Board of Directors, and FOR the proposal to ratify the appointment of the independent registered public accounting firm. If any other matter should be presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by the proxy will be voted in accordance with the judgment of the holders of the proxy. However, if your stock is held in a brokerage account, see below under "Voting Shares Held by Brokers, Banks and Other Nominees" and "Required Vote" for information on how your stock is voted.

How May I Vote?

Stockholders may complete, sign, date and return their proxy cards in the postage-paid envelope provided. If you sign, date and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors (except for shares held in employee benefit plans and by brokers, banks and other nominees described below).

If you are a registered stockholder (you do not hold your shares through a broker or company benefit plan), you may vote by telephone, or electronically through the Internet, by following the instructions included with your proxy card. If your shares are held in "street name" (i.e., through a broker or other nominee), please check your proxy card or contact your broker or nominee to determine whether you will

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form PRE 14A

be able to vote by telephone or electronically. The deadline for voting by telephone or electronically is 11:59 p.m. Eastern Daylight Time on May 11, 2005. For shares held in the Company's retirement or stock ownership plans, your voting instructions must be received by 11:59 p.m. Eastern Daylight Time on May 10, 2005 in order for the trustee to vote your shares in accordance with your instructions.

How Can I Revoke My Proxy?

If you are a registered owner, you may change your mind and revoke your proxy at any time before it is voted at the meeting by:

sending a written notice to revoke your proxy to the Corporate Secretary of the Company, which must be received by the Company before the Annual Meeting commences;

transmitting a proxy by mail at a later date than your prior proxy, which must be received by the Company before the Annual Meeting commences; or

attending the Annual Meeting and voting in person or by proxy (except for shares held in the employee benefit plans described below).

If you hold your shares through a broker or Company benefit plan, you should contact your broker or the plan trustee if you wish to revoke your proxy.

Voting by Employee Benefit Plan Participants

Participants who hold our Common Stock in one of our retirement or stock ownership plans may tell the plan trustee how to vote the shares of our Common Stock allocated to their accounts. You may sign and return the voting instruction card provided by the plan. If you do not transmit instructions, your shares will be voted as the plan administrator directs or as otherwise provided in the plan.

Voting Shares Held by Brokers, Banks and Other Nominees

If you hold your shares in a broker, bank or other nominee account, you are a "beneficial owner" of our Common Stock holding in "street name." In order to vote your shares, you must give voting instructions to your bank, broker or other intermediary who is the "nominee holder" of your shares. We ask brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of our Common Stock. Proxies that are transmitted by nominee holders on your behalf will count toward a quorum and will be voted as instructed by the nominee holder. If no instructions are specified by you to your broker or other nominee, your shares may, at the discretion of the broker, be voted FOR the election of the Directors nominated by the Board, FOR the proposal to ratify the appointment of the independent registered public accounting firm, and FOR the amendment of the Company's Restated Certificate of Incorporation to declassify the Board.

Required Vote

The presence, in person or by proxy, of the holders of a majority of all of the shares of our Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

A plurality of the votes cast is required for the election of Directors so that the three individuals who receive the highest number of votes cast will be elected. The affirmative vote of a majority of the votes cast is required to ratify the appointment of the independent registered public accounting firm. The affirmative vote of at least 75 percent of all outstanding shares of the Company's Common Stock is required to approve the amendment to the Company's Restated Certificate of Incorporation to declassify the Board. Any vote characterized as an abstention is not counted as a vote cast. Broker non-votes, which relate to shares for which nominee holders do not obtain voting instructions from the beneficial holders, are not counted as votes cast. Abstentions and broker non-votes are considered present at the meeting for purposes of determining whether a quorum is present.

Cost of Proxy Solicitation

We pay the cost of preparing, assembling and mailing this proxy-soliciting material. Our Directors, officers and employees may, without compensation other than their regular compensation, solicit proxies by telephone, personal conversation or other means of communication. We will reimburse banks, brokers and other nominee holders for reasonable expenses they incur in sending these proxy materials to our beneficial stockholders whose stock is registered in the nominee's name.

BOARD COMPOSITION AND PRACTICES

Information and Meetings

The Board of Directors directs the management of the business and affairs of the Company as provided in the Amended and Restated Bylaws ("Bylaws") of the Company and the laws of the State of Delaware. Members of the Board keep informed about our business through discussions with senior management and other officers and managers of the Company and its subsidiaries, by reviewing analyses and reports sent to them, and by participating in Board and committee meetings. The non-employee Directors of our Board hold executive sessions without management on a regular basis.

During calendar year 2004, the Board held nine meetings, and the Board acted five times by unanimous written consent. In 2004, each Director attended at least 75 percent of the meetings of the Board and those committees on which they served. As reflected in our Corporate Governance Guidelines discussed in greater detail below, our Board members are encouraged to prepare for and attend all meetings, including meetings of our stockholders, our Board and Board committees of which they are a member. Our Annual Meeting of Stockholders in May 2004 was attended by all seven of our Directors.

Number of Directors

The Board of Directors determines the number of Directors. The Board currently consists of seven members. Except as otherwise required under our Bylaws, the Board shall consist of not less than four and not more than ten members.

Director Terms

The Directors are divided into three classes and the Directors in each class serve for a three-year term. The term of one class of Directors expires each year at the Annual Meeting of Stockholders. The Board may fill a vacancy by electing a new Director to the same class as the Director being replaced. The Board may also create a new Director position in any class and elect a Director to hold the newly created position until the term of the class expires. If Proposal Two is approved, directors will be elected to one-year terms beginning next year for those directorships that expire at our 2006 Annual Meeting. As the three-year terms of the remaining two classes of directors expire in 2007 and 2008, those directorships will become subject to one-year terms so that by 2008 all directors will be elected annually.

Presiding Director

Our Chairman, Robert P. Bozzone, acts as the Presiding Director at executive sessions of our Board. In the event that our Chairman is unavailable to serve as Presiding Director at executive sessions, responsibility for the function would rotate among the chairs of each of the Board committees.

Communications with the Board

Stockholders and other parties interested in communicating with the Presiding Director or with the non-management Directors as a group may do so by writing to Presiding Director, c/o Corporate Secretary, Water Pik Technologies, Inc., 23 Corporate Plaza, Suite 246, Newport Beach, CA 92660. The Corporate Secretary will review such correspondence, and forward to the appropriate members of the Board copies of all such correspondence that, in the opinion of the Corporate Secretary, deals with the

functions of the Board or its committees or that he otherwise determines requires their attention. Concerns relating to accounting, internal controls or auditing matters should be immediately brought to the attention of the Company's internal audit department and will be handled in accordance with procedures established by the Board's Audit and Finance Committee. For further information regarding communications with our Board or Audit and Finance Committee, visit the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com.

CORPORATE GOVERNANCE

Director Independence

The Board and its Nominating and Governance Committee have determined, after careful review, that each member of the Board is independent under the independence standards of the New York Stock Exchange ("NYSE") listing rules, with the exception of Mr. Hoopis, our Chief Executive Officer. In reaching its conclusions, the Board considered all relevant facts and circumstances with respect to any direct or indirect relationships between the Company and each of the non-management directors, including those disclosed below under the sections entitled "Certain Relationships and Related Transactions with the Company" and "Compensation Committee Interlocks and Insider Participation." The Board determined that any relationships that exist or existed in the past between the Company and each of the non-management directors were immaterial on the basis of the information set forth in the above-referenced sections.

In accordance with the Board's independence evaluation, six out of seven of the current members of the Board are independent directors. In addition, all of our Board committees consist only of independent directors.

Corporate Governance Guidelines

Our Board of Directors believes that sound governance practices and policies provide an important framework to assist them in fulfilling their duty to stockholders. When we first became a public company in 1999, our Board adopted many "best practices" in the area of corporate governance, including separate committees of the Board for each of the areas of audit and finance, nominating and governance and executive compensation, charters for each of the committees of the Board, corporate ethics and compliance guidelines which are distributed no less than annually with follow up questionnaires to key personnel, careful annual review of the independence of the members of our Audit and Finance and Personnel and Compensation Committees, maintenance of a majority of independent Board members, and written expectations of management and directors, among other things. These governance controls were built upon a strong foundation of internal financial and compliance controls developed over the years when our two business segments, the Personal Health Care segment and the Pool Products and Heating Systems segment, were operated under Allegheny Teledyne Incorporated, now known as Allegheny Technologies Incorporated ("ATI").

In March 2003, our Board formally adopted the Corporate Governance Guidelines of Water Pik Technologies, Inc., (the "Governance Guidelines") which were developed by our Nominating and Governance Committee. Our Governance Guidelines incorporate the practices and policies under which our Board has operated since its inception, in addition to many of the concepts suggested by various authorities in corporate governance and the requirements under NYSE listed company standards and the Sarbanes-Oxley Act of 2002. Some of the principal subjects covered by our Governance Guidelines include:

Standards of Director qualifications, including measuring each candidate's independence, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of our business environment and ability to devote adequate time and effort to Board responsibilities; prompt review of any changes in employment or other board memberships; and mandatory retirement.

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form PRE 14A

Responsibilities of Directors, including acting in the best interests of all stockholders, maintaining independence, developing and maintaining a sound understanding of our businesses and industries, attending and preparing for meetings, endeavoring to be available upon reasonable notice, and providing active, objective and constructive participation at all meetings.

Director access to management, and as necessary and appropriate, independent advisors, including encouraging presentations to the Board from various functional areas of the business, fostering management development through contact with the Board, and maintaining adequate funding to retain independent advisors for the Board and its committees as necessary and appropriate.

Director orientation and continuing education, including a formal program to familiarize new directors with our business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and ethics, corporate governance guidelines and our principal officers, internal auditors and independent auditors. In addition, each Director is expected to participate in continuing educational programs to maintain sufficient expertise necessary to perform their duties as a Director.

Management succession, including an annual report prepared by the Chief Executive Officer for the Board regarding succession planning for all senior management positions and an assessment of senior managers and their potential to succeed to the position of Chief Executive Officer or other senior management positions.

Annual performance evaluation of the Board, including an annual self-assessment of the Board's performance as well as the performance of each committee of the Board, the results of which will be discussed with the full Board and each committee.

Executive sessions without management held no less than four times per year. In addition, the Audit and Finance Committee meets separately with internal and external auditors at each committee meeting.

Code of Ethics

The Company has Ethics and Compliance Guidelines which are distributed to all employees annually and new employees at the time of hire. In addition, we have adopted a Code of Ethics for Financial Executives that applies to our Chief Executive Officer, Chief Financial Officer and other key accounting and financial personnel. Copies of our Ethics and Compliance Guidelines and Code of Ethics for Financial Executives can be found under the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com. We intend to disclose any amendments or waivers of our Code of Ethics at this location on our website.

Other Governance Matters

In addition to the governance initiatives discussed above, our Chief Executive Officer and Chief Financial Officer have provided the certifications of our SEC filings required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 each quarter since the rules were adopted. We have also implemented an internal certification process, appointed a disclosure committee and adopted a disclosure committee charter to assist the Chief Executive Officer and Chief Financial Officer in fulfilling their duties. We have adopted new charters for our Board committees in compliance with the NYSE listed company standards.

You can access our committee charters, Governance Guidelines, Ethics and Compliance Guidelines, and Code of Ethics for Financial Officers, as well as other corporate governance materials by visiting the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com. These materials are also available in print to any stockholder who requests it by contacting our Corporate Secretary at 23 Corporate Plaza, Suite 246, Newport Beach, California 92660 or by telephone at (949) 719-3700.

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors has nominated for election this year three Class III incumbent Directors whose terms expire at the 2005 Annual Meeting.

The three-year term of the Class III Directors nominated this year will expire at the 2008 Annual Meeting. The three individuals who receive the highest number of votes cast will be elected.

If you sign and return your proxy card, the individuals named as proxies on the card will vote your shares for the election of the three nominees named below unless you provide other instructions. You may withhold authority for the proxies to vote your shares on any or all of the nominees by following the instructions on your proxy card. If a nominee becomes unable to serve, the proxies will vote for a Board-designated substitute or the Board may reduce the number of Directors. The Board of Directors has no reason to believe that any nominee will be unable to serve.

COMMITTEES OF THE BOARD OF DIRECTORS

Standing Committees

The Board has three standing committees: a Nominating and Governance Committee, a Personnel and Compensation Committee and an Audit and Finance Committee. The committee functions, committee members and number of meetings held during 2004 are identified below.

Nominating and Governance Committee

During fiscal year 2004, the Nominating and Governance Committee consisted of Messrs. Bozzone, Cuneo, McClelland and Ouchi, with Mr. McClelland serving as Chair. Each member of the Committee is an "independent director" within the meaning of the NYSE listed company standards. The Committee met two times and acted one time by unanimous written consent during 2004. The charter for the Nominating and Governance Committee is in compliance with NYSE listed company standards. A copy of the Committee's Charter can be found under the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com.

Among other things, the Nominating and Governance Committee recommends criteria for selection of new Board members; recruits and recommends director candidates to the Board; considers nominees recommended by stockholders in accordance with the requirements contained in the Company's certificate of incorporation, bylaws and SEC rules; develops and recommends corporate governance principles applicable to the Company and advises the Board with respect to governance matters; recommends Committee appointments; annually reviews the Committee's performance; oversees the evaluation of the Board and Company management; and makes recommendations with respect to the remuneration paid and benefits provided to members of the Board in connection with their service on the Board and its committees.

The Committee will consider recommendations of nominees from stockholders of the Company that are submitted in accordance with the procedures for nominations set forth under the section entitled "2006 Annual Meeting and Stockholder Proposals" in this Proxy Statement. In addition, such recommendations should be accompanied by the candidate's name, biographical data and qualifications and a written statement from the individual evidencing his or her consent to be named as a candidate and, if nominated and elected, to serve as a Director. Other than as stated herein, the Company does not have a formal policy with respect to consideration of director candidates recommended by stockholders, as the Board believes that each candidate, regardless of the source of the recommendation, should be evaluated in light of all relevant facts and circumstances, including those set forth in the Company's Governance Guidelines. Nominees for director are selected on the basis of, among other things, independence, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, ability to devote adequate time and effort to Board responsibilities and commitments to other public company boards. Other criteria for director candidates considered by the Committee and the Board include age, diversity, whether the candidate has any conflicts of interest, whether the candidate has the requisite independence and skills for board and committee service under applicable NYSE, SEC and Committee rules, what the candidate's skills and experience add to the overall competencies of the Board, and whether the candidate has any special background relevant to the Company's business.

Personnel and Compensation Committee

The Personnel and Compensation Committee consists of Messrs. McClelland, Ouchi, and Queenan, with Mr. Queenan serving as Chair. Each current member of the Committee is an "independent director" within the meaning of the NYSE listed company standards, and is also a "non-employee director" for the purposes of Rule 16b-3 of the Exchange Act and an "outside director" for the purposes of the compensation provisions of the Internal Revenue Code. The Committee met two times and acted by

unanimous written consent five times during 2004. The charter for the Personnel and Compensation Committee is in compliance with NYSE listed company standards. A copy of the Committee's Charter can be found under the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com.

Among other things, the Personnel and Compensation Committee reviews and approves corporate goals and objectives relevant to compensation of the Chief Executive Officer, evaluates the Chief Executive Officer's performance in light of those goals and objectives and determines the compensation of the Chief Executive Officer based on its evaluation; makes recommendations to the Board with respect to compensation of executive officers other than the Chief Executive Officer as well as the Company's plans for incentive compensation and equity awards; produces an annual report on executive compensation for inclusion in the Company's proxy statement; and annually reviews the Committee's performance.

Audit and Finance Committee

The Audit and Finance Committee consists of Messrs. Cuneo and Queenan and Ms. Heimbuch, with Mr. Cuneo serving as Chair. All members of the Audit and Finance Committee are independent within the meaning of the listing standards of the NYSE, including the enhanced independence requirements for audit committee members under Exchange Act Rule 10A-3. In the opinion of our Board, our Audit and Finance Committee has more than one "audit committee financial expert" as defined in Registration S-K, Item 401(h), Mr. Cuneo is one of the persons with such designation, and Mr. Cuneo is independent. The charter for the Audit and Finance Committee is in compliance with the new NYSE listed company standards. A copy of the Committee's Charter can be found under the "Investors/Corporate Information/Corporate Governance" section of our website at www.waterpik.com. The Committee met five times during 2004.

Among other things, the Audit and Finance Committee prepares the Committee's report for inclusion in the annual proxy statement; annually reviews the Committee charter and the Committee's performance; appoints, evaluates and determines the compensation of the Company's independent auditors; reviews and approves the scope of the annual audit; reviews the independent auditor's independence and quality control procedures; reviews and discusses the Company's annual and quarterly financial statements, earnings press releases and disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in its periodic reports to the SEC; reviews with management and the independent auditor the adequacy of the Company's internal controls; and oversees the Company's internal audit function. In addition, the Committee performs functions in the finance area, including reviewing and evaluating proposed bank credit agreements and other major financial proposals, and makes recommendations to the Board concerning policies with respect to dividends and capital structure.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The following is the report of the Audit and Finance Committee (the "Audit Committee") with respect to the audited financial statements for the nine months ended September 30, 2004 (the "Financial Statements") of Water Pik Technologies, Inc. (the "Company").

Management is responsible for the preparation, presentation and integrity of the Financial Statements, the Company's internal controls and financial reporting process and the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP ("Ernst & Young") are responsible for auditing the Financial Statements and for expressing an opinion as to whether those Financial Statements present fairly the financial position, results of operations, and cash flows of the Company in conformity with generally accepted accounting principles in the United States. The Audit Committee has reviewed and

discussed the Financial Statements with management and Ernst & Young. In addition, the Audit Committee has discussed the matters required pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees) with Ernst & Young, has received written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed the independence disclosures and letter with Ernst & Young, and has considered the compatibility of non-audit services on Ernst & Young's independence.

The Audit Committee's duty is one of oversight as set forth in its Charter. It is not the duty of the Audit Committee to prepare the Financial Statements, to plan or conduct audits, or to determine that the Financial Statements are complete and accurate and are in accordance with generally accepted accounting principles. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not, and do not represent themselves to be, performing the functions of auditors or accountants. Members of the Audit Committee may rely without independent verification on the information provided to them and on the representations made by management and Ernst & Young. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Financial Statements has been carried out in accordance with generally accepted auditing standards, that the Financial Statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based upon these reviews and discussions, the Audit and Finance Committee recommended to the Board that the Financial Statements be included in our Annual Report on Form 10-K for the nine months ended September 30, 2004 for filing with the Securities and Exchange Commission.

During the nine months ended September 30, 2004, the Audit Committee approved all audit and non-audit services provided to the Company by our independent auditor prior to management engaging the auditor for that purpose. The Committee's current practice is to consider for pre-approval annually all audit and non-audit services proposed to be provided by our independent auditors for the fiscal year. In accordance with the Committee's current policy, the Committee will also consider on a case-by-case basis and, if appropriate, approve specific engagements that are not otherwise pre-approved.

DIRECTOR COMPENSATION

Members of the Board who are also employees of the Company do not receive any compensation for their services as Directors on our Board or its committees. Each Director who is not an employee of the Company received an annual retainer fee of \$25,000 during calendar year 2004, and will receive an annual retainer fee of \$36,000 during calendar year 2005. The non-executive Chairman of our Board of Directors is paid an additional annual fee of \$10,000. Each non-employee chair of a committee was paid an annual fee of \$2,000 during calendar year 2004 and will be paid an annual fee of \$3,000 during calendar year 2005. Directors were also paid \$1,500 for each Board meeting and \$1,500 for each committee meeting attended through July 2004, and are paid \$2,000 for each Board meeting and \$2,000 for each committee meeting attended starting in August 2004.

The non-employee Directors also participate in the 1999 Non-Employee Director Stock Compensation Plan (the "Director Plan"). The purpose of the Director Plan is to provide non-employee Directors with an increased personal interest in our performance.

Under the Director Plan, each non-employee Director receives a one-time grant of 3,000 restricted shares of our Common Stock upon joining the Board, and an annual grant of 3,000 restricted shares of our Common Stock on the date of our Annual Meeting of stockholders. The one-time restricted share grant vests at the rate of one-third per year, and the annual restricted share grant vests in its entirety on the third anniversary of the date of grant. The Director Plan also provides that each non-employee Director will receive at least 25 percent of the annual retainer fee in the form of our Common Stock. Each Director may elect to receive a greater percentage of that fee in our Common Stock. One non-employee Director has elected to receive 100 percent of the annual retainer in the form of our Common Stock, and all other non-employee Directors have elected to receive 25 percent of the annual retainer fee in the form of our Common Stock.

PROPOSAL TWO AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS

Our Restated Certificate of Incorporation provides in Article Ten (A) that our Board of Directors be divided into three classes, with members of each class serving three-year terms, so that one-third of our directors are elected by the stockholders each year. At our 2004 Annual Meeting of Stockholders, our stockholders approved a stockholder proposal requesting that the Board of Directors take all necessary actions in accordance with applicable state law to declassify the Board of Directors as soon as practicable

so that all directors are elected annually. As stated in our proxy for last year's annual meeting of stockholders, to implement this recommended action, we are submitting at this 2005 Annual Meeting of Stockholders a charter amendment for consideration by our stockholders. To provide for an annual election of directors, it is necessary to amend our Restated Certificate of Incorporation to state that our directors serve for one-year terms rather than three-year terms. The affirmative vote of at least 75% of the outstanding shares entitled to vote at the 2005 Annual Meeting of Stockholders is required to amend this provision of our Restated Certificate of Incorporation.

In response to our stockholders, our Board of Directors has unanimously adopted resolutions, subject to stockholder approval, amending Article Ten of our Restated Certificate of Incorporation to declassify the Board of Directors. The proposal would allow for the annual election of all directors, beginning next year, for each class of directors coming up for election as their current terms expire next year and in the following two years. The Board of Directors currently has seven directors. The declassification proposal would not change the number of directors.

Classified boards have long been accepted under corporate law and widely adopted by public companies. Advocates of classified boards assert that they promote director independence insofar as directors elected for multi-year terms may be less susceptible to outside influence. Proponents also believe that a staggered method for election of directors provides stability and continuity in the management of a company's business since a majority of directors will always have prior experience as directors of the company. Proponents further contend that classified boards may enhance stockholder value by forcing an entity seeking control of a target company to engage in arms length negotiations with the target's board because the potential acquirer is unable to replace the target's entire board in a single election.

On the other hand, some investors view classified boards as diminishing the accountability of directors to stockholders because classified boards do not allow stockholders to evaluate and elect all directors on an annual basis. The election of directors is a principal means for stockholders to influence corporate governance policies and hold management accountable for implementing those policies. Opponents of classified boards further contend that a staggered system for electing directors discourages proxy contests that would otherwise provide shareholders with an opportunity to vote for a competing slate of nominees.

Under the proposed amendment to our Restated Certificate of Incorporation, which is set forth in Annex A, the annual election of directors would be effective as of our 2006 Annual Meeting of Stockholders and would be phased in over the following two years, which is as soon as each director's then existing term of office expires. Directors who have been elected for three-year terms ending in 2006, 2007 and 2008 would continue to serve out these terms so that, in accordance with Delaware law, no director elected to a multiyear term would have his or her term shortened, unless he or she resigns or is removed. Consequently, under the proposed amendment, the one class of directors being elected at next year's annual meeting would be elected to a one-year term at our 2006 Annual Meeting of Stockholders, two classes of directors would be elected to one-year terms at our 2007 Annual Meeting of Stockholders and all directors would be elected to one-year terms at our 2008 Annual Meeting of Stockholders.

The proposed amendment also eliminates two procedural provisions of the Restated Certificate of Incorporation intended to protect the classified board structure that will no longer be necessary if the Board is declassified. These provisions are the requirement that directors may be removed only for cause and only by a vote of 75% of the combined voting power of the Company's voting securities, voting together.

Under this declassification amendment, our Restated Certificate of Incorporation would be amended as set forth in Annex A to eliminate the current procedural limitations on removal of directors because directors will no longer be elected to three-year terms, and will be elected on an annual basis. In addition, under Delaware law, all directors are subject to removal without cause by the vote of the holders of a

majority of the shares then entitled to vote at an election of directors when the Board is not classified. If this amendment is approved, after the amendment is effective as of our 2006 Annual Meeting of Stockholders, the current procedural limitations on removal would no longer apply to the incumbent directors, and all directors will be subject to removal, with or without cause, upon the vote by the holders of a majority of the shares then entitled to vote at an election of directors. If approved, this amendment would become effective as of our 2006 Annual Meeting of Stockholders.

The affirmative vote of at least 75% of the outstanding shares entitled to vote at the 2005 Annual Meeting of Stockholders is required to approve this amendment to our Restated Certificate of Incorporation to declassify our Board of Directors and change the procedural provisions on removal for cause and the supermajority voting requirements for removal. If the amendment is approved by the affirmative vote of at least 75% of the outstanding shares entitled to vote at the 2005 Annual Meeting of Stockholders, the Restated Certificate of Incorporation will be amended as set forth in Annex A. If approved, we will file the amendment to our Restated Certificate of Incorporation with the Secretary of State of the State of Delaware and the amended provisions will become effective as of our 2006 Annual Meeting of Stockholders. The Board of Directors will also amend our Bylaws as of the effective date to conform to these changes in the Restated Certificate of Incorporation, as amended. If this amendment is not approved, no change will be made to our Restated Certificate of Incorporation or our Bylaws and our directors will continue to be classified and elected for three-year terms and subject to the procedural requirements on removal set forth in our existing Restated Certificate of Incorporation.

The proposed amendment to our Restated Certificate of Incorporation is set forth in Annex A, marked to show the proposed changes from the existing wording (with deletions indicated by strike-outs and additions indicated by underlining).

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE PROPOSAL TO AMEND THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS.

PROPOSAL THREE RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors, upon the recommendation of its Audit and Finance Committee, has appointed Ernst & Young LLP as independent registered public accounting firm of the Company for its fiscal year ending September 30, 2005. Ernst & Young LLP was originally appointed to act as our independent auditors in 1999, when we became an independent public company, and they served in such capacity for each fiscal year since then. Ernst & Young LLP is knowledgeable about our operations and accounting practices and the Board believes that the firm is well qualified to act in the capacity of independent registered public accounting firm.

The proposal to ratify the selection of Ernst & Young LLP will be approved by the stockholders if it receives the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. If you sign and return your proxy card, your shares will be voted (unless you indicate to the contrary) to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2005. Broker non-votes will not be counted as being entitled to vote on the proposal and will not affect the outcome of the vote. If the stockholders do not ratify the selection of Ernst & Young LLP, the Board will reconsider the appointment of independent registered public accounting firm.

It is expected that representatives of Ernst & Young LLP will be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required during the nine months ended September 30, 2004, we believe that our Insiders complied with all Section 16(a) filing requirements in a timely manner except: each of our executive officers named in the table under the caption "Executive Officers of the Company" filed a late Form 4 on June 16, 2004 for one transaction involving the award of options on May 13, 2004 under the Company's 1999 Incentive Plan; and each of our non-employee Directors named in the table under the caption "Executive Officers of the Company" filed a late Form 4 on June 16, 2004 for one transaction involving the issuance of Common Stock on May 13, 2004 pursuant to the Company's 1999 Non-Employee Director Stock Compensation Plan, as amended.

available under the Directors' Plan include stock options, restricted stock and common stock issued in payment for retainer fees. Under both the Incentive Plan and the Directors' Plan, the securities available for future issuance are reserved for any of such types of awards. Amount also includes 84,558 shares available for issuance under the SARP, which may only be granted as restricted stock awards.

Amount represents securities available under the Broad-Based Plan. See "Equity Compensation Plans Not Approved by Security Holders" below for additional information on the material features of the plan.

Equity Compensation Plans Not Approved by Security Holders

The Company's Broad-Based Plan has not been approved by security holders. The Broad-Based Plan provides for nonqualified stock options that generally vest over a three-year period and expire ten years from the date of grant, and are granted to eligible employees other than officers and directors of the Company. The terms of the Broad-Based Plan state that the total number of shares authorized is five percent of the outstanding shares of the Common Stock of the Company, increased automatically if there is an increase in the Company's outstanding shares. However, in anticipation of the implementation of NYSE Rule 303A.08, which does not permit automatic increases in shares available based upon a formula in the plan (also known as an "evergreen formula") unless a plan has been approved by stockholders and is not more than 10 years in length, the Company ceased using the "evergreen" feature of the Broad-Based Plan effective June 30, 2003. On June 30, 2003, there were 76,241 shares available under the Broad-Based Plan. On December 31, 2003, there were 121,904 shares available under the Broad-Based Plan. On September 30, 2004, there were 38,790 shares available under the Broad-Based Plan. The decrease in available shares under the Broad-Based Plan between December 31, 2003 and September 30, 2004 was due to issuance of stock options to employees.

REPORT ON EXECUTIVE COMPENSATION

The following Report on Executive Compensation and the performance graphs included elsewhere in this Proxy Statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

This report on executive compensation is furnished by the Personnel and Compensation Committee of the Board of Directors (the "Committee").

Executive Compensation Principles

For 2004, the following principles have guided the Committee in establishing executive compensation programs:

Total executive compensation will be performance oriented, with a substantial portion of total compensation tied to internal and external measures of the Company's performance. Superior performance will significantly increase total compensation opportunities.

Total executive compensation will be competitive in the aggregate, using industry and market comparisons, including data supplied by Hewitt Associates and William M. Mercer, among other nationally recognized executive compensation consulting firms, to gauge the competitive marketplace.

The programs will attract, retain, and motivate an effective management team.

Compensation Components

As described in more detail below, the Committee has adopted policies and programs relating to base salaries, short-term incentives and long-term incentives intended to achieve the goals underlying the principles discussed above. For the twelve months ending December 31, 2004, executive compensation consists of the following components:

(1) *Base salary* for all management positions are at the industry or market mean average for comparable positions unless there are sound reasons for significant variations. Judgment is the guiding factor in base salary determinations, as well as other compensation issues.

(2) *Short-term incentives* are provided under the Annual Incentive Plan ("AIP"). The AIP is a cash bonus plan which provides key executives of the Company, including the executive officers, the opportunity to earn an incentive award when certain financial and personal performance objectives are met. Under the AIP, individual participant target incentive awards range from 20 percent to 60 percent of the participant's annual base salary. Under the terms of the 2004 AIP, the maximum potential individual participant award is 225 percent of the participant's target award. For 2003 and 2004, 60 percent of the incentive award is based on the achievement of target net income, 20 percent is based upon achievement of target return on average capital employed and 20 percent is based on achievement of individual goals. The Committee may, in its discretion, amend the AIP and its goals, objectives and targets at any time.

The bonus column of the Summary Compensation Table contains the annual incentive award earned in calendar 2003 and paid in 2004 for each of our Named Executive Officers pursuant to the AIP. In connection with and as a result of the Board changing our fiscal year-end to September 30, the Committee determined not to truncate the 2004 AIP performance year since goals and measurements were established for the calendar year. The bonuses earned for the January 1 through December 31, 2004 AIP performance period were determined and paid in early 2005.

(3) *Long-term incentives* for 2004 consisted of the following two components:

(a) The Performance Share Plan ("PSP") is a cash and stock award plan designed to reward key executives for the achievement of pre-determined performance goals over a multi-year cycle (the "Performance Period"), which generally lasts three years. Participants include key executives whose actions directly affect the long-term success of the Company and are determined based on nomination by the Chief Executive Officer and approval by the Committee. On January 28, 2004, the Committee approved a PSP for the performance period from October 1, 2003 through September 30, 2006 (the "Current Performance Period"). The PSP for the Current Performance Period provides for grants of stock and cash that will be earned if specified performance objectives are met over a three-year period. During the Current Performance Period, the financial target is based on the achievement of a specified percentage increases in total business return ("TBR"), which is derived from the increase in the value of our business or operating segment (measured as a multiple of operating profit after tax) over the performance period and the free cash flow generated by our operations after payment of capital expenditures. Under the PSP for the Current Performance Period, each participant was assigned a pre-determined target award value ranging from 75 percent to 125 percent of their base salary at the beginning of the Current Performance Period multiplied by the target TBR percentages. At the end of the Current Performance Period, if the pre-determined threshold TBR percentages have been achieved, each participant will receive an award, paid 50 percent in cash and 50 percent in stock issued from our Incentive Plan, equal to the value of the pre-determined award level adjusted for the TBR achieved. In the event the threshold TBR percentages are not achieved during the Current Performance Period, no cash or stock awards will be paid under the PSP for the Current Performance Period.

(b) *Stock Acquisition and Retention Program* The Stock Acquisition and Retention Program ("SARP") is designed to encourage key executives to acquire and retain our Common Stock.

SARP Plan Generally. Under the SARP, certain key executives may purchase shares from the Company or designate, as being subject to the SARP, already-owned shares of our Common Stock. For every two shares purchased or designated under the SARP, there is automatically granted an award of one share of restricted stock. The restricted shares will generally vest over a five-year period. In addition, prior to the date that the restricted shares would otherwise vest, the restriction will lapse if there is a change in control of the Company or the participant retires or dies.

Shares Purchased or Designated under the SARP. In 1999, participant executives could make a one-time purchase or designation of a number of shares having a market price equal to a maximum of two times the participant's annual base salary. Those executives who purchased shares under the SARP during 1999 were not eligible to make additional purchases under the SARP during 2000. Two senior executives that did not participate in the SARP during 1999 made purchases under the SARP during 2000 equal to one times their annual base salaries. During 2001, seven executive officers made purchases under the SARP equal to one times annual base salary. During 2002, three senior executives made purchases under the SARP equal to one times their annual base salaries and one senior executive made a purchase at an amount less than his annual base salary. During 2003, one senior executive designated shares previously purchased on the open-market.

Loans Under the SARP. A SARP participant can elect to purchase shares from the Company under the SARP by delivering cash or, prior to the passage of the Sarbanes-Oxley Act on July 30, 2002, a promissory note. Between October 2003 and April 2004, all seven of our executive officers, including the Chief Executive Officer, fully repaid their SARP loans to the Company in accordance with their terms of the loans by tendering SARP purchased shares to the Company. There are currently no SARP or other loans by the Company to any executive officers or directors.

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form PRE 14A

SARP Forfeiture Provisions. The SARP forfeiture provisions are applicable to the restricted stock awarded under the SARP. Unless the Committee provides a waiver, the SARP provides for the forfeiture of the shares of restricted stock awarded under the SARP if within five years from the date of grant (i) the SARP participant transfers, sells or otherwise disposes of the related purchased or designated Common Stock other than to a permitted transferee or in a transaction constituting a change in control or (ii) the employment of the SARP Participant with the Company and its affiliates terminates for any reason or (iii) the SARP participant defaults on the loan, if any, used to purchase the related purchased Common Stock. The forfeiture provisions apply during the forfeiture period to shares purchased for cash, to designated shares, and to shares purchased with the proceeds of a loan from the Company (whether the event causing forfeiture occurs before, in connection with, or after the repayment of the loan). During January 2003, the Committee exercised its authority under the SARP to waive the forfeiture of the shares of restricted stock for the period from February 1, 2003 through August 1, 2004 in connection with the transfer of shares to the Company in repayment of a loan under the SARP program or the sale of purchased shares on the open market that are necessary to cover capital gains taxes that may be due as a result of tendering SARP shares to the Company to repay loans.

(c) *Stock Options* On May 13, 2004, stock options were issued to seven executive officers and twenty other participants from the 1999 Incentive Plan and the Broad-Based Stock Option Plan respectively. Under the terms of the stock option agreements, one-half of the options will vest one year from the date of issue and one-half will vest sixteen months from the date of issue.

For 2005, the Committee intends to continue to closely examine compensation programs of comparable businesses within our industry segment, other relevant market data from various industry sources as well as internal Company performance metrics to determine whether our current compensation plans are appropriate and further the best interests of the Company and its stockholders.

Compensation of Chief Executive Officer

The 2004 base salary and incentive compensation of Michael P. Hoopis, President and Chief Executive Officer of the Company, was established by the Committee in accordance with the general compensation principles described above.

Mr. Hoopis' base salary was \$450,000 from October 2000 through June 2002. The Committee did not consider an increase in Mr. Hoopis' salary in October 2001, his annual salary review date, due to a company-wide wage freeze implemented in April 2001. Mr. Hoopis' salary was reviewed in July 2002, 2003 and 2004, and his annual base salary was increased to \$480,000, \$510,000 and \$535,000 on those respective dates. When annualized, Mr. Hoopis' annual base salary growth has averaged 3.8 percent year-over-year for 2000 through 2004, positioning Mr. Hoopis competitively with respect to market levels.

For 2004, the target opportunity for Mr. Hoopis' annual incentive award was set at 60 percent of his base salary. Under the AIP, this would be the amount of the incentive award if the Company and Mr. Hoopis achieved 100 percent of the financial and individual performance objectives. On January 28, 2004, the Committee determined the AIP award amounts for all participants. In determining the awards, the Committee reviewed the Company's performance against target measures of net income and return on capital employed as well as individual participant goal achievement. In January 2004, the Committee awarded Mr. Hoopis \$281,370 under the terms of the 2003 AIP based on actual Company and individual goal achievement. Under the terms of the 2004 AIP, the Committee awarded \$500,000 to Mr. Hoopis based on actual Company and individual goal achievement.

Mr. Hoopis has been granted options to purchase our Common Stock periodically during his tenure as President and CEO of the Company. Stock options are designed to provide long-term incentives consistent with industry and market comparisons. Mr. Hoopis also holds options to purchase 71,564 shares of our Common Stock that were converted from options granted to him by ATI prior to our spin-off

from ATI. Mr. Hoopis' ATI-conversion options are fully vested at this time. On November 30, 1999, Mr. Hoopis received options to purchase 279,333 shares of our Common Stock, the final 50 percent of which fully vested during 2001. In October 2000, Mr. Hoopis was granted an option to purchase 43,472 shares of Common Stock pursuant to our 2001-2003 PSP. Mr. Hoopis' 2001-2003 PSP options vest at the rate of one-third per year commencing December 31, 2003. In October 2000, Mr. Hoopis received an option to purchase 43,472 shares of our Common Stock, an option in October 2001 to purchase 43,472 shares of our Common Stock, and an option in October 2002 to purchase 48,000 shares of our Common Stock, all grants being part of our annual stock option grant to selected employees under the 1999 Incentive Plan, all of which vest at the rate of one-third per year commencing on the grant date. There were no options granted during 2003. On May 13, 2004, Mr. Hoopis was granted an option to purchase 48,000 shares of our Common Stock, which option vests at the rate of one-half on May 13, 2005 and one-half on September 30, 2005.

Mr. Hoopis participated in our SARP during 1999, 2001 and 2002. In November 1999, he purchased 108,108 shares of our Common Stock and received a corresponding restricted stock grant of 54,054 shares pursuant to the terms of the plan. In May 2001, Mr. Hoopis purchased 56,922 shares of our Common Stock and received a corresponding restricted stock grant of 28,461 shares of our Common Stock pursuant to the plan terms. In February 2002, Mr. Hoopis purchased 48,166 shares of our Common Stock and received a corresponding restricted stock grant of 24,083 shares of our Common Stock pursuant to the plan terms. All of Mr. Hoopis' purchases under the SARP were made through loans from the Company in accordance with the terms of the plan prior to July 30, 2002, and all of such loans were fully repaid by Mr. Hoopis to the Company in February 2004 by tendering shares that he purchased under the SARP to the Company, as permitted under the SARP.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code (the "Code") imposes limits on tax deductions for annual compensation paid to a chief executive officer and the four other most highly compensated officers unless the compensation qualifies as "performance-based" or is otherwise exempt under the law. The Company's 1999 Incentive Plan is intended to meet the deductibility requirements of the regulations promulgated under Section 162(m). However, the Committee may determine in any year that it would be in the best interests of the Company and its stockholders for awards to be paid that would not satisfy the requirements of Section 162(m) for deductibility.

During the nine months ended September 30, 2004, there were no awards earned under the PSP, as the PSP awards are determined and earned at the end of the performance period. The Current Performance Period will be completed at the end of our fiscal year ending September 30, 2006.

(2)

The value of the awards that may be earned during the Current Performance Period was determined as of October 1, 2003, the beginning of the Current Performance Period. Awards under the PSP will be paid 50 percent in stock and 50 percent in cash. For the stock portion of the awards, the number of shares was determined by dividing 50 percent of the value of the award by \$9.7920, which was the average closing price of a share of our Common Stock during a thirty-day trading period preceding the beginning of the Current Performance Period.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Effective October 23, 2001, the Company entered into amended and restated employment agreements with each of its seven executive officers, including the Named Executive Officers. The amended and restated employment agreements superceded and replaced the employment agreements that existed prior to October 23, 2001 ("prior agreements") between the Company and each of the executive officers. The amended and restated employment agreements are in substantially the same form and have a rolling one year term which is automatically extended for one month at the end of each month during the term unless written notice is given by either party. The amended and restated employment agreements also contain severance benefits in the event of termination of the executive as a result of death, disability, termination by the Company without cause or termination by the executive for good reason, including in the event of a change in control, and certain other benefits including but not limited to certain welfare benefits, vacation, auto allowance and tax preparation and financial planning services. All terms, such as "good reason," "change in control" and "welfare benefits," are defined in the agreements.

Mr. Hoopis has an employment agreement with the Company that provides for a base salary of \$450,000, which has been increased at the discretion of the Personnel and Compensation Committee, and a target bonus under our AIP of 60 percent of his base salary based on Company financial and individual performance. The employment agreement has the following severance benefits: (i) in the event of termination as a result of death, two times base salary and two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved), (ii) in the event of termination as a result of disability, two times base salary, two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved) and continuation of welfare benefits for the remainder of the term of the agreement, and (iii) in the event of termination by the Company without cause or termination by Mr. Hoopis for good reason, other than change in control, two times base salary, two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved) and continuation of welfare benefits for two years or until covered by comparable welfare benefits.

Mr. Hoopis' employment agreement contains the following severance benefits in the event of termination by the Company without cause or resignation by Mr. Hoopis for good reason, either event occurring within two years after a change in control: three times base salary, three times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved), prorated bonus for the year of termination (calculated as if 120 percent of Company financial and personal goals were achieved), prorated cash payment from our PSP (calculated as if 120 percent of Company financial and personal goals were achieved), vesting of all outstanding stock options, removal of restrictions on all restricted stock awards, vesting of any employer contribution to the non-qualified deferred compensation plan, outplacement services and continuation of welfare benefits for three years or until covered by comparable welfare benefits. In addition, Mr. Hoopis' employment agreement provides that the Company may defer payments that would exceed the cap under Section 162(m) of the Code, except in the event of termination for good reason within two years after a change in control. Mr. Hoopis' employment agreement also provides that any severance payments made shall be increased, if necessary, to eliminate the impact of any excise tax imposed under Section 4999 of the Code or special tax (not ordinary income tax) imposed by any state or local authority.

Mr. Shortt has an employment agreement with the Company that provides for a base salary of \$260,000 and a target bonus under our AIP of 45 percent of his base salary. Mr. Streufert has an employment agreement with the Company that provides for a base salary of \$240,000 and a target bonus under our AIP of 45 percent of his base salary. Mr. Rasp has an employment agreement with the Company that provides for a base salary of \$208,111 and a target bonus under our AIP of 45 percent of his base salary. Mr. Bisson has an employment agreement with the Company that provides for a base salary of \$201,400 and a target bonus under our AIP of 45 percent of his base salary.

All of the base salaries of the Named Executive Officers set forth in the employment agreements have been increased at the discretion of the Personnel and Compensation Committee. The current base salaries for Messrs. Hoopis, Shortt, Streufert, Rasp and Bisson are \$535,000, \$308,000, \$297,000, \$252,000 and \$260,000, respectively. The actual bonus award amounts under our AIP are determined in the discretion of the Personnel and Compensation Committee based on Company financial and individual performance. The employment agreements for Messrs. Shortt, Streufert, Rasp and Bisson all contain substantially identical provisions to Mr. Hoopis' employment agreement with respect to severance benefits and other terms, except that the amounts for payment of base pay and bonus and continuation of welfare benefits in the event of termination are one year less than the amounts provided in Mr. Hoopis' agreement.

Each of the Named Executive Officers has stock option agreements relating to each stock option award and restricted stock award agreements relating to restricted stock awarded in connection with purchases under our SARP. Under the terms of the stock option agreements and restricted stock award agreements, upon a change in control, as such term is defined in the agreements, all unvested stock options will vest and all restrictions will be removed from restricted stock.

COMPARATIVE STOCK PERFORMANCE

The following performance graph compares the total stockholder return of an investment in our Common Stock to that of the New York Stock Exchange Market Index and the Russell 2000 Index for the period commencing November 30, 1999, the date on which our Common Stock was first publicly traded, and ended on September 30, 2004. Due to the Company's diverse product lines, no suitable peer group has been determined; accordingly, the Russell 2000 Index is included for comparison of issuers with the closest available market capitalizations to the Company. The graph assumes that the value of the investment in our Common Stock was \$100 on November 30, 1999, the first day of "regular way" trading of our Common Stock, in each of our Common Stock, the Russell 2000 Index and the New York Stock Exchange Market Index and the Russell 2000 Index and that all dividends were reinvested. No cash dividends have been paid or declared on our Common Stock. The historical information set forth below is not necessarily indicative of future performance. We do not make or endorse any predictions as to future stock performance.

In accordance with the rules of the Securities and Exchange Commission, this presentation is not incorporated by reference into any of our registration statements under the Securities Act of 1933, as amended.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS WITH THE COMPANY

Kirkpatrick & Lockhart Nicholson Graham LLP. The Company occasionally uses the law firm of Kirkpatrick & Lockhart Nicholson Graham LLP to perform services for the Company. Charles J. Queenan, Jr., a member of the Company's Board of Directors, is retired and holds the honorary title of Senior Counsel to that law firm. Because the law firm does not compensate Mr. Queenan nor does he participate in the earnings or profits, our Board determined that this relationship is not material and does not affect Mr. Queenan's independence.

Loans Under Stock Acquisition and Retention Program. Under the terms of our SARP, and prior to July 30, 2002, eligible participants could deliver a promissory note, payable to the Company, as payment for the purchase price of shares of our Common Stock purchased under the program. Each note had a term of not more than 10 years and was secured by the shares of our Common Stock being purchased with the note. Interest accrued on the notes at a rate, as determined on the applicable purchase date, equal to the then applicable federal rate but not lower than the minimum rate necessary to avoid imputed interest under applicable federal income tax laws. The rate used for the five November 1999 SARP loans was 6.29 percent. The rate used for the one February 2000 SARP loan was 6.66 percent. The rate used for the one May 2000 SARP loan was 6.11 percent. The rate used for the seven May 2001 SARP loans was 5.36 percent. The rate used for the four February 2002 SARP loans was 5.52 percent. On July 30, 2002, Congress enacted the Sarbanes-Oxley Act of 2002, which among other things, prohibited loans by public companies to their officers or directors. As a result, we no longer grant loans under the SARP to officers to purchase our Common Stock. By May 2004, all of the executive officers had fully repaid their SARP loans to the Company, so there are no loans outstanding under the SARP program.

Executive Officer Loan. On December 3, 2001, the Company loaned \$196,311 to Robert A. Shortt, an executive officer of the Company. As of February 28, 2004, the principal amount of the loan was \$196,311 and the accrued interest was \$22,914. The loan was intended to allow Mr. Shortt to refinance a promissory note owed by him to his former employer, CSK Auto Corporation. The interest rate on the promissory note was 4.99 percent. Payments were due monthly commencing December 1, 2004 and continuing for five years. The note was partially secured by 1,000 shares of CSK common stock owned by Mr. Shortt and 33,108 shares of restricted Company Common Stock owned by Mr. Shortt. By May 2004, Mr. Shortt had fully repaid this loan to the Company.

2006 Annual Meeting and Stockholder Proposals

Under Rule 14a-8 of the Securities and Exchange Commission, proposals of stockholders intended to be presented at the 2006 Annual Meeting of Stockholders must be received no later than 120 days before the first anniversary of the release of proxy materials to stockholders for the 2005 meeting for inclusion in the Proxy Statement and Proxy card for the 2006 Annual Meeting. However, if the date of the Company's 2006 Annual Meeting changes by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before the Company begins to print and mail its proxy materials. In addition, our certificate of incorporation provides that in order for nominations or other business to be properly brought before an Annual Meeting by a stockholder, whether or not the business is included in the Proxy Statement and Proxy card for that meeting, the stockholder must give timely notice thereof in writing to the Secretary. To be timely, a stockholder's notice must be delivered to the Secretary not less than 75 days and not more than 90 days prior to the first anniversary of the preceding year's Annual Meeting. If, however, the date of the 2006 Annual Meeting of Stockholders is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, to be timely, notice by the stockholder must be so delivered not earlier than the 90th day prior to such Annual Meeting and not later than the later of the 60th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Our certificate of incorporation also requires that such notice contain certain additional information. Copies of the certificate of incorporation can be obtained without charge from our Corporate Secretary.
