telephony service, supported with a complete "back end" infrastructure and a state of the art network that will allow for efficient handling of customer calls, as well as a customer management and billing solution. The InfiniCom network services and integrated operating technology will allow FoneFriend to build its customer base to over one million users while providing seamless call completion to and from North America, Western Europe and Eastern Asia.

The purchase price of \$7,500,000 requires a cash payment of \$750,000 and the issuance of 96,428,571 shares of common stock to InfiniCom. Initial financing will be supplied by Boston-based Dutchess Private Equities Fund, L.P. with whom the company had obtained a \$3 million equity line of credit. The issuance of stock in this transaction will result in InfiniCom becoming the major shareholder of FoneFriend, owning approximately 82% of the company's issued and outstanding shares of common stock, although InfiniCom has not announced any formal plans to change the composition of the Board of Directors of FoneFriend. The final closing and transfer of the customer base is scheduled to occur on or about July 1, 2004.

A copy of the joint press release issued by FoneFriend, Inc. and InfiniCom is attached hereto as Exhibit 99.1 and is hereby incorporated by reference.
