(1) log on to www.ciber.com/cbr/annualmeeting and, with the Proxy card in hand, register to enter the Annual Meeting website, (2) select the "Vote" button and complete the questions that verify your eligibility to vote and (3) characterize the nature of your vote (i.e., first vote, withdrawal of prior vote, etc.).

IVS Associates has been selected to tabulate the votes and to act as Inspector of Elections.

Quorum. Our bylaws provide that the presence, in person or by Proxy, of the holders of not less than a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum to conduct business at an Annual Meeting. Since attendance at the Annual Meeting is usually low, a quorum can only be achieved by Stockholder participation by Proxy. Please complete your Proxy and return it promptly.

Election. Delaware law and our bylaws provide the following:

Election of Directors. Directors shall be elected by a plurality of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the election of directors. A director wins by "plurality" when he or she receives more votes than the number of votes cast for any other nominee.

Matters other than the Election of Directors. In all matters to be presented at the Annual Meeting other than the election of directors, the affirmative vote of a majority of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the subject matter will be the act of the Stockholders.

The Inspector of Elections will tabulate your Proxy as follows:

All shares represented by a properly executed Proxy will be voted at the Annual Meeting in accordance with your instructions, unless you have taken steps to revoke or withdraw your Proxy.

Shares that are voted WITHHOLD or ABSTAIN will be counted as "present" for quorum purposes, but will have the same effect as voting against a proposal.

"Broker non-votes" are Proxies for shares held in street name by brokers or nominees, for which (i) instructions have not been received from the beneficial owner or person entitled to vote and (ii) the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity. Broker non-votes are counted as "present" for quorum purposes, but they are treated as not entitled to vote on the matter. Therefore, broker non-votes are not counted for purposes of determining whether Proposal No. 1 has been approved.

Quorum and Election

Tabulation of Your Proxy

Edgar Filing: CIBER INC - Form DEF 14A

Under the rules of the New York Stock Exchange ("NYSE"), on certain routine matters, brokers may, in their discretion, vote the shares they hold in street name on behalf of the beneficial owners who have not returned voting instructions to the brokers. Routine matters include the ratification of the independent registered public accounting firm (Proposal No. 2).

If you sign and date your Proxy but do not provide instructions, your shares will be voted FOR ALL the Board of Directors nominees for Class I Director (Proposal No. 1), and FOR the ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2010 (Proposal No. 2).

In addition to executing your voting instructions, the persons named in the Proxy will have discretionary authority to vote all Proxies with respect to additional matters that may be properly presented for action at the Annual Meeting. We are not aware of any other business to be presented at the Annual Meeting.

At any time prior to final tabulation of the votes on June 2, 2010, you may change your vote or revoke your Proxy by following one of the procedures set forth below:

Deliver a letter, signed and in writing, to our Corporate Secretary stating your desire to revoke your Proxy. The letter must be dated later than the date stated on the Proxy you wish to revoke. Address the letter to CIBER, Inc., Corporate Secretary, 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

Deliver a Proxy bearing a date later than the Proxy you wish to revoke to Broadridge Financial Solutions, Inc. ("Broadridge"), 51 Mercedes Way, Edgewood, NY 11717. You may use any available voting method to deliver your new Proxy, but the new Proxy must be received by Broadridge before the deadline for mail, telephone or Internet voting.

Attend the Annual Meeting via the Internet and submit your vote prior to the close of the polls. Follow the instructions for voting online during the Annual Meeting, which appear earlier in this section of this Proxy Statement. Please note, attending the electronic Annual Meeting will not, absent specific instructions from you, revoke or alter your Proxy.

As a group, our executive officers and directors own or may be deemed to control approximately 14.05% of the outstanding shares of our Common Stock. Each of the executive officers and directors has indicated his/her intent to vote all shares of Common Stock owned or controlled by him/her FOR the candidates nominated by the Board to fill the Class I Director positions described in this Proxy Statement and FOR the ratification of the appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2010. Stockholders may submit proposals on matters appropriate for Stockholder action at our annual Stockholder meetings. PROPOSAL No. 1 ELECTION OF DIRECTORS

Background

Each year at our Annual Meeting of Stockholders, directors constituting approximately one-third of the Board are elected for a three-year term or until a successor is duly elected and qualified. The terms of current Class I Directors, Mr. Bobby G. Stevenson, Mr. Peter H. Cheesbrough and Mr. James C. Spira, will expire at this 2010 Annual Meeting. The terms of the Class II Directors, Mr. Stephen S. Kurtz and Dr. James C. Wetherbe, will expire in 2011. The terms of the Class III Directors, Mr. Archibald J. McGill and Mr. Paul A. Jacobs, will expire in 2012.

Pursuant to our bylaws, vacancies on the Board may be filled by the affirmative vote of a majority of the remaining directors then in office. A director elected to fill a vacancy, including a vacancy created by an increase in the size of the Board, serves for the remainder of the full term of the new directorship or of the class of directors in which the vacancy occurred. If the number of directors has changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

Description of Proposal No. 1

Proposal No. 1 asks you to elect three individuals to serve as Class I Directors for the ensuing three-year term to expire in 2013, or until a successor is elected and qualified.

The Nominating/Corporate Governance Committee, with the approval of the non-incumbent members of the Board, has nominated for re-election Mr. Bobby G. Stevenson, Mr. Peter H. Cheesbrough and Mr. James C. Spira (the "Director Nominees").

We have received no Stockholder proposal or nomination of any other person to stand for election as Class I Director, timely or otherwise.

TEXT OF PROPOSAL NO. 1 ELECTION OF DIRECTORS

The text of Proposal No. 1, as you will see it printed on your Proxy, is "The Board of Directors recommends that you vote FOR the following: Bobby G. Stevenson, Peter H. Cheesbrough and James C. Spira."

Shares represented by Proxies that are not marked to "WITHHOLD ALL" authority to vote for the Director Nominees, or "FOR ALL EXCEPT" a specified individual that you must name, will be voted FOR the election of the Director Nominees. Should the Director Nominees become unavailable or unwilling to serve as directors, persons named in the Proxy intend to cast votes for which they hold Proxies in favor of the election of such other person as the Board may designate. The Board knows of no reason why Mr. Stevenson, Mr. Cheesbrough or Mr. Spira would be unable or unwilling to serve on the Board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR ALL" THE NOMINEES

DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth our directors and executive officers, their ages, positions currently held with us, the year elected as director or appointed as officer and class of directorship. Directors are elected to serve three-year terms, or until a successor is elected and qualified. Executive officers serve at the pleasure of the Board for a term of one year, subject to review and renewal annually. For information about the ownership of our voting securities held by each director, director nominee or executive officer, see "Security Ownership of Certain Beneficial Owners and Management." *Information about Director Nominees is indicated by an asterisk (*) in the table below and in the narrative following the table. Information about our former Chief Executive Officer and President, who retired effective April 11, 2010, is indicated by a double asterisk (**) in the table below and in the narrative following the table.*

As noted on page 14, when our Nominating/Corporate Governance Committee considers candidates for director, the Committee looks for experience with acquisitions, experience in marketing and sales, knowledge of our industry, experience with finance, accounting, internal audit and other financial matters, respect for the fiduciary responsibilities of directors to stockholders, leadership skills, demonstrated sound business judgment, global perspective, interpersonal effectiveness and personal integrity. We believe that all our directors bring these skills to their participation on our Board in addition to the specific knowledge and experience noted below with respect to each director.

Paul A. Jacobs

Mr. Jacobs became the Chairman of our Board of Directors effective April 11, 2010. He has been a Class III Director since February 2005. Mr. Jacobs is a founding partner in the law firm of Jacobs Chase Frick Kleinkopf & Kelley LLC, a Denver mid-size law firm formed in 1995. Mr. Jacobs brings to our Board more than 40 years of comprehensive legal experience in representing a variety of businesses and entrepreneurs in corporate finance, mergers and acquisitions, business planning and real estate. Mr. Jacobs was the driving force behind Denver's 1990 Major League Baseball Expansion bid and served as Executive Vice President and General Counsel of the Colorado Rockies from the inception of the franchise in 1991 through February 1995. Prior to that, Mr. Jacobs practiced at the Denver law firm of Holme Roberts & Owen for 24 years, representing a variety of businesses and entrepreneurs in corporate finance, mergers and acquisitions, business planning and real estate matters. Mr. Jacobs is currently a director of the American Jewish Committee and of the Colorado Sports Hall of Fame.

Stephen S. Kurtz

Mr. Kurtz has been a Class II Director since his election to the Board in December 2007 and re-election in May 2008. He serves as Chairman of the Audit Committee. Mr. Kurtz's 30 years providing professional services in accounting and finance bring depth to both our Board and Audit Committee. His primary emphasis has been in the negotiation, structuring and tax planning for mergers, acquisitions, joint ventures and leveraged buyouts. Mr. Kurtz is a Co-Managing Member of Mankwitz Kurtz Investments, LLC, a Denver-based private equity firm, which he formed in 2001. In 2008, Mr. Kurtz formed Kurtz Financial, LLC, a consulting firm specializing in restructuring, turnarounds and mergers and acquisitions advisory services. From 1978 to 2001, he was President of the CPA firm of Shenkin, Kurtz Baker & Co. Mr. Kurtz is a certified public accountant. He is also a member of the board and chairman of the audit and finance committee of HCA-HealthOne in Denver and a member of the community board of Wells Fargo Colorado, N.A. Since November 2009, Mr. Kurtz has also been a member of the board and the chairman of the audit committee of Pembroke Mining Corp., a privately-held, Canadian-based international mining company.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In November 2006, our Board adopted a written policy that requires the Audit Committee to review any financial transactions, arrangements or relationships which exceed \$120,000 in which we are a participant and a related party (as defined in Rule 404(b) of Regulation S-K under the Exchange Act) has a direct or indirect interest. Audit Committee approval of any related party transaction will depend on whether or not the transaction is fair and beneficial to us. Our related party transaction policy is in addition to the conflict of interest policy found in our Code of Business Conduct and Ethics. In connection with our February 20, 2009 offering of 8,000,000 shares of the Company's Common Stock, our then Chairman of the Board, Bobby Stevenson, proposed to purchase 200,000 shares in the offering. The Audit Committee discussed and evaluated the proposed purchase and determined that the terms and conditions of the purchase were fair to the Company and its Stockholders and that the purchase was in our best interest. Accordingly, the Audit Committee approved Mr. Stevenson's purchase, provided that the purchase was at the price and on the same terms and conditions at which the underwriters sold the Common Stock to other purchasers in the offering. Mr. Stevenson subsequently made the purchase of the shares on those terms. The Audit Committee

was not presented with any other proposed related party transactions during 2009. The terms of Mr. Stevenson's benefits as Chairman Emeritus have not yet been finalized.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors, executive officers and persons who beneficially own greater than 10% of a registered class of our equity securities file initial reports of ownership and changes in ownership of such securities with us and the Commission. Based solely upon our review of copies of the Section 16(a) reports we have received and written representations from reporting persons, we believe that during the year ended December 31, 2009, all of our directors, executive officers and greater than 10% beneficial owners were in compliance with their filing requirements except that a purchase of our stock made by Bobby Stevenson on March 4, 2009, was not reported on a timely-filed Form 4 because the purchase was not reported to the Company until March 9, 2009, when it was included on a Form 4 that was timely-filed and included additional purchases made on March 6 and March 9, 2009.

CORPORATE GOVERNANCE PRACTICES

The Board met four times in 2009 in regularly scheduled quarterly meetings. Each director, including incumbents, participated either in person or by telephone conference in at least 75% of all 2009 Board meetings and committee meetings (of which such director was a member). Each director attended the Annual Meeting of Stockholders last year. Each director is expected to attend the Annual Meeting this year. We have a regularly scheduled Board meeting on the same day as the Annual Meeting of Stockholders each year, and all directors generally attend both meetings.

Corporate Governance

We have had informal governance standards in place since our inception in 1974 that have evolved to accommodate our growth over the years and changing governance practices. Our Board has adopted formal Corporate Governance Principles (the "Principles") to address matters of corporate governance including, but not limited to, Board composition and leadership, Board member qualifications, compensation, tenure and succession, Board organization, term and age limits, service on additional public company boards and audit committees and committee operation and responsibilities. Board members are also subject to the requirements of CIBER's Code of Business Conduct and Ethics (the "Code") which includes, among other things, a conflict of interest policy. In addition, in November 2006, the Board adopted a policy with respect to Related Party Transactions, as discussed in more detail above. The Principles, Code and Related Party Transaction Policy can be found on our website at www.ciber.com under "Investor Relations," or you may request a copy by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations.

Board Leadership Structure and Executive Sessions

CIBER's Board of Directors has chosen to separate the position of Chief Executive Officer and Chairman of the Board. In our Board's opinion, such separation allows for more objective evaluation of our CEO's performance as well as broader, less centralized distribution of information leading to more effective monitoring of our operations and business strategies. Our non-management directors meet regularly in executive session without management. The executive sessions were chaired in 2009 and until his retirement as Chairman of the Board by Bobby G. Stevenson, as Presiding Director. Effective April 11, 2010, the executive sessions will be chaired by our Chairman of the Board and Presiding Director, Paul A. Jacobs. The executive sessions of our non-management directors are held in conjunction with each regularly scheduled Board meeting.

Board Oversight Role in Risk Assessment and Management

While our entire Board is accountable for and involved in risk oversight, our directors have determined to assign primary responsibility to the Audit Committee. The Audit Committee periodically reviews the risk management processes designed and implemented by the Company and receives reports from Company management to ensure that such are consistent with our corporate strategies and that there is an appropriate culture of risk awareness and assessment in decision making. At the same time, the directors recognize other Board committees, such as our Compensation Committee, have expertise in areas of risk oversight specific to their duties and responsibilities and, consequently, it makes sense to allocate specific aspects of risk oversight to these committees. Each committee periodically reports key risk oversight findings back to the full Board so that the risk oversight activities are coordinated and consistent with our overall risk management processes. The full Board can then monitor risk taking across the organization and ensure that appropriate risk taking is aligned with and incorporated into our strategic planning process.

Communicating with Presiding Director or the Company's Non-Management/Independent Directors

Any Stockholder or other interested party who wishes to contact our Presiding Director or the non-management/independent members of our Board of Directors or any individual director may do so by following the procedures set forth on our website at www.ciber.com under "Investor Relations, Corporate Governance, Communications with the Board."

Independence

At least a majority of the members of the Board and all members of the Board's Compensation, Audit and Nominating/Corporate Governance Committees must be independent for purposes of Section 303A of the Listed Company Manual of the NYSE. Upon applying the Company's standards for "independence" identified on our website at www.ciber.com under "Investors Relations, Corporate Governance" and, after reviewing additional relevant facts and circumstances, including any related party transactions, the Board has determined that each of the following directors is independent and has no material relationship with the Company that would impair his independence: Mr. Bobby Stevenson, Mr. Paul Jacobs, Mr. James Spira, Mr. Archibald McGill, Dr. James Wetherbe and Mr. Stephen Kurtz.

The Board has further determined that, with respect to their Committee assignments for 2010, Mr. Kurtz, Mr. Jacobs and Mr. McGill have the requisite independence to serve as members of our Audit Committee under both the Exchange Act and NYSE requirements, that Mr. Spira, Mr. McGill and Dr. Wetherbe have the requisite independence to serve as members of our Compensation Committee, and that Mr. Jacobs, Mr. Spira and Dr. Wetherbe have the requisite independence to serve as members of our Nominating/Corporate Governance Committee. Mr. Stevenson is not a member of any of the committees.

Code of Business Conduct and Ethics

Our Code of Conduct is applied consistently to all employees and has been a prominent part of the Employee Handbook for several years. The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all employees but that has specific requirements for executive and senior financial officers with respect to the ethical standards and obligations relevant to accounting and financial reporting. The Code contains procedures for reporting suspected violations of the Code and references the Audit Committee procedure for the reporting of questionable accounting or auditing matters or other concerns about accounting and auditing matters. A copy of the Code, as well as the Audit Committee Procedures for reporting concerns about accounting or auditing matters, can be found on our website at www.ciber.com under "Investor Relations," or you may request a copy by

writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations. If a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed on our website, in a press release or in a current report on Form 8-K.

**NOMINATING/
CORPORATE
GOVERNANCE
COMMITTEE**

The principal responsibilities of the Nominating/Corporate Governance Committee are to identify and nominate qualified individuals to serve as members of the Board, or to nominate candidates to fill such other positions as may be deemed necessary and advisable by the Board. In addition, the Nominating/Corporate Governance Committee is responsible for establishing our Corporate Governance Guidelines and our Code of Business Conduct and Ethics, as well as evaluating the Board and its processes. The members of the 2009 Nominating/Corporate Governance Committee were Mr. Spira (Chairman), Mr. Jacobs and Dr. Wetherbe. The Nominating/Corporate Governance Committee met once in 2009.

**NOMINATING/
CORPORATE
GOVERNANCE
COMMITTEE
CHARTER**

The Nominating/Corporate Governance Committee's Charter can be found at www.ciber.com/cbr under "Corporate Governance." We believe that our directors must bring the skill mix and experience necessary to perform the Board of Directors' oversight function effectively. Identification of prospective Board members is done by a combination of methods, including studying other boards, word-of-mouth in industry circles, inquiries of outside professionals and recommendations made to us. Although we do not have a formal policy with regard to the consideration of diversity, when

considering candidates for director, our Nominating/Corporate Governance Committee looks at the entirety of our Board and seeks to add skills and experience which complement other members of the Board rather than director nominees that may represent a particular constituency. The Committee considers a number of diverse factors including, but not limited to, the following:

- Experience with acquisitions
- Experience in marketing and sales
- Knowledge of our industry

Edgar Filing: CIBER INC - Form DEF 14A

Experience with finance, accounting, internal audit and other financial matters
Respect for the fiduciary responsibilities of directors to stockholders
Leadership skills
Demonstration of sound business judgment
Global perspective
Interpersonal effectiveness
Personal integrity

The number of other boards and committees on which a candidate serves

When the Nominating/Corporate Governance Committee is recruiting Board members to serve on a designated committee, the Committee also takes into account skills and experience specific to that committee. For example, Audit Committee members must be financial experts and/or financially literate. The Nominating/Corporate Governance Committee will consider nominees recommended by the Stockholders applying the criteria described above and in accordance with the process outlined below. Please also refer to the section entitled "Deadline for Stockholder Proposals for the 2011 Annual Meeting" located on page 5 for information related to Stockholder nominations.

As provided in our February 25, 2009 bylaw amendment, Stockholders entitled to vote at an Annual Meeting of our Stockholders may make nominations for the election of directors only if written notice of the Stockholder's intent to make such a nomination or nominations has been given, either by personal delivery or by U.S. mail to our Secretary no later than 90 days and no earlier than the close of business on the 120th calendar day prior to the preceding Annual Meeting (in this case June 2, 2011) with respect to an election to be held at an Annual Meeting of the Stockholders or the close of business on the tenth day following the date on which notice of a special meeting is first given to Stockholders for an election to be held at a special meeting of Stockholders. No such nominations were received for the 2010 Annual Meeting.

- (ii) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf each proposal or nomination is made: (A) the name and record address of such stockholder, as they appear on the Corporation's books, and of such beneficial owner, if any, on whose behalf a proposal or nomination is made; (B) the class or series and number of shares of capital stock of the Corporation which are owned beneficially and of record by such stockholder and such beneficial owner, if any, as well as whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short positions or any borrowing or lending of shares of stock) has been made, the effect or intent of which is to mitigate loss to or manage risk of stock price changes for, or to increase the voting power of, such stockholder or any such beneficial owner with respect to any share of stock of the Corporation; (C) a complete and accurate description of any agreement, arrangement or understanding between or among such stockholder and such beneficial owner, any of their respective affiliates or associates, and any other person or persons in connection with such nomination or proposal and the name and address of any other person or persons known to the stockholder or such beneficial owner to support such nomination or proposal; (D) a complete and accurate description of any option, warrant, convertible security or a settlement payment or mechanism at a price related to any class or series of capital stock of the Corporation, whether or not settled in cash or in securities of the Corporation, directly or indirectly owned by such stockholder or beneficial owner or such affiliate or associate; (E) a complete and accurate description of any agreement, arrangement or understanding (including without limitation any short positions, profits interests, hedging transactions, borrowed or loaned shares) that has been entered into or made as of the date of the stockholder's notice by, or on behalf of, such stockholder and such beneficial owner or such affiliate or associate, if any, the effect or intent of which is to mitigate loss to or manage risk of stock prices changes for, or to increase the voting power of, such stockholder or beneficial owner with respect to shares of capital stock of the Corporation; (F) a description of all arrangements or understandings, including, without limitation, between such stockholder and beneficial owner or such affiliate or associate, if any, and each proposed nominee and any other person or persons; (G) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to

appear in person or by proxy at the meeting; (H) a representation whether such stockholder or such beneficial owner or such affiliate or associate, if any, or associates, intends or is part of a group which intends (y) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to elect the nominee or pass the proposal and/or (z) otherwise to solicit proxies from stockholders in support of such proposal nomination; (I) any other information relating to such person that would be required to be disclosed or other filings required to be made in connection with a solicitation of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (J) a representation that the stockholder will update the information set forth in clauses (A) through (I) above as of the record date for the meeting by delivery of written notice to the Corporation promptly following the later of the record date or public announcement of the record date;

Notwithstanding anything in the Bylaws to the contrary:

- (i) No person shall be eligible for election by the stockholders as a director of the Corporation unless nominated in accordance with the procedures set forth in the Bylaws. The presiding officer at a meeting may, if the facts warrant, determine and declare to the meeting that the nomination was defective and not properly brought before the meeting in accordance with the provisions of the Bylaws, and if he should so determine, he shall declare to the meeting that such defective nomination shall be disregarded.
- (ii) In the event that the number of directors to be elected to the board of directors of the Corporation at an annual meeting is increased and there is no public announcement by the Corporation naming all of the nominees for director or specifying the size of the increased board of directors at least one hundred (100) days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by the Bylaws shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary of the Corporation at the principal executive offices of the Corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the Corporation.

"Corporate Governance."

The Board has determined that
Mr. Stephen Kurtz qualifies as an
"audit committee financial expert"
pursuant to Item 407(d) of
Regulation S-K. The Board has also

**Report of the Audit
Committee***

The Audit Committee of the Board
assists the Board in fulfilling its
responsibilities for financial
reporting compliance by reviewing
the audited financial statements,
reviewing the system of internal
controls that management and the
Board of Directors have established
and reviewing the overall audit
process. The Audit Committee, in its
capacity as a Committee of the
Board, is directly responsible for the
appointment, compensation and
oversight of the independent
registered public accounting firm,
and has:

reviewed and discussed the 2009
audited financial statements
separately and jointly with
management and with Ernst &
Young LLP ("E&Y"), our
independent registered public
accounting firm;

Edgar Filing: CIBER INC - Form DEF 14A

provided oversight and advice to management with respect to the documentation, testing and evaluation of our system of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations, received periodic updates provided by management and E&Y and reviewed a report on the effectiveness of our internal control over financial reporting;

discussed with E&Y the matters required by the Statement on Auditing Standards No. 61, "Codification of Statements on Auditing Standards," AU§380, as modified or supplemented by the Auditing Standards Board of the American Institute of Certified Public Accountants or the Public Company Accounting Oversight Board (PCAOB);

received the written disclosures and the letter from E&Y required by applicable requirements of the PCAOB for independent auditor communications with the Audit Committee, as the same may be modified or supplemented, and has discussed with E&Y its independence; and

considered whether the auditor's provision of non-audit services is compatible with independence and concluded that the services rendered by E&Y are compatible with maintaining the principal accountant's independence, no fees were billed for services other than audit, audit-related or tax services.

Based upon this review and the discussions referred to above, the Audit Committee has recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2009, and that this report be included in the Proxy Statement on Schedule 14A for the 2010 Annual Meeting of Stockholders.

**Compensation Committee
Charter**

The Compensation Committee Charter is available for review on our website at www.ciber.com/cbr under "Corporate Governance."

**Compensation Committee
Process**

The Compensation Committee meets as often as necessary to perform its duties and responsibilities. Our Compensation Committee Chair works with our Chief Executive Officer ("CEO") to establish the meeting agenda. The Compensation Committee typically meets with the CEO and, where appropriate, with outside advisors. The Compensation Committee also meets in executive session without management. The Compensation Committee reviews materials in advance of each meeting including financial reports on year-to-date performance against business plans, calculations and reports on achievement of individual and corporate performance goals and objectives, performance of our competitive reference group, information about option grants under our performance-based option grant programs, NEO equity compensation and information about equity compensation dilution. The Compensation Committee annually reviews the performance of

and determines salary, cash bonus and equity compensation for the CEO and determines performance and award targets for the next fiscal year. The Compensation Committee also annually reviews and approves the salary, cash bonuses and equity compensation for the Chief Financial Officer ("CFO") and the other NEOs and determines performance award targets for the next fiscal year based on the recommendations of the CEO, who plays a significant role in evaluating the performance of and setting the performance targets for these individuals. The Compensation Committee has delegated authority to the CEO for the execution of the equity compensation programs.

The Compensation Committee charter grants the Compensation Committee direct authority to hire and fire advisors and compensation consultants for the Committee. In February 2007, the Compensation Committee retained the services of HCC, Inc. to evaluate and make recommendations regarding the compensation of our CEO, as discussed more fully in the Compensation Discussion and Analysis section of this Proxy Statement. The Compensation Committee continues to work with HCC, Inc. on various compensation-related matters on an as-needed basis.

The Compensation Committee's process begins with reviewing and approving the performance targets for each NEO as recommended by the CEO and establishing the CEO's performance targets. The Compensation Committee determines the appropriateness of the financial and non-financial measures used for incentive compensation. It also reviews compensation levels for the CEO and NEOs for internal pay equity and reasonableness relative to the publicly-available information of the companies in our competitive reference group. The Compensation Committee periodically reviews performance against the objectives and, generally in the first quarter of the fiscal year, determines actual cash bonus and equity compensation payouts against targets, as well as objectives and compensation targets for the coming year.

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and based on the review and discussions, we have recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION OF DIRECTORS

Our Board periodically reviews and establishes the compensation of our non-employee directors based on recommendations from our Compensation Committee in consultation with our CEO. In setting director compensation we review, among other things, director compensation surveys in publications for boards of directors and the publicly-available data of our competitive reference companies.

Until the fall of 2009, our non-employee directors were paid in a combination of cash, options and shares of our Common Stock pursuant to a director compensation program last modified February 21, 2007. Each director received a \$30,000 all cash annual retainer. In addition, under our 2004 Incentive Plan, each non-employee director received a non-statutory option to purchase 20,000 shares of Common Stock upon election to the Board of Directors and an option to purchase 5,000 shares of Common Stock on each anniversary of election to the Board of Directors. These initial option grants vested in equal annual installments over two years and expire 10 years from the date of grant. Anniversary option grants made prior to January 1, 2008 vested fully after one year and expire 10 years from the date of grant. Anniversary option grants made since the beginning of 2008 vest fully after one year and expire 5 years from the date of grant. Non-employee directors received additional equity compensation under the 2004 Incentive Plan in the form of shares of our Common Stock valued at approximately \$2,500 for each Board and Annual Meeting attended and valued at approximately \$1,500 for each committee meeting attended with the number of shares determined by the closing price of our Common Stock on the day of each meeting. The non-employee directors that serve as chairpersons of the Audit, Compensation and Nominating/Corporate Governance committees received equity compensation for annual retainers in the form of our Common Stock valued at approximately \$15,000, \$10,000 and \$5,000, respectively. Compensation expense for grants of Common Stock to non-employee directors was \$131,000 for 2009. Such expenses are included in our total recorded share-based compensation costs.

In the fall of 2009, the Compensation Committee reviewed publicly-available information concerning director compensation programs of various companies that offer services comparable to

ours and additional information on director compensation from board-related publications and recommended a change in our director compensation program to the Board of Directors. On the recommendation of the Compensation Committee and effective October 1, 2009, the Board determined to set the annual retainer for all non-employee directors at \$40,000 to be paid in cash. An annual cash fee for service as the Chairman of the Board was set at \$60,000 and annual cash fees for service as chairman of the Audit, Compensation and Nominating/Corporate Governance Committees were set at \$20,000, \$15,000 and \$7,500, respectively. In addition, the Board reset board and committee meeting fees, differentiating between in person and telephonic meetings. Effective October 1, 2009, fees were set at \$2,500 in cash for in person attendance and \$1,250 in cash for telephonic attendance at Board meetings. Audit, Compensation and Nominating/Corporate Governance Committee meeting fees were set at \$2,000, \$1,500 and \$1,000 to be paid in cash, respectively, for in person meetings and \$1,000, \$750 and \$500, respectively, for telephonic meetings. While these cash annual retainer and meeting fees replaced the fees that had previously been paid in the form of our Common Stock, effective February 23, 2010, the Board, on the recommendation of the Compensation Committee, determined to award our non-employee directors equity compensation for the increasing work and time commitments involved in board committee responsibilities. Accordingly, on February 23, 2010, each non-employee director was awarded a one-time grant of \$25,000 in Company Common Stock at fair market value on that date, vesting quarterly beginning with the date of the grant and continuing over the next three quarters at 90 day intervals. Non-employee directors elected or appointed to the Board after February 23, 2010 will receive a one-time grant of \$25,000 in Company Common Stock at fair market value on the date of his or her election or appointment, vesting in the same manner. In addition, each non-employee director will receive an annual grant of \$25,000 in Company Common Stock at fair market value commencing February 23, 2010, and another such grant on each anniversary of such date or the next closest stock market trading day, if applicable. A non-employee director elected or appointed to the Board after an annual grant is made will receive a pro-rated portion of the annual grant based on the date on which such director was elected or appointed. If a non-employee director leaves the Board at any time prior to the annual award, such director will not be eligible to receive the annual grant. These annual grants will also vest quarterly beginning on the date of the grant and continuing for the next three quarters at 90 day intervals. All our non-employee directors are now required to own a minimum of \$100,000 worth of Company Common Stock. Directors on the Board as of February 23, 2010, will have three years from February 2010 to meet this stock ownership requirement. Directors appointed or elected after February 23, 2010 will have three years from the date of his or her initial appointment or election to the Board to satisfy this stock ownership requirement. In addition, all non-employee directors are also required to hold at least 50% of any shares of Company Common Stock and 50% of any stock options acquired through the Company's director equity compensation program for at least a six-month period after acquisition or vesting.

We reimburse our directors for travel and lodging expenses incurred in connection with their attendance at directors' and Stockholders' meetings and at other Company-sponsored events. We also make long-term care insurance available to directors and/or their spouses, as well as to certain executive officers. Directors may participate at their option. The cost to us depends on the age of the director and/or spouse electing to participate but ranges from \$4,030 to \$5,139 per participating director per year. Except as set forth below for Mr. Stevenson, directors receive no perquisites other than long-term care insurance, which did not reach the \$10,000 disclosure threshold. Mr. Stevenson became Chairman Emeritus on April 11, 2010. His benefits as such have not yet been finalized.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Executive Compensation Program

We compensate our senior leadership through a combination of programs designed not only to attract, retain and motivate our executives but also to reward exceptional performance and contribution to achievement of key strategic goals that are intended to enhance overall stockholder value. Compensation programs for our CEO, CFO and other Named Executive Officers (collectively, "NEOs") are determined considering the revenue and profit, geographic scale and business model complexity for which an NEO has responsibility, along with the position, responsibilities and performance of an individual NEO. In addition, we consider the publicly-available compensation information of the executive officers of our competitor companies and, while publicly-available information from competitive reference group companies is not used as a precise determination of compensation level, we continue to use such information to confirm that our compensation levels are reasonable and will allow us to remain competitive in the employment market.

Our compensation setting process consists of annually establishing individual base salaries, annual cash bonus targets and equity compensation targets. Cash bonus and equity compensation targets are tied to achievement of measurable corporate and business unit performance goals and objectives, primarily related to revenue and net operating income growth. We seek to maintain internal pay equity based on the premise that total compensation should be higher for individuals with greater responsibility and ability to impact the achievement of our strategic objectives. We also consider the deductibility of compensation for tax purposes under Section 162(m) of the Internal Revenue Code; however, we may approve a compensation plan that does not qualify for the deduction if we determine it is in our best interests to do so.

The Company continues to review its compensation practices and incentive programs to ensure that the Company's total compensation program does not encourage inappropriate or unnecessary operational or financial risk taking but rather encourages fiscal responsibility for the Company as a whole.

Stock Ownership Guidelines. We are also committed to encouraging stock ownership by our senior executive officers. Accordingly, our Compensation Committee has adopted a stock ownership policy that requires our senior executive officers to own at least 1,000 shares of our Common Stock and 100,000 stock options. Our officers are expected to meet these guidelines within one year of employment and are expected to hold stock options and Common Stock for at least six months after acquisition. Executive officers are prohibited by our Insider Trading Policy from trading our Common Stock on margin or otherwise hedging their positions in our Common Stock.

Compensation Consultant. Beginning in February 2007, the Compensation Committee retained the services of an independent third-party compensation consultant, HCC, Inc. of Boulder, Colorado ("HCC"), to evaluate and make recommendations regarding the compensation of our CEO, and to review the compensation program structure for other NEOs. HCC analyzed compensation levels, reviewed tax and accounting implications and considered the impact of equity dilution and overhang, as well as stockholder perspectives and sound governance principles. HCC's key findings were that the CEO's base compensation was reasonably competitive, but that the total compensation (salary, bonus and option grant value) was below market levels. HCC's initial recommendations were reviewed and adjusted by the Compensation Committee and our Board of Directors and the CEO's 2008 salary and cash bonus compensation were set accordingly. HCC continued to consult with the Compensation Committee during 2008 and into 2009 about a long-term incentive program for our senior leadership. HCC has not provided any services other than those described herein.

Compensation Reference Data. The Compensation Committee analyzes compensation data from a competitive reference group to help us confirm that we provide industry-competitive salaries and other compensation. Although the Compensation Committee considers other factors in setting compensation, competitive reference group data is an important factor and the Compensation Committee targets total compensation for the NEOs in median range for total compensation for the competitive reference group, with adjustments made for NEOs who may have responsibility levels or duties that differ from comparable positions at the reference companies. We add or delete companies from our competitive reference group pursuant to industry consolidations, going private transactions, bankruptcies or business similarities. Consequently, our competitive reference group may change from year to year. For 2010, our competitive reference group included Accenture, CACI International, Inc., CGI Group, Inc., MAXIMUS, Inc. and Cognizant Technology Solutions Corporation. These companies have revenues for the last fiscal year that range from approximately \$700 million to \$20 billion. Their average last fiscal year revenue was approximately \$6 billion.

Elements of Executive Compensation

Our executive compensation is performance-driven and consists of the following components: (1) base salary, (2) annual cash bonus opportunities, and (3) equity compensation awards. The base salary and annual cash bonuses, as well as the potential for equity awards, are provided for in each NEO's annually-renewable employment agreement. The design of our total cash compensation allocates approximately 55 - 65% to base salary and approximately 35 - 45% to compensation in the form of cash bonus opportunities. Equity compensation awards have historically been in the form of stock options although equity compensation also included restricted stock units ("RSUs") beginning in 2008. The actual mix of salary, cash bonus and equity compensation with respect to each NEO is subject to the nature of the specific business for which each NEO is responsible and the judgment of the Compensation Committee in consultation with the CEO. We believe this mix supports our pay-for-performance philosophy and is appropriate to provide each executive with a competitive base salary and sufficient "at-risk" compensation to drive performance against objectives without creating undue risk for the Company as a whole.

Other than considering internal pay equity, we have not adopted an formal policy with regard to the relationship of the compensation paid to our NEOs. Differences between the compensation of our NEOs generally reflect differences in the scope of authority and responsibility for the relevant positions held by the NEOs. In addition, the exercise of discretion and judgment by the Compensation Committee to account for unique, individual circumstances, changes in the market for executive talent or in our strategic goals and other factors impacts the mix of actual compensation. As a result, establishing total compensation is not merely a formulaic process.

In 2009, we modified our philosophy for target bonus compensation from achievement of business plan targets in 2008 to levels of achievement for 2009 relative to 2008's actual results, believing there is more of a direct correlation to stockholders' goals for year-to-year improvement than performance to business plans, which is more indirect. The same philosophy applies to our 2010 target bonus compensation. We continue to believe that the performance targets we set do not, however, encourage management to take inappropriate or unnecessary risks but rather encourage fiscal responsibility for the Company as a whole.

Base Salary

In determining base salaries, we consider the NEO's position and responsibilities, qualifications and experience, goals and responsibilities, comparable salaries at our competitive reference group, past performance, prior year(s) compensation and internal pay equity. Base salaries are reviewed annually and adjusted from time to time, if necessary, to align them with changes in the factors noted above. The Compensation Committee sets the salary for the CEO, and reviews and approves the salaries for

Edgar Filing: CIBER INC - Form DEF 14A

the other NEOs based on recommendations from the CEO and its own assessment of the factors listed above. The following table reflects the adjustments made to the base salaries of the NEOs for the 2010 fiscal year (beginning January 1, 2010) consistent with the philosophy and principles discussed above. The adjustments to base salary also gave consideration to general global economic conditions and the steps that the Company has taken to manage overhead expenses.

Annual Cash Bonus Compensation

The Compensation Committee believes cash incentives for NEOs that are contingent upon corporate or business unit performance align the NEOs' interests with those of our Stockholders. The Compensation Committee approves the annual cash bonus compensation opportunities for all NEOs which include two aspects: (1) an Annual Cash Bonus Award for performance to set targets with an associated Ancillary Cash Award for performance beyond the targets set and (2) the Stretch Bonus Program discussed more fully below. The Annual Cash Bonus Award is based largely on quantitative targets such as revenue, Earnings Before Interest, Taxes and Amortization ("EBITA"), also referred to herein as net operating income ("NOI"), income tax rates achieved and accounts receivable day's sales outstanding ("DSO's"), but also includes a qualitative component. The Ancillary Cash Award associated with the Annual Cash Bonus Award is tied to achievement over and above the targets set for revenue and NOI at 100%. The Stretch Bonus Program targets are set even tighter than the Ancillary Cash Award targets. Percentages of the total award are allocated to each target and include a range of payouts from a minimum to a maximum of the targets. No NEO is guaranteed a bonus payment under any bonus program. We have no policy to recover payments if the relevant performance measures upon which they are based are restated or otherwise adjusted. We will review the need for such a policy as appropriate.

As in 2008 and 2009, the 2010 Annual Cash Bonus Award targets for Mr. Slingerlend and Mr. Cheesbrough are based on total company revenue growth and EBITA growth. Mr. Cheesbrough's bonus targets also included, to a lesser extent, the Company-wide income tax rate achieved and DSO's. Annual Cash Bonus Award targets for Mr. Hadzi, Ms. Kim and Mr. Laugerud are based primarily on

business unit revenue and NOI and, to a lesser extent, on DSO's for Mr. Hadzi and Ms. Kim and the International Division tax rates achieved for Mr. Laugerud. In addition, we have identified important qualitative attributes we expect our NEOs to demonstrate that include development of people, leadership, teamwork and efforts to achieve our strategic objectives. The weighting of the various performance objectives may vary from year to year as necessary to focus senior leadership on what is most important in the upcoming year. Objectives and targets may be adjusted based on unforeseen circumstances, past difficulties and future challenges. Each fiscal year, the CEO proposes and the Compensation Committee approves objectives and targets for each NEO for the coming fiscal year based on the current results and annual business plans. Bonus targets are set that align with each objective. We believe that the 2009 targets were and the 2010 targets are set fairly.

In addition to our Annual Cash Bonus Award and associated Ancillary Cash Award program, beginning in 2008, the Board also implemented a Stretch Bonus Program (formerly known as the Special Bonus Program), an additional cash bonus program in which our NEOs and other senior leadership participate. The Stretch Bonus Program is aimed at achieving targets for business unit revenue and NOI that are more difficult to achieve than the business plan targets for the Annual Cash Bonus Award and Ancillary Cash Award program.

Fiscal 2009 Annual Cash Bonus Award Components

The components for the 2009 Annual Cash Bonus Awards for all NEOs, approved by the Compensation Committee, were substantially the same as 2008. The Annual Cash Bonus Award components for our NEOs are set forth in the table below. No bonus payments for a particular component are made if less than the minimum threshold target for that component was achieved and the maximum target for a particular component had to be achieved for a 100% payout on that component.

2009 Annual Cash Bonus Award Components

Name	Revenue Target Percentage*	EBITA/NOI Target Percentage*	Accounts Receivable Outstanding Target Percentage	Tax Rate Target Percentage	Qualitative Percentage
Mac J. Slingerlend	25%	40%			35%
Peter H. Cheesbrough	25%	40%	10%	5%	20%

Revenue and NOI targets for Mr. Slingerlend were and for Mr. Cheesbrough are total Company targets. Revenue and NOI targets for the other NEOs are business unit targets.

The following table reflects the principal 2009 Annual Cash Bonus Award targets for the revenue and NOI components and the payout percentages on those targets for the NEOs. The targets were set as a percentage increase against actual 2008 results. This change reflects a modification in the Company's philosophy from prior years with respect to setting such business plan targets and, to some extent, addresses vagaries in business planning estimates. No NEO is guaranteed a bonus payment.

Formerly U.S. Commercial

The total Annual Cash Bonus Award compensation, assuming 100% of all applicable revenue, NOI, DSO's, tax rate and qualitative targets are achieved, was potentially as follows: Mr. Slingerlend \$525,000, Mr. Cheesbrough \$227,500, Mr. Hadzi \$200,000, Ms. Kim \$215,000 and Mr. Laugerud \$219,800 (at a conversion rate of 1 GBP to 1.57 U.S. Dollars). The Annual Cash Bonus Award Target does not include the Ancillary Cash Award and Stretch Bonus Program Award target amounts because such amounts cannot be calculated until actual year end results are known.

Cash Bonus Award Targets for the Second Half of 2009 Results

Due to the extended downturn in the global economies and a desire to incent continued performance in view of the difficult economic conditions, the Compensation Committee implemented a reduced cash bonus award program for the second half of 2009 (the "2H09 Program") that operated alongside of the 2009 Annual Cash Bonus Award Program for all NEOs; however, bonus payments would be made only under one of the programs for each specific target.

The 2H09 Program targets for NEOs approved by the Compensation Committee were still set as a percentage change against 2008 actual results as discussed above. As before, no bonus payments for a particular target were made if less than the minimum threshold target was achieved. The total 2H09 Program compensation, assuming maximum payouts of applicable revenue and NOI targets were achieved, was potentially as follows: Mr. Slingerlend \$170,625, Mr. Cheesbrough \$73,438, Mr. Hadzi, \$60,000 and Mr. Laugerud \$76,930 (at a conversion rate of 1 GBP to 1.57 U.S. Dollars). Actual payouts for Mr. Slingerlend, Mr. Cheesbrough and Mr. Laugerud were \$24,000, \$10,600 and \$70,690, respectively. No other payouts were made to NEOs pursuant to the 2H09 Program.

Fiscal 2009 Ancillary Cash Award Targets

For the 2009 Ancillary Cash Award opportunity associated with the Annual Cash Bonus Award, Mr. Slingerlend and Mr. Cheesbrough each could have earned an additional \$5,000 and \$3,000, respectively, for each 1/2% the Company was over 100% of the revenue target and an additional \$10,000 and \$6,000, respectively, for each 1/2% the Company was over 100% of the NOI target. Mr. Hadzi had the opportunity to earn an Ancillary Cash Award of an additional \$2,500 for each 1/2% that business unit revenue exceeded 100% of the target and \$4,000 for every 1/2% that business unit NOI exceeded 100% of the target. Ms. Kim had the opportunity to earn an Ancillary Cash Award of an additional \$2,000 for each 1/2% that business unit revenue exceeded 100% of the target and \$4,000 for every 1/2% that business unit NOI exceeded 100% of the target. Mr. Laugerud could have earned an additional Ancillary Cash Award of \$3,925 for every 1/2% that the business unit revenue exceeded 100% of the target and \$7,850 for every 1/2% that the business unit NOI exceeded 100% of the target (at a conversion rate of 1 GBP to 1.57 U.S. Dollars). These 2009 target bonuses were 8 - 14% higher than the 2008 target bonuses because of our desire to focus our senior management on continued revenue and NOI growth. We believed that the 2009 annual cash compensation targets would be more difficult to achieve than our 2008 targets, and achieving such targets would require significant effort for our

NEOs given the business and economic environment during 2009 and the degree of competition that the Company faces. No Ancillary Cash Award targets were part of the 2H09 Program. No Ancillary Cash Awards were made under the Annual Cash Bonus Award Program.

Fiscal 2009 Stretch Bonus Program

The Compensation Committee also approved a 2009 Stretch Bonus Program similar to the Stretch Bonus Program implemented in 2008, again capped at \$1.2 million in payouts. Potential payouts under this Program ranged from a minimum payout of 30% of the half of the Program allocated to the revenue target at 95% achievement of the business unit revenue target under this Program to a 100% payout at 100% achievement. Potential payouts under this Program for business unit NOI ranged from 50% of the half of the Program allocated to the NOI target at achievement of 90% of the NOI target to 100% payout at 100% achievement. Mr. Hadzi, Ms. Kim and Mr. Laugerud were eligible for a 25% bonus payment of the business unit award if the business unit targets set under this Program were achieved. Messrs. Slingerlend and Cheesbrough were eligible to participate in this Program and could have earned 12% and 8%, respectively, of the amounts that were earned by the others under the Program.

Fiscal 2010 Annual Cash Bonus Award Components

The criteria for the 2010 Annual Cash Bonus Award components for all NEOs approved by the Compensation Committee are substantially the same as in prior years. The Annual Cash Bonus Award components for our NEOs are set forth in the table below. No bonus payments for a particular component will be made if less than the minimum threshold target for that component is achieved and the maximum target for that component must be achieved for a 100% payout on that target.

Revenue and NOI targets for Messrs. Slingerlend and Cheesbrough are total Company targets. Revenue and NOI targets for the other NEOs are business unit targets.

The following table reflects the principal 2010 Annual Cash Bonus Award targets for the components of revenue and NOI and payout percentages on the targets for those components for the NEOs. The targets were predominately set as a percentage increase against actual 2009 results.

Potential Payouts on the 2010 Annual Cash Award Targets

	Mr. Slingerlend and Mr. Cheesbrough		Mr. Hadzi		Ms. Kim		Mr. Laugerud	
	Company Revenue	Company NOI	Custom Solutions Revenue	Custom Solutions NOI	Federal Division Revenue	Federal Division NOI	International Division Revenue	International Division NOI

Minimum Payout (25%)	100.5%	101.0%	99.0%	100.0%	105.0%	110.0%	102.0%	104.0%

The total 2010 Annual Cash Bonus Award compensation, assuming 100% of all applicable revenue, NOI, DSO's, tax rate and qualitative targets are achieved, is potentially as follows: Mr. Slingerlend \$535,000, Mr. Cheesbrough \$240,000, Mr. Hadzi \$220,000, Ms. Kim \$225,000 and Mr. Laugerud \$235,500 (1 GBP to 1.57 U.S. Dollars). The Annual Cash Bonus Award Target does not include the Ancillary Cash Award and Stretch Bonus Program Award target amounts because such amounts cannot be calculated until actual year end results are known.

Fiscal 2010 Ancillary Cash Award Targets

The 2010 Ancillary Cash Award opportunity over and above the Annual Cash Bonus Award, for all NEOs is 4% of all revenue achieved over the 100% target level and 4% of all NOI achieved over the 100% target level. These 2010 ancillary target bonuses are similar to the 2009 ancillary target bonuses because of our desire to focus our senior management on exceeding business plan objectives. We believe that the 2010 annual cash compensation targets are set at challenging levels as their achievement requires growth in a difficult economic environment.

Fiscal 2010 Stretch Bonus Program

The Compensation Committee has also approved a 2010 Stretch Bonus Program, capped at \$1.2 million in payouts, similar to the Stretch Bonus Program implemented in 2009. Potential payouts under this program range from a minimum payout of 30% of the half of the Program allocated to the revenue target at 95% achievement of the business unit revenue target under this Program to a 100% payout at 100% achievement. Potential payouts under this Program for business unit NOI ranged from 50% of the half of the Program allocated to the NOI target at achievement of 90% of the NOI target to 100% payout at 100% achievement. Messrs. Hadzi and Laugerud and Ms. Kim are eligible for 25% bonus payment of the business unit award if the business unit targets set under this Program are achieved. Messrs. Slingerland and Cheesbrough are eligible to participate in this Program and could earn 12% and 8%, respectively, of the amounts that are earned by the others under the Program.

Equity Incentive Program

Historically, we have awarded NEOs non-qualified stock options as our form of equity compensation and as our primary vehicle for long-term incentive compensation. We believe that our stock option program has focused management on driving operating performance in a way that improves our Stockholder value while our vesting features encourage retention. We have two stock-based programs for our NEOs that are approved annually by our Board of Directors: (1) a quarterly performance-based program (the "Quarterly Equity Incentive Program") in which our NEOs (other than our CEO) participate and (2) a long-term equity incentive program (the "LTIP") which was adopted in 2008 and in which all of our NEOs participate that incorporates both stock options and RSUs awarded on achievement of certain levels of performance as discussed more fully below.

Stock options and RSUs are granted from the CIBER, Inc. 2004 Incentive Plan, which was approved by our Stockholders and incorporates, among others, the following features: (1) the term of the grant does not exceed 10 years; (2) the grant price is not less than the market price on the date of the grant; and (3) re-pricing of options is prohibited unless approved by the Stockholders. The size and nature of equity grants to our NEOs are determined by the Compensation Committee, or our CEO pursuant to authority delegated to him by the Compensation Committee. Company and business unit targets are established annually and approved by the Compensation Committee. Like our cash incentive compensation programs, awards pursuant to our equity compensation programs are tied to the achievement of pre-established performance targets for Company or business unit performance.

Beginning in 2008, awards under our Quarterly Equity Incentive Program vest 50% over two years beginning on the date of the grant. The Compensation Committee or CEO has the authority and has exercised that authority from time to time, to award discretionary options or RSUs, generally based on exceptional performance. The vesting of discretionary options or RSUs is determined at the time of the award and generally ranges from two to four years. Vesting periods are generally long enough to encourage executive retention and the preservation of Stockholder value. In determining the equity compensation to be granted to all eligible employees, we have established a guideline to grant no more than 2-3% of shares outstanding per year and to limit overall grants to try and avoid creating an overhang of more than 12% of shares outstanding. In making awards to individual NEOs and, subject to the application of the Compensation Committee's judgment, we take into account the individual's position, scope of responsibility, ability to affect profits and Stockholder value and the individual's past and present performance.

We have reviewed our historical stock option grants to our NEOs and are confident in the integrity of our stock option granting process. We do not grant discretionary options or RSUs to NEOs during a trading blackout period under our insider trading policy or when in the possession of material non-public information that we believe may affect stock price. Quarterly Equity Incentive Program

grants, which are generally formulaic in implementation, are not intentionally timed around public announcements, but may be granted whether or not quarterly earnings have been publicly released.

Early in 2008, our Board of Directors considered a new approach to an LTIP for our NEOs and other members of senior leadership. The purpose of the LTIP was to allow the Board of Directors to provide equity incentives to members of our leadership group through long-term awards in order to further incent growth of the long-term value of CIBER for our Stockholders. The Board of Directors believes that the LTIP awards will directly link certain executive compensation opportunities with Stockholder value creation. The total amount available for LTIP awards is capped each year based on the Board's or the Compensation Committee's determination, which includes the potential cost to the Company of the program. The LTIP awards consist of a mix of stock options and RSUs. In the design of the LTIP, the Board employed both performance-based award criteria, including revenue and NOI components, and multi-year vesting of these equity incentive awards. Consequently, the options and the RSUs are both performance-vested and time-vested. In 2009, the Board included, for the first time, a qualitative component in the potential award structure. The Board believes that performance vesting coupled with multi-year vesting focuses executive officers on consistent long-term growth of Stockholder value and encourages retention.

While we have not usually taken the performance of past equity awards into account when making new equity awards other than, at the discretion of the Compensation Committee, the occasional replacement of expired underwater options, our Compensation Committee continues to review our equity incentive programs to optimize their value as vehicles to incent and retain our leadership and to align their interests with the interests of our Stockholders. The Compensation Committee also continues to evaluate the implications for our equity compensation programs caused by decline in the Company's stock price and the need to balance the equity compensation programs with equity burn rate, dilution and expense implications.

Fiscal 2009 Quarterly Equity Incentive Program Awards

As in 2008, stock options for 2009 under our Quarterly Equity Incentive Program were awarded on a formulaic basis for the achievement of pre-established performance-based business unit goals and objectives. Our NEOs, other than the CEO, were eligible for grants during 2009 pursuant to this Board-approved Quarterly Equity Incentive Program. Based on the judgment of the Compensation Committee, NEOs may also receive discretionary stock option or RSU awards for exceptional performance or other contributions or to replace expiring underwater options.

In 2009, and pursuant to the Quarterly Equity Incentive Program, Messrs. Cheesbrough and Laugerud were eligible to receive 5,000 options per quarter provided that 95% of the Company and/or business unit revenue target and 90% of the Company and/or business unit EBITA target were met for that quarter. Mr. Hadzi and Ms. Kim were eligible to receive 4,000 options per quarter provided that 95% of the business unit revenue target and 90% of the business unit EBITA target were met for that quarter. Ms. Kim was the only NEO to receive stock options pursuant to this program in 2009. She was awarded 4,000 options for first quarter performance by the Compensation Committee.

Fiscal 2009 Long-Term Equity Incentive Program Awards

Participants in the 2009 LTIP included all of the NEOs. Other eligible participants include selected corporate employees and business unit leaders based primarily on the extent of their revenue or other leadership responsibilities. The target award value level for Mr. Slingerland, who retired effective April 11, 2010 as our principal executive officer, was 0.9 times base salary. Target awards for all other participants, including Mr. Cheesbrough, Mr. Hadzi, Ms. Kim and Mr. Laugerud, were set based upon their respective business unit's past and future estimated overall revenue contribution and other responsibilities at CIBER. The Compensation Committee also determined, for the same reasons it

Edgar Filing: CIBER INC - Form DEF 14A

instituted the reduced cash bonus award 2H09 Program, to institute an LTIP award program for the second half of 2009 (the "2H09 LTIP"). Under the 2H09 LTIP, the Company's NEOs were eligible to receive between 0% and 30% of the stock options and RSUs that they were eligible to receive under the full-year program based only on Company (rather than business unit) revenue and NOI for the second half of 2009.

Equity incentives ultimately awarded under the full-year 2009 LTIP were based on the Company financial performance for certain corporate employees and executives and the Company financial performance, as well as the performance of their respective business units for those participants who have business unit responsibility. No awards were made pursuant to the 2H09 LTIP. The awards of both stock options and RSUs that were made on the achievement of the performance criteria for 2009 are still subject to vesting in equal portions over a three-year period. The following table sets forth the NEOs' target and actual stock option and RSU awards for 2009. In 2008, approximately 53% of the available stock options and RSUs were awarded under the 2008 LTIP for all eligible participants. In 2009, approximately 25% of the available stock options and RSUs were awarded pursuant to the 2009 LTIP.

2009 LTIP Awards

Name	2009 Maximum Stock Option Award	2009 Actual Stock Option Award	2009 Maximum RSU Award	2009 Actual RSU Award
Mac J. Slingerlend	348,000	69,600	116,000	23,200

Additional Equity Grants

The Board continues to be concerned that recent stock price changes left virtually all of the Company's long-term incentives in the form of stock options out-of-the-money, i.e., having no economic value. In March 2009, our Board approved special discretionary grants of RSUs to recognize the performance of our leadership, to compensate for declines in the value of previous equity grants and to incent employees and align their interests with Stockholders, as well as to begin a shift toward awarding more RSUs than stock options. The Board authorized grants of RSUs to Mr. Slingerlend, Mr. Cheesbrough, Mr. Hadzi, Ms. Kim and Mr. Laugerud in the amounts of 24,000, 15,000, 18,000, 30,000 and 18,000, respectively.

Fiscal 2010 Quarterly Equity Incentive Program Targets

Our NEOs, other than Mr. Slingerlend, are eligible to participate in the Board-approved Quarterly Equity Incentive Program for 2010. In 2010, Messrs. Cheesbrough and Laugerud will be eligible to receive 5,000 options per quarter and Mr. Hadzi and Ms. Kim will be eligible to receive 4,000 options per quarter, provided that 95% of the revenue target at the 100% award level and 90% of the NOI target at the 100% award level are met for that quarter. Based on the judgment of the Compensation Committee, the NEOs may also receive discretionary stock options or RSUs for exceptional performance or other contributions. Mr. Cheesbrough's targets are Company level targets while the other NEOs' targets are business unit based.

Fiscal 2010 LTIP Award Targets

All of our NEOs are eligible to participate in the 2010 LTIP. Awards granted under 80% of the LTIP will be based on the achievement of performance to Company or business unit plan targets for revenue and NOI. For 2010, and consistent with our approach to setting the targets for our cash bonus compensation awards for 2010, the revenue and NOI targets reflect an increase over the actual performance on those targets in 2009. Stock options and RSUs under the 2010 LTIP will be awarded in a ratio of three stock options to one RSU and an award split that is based 20% each on Company or business unit revenue results and 20% each on Company or business unit NOI results, depending on the recipient. For the minimum Company award of 20%, revenue must be at 100.5% of 2009 baseline revenues and NOI must be at 102% of the 2009 baseline number for NOI performance. For the maximum 100% award, Company revenue must be at 102.9% of 2009 baseline revenues and NOI must be at 115% of 2009 baseline NOI results. The revenue and NOI targets for Mr. Slingerlend were and for Mr. Cheesbrough are Company consolidated targets, and the targets for Mr. Hadzi, Mr. Laugerud and Ms. Kim are business unit-based targets. As to the Company and business unit targets, each NEO has individual baseline numbers for revenue and NOI, and the awards are generally at threshold percentages equal to the Annual Cash Bonus Award Targets discussed above. The baseline numbers approximate 2009 actual results. Additionally, 20% of the LTIP awards will be qualitatively determined. Given the general economic conditions, we believe that these targets will be fairly difficult to achieve although not out of reach.

Other Benefits

Our health care insurance and other welfare and employee benefit programs are the same for all eligible employees, including our NEOs. Our NEOs also receive various modest personal benefit perquisites that we believe are consistent with their positions, the need for appropriate entertainment forums for customers and their roles in the community. We expect to continue to provide these perquisites. The perquisites may include physicals, membership in social and country clubs, life insurance and sporting event tickets and are more fully discussed in the Summary Compensation Table. To provide competitive salary and benefits to Mr. Laugerud, as is customary in Europe, Mr. Laugerud's employment agreement provides for an annual automobile allowance of \$20,724 (calculated at a rate of 1 GBP to 1.57 U.S. Dollars).

Post-Termination Compensation and Benefits

Employment and Change in Control Agreements

Pursuant to their employment and change in control agreements, our NEOs may receive payments upon termination of employment other than for cause, or in the event of a change in control of the Company. We believe that reasonable severance benefits and payments upon a change in control are necessary components of a competitive pay package. Payments are appropriate in both instances given the period of time that may be necessary for an executive officer to find comparable employment following a termination or change in control. In addition, payments upon a change in control are appropriate because they provide stability and continuity of business leadership in a period of transition following a change in control, thus benefiting our Stockholders.

The severance benefits payable under the employment agreements vary somewhat from executive to executive and are more fully set forth in the Termination and Change in Control Payments table and narrative discussion below. Each executive is bound by a covenant not to compete with us or to solicit our employees for up to 18 months following termination and each executive is subject to liquidated damages for breach of these covenants. These provisions are also part of the change in control agreements. Severance payments are not in addition to change in control payments. We do not take potential payments pursuant to these agreements into account when determining our NEOs

compensation because these agreements serve very specific purposes generally unrelated to annual compensation packages. Potential individual payments are determined based on what is common in the employment market for similar positions and with a view toward internal pay equity at the Company.

The provisions for payments under the change in control agreements supersede any similar provisions in our executives' employment agreements in the event of a change in control. The payments include a multiple of salary and target annual cash bonus compensation, medical, life and disability and long-term care insurance premiums for up to 36 months following termination, and one year of outplacement services. Two separate criteria must be met before payments are made upon a change in control. First, a change in control must occur as defined in the agreement and second, the executive must be terminated or constructively terminated. Accelerated vesting of an executive's equity compensation is at the judgment and discretion of our Board of Directors as the administrator of our 2004 Incentive Plan. In addition, terminated executives are entitled to receive any payments for which they would otherwise have been eligible under our 401(k) Savings Plan and, for Mr. Slingerlend, under his Salary Continuation Retirement Plan described below. Change in control payments are discussed in more detail in the Termination and Change in Control Payments table and narrative below.

Retirement Plan

On March 30, 1995, our Board of Directors approved a Salary Continuation Retirement Plan (the "Retirement Plan" or "SERP") for Mr. Slingerlend under which we will make certain post-employment payments to him or his designated beneficiaries, except in the event of a termination for cause. Our Board of Directors believed such a plan was appropriate to recognize Mr. Slingerlend's long-term efforts in our growth and success. The Compensation Committee approved changes to the Retirement Plan in 2008 as a result of the recommendations of the compensation consultant. Additional language changes were also made to comply with Section 409A of the Internal Revenue Code.

The Retirement Plan provides that payments will be made at the rate of one year for each year that Mr. Slingerlend was an employee of the Company, not to exceed 20 years. Payment will begin after Mr. Slingerlend's termination of employment. Annual payment amounts will range from \$175,000 at the present time to \$200,000 per year, depending upon Mr. Slingerlend's age at the time of termination of employment. The Retirement Plan also provides that, should Mr. Slingerlend's employment terminate subsequent to a change in control of the Company, the payments will be \$300,000 annually over a period not to exceed 20 years. Additional details are provided below in the Pension Benefits Table.

Retirement of Mr. Slingerlend

As noted above, Mr. Slingerlend retired as CEO and President effective April 11, 2010. Mr. Slingerlend was named President Emeritus and will provide transition consulting services to the Company. The terms of Mr. Slingerlend's retirement package are not yet determined and will be disclosed in a Form 8-K when determined.

Summary Compensation Table Discussion

Total actual cash bonus awards are reported in both the Bonus and Non-Equity Incentive Plan Compensation columns. The Bonus column includes that portion of the bonus award that is discretionary and the Non-Equity Incentive Plan Compensation column includes that portion of the award that is based on the performance plan targets approved by the Compensation Committee at the beginning of the fiscal year.

- (1) The amounts presented in this column reflect the grant date fair value of the awards computed in accordance with FASB ASC Topic 718 for awards pursuant to the CIBER, Inc. 2004 Incentive Plan. Unless otherwise indicated, the amounts presented here are for stock or option awards granted during fiscal year 2009. Assumptions used in the calculation of grant date fair value for 2009 awards are included in Note 12 to the Consolidated Financial Statements in our 2009 Annual Report on Form 10-K. Our 2009 Annual Report on Form 10-K was filed with the Commission on March 4, 2010. Amounts reported in this column for fiscal 2007 and 2008 in our proxy statements previously filed with the Commission originally reflected the dollar amount of compensation expense recognized for financial statement reporting purposes for the respective fiscal years. In 2009, companies were instructed by the Commission to report grant date fair value in this column; therefore, our previously disclosed amounts for 2007 and 2008 have been restated to conform to the 2009 presentation.
- (2) Consists of amounts contributed under our 401(k) Savings Plan, amounts we pay for life insurance benefits and, in certain circumstances that are separately identified, the value of perquisites and other personal benefits with an aggregate value of at least \$10,000. 401(k) Savings Plan contributions for the year ended December 31, 2009, were: Mr. Slingerlend \$1,198, Mr. Cheesbrough \$1,500, Mr. Hadzi \$1,500 and Ms. Kim \$640. - (3) In addition to the items noted in footnote 2 above, this amount includes total perquisites for Mr. Slingerlend of \$13,211 for the year ended December 31, 2009. Perquisites for 2009 consisted of expenses for long-term care insurance (\$11,511) and the portion of country club membership fees and related country club expenses pertaining to Mr. Slingerlend's personal use (\$1,700).
- (4) Amounts included in the table above reflect both Mr. Cheesbrough's compensation as an executive officer of the Company and as a director of the Company prior to being hired as CFO in October 2007. Amounts paid to Mr. Cheesbrough in 2007 related to his director responsibilities included: \$28,756 in cash related to a cash retainer paid semi-annually (\$21,256) and a semi-annual payment for serving as Chairperson of the Audit Committee (\$7,500), which are reflected in the "Salary" column and stock awards totaling \$37,194 for attendance at Board, Annual and committee meetings and a Common Stock award for serving as Chairperson of the Audit Committee. Grants of Plan-Based Awards Table Discussion

The grants to NEOs, other than the CEO, are formula driven against performance targets built around the business plans of the respective NEO. If an NEO is awarded the maximum number of options under their performance plan, the options for fourth quarter performance will be awarded during the first quarter of the following year.

Amounts represent the potential cash bonus amounts if the threshold or target payments were achieved for the 2009 performance periods under the Company's Annual Cash Bonus Award Program (first row) and the 2H09 Program (second row) only, and do not reflect any estimated payouts for the Ancillary Cash Award or the Stretch Bonus Program Award

Edgar Filing: CIBER INC - Form DEF 14A

because estimated payouts for these awards cannot be calculated. See the 2009 Actual Cash Award Payments Table for those amounts. The Compensation Committee approved 2009 bonuses for the NEOs on February 25, 2009, except for the 2H09 Program, which was approved on July 16, 2009. The 2H09 Program operated alongside of the Annual Cash Bonus Award Program for all our NEOs; however, bonus payments would be made under only one of the programs for each specific target.

- (2) Amounts shown in the threshold column are based on the assumption that each NEO meets the minimum business plan target for the smallest component within either the Company's Annual Cash Bonus Award Program (first row) or the 2H09 Program (second row) applicable to each respective NEO.
- (3) In accordance with the Company's Annual Cash Bonus Award Program and the 2H09 Program for NEOs, there is the possibility of receiving additional payouts in the event that business plan or base targets for revenue, NOI and tax rate achieved are exceeded. Accordingly, if Mr. Cheesbrough and Mr. Laugerud exceeded their tax rate achieved target, Mr. Cheesbrough was eligible to receive \$5,688 for each additional 1/2% that the Company's tax rate was below business plan tax rate (with a cap of \$28,438) and Mr. Laugerud was eligible to receive \$2,748 for each additional 1/4% that the International division's tax rate was below business plan tax rate (with a cap of \$21,980). Business plan targets pertain to the Annual Cash Bonus Award Program and base targets pertain to the 2H09 Cash Bonus Program. Under Ancillary Cash Award targets, payments could be increased for Mr. Slingerlend by \$5,000 and \$10,000 for each additional 1/2% of revenue above business plan or base revenue and for each additional 1/2% of NOI above business plan or base NOI, respectively. Payments could be increased for Mr. Cheesbrough by \$3,000 and \$6,000 for each additional 1/2% of revenue above business plan or base revenue and for each additional 1/2% of NOI above business plan or base NOI, respectively. Payments could be increased for Mr. Hadzi by \$2,500 for each additional 1/2% of revenue above dollar amount achieved at 100% award level or base revenue and by \$4,000 for each additional 1/2% of NOI above dollar amount achieved at 100% award level or base NOI. Payments could be increased for Ms. Kim by \$2,000 and \$4,000 for each additional 1/2% of revenue above dollar amount achieved at 100% award level and for each additional 1/2% of NOI above dollar amount achieved at 100% award level, respectively. Payments for Mr. Laugerud could be increased by \$3,925 for each additional 1/2% of revenue above dollar amount achieved at 100% award level or base revenue and by \$7,850 for each additional 1/2% of NOI above dollar amount achieved at 100% award level or base NOI. Amounts for Mr. Laugerud are calculated at an average 2009 foreign exchange conversion rate of approximately 1 GBP to 1.57 U.S. Dollars.
- (4) Amounts reported in the threshold and maximum columns for estimated payouts under equity incentive plan awards with grant dates of 3/3/09 and 8/6/09 relate to the 2009 LTIP and the 2H09 LTIP, respectively, and are each reported in two lines. The top lines, or the lines with the larger numbers for the two LTIP grants, represent an estimated payout of options, and the bottom lines, or the lines with the smaller numbers for the two LTIP grants, represent an estimated payout of RSUs. The grant date fair value of the 2009 LTIP awards were \$0.916 per option and \$2.15 per RSU. The grant date fair value of the 2H09 LTIP awards were \$1.434 per option and \$3.15 per RSU. Participants in the LTIP receive stock options and RSUs for revenue and NOI performance pursuant to either the 2009 LTIP or the 2H09 LTIP, but not pursuant to both programs.
- (5) The attainment of these awards is determined on a quarterly basis after the prior quarter's results are known. Therefore, the grant of awards pertaining to the fourth quarter of 2009, if applicable, will be made during the first quarter of 2010.
- (6) Amount is based on an average 2009 foreign exchange conversion rate of approximately 1 GBP to 1.57 U.S. Dollars.

Pension Benefits

Mr. Slingerlend has a pension benefit other than his 401(k) benefits. Our 401(k) Savings Plan is generally available to all our U.S. employees on a non-discriminatory basis. The CEO's Salary Continuation Retirement Plan (the "Retirement Plan" or "SERP") was established in March 1995 because the Board wanted to recognize the CEO's efforts in our growth and success. The Compensation Committee approved changes to the Retirement Plan in 2008 as a result of the recommendations of the compensation consultant; additional language changes were also made to comply with Section 409A of the Internal Revenue Code. The Retirement Plan provides for benefit payments to be made for up to 20 years after Mr. Slingerlend's termination of employment with us, beginning with an annual payment of \$175,000 if he retires at his current age and increasing to \$200,000 annually if he retires at age 65 or older. The Retirement Plan also provides that, if Mr. Slingerlend's employment terminates subsequent to a change in control of the Company, the payments will be \$300,000, which is 150% of the amounts payable at age 65 or older, payable annually for a period not to exceed 20 years. The net present value of the Retirement Plan is determined using a discount rate of 5% and assumes that Mr. Slingerlend retires from the Company at age 65 and receives benefits under the Retirement Plan for 20 years. The present value of the accumulated benefit under the Retirement Plan was fully accrued by us as of December 31, 2009. The Retirement Plan is unfunded except in the case of change in control of the Company. Due to his retirement effective April 11, 2010, Mr. Slingerlend will be entitled to receive benefits under the Retirement Plan.

Pension Benefits Table

Name	Plan Name	Number of Years Credited Service (#)(1)	Present Value of Accumulated Benefit (\$)(2)	Payments During Last Fiscal Year (\$)(3)
Mac J. Slingerlend	Salary Continuation Retirement Plan	21	2,492,000	None

- (1) Annual payments to be made equal to the number of years of service, not to exceed 20 years. For purposes of this analysis, we assumed retirement at age 65 with 24 years of service resulting in 20 annual payments.
- (2) Although we assumed for this analysis that the executive retired at age 65 with 24 years of service, the net present value of the Retirement Plan as of December 31, 2009, is \$1,884,000 and the executive's 2009 increase under the Plan was \$346,000.
- (3) No payment will be made under the Retirement Plan until six months and one day after termination of employment.

Termination and Change in Control Payments

The numbers in the tables below, including with respect to Mr. Slingerlend who retired effective April 11, 2010, are hypothetical numbers based on an assumed December 31, 2009 termination or change in control date. The numbers may be higher or lower depending on actual dates of termination or change in control and depending on whether or not the Board of Directors accelerates the vesting of equity awards. All payments are in addition to what the executive would normally be paid to the date of termination such as accrued base salary and unpaid bonus amounts. No executive will receive payments in addition to accrued base salary and unpaid bonus amounts in the event of a voluntary termination (other than retirement) or a termination for cause.

The terms of Mr. Slingerlend's retirement package are not yet determined and will be disclosed in a Form 8-K when determined.

* The terms of Mr. Slingerlend's retirement package are not yet determined and will be disclosed in a Form 8-K when determined.

- (1) Pursuant to Mr. Slingerlend's employment agreement, he is entitled to 2 times his base salary and bonus in the event of a termination not for cause.
- (2) For 36 months after termination, Mr. Slingerlend will receive medical insurance payments in cash, not to exceed \$1,000 per month, and coverage of long-term care insurance premiums.
- (3) The maximum amount payable for retirement at the age of 65 is determined by multiplying a benefit amount of \$200,000 by Mr. Slingerlend's tenure with us, not to exceed 20 years, using a discount rate of 5%. In the event of a change in control, the amount is 150% of the amount payable upon

Edgar Filing: CIBER INC - Form DEF 14A

retirement.

- (4) 50% of 2009 base salary and target bonus are paid in the event of Mr. Slingerlend's death and 100% of 2009 base salary and target bonus is paid in the event of disability.
- (5) Proceeds of life insurance policy payable to Mr. Slingerlend's designated beneficiary.

Edgar Filing: CIBER INC - Form DEF 14A

- (6) Pursuant to their change in control agreements, each executive is entitled to payments equal to a multiple of salary and target bonus (3 times for Mr. Slingerlend and 2 times for the other NEOs). Mr. Laugerud's salary and target bonus are calculated at 1 GBP to 1.57 U.S. Dollars.
- (7) This number assumes a 2010 COBRA benefit of \$11,004 for Mr. Slingerlend, Mr. Hadzi and Mr. Cheesbrough (employee and one dependent) and \$16,152 for Ms. Kim (employee and 2 or more dependents) each with an annual assumed 5% increase for 2011 and 2012.
- (8) Represents assumed outplacement costs for Mr. Slingerlend, Mr. Cheesbrough, Mr. Hadzi and Ms. Kim and for Mr. Laugerud, continuation of his automobile allowance for 36 months for a total of \$62,172 (calculated at 1 GBP to 1.57 U.S. Dollars).
- (9) Mr. Cheesbrough's employment agreement entitles him to a severance payment in the amount of 39 weeks of base salary and one-fourth of the aggregate fully-earned bonus compensation for the most recent three months to the date of termination if he is terminated between the thirteenth and sixtieth months of employment. For the purposes of this calculation, we have assumed a 12/31/09 termination date.
- (10) Mr. Laugerud is entitled to nine months of his base salary as severance. His base salary for 2009 was \$368,950 at a conversion rate of 1 GBP to 1.57 U.S. Dollars.
- (11) Mr. Laugerud's life insurance benefit is three times his annual salary, not to exceed \$925,000.
- (12) Mr. Hadzi is entitled to three months of his base salary in the event of a termination not for cause.
- (13) Ms. Kim's employment agreement entitles her to a severance payment in the amount of 12 weeks of base salary and one-fourth of the aggregate fully-earned bonus compensation for the most recent three months to the date of termination if she is terminated between the thirteenth and sixtieth months of employment. For the purposes of this calculation, we have assumed a 12/31/09 termination date.

Below is a description of the assumptions that were used in creating the table. Unless otherwise noted, the descriptions below are applicable to all of the NEOs relating to payments upon termination or change in control.

Executive Covenants

As a condition to the executives' entitlement to receive the base salary amounts referenced in the table above, the executive is prohibited from competing with us or soliciting or hiring our employees for a period of 18 months following termination of employment. The executive is subject to liquidated damage provisions in the event of a breach of any of these prohibitions. In addition, the executive is required to execute a waiver of claims against us.

Payments and Benefits in Connection with Change in Control

Payments upon Termination

The executive will be entitled to certain benefits as described in the table above if the executive's employment is terminated by us other than for cause, by death or disability or terminated by the executive for good reason, as defined below, within the two year period immediately following a change in control. The executive's benefit under this provision is equal to a multiple of base salary, target annual cash bonus compensation and the value of any contributions or allocations made to any pension plan for the fiscal year.

A change in control means: (i) a 5% increase in the beneficial ownership of our securities by a person who is the beneficial owner of our outstanding securities representing 15% or more of the combined voting power of our then outstanding securities, or a person who becomes the beneficial owner of our securities representing 33% or more of the combined voting power of our then outstanding securities; or (ii) any individuals who constitute the Board and any new director whose appointment by the Board or nomination for election by our Stockholders was approved or recommended by a vote of at least two-thirds ($\frac{2}{3}$) of the directors in office cease for any reason to constitute a majority of the number of directors then serving; or (iii) a merger or consolidation in which we are not the surviving corporation (other than a merger or consolidation with a wholly-owned subsidiary or effected to implement a recapitalization in which no person becomes the beneficial owner of 33% or more of the combined voting power of our then outstanding securities); or (iv) approval of a plan of liquidation or dissolution by our Stockholders or the consummation of an agreement for the sale or disposition of all, or substantially all, of our assets other than a sale or disposition to an entity

where at least 80% of the voting securities are owned by our Stockholders immediately prior to such sale.

Involuntary Not for Cause Termination and Termination for Good Reason

The executive will be entitled to certain benefits if we terminate the executive's employment for reasons other than cause or termination by the executive for good reason. A termination is for cause if it is for the willful and continued failure by the executive to substantially perform the executive's duties or the willful engaging by the executive in conduct which is demonstrably and materially injurious to us, considered as a whole, monetarily or otherwise. A termination by the executive for good reason means the (i) assignment to the executive of duties that are inconsistent with the executive's level of responsibility immediately before the change in control or any diminution in the nature of status of the executive's responsibilities; or (ii) a reduction by us in the executive's annual base salary, annual incentive compensation opportunity or long-term incentive compensation opportunity; or (iii) the relocation of the executive's principal place of employment more than 50 miles from the executive's principal place of employment immediately before the change in control.

Post-Termination Benefits and Perquisites

For a period of up to 36 months following a termination in connection with a change in control, we will provide the executive and the executive's dependents life, death, accident and health benefits and long-term care insurance substantially similar to that provided before termination, reduced to the extent the same type of benefits are received or made available to the executive other than by us. We will also provide the executive with one year of outplacement services beginning with the executive's first use of such services. We assumed one year of outplacement services for the CEO would cost approximately \$20,000 and the cost would be approximately \$10,000 for other NEOs.

280G Tax Gross-up

Upon a change in control of the Company, the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. We have agreed to reimburse the executive for all excise taxes that are imposed on the executive under Section 280G and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G excise taxes. The total 280G tax gross-up amount in the above table assumes that the executive is entitled to a full reimbursement by us of (i) any excise taxes that are imposed upon the executive as a result of the change in control, (ii) any income and excise taxes imposed upon the executive as a result of our reimbursement of the excise tax amount, and (iii) any additional income and excise taxes that are imposed upon the executive as a result of our reimbursement to the executive for any excise or income taxes. The calculation of the 280G gross-up amount in the above table is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a 4.63% state income tax rate. For the purposes of the 280G calculation it is assumed that no amounts will be discounted as attributable to reasonable compensation. The payment of the 280G tax gross-up will be payable to the executive for any excise tax incurred regardless of whether the executive's employment is terminated. However, the amount of the 280G tax gross-up will change based upon whether the executive's employment with us is terminated because the amount of compensation subject to Section 280G will change.

Equity Treatment in Connection with Change in Control

Pursuant to the provisions of our 1994 and 2004 Incentive Plans, vested options must be exercised within three months of the date of a voluntary termination or a termination other than for cause. In the event of retirement, vested options must be exercised within three months of the date of retirement if they are Incentive Stock Options and within 12 months of the date of retirement if they are

Non-Statutory Stock Options. Unvested options are void for all purposes in the event of a for cause termination. The Board or a Board committee consisting of outside directors, as the Administrator of the Incentive Plans, may determine whether and to what extent to accelerate the vesting and dates of exercise of all or any portion of the options in the event of a termination for all other reasons or in the event of a change in control. Vesting of unvested options in the event of termination for all other reasons is at the discretion of the Board as Administrator of the applicable incentive plan. In the event of death, vested options may be exercised by those entitled to do so under the laws of distribution and descent within 12 months following the date of the executive's death.

In the event of a change in control of the Company, the Board may, in its sole discretion, take any or all of the following actions:

(a) accelerate the exercise dates of any outstanding options or make all such options fully vested and exercisable; (b) grant a cash bonus award to any option holder in an amount necessary to pay the option price of all or any portion of the options then held by such option holder; (c) pay cash to any or all option holders in exchange for the cancellation of their outstanding options in an amount equal to the difference between the option price of such options and the greater of the tender offer price for the underlying stock or the fair market value of the stock on the date of the cancellation of the options; (d) make any other adjustments or amendments to the outstanding options. The definition of a change in control in the Company's 2004 Incentive Plan varies somewhat from the definition in the change in control agreements. Under the 2004 Incentive Plan, a "change in control" occurs if: (a) any "person" or "group" (within the meaning of Sections 13(d) and 14(d)(2) of the Exchange Act), other than Bobby G. Stevenson or a trustee or other fiduciary holding securities under an employee benefit plan of ours or under a trust, the grantor of which is Bobby G. Stevenson, is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 33¹/₃% of our then outstanding voting stock; or (b) at any time during any period of three consecutive years (not including any period prior to the Effective Date), individuals who at the beginning of such period constitute the Board (and any new director whose election by the Board or whose nomination for election by our Stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority thereof; or (c) our Stockholders approve a merger or consolidation, other than a merger or consolidation which would result in our voting securities outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 80% of the combined voting power of our voting securities or such surviving entity outstanding immediately after such merger or consolidation, or the Stockholders approve a plan for our complete liquidation or an agreement for the sale or disposition of all or substantially all of our assets.

Other Post-Termination Benefits

Benefits under any of our benefit plans in which an executive is a participant will be available to the executive (or executive's estate in the case of executive's death) to the full extent of the executive's rights under such plan.

Non-qualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans.

PROPOSAL No. 2 RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Background: The Audit Committee has selected the firm of Ernst & Young LLP ("E&Y") to act as our independent registered public accounting firm for the fiscal year ending December 31, 2010, and has further directed that management submit the selection of E&Y for ratification by the Stockholders at the Annual Meeting. E&Y audited our consolidated financial statements for the fiscal year ended December 31, 2009.

Description of Proposal No. 2: Proposal No. 2, which has been recommended by the Board for your consideration, asks you to ratify the selection of E&Y as our independent registered public accounting firm. Stockholder ratification of the selection of E&Y as our Independent Registered Public Accounting Firm is not required by our bylaws or otherwise. The Audit Committee believes that submitting the selection of E&Y to the Stockholders for ratification is advisable as a matter of good corporate practice. If the Stockholders fail to ratify the selection, the Audit Committee will consider whether or not to retain E&Y; however, the Audit Committee may select E&Y notwithstanding the failure of the Stockholders to ratify the selection. If the appointment of E&Y is ratified, the Audit Committee will continue to conduct an ongoing review of E&Y's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace E&Y at any time.

The text of Proposal No.2, as you will see it printed on your Proxy, is "The Board of Directors recommends a vote "FOR" ratification of the appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2010."

The Audit Committee has considered the issue of the independence of our registered public accounting firm and concluded that the provision of services by E&Y in 2009 is consistent with maintaining the registered public accounting firm's independence.

Audit Committee Pre-Approval Policy

The Audit Committee has established pre-approval policies and procedures in compliance with 17 CFR 210.2-01(c)(7)(i) which include criteria for considering whether the provision of the services would be compatible with maintaining the independence of our registered public accounting firm and a process by which the Chairman of the Audit Committee may approve such audit and non-audit services with subsequent review of all pre-approved services by the full Audit Committee.
