April 27, 2012

DEAR FELLOW SHAREHOLDER:

I would like to extend a personal invitation for you to join us at our Annual Meeting of Shareholders on June 1, 2012, at 3:00 p.m., at The Harbert Center, 2019 Fourth Avenue North, Birmingham, Alabama 35203.

At the meeting, you will be asked to elect the four Vulcan directors named in the accompanying proxy statement and to vote on several other proposals more fully described in the accompanying notice and proxy statement.

This year's Annual Meeting is especially important. Martin Marietta Materials, Inc. ("Martin Marietta") is continuing its hostile campaign to acquire Vulcan for far less than we believe it is worth and is seeking to place their own hand-picked candidates on your Board in an "important step toward a possible transaction" (to use their own words), a transaction that your Board has unanimously determined is **inadequate, substantially undervalues Vulcan and is not in the best interests of Vulcan and its shareholders**. We also believe that Martin Marietta's exchange offer and proxy solicitation violate two binding contracts that Martin Marietta entered into with Vulcan and federal securities laws. While the Delaware Chancery Court has not yet ruled on their legality, we are seeking to enforce our rights and to obtain an order forbidding Martin Marietta from conducting what we believe to be an illegal exchange offer and solicitation. More information about the pending litigation is contained in the attached proxy statement. In addition, Vulcan is reviewing the eligibility of Martin Marietta's proposed nominees to stand for election to Vulcan's Board of Directors at the 2012 Annual Meeting, including in light of the recent disclosure of confidentiality agreements between Martin Marietta and its nominees that were not submitted to Vulcan in the nomination documents required under Vulcan's by-laws by the applicable deadline. In the event that Martin Marietta proceeds with its proxy solicitation, we are asking for your support and asking you to **REJECT** Martin Marietta's nominees.

We believe that Vulcan has a very bright future thanks to its premium aggregates position in key growth markets throughout the United States. Your Board of Directors is recommending a highly qualified and experienced slate of four directors for election at the 2012 Annual Meeting. These Vulcan directors are committed to acting in your best interests, to protecting your Vulcan investment, and to enhancing shareholder value.

The Vulcan Board unanimously recommends that you vote FOR its four nominees Phillip W. Farmer, H. Allen Franklin, Donald B. Rice and Richard T. O'Brien. Your vote is important, and we urge you to read the accompanying proxy statement carefully. Whether or not you plan to attend the Annual Meeting, we hope you will vote as soon as possible it is important that your shares be represented and your voice be heard. For your convenience, you may vote on the Internet or by telephone using the instructions set forth on the enclosed WHITE proxy card, or by signing, dating and returning the enclosed WHITE proxy card to vote in accordance with the Board's recommendations. Information about each of these voting methods is set forth in the accompanying Notice of 2012 Annual Meeting and proxy statement.

We urge you to **REJECT** Martin Marietta's director nominees and **NOT** to sign or return any proxy cards sent by Martin Marietta, as only your latest dated proxy will be counted at the Annual Meeting. If you have previously signed a proxy card from Martin Marietta, you can revoke that earlier proxy and vote for our nominees and on the other matters to be voted on at the Annual Meeting in accordance with the Board's recommendations by signing, dating and returning the enclosed **WHITE** proxy card in the enclosed postage-paid envelope, or by voting over the Internet

Edgar Filing: Vulcan Materials CO - Form DEFC14A

using the Internet address on the **WHITE** proxy card or by telephone using the toll-free number on the **WHITE** proxy card. If you hold your shares of common stock in a bank, brokerage, trust or other nominee account, or are a beneficial owner of your shares, please follow the voting instructions provided by your bank, broker, trustee or other nominee to vote or to change your vote.

Thank you for your support and continued interest in Vulcan. If you have any questions, please contact our proxy solicitor assisting us with this Annual Meeting, MacKenzie Partners, Inc. Shareholders may call collect at (212) 929-5500 or toll-free at (800) 322-2885. MacKenzie may also be reached by email at vulcan@mackenziepartners.com.

Sincerely yours,

DONALD M. JAMES
Chairman and Chief Executive Officer

THIS PROXY STATEMENT AND PROXY CARD ARE
BEING DISTRIBUTED ON OR ABOUT APRIL 27, 2012.

NOTICE OF 2012 ANNUAL MEETING OF SHAREHOLDERS

TO OUR SHAREHOLDERS:

NOTICE IS HEREBY GIVEN that the 2012 Annual Meeting of Shareholders of Vulcan Materials Company will be held at The Harbert Center, 2019 Fourth Avenue North, Birmingham, Alabama 35203, on June 1, 2012, at 3:00 p.m., Central Daylight Time, for the following purposes:

To elect four nominees as directors;

To vote on an advisory basis on the compensation of our named executive officers;

To vote on Vulcan's proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2012;

To vote on an advisory shareholder proposal regarding majority voting in the election of directors, if properly presented at the meeting;

To vote on an advisory shareholder proposal regarding declassifying the Vulcan Board, if properly presented at the meeting;

To vote on an advisory shareholder proposal regarding eliminating super-majority provisions of our charter and by-laws, if properly presented at the meeting; and

To conduct such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Only shareholders of record as of the close of business on April 20, 2012 are entitled to receive notice of, to attend and to vote at the Annual Meeting. Whether or not you plan to attend, we urge you to review these materials carefully and to vote by Internet, telephone or by submitting your **WHITE** proxy card as promptly as possible.

Please note that Martin Marietta has filed a definitive proxy statement with the Securities and Exchange Commission (the "SEC") seeking to elect a slate of four individuals nominated by Martin Marietta as directors of Vulcan. We believe that Martin Marietta's proxy solicitation and exchange offer violate two binding contracts that Martin Marietta entered into with Vulcan and federal securities laws, and are attempting to enforce our rights through ongoing legal proceedings against Martin Marietta. In addition, Vulcan is reviewing the eligibility of Martin Marietta's proposed nominees to stand for election to Vulcan's Board of Directors at the 2012 Annual Meeting, including in light of the recent disclosure of confidentiality agreements between Martin Marietta and its nominees that were not submitted to Vulcan in the nomination documents required under Vulcan's by-laws by the applicable deadline.

THE BOARD OF DIRECTORS STRONGLY URGES YOU NOT TO SIGN OR RETURN ANY PROXY CARD SENT TO YOU BY MARTIN MARIETTA. If you have previously signed a proxy card, you can revoke that earlier proxy and vote for the Board of Directors' nominees by signing, dating and returning the enclosed **WHITE** proxy card in the enclosed postage paid envelope, or by voting over the Internet using the Internet address on the **WHITE** proxy card or by telephone using the toll-free number on the **WHITE** proxy card. If you hold your shares of common stock in a bank, brokerage, trust or other nominee account, or are a beneficial owner of your shares, please follow the voting instructions provided by your bank, broker, trustee or other nominee to vote or to change your vote.

Edgar Filing: Vulcan Materials CO - Form DEFC14A

By Order of the Board of Directors,

JERRY F. PERKINS, JR.
Secretary

Birmingham, Alabama
April 27, 2012

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHY AM I RECEIVING THESE MATERIALS?

This proxy statement is furnished in connection with the solicitation by our Board of Directors of proxies to be voted at the 2012 Annual Meeting of Shareholders for the purposes set forth in the accompanying notice, and at any adjournments or postponements thereof. This proxy statement is being sent to all shareholders of record as of the close of business on April 20, 2012 for use at the 2012 Annual Meeting of Shareholders. This proxy statement, the enclosed **WHITE** proxy card and our 2011 Annual Report to Shareholders are being first mailed or made available to our shareholders on or about April 27, 2012. The meeting will be held at The Harbert Center, 2019 Fourth Avenue North, Birmingham, Alabama 35203, on June 1, 2012, at 3:00 p.m., Central Daylight Time.

WHAT PROPOSALS ARE TO BE PRESENTED AT THE ANNUAL MEETING?

The purpose of the Annual Meeting is to (i) elect four nominees as directors, (ii) vote on an advisory basis on the compensation of our named executive officers, (iii) vote on Vulcan's proposal to ratify the appointment of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2012, (iv) vote on a shareholder proposal requesting the Vulcan Board to adopt majority voting in the election of directors, (v) vote on a shareholder proposal regarding declassifying the Vulcan Board, (vi) vote on a shareholder proposal regarding eliminating super-majority voting requirements in Vulcan's charter and by-laws, and (vii) conduct such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

WHO CAN ATTEND THE ANNUAL MEETING?

Only shareholders of Vulcan as of the close of business on the record date, April 20, 2012, their authorized representatives and invited guests of Vulcan will be permitted to attend the Annual Meeting. In order to gain admission to the Annual Meeting, proof of ownership of Vulcan common stock as of the record date (or a valid proxy for a shareholder of Vulcan entitled to vote at the Annual Meeting) will be required.

WHO IS ENTITLED TO VOTE?

All of our shareholders as of the record date, April 20, 2012, will be entitled to vote at the 2012 Annual Meeting of Shareholders. As of the close of business on that date, approximately 129,389,563 shares were outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the meeting. Our amended and restated by-laws do not provide for cumulative voting and, accordingly, our shareholders do not have cumulative voting rights with respect to the election of directors.

WHAT CONSTITUTES A QUORUM FOR THE ANNUAL MEETING?

A majority of the issued and outstanding shares of the common stock entitled to vote, represented in person or by proxy, is required to constitute a quorum.

Table of Contents

HOW MANY VOTES ARE REQUIRED TO PASS EACH OF THE PROPOSALS?

The votes required to approve each matter to be considered by Vulcan's shareholders at the Annual Meeting are set forth below:

Proposal 1 Election of Directors: Each Vulcan shareholder has the right to vote each share of stock owned by such shareholder on the record date for four director nominees. Cumulative voting is not permitted. To be elected, a director-nominee must receive a plurality of the votes cast at the Annual Meeting. Accordingly, the four nominees standing in the election who receive the greatest number of votes cast at the Annual Meeting will be elected as directors. Abstentions, votes withheld and broker non-votes will not be counted as votes cast for such purposes and therefore will have no effect on the results of the election.

Proposal 2 Advisory Vote on Executive Compensation: The affirmative vote of a majority of the votes cast on this proposal is required to approve, on an advisory basis, the compensation of the executives set forth in this proxy statement. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 3 Ratification of Selection of Deloitte & Touche LLP: The affirmative vote of a majority of the votes cast on this proposal is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2012. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 4 Advisory Shareholder Proposal Adoption of Majority Voting Standard in the Election of Directors: The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 5 Advisory Shareholder Proposal Board Declassification: The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 6 Advisory Shareholder Proposal Elimination of Super-majority Voting: The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

WHO IS SOLICITING MY VOTE?

In this proxy statement, the Vulcan Board of Directors is soliciting your vote for matters being submitted for shareholder approval at the Annual Meeting.

Giving us your proxy means that you authorize the proxy holders identified on the **WHITE** proxy card to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director nominees. You may also abstain from voting. If you sign and return the enclosed **WHITE** proxy card but do not specify how your shares are to be voted, your shares will be voted in accordance with the recommendations of the Vulcan Board, including in favor of Vulcan's nominees for election to the Vulcan Board. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies in the enclosed **WHITE** proxy card will vote as recommended by the Vulcan Board or, if no recommendation is given, in their own discretion.

HOW DOES THE VULCAN BOARD RECOMMEND SHAREHOLDERS VOTE?

The Vulcan Board unanimously recommends that you vote using the **WHITE** proxy card:

FOR the election of the following four individuals nominated by the Vulcan Board for election as directors: Phillip W. Farmer, H. Allen Franklin, Donald B. Rice, and Richard T. O'Brien. The Vulcan Board unanimously recommends that you **NOT** vote for any of the candidates for election nominated by Martin Marietta;

FOR the proposal to approve the compensation of our principal executive officer, principal financial officer and our three other most highly compensated executive officers (collectively, the NEOs);

General Information about the Annual Meeting and Voting

Table of Contents

FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2012;

AGAINST the shareholder proposal regarding majority voting in director elections;

AGAINST the shareholder proposal regarding declassification of the Board; and

AGAINST the shareholder proposal regarding the elimination of super-majority voting.

The Vulcan Board urges you NOT to sign or return any proxy card sent to you by Martin Marietta. Please note that the only way to support your Board's nominees is to vote FOR your Board's nominees on the **WHITE** proxy card, or on your voting instruction form if you hold your shares in street name. Signing and returning any proxy sent by Martin Marietta, even to vote against a proposal or vote "withhold" with respect to its nominees, may cancel any previous vote you cast and may invalidate any votes you have cast for the nominees of the Vulcan Board as only your latest dated proxy card or instruction forms will be counted.

WHAT IS THE VULCAN BOARD'S POSITION REGARDING THE MARTIN MARIETTA EXCHANGE OFFER?

After careful consideration and consultation with its legal and financial advisors, your Board has unanimously determined that Martin Marietta's exchange offer is not in the best interests of Vulcan and its shareholders. Accordingly, your Board unanimously recommends that Vulcan shareholders reject Martin Marietta's exchange offer and not tender any of their shares of Vulcan common stock in the exchange offer.

The Vulcan Board's reasons and recommendations regarding Martin Marietta's exchange offer are contained in Vulcan's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the SEC on December 22, 2011, as amended. These filings are available at no charge on the SEC's website at www.sec.gov. We urge you to read the Schedule 14D-9 (including any amendments and supplements thereto) and the documents incorporated therein, because these documents contain important information regarding Martin Marietta's exchange offer. In particular, we urge you to read the Investor Presentations Vulcan filed on January 5, 2012 and March 30, 2012, and the Press Releases Vulcan filed on December 22, 2011, January 5, 2012, February 16, 2012 and March 30, 2012 as they contain important information.

IF THE VULCAN BOARD'S NOMINEES ARE REELECTED, CAN I STILL TENDER MY SHARES OF COMMON STOCK IN MARTIN MARIETTA'S EXCHANGE OFFER?

Yes. If your Board's nominees are reelected, you may still accept Martin Marietta's exchange offer if you so elect and if it has not expired or otherwise been terminated. However, as stated above, your Board unanimously recommends that you not accept Martin Marietta's exchange offer and not tender your Vulcan common stock to Martin Marietta.

In addition, you should be aware that Martin Marietta has imposed a lengthy list of conditions on its exchange offer – some of which are beyond the control of Vulcan or Martin Marietta. Martin Marietta's obligation to accept any shares of Vulcan common stock in the exchange offer is subject to the satisfaction or waiver of these conditions. Therefore, even if Martin Marietta's nominees are elected to the Vulcan Board, the exchange offer may not be consummated because the conditions to the exchange offer may not be satisfied or waived. The terms and conditions of Martin Marietta's offer are set forth in the registration statement on Form S-4 and the tender offer statement filed with the SEC on December 12, 2011, as amended, which are available at no charge on the SEC's website at www.sec.gov. For more details regarding the conditionality of Martin Marietta's offer and the Board's reasons for recommending rejection of the exchange offer, please see Vulcan's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the SEC on December 12, 2011, as amended, which is available at no charge on the SEC's website at www.sec.gov.

General Information about the Annual Meeting and Voting

Table of Contents

IF I HAVE ALREADY VOTED FOR MARTIN MARIETTA'S NOMINEES, IS IT TOO LATE TO CHANGE MY MIND?

No. To change your vote, if you are a shareholder of record, simply sign, date and return the enclosed **WHITE** proxy card in the accompanying postage paid envelope, vote by telephone or via the Internet in accordance with the instructions in the **WHITE** proxy card, or vote your shares by attending the Annual Meeting and voting in person. If you are a beneficial owner and your shares are held in street name, you may change your vote by submitting new voting instructions to your bank, broker, trustee or nominee or, if you have obtained a legal proxy from such entity giving you the right to vote your shares, you may change your vote by attending the Annual Meeting and voting in person. We strongly urge you to revoke any proxy card you may have returned to Martin Marietta and to vote FOR the Vulcan Board's director nominees and as the Vulcan Board recommends on the other matters described in this proxy statement. Only your latest dated proxy will count at the Annual Meeting.

IF I HAVE TENDERED MY SHARES TO MARTIN MARIETTA, DO I HAVE TO VOTE FOR MARTIN MARIETTA'S NOMINEES?

No. Even if you have tendered your shares to Martin Marietta in its exchange offer, you are not required to vote for Martin Marietta's nominees, and our Board unanimously recommends that you vote FOR the Board's four nominees and not for any of Martin Marietta's nominees. You may vote FOR the Board's nominees using the **WHITE** proxy card as described above.

WILL MY SHARES BE VOTED IF I DO NOTHING?

If you are a shareholder of record, you must sign and return a proxy card, submit your proxy by telephone or Internet, or attend the Annual Meeting in person, in order for your shares to be voted. If you are a beneficial owner of shares and your shares are held in "street name," your bank, broker, trustee or nominee will not be able to vote your shares at the Annual Meeting on "non-routine matters," as defined by the New York Stock Exchange, unless you instruct them as to how you want your shares to be voted. The New York Stock Exchange currently considers only the ratification of the appointment of Deloitte & Touche LLP as Vulcan's independent public accounting firm for 2012 to be a routine matter. However, with respect to the proxy solicitation for the Annual Meeting, because of the contested nature of this year's solicitation, all of the proposals on the agenda, including the ratification of the appointment of Deloitte & Touche LLP, will be considered non-routine matters and, accordingly, your broker will not have discretion to vote your shares on any proposal presented at the Annual Meeting unless you provide specific instructions to your broker as to how your shares are to be voted.

If your shares are held in street name, your broker, bank or nominee has enclosed a voting instruction card with this proxy statement. We strongly encourage you to vote your shares by following the instructions provided on the voting instruction card in order to ensure that your shares are represented and voted at the meeting.

In order to vote in accordance with the Board's recommendations, please sign, date and mail the enclosed **WHITE** proxy card to vote FOR the election of the four director nominees nominated by your Board. You may also vote over the Internet using the Internet address on the **WHITE** proxy card or by telephone using the toll-free number on the **WHITE** proxy card. If your shares are held in street name, you should follow the instructions on your voting instruction card and provide specific instructions to your bank, broker, trustee or nominee to vote as described above.

WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A BENEFICIAL HOLDER OF SHARES?

If your common stock is held directly in your name with our transfer agent, Computershare Shareowner Services, you are considered a "shareholder of record" with respect to those shares. If this is the case, the proxy materials have been sent or provided directly to you.

General Information about the Annual Meeting and Voting

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Table of Contents

If your common stock is held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial holder" of the shares held for you in what is known as "street name." If this is the case, the proxy materials should have been forwarded to you by your brokerage firm, bank or other nominee, or their agent, which is considered the shareholder of record with respect to these shares. As a beneficial holder, you have the right to direct your bank, broker, trustee or nominee on how to vote the shares.

HOW DO I VOTE?

Proxies are solicited to give all shareholders who are entitled to vote on the matters that come before the meeting the opportunity to vote their shares whether or not they attend the meeting in person. You can vote by one of the following manners:

By Internet Shareholders of record may submit proxies over the Internet by following the instructions on the **WHITE** proxy card or the voting instruction card sent to them by their bank, broker, trustee or nominee.

By Telephone Shareholders of record who live in the United States or Canada may submit proxies by telephone by calling 1-888-693-8683 and following the instructions. Shareholders of record will need to have the control number that appears on their **WHITE** proxy card available when voting. In addition, most shareholders of record who are beneficial owners of their shares living in the United States or Canada and who have received a voting instruction card by mail from their bank, broker, trustee or nominee may vote by phone by calling the number specified on the voting instruction card. Those shareholders should check the voting instruction card for telephone voting availability.

By Mail Shareholders of record who have received a paper copy of a **WHITE** proxy card by mail may submit proxies by completing, signing and dating their **WHITE** proxy card and mailing it in the accompanying pre-addressed envelope. Shareholders who are beneficial owners who have received a voting instruction card from their bank, broker, trustee or nominee may return the voting instruction card by mail as set forth on the card.

In Person Shareholders of record may vote shares held in their name in person at the Annual Meeting. Shares for which a shareholder is the beneficial holder but not the shareholder of record may be voted in person at the Annual Meeting only if such shareholder is able to obtain a legal proxy from the bank, broker, trustee or nominee that holds the shareholder's shares, indicating that the shareholder was the beneficial holder as of the record date and the number of shares for which the shareholder was the beneficial owner on the record date.

Shareholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a **WHITE** proxy card, but not by more than one method. If you vote by more than one method, or vote multiple times using the same method, only the last-dated vote that is received by the independent inspector of election will be counted, and each previous vote will be disregarded.

If you receive more than one set of proxy materials or more than one **WHITE** proxy card or voting instruction card, it may mean that you hold shares of Vulcan stock in more than one account. In order to vote in accordance with the Board's recommendations, you must return a **WHITE** proxy card or vote using one of the methods described above for EACH account in which you own shares.

HOW CAN I REVOKE MY PROXY?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by taking one of the following actions:

by giving written notice of the revocation prior to the commencement of the Annual Meeting to: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242;

by executing and delivering another valid proxy with a later date;

General Information about the Annual Meeting and Voting

Table of Contents

by voting by telephone or Internet at a later date; or

by attending the 2012 Annual Meeting of Shareholders and voting in person by written ballot, if you are a shareholder of record or, if you are a beneficial owner of your shares, with a legal proxy from the entity that holds your shares giving you the right to vote the shares.

If you are a beneficial owner of your shares and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker, trustee or nominee in accordance with that entity's procedures.

If you vote the same shares by more than one method or vote multiple times with respect to the same shares using the same method, only the last-dated vote that is received will be counted, and each previous vote will be disregarded.

WHO COUNTS THE VOTES?

Tabulation of the votes cast at the Annual Meeting will be conducted by the independent inspectors of election.

CAN I VIEW THE PROXY STATEMENT AND ANNUAL REPORT ON FORM 10-K OVER THE INTERNET INSTEAD OF RECEIVING THEM IN THE MAIL?

You may access Vulcan's proxy statement and Annual Report on Form 10-K for the year ended December 31, 2011, included in our 2011 Annual Report to Shareholders, via the Internet at www.vulcanmaterials.com under the heading "Investor Relations." For next year's shareholders' meeting, you can potentially help us save significant printing and mailing expenses by consenting to access the proxy statement, proxy card and Annual Report to Shareholders electronically over the Internet. If you hold your shares in your own name (instead of through a broker, bank or other nominee), you can choose this option by following the instructions at the Internet website at <http://www.viewourmaterials.com/VMC>. Subject to applicable rules and regulations of the SEC, if you choose to receive your proxy materials and Annual Report to Shareholders electronically, then prior to next year's shareholders' meeting you will receive notification when the proxy materials and Annual Report to Shareholders are available for on-line review over the Internet, as well as the instructions for voting electronically over the Internet. Your choice for electronic distribution will remain in effect for subsequent meetings unless you revoke it prior to future meetings by revoking your request online or by sending a written request to: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242.

A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2011 WILL BE PROVIDED TO YOU WITHOUT CHARGE UPON WRITTEN REQUEST TO MARK D. WARREN, DIRECTOR, INVESTOR RELATIONS, VULCAN MATERIALS COMPANY, 1200 URBAN CENTER DRIVE, BIRMINGHAM, ALABAMA 35242.

BACKGROUND TO MARTIN MARIETTA'S OFFER AND PROXY SOLICITATION

Martin Marietta's Exchange Offer

On December 12, 2011, Martin Marietta commenced an unsolicited exchange offer to acquire all outstanding shares of Vulcan common stock at the exchange rate of 0.50 shares of Martin Marietta common stock per share of Vulcan common stock. The exchange offer is scheduled to expire at 5:00 p.m., New York City time, on May 18, 2012, unless extended or earlier terminated by Martin Marietta.

Martin Marietta has stated that the purpose of the exchange offer is to acquire all of the outstanding shares of Vulcan common stock in order to combine the businesses of Martin Marietta and Vulcan. Martin Marietta has indicated that, if it is successful in completing its exchange offer, it plans to consummate a merger of a wholly-owned subsidiary of Martin Marietta with and into Vulcan, although it reserves the right not to do so.

After careful consideration, including review of the terms and conditions of the exchange offer in consultation with Vulcan's financial and legal advisors, the Vulcan Board, by unanimous vote at a meeting on December 19, 2011, determined that the exchange offer was not in the best interests of Vulcan and its shareholders. Accordingly, the Vulcan Board unanimously recommended that Vulcan's shareholders reject the exchange offer and not tender their shares of Vulcan common stock in the exchange offer. In reaching this conclusion, your Board took into consideration, among other things, the factors set forth in Vulcan's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the SEC on December 22, 2011, as amended, which is available on the SEC's website at www.sec.gov. Among the specific reasons cited in Vulcan's Schedule 14D-9 for recommending that shareholders reject the Martin Marietta offer are the following views of the Board:

The offer is disadvantageous to Vulcan shareholders and substantially undervalues Vulcan and its future prospects.

The transaction proposed by Martin Marietta would not enhance shareholder value in the future.

The timing of the offer is opportunistic, seeking to exploit cyclical lows in U.S. construction spending and the trading price of Vulcan's common stock.

The offer is subject to antitrust uncertainty and is highly conditional.

A more detailed description of the background of Martin Marietta's exchange offer and your Board's reasons and recommendations regarding Martin Marietta's exchange offer can be found in Vulcan's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the SEC on December 22, 2011, as amended, and the various press releases and investor presentations filed on Form 425 that it incorporates by reference, which are all available on the SEC's website at www.sec.gov. Of particular importance are the Investor Presentations Vulcan filed on January 5, 2012 and March 30, 2012, and the Press Releases Vulcan filed on December 22, 2011, January 5, 2012, February 16, 2012 and March 30, 2012.

Shareholders should be aware that forward looking statements in this proxy statement are subject to numerous risks, many of which are beyond Vulcan's control. See "General Information Forward-Looking Statements."

Review of Martin Marietta's Proposed Director Nominees

In the course of the recent Delaware litigation, Martin Marietta revealed for the first time in a publicly filed brief the existence of confidentiality agreements between Martin Marietta and its nominees, pursuant to which each Martin Marietta nominee has "agree[d] to be bound as a 'Representative' of Martin Marietta, which is defined in the confidentiality agreement between Martin Marietta and Vulcan to include only 'directors, officers, employees, agents, advisors or other representatives' of Martin Marietta. These agreements specifically state that Martin Marietta will "seek [the] views" of the nominees in connection with the proxy contest, exchange offer or other transaction between Martin Marietta and Vulcan. In addition, pursuant to these agreements, each Martin Marietta nominee agreed to be bound by specified obligations to Martin Marietta, which obligations would, by their terms, continue through the length of the nominee's service on Vulcan's Board if elected. The existence of these agreements, which were not disclosed in Martin Marietta's nomination documents

General Information about the Annual Meeting and Voting

Table of Contents

by the applicable deadline, raise questions about the relationship between Martin Marietta and such nominees, as well as the qualifications of these nominees under Vulcan's governing documents. Vulcan requested publicly and in New Jersey court proceedings that Martin Marietta disclose these agreements publicly or otherwise provide them so that the Vulcan Board may proceed with its review as to the eligibility of the Martin Marietta nominees to stand for election to Vulcan's Board at the 2012 Annual Meeting. Following a New Jersey court hearing on Thursday, April 5, 2012, at which a judge ordered the parties to enter into a confidentiality agreement or other order for the purpose of providing such agreements (and related communications) to Vulcan, Martin Marietta publicly released the "form of" confidentiality agreement it had entered into with each of its proposed director nominees. Martin Marietta has recently claimed that it has "confirmed to Vulcan that the Nominees have no continuing obligations under such agreements."

Vulcan has not made a final determination as to the eligibility of Martin Marietta's proposed nominees to stand for election at the 2012 Annual Meeting. On April 19, 2012, outside counsel to Martin Marietta produced to Vulcan's outside counsel certain documents related to the communications between Martin Marietta and its nominees. Some of these documents are still subject to a confidentiality order and may not be shared with Vulcan for purposes of assessing eligibility. Counsel to Vulcan have requested that those documents be made available to Vulcan and its Board of Directors, per the New Jersey judge's order of April 5, 2012. Vulcan intends to make a determination with respect to the eligibility of Martin Marietta's proposed nominees as soon as practicable following the time at which such documents become available for the requested purpose. If Vulcan determines that one or more of such nominees are ineligible, Vulcan will disclose its determination, along with its basis for such determination, to Martin Marietta and to Vulcan shareholders in a filing with the Securities and Exchange Commission. On April 25, 2012, Martin Marietta filed a motion seeking to prohibit Vulcan from declaring Martin Marietta's proposed nominees ineligible for election.

LITIGATION IN CONNECTION WITH MARTIN MARIETTA'S OFFER AND PROXY SOLICITATION

Delaware Litigation

On December 12, 2011, Martin Marietta commenced litigation in the Delaware Court of Chancery against Vulcan seeking declaratory and injunctive relief. The action is captioned *Martin Marietta Materials, Inc. v. Vulcan Materials Co.*, C.A. No. 7102-CS (Del. Ch.). In its complaint, Martin Marietta asks the Court to issue a declaration that the May 3, 2010 letter agreement covering confidentiality, use restrictions and other terms between Martin Marietta and Vulcan does not prohibit (1) the exchange offer launched by Martin Marietta on December 12, 2011 or (2) Martin Marietta's anticipated nomination of candidates for Vulcan's board of directors at the 2012 annual meeting. Martin Marietta also seeks an injunction prohibiting Vulcan from prosecuting any action under the May 3, 2010 letter agreement covering confidentiality, use restrictions and other terms in any jurisdiction other than Delaware.

On December 20, 2011, Vulcan answered the complaint and asserted counterclaims against Martin Marietta. Vulcan alleged that Martin Marietta violated the May 3, 2010 letter agreement covering confidentiality, use restrictions and other terms by using and disclosing confidential material protected by the agreement to launch its exchange offer. On this basis, Vulcan sought (1) a declaration that Martin Marietta is barred from disclosing material received pursuant to the May 3, 2010 letter agreement in connection with its exchange offer, and (2) a decree of specific performance or an injunction prohibiting Martin Marietta from pursuing its exchange offer and requiring Martin Marietta to withdraw the documents it has publicly filed that disclose information covered by the agreement.

In order to ensure efficient and prompt resolution of the contract disputes between Vulcan and Martin Marietta, Vulcan agreed during a conference with the Court to litigate together in the Delaware Court of Chancery its claims under the May 3, 2010 letter agreement covering confidentiality, use restrictions and other terms, and its claims then pending in the United States District Court for the Northern District of Alabama (see "Alabama Litigation," below) under the May 18, 2010 common interest, joint defense and confidentiality agreement.

On January 18, 2012, Vulcan filed with the Court its amended answer and counterclaim, alleging that Martin Marietta violated both the May 3, 2010 letter agreement covering confidentiality, use restrictions and other terms and the May 18, 2010 common interest, joint defense, and confidentiality agreement in connection with its exchange offer. To remedy Martin Marietta's breaches of contract, Vulcan seeks (1) an order enjoining Martin Marietta from

General Information about the Annual Meeting and Voting

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Table of Contents

pursuing its exchange offer, (2) an order enjoining Martin Marietta from pursuing its proposed proxy contest, and (c) a declaration that Martin Marietta may not disclose any further confidential Vulcan information in order to satisfy the requirements of the federal securities laws or otherwise.

The Court held a four-day trial on the parties' claims between February 28, 2012 and March 2, 2012. Post-trial briefing was completed on March 30, 2012, and the Court heard argument on April 9, 2012.

Various motions and related items (whether procedural, discovery-related and/or substantive in nature) occur from time to time with respect to these matters.

Vulcan believes Martin Marietta's claims are meritless, and Vulcan intends to pursue its counterclaims vigorously.

New Jersey Litigation

On December 12, 2011, Martin Marietta commenced litigation in the Superior Court of New Jersey's Chancery Division for Mercer County against Vulcan seeking declaratory and injunctive relief. The action is captioned *Martin Marietta Materials, Inc. v. Vulcan Materials Co.*, No. C-83-11 (N.J. Super. Ct.). In its complaint, Martin Marietta alleges that it has launched an exchange offer and, if the offer is successful, intends to effect a merger between itself and Vulcan. Martin Marietta asks the Court to issue declarations that (1) the New Jersey Shareholders Protection Act will not apply to the proposed merger; (2) simple majority approval of the Vulcan shareholders is all that is required under Article VIII of Vulcan's Certificate of Incorporation with respect to the proposed merger, if either approved by a majority of the continuing directors or the offer price satisfies the price requirements set forth in the charter; (3) Vulcan may not use certain provisions of its by-laws to hinder or frustrate Martin Marietta's anticipated nomination of candidates for the board of directors at Vulcan's 2012 annual meeting; and (4) that Martin Marietta's December 12, 2011 Registration Statement complies with the requirements of the Securities Act of 1933. In addition, Martin Marietta seeks injunctive orders prohibiting Vulcan from attempting to use the Shareholders Protection Act to bar the proposed merger, from attempting to use Article VIII of its Certificate of Incorporation to require 80% shareholder approval of the proposed merger, and from attempting to use its by-laws to hinder or frustrate Martin Marietta's anticipated nomination of candidates for the board of directors at Vulcan's 2012 annual meeting.

Simultaneous with the filing of its complaint on December 12, 2011, Martin Marietta sought and obtained an order to show cause why expedited discovery should not be permitted. On December 20, 2011, following briefing and argument, the Court directed Vulcan to file its answer and any motion to dismiss the complaint by January 6, 2012, and to respond to Martin Marietta's request for discovery by January 31, 2012. On January 6, 2012, Vulcan moved to dismiss Counts VI and VII of the complaint, and answered the remaining allegations; the motion to dismiss was subsequently denied without prejudice.

On April 5, 2012, the Court held a hearing related to discovery procedures. In an order issued on the same date, the Court, among other things, ordered Vulcan and Martin Marietta to enter into a confidentiality agreement or other protective order for the purpose of sharing certain information between the parties.

On April 25, 2012, Martin Marietta filed a motion seeking to prohibit Vulcan from declaring Martin Marietta's proposed nominees ineligible for election.

Various motions and related items (whether procedural, discovery-related and/or substantive in nature) occur from time to time with respect to these matters.

Vulcan believes Martin Marietta's lawsuit is meritless.

Alabama Litigation

On December 19, 2011, Vulcan commenced litigation in the United States District Court for the Northern District of Alabama, Southern Division, seeking declaratory and injunctive relief. The action is captioned *Vulcan Materials Company v. Martin Marietta Materials, Inc.*, CV-11-CO-4248-S (N.D. Ala.). In its complaint, Vulcan alleged that Martin Marietta violated the common interest, joint defense and confidentiality agreement executed by Vulcan, Martin Marietta, and their respective outside counsel on May 18, 2010, by misusing and disclosing information protected by the agreement in connection with its exchange offer. Vulcan further alleged that Martin Marietta violated the

General Information about the Annual Meeting and Voting

Table of Contents

Securities Exchange Act of 1934 (the "Exchange Act") by launching its exchange offer while in possession of material nonpublic information it obtained under the common interest, joint defense and confidentiality agreement. On this basis, Vulcan sought, among other things, (1) an injunction barring Martin Marietta from pursuing an exchange offer formulated in breach of the common interest, joint defense and confidentiality agreement; (2) a declaration that Martin Marietta may not disclose information received pursuant to the common interest, joint defense and confidentiality agreement in support of its exchange offer; (3) an injunction barring Martin Marietta from pursuing its exchange offer in violation of the Exchange Act; and (4) an injunction requiring that Martin Marietta correct certain of the material omissions and misstatements in its public filings, also as required by the Exchange Act.

On January 13, 2012, Vulcan informed the Court that it had agreed to pursue counts I and II of its complaint, which asserted claims for breach of contract against Martin Marietta under the May 18, 2010 common interest, joint defense, and confidentiality agreement, in the Delaware Litigation. On January 18, 2012, Vulcan voluntarily dismissed counts I and II of its complaint as it intends to pursue such counts in the Delaware Litigation.

On February 1, 2012, Vulcan filed an amended complaint that alleged that Martin violated the Exchange Act by launching its exchange offer while in possession of Vulcan's material, nonpublic information, and by making materially false and misleading statements in connection with its offer. On this basis, Vulcan seeks, among other things, (1) an injunction barring Martin Marietta from pursuing an exchange offer in violation of the Exchange Act; (2) an injunction requiring that Martin Marietta correct certain of the material omissions and misstatements in its public filings, also as required by the Exchange Act; and (3) an injunction barring Martin Marietta from disclosing the information they obtained concerning Vulcan pursuant to the May 3 letter agreement and the common interest, joint defense and confidentiality agreement. On February 15, 2012, Martin Marietta moved to dismiss the amended complaint. On March 20, 2012, Vulcan filed its opposition to Martin Marietta's motion.

Various motions and related items (whether procedural, discovery-related and/or substantive in nature) occur from time to time with respect to these matters.

Shareholder Litigation

Four putative class-action complaints challenging Vulcan's response to the exchange offer have been filed against Vulcan and its directors. Three of these complaints were filed in the United States District Court for the District of New Jersey: *City of Southfield Police & Fire Retirement Systems v. Carroll, et al.*, No. 11-cv-07416 (the "Southfield Action"); *Louisiana Municipal Police Employees' Retirement System v. Carroll, et al.*, No. 11-cv-7571 (the "Louisiana Municipal Action"); and *Stationary Engineers Local 39 Pension Trust Fund v. Carroll, et al.*, No. 12-cv-00349 (the "Stationary Engineers Action"). The fourth complaint was filed in the United States District Court for the Northern District of Alabama, Southern Division: *KBC Asset Management NV v. James, et al.*, No. 11-cv-04323 (the "KBC Action").

Each of the above-named putative class-action complaints has been brought on behalf of a putative class of Vulcan shareholders and alleges that the Company's directors breached their fiduciary duties in connection with their response to the exchange offer. The complaints filed in the KBC and Stationary Engineers Actions also purport to assert claims derivatively on behalf of Vulcan. All four putative class-action complaints seek, among other things, an injunction barring the named defendants from adopting any defensive measures in connection with the exchange offer, as well as attorneys' fees and costs. Plaintiffs in the Southfield and Louisiana Municipal Actions also seek a declaration that neither the New Jersey Shareholders Protection Act nor Article VIII.A of Vulcan's Charter is applicable to the exchange offer.

On January 27, 2012, the federal court in New Jersey entered an order consolidating the Southfield, Louisiana Municipal and Stationary Engineers Actions in the District of New Jersey. On February 1, 2012, Vulcan filed a motion to transfer venue in the KBC Action to the District of New Jersey. On February 15, 2012, on stipulation of the parties, the New Jersey court ordered plaintiffs to file a consolidated complaint within a "reasonable time" after the actions were consolidated. On February 28, 2012, the Alabama court granted Vulcan's motion and transferred the KBC Action to the District of New Jersey.

Various motions and related items (whether procedural, discovery-related and/or substantive in nature) occur from time to time with respect to these matters.

Vulcan and its directors believe the lawsuits are meritless.

General Information about the Annual Meeting and Voting

Table of Contents

IMPORTANT

YOUR VOTE IS EXTREMELY IMPORTANT. Whether or not you plan to attend the Annual Meeting and regardless of the number of shares you own, we urge you to sign, date and mail the enclosed WHITE proxy card to vote "FOR" the election of the four Vulcan director nominees, or use the WHITE proxy card to vote by telephone or by Internet.

We urge you NOT to sign or return any proxy card sent to you by Martin Marietta. Only your latest dated, signed proxy card will be counted, and any proxy card you sign for any reason could invalidate previous WHITE proxy cards sent by you to support your Board. If you have already sent a proxy to Martin Marietta, you may revoke that proxy and vote for the election of our four director nominees by signing, dating and mailing the enclosed WHITE proxy card. You may also vote over the Internet using the Internet address on the WHITE proxy card or by telephone using the toll-free number on the WHITE proxy card or, if you are a street name holder, by following the instructions on your voting instruction form.

ANNUAL MEETING PROCEDURES

Annual Meeting Admission

Only shareholders of Vulcan as of the close of business on April 20, 2012 (the record date for the Annual Meeting), their authorized representatives and invited guests of our company will be permitted to attend the Annual Meeting. Proof of ownership of Vulcan common stock as of the record date, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a bank, broker, trustee or nominee and you plan to attend the Annual Meeting in person, you must bring a brokerage statement, and a legal proxy from your bank, broker, trustee or nominee entitling you to vote the shares held as of the record date at the Annual Meeting, along with personal identification, to be admitted to the Annual Meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

Voting Procedures

Shareholders of record (shareholders who own our shares in their own names on the books of our transfer agent) may vote their shares or submit a **WHITE** proxy card to have their shares voted by one of the following methods:

By Internet Shareholders of record may submit proxies over the Internet by following the instructions on the **WHITE** proxy card or the voting instruction card sent to them by their bank, broker, trustee or nominee.

By Telephone Shareholders of record who live in the United States or Canada may submit proxies by telephone by calling 1-888-693-8683 and following the instructions. Shareholders of record will need to have the control number that appears on their **WHITE** proxy card available when voting.

By Mail Shareholders of record who have received a paper copy of a **WHITE** proxy card by mail may submit proxies by completing, signing and dating their **WHITE** proxy card and mailing it in the accompanying pre-addressed envelope.

In Person Shareholders of record may vote shares held in their name in person at the Annual Meeting; however, attending the Annual Meeting without casting a ballot will not count as a vote.

Beneficial owners of shares (shareholders who own their shares in the name of a bank, broker, trustee or other nominee on the books of our transfer agent) may generally vote their shares or submit a proxy to have their shares voted by one of the following methods, as indicated on the voting instruction form sent to you by your bank, broker, trustee or nominee:

Edgar Filing: Vulcan Materials CO - Form DEFC14A

By Internet or Telephone Beneficial owners may generally vote their shares over the Internet or by telephone, as indicated on your voting instruction card. Please refer to your voting instruction card or other

General Information about the Annual Meeting and Voting

12

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Table of Contents

information forwarded by your bank, broker, trustee or nominee to determine whether you may submit a proxy electronically over the Internet or by telephone, following the instructions on the voting instruction card or other information provided by the record holder.

By Mail You may vote your shares by completing, signing and dating your voting instruction card and returning it in the envelope provided.

In Person with a Proxy from the Record Holder Shares for which a shareholder is the beneficial holder but not the shareholder of record may be voted in person at the Annual Meeting only if such shareholder is able to obtain a legal proxy from the bank, broker, trustee or nominee that holds the shareholder's shares, indicating that the shareholder was the beneficial holder as of the record date and the number of shares for which the shareholder was the beneficial owner on the record date.

Shareholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a **WHITE** proxy card, but not by more than one method. If you vote by more than one method, or vote multiple times using the same method, only the last-dated vote that is received by the vote tabulator will be counted, and each previous vote will be disregarded.

If you receive more than one set of proxy materials or more than one **WHITE** proxy card, it may mean that you hold shares of Vulcan stock in more than one account. You must return a proxy card or vote using one of the methods described above for each account in which you own shares.

Revoking Your Vote

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by taking one of the following actions:

by giving written notice of the revocation prior to the commencement of the Annual Meeting to: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242;

by executing and delivering another valid proxy with a later date;

by voting by telephone or Internet at a later date; or

by attending the 2012 Annual Meeting of Shareholders and voting in person by written ballot, if you are a shareholder of record or, if you are a beneficial owner of your shares, with a legal proxy from the entity that holds your shares giving you the right to vote the shares.

If you are a beneficial owner of your shares and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker, trustee or nominee in accordance with that entity's procedures.

Vote Required for Approval

The presence, represented in person or by proxy, of a majority of the issued and outstanding shares of Vulcan common stock entitled to vote at the Annual Meeting is required to constitute a quorum at the Annual Meeting. As described in more detail below, abstentions are not counted as votes cast in respect of Proposals 2, 3, 4, 5 and 6, and therefore have no effect on the results of the votes respecting such proposals. Brokers holding shares for beneficial owners must vote their shares according to the specific instructions they receive from their owners. If specific instructions are not received, brokers may not vote these shares, other than on matters that the New York Stock Exchange considers to be "routine." This creates a situation known as a "broker non-vote" with respect to proposals that are considered "non-routine" by the New York Stock Exchange. While Proposal 3, the ratification of the selection of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2012, would ordinarily be considered "routine," because of the contested nature of this year's solicitation, all of the proposals on the agenda will be considered non-routine matters and, accordingly, your broker will not have discretion to vote your shares held in street

Edgar Filing: Vulcan Materials CO - Form DEFC14A

name on any proposal presented at the Annual Meeting unless you provide specific instructions to your broker as to how your shares are to be voted.

General Information about the Annual Meeting and Voting

13

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Table of Contents

The votes required to approve each matter to be considered by Vulcan's shareholders at the Annual Meeting are set forth below:

Proposal 1 Election of Directors: Each Vulcan shareholder has the right to vote each share of stock owned by such shareholder on the record date for four director nominees to be elected. Cumulative voting is not permitted. To be elected, a director-nominee must receive a plurality of the votes cast at the Annual Meeting. Accordingly, the four nominees standing in the election who receive the greatest number of votes cast at the Annual Meeting will be elected as directors. Abstentions, votes withheld and broker non-votes will not be counted as votes cast for such purposes and therefore will have no effect on the results of the election.

Proposal 2 Advisory Vote on Executive Compensation: The affirmative vote of a majority of votes cast on this proposal is required to approve, on an advisory basis, the compensation of the executives set forth in this proxy statement. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 3 Ratification of Selection of Deloitte & Touche LLP: The affirmative vote of a majority of the votes cast on this proposal is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2012. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 4 Advisory Shareholder Proposal Adoption of Majority Voting Standard in the Election of Directors. The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 5 Advisory Shareholder Proposal Board Declassification. The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 6 Advisory Shareholder Proposal Elimination of Super-majority Voting. The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Appraisal or Dissenters' Rights

Shareholders of Vulcan will not have rights of appraisal or similar dissenters' rights with respect to any of the matters identified in this proxy statement to be acted upon at the Annual Meeting.

Proxy Solicitation Matters

Solicitation of **WHITE** proxy cards may be conducted by mail, facsimile, courier service, telephone, telegraph, the Internet, electronic mail, newspapers and other publications of general distribution, and in person. The cost of proxy solicitation, including the cost of preparing, assembling, printing, mailing and distributing these proxy materials, will be paid by Vulcan. Vulcan will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other solicitation materials to beneficial owners of Vulcan common stock. Vulcan's expenses related to the solicitation in excess of those normally spent for an annual meeting as a result of the contested election are expected to be approximately \$2.7 million (excluding salaries and wages of our regular employees and officers and the fees and expenses to be paid to MacKenzie Partners, Inc. and Okapi Partners LLC), of which approximately \$250,000 has been incurred as of the date hereof. Appendix A sets forth information relating to persons who may solicit proxies on our behalf, including Vulcan's directors and director nominees as well as Vulcan officers and employees who are considered "participants" in our solicitation under the rules of the SEC. Our directors, director nominees, officers and other employees who may solicit proxies will not be paid extra compensation for such solicitation.

Table of Contents

We have retained MacKenzie Partners Inc. ("MacKenzie") and Okapi Partners LLC ("Okapi") to assist in the solicitation of proxies and have retained MacKenzie to also assist in connection with Vulcan's communications with shareholders in connection with Martin Marietta's exchange offer, for aggregate total fees not to exceed \$1 million plus reasonable out-of-pocket expenses. In addition, Vulcan has agreed to indemnify MacKenzie and Okapi and certain related persons against certain liabilities relating to or arising out of the engagement. MacKenzie and Okapi have advised Vulcan that approximately 50 and 15 of their employees, respectively, will be involved in soliciting Vulcan shareholders on behalf of Vulcan.

Professional Advisors

We have retained Sard Verbinen & Co. ("Sard Verbinen") as our public relations advisor in connection with Martin Marietta's exchange offer. Vulcan has agreed to pay customary compensation to Sard Verbinen for such services. Vulcan has also agreed to indemnify Sard Verbinen and certain related persons against certain liabilities relating to or arising out of the engagement.

Vulcan has retained Goldman, Sachs & Co. in connection with, among other things, Vulcan's analysis and consideration of, and response to, the exchange offer. Goldman will be paid fees to be determined by the Company for such services, may be reimbursed for its reasonable out-of-pocket expenses (including certain fees and disbursements of its legal counsel), and will be indemnified against certain liabilities relating to or arising out of the engagement.

Except as set forth above, neither Vulcan nor any person acting on its behalf has or currently intends to employ, retain, or compensate any person to make solicitations or recommendations to the shareholders of Vulcan on its behalf with respect to the exchange offer.

Householding of Annual Meeting Materials

Some banks and brokers may be participating in the practice of "householding" proxy statements and annual reports. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. This means that only one copy of this proxy statement or our 2011 Annual Report to Shareholders may have been sent to multiple shareholders at your mailing address. We will promptly deliver a separate copy of either or both documents to you if you write or call us at the following address or phone number: Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242, Attention: Mark D. Warren, Director, Investor Relations, phone: (205) 298-3220. If you want to receive separate copies of our Annual Report to Shareholders and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, trust or other nominee, or you may contact us at the above address and phone number.

General Information about the Annual Meeting and Voting

Table of Contents

PROPOSAL 1. ELECTION OF DIRECTORS

Our constituent documents provide that our Board shall be divided into three classes, with the term of office of one class expiring each year. At the 2012 Annual Meeting, four persons will be elected to serve as members of our Board until 2015, or until their successors have been duly elected and qualified. Our Board, upon the recommendation of the Governance Committee, has nominated the four people listed below for re-election at the 2012 Annual Meeting. Each of our nominees is currently serving as a director of the company. Each of the nominees has consented to be named in this proxy statement and to serve if elected, and our Board has no reason to believe that any of the persons nominated will be unable to serve as a director.

Our Board unanimously recommends a vote FOR each of the Board's four nominees for director on the enclosed WHITE proxy card. Our Board has nominated Phillip W. Farmer, H. Allen Franklin, Richard T. O'Brien and Donald B. Rice as directors to serve three-year terms expiring in 2015. The persons named as proxies will cast votes on the **WHITE** proxy cards received by them FOR the election of each of these four nominees unless otherwise specified on the **WHITE** proxy cards. If for some reason any of our director nominees is unable to serve, or for good cause will not serve if elected, the persons named as proxies may vote for a substitute nominee recommended by our Board, and unless you indicate otherwise on the **WHITE** proxy card, the proxies will be voted in favor of the remaining nominees. If any substitute nominees are so designated, we will file an amended proxy statement that, as applicable, identifies the substitute nominees, discloses that such nominees have consented to being named in the revised proxy statement and to serve if elected, and includes certain biographical and other information about such nominees as required by SEC rules.

In accordance with the amended and restated by-laws of our company, our Board of Directors is required to be composed of not fewer than 9 nor more than 12 directors. The number of directors may be set by a resolution adopted by a majority of our Board of Directors and our charter provides that any vacancies on the Board, including vacancies resulting from an increase in the number of directors, shall be filled by the affirmative vote of a majority of the remaining directors. One of our three classes of directors is elected at each annual meeting, and each director is chosen to serve until the third year's succeeding Annual Meeting of Shareholders. Our by-laws provide that an outside director shall retire from the Board following his or her 74th birthday. However, the Board may waive the mandatory retirement age and nominate such director for an additional term of one or more years if the Board determines that such an extension is in the best interests of our company and its shareholders. As previously disclosed in Vulcan's proxy statement for the 2011 Annual Meeting and consistent with Vulcan's director retirement policy, current director Philip Carroll, Jr. will be retiring immediately prior to the commencement of the 2012 Annual Meeting. Upon the effectiveness of Mr. Carroll's resignation from the Board, the size of the Vulcan Board of Directors will be reduced from eleven to ten immediately prior to Vulcan's 2012 Annual Meeting pursuant to a resolution adopted by our Board and consistent with prior practice. Accordingly, there are four seats on our Board up for election at the 2012 Annual Meeting.

Our Board unanimously recommends that you vote FOR the election of our four nominees listed below, Mr. Farmer, Mr. Franklin, Mr. O'Brien and Dr. Rice.

The Board believes that each of the four nominees listed below are highly qualified and have experience, skills, backgrounds and attributes that qualify them to serve as directors of Vulcan (please see each nominee's biographical information presented below and the "Summary of Qualifications for Directors" section below for more information). The recommendation of the Board is based on its carefully considered judgment that the experience, skills, backgrounds and attributes of our nominees make them the best candidates to serve on our Board.

Certain information regarding Vulcan's four nominees for election at the Annual Meeting and the remaining six directors whose terms are continuing is provided on the following pages, including their principal occupation and employment during the last five years.

In addition, Appendix A sets forth information relating to our director nominees and directors as well as certain of our officers and employees who are considered "participants" in our solicitation, under the rules of the SEC, by reason of their position or because they may be soliciting proxies on our behalf.

Table of Contents

NOMINEES FOR RE-ELECTION TO THE BOARD OF DIRECTORS TERMS EXPIRING IN 2015

PHILLIP W. FARMER

AGE: 73. Director since 1999.

Retired; Chairman of the Board of Harris Corporation, Melbourne, Florida (an international communications equipment company), from February 2003 until June 2003; Chairman and Chief Executive Officer from June 1995 to February 2003.

COMMITTEE MEMBERSHIPS: Audit; Executive; Governance.

H. ALLEN FRANKLIN

AGE: 67. Director since 2001.

Retired; Chairman and Chief Executive Officer of Southern Company, Atlanta, Georgia (a super-regional energy company in the Southeast and a leading U.S. producer of energy), from April 2004 until July 2004; Chairman, President and Chief Executive Officer from April 2001 to April 2004.

Age: 72. Director since 1986. (*)

Retired; President and Chief Executive Officer of Agensys, Inc., Santa Monica, California (a biotechnology company developing monoclonal antibody therapeutics for cancer) from 1996 until 2010; Former U.S. Secretary of the Air Force from 1989 to 1993.

OTHER DIRECTORSHIPS: Chevron Corp.

COMMITTEE MEMBERSHIPS: Compensation; Executive; Governance.

(*)Dr. Rice was first elected a director in 1986, and served until May 1989, when he was appointed Secretary of

Edgar Filing: Vulcan Materials CO - Form DEFC14A

the Air Force. He was re-elected as a director by our Board of Directors on February 12, 1993.

Proposal 1

17

Table of Contents

We urge you to vote FOR the foregoing nominees and NOT to sign or return any proxy card sent to you by Martin Marietta for the following reasons:

Our Board has acted, and will continue to act, in the best interests of Vulcan shareholders, and our four nominees deserve your vote.

Our Board has acted and will continue to act in the best interests of Vulcan shareholders, including in evaluating Martin Marietta's exchange offer and overseeing the further development and implementation of actions to enhance shareholder value. All of Vulcan's nominees are highly qualified, independent directors who are not interested parties with respect to the exchange offer. Moreover, we believe that a deep understanding of Vulcan's business by the Vulcan Board is essential to Vulcan's success, and it is important for nominees to have meaningful experience in our industry, one characterized by a highly competitive landscape with unique risks and challenges. Our four nominees have broad knowledge of Vulcan and the aggregates industry gained from their years of service on the Vulcan Board, and we ask you to consider them fully. All four of Vulcan's nominees have served as the chief executive officer of publicly traded companies, and one nominee, Richard O'Brien, is the CEO of a global mining company. Each of our nominees have also held significant positions on Vulcan's Board committees. In addition to the biographical detail provided above for our nominees, please also see the " Summary of Qualifications for Directors" section below for further information about the attributes and skills they bring to Vulcan's Board.

In rejecting Martin Marietta's unsolicited exchange offer, our Board conducted a thorough review of the offer, including its terms and conditions, in consultation with Vulcan's financial and legal advisors. The Vulcan Board, by unanimous vote at a meeting on December 19, 2011, determined that the exchange offer was not in the best interests of Vulcan and its shareholders and recommended that shareholders reject the offer and not tender their shares. The Vulcan Board's reasons and recommendations regarding Martin Marietta's exchange offer are contained in Vulcan's Solicitation/Recommendation Statement on Schedule 14D-9 filed with the SEC on December 22, 2011, as amended. These filings are available at no charge on the SEC's website at www.sec.gov. We urge you to read the Schedule 14D-9 (including any amendments and supplements thereto) and the documents incorporated therein, because these documents contain important information regarding Martin Marietta's exchange offer and the Board's recommendation against such offer. Of particular importance are the Investor Presentations Vulcan filed on January 5, 2012 and March 30, 2012, and the Press Releases Vulcan filed on December 22, 2011, January 5, 2012, February 16, 2012 and March 30, 2012. Among the specific reasons cited in Vulcan's Schedule 14D-9 for recommending that shareholders reject the Martin Marietta offer are the following:

The offer is disadvantageous to Vulcan shareholders and substantially undervalues Vulcan and its future prospects.

The transaction proposed by Martin Marietta would not enhance shareholder value in the future.

The timing of the offer is opportunistic, seeking to exploit cyclical lows in U.S. construction spending and the trading price of Vulcan's common stock.

The offer is subject to antitrust uncertainty and is highly conditional.

We believe Martin Marietta's nominees may have conflicts of interests with respect to Martin Marietta's Exchange Offer

We believe that Martin Marietta's handpicked nominees may have conflicts of interests if elected to the Board.

As discussed above in the section "Background to Martin Marietta's Offer and Proxy Solicitation - Review of Martin Marietta's Proposed Nominees" Vulcan recently learned about the existence of confidentiality agreements between Martin Marietta and its nominees, pursuant to which each Martin Marietta nominee has "agree[d] to be bound as a 'Representative'" of Martin Marietta, which is defined in the confidentiality agreement between Martin Marietta and Vulcan to include only "directors, officers, employees, agents, advisors or other representatives" of Martin Marietta. These agreements specifically state that Martin Marietta will "seek [the] views" of the nominees in connection with the proxy contest, exchange offer or other transaction between Martin Marietta and Vulcan. In addition, pursuant to these agreements, each Martin Marietta nominee agreed to be bound by specified obligations to Martin Marietta,

Table of Contents

which obligations would, by their terms, continue through the length of the nominee's service on Vulcan's Board if elected. The existence of these agreements, which were not disclosed in Martin Marietta's nomination documents by the applicable deadline, raise questions about the relationship between Martin Marietta and such nominees, as well as the qualifications of these nominees under Vulcan's governing documents. Vulcan requested publicly and in New Jersey court proceedings that Martin Marietta disclose these agreements publicly or otherwise provide them so that the Vulcan Board may proceed with its review as to the eligibility of the Martin Marietta nominees to stand for election to Vulcan's Board at the 2012 Annual Meeting. Following a New Jersey court hearing on Thursday, April 5, 2012, at which a judge ordered the parties to enter into a confidentiality agreement or other order for the purpose of providing such agreements (and related communications) to Vulcan, Martin Marietta publicly released the "form of" confidentiality agreement it had entered into with each of its proposed director nominees. Martin Marietta has recently claimed that it has "confirmed to Vulcan that the Nominees have no continuing obligations under such agreements."

Vulcan has not made a final determination as to the eligibility of Martin Marietta's proposed nominees to stand for election at the 2012 Annual Meeting. On April 19, 2012, outside counsel to Martin Marietta produced to Vulcan's outside counsel certain documents related to the communications between Martin Marietta and its nominees. Some of these documents are still subject to a confidentiality order and may not be shared with Vulcan for purposes of assessing eligibility. Counsel to Vulcan have requested that those documents be made available to Vulcan and its Board of Directors, per the New Jersey judge's order of April 5, 2012. Vulcan intends to make a determination with respect to the eligibility of Martin Marietta's proposed nominees as soon as practicable following the time at which such documents become available for the requested purpose. If Vulcan determines that one or more of such nominees are ineligible, Vulcan will disclose its determination, along with its basis for such determination, to Martin Marietta and to Vulcan shareholders in a filing with the Securities and Exchange Commission. On April 25, 2012, Martin Marietta filed a motion seeking to prohibit Vulcan from declaring Martin Marietta's proposed nominees ineligible for election.

In addition, as disclosed by Martin Marietta, Martin Marietta has agreed to pay each of its nominees \$50,000 in consideration for their agreement to be named as a nominee for this election. Martin Marietta will reimburse each of its nominees for all reasonable and out-of-pocket travel and related expenses incurred by such nominee in connection with his service as a nominee for this election, up to an aggregate maximum amount of \$5,000 for each nominee. Martin Marietta also agreed to indemnify each of its nominees from and against any and all expenses, liabilities and losses reasonably incurred or suffered by the nominee in connection with any action, suit or proceeding, directly or indirectly, resulting from, based upon, arising out of or relating to (i) serving as a nominee, (ii) being a "participant in a solicitation" (as defined in the rules and regulations under the Exchange Act) in connection with the proxy solicitation or (iii) being otherwise involved in the proxy solicitation as a nominee, except to the extent such losses relate to any materially inaccurate written information supplied by the nominee for inclusion in any filings made with any federal or state governmental agency, including the proxy solicitation materials, or is found in a final judgment by a court, not subject to further appeal, to have resulted from bad faith or willful misconduct on the nominee's part. Martin Marietta has also retained McElroy, Deutsch, Melvaney & Carpenter, LLP as counsel for its nominees and has agreed to pay all fees in connection therewith. The above agreements do not appear to terminate upon election of a nominee to our Board.

We believe the Martin Marietta nominees' ability to fairly evaluate Martin Marietta's exchange offer could be colored by their relationship with Martin Marietta, which includes the confidentiality, compensation, reimbursement and indemnification arrangements described above.

Moreover, in order for the Vulcan Board to consider strategies other than the Martin Marietta exchange offer, we believe it would be in the best interests of Vulcan shareholders if Vulcan directors are not associated in any way with Martin Marietta, one of our primary competitors.

BOARD OF DIRECTORS RECOMMENDATION

THE VULCAN BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE NOMINEES NAMED ABOVE ON THE WHITE PROXY CARD.

Proposal 1

Table of Contents

DIRECTORS CONTINUING IN OFFICE TERMS EXPIRING IN 2013

COMMITTEE MEMBERSHIPS: Finance; Safety, Health and Environmental Affairs.

Table of Contents

DIRECTOR QUALIFICATIONS

Directors are responsible for reviewing and approving corporate strategy and overseeing management of our company to assure that the long-term interests of the shareholders are being served. The Board believes that there are general skills and characteristics required for service on the Board of Directors that are applicable to all directors. Additionally, the Board needs a diverse skill set among its members to ensure that the Board is able to respond to the needs of management and the company. The Governance Committee of the Board is responsible for considering the qualifications of the directors, both individually and collectively, with respect to the company's current and future needs.

GENERAL QUALIFICATIONS

The Governance Committee, along with the Board, is responsible for reviewing on an annual basis the requisite skills and characteristics of Board members and candidates for the Board. The Governance Committee considers, among other factors:

high ethical standards

integrity

independence

experience

sound business judgment

ability to devote the time and effort necessary to fulfill his or her responsibilities to the Board.

The Board and the Governance Committee require that each director be a person of high integrity with a proven record of success. The Board does not have specific diversity quotas, but considers race, ethnicity, gender, age, education and professional experiences in evaluating candidates for the Board.

SUMMARY OF QUALIFICATIONS FOR DIRECTORS

The Board believes that a number of particular qualifications, attributes, skills and experiences are desirable for the Board as a whole. These include:

financial and audit committee experience

knowledge of the company's industry and related industries

relevant chief executive officer/president experience

government or political expertise

human resources experience

diversity of race, ethnicity or gender

Set forth below is a narrative disclosure that summarizes the specific qualifications, attributes, skills and experience for each director. The highlighted areas for each director are not exclusive. The description merely highlights a specific area of focus or expertise of each director on which the Board currently relies.

Phillip W. Farmer

Relevant chief executive officer/president experience. Mr. Farmer served as Chief Executive Officer and then Chairman of Harris Corporation from 1995 to 2003. He brings valuable public company leadership and management expertise.

Financial and audit committee experience. Mr. Farmer has served on the company's Audit Committee as well as on the audit committee of another publicly traded company. He also received financial training in the General Electric Financial Management Program.

Proposal 1

22

Table of Contents

H. Allen Franklin

Relevant chief executive officer/president experience. Mr. Franklin served as Chairman, President and Chief Executive Officer of Southern Company from 2001 to 2004. As a result, Mr. Franklin provides the Board with valuable business, leadership, organizational and operational management skills as well as governance and compensation expertise.

Knowledge of the company's industry and related industries. At Southern Company, Mr. Franklin gained considerable management expertise with issues facing an industrial company, including governmental and regulatory issues and safety, health and environmental matters, which are important issues in our industry.

Donald M. James

Relevant chief executive officer/president experience. Mr. James has served as our Chief Executive Officer since 1997. He has extensive leadership, management, operating, financial and legal experience and knowledge of our company.

Knowledge of the company's industry and related industries. Mr. James served as President of our Southern and Gulf Coast Division, as Senior Vice President, Construction Materials Group and as Chief Operating Officer, giving him first-hand operational knowledge of our industry. Mr. James has also assumed leadership positions in aggregates industry and general business trade groups exposing him to the important issues facing the aggregates industry. Mr. James also has experience serving on the boards of a number of other large public companies.

Ann McLaughlin Korologos

Government or political experience. Ms. Korologos served as Secretary of Labor in the Reagan Administration from 1987 to 1989, giving her tremendous insight into regulatory and government affairs, including exceptional knowledge of OSHA, MSHA and EPA rules and regulations.

Human resources experience. Ms. Korologos has served on a number of large public company boards where she gained considerable knowledge and experience in human resources and social responsibility issues.

Contributes to the diversity of race, ethnicity or gender of the Board.

Douglas J. McGregor

Relevant chief executive officer/president experience. Mr. McGregor has served as Chief Executive Officer or President for two separate public companies, Burlington Industries and M.A. Hanna. He has over 40 years of management experience in major Fortune 1000 corporations, in several different industries, including mining, providing him with valuable business, leadership and management experience with issues facing large industrial and mining companies.

Financial and audit committee experience. Mr. McGregor's current position as Senior Advisor of Blue Point Capital Partners, a private equity firm, as well as his past management service have given him considerable financial and investment acumen. He serves on the company's Audit and Finance Committees.

Richard T. O'Brien

Relevant chief executive officer/president experience. Mr. O'Brien has served as either President or Chief Executive Officer of Newmont since 2007, affording him experience in managing issues facing a Fortune 500 public company.

Proposal 1

23

Table of Contents

Knowledge of the company's industry and related industries. Most of Mr. O'Brien's 25 years of management experience have been in the mining and natural resources industries. He also has extensive work experience in the utility and energy industries.

Financial and audit committee experience. Mr. O'Brien has 25 years of financial background, including serving as chief financial officer of four different public companies, giving him extensive financial and accounting expertise.

James T. Prokopanko

Relevant chief executive officer/president experience. Mr. Prokopanko has been Chief Executive Officer of Mosaic since 2007 and provides the Board with valuable business, leadership and management experience.

Knowledge of the company's industry and related industries. Mr. Prokopanko, from his experience at Mosaic, brings considerable knowledge of issues facing a company engaged in the mineral extraction industry.

Donald B. Rice

Relevant chief executive officer/president experience. Dr. Rice served as President and Chief Executive Officer of Agensys for 14 years, providing him with valuable business, leadership and management experience. He also served as the President and Chief Operating Officer of Teledyne, Inc. for three years, and as the President and CEO of the RAND Corporation for over 17 years.

Government or political experience. Dr. Rice served as Secretary of the Air Force from 1989 to 1993 and in other government positions where he gained experience in public policy, governmental affairs, management and strategy.

Financial and audit committee experience. Dr. Rice has served as a director of a number of large public companies where he gained significant financial experience, and has chaired the Audit Committees of two public companies. Along with his chief executive experience, Dr. Rice managed CFOs in public companies.

Vincent J. Trosino

Relevant chief executive officer/president experience. As a result of his tenure as the President and Chief Operating Officer of State Farm from 1998 until 2006, Mr. Trosino brings to the Board significant experience in financial matters, risk assessment, management, marketing and human resources. In addition, he provides the Board with knowledge and insight regarding the insurance industry – an important consideration in the company's evaluation and mitigation of risk areas.

Financial and audit committee experience. Mr. Trosino served on the investment committee of the board of State Farm Mutual Insurance Company and served on the audit committee of the Brookings Institute. He brings valuable financial and investment experience to our company's Audit and Finance Committees.

Kathleen Wilson-Thompson

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Human resources experience. As a result of her service as Senior Vice-President in Human Resources at both Walgreen and Kellogg, Ms. Wilson-Thompson brings to the Board valuable experience in managing personnel, human resource and organization issues that face a labor-intensive workforce.

Contributes to the diversity of race, ethnicity or gender of the Board.

Proposal 1

24

Table of Contents

PROPOSAL 2. ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

The Dodd-Frank Wall Street Reform and Consumer Act (the Dodd-Frank Act), enacted in 2010 and Section 14A of the Securities Exchange Act of 1934, require that our shareholders vote on a non-binding advisory vote on the executive compensation for our NEOs, commonly known as "Say on Pay." While this vote is advisory and not binding on our company, it will provide information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will consider when determining executive compensation in the future.

At our 2011 Annual Meeting of Shareholders, our shareholders indicated a preference that the advisory vote on the compensation for our NEOs occur on an annual basis. The next shareholder vote on the frequency of the advisory vote on the compensation of our NEOs will be held no later than the 2017 Annual Meeting of Shareholders, in accordance with Rule 14a-21 of the Securities Exchange Act of 1934.

Our company has designed its executive compensation program to attract, motivate and retain the senior executive talent required to achieve our operational plans and strategic goals. Our compensation program is centered on a pay-for-performance philosophy which aligns executive compensation with shareholder value. Consistent with this philosophy, a substantial portion of the total compensation for each of our NEOs is directly related to our company's earnings, to the value of our common stock, and to other performance factors that measure progress against the goals of our operating and strategic plans. The executive compensation program is overseen and administered by an independent Compensation Committee of our Board that is advised by an independent consultant.

The Compensation Discussion and Analysis, beginning on page 50 below, describes our executive compensation philosophy and program in detail. The Compensation Committee has taken the following recent actions which support the alignment of our compensation philosophy, our compensation programs and our company performance:

Froze the base salary of the Chief Executive Officer (CEO), for fiscal years 2009, 2010, 2011 and 2012;

Paid no cash bonuses to the CEO and other NEOs for fiscal years 2009, 2010 and 2011;

Adjusted the mix of 2011 long-term awards to provide more emphasis on performance-based pay by granting approximately 78% of the target value of long-term grants in the form of performance share units (PSUs) and 22% of the value in the form of stock only stock appreciation rights (SOSARs). Previous grants were of approximately equal value between PSUs and SOSARs;

In 2012, granted all long-term equity opportunities for the CEO and other NEOs in the form of performance-based PSUs. Payouts will be based on the company's total shareholder return (TSR) performance relative to the S&P 500;

Continued the policy of providing only limited perquisites;

Utilized tally sheets in analyzing and determining total compensation paid to the CEO and other NEOs;

Maintained and monitored rigorous stock ownership guidelines for management which require executives to maintain significant stock ownership while employed by the company;

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Applied separate performance measures for the short-term and long-term incentive programs;

In 2011, entered into one change in control agreement with Mr. McPherson who was hired in November 2011, that only provided for severance benefits on a double trigger, did not include any long-term incentive amount in calculating severance and did not include a tax gross-up. This was the only change in control agreement that the company entered into in 2011;

Conducted a market study of compensation practices among our comparison companies which affirmed that our practices are aligned with such comparison companies.

Proposal 2

25

Table of Contents

These actions reflect the active management of our executive compensation programs by the Compensation Committee and the alignment of our programs with market compensation levels, company performance and with our shareholders' interests. Accordingly, the Board recommends that the shareholders vote in favor of the resolution set forth below.

BOARD OF DIRECTORS RECOMMENDATION

"RESOLVED, that the compensation paid to the Company's NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved."

As an advisory vote, this proposal is not binding on our company. However, our Board and Compensation Committee will consider the outcome of the advisory vote when making future compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE COMPENSATION OF OUR NEOs AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION AND ACCOMPANYING COMPENSATION TABLES CONTAINED IN THIS PROXY STATEMENT.

**PROPOSAL 3. RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee, which is composed solely of independent directors, has appointed Deloitte & Touche LLP as the independent registered public accounting firm for our company and its subsidiaries for the fiscal year ending December 31, 2012. The function of the independent registered public accounting firm is to audit our accounts and records; to report on the consolidated balance sheet, the related statements of consolidated earnings, consolidated shareholders' equity and consolidated statements of cash flows of our company and its subsidiaries; to audit our internal control over financial reporting; and to perform such other appropriate accounting services as may be required and approved by the Audit Committee. Although shareholder ratification is not required, our Board has determined that it would be desirable to request an expression from the shareholders as to whether or not they support this appointment. Even if the appointment of Deloitte & Touche LLP is ratified by a majority of the votes cast at the meeting, the Audit Committee may, in its discretion, direct the appointment of another independent registered accounting firm at any time during the year, if it believes such appointment is in the best interests of the company and the shareholders. If a majority of the votes cast at the meeting fails to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm, the Audit Committee will consider the selection of another independent registered public accounting firm for future years.

The firm of Deloitte & Touche LLP, or its predecessors, has audited our financial statements since 1956. A representative of that firm is expected to be present at the meeting, will be given an opportunity to make a statement and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS VULCAN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2012.

Proposal 2 and 3

Table of Contents

PROPOSAL 4. SHAREHOLDER PROPOSAL MAJORITY VOTE

Vulcan has been advised that the United Brotherhood of Carpenters and Joiners of America, 101 Constitution Avenue, N.W., Washington, D.C. 20001, a beneficial owner of 1,640 shares of our company's common stock, intends to present the following proposal and supporting statement at the Annual Meeting. The proposal will be voted on only if properly presented at the Annual Meeting. In accordance with rules of the SEC, the text of the resolution and supporting statement is printed verbatim from the proponent's submission, and we take no responsibility for them. To ensure that readers can easily distinguish between the materials provided by the proponent and the materials we have provided, we have shaded gray the material provided by the proponent.

Our Board of Directors strongly opposes the adoption of the proposal and asks you to review our Board's response, which follows the proponent's supporting statement.

SHAREHOLDER PROPOSAL

RESOLVED: That the shareholders of Vulcan Materials Company ("Company") hereby request that the Board of Directors initiate the appropriate process to amend the Company's certificate of incorporation to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

SUPPORTING STATEMENT: Supporting Statement: Board support for majority voting in director elections is overdue at Vulcan Materials. Despite the Vulcan Materials Board of Directors' opposition to the majority vote standard proposal at the last annual meeting, a strong percentage (44% of votes cast) of Company shareholders supported the majority vote standard proposal. Board members, more than others, should appreciate the importance of establishing a meaningful vote standard. When Board members at Vulcan Materials stand for election in uncontested elections, they should be required to receive at least half the votes cast in order to be elected. Under the Company's current plurality standard, a Board nominee can be elected with little affirmative vote support, even if a substantial majority of the votes cast are "withheld" from the nominee.

Over the past six years, nearly 80% of the companies in the S&P 500 Index have adopted a majority vote standard in company by-laws, articles of Incorporation, or charter. These companies have also adopted a director resignation policy that establishes a board-centered post-election process to determine the status of any director nominee that is not elected. This dramatic move to a majority vote standard is in direct response to strong shareholder demand for a meaningful role in director elections. However, Vulcan Materials has responded only partially to the call for change, simply adopting a post-election director resignation policy that sets procedures for addressing the status of director nominees that receive more "withhold" votes than "for" votes. The plurality vote standard remains in place.

Vulcan Materials' Board of Directors has not acted to establish a majority vote standard, despite the fact that nearly all of its self-identified peer companies including CONSOL Energy, Danaher Corporation, Fluor Corporation, Fortune Brands, Freeport-McMoran, Masco, and MeadWestvaco have adopted majority voting. With a vote standard in place, the Board could then act to refashion its director resignation policy to address the status of an unelected director. A majority vote standard combined with a post-election director resignation policy would establish a meaningful right for shareholders to elect directors at Vulcan Materials, while reserving for the Board an important post-election role in determining the continued status of an unelected director. We urge the Board to join the mainstream of major U.S. companies and establish a majority vote standard.

Proposal 4

Table of Contents

COMPANY STATEMENT IN OPPOSITION

The proponent submitted the same proposal at our 2010 and 2011 Annual Meetings of Shareholders and our shareholders defeated it by a significant margin both times. These votes in previous years demonstrate clear shareholder support for our company's current process for electing directors and rejection of a "one-size-fits-all" approach to governance. In light of these results and for the reasons provided below, the Board recommends a vote against the proposal.

OUR DIRECTOR RESIGNATION POLICY ADDRESSES THE SAME CONCERNS AS MAJORITY ELECTION OF DIRECTORS The Board believes that Vulcan's existing governance structure effectively addresses the concerns raised by the shareholder proposal. In 2006, the Board adopted a policy (Director Resignation Policy) under Vulcan's Corporate Governance Guidelines to take into account the majority election of directors in non-contested elections. The Director Resignation Policy provides that any director nominee who receives more votes "withheld" than votes "for" his or her election will immediately tender his or her resignation to the Board. The Governance Committee, which is composed exclusively of independent directors, will then review and consider the resignation and recommend to the Board whether to accept it.

The Director Resignation Policy ensures that a director nominee who receives less than a majority vote will not serve on the Board without undergoing a high degree of scrutiny by both the Governance Committee and the Board. Thus, the Board believes the Director Resignation Policy effectively addresses the concerns raised by the proposal. In addition, our adoption of the Director Resignation Policy is consistent with the approach taken by many other public companies.

FLEXIBILITY IS IN THE BEST INTEREST OF SHAREHOLDERS Vulcan is incorporated under the laws of New Jersey, and our shareholders currently elect directors by plurality voting. Plurality voting is the default standard under New Jersey law and has long been the accepted standard among most public companies. Our Director Resignation Policy modifies the plurality voting standard in uncontested elections in a manner that affords our shareholders more meaningful input than they would have under a pure plurality standard. However, it also retains for the Board the ability to exercise its judgment based upon the needs of our company at any point in time. The Board believes this flexibility is in the best interest of all shareholders and is preferable to a strict majority vote standard.

TEN-YEAR AVERAGE OF SHAREHOLDER AFFIRMATIVE VOTE FOR DIRECTORS EXCEEDS 95% The proponent's characterization of plurality voting, particularly the statement that a director may be elected by a single vote even if a substantial majority of the votes cast are "withheld," is quite unrealistic and is not supported by Vulcan's historical results. During the past ten years, the average affirmative vote for directors of Vulcan has been greater than 95 percent of shares voted through the plurality voting process. As a result, the adoption of a majority voting standard would not have affected the outcome of our election process. Moreover, the Governance Committee applies stringent criteria in identifying and nominating director candidates and has established procedures to consider and evaluate director candidates recommended by shareholders. This process has been instrumental in creating a board composed of highly qualified directors from diverse backgrounds. It also has resulted in a board composed entirely of independent directors (as defined by the New York Stock Exchange) with the exception of our CEO.

BOARD OF DIRECTORS RECOMMENDATION

We believe that our Director Resignation Policy provides shareholders a meaningful and significant role in the election of directors, and for the reasons presented above, we do not believe that the shareholder proposal is in the best interests of our company or its shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS SHAREHOLDER PROPOSAL.

Proposal 4

Table of Contents

PROPOSAL 5. SHAREHOLDER PROPOSAL BOARD DECLASSIFICATION

Vulcan has been advised that the Illinois State Board of Investment ("ISBI"), 180 North LaSalle Street, Suite 2015, Chicago, Illinois 60601, a beneficial owner of 9,191 shares of Vulcan's common stock, intends to present the following proposal and supporting statement at the Annual Meeting. The proposal will be voted on only if properly presented at the Annual Meeting. In accordance with the rules of the SEC, the text of the resolution and supporting statement is printed verbatim from the proponent's submission, and we take no responsibility for them. To ensure that readers can easily distinguish between the materials provided by the proponent and the materials we have provided, we have shaded gray the material provided by the proponent.

Our Board of Directors strongly opposes the adoption of the Proposal and asks you to review our Board's response, which follows the proponent's supporting statement.

SHAREHOLDER PROPOSAL

RESOLVED, That the shareholders of Vulcan Materials Company urge the Board of Directors to take all necessary steps (other than steps that must be taken by shareholders) to eliminate the classification of the Board of Directors and to require that all directors elected at or after the annual meeting held in 2013 be elected on an annual basis. Implementation of this proposal should not prevent any director elected prior to the annual meeting held in 2013 from completing the term for which such director was elected.

SUPPORTING STATEMENT: This resolution was submitted by the Illinois State Board of Investment. The Harvard Law School Shareholder Rights Project represented and advised the Illinois State Board of Investment in connection with this resolution.

The resolution urges the board of directors to facilitate a declassification of the board. Such a change would enable shareholders to register their views on the performance of all directors at each annual meeting. Having directors stand for elections annually makes directors more accountable to shareholders, and could thereby contribute to improving performance and increasing firm value.

Over the past decade, many S&P 500 companies have declassified their board of directors. According to data from FactSet Research Systems, the number of S&P 500 companies with classified boards declined by more than 50%; and the average percentage of votes cast in favor of shareholder proposals to declassify the boards of S&P 500 companies during the period January 1, 2010 – June 30, 2011 exceeded 75%.

The significant shareholder support for proposals to declassify boards is consistent with empirical studies reporting that classified boards could be associated with lower firm valuation and/or worse corporate decision-making. Studies report that:

Classified boards are associated with lower firm valuation (Bebchuk and Cohen, 2005; confirmed by Faleye (2007) and Frakes (2007));

Takeover targets with classified boards are associated with lower gains to shareholders (Bebchuk, Coates, and Subramanian, 2002);

Firms with classified boards are more likely to be associated with value-decreasing acquisition decisions (Masulis, Wang, and Xie, 2007); and

Proposal 5

Table of Contents

Classified boards are associated with lower sensitivity of compensation to performance and lower sensitivity of CEO turnover to firm performance (Faleye, 2007).

Please vote for this proposal to make directors more accountable to shareholders.

COMPANY STATEMENT IN OPPOSITION

The Governance Committee and Board carefully considered the shareholder proposal and concluded, for the reasons noted below, that a classified board structure remains in the best interests of Vulcan and our shareholders.

CLASSIFIED BOARD PROMOTES CONTINUITY AND LEADERSHIP STABILITY The classified board structure has served Vulcan and our shareholders well since its adoption in 1984. Vulcan's classified board is designed to promote continuity and stability of leadership to ensure that, at all times, a majority of Vulcan's directors have prior experience with, and knowledge of, Vulcan's operations, management and strategy. Board continuity is especially critical to developing, refining and executing our long-term strategic goals. This is particularly important to Vulcan because our core aggregates business, by its nature, requires long-term planning and development. As the leading aggregates producer in the United States, we are continually focused on maintaining and developing long-term aggregates reserves in strategic locations poised for long-term growth. The classified board structure helps directors to make sound strategic decisions in the long-term best interests of Vulcan and its shareholders, rather than focusing excessively on the next quarter's results. Our industry is also highly cyclical which makes it even more important to have appropriate continuity and experience on our Board.

CLASSIFIED BOARD LEADS TO HIGH QUALITY DIRECTORS A classified board strengthens Vulcan's ability to recruit high quality directors who are willing to make a significant commitment to Vulcan and our shareholders for the long-term. The Board believes it is important that directors have the commitment to serve for an appropriate term given the initial and ongoing time investment required to properly understand our operations. Experienced directors who are knowledgeable about our business are better positioned to make decisions that are in the best interests of Vulcan and our shareholders.

OUR BOARD IS ACCOUNTABLE TO THE COMPANY'S SHAREHOLDERS The proponent claims that a classified board is not in the best interests of our shareholders because it reduces accountability of directors. However, our directors are no less accountable to shareholders than they would be if elected annually. Standards of performance and responsibility, including under state law fiduciary standards, New York Stock Exchange rules and the Sarbanes-Oxley Act of 2002, apply equally to all directors regardless of election frequency. It is the manner in which directors fulfill their duties and responsibilities, not the frequency of their election, which drives effective corporate governance. Moreover, all of our directors are independent, except for Don James, our CEO. In our view, factors such as these best ensure that our directors remain accountable to our shareholders, not the length of their term.

THREE-YEAR TERMS ENHANCE OUR BOARD'S INDEPENDENCE AND LONG-TERM SHAREHOLDER FOCUS The Board also believes that a three-year term enhances the independence of our non-employee directors by providing them with more time to develop their understanding of, and experience with, Vulcan's business, making them less dependent on the views and perspectives of management. A longer term in office also helps insulate our directors against pressures from special interest groups that may be more focused on short-term results instead of the long-term interests of all shareholders. Our current board structure allows our directors to act independently with a long-term perspective and not be driven by concerns over annual nominations or elections, which helps enable them to resist destructive short-term thinking. The freedom to focus on the long-term interests of Vulcan and our shareholders leads to greater independence, the cornerstone of good corporate governance.

Proposal 5

Table of Contents

CLASSIFIED BOARD PROVIDES PROTECTION AGAINST POTENTIALLY ABUSIVE, UNFAIR AND INADEQUATE TAKEOVER ATTEMPTS AND MAY LEAD TO HIGHER VALUE TO SHAREHOLDERS IN THE EVENT OF A HOSTILE TAKEOVER

In an unsolicited takeover situation, a classified board can enhance our ability to achieve the best results for all of our shareholders. For example, a classified board structure furthers the ability of our board to ultimately achieve the best possible outcome for all shareholders by providing the time and leverage necessary for our Board to evaluate and consider the fairness of any takeover proposal, consider alternative proposals, and take appropriate action without being subjected to the undue pressure and threat of an imminent removal of a majority of members of the Board. Without a classified board, a potential acquirer could gain control of our company by replacing a majority of the Board with its own slate of nominees at a single shareholders' meeting and without paying an appropriate premium to our shareholders. In our industry in particular, an opportunistic hostile acquirer can abuse a temporary drop in our stock price below its long-term fair value such as may occur during lows in construction cycles to attempt to take over the company at an inadequate price. The protections of a classified board structure are particularly important to Vulcan and its shareholders, due to the recent consolidation in our industry, including hostile actions by foreign companies and the actions of Martin Marietta. While our classified board structure can help achieve and protect shareholder value, protect long-term shareholders from abusive takeover tactics and help safeguard against sudden and disruptive takeover efforts by third parties to quickly take control of the board, it does not prevent unsolicited takeover proposals or the consummation of such transactions.

GOOD GOVERNANCE IS NOT ONE-SIZE-FITS-ALL The proponent offers statistics that many other S&P 500 companies may have determined to hold annual elections of directors but does not offer any reasons why this step would be beneficial for our company. The fact that other companies have decided to remove their classified boards is not, in the Board's judgment, a persuasive reason to do so. Each of those companies made that decision in light of its own particular financial and market circumstances, which differ from those of our company. Our Board does not believe that there is a single formula for corporate governance. A "one-size-fits-all" view does not take into consideration differences among companies, their management and the industries and markets in which they operate. The Board periodically reviews Vulcan's existing practices and retains or implements practices that it believes serve the best interests of Vulcan and its shareholders. This review has led the Board to conclude that our classified board structure should be maintained at this time.

It is important to note that approval of the shareholder proposal would not declassify the Board. Declassifying the Board would require an amendment to the company's Restated Certificate of Incorporation (the "Restated Certificate"). The Restated Certificate includes a super-majority provision to remove the classified board. Accordingly, elimination of the classified board would require the affirmative vote of the holders of at least eighty percent (80%) of our company's outstanding shares.

THE BOARD OF DIRECTORS RECOMMENDATION

After careful consideration, the Board believes that a classified board structure remains in the best interests of Vulcan and our shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS SHAREHOLDER PROPOSAL.

Proposal 5

Table of Contents

PROPOSAL 6. SHAREHOLDER PROPOSAL ELIMINATION OF SUPER-MAJORITY VOTING

Our company has been advised that Gerald Armstrong, 910 Sixteenth Street, No. 412, Denver, Colorado 80202-2917, a beneficial owner of 136 shares of Vulcan's common stock intends to present the following proposal and supporting statement at the Annual Meeting. The proposal will be voted on only if properly presented at the Annual Meeting. In accordance with the rules of the SEC, the text of the resolution and supporting statement is printed verbatim from the proponent's submission, and we take no responsibility for them. To ensure that readers can easily distinguish between the materials provided by the proponent and the materials we have provided, we have shaded gray the material provided by the proponent.

Our Board of Directors strongly opposes the adoption of the Proposal and asks you to review our Board's response, which follows the proponent's supporting statement.

SHAREHOLDER PROPOSAL

RESOLUTION: That the shareholders of Vulcan Materials Company, request its Board of Directors to take the steps necessary so that each shareholder voting requirement, or other requirement, in our articles and by-laws, that calls for a greater than a simple-majority vote, be changed to a majority of votes cast "for" or "against" the proposal in compliance with applicable laws.

STATEMENT: In the last annual meeting, the proponent of this proposal introduced a proposal to require that all Directors stand for election, or re-election, on an annual basis.

The proposal passed with 63,171,395 shares voted in its favor, that is 65.15% of the shares worth \$2,525,592,372.10 on the meeting date compared to 33,796,416 shares voted against it.

Although our Board is now obligated to present this topic as an amendment, it would require a super-majority of eighty percent (80.00%) of the vote. This could prevent the statement of the shareholders from becoming reality.

The proponent believes this is wrong and that super-majority vote requirements are only in place to prevent conscientious efforts which are in the best interests of shareholders to be enacted but are opposed by the management.

Super-majority vote requirements can be almost impossible to obtain in many annual meetings. A good example would include Goodyear Tire and Rubber Co. where a management proposal for annual elections of each director failed although 90% of the votes were cast in its favor.

Corporate governance procedures and practices create levels of accountability that end up being closely related to corporate performance. "What matters in Corporate Governance?" (written by Lucien Belchuk, Alma Cohen, and Allen Ferrel of Harvard Law School), states that super-majority voting requirements have been found to be one of the six entrenching mechanisms that are negatively related with corporate performance. Could this partly explain the downturn in earnings at Vulcan Materials Company and its reduced dividend payments?

Our Chairman, Donald James, serves as a Director of Wells-Fargo & Company and Southern Company where all directors are elected annually and no eighty percent super-majority requirements are present.

The topic of repealing super-majority voting requirement has received from 74% to 88% of the vote at Weyerhaeuser, Alcoa, Waste Management, Macy's, and Avista Corporation.

Table of Contents

Let's take a step forward to achieve better governance at Vulcan Materials!

Please vote "FOR" this proposal to let our Directors know shareholders seek better governance. Thank you.

COMPANY STATEMENT IN OPPOSITION

The Governance Committee and Board carefully considered the shareholder proposal and concluded, for the reasons noted below, that the changes to our governing documents proposed by the proponent are not in the best interests of Vulcan and our shareholders.

EXISTING SUPER-MAJORITY PROVISIONS HAVE LIMITED APPLICATION Under our governing documents and New Jersey law, subject to certain exceptions, majority, and not super-majority vote requirements generally apply to most matters submitted to our shareholders. In fact, there are no provisions in our by-laws requiring a super-majority vote of our shareholders. The super-majority vote requirements in the Restated Certificate are tailored to address specific instances where minority shareholders need a measure of protection against changes in corporate governance and other self-interested actions by one or more large shareholders.

FUNDAMENTAL CHANGES TO CORPORATE GOVERNANCE Our Restated Certificate requires the affirmative vote of at least 80% of the voting power of our outstanding capital stock entitled to vote to amend, repeal or adopt any provisions inconsistent with several important corporate governance provisions that relate to: (i) the size and classification of our Board; (ii) Board vacancies; (iii) the removal of directors from our Board; (iv) the requirement that actions taken by shareholders without a meeting must be unanimous; and (v) the 80% vote requirement itself. Our Board believes that it is important for there to be broad shareholder support, including support by minority shareholders, before making changes to matters that relate to these fundamental corporate governance provisions.

"INTERESTED SHAREHOLDER" TRANSACTIONS Our Restated Certificate also requires the affirmative vote of at least 80% of the voting power of our outstanding capital stock entitled to vote to approve certain business combination transactions with an "interested shareholder" (subject to certain exceptions). The types of transactions covered by these provisions represent fundamental changes raising particular concerns and should not be undertaken without the approval of a very large majority of shareholders. The super-majority vote requirement in these instances is intended to preserve and maximize the value of Vulcan's capital stock by protecting against short-term, self-interested actions by one or a few large shareholders that could result in a business combination that may be coercive, inadequately priced, unfair or otherwise not in the best interest of all of our shareholders.

MAXIMIZING LONG-TERM VALUE FOR ALL SHAREHOLDERS New Jersey law permits super-majority voting requirements, and a number of public companies have adopted these provisions to preserve and maximize long-term value for all shareholders. Our existing super-majority voting requirements provide stability to Vulcan by preventing fundamental changes in corporate governance or other actions based on the objectives of a select group of shareholders who might have an agenda contrary to the long-term interest of all shareholders. This stability helps Vulcan implement long-term strategies and goals with the intent of maximizing long-term value for all shareholders. Our voting requirements also ensure that all shareholders have a voice when fundamental changes are made in the corporate governance of Vulcan or in certain instances where interested shareholders are involved in the transaction.

FIDUCIARY DUTY Our Board has fiduciary duties under New Jersey law to act in a manner that it believes to be in the best interests of Vulcan and all of our shareholders. Shareholders generally do not have these fiduciary duties to other shareholders. Removing the super-majority voting requirements could increase the exposure of Vulcan and all of our shareholders to the private agenda of a small group of short-term, activist investors who have no responsibility or accountability to other shareholders. For example, if Mr. Armstrong's proposal was adopted, and a majority of votes cast standard applied, at a meeting where 50.1% of Vulcan's shares were present and all such shares were voted, shareholders holding only 25.1% of Vulcan's capital stock could potentially enact fundamental

Proposal 6

Table of Contents

changes that might not be in the best interests of the shareholders owning the other 74.9% of Vulcan where a majority of votes cast standard applies.

It is important to note that shareholder approval of Mr. Armstrong's proposal would not in itself remove the super-majority voting standards in our Restated Certificate. Eliminating the super-majority voting standards would require an amendment to our Restated Certificate. Approval of the amendment would require the affirmative vote of not less than 80% of the voting power of the outstanding capital stock of Vulcan entitled to vote.

THE BOARD OF DIRECTORS RECOMMENDATION

After careful consideration of Mr. Armstrong's proposal, our Board has determined that retention of the super-majority voting requirements provided in our Restated Certificate remains in the long-term best interests of Vulcan and our shareholders. Our Board believes that applying a simple majority vote to all shareholder actions will not enhance our corporate governance practices and does not take into account the legitimate and important shareholder protections provided by enhanced voting requirements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS SHAREHOLDER PROPOSAL.

Proposal 6

CORPORATE GOVERNANCE OF OUR COMPANY AND PRACTICES OF OUR BOARD OF DIRECTORS

We take our corporate governance responsibilities very seriously and have adopted Corporate Governance Guidelines that provide a framework for the governance of our company. These Guidelines build on practices that we have followed for many years and demonstrate our continuing commitment to corporate governance excellence.

In addition, we have a Business Conduct Policy that applies to all of our employees and directors and deals with a variety of corporate compliance issues, including conflicts of interest, compliance with laws, confidentiality of company information, fair dealing and use of company assets. All employees and directors are required to fill out a questionnaire annually regarding their personal compliance with the Business Conduct Policy and are encouraged to report any illegal or unethical behavior of which they become aware.

Our Board has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. The Code of Ethics defines "Senior Financial Officers" to include the Chief Financial Officer, Controller and Principal Accounting Officer. The Code of Ethics covers such topics as financial reporting, conflicts of interest and compliance with laws. If we make any amendment to, or waiver of, any provision of the Code of Ethics, we will disclose such information on our website as promptly as practicable, as may be required under applicable SEC and New York Stock Exchange rules. As discussed in this proxy statement, our Governance Committee regularly reviews corporate governance developments and adopts appropriate practices as warranted. You can access our amended and restated by-laws, Corporate Governance Guidelines, Business Conduct Policy and Code of Ethics at our website www.vulcanmaterials.com or you can obtain a printed copy free of charge by writing to us at: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242. Please note that the information contained on our website is not incorporated by reference in, nor considered to be a part of, this proxy statement.

DIRECTOR INDEPENDENCE

All of our directors, with the exception of our Chairman and CEO Don James, are independent under the New York Stock Exchange listing standards, the Board's Director Independence Criteria, and the applicable SEC rules and regulations. The New York Stock Exchange listing standards provide that a director does not qualify as independent unless our Board affirmatively determines that the director has no material relationship with our company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our company). The New York Stock Exchange rules require a board to consider all of the relevant facts and circumstances in determining the materiality of a director's relationship with our company and permit the Board to adopt and disclose standards to assist the Board in making determinations of independence. Accordingly, the Board has adopted the Director Independence Criteria to assist it in determining whether a director has a material relationship with our company.

The Director Independence Criteria provide that a director will be considered independent if he or she:

DIRECTOR INDEPENDENCE CRITERIA

- (a) has not been an employee of our company, or any of its consolidated subsidiaries, during the last three years;

- (b) has not received more than \$120,000 per year in direct compensation from our company, or any of its consolidated subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) during the last three years;

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Table of Contents

- (c) has not during the last three years personally performed legal or professional services for our company in an amount more than \$10,000;
- (d) is not a current partner or employee of our company's independent auditor and has not been employed by the present or former independent auditor of our company and personally worked on our company's audit during the last three years;
- (e) during the last three years, has not been part of an interlocking directorate in which an executive officer of our company, or any of its consolidated subsidiaries, served on the compensation committee of another company that concurrently employs the director;
- (f) is not, and has not been in the past three years, an executive officer or an employee of another company (exclusive of charitable organizations) that makes payments to, or receives payments from, our company, or any of its consolidated subsidiaries, for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of the consolidated gross revenues of such other company;
- (g) has no immediate family member who is an executive officer of our company, or any of its consolidated subsidiaries;
- (h) has no immediate family member meeting any of the criteria set forth in (b) (f); except with respect to item (d) in which case an immediate family member may be an employee (not a partner) of the independent auditor so long as such family member does not personally work on our company's audit; and
- (i) has no other material relationship with our company, or any of its consolidated subsidiaries, either directly or as a partner, shareholder, director or officer of an organization that has a material relationship with our company or any of its consolidated subsidiaries.

In determining director independence, "immediate family member" is defined as a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law and anyone (other than a domestic employee) who shares the director's home. Individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated, are not taken into consideration when determining a director's independence.

The Director Independence Criteria also require our Board to consider all relevant facts and circumstances, including a director's commercial, industrial, banking, consulting, legal, accounting, familial and charitable relationships and such other criteria as our Board may determine from time to time.

In February 2012, the Board conducted an evaluation of director independence, based on the Director Independence Criteria, the New York Stock Exchange listing standards and applicable SEC rules and regulations. In connection with this review, the Board evaluated commercial, industrial, banking, consulting, legal, accounting and charitable relationships with each director or immediate family member and his or her

Edgar Filing: Vulcan Materials CO - Form DEFC14A

related interests and our company and its subsidiaries, including those relationships described under "Transactions with Related Persons" below.

As a result of this evaluation, the Board affirmatively determined that all of the directors other than our Chairman and CEO, Don James, are independent directors under our Board's Director Independence Criteria, the New York Stock Exchange listing standards and the applicable SEC rules and regulations.

Corporate Governance of Our Company and Practices of Our Board of Directors

Table of Contents

DIRECTOR NOMINATION PROCESS

The Governance Committee considers director candidates recommended by our shareholders. Any shareholder wishing to recommend a candidate for election at the 2013 Annual Meeting must submit that recommendation in writing, addressed to the Governance Committee, in care of our Corporate Secretary, at 1200 Urban Center Drive, Birmingham, Alabama 35242, in accordance with the deadlines and procedures set forth in our by-laws. The notice should include the following:

The name and address of the shareholder who intends to make the nomination(s) and of the person or persons to be nominated;

A representation that the shareholder is a holder of record or a beneficial holder of stock entitled to vote at the meeting (including the number of shares the shareholder owns) and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

A description of all arrangements and understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder;

Such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed under the proxy rules of the SEC (whether or not such rules are applicable) had each nominee been nominated, or intended to be nominated, by our Board of Directors, including the candidate's name, biographical information, and qualifications; and

The written consent of each nominee to serve as a director if so elected.

The Governance Committee will identify nominees by first evaluating the current members of our Board willing to continue service. Current members of our Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for nomination, balancing the value of continuity of service by existing members of our Board with the potential benefits of obtaining new Board members. If any member of the Board does not wish to continue in service or if the Governance Committee or the Board decides not to nominate a current Board member for reelection, the Governance Committee may identify the desired skills and experience for a new nominee in light of the above criteria. Directors and members of management also may suggest candidates for Board service. Timely recommendations by our shareholders will receive equal consideration by the Governance Committee. In some cases, the committee engages, for a fee, the services of a third-party executive search firm to assist it in identifying and evaluating nominees for director.

BOARD LEADERSHIP STRUCTURE

Our Board understands the importance of evaluating and determining the optimal leadership structure so as to provide independent oversight of management. Our Board also understands that there is no single, generally accepted approach to providing Board leadership and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary from time to time. For this reason, our Board does not have a policy with respect to the separation of the offices of Chairman of the Board and Chief Executive Officer. The Board has determined that our company should have the flexibility to combine or separate these functions as circumstances deem appropriate. The Board believes that it is in the best interests of our company and its shareholders to have Don James serve as our Chairman of the Board and CEO, at this time. In addition, our Corporate Governance Guidelines provide for a non-management presiding director of the Board, a position which is filled by rotation among the independent chairs of our Board committees.

Our Board believes that there are a number of advantages to consolidating the positions of Chairman and CEO, including the following:

Mr. James, with over 19 years experience with our company, including 15 years of experience as CEO, has led the company through various economic cycles, has the knowledge, expertise and experience to understand the opportunities and challenges facing our company and is most capable of identifying

Corporate Governance of Our Company and Practices of Our Board of Directors

Table of Contents

strategic priorities and opportunities. He also has the leadership and management skills to promote and execute our values and strategy, particularly given the economic environment;

Consolidating the positions allows Mr. James to lead board discussions regarding our business and strategy, and provides decisive and effective leadership for our company eliminating the potential for confusion;

Combining the positions creates a firm link between management and the Board that promotes the development and implementation of our corporate strategy; and

Consolidating the positions allows timely communication with our Board on critical business matters.

Based on these advantages and the factors listed below, our Board has determined that this leadership structure is optimal for our company at this time.

In considering its leadership structure, our Board has taken a number of additional factors into account. The Board, which consists exclusively of independent directors other than Mr. James and all of whom are highly qualified and experienced, exercises a strong independent oversight function. This oversight function is enhanced by the fact that all of the Board's committees, other than the Executive Committee, are comprised entirely of independent directors. Most significantly, our Corporate Governance Guidelines provide for a non-management presiding director, a position which is filled by rotation among the chairs of our Board committees. Among other things, the non-management presiding director is responsible for reviewing and approving the agenda in advance of each Board meeting, facilitating communication among directors and between the Board and Mr. James and chairing an executive session of the independent directors at each Board meeting. Our Board believes that these factors provide the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis. For additional information regarding how oversight is exercised and how the Board receives information from our committees performing risk management and oversight functions, see "Risk Management" on page 42.

NON-MANAGEMENT EXECUTIVE SESSIONS AND PRESIDING DIRECTOR

Our Board of Directors has adopted a policy relating to non-management executive sessions. Under this policy, the Board of Directors meets at each regularly scheduled Board meeting in an executive session in which management directors and other members of management are not present. During 2011, the non-management directors met in executive session 6 times.

Each year at the Annual Board Meeting, our Board designates a non-management presiding director, a position which is filled by rotation among the chairs of our Board committees. The duties of the presiding director are delineated in our Corporate Governance Guidelines, which are available on our website at www.vulcanmaterials.com. The Chairman of the Safety, Health and Environmental Affairs Committee, H. Allen Franklin, served as the presiding director at the executive sessions after the Annual Meeting in 2011. The Chair of the Audit Committee is expected to serve as the presiding director following the 2012 Annual Meeting.

MEETINGS AND ATTENDANCE

Our Board held eleven meetings, either in person or by written consent, in 2011, and each director attended more than 75% of the total number of meetings of the Board and meetings of the committees of which he or she was a member.

ANNUAL MEETING POLICY

Our directors are expected to attend the Annual Meeting of Shareholders. In furtherance of this policy, our Board holds a regularly scheduled Board meeting on the same day as the Annual Meeting of Shareholders. In 2011, all of the Board members, except Mr. O'Brien, attended the Annual Meeting.

Table of Contents

COMMITTEES OF THE BOARD OF DIRECTORS

Our Board of Directors has established six standing committees as follows:

| DIRECTOR | AUDIT COMMITTEE | COMPENSATION COMMITTEE | EXECUTIVE COMMITTEE | FINANCE COMMITTEE | GOVERNANCE COMMITTEE | SAFETY, HEALTH AND ENVIRONMENTAL AFFAIRS COMMITTEE |
|--------------------------|----------------------------|-----------------------------------|--------------------------------|------------------------------|---------------------------------|---|
| Philip J. Carroll, Jr. | | | | | | |
| Phillip W. Farmer | | | | | | |
| H. Allen Franklin | | | | | | |
| Donald M. James | | | | | | |
| Ann McLaughlin | | | | | | |
| Korologos | | | | | | |
| Douglas J. McGregor | | | | | | |
| Richard T. O'Brien | | | | | | |
| James T. Prokopanko | | | | | | |
| Donald B. Rice | | | | | | |
| Vincent J. Trosino | | | | | | |
| Kathleen Wilson-Thompson | | | | | | |

The number of meetings held by each committee in 2011 was as follows:

| COMMITTEE | NUMBER OF MEETINGS |
|--|-------------------------------|
| Audit | 7 |
| Compensation | 6 |
| Executive | 0 |
| Finance | 4 |
| Governance | 3 |
| Safety, Health and Environmental Affairs | 2 |

The charters of the Audit, Compensation and Governance Committees are available on our website at vulcanmaterials.com. You can also obtain a printed copy free of charge by writing to us at: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242.

All of the Board Committees, other than the Executive Committee, are composed entirely of independent, non-management directors.

EXECUTIVE COMMITTEE

The Executive Committee has the same powers as our Board of Directors, except as limited by the New Jersey Business Corporation Act. Pursuant to its charter, the Executive Committee's primary function is to exercise the powers of the Board of Directors on urgent matters arising between regularly scheduled board meetings when a quorum of the full Board is not available. Members of the Executive Committee are

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Messrs. James (Chair), Farmer, Franklin, McGregor, Rice and Ms. Korologos.

Corporate Governance of Our Company and Practices of Our Board of Directors

AUDIT COMMITTEE

The Audit Committee advises our Board and management from time to time with respect to internal controls, financial systems and procedures, accounting policies and other significant aspects of our company's financial management. Pursuant to its charter, the Audit Committee selects our company's independent registered public accounting firm and oversees the arrangements for, and approves the scope of, the audits to be performed by the independent registered public accounting firm. The Audit Committee's primary responsibilities under its written charter include the following:

Hiring, evaluating and, when appropriate, replacing the independent registered public accounting firm, whose duty it is to audit our books and accounts and our internal control over financial reporting for the fiscal year in which it is appointed;

Determining the compensation to be paid to the independent registered public accounting firm and, in its sole discretion, approving all audit and engagement fees and terms and pre-approving all auditing and non-auditing services of such firm, other than certain *de minimis* non-audit services;

Reviewing and discussing with management, the independent registered public accounting firm and internal auditors our internal reporting, audit procedures and the adequacy and effectiveness of our disclosure controls and procedures;

Reviewing and discussing with management and the independent registered public accounting firm the audited financial statements to be included in our Annual Report on Form 10-K, the quarterly financial statements to be included in our Quarterly Reports on Form 10-Q, our disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," and the selection, application and disclosure of accounting policies used in our financial statements;

Reviewing and discussing with management quarterly earnings press releases and financial information and earnings guidance provided to analysts and rating agencies; and

Reviewing and reassessing the adequacy of the Audit Committee Charter adopted by our Board of Directors, and recommending proposed changes to our Board of Directors.

In addition, the Audit Committee is responsible for reviewing and discussing with management our company's policies with respect to risk assessment and risk management. Further information about the role of the Audit Committee in risk assessment and risk management are included in the section entitled "Risk Management."

The Audit Committee has established policies and procedures for the pre-approval of all services by the independent registered public accounting firm. See "Pre-Approval of Services Performed by Independent Registered Accounting Firm" on page 46 for more information.

The Audit Committee has also established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by our company regarding its accounting, internal controls and auditing matters. See "Policy on Reporting of Concerns regarding Accounting Matters" on page 44 for more information.

The members of the Audit Committee are Messrs. Farmer (Chair), McGregor, O'Brien and Trosino. All members of our Audit Committee are non-management directors. Our Board of Directors has determined that each is "independent" and "financially literate" within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations, and the Director Independence Criteria adopted by our Board of Directors and posted on our website at www.vulcanmaterials.com under "Investor Relations." In addition, our Board has determined that Mr. O'Brien is an "audit committee financial expert" as defined by rules adopted by the SEC. More details about the role of the Audit Committee may be found in the Report of the Audit Committee on page 45 of this proxy statement.

Table of Contents

COMPENSATION COMMITTEE

The Compensation Committee determines and oversees the execution of our company's executive compensation philosophy, and oversees the administration of our company's executive compensation plans.

The Compensation Committee is responsible for, among other things:

determining and setting the amount of compensation paid to each of our executive officers, including the CEO, senior corporate officers and heads of our regional business units;

reviewing compensation plans relating to our officers;

interpreting and administering the Executive Incentive Plan and the 2006 Omnibus Long-Term Incentive Plan; and

making recommendations to the Board with respect to compensation paid by our company to any director.

The Compensation Committee also reviews and discusses with management the Compensation Discussion and Analysis required by SEC rules to be included in our proxy statement.

The Compensation Committee has engaged Compensation Strategies, Inc. as its independent compensation consultant. For a description of the process undertaken by the Compensation Committee to set compensation and the role of Compensation Strategies in that process, please refer to the section entitled "Compensation Discussion and Analysis" in this proxy statement.

The members of the Compensation Committee are Dr. Rice (Chair), and Messrs. Carroll, Franklin and Prokopanko. The Compensation Committee is composed solely of non-management directors who are "independent" within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria.

GOVERNANCE COMMITTEE

The Governance Committee is responsible for reviewing and assessing our policies and practices relating to corporate governance, including our Corporate Governance Guidelines. The Governance Committee also plans for the succession of the CEO and other senior executives. In addition, the Governance Committee serves as the nominating committee and is responsible for identifying and assessing director candidates, including making recommendations to our Board regarding such candidates. In fulfilling its responsibilities, the Governance Committee, among other things:

identifies individuals qualified to become Board members consistent with criteria established in its charter;

recommends to our Board director nominees for the next annual meeting of shareholders; and

evaluates individuals suggested by shareholders as director nominees.

The directors are responsible for overseeing our company's business consistent with their fiduciary duty to our shareholders. The Board and the Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and our company's current and future needs.

In recommending director candidates to the Board, the Governance Committee considers all of the factors listed under "Director Qualifications" set forth in this proxy statement.

Edgar Filing: Vulcan Materials CO - Form DEFC14A

The Governance Committee believes it appropriate for at least one member of the Board to meet the criteria for an "audit committee financial expert" as defined by the SEC rules, and that a substantial majority of the members of the Board meet the definition of "independent" as defined by the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria.

Corporate Governance of Our Company and Practices of Our Board of Directors

Table of Contents

The Governance Committee also reviews our Board's committee structure and recommends to our Board, for its approval, directors to serve as members of each committee. The Governance Committee also is responsible for overseeing the evaluations of the Board and its committees.

Members of the Governance Committee are Ms. Korologos (Chair), and Messrs. Carroll, Farmer, Prokopanko and Rice. The Governance Committee is composed solely of non-management directors who are "independent" within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria.

SAFETY, HEALTH AND ENVIRONMENTAL AFFAIRS COMMITTEE

The Safety, Health and Environmental Affairs Committee has the responsibility for reviewing our policies, practices and programs with respect to the management of safety, health and environmental affairs. It also monitors our compliance with safety, health and environmental laws and regulations. Every member of this Committee is a non-management director who is "independent" within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria. Members of the Safety, Health and Environmental Affairs Committee are Mr. Franklin (Chair), Ms. Korologos, Mr. O'Brien and Ms. Wilson-Thompson.

FINANCE COMMITTEE

The Finance Committee has responsibility for overseeing our financial policies. It recommends to our Board financial policies and actions to accommodate our goals and operating strategies while maintaining a sound financial condition. Its functions include keeping informed about our financial condition, recommending a dividend policy, reviewing and recommending changes in the quarterly dividend payments, and evaluating and making recommendations concerning the appropriate mix of debt and equity, incurrence of long-term debt, and changes in the authorized limit of short-term debt. The Finance Committee also is responsible for overseeing the funding and management of assets for pension plans sponsored by our company. To fulfill these functions, it establishes funding policies and methods consistent with pension plan objectives and the Employee Retirement Income Security Act of 1974, as amended, selects and removes investment managers, and appoints trustees for the pension plans. Every member of this Committee is a non-management director who is "independent" within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria. Members of the Finance Committee are Mr. McGregor (Chair), Mr. Trosino and Ms. Wilson-Thompson.

RISK MANAGEMENT

Although the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial risk, including internal controls, and discusses with management, the internal auditors, and our independent registered public accounting firm our company's policies with respect to risk assessment and risk management. Our Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to our company's compliance and ethics programs. In addition, our Safety, Health and Environmental Affairs Committee assists the Board in fulfilling its responsibilities with respect to monitoring operational risks and compliance with safety, health and environmental laws and regulations and works closely with our company's legal and regulatory groups. The Compensation Committee also assists the Board in fulfilling its oversight responsibilities to create long-term value for our company, while discouraging behavior that leads to excessive risk taking. Finally, the Finance Committee assists the Board in managing risk relating to investment of the pension funds assets and debt/leverage risks. The Board is kept informed of its Committees' risk oversight and other activities through reports of the Committees' chairs to the Board. These reports are presented at Board meetings and include discussions of Committee agenda topics. The Board also considers specific risk topics, including risks associated with our strategic plan, our capital structure and our development activities.

Corporate Governance of Our Company and Practices of Our Board of Directors

Table of Contents

Our company's management is responsible for day-to-day risk management. Our legal; safety, health and environmental (SHE); risk management; and internal audit areas serve as the primary monitoring and testing function of policies and procedures and manage the oversight of risk management for the company as a whole.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing our company and that our Board structure supports this approach.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None.

TRANSACTIONS WITH RELATED PERSONS

On a yearly basis, the Board members and executive officers complete questionnaires that require disclosure of any entity with which they or their family members have a relationship. Management then determines, based on that disclosure, whether any transaction or series of transactions have occurred in which our company or its subsidiaries are a participant and in which a related person has a direct or indirect material interest which involves an amount in excess of \$120,000. If there are any, management determines whether a transaction requires review by the Board. The Board decides whether or not to approve such transactions and approves only those transactions that are found to be in the best interests of the company. Based on the foregoing procedure, the company is aware that the son of Mr. Philip Carroll, Jr., a member of our Board of Directors, is a partner in a large law firm that has provided legal services to our company for over 50 years. In determining that this is not a material relationship involving Mr. Carroll, our Board determined that payments made by our company to the firm represented less than 1% of the firm's total revenues in 2011, and the revenues from our company received by Mr. Carroll's son as a result of his status as partner were not material.

Additionally, the Board made the assessment that Mr. Carroll was independent and that this was not a material relationship for the following reasons:

Long-standing relationship between the firm and our company going back over 50 years

Mr. Carroll's son joined the firm in 1988 and was made partner before his father joined the Board in 1999

Mr. Carroll's son does not work directly on any Vulcan matters. His only remuneration from Vulcan is indirectly from his earnings as a partner of the firm

Vulcan's payments to the firm are less than 1% of the firm's total revenues

Vulcan's payments to the firm are less than 5% of what we pay in total for our legal fees

Mr. Carroll meets all of the director independence standards set both by the SEC and the NYSE

Mr. Carroll is a highly respected Board member, and he brings invaluable corporate experience as the past President of Shell Oil Company and CEO of Fluor Corp.

There is no actual conflict regarding Mr. Carroll's service on the Board and the selection of firms for legal work because the Board is not involved in the selection process, and we would continue to use the firm's services absent the relationship

As previously disclosed, Mr. Carroll will retire immediately prior to the 2012 Annual Meeting.

Table of Contents

SHAREHOLDER COMMUNICATION WITH OUR BOARD OF DIRECTORS

Our Board has established a process for shareholders and other interested parties to communicate directly with the presiding director or with the non-management directors individually or as a group. Any shareholder or other interested party who desires to contact one or more of our non-management directors, including our Board's presiding director, may send correspondence to the following address:

Board of Directors (or presiding director or name of individual director)
c/o Corporate Secretary
Vulcan Materials Company
1200 Urban Center Drive
Birmingham, Alabama 35242

All such communications will be forwarded to the appropriate director or directors specified in such communications as soon as practicable in accordance with the Policy on Shareholder Communications with the Board, adopted by the independent directors in February 2004.

POLICY ON REPORTING OF CONCERNS REGARDING ACCOUNTING MATTERS

Our Business Conduct Policy (available on our website at www.vulcanmaterials.com under the heading "Investor Relations" under the subheading "Corporate Governance") sets forth our policies regarding reporting of accounting-related concerns or complaints (as well as reporting of other concerns or complaints) to our Compliance Officer or the Audit Committee.

Any shareholder or interested party who has any concerns or complaints relating to accounting, internal accounting controls or auditing matters, may contact the Audit Committee by writing to the following address:

Vulcan Audit Committee
c/o Corporate Secretary
Vulcan Materials Company
1200 Urban Center Drive
Birmingham, Alabama 35242

Corporate Governance of Our Company and Practices of Our Board of Directors

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for, among other things, reviewing our company's financial statements with management and our company's independent registered public accounting firm. The Audit Committee acts under a written charter which is available on our website at www.vulcanmaterials.com. Each member of the Audit Committee is an independent director as determined by our Board, based on the requirements of the New York Stock Exchange, the SEC and our Board's Director Independence Criteria.

Our company's management has the primary responsibility for our company's financial statements and financial reporting process, including the system of internal controls. Deloitte & Touche LLP, our independent registered public accounting firm, is responsible for expressing an opinion on the conformity of our company's audited financial statements with generally accepted accounting principles. Our independent registered public accounting firm also audits, in accordance with the standards of the Public Company Accounting Oversight Board (the "PCAOB"), the effectiveness of our company's internal control over financial reporting. The Audit Committee is responsible for monitoring and overseeing these processes.

In this context, the Audit Committee has reviewed and discussed our company's audited financial statements with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with the independent accountant its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of any non-audit services is compatible with the firm's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from our company and management.

Based on the reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our company's Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the SEC.

AUDIT COMMITTEE

Phillip W. Farmer, Chair
Douglas J. McGregor
Richard T. O'Brien
Vincent J. Trosino

Dated: February 24, 2012

The Report of the Audit Committee does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the company specifically incorporates the Report of the Audit Committee by reference therein.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Aggregate fees billed to us for the fiscal years ended December 31, 2011 and 2010, by Deloitte & Touche LLP, and its affiliates, all of which are subsidiaries of Deloitte, LLP, the United States member firm of Deloitte Touche Tohmatsu Limited, were as follows:

| | 2011 | | 2010 |
|-----------------------------------|-------------|----|-------------|
| Audit Fees ⁽¹⁾ | \$3,565,530 | \$ | 2,762,204 |
| Audit Related Fees ⁽²⁾ | 253,757 | | 287,818 |
| Tax Fees ⁽³⁾ | 65,713 | | 108,500 |
| All Other Fees | 0 | | 0 |
| Total | \$3,885,000 | \$ | 3,158,522 |

(1)

Consists of fees for the audit of our financial statements, including the audit of the effectiveness of our internal control over financial reporting, reviews of our quarterly financial statements, services associated with other Securities and Exchange Commission filings, and services associated with debt and common stock offerings.

(2)

Consists of fees for the audits of our employee benefit plans.

(3)

Consists of fees for services related to state tax audits, credits and refund claims.

PRE-APPROVAL OF SERVICES PERFORMED BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has policies and procedures that require the pre-approval by the Audit Committee of all fees paid to, and all services performed by, our company's independent registered public accounting firm. At the beginning of each year, the Audit Committee approves the proposed services, including the nature, type and scope of services contemplated and the related fees, to be rendered by the independent registered public accounting firm during the year.

During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The Chair of the Audit Committee must report on such approvals at the next scheduled Audit Committee meeting. The Audit Committee pre-approved all audit, audit-related, tax and other services performed by Deloitte & Touche LLP during the fiscal year ended December 31, 2011.

Edgar Filing: Vulcan Materials CO - Form DEFC14A

No audit-related, tax or other services were rendered in 2011 pursuant to the de minimis exception to the pre-approval requirement set forth in the Securities Exchange Act Rule 2-01(c)(7)(i)(C).

(1)

Edgar Filing: Vulcan Materials CO - Form DEFC14A

All of our company's equity compensation plans have been approved by the shareholders of our company or, in the case of the 2000 Florida Rock Industries Amended and Restated Stock Plan, by the shareholders of Florida Rock Industries, Inc. prior to our acquisition of that company. Column (a) sets forth the number of shares of common stock issuable upon the exercise of options, warrants or rights outstanding under the 1996 Long-Term Incentive Plan, the Deferred Stock Plan for Non-employee Directors, the Restricted Stock Plan for Non-employee Directors, the 2000 Florida Rock Industries Amended and Restated Stock Plan, and the 2006 Omnibus Long-Term Incentive Plan (Omnibus Plan). The weighted-average exercise price of outstanding stock options is shown in Column (b). The remaining number of shares that may be issued under the equity compensation plans are shown in Column (c).

(2)

Future grants will not be made under these plans. The plans will be used only for the administration and payment of grants that were outstanding when the Omnibus Plan was approved.

(3)

This plan was approved by the shareholders of Florida Rock Industries, Inc. Shares available have been adjusted for the merger transaction. Units were only available for granting of awards until September 30, 2010. Future grants will not be made under this plan. The plan will be used only for the administration and payment of grants that are outstanding.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis as set forth below with management and, based on such review and discussions, recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

THE COMPENSATION COMMITTEE

Donald B. Rice, Chair
Philip J. Carroll, Jr.
H. Allen Franklin
James T. Prokopanko

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

In our Corporate Mission Statement, we state that our success is dependent upon the talent, dedication and performance of all employees. Therefore, our compensation program for our NEOs is intended to motivate them to achieve our strategic goals and operational plans and to provide competitive levels of rewards for doing so. To encourage and reward superior performance, we have linked a substantial portion of our NEOs' 2011 compensation to our performance as measured by a standard referred to as Economic Profit (EP), and to the performance of our company's common stock relative to the performance of other companies. Over 75% of the target 2011 compensation of our CEO and over 60% of the 2011 target compensation of our other NEOs' is linked to our company's performance. EP measures the extent to which operating earnings exceed an operating capital charge. Operating earnings are based on net earnings, but exclude interest income and expense, gains and losses on investments, deferred income taxes, and results of certain discontinued operations.

The total direct compensation for each NEO is reviewed annually and is based on

individual performance

recent and long-term company performance

competitive or market levels of performance

Vulcan's compensation program is centered on a pay-for-performance philosophy which aligns executive compensation with shareholder value. In 2011, the Company's performance was affected by the challenging economic environment and continued recession in the construction industry. As detailed below, and earlier in this proxy statement (on page 51), our Compensation Committee has taken several actions to adjust executive compensation to reflect the Company's performance during the economic downturn, ensuring that executive compensation levels are fully aligned with shareholders' interests.

Table of Contents

2011 COMPENSATION HIGHLIGHTS

At our Annual Meeting of shareholders held in May 2011, an overwhelming majority (94.3%) of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. The Compensation Committee believes this vote affirmed our shareholders' support of the company's approach to executive compensation and, thus, did not significantly change its approach in 2011, although it did adjust the mix of 2011 long-term awards to provide even more emphasis on performance-based pay. The Compensation Committee will continue to consider the outcome of the company's say-on-pay votes when making future compensation decisions for our NEOs.

The following illustrates how we aligned our compensation practices with our goals and results in recent years:

Froze the base salary of the CEO, for fiscal years 2009, 2010, 2011 and 2012;

Paid no cash bonuses to the CEO and other NEOs for fiscal years 2009, 2010 and 2011;

Adjusted the mix of 2011 long-term awards to provide more emphasis on performance-based pay by granting approximately 78% of the target value of long-term grants in the form of performance share units (PSUs) and 22% of the value in the form of stock only stock appreciation rights (SOSARs). Previous grants were of approximately equal value between PSUs and SOSARs;

In 2012, granted all long-term equity opportunities for the CEO and other NEOs in the form of performance-based PSUs. Payouts will be based on the company's total shareholder return (TSR) performance relative to the S&P 500; and

Granted long-term equity opportunities at approximately the median market levels in 2010, and somewhat above the median market levels in 2011 and 2012 in recognition that no cash bonuses were paid in 2009, 2010, and 2011, and in a continuing effort to provide competitive incentive opportunities while assuring alignment with shareholder interests over the long-term.

Compensation Discussion and Analysis

Table of Contents

2011 COMPENSATION COMMITTEE ACTIONS

| COMPENSATION ELEMENT | ACTION | OUR NORMAL PRACTICE | REASON FOR ACTION |
|--|--|---|---|
| Base salary | Our CEO was not given a salary increase. One NEO received a salary increase of 2.8%. Two NEOs received promotional increases of 4.9% and 29.8%, respectively. The remaining NEO was hired in 2011. | Normally we grant our NEOs a market competitive level of salary increase, based upon company performance, individual performance and the prevailing economic environment. | Based on market information reported for executive merit increases, guidance from the Compensation Committee's executive compensation consultant and the individual performance of the NEO, increases are granted to provide appropriate and competitive base salary. In 2011, our CEO performed admirably despite the difficult economic environment. However, the Committee concluded that it would not be appropriate to increase his base salary at this time. |
| Annual performance-based bonus | No cash bonuses were paid to NEOs based on 2011 company performance. | Normally reflects competitive practice, company performance and individual performance. | Although our cash bonus determination process would have yielded a payment, the Committee elected not to pay cash bonuses to the NEOs in the difficult economic environment in 2011. |
| Long-term equity-based incentive awards | Each NEO was granted a long-term incentive (LTI) award valued somewhat above median compensation levels. | Normally we grant LTI awards at competitive levels unless the company's total shareholder return (TSR) performance over the prior 5 years is significantly above the S&P 500 median, in which case premium awards may also be granted. No such premium awards were granted in 2011. | Based on competitive practice, to partially compensate for the absence of cash bonuses in 2009, 2010, and 2011 and to reward consistent outstanding performance and to reinforce the alignment of NEOs' interest with shareholders' interests. In order to achieve the above, the majority of 2011 awards were performance-based. |

COMPENSATION PHILOSOPHY

The dedication and performance of our employees, including our NEOs, enable us to accomplish our corporate goals. Our compensation program for our NEOs is intended to motivate them to achieve our strategic goals and operational plans while adhering to our high ethical business standards. We attempt to motivate the NEOs by

keeping our salaries and benefits competitive with industrial companies of similar size, enabling us to hire and retain individuals of the highest caliber and to discourage them from seeking other employment opportunities;

Edgar Filing: Vulcan Materials CO - Form DEFC14A

linking a meaningful portion of compensation to our company's measurable performance and by increased use of PSUs over SOSARs, thereby encouraging the creation of shareholder value over the short and long term;

motivating, recognizing, and rewarding individual excellence; and

paying a meaningful portion of total compensation in our stock and encouraging significant stock accumulation to align the interests of our management and shareholders.

Table of Contents

COMPENSATION COMMITTEE: ROLES AND RESPONSIBILITIES

The Compensation Committee, which is composed entirely of independent directors, administers our executive compensation program in accordance with the Compensation Committee's charter. The current charter is available on our website at www.vulcanmaterials.com. The role of the Compensation Committee is to

annually review and approve corporate goals and objectives relevant to the compensation of our CEO and then

evaluate the CEO's performance relative to these goals and objectives,

set the CEO's compensation levels based on this evaluation,

report to the full Board of Directors;

determine and set base salary and awards made to NEOs under our incentive compensation plans and equity-based plans;

administer our Executive Incentive Plan (EIP) and 2006 Omnibus Long-Term Incentive Plan (Omnibus Plan);

report to the Board its approval or disapproval of recommendations of the CEO for material changes in existing retirement and benefit plans applicable to the NEOs; and

make regular reports to the Board, including an annual report, explaining its determination of compensation levels for the CEO and the other NEOs.

Our NEOs for 2011 were:

| | |
|----------------|---|
| Don James | Chairman and Chief Executive Officer |
| Dan Sansone | Executive Vice President and Chief Financial Officer |
| Danny Shepherd | Executive Vice President, Construction Materials |
| John McPherson | Senior Vice President, Strategy and Business Development ⁽¹⁾ |
| Bob Wason | Senior Vice President and General Counsel |

(1)

Mr. McPherson was hired effective November 9, 2011.

When making executive compensation decisions, the Compensation Committee reviews compensation tally sheets that show the CEO's and the other NEOs' total compensation. Each of these tally sheets presents the dollar amount of compensation for the NEOs broken out into 1) base salary, 2) annual performance-based bonus, and 3) long-term equity-based incentive awards.

COMPENSATION CONSULTANT

Edgar Filing: Vulcan Materials CO - Form DEFC14A

As stated in its charter, the Compensation Committee is authorized to retain external advisors and consultants at our company's expense. In 2011, the Compensation Committee engaged Compensation Strategies, Inc. (CSI) as its independent compensation consultant. CSI acts at the direction of, and reports to, the Compensation Committee, although it meets with management from time to time to discuss compensation initiatives and issues. Outside of its direct engagement by the Compensation Committee as the independent consultant to the Compensation Committee with respect to executive compensation matters, CSI does not provide other services to our company.

In our compensation engagement, CSI

conducts periodic comprehensive studies of executive compensation and makes recommendations regarding the components of executive compensation, including target levels for 1) base salary, 2) annual bonus, 3) long-term equity-based incentive awards, and 4) change-in-control protections;

advises the Compensation Committee regarding competitive practices, the design of new programs and new laws, rules, and regulations relating to executive compensation; and

prepares an annual study of compensation and makes recommendations to the Compensation Committee.

Compensation Discussion and Analysis

53

Table of Contents

In 2011, CSI

provided the Compensation Committee with observations on the relative competitiveness of our compensation programs with comparable companies (based upon its review of the various components of market data set forth above);

provided its recommendations with respect to Board compensation, as well as its advice on regulatory compliance and development of new programs; and

conducted an executive market study to ensure that our compensation programs are reasonable and competitive.

Representatives of CSI attended five meetings of the Compensation Committee in 2011 and participated in an executive session of the Compensation Committee at which time the compensation of our CEO, Don James, was determined. Mr. James did not attend this executive session.

BENCHMARKING TOTAL COMPENSATION

For compensation decisions made in February 2011, we conducted a new benchmarking study and analysis of total compensation in December 2010. In addition, to ensure that our compensation program is competitive, total direct compensation paid to our CEO and other NEOs was benchmarked against a composite group of companies in December 2010. By use of statistical regression analysis, compensation data from that group is adjusted to reflect the size of our company. The benchmarking data is used to determine market-based (median) levels for the three principal elements of compensation: 1) base salary, 2) annual performance-based bonus and 3) long-term equity-based incentive awards. With the assistance of CSI, the Compensation Committee also annually reviews the composition of the comparison group to ensure that included companies continue to be relevant for comparative purposes. The total direct compensation for each NEO is reviewed annually and is based on:

recent and long-term company performance;

individual performance; and

competitive or market levels of performance.

The comparison group was composed of 23 companies from the following industries: Construction Materials; Building Products; Construction Equipment; Engineering & Construction; Forest Products; Coal Mining; Metals Mining; and Metal Producers/Manufacturers, as set forth in the following table. In selecting these companies, we assured that the company's assets and market capitalization were in the mid-range of the group.

COMPARISON GROUP

Arch Coal Inc.

Martin Marietta Materials, Inc.

Shaw Group Inc.

| Jacobs Engineering Group Inc. | PPG Industries, Inc. | Weyerhaeuser Company |
| Louisiana-Pacific Corporation | Peabody Energy Corporation | |

Compensation Discussion and Analysis

Table of Contents

In addition, CSI conducted an executive market study (using survey data from Aon Hewitt and Towers Watson) that compared the compensation payable to our NEOs to the compensation payable to similarly situated officers among U.S. manufacturing companies with revenues between \$1 billion to \$4.9 billion.

Taking into account the comparison group analyses and the Aon Hewitt and Towers Watson survey data, the Compensation Committee determined the 25th, median, and 75th percentiles of compensation relative to its peers with respect to base salary, target and actual incentive compensation and long-term incentive compensation, and target and actual compensation. We seek to provide target compensation at the median level indicated by this analysis, because it allows us to attract and retain employees and helps us to manage the overall cost of our compensation program.

Each element of our compensation program is set forth below, with an explanation of the factors the Compensation Committee considered in making the awards. We have not targeted a specified percentage of total compensation for cash compensation or short-term or long-term equity-based incentive awards. Rather, based on the results of the competitive benchmarking, we have established incentive target levels for each of the NEOs.

Base salary, short-term incentive opportunity and long-term incentive opportunity are targeted at the median competitive levels. For short-term incentives, these levels are expressed as a percentage of base salary and for long-term incentives as a percentage of the estimated base salary market rate for the position. The target award percentages vary by position and level of responsibility. In our view, as the level of responsibility for an executive increases, so should the risk of increased or decreased total compensation. We achieve this balance through higher target levels of short-term performance-based bonuses and long-term equity awards, which vary with the performance of our company.

THE ROLE OF THE CEO IN THE COMPENSATION DETERMINATION PROCESS

The CEO is responsible for conducting an annual performance evaluation of each of the other NEOs. The evaluations take into account such items, among others, as the

performance of the business unit or function for which the executive officer is responsible

safety, health and environmental performance

effective management of our company's natural resources

adherence to our company's mission and values

In addition, the CEO can request input from CSI regarding competitive practices. Based on the foregoing and the results of the competitive benchmarking report, the CEO makes a recommendation to the Compensation Committee for the compensation of each of the other NEOs, broken out into

base salary;

annual performance-based bonus; and

long-term equity-based incentive awards.

The Compensation Committee meets during the year to discuss and consider the recommendations of the CEO as well as the compensation information described above and then sets the compensation of the NEOs. The CEO participates in these meetings. While the Compensation Committee gives appropriate consideration to the information presented by the CEO, the Compensation Committee will adjust the recommendations and set the compensation for the other NEOs based on its review of the relevant compensation information and considerations.

Edgar Filing: Vulcan Materials CO - Form DEFC14A

In executive session (excluding the CEO), the Compensation Committee separately reviews the performance of the CEO and determines his compensation, including his base salary, annual performance-based bonus, and long-term equity-based incentive awards. In setting such compensation, the Compensation Committee takes into account the recommendations made by CSI. After the Compensation Committee has determined the total compensation for the

Compensation Discussion and Analysis

55

Table of Contents

CEO, the Chair of the Compensation Committee presents the CEO's overall compensation package to the entire Board of Directors for ratification.

THE ROLE OF INDIVIDUAL PERFORMANCE IN THE COMPENSATION DETERMINATION PROCESS

In addition to the consideration of company performance and competitive market based pay, the individual performance of each NEO is considered in determining his base salary and the annual bonus. The Committee reviews a performance report for each NEO that is prepared by management. The performance of each NEO, including the CEO is based primarily on how well the NEO achieves a set of pre-established goals during the year. Following are the notable accomplishments of each NEO in 2011.

2011 NEO INDIVIDUAL ACCOMPLISHMENTS

Don James

With support from the Board, further developed and articulated the company strategy related to our focus on certain products and markets and took actions to sell and swap assets in support of that strategy.

Finalized the restructuring of the company from eight operating divisions to four regions achieving overhead costs reductions of over \$55 million and further reducing costs and creating efficiencies.

Completed rollout of the company-wide finance systems platform which has been under development and implementation since 2007. This, along with the restructuring, positioned the company to implement the profit enhancement program currently underway.

Enhanced senior management succession planning by assigning high potential operating executives' broader responsibility and by recruiting a high potential executive from outside the company.

Restructured the company's debt to provide long-term liquidity and financial flexibility at competitive costs.

Dan Sansone

Successfully planned and executed a bond transaction valued at \$1.1 billion, resulting in the restructuring of the Company's debt portfolio.

Successfully planned and led the execution of a \$600 million asset-based lending facility.

Successfully planned and executed the tender offer for \$275 million of outstanding company notes.

Restructured the Corporate and Regional financial staffs and participated in the leadership of the company restructuring completed in December.

Completed the planned implementation of our company-wide finance systems platform.

Danny Shepherd

Led planning of company restructuring completed in December.

Provided developmental guidance and opportunities to high potential executives in support of succession planning needs.

Led business units to achieve record performance in safety and health programs.

Led development and implementation of sale and exchange of non-strategic assets.

John McPherson

Mr. McPherson joined the Company in November 2011.

Compensation Discussion and Analysis

Table of Contents

Bob Wason

Coordinated legal support for the execution of the \$1.1 billion bond transaction; the tender offer for \$275 million of outstanding notes; the new \$600 million asset-based lending facility; and the sale and exchange of non-strategic assets.

Recovered \$63.2 million from insurance carriers for costs of settlement and defense of lawsuits in Illinois and California.

Completed implementation of record retention and electronic document projects to reduce handling and storage and future discovery costs.

Reorganized legal staff to enhance succession planning and provide more efficient and effective services.

ELEMENTS OF COMPENSATION

Our elements of compensation, all of which are discussed in greater detail below, include:

Base salary

Short-term performance-based bonus

Long-term equity-based incentives

Benefits and perquisites

Change-in-control protections

Retirement and pension benefits.

BASE SALARY

The base salary element of our compensation program is designed to be competitive for compensation paid to similarly-situated, competent, and skilled executives. The Compensation Committee uses the information and procedures described above to set base salaries based on each individual's performance, contribution to business results, and market compensation. The Compensation Committee determines if base salary increases are appropriate for our NEOs after considering

The NEO's *pattern of achievement* for performance relative to the pre-established goals and objectives in his area(s) of responsibility

The overall *managerial effectiveness* for planning, personnel development, communications, regulatory compliance and similar matters;

Edgar Filing: Vulcan Materials CO - Form DEFC14A

Competitive *pay levels for similarly situated executives* set forth in the compensation surveys and our comparison group, set forth in the table on page 54.

Marketplace *trends in salary increases*;

The NEO's *potential for future contributions to the organization*, retention risks, fairness in view of our overall salary increases, and the ability of our company to pay the increased salaries; and

The *economic environment* and its impact on the company.

We annually review the base salaries of the NEOs and at the time of a promotion or change in responsibilities. To ensure the salaries paid to our NEOs are competitive relative to the marketplace, the Compensation Committee reviews the compensation analysis and data from Aon Hewitt and Towers Watson and our comparison group. This analysis serves as a starting point for evaluating appropriate levels of base salary. As noted above, we generally target the 50th percentile of the market as determined by our competitive market analysis, which we believe is the

Compensation Discussion and Analysis

57

Table of Contents

appropriate level for ensuring the competitiveness of our compensation. This benchmark is determined by the procedures described above and serves as a starting point for evaluating appropriate levels of base salary.

However, the Compensation Committee has determined that Mr. James' experience, performance and tenure in his position warrant a base salary that is somewhat higher than the 50th percentile for chief executive officers in our competitive market analysis. Increases in salaries are discretionary, based on the nature and responsibilities of the position, individual performance, changes in the market compensation levels and the other factors set forth above. Mr. James' base salary has not increased since February 2008 in light of the difficult economic environment. During 2011, one NEO, Bob Wason, received a merit increase and two NEOs (Messrs Sansone and Shepherd) received increases in base salary, resulting from promotions and related expansion of responsibilities. Both Mr. Sansone and Mr. Shepherd were promoted to executive vice president positions in February, 2011.

The base salaries paid to our NEOs for 2011, 2010 and 2009 are set forth in the Summary Compensation Table on page 67 in the "Salary" column.

To further our goal of aligning the executives' interests with those of our shareholders, we generally reward superior performance through our bonus program and long-term equity-based incentives rather than through base salary.

SHORT-TERM CASH BONUS

Our short-term cash bonus incentive program is designed to motivate our executives, including the NEOs, and reward them with cash payments for achieving quantifiable near-term business results. The goal of this program is to link performance to payment and to reward behaviors that create value for our shareholders. We do this by comparing financial results to pre-established objective performance targets. Payment of the bonus is based on the overall performance of our company, the performance of specific divisions or business units or a combination of these, as applicable, and the performance of the NEO.

We set the target bonus opportunity for our NEO's at competitive market levels consistent with similarly situated executives in our comparison group and in the compensation surveys. The target bonus opportunity is expressed as a percentage of base salary. Corporate performance at target levels is intended to yield a bonus for each NEO at a level approximately equal to the median level indicated in the compensation study with respect to similarly situated executive officers.

MEETING THE MINIMUM PERFORMANCE THRESHOLD UNDER THE EXECUTIVE INCENTIVE PLAN (EIP)

We pay short-term incentives to our NEOs under the shareholder-approved Executive Incentive Plan (EIP) which is intended to yield cash bonus payments that constitute qualified performance-based compensation under Section 162(m) of the Internal Revenue Code. In order for the NEOs to be eligible to receive a bonus, the company must attain a minimum performance threshold for the year, as established by the Compensation Committee. For 2011, the minimum threshold was either: (1) cash earnings in the amount of \$200 million or (2) EBITDA in the amount of \$350 million.

If the Compensation Committee determines that the minimum performance thresholds are met, our NEOs may receive a bonus earned under the EIP, subject to the Compensation Committee's discretion to adjust the bonus downward. In determining the downward adjustment (if any) the Compensation Committee may use a pre-established objective formula and other financial or non-financial factors such as individual performance.

DETERMINING BONUS PAYABLE

The Compensation Committee determines the level of performance required to earn a cash bonus at threshold, target and maximum levels, and applies straight-line interpolation for determining potential payouts for performance that falls between such levels. In 2011, the Compensation Committee based performance goals on EP growth in 2011 relative to EP in 2010. In 1996, we adopted EP as the quantifiable financial performance measure by which company performance is measured for short-term incentives. EP measures the extent to which operating earnings exceed an operating capital charge. Operating earnings are based on net earnings, but exclude interest income and

Table of Contents

expense, gains and losses on investments, deferred income taxes, and results of certain discontinued operations. The operating capital charge is based on our company's average assets and liabilities associated with operating earnings, as defined above, multiplied by the estimated cost of capital. We believe that changes in EP correlate with changes in shareholder value better than other commonly used financial performance measures.

In 2011, the Compensation Committee reviewed the performance of the CEO and each of the other NEOs and concluded each had performed well in a difficult economic environment. Even though the minimum financial performance threshold under the EIP was achieved in 2011, and the company's results at the corporate level under the EP formula would have yielded a cash bonus, the results were short of the EP performance goal required to produce the "target bonus" level. The goal for 2011 was to achieve a \$67 million improvement in EP over 2010's EP; however, during 2011 EP declined by \$35 million relative to performance in 2010. Therefore, consistent with the recommendation of the CEO, the Compensation Committee exercised its discretion not to pay cash bonuses to our NEOs for 2011 performance, as reflected in the Summary Compensation Table on page 67.

The table below shows for each NEO the target bonus expressed as a percentage of base salary, the maximum bonus payable under the EIP and the actual cash bonus paid to each NEO based on 2011 performance.

TARGET BONUS

| | <i>Amount of "Target Bonus" Expressed as a Percentage of Base Salary</i> | <i>Maximum Bonus Per EIP(1) (\$)</i> | <i>Cash Bonus Paid for 2011 Performance (\$)</i> |
|----------------|--|--|--|
| Don James | 100% | 5,000,000 | 0 |
| Dan Sansone | 75% | 1,620,000 | 0 |
| Danny Shepherd | 75% | 1,620,000 | 0 |
| John McPherson | 60% | 1,080,000 | 0 |
| Bob Wason | 60% | 965,000 | 0 |

(1) *Per the EIP, no payment may exceed \$7,000,000 in any year to any participant. The amounts in this column equal the lesser of \$7,000,000 or 4 times the target bonus*

LONG-TERM EQUITY-BASED INCENTIVES

Our long-term equity-based incentive compensation program rewards the NEOs based on the future performance of our company, by providing potentially significant payments relative to creating value for our shareholders. The goals of the long-term incentive program are to

to ensure executive officers' financial interests are aligned with our shareholders' interests

motivate financial performance over the long-term

recognize and reward superior financial performance of our company

provide a retention element to our compensation program

promote compliance with the stock ownership guidelines for executives.

2011 LONG-TERM INCENTIVE GRANTS. The Compensation Committee has established a "standard percentage" of each NEO's base salary midpoint for his position that is used when making a long-term award to each NEO. The standard percentage is based primarily upon the compensation analysis described in the section entitled "Benchmarking Total Compensation" above. The Compensation Committee sets the standard at approximately the 50th percentile of the awards made to individuals with similar positions in the market as determined by our competitive market analysis. The Compensation Committee then determines the targeted value of long-term incentive grants for each of the NEOs by multiplying the applicable standard percentage by the market-indicated base salary rate for each NEO's position. The table below shows the standard percentages for each of

Compensation Discussion and Analysis

Table of Contents

our NEOs although the Compensation Committee retains the discretion to deviate from these percentages in the actual long-term incentive grants it makes each year.

***Standard Long-Term Award
Expressed as a
Percentage of Base Salary Midpoint
for 2011***

| | |
|----------------|------|
| Don James | 225% |
| Dan Sansone | 150% |
| Danny Shepherd | 150% |
| John McPherson | 100% |
| Bob Wason | 90% |

The Omnibus Plan provides a variety of forms of incentives that the Compensation Committee may use, at its discretion, for granting long-term incentives. These incentives include

stock options

stock only stock appreciation rights (SOSARs)

performance share units (PSUs)

restricted stock

Subject to the limitations under the Omnibus Plan, the Compensation Committee may adjust the amount we award to reflect our company's past performance, based on total shareholder return or other quantifiable financial measures deemed appropriate by the Compensation Committee.

In 2011, the Compensation Committee granted a combination of SOSARs and PSUs to each of the NEOs. The number of equity-based awards to be granted is determined by valuing SOSARs and PSUs under valuation principles similar to generally accepted accounting principles (in the case of SOSARs, Black-Scholes and in the case of PSUs, Monte Carlo simulation model), subject to certain adjustments recommended by CSI. The Compensation Committee normally grants a number of equity-based awards that produces a value that approximates the 50th percentile as determined by our competitive market analysis. However, the Compensation Committee may make adjustments each year to the number of units granted. We generally award premium grants only when our 5-year average TSR performance approximates or exceeds the 75th percentile when compared to the S&P 500.

In 2011, the Compensation Committee determined that based on our 5-year TSR performance it was not appropriate to grant such premium grants. However, all of the NEOs except Mr. McPherson, who was a new hire, received supplemental performance-based awards (in the form of SOSARs and PSUs) in consideration of the absence of cash bonus payments in 2009, 2010 and 2011. The Compensation Committee believed that these supplemental awards were appropriate in order to maintain competitive compensation levels and encourage retention and that granting this compensation in the form of SOSARs (the realizable value of which are dependent on increases in the company's stock price) and PSUs (the realizable value of which are dependent on achieving performance goals) would incentivize strong future performance. Mr. McPherson received a one-time hiring grant intended to incentivize him to join the company and compensate him for the value of compensation with his prior employer that he forfeited as a result of joining the company. Expressed in terms of their value, PSUs represent approximately 78% of the value granted; however, the value of PSUs actually paid will depend on satisfaction of the applicable performance goals. Beginning with the 2011 PSU awards, payments are based solely on our TSR percentile ranking relative to the S&P 500 Index. See the "Grants of Plan-Based Awards" table on page 68.

Table of Contents**2011 LTI GRANTS**

| <i>Name</i> | <i>Target Grants</i> | | <i>Supplemental Grants(1)</i> | | <i>Total LTI Grants</i> | |
|----------------|----------------------|------------------|-------------------------------|------------------|-------------------------|------------------|
| | <i>SOSAR Units</i> | <i>PSU Units</i> | <i>SOSAR Units</i> | <i>PSU Units</i> | <i>SOSAR Units</i> | <i>PSU Units</i> |
| Don James | 52,100 | 52,800 | 13,300 | 13,500 | 65,400 | 66,300 |
| Dan Sansone | 17,400 | 17,700 | 3,800 | 3,900 | 21,200 | 21,600 |
| Danny Shepherd | 17,400 | 17,700 | 2,900 | 2,900 | 20,300 | 20,600 |
| John McPherson | 15,300 | 15,500 | 355,600 | 0 | 370,900 | 15,500 |
| Bob Wason | 7,700 | 7,800 | 2,300 | 2,300 | 10,000 | 10,100 |

(1)

The Compensation Committee reviewed the total compensation history for Messrs. James, Sansone, Shepherd and Wason during the period of 2009-2011. In consideration of the fact that these NEOs did not receive cash bonuses in 2009-2011, the Committee exercised its discretion to award supplemental LTI grants to them in 2011. The 2011 LTI supplemental award for Mr. McPherson was a one-time hiring grant intended to incentivize him to join the company and compensate him for the value of compensation from his prior employer that he forfeited as a result of joining the company.

These awards are also reflected under the heading "Executive Compensation" in the Summary Compensation Table on page 67 and the "Grants of Plan Based Awards" table on page 68.

2011 LONG-TERM INCENTIVE PAYMENTS. In February 2011, the Compensation Committee authorized payment of the PSUs that were granted in 2008 and vested on December 31, 2010. The level of the payout was based on the company's

3-year average EP, which was approximately 13.2% of target and

3-year average total shareholder return performance, which was at the 42nd percentile relative to the S&P 500 Index.

The following table reflects the goals against which performance was measured for payment for the PSUs granted in 2008 and payable in 2011.

2011 LONG-TERM INCENTIVE PAYMENTS**DETERMINING PERCENTAGE OF AWARD PAYABLE FOR AWARD PERIOD**

Company 3-Year Average Total Shareholder Return Percentile Rank Relative to the S&P 500 Index

Percent of Target

25th or Less Percentile Rank 50th Percentile Rank 75th or Greater Percentile Rank

PERCENTAGE OF AWARD PAYABLE

Edgar Filing: Vulcan Materials CO - Form DEFC14A

| | | | |
|------------------------|------|------|------|
| 175% or greater | 100% | 150% | 200% |
| 150% | 75% | 125% | 175% |
| 100% | 50% | 100% | 150% |
| 50% | 25% | 75% | 125% |
| 25% or less | 0% | 50% | 100% |

The percentage payable is determined by the interpolation of the two performance factors. The actual payment was determined to be 42%. The Compensation Committee has the authority to exercise downward discretion in determining payment.

In March 2011, payments were made for vested Deferred Stock Units (DSUs) from grants made in 2002, 2003, 2004 and 2005. All of the NEOs elected to defer payment of the DSUs through the Executive Deferred Compensation Plan (EDCP). All DSU payments deferred into EDCP must remain in company stock. All the NEOs who hold DSUs elected deferral until the year of their retirement.

Compensation Discussion and Analysis

Table of Contents

TIMING OF EQUITY-BASED INCENTIVE COMPENSATION. Annually at its February meeting, the Compensation Committee sets

performance targets for PSU grants and payments. Establishing incentive compensation goals and granting equity-based awards have not been timed with the release of non-public material information; and

awards levels.

Typically, additional equity-based incentive grants have been made to executive officers at other times during the year only upon hire or promotion. All such equity-based awards are priced on the date of grant.

STOCK OWNERSHIP GUIDELINES. In order to align the interests of the NEOs with our shareholders' interests and to promote a long-term focus for these officers, our company has executive stock ownership guidelines for the officers of our company. The guidelines are based on management's and CSI's assessment of market practice. The stock ownership requirements are higher for the CEO than for the other NEOs.

The table below shows the guidelines for the NEOs, expressed as a multiple of base salary.

| Name | <i>Multiple of Base Salary Ownership Guidelines</i> |
|----------------|--|
| Don James | 7x |
| Dan Sansone | 4x |
| Danny Shepherd | 4x |
| John McPherson | 3x |
| Bob Wason | 3x |

Types of ownership counted toward the guidelines include the following:

direct holdings;

stock-based qualified retirement plan holdings;

stock-based holdings in the deferred compensation and nonqualified supplemental benefit plans; and

indirect holdings, such as shares owned by a family member, shares held in trust for the benefit of the NEO or a family member, or shares held in trust for which such officer is trustee.

The "in the money" value of vested options do not count toward the satisfaction of these guidelines.

Annually, our CEO reviews compliance with the ownership guidelines and reports the results to the Compensation Committee. Messrs. James, Sansone, and Wason meet or exceed our ownership guidelines. Mr. Shepherd was promoted during 2011 and Mr. McPherson was hired in 2011 at which time the new ownership guidelines became applicable to them. Both NEOs have five years from the date of their appointment to comply with applicable ownership requirements.

Table of Contents**REPORT OF REALIZED COMPENSATION**

The following sets forth the compensation actually realized by our NEOs in 2011 (and the following differs from the Summary Compensation Table required by the SEC and set forth on page 67). This information reflects that our compensation practices are closely aligned with and responsive to current company performance and shareholders' interest. Our cash and equity based incentive programs include significant performance requirements and as a result of our 2011 performance, low levels of incentive compensation were earned.

| <i>Name</i> | <i>Year</i> | <i>Salary(1)</i> <i>(\$)</i> | <i>Cash Bonus(2)</i> <i>(\$)</i> | <i>Stock Options Vested(3)</i> <i>(\$)</i> | <i>Performance Share Units Vested & Paid(4)</i> <i>(\$)</i> | <i>Deferred Stock Units Vested & Paid(5)</i> <i>(\$)</i> | <i>Change in Present Value of Pension Benefits(6)</i> <i>(\$)</i> | <i>Other Income(7)</i> <i>(\$)</i> | <i>Total Realized Compensation</i> <i>(\$)</i> |
|----------------|-------------|---------------------------------|-------------------------------------|---|--|---|--|---------------------------------------|---|
| Don James | 2011 | 1,250,004(4) | 0 | 0 | 358,679 | 1,144,845 | 306,299 | 114,295 | 3,174,122 |
| Dan Sansone | 2011 | 535,834 | 0 | 0 | 73,570 | 117,816 | 545,881 | 31,601 | 1,304,702 |
| Danny Shepherd | 2011 | 519,334 | 0 | 0 | 68,060 | 77,246 | 546,110 | 32,681 | 1,238,431 |
| John McPherson | 2011 | 64,773 | 0 | 1,465,072 | 0 | 0 | 0 | 240 | 1,530,085 |
| Bob Wason | 2011 | 400,168 | 0 | 0 | 36,586 | 106,979 | 401,395 | 26,187 | 971,315 |

(1) *Salary includes deferrals into the Executive Deferred Compensation Plan (EDCP). Based on a previous election, Mr. James deferred \$250,004 in 2011.*

(2) *No payments pursuant to the Executive Incentive Plan (EIP) were made in 2011 for the previous year's performance.*

(3) *Represents in-the-money value of stock options that vested in 2011 based on the December 30, 2011 closing stock price of \$39.35. A portion of Mr. McPherson's hire date grant vested on 12/31/2011.*

(4) *Represents Performance Share Units (PSUs) granted in 2008 that were earned and vested in 2010 and paid in 2011. Based on a previous election, Mr. Sansone deferred 80% of his 2011 PSU payment into the EDCP until the year following retirement. The terms of the EDCP require that such deferred shares remain invested in Vulcan stock until paid.*

(5) *Represents the portion of Deferred Stock Units (DSUs) granted in 2001, 2002 & 2003 that vested and were paid in 2011. Each NEO previously elected to defer these payments into the EDCP until the year following retirement. The terms of the EDCP require that such deferred shares remain invested in Vulcan stock until paid.*

(6)

Represents the change in 2011 present value of accrued pension benefits. The year over year change in pension value was attributable to three primary factors which were: (1) aging (one year closer to retirement), (2) increase in the accrued benefit (service accrual) and (3) change in actuarial assumptions (change in interest rate from 4.55% to 4.15% and mortality table with generational improvement).

| <i>Name</i> | <i>Aging (one year closer to retirement)</i> <i>(\$)</i> | <i>Increase in Accrued Benefit</i> <i>(\$)</i> | <i>Change in Assumptions</i> <i>(\$)</i> | <i>Total Change</i> <i>(\$)</i> |
|----------------|---|---|---|------------------------------------|
| Don James | (553,044) ^(a) | 312,483 | 546,860 | 306,299 |
| Dan Sansone | 204,540 | 195,211 | 146,130 | 545,881 |
| Danny Shepherd | 166,491 | 265,999 | 113,620 | 546,110 |
| John McPherson | 0 | 0 | 0 | n/a |
| Bob Wason | 155,605 | 142,530 | 103,260 | 401,395 |

(a)

The reduction in the present value of pension occurs because Mr. James was beyond the earliest unreduced retirement age (age 62), therefore the value of the benefit goes down for each year that he delays retirement.

(7)

Other income as reported in the Summary Compensation Table on page 67.

BENEFITS AND PERQUISITES

NEOs participate in each of the benefit plans or arrangements that generally are made available to all salaried employees including

medical and dental benefits

life, accidental death and disability insurance

pension and savings plans.

Our company pays 100% of the premiums for individual long-term disability policies that insure base salary and target bonus in excess of that insured under the group contract up to a limit of \$500,000 covered compensation.

Compensation Discussion and Analysis

Table of Contents

We provide company-owned cars to the NEOs for their use. Additionally, we pay for the insurance, maintenance and fuel for such vehicles. Executives reimburse our company for a portion of the expense associated with personal use of these vehicles. In addition, the value of personal mileage is charged to the NEO as imputed income. We also make the company-owned aircraft available to the CEO and senior executives for business travel. The aircraft is available to the CEO and the other NEOs for personal use at the expense of the NEO. On one occasion during 2011, Mr. Sansone used the aircraft for personal purposes and statutory costs were charged to him as imputed income. We do not provide other perquisites to the NEOs such as country club memberships or financial planning services.

The Compensation Committee reviews our policies and determines whether and to what extent perquisites should be continued.

CHANGE-IN-CONTROL PROTECTION AND POST TERMINATION AGREEMENTS

We do not have written employment agreements with executives. Instead, each of our NEOs has a change-in-control (CIC) severance agreement and equity award agreements that provide for severance payments and accelerated vesting or payment of equity-based incentive awards only if a CIC actually occurs. We provide such protections in order to minimize disruptions during a pending or anticipated CIC. For a detailed description of the change-in-control provisions, refer to "Payments upon Termination or Change-in-Control" on page 74. The CIC severance agreements effective for all NEOs except Mr. McPherson were initially executed in 2001 or 2002. The CIC protection agreement executed with Mr. McPherson during 2011 did not provide for tax gross-up benefits, did not include long-term incentives in determining severance amounts, and required a "double trigger" for payment of severance provisions.

In addition, Mr. McPherson is entitled to serve as a consultant pursuant to a springing consulting agreement in the event that Vulcan terminates his employment without cause or he terminates his employment for any reason. In the event that Mr. McPherson's employment is terminated under such circumstances, pursuant to the consulting agreement, Vulcan has agreed to retain him as a consultant for three years thereafter. Mr. McPherson would be expected to provide 400 hours of services annually for which he would be entitled to compensation at a rate of \$43,300 per month. In connection with his services as a consultant, Mr. McPherson would be subject to covenants regarding the use of confidential information. Vulcan may terminate the consulting agreement for cause or if Mr. McPherson dies or becomes disabled.

Table of Contents

RETIREMENT AND PENSION BENEFITS

Our company provides the following retirement and pension benefits to our NEOs:

BENEFIT

BACKGROUND

Retirement Plan

This pension plan is available to all salaried employees of our company hired prior to July 15, 2007.

Supplemental Plan

The Unfunded Supplemental Benefit Plan provides for benefits that are not permitted under the Retirement Income and the 401(k) Plans due to Internal Revenue Service pay and benefit limitations for qualified plans. This Plan is designed to provide retirement income benefits, as a percentage of pay, which are similar for all employees regardless of compensation levels. The Unfunded Supplemental Benefit Plan eliminates the effect of tax limitations on the payment of retirement benefits, except to the extent that it is an unfunded plan and a general obligation of our company.

Supplemental Executive Retirement Agreement (SERA)

Mr. James has a SERA. The SERA was adopted in 2001 to provide a retention incentive for Mr. James and to provide him with an opportunity to earn a full career retirement benefit. The effect of the SERA is to give Mr. James 1.2 years of service credit for every year he participates in the Retirement Income Plan and Unfunded Supplemental Benefit Plan. As of February 2011, no additional service years will be credited under the SERA.

401(k) and Profit Sharing Retirement Plan

This plan has two components; (1) an employee contribution feature with company matching, and (2) a profit-sharing feature (for employees hired after July 15, 2007 who are not eligible for the Retirement Plan).

A discussion of all retirement benefits provided to the NEOs is set forth under the heading "Retirement and Pension Benefits" on page 71.

CONSIDERING RISK

Our compensation programs are balanced, focused, and give considerable weight to the long-term performance of our company. Under this structure, the highest amount of compensation can only be achieved through consistent superior performance over sustained periods of time. Goals and objectives reflect a balanced mix of quantitative and qualitative performance measures to avoid excessive weight on a single performance measure. Likewise, the elements of compensation are balanced among current cash payments and long-term equity-based incentive awards. The Compensation Committee retains the discretion to adjust compensation for quality of performance and adherence to our company's values.

Based on the foregoing features of our compensation programs, the Compensation Committee has concluded that risks arising from compensation policies and practices for employees of the company and its affiliates are not reasonably likely to have a material adverse effect on the company as a whole.

Compensation Discussion and Analysis

Table of Contents

ACCOUNTING AND TAX CONSIDERATIONS

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). In administering the compensation program for executive officers, the Compensation Committee considers the applicability of Section 162(m) of the Internal Revenue Code, the consequences under financial accounting standards, the tax consequences in our analysis of total compensation and the mix of compensation elements, base, bonus and long-term incentives. Section 162(m) prohibits public companies from taking a tax deduction for compensation that is paid to any one of certain employees in excess of one million dollars, unless the compensation qualifies as performance-based compensation within the meaning of the Internal Revenue Code. Our CEO has elected to defer any base salary in excess of \$1,000,000. To preserve the deductibility of compensation, we intend that bonus payments made according to the EIP and, grants of long-term incentives under our Omnibus Plan, are intended to qualify as "qualified performance-based compensation." The Compensation Committee has the discretion to design and implement compensation elements that may not be deductible under Section 162(m) if the Compensation Committee determines that, despite the tax consequences, those elements are in our company's best interest to adopt.

EXPENSING OF STOCK OPTIONS. WE CONSIDER THE TAX AND FINANCIAL ACCOUNTING IMPLICATIONS TO OUR COMPANY IN ALLOCATING AWARDS AMONG VARIOUS COMPENSATION VEHICLES AND SEEK TO PRESERVE THE TAX DEDUCTION FOR COMPENSATORY AWARDS. FOR EXAMPLE, WE DO NOT ISSUE INCENTIVE STOCK OPTIONS (ISOS), EVEN THOUGH ISOS PROVIDE POTENTIAL TAX ADVANTAGES TO THE RECIPIENT, BECAUSE OF THE NEGATIVE TAX AND ACCOUNTING CONSEQUENCES TO OUR COMPANY.

Compensation Discussion and Analysis

| | 2009 | 500,004 | 0 | 284,378 | 713,563 | 0 | 660,490 | 40,715 | 2,199,150 |
| Danny R. Shepherd Executive Vice President, Construction Materials | 2011 | 519,334 | 0 | 820,498 | 253,334 | 0 | 546,110 | 32,681 | 2,171,957 |
| | 2010 | 413,338 | 0 | 243,250 | 281,970 | 0 | 297,065 | 30,490 | 1,266,113 |
| | 2009 | 400,008 | 0 | 263,347 | 661,089 | 0 | 499,332 | 36,297 | 1,860,073 |
| John R. McPherson Senior Vice President, Strategy and Business Development | 2011(5) | 64,773 | 0 | 441,440 | 3,334,391 | 0 | 0 | 240 | 3,840,844 |
| Robert A. Wason IV Senior Vice President, General Counsel | 2011 | 400,168 | 0 | 402,283 | 124,800 | 0 | 401,395 | 26,187 | 1,354,833 |
| | 2010 | 389,174 | 0 | 156,116 | 179,545 | 0 | 399,882 | 28,126 | 1,152,843 |
| | 2009 | 377,504 | 0 | 168,250 | 436,746 | 0 | 500,026 | 33,693 | 1,516,219 |

(1)

Pursuant to the rules of the SEC, we have provided a grant date fair value for Stock Awards and Option Awards in accordance with the provisions of FASB ASC Topic 718. For Option Awards (including SOSARs), the fair value is estimated as of the date of grant using the Black-Scholes option pricing model, which

requires the use of certain assumptions, including the risk-free interest rate, dividend yield, volatility and expected term. The risk-free interest rate is based on the yield at the date of grant of a U.S. Treasury security with a maturity period equal to or approximating the option's expected term. The dividend yield assumption is based on our historical dividend payouts adjusted for current expectations of future dividend payouts. The volatility assumption is based on the historical volatility, and expectations regarding future volatility, of our common stock over a period equal to the option's expected term. The expected term of options granted is based on historical experience and expectations about future exercises and represents the period of time that options granted are expected to be outstanding. For Performance Share Awards, the fair value is estimated on the date of grant using a Monte Carlo simulation model. For the highest performance level the maximum number of shares payable and the estimated grant date value are 132,000 shares (\$5,281,458) for Mr. James; 43,200 shares (\$1,720,656) for Mr. Sansone; 41,200 shares (\$1,640,996) for Mr. Shepherd; 31,000 shares (\$882,880) for Mr. McPherson; and 20,000 shares (\$804,566) for Mr. Wason. We do not believe that the fair values estimated on the grant date, either by the Black-Scholes model or any other model, are necessarily indicative of the values that might eventually be realized by an executive.

(2) No payments pursuant to the Executive Incentive Plan (EIP) were made in 2011, 2010 or 2009 for the previous year's performance. See discussion of the EIP under heading "Compensation Discussion and Analysis" above.

(3) Includes only the amount of change in pension value because our company does not provide any above market earnings on deferred compensation balances. The year over year change in pension value was attributable to three primary factors which were: (1) aging (one year closer to retirement), (2) increase in the accrued benefit (service accrual) and (3) change in actuarial assumptions (change in interest rate from 4.55% to 4.15% and mortality table with generational improvement).

| <i>Name</i> | <i>Aging (one year closer to retirement)</i> <i>(\$)</i> | <i>Increase in Accrued Benefit</i> <i>(\$)</i> | <i>Change in Assumptions</i> <i>(\$)</i> | <i>Total Change</i> <i>(\$)</i> |
|----------------|---|---|---|------------------------------------|
| Don James | (553,044)(a) | 312,483 | 546,860 | 306,299 |
| Dan Sansone | 204,540 | 195,211 | 146,130 | 545,881 |
| Danny Shepherd | 166,491 | 265,999 | 113,620 | 546,110 |
| John McPherson | 0 | 0 | 0 | n/a |
| Bob Wason | 155,605 | 142,530 | 103,260 | 401,395 |

(a) The reduction in the present value of pension occurs because Mr. James is beyond the earliest unreduced retirement age (age 62), therefore the value of the benefit goes down for each year that he delays retirement.

Table of Contents

(4)

Includes qualified defined contribution plans contributions, company-paid life insurance premiums, deferred stock unit dividend equivalents granted in 2011 and personal use of company automobile, as set forth in the following table. Mr. Sansone used the company aircraft once for personal use in 2011.

| Bob Wason | 3/1/2011 | 0 | 241,200 | 965,000 | 0 | 10,100 | 20,200 | 0 | 10,000 | 43.63 | 527,083 |

(1)

Exercise price was determined using the closing price of our common stock on the grant date as required under the Omnibus Plan

(2)

Amount represents the grant date fair values for the SOSARs and PSUs calculated in accordance with FASB ASC Topic 718. The grant date fair values of \$12.48 for the SOSARs granted on 3/1/2011 and \$8.99 for the SOSARs granted on 11/9/2011 were calculated using a Black-Scholes pricing model. The assumptions used to determine the value of the options granted on 3/1/2011 include: an expected volatility of 30.31% (derived using the daily closing stock prices over a period consistent with the expected term, excluding past years of extremely high volatility that are not representative of management's expectation of future volatility), a dividend yield of 2.37%, an interest rate of 3.01% (the rate of the U.S. constant maturity rates, as published on the federal reserve.gov site, for a period approximating the expected term) and an expected time of exercise of seven and three-quarter years from grant date. The assumptions used to determine the value of the options granted on 11/9/2011 include: an expected volatility of 32.54% (derived using the daily closing stock prices over a period consistent with the expected term, excluding past years of extremely high volatility that are not representative of management's expectation of future volatility), a dividend yield of 1.63%, an interest rate of 1.70% (the rate of the U.S. constant maturity rates, as published on the federal reserve.gov site, for a period approximating the expected term) and an expected time of exercise of seven and three-quarter years from grant date. The grant date fair values of \$39.83 for the PSUs granted on 3/1/2011 and \$28.48 for the PSUs granted on 11/9/2011 were calculated using a Monte Carlo simulation model. Fair value was calculated on the standard grant.

Executive Compensation
