Security National Financial Corporation
(Exact name of registrant as specified in its charter)

UTAH 87-0345941
(State or other jurisdiction of incorporation or (I.R.S. Employer Identification No.)
organization)

5300 South 360 West, Suite 250 Salt Lake City, Utah 84123
(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (801) 264-1060

Securities registered pursuant to Section 12(b) of the Act: None

Securities registered pursuant to Section 12(g) of the Act:

Title of Each Class	Name of Each Exchange on Which Registered
Class A Common Stock, \$2.00 Par Value	Nasdaq National Market
Class C Common Stock, \$0.20 Par Value	None

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is an accelerated filer (as defined in the Exchange Act Rule 12b-2). Yes No

Indicate by check mark whether the registrant is a shell company (as defined in the Exchange Act Rule 12b-2). Yes [] No [X]

The aggregate market value of the voting stock held by non-affiliates of the registrant as of the last business day of Registrant's most recently completed second fiscal quarter was \$37,655,000, based upon the closing price on that date on the Nasdaq National Market.

As of March 31, 2008, there were 7,889,152 shares of Class A Common Stock, \$2.00 par value per share, and 8,493,671 shares of Class C Common Stock, \$.20 par value per share, outstanding.

Documents Incorporated by Reference

Portions of the definitive Proxy Statement for the registrant's 2008 Annual Meeting of Stockholders are incorporated by reference into Part III of this Form 10-K.

Item 1. Business

Security National Financial Corporation (the “Company”) operates in three main business segments: life insurance, cemetery and mortuary, and mortgage loans. The life insurance segment is engaged in the business of selling and servicing selected lines of life insurance, annuity products and accident and health insurance. These products are marketed in 38 states through a commissioned sales force of independent licensed insurance agents who may also sell insurance products of other companies. The cemetery and mortuary segment of the Company consists of five cemeteries in the state of Utah and one in the state of California and seven mortuaries in the state of Utah and four in the state of Arizona. The Company also engages in pre-need selling of funeral, cemetery and cremation services through its Utah, Arizona and California operations. Many of the insurance agents also sell pre-need funeral, cemetery and cremation services. The mortgage loan segment is an approved government and conventional lender that originates and underwrites residential and commercial loans for new construction and existing homes and real estate projects. The mortgage loan segment operates through 23 wholesale and retail offices in twelve states, and is an approved mortgage lender in several states.

The design and structure of the Company is that each business segment is related to the other business segments and contributes to the profitability of the other segments. Because of the Company’s cemetery and mortuary operations in Utah, California and Arizona, the Company enjoys a level of public awareness that assists in the sales and marketing of insurance and pre-need cemetery and funeral products. The Company’s insurance subsidiaries invest their assets (representing in part the pre-paid funerals) in investments authorized by the respective insurance departments of their states of domicile. One such investment authorized by the insurance departments is mortgage loans. The Company funded relatively few subprime mortgage loans during 2007 but no longer funds such loans. Thus, while each business segment is a profit center on a stand-alone basis, this horizontal integration of each segment is planned to lead to improved profitability of the Company. The Company also pursues growth through acquisitions of both life insurance companies and cemeteries and mortuaries. The Company’s acquisition business strategy is based on reducing the overhead cost of the acquired company by utilizing existing personnel, management, and technology while still providing quality service to customers and policyholders.

The Company was organized as a holding company in 1979, when Security National Life Insurance Company (“Security National Life”) became a wholly owned subsidiary of the Company and the former stockholders of Security National Life became stockholders of the Company. Security National Life was formed in 1965 and has grown through the direct sale of life insurance and annuities and through the acquisition of other insurance companies, including the acquisitions of Capital Investors Life Insurance Company in 1994 and Civil Service Employees Life Insurance Company in 1995, a stock purchase transaction with Southern Security Life Insurance Company (“Southern Security Life”) in 1998 (involving the purchase of 57.4% of the outstanding common shares of Southern Security Life), an asset purchase transaction with Acadian Life Insurance Company (“Acadian”) in 2002, the acquisition of Paramount Security Life Insurance Company (“Paramount”), now Security National Life Insurance Company of Louisiana (“Security National Life of Louisiana”) in March 2004, a merger transaction involving the purchase of the remaining outstanding shares of Southern Security Life in January 2005, which resulted in Southern Security Life Insurance Company becoming a wholly-owned subsidiary of Security National Life, the acquisition of Memorial Insurance Company of America (“Memorial Insurance Company”) in December 2005, a unit purchase transaction with C & J Financial, LLC (“C & J Financial”) in July 2007 and the acquisition of Capital Reserve Life Insurance Company (“Capital Reserve Life”) in December 2007.

In December 2005, all of the remaining insurance business and operations of Southern Security Life was transferred to Security National Life by a reinsurance agreement. In December 2007, the merger of Southern Security Life into Security National Life was completed, and Southern Security Life was dissolved pursuant to the terms of the Agreement and Plan of Complete Liquidation of Southern Security Life into Security National Life.

The cemetery and mortuary operations have also grown through the acquisition of other cemetery and mortuary companies, including the acquisitions of Paradise Chapel Funeral Home, Inc. in 1989, Holladay Memorial Park, Inc., Cottonwood Mortuary, Inc. and Deseret Memorial, Inc. in 1991, Sunset Funeral Home in 1994, Greer-Wilson Funeral Home, Inc. in 1995 and Crystal Rose Funeral Home in 1997. In 1993, the Company formed SecurityNational Mortgage Company (“SecurityNational Mortgage”) to originate and refinance mortgage loans. Since the beginning of business in 1993, SecurityNational Mortgage has now grown to 23 branches in twelve states. See Notes to Consolidated Financial Statements for additional disclosure and discussion regarding segments of the business.

Life Insurance

Products

The Company, through its insurance subsidiaries, Security National Life, Security National Life of Louisiana, Memorial Insurance Company and Capital Reserve Life, issues and distributes selected lines of life insurance and annuities. The Company’s life insurance business includes funeral plans, interest-sensitive life insurance, as well as other traditional life and accident and health insurance products. The Company places specific marketing emphasis on funeral plans through pre-need planning and traditional whole life products sold in association with the costs of higher education.

A funeral plan is a small face value life insurance policy that generally has face coverage of up to \$15,000. The Company believes that funeral plans represent a marketing niche that has lower competition since most insurance companies do not offer similar coverages. The purpose of the funeral plan policy is to pay the costs and expenses incurred at the time of a person’s death. On a per thousand dollar cost of insurance basis, these policies can be more expensive to the policyholder than many types of non-burial insurance due to their low face amount, requiring the fixed cost of the policy administration to be distributed over a smaller policy size, and the simplified underwriting practices that result in higher mortality costs.

Through the Company’s Higher Education Division, the Company markets strategies for fund accumulations for college and repayment of student loans and expenses a student may have after college. Pursuant to those strategies, the Company conducts scholarship searches and originates and funds government guaranteed student loans. The product used for this market is a 10-Pay Whole Life Policy with an annuity rider. Both the paid-up aspect of the whole life policy and the savings aspect of the annuity rider are marketed as a tool for parents to help accumulate money to help fund college expenses or repay loans incurred during college. The product is generally offered to parents who have children under the age of 25.

Markets and Distribution

The Company is licensed to sell insurance in 38 states. The Company, in marketing its life insurance products, seeks to locate, develop and service specific “niche” markets. A “niche” market is an identifiable market, which the Company believes is not emphasized by most insurers. Funeral plan policies are sold primarily to persons who range in age from 45 to 85. Even though people of all ages and income levels purchase funeral plans, the Company believes that the highest percentage of funeral plan purchasers are individuals who are older than 45 and have low to moderate income.

Higher Education insurance plans are for families who desire to prepare for their children’s higher education financial needs. Such preparation can include searches for scholarships, grant applications, government student loan applications, and the purchase of life insurance and annuities as a vehicle to help repay education related debt. In 1965, the Higher Education Act created the guaranteed student loan programs participated in by the Company. Federal Family Education Loan (FFEL) Programs, which now consist of Federal Stafford Loans (formerly Guaranteed Student Loans), Federal PLUS Loans, and Federal Consolidation Loans. The FFEL Program makes these long-term loans

available to students attending institutions of higher education, vocation, technical, business and trade schools and some foreign schools.

State or private nonprofit guaranty agencies insure that the FFEL Programs and the Federal Government reimburse these agencies for all or part of the insurance loans they pay to lenders. The federal guaranty on an FFEL replaces the security (collateral) usually required for a long-term consumer loan. These government programs have numerous rules for qualification and have limits on how much you can borrow. The Company's whole life insurance product has an annuity rider that can provide away for families to accumulate additional funds for their children's education. The Company has a student loan resource department, which is available to policyholders to help parents and students apply for various scholarships, grants and loans.

A majority of the Company's funeral plan premiums come from the states of Arizona, Arkansas, Idaho, Kansas, Mississippi, Oklahoma, Texas and Utah. A majority of the Company's non-funeral plan life insurance premiums come from the states of Florida, Georgia, Louisiana, Maryland, New Mexico, South Carolina, Tennessee, Utah, and Virginia, and the District of Columbia.

The Company sells its life insurance products through direct agents, brokers and independent licensed agents who may also sell insurance products of other companies. The commissions on life insurance products range from approximately 10% to 110% of first year premiums. In those cases where the Company utilizes its direct agents in selling such policies, those agents customarily receive advances against future commissions.

In some instances, funeral plan insurance is marketed in conjunction with the Company's cemetery and mortuary sales force. When it is marketed by that group, the beneficiary is usually the Company's cemeteries and mortuaries. Thus, death benefits that become payable under the policy are paid to the Company's cemetery and mortuary subsidiaries to the extent of services performed and products purchased.

In marketing funeral plan insurance, the Company also seeks and obtains third-party endorsements from other cemeteries and mortuaries within its marketing areas. Typically, these cemeteries and mortuaries will provide letters of endorsement and may share in mailing and other lead-generating costs. The incentive for such businesses to share the costs is that these businesses are usually made the beneficiary of the policy. The following table summarizes the life insurance business for the five years ended December 31, 2007:

	2007	2006	2005	2004	2003
Life Insurance Policy/Cert. Count as of December 31	405,224(5)	401,441	413,753(3)(4)	357,767(2)	353,017(1)
Insurance in force as of December 31 (omitted 000)	\$ 2,434,733(5)	\$ 2,620,694	\$ 3,216,946(3)(4)	\$ 2,914,135(2)	\$ 2,914,438(1)
Premiums Collected (omitted 000)	\$ 32,173	\$ 31,619(4)	\$ 27,275(3)	\$ 30,560(2)	\$ 28,598(1)

(1) Includes reinsurance assumed on October 1, 2003, under agreement with Guaranty Income Life Insurance Company. This agreement was cancelled on January 1, 2005.

(2) Includes the purchase of Paramount Security Life Insurance Company, now known as Security National Life Insurance Company of Louisiana, on March 16, 2004.

(3) Includes the termination of reinsurance assumed with Guaranty Income Life Insurance Company effective January 1, 2005.

(4) Includes the purchase of Memorial Insurance Company of America on December 29, 2005.

(5) Includes the purchase of Capital Reserve Life Insurance Company on December 17, 2007

Underwriting

The Factors considered in evaluating an application for ordinary life insurance coverage can include the applicant's age, occupation, general health and medical history. Upon receipt of a satisfactory (non-funeral plan insurance) application, which contains pertinent medical questions, the Company writes insurance based upon its medical limits and requirements subject to the following general non-medical limits:

Age Nearest Birthday	Non-Medical Limits
0-50	\$75,000
51-up	Medical information required (APS or exam)

When underwriting life insurance, the Company will sometimes issue policies with higher premium rates for substandard risks.

The Company also sells funeral plan insurance. This insurance is a small face amount, with a maximum policy size of \$15,000. It is written on a simplified medical application with underwriting requirements being a completed application, a phone inspection on selected applicant and a Medical Information Bureau inquiry. There are several underwriting classes in which an applicant can be placed.

Annuities

Products

The Company's annuity business includes single premium deferred annuities, flexible premium deferred annuities and immediate annuities. A single premium deferred annuity is a contract where the individual remits a sum of money to the Company, which is retained on deposit until such time as the individual may wish to annuitize or surrender the contract for cash. A flexible premium deferred annuity gives the contract holder the right to make premium payments of varying amounts or to make no further premium payments after his initial payment. These single and flexible premium deferred annuities can have initial surrender charges. The surrender charges act as a deterrent to individuals who may wish to surrender their annuity contracts.

Annuities have guaranteed interest rates of 3% to 6.5% per annum. Above that, the interest rate credited is periodically determined by the Board of Directors at their discretion. An immediate annuity is a contract in which the individual remits to the Company a sum of money in return for the Company's obligation to pay a series of payments on a periodic basis over a designated period of time, such as an individual's life, or for such other period as may be designated.

Holders of annuities generally enjoy a significant benefit under current federal income tax law in that interest accretions that are credited to the annuities do not incur current income tax expense on the part of the contract holder. Instead, the interest income is tax deferred until such time as it is paid out to the contract holder. In order for the Company to realize a profit on an annuity product, the Company must maintain an interest rate spread between its investment income and the interest rate credited to the annuities. From that spread must be deducted commissions, issuance expenses and general and administrative expenses. The Company's annuities currently have credited interest rates ranging from 3% to 6.5%.

Markets and Distribution

The general market for the Company's annuities is middle to older age individuals who wish to save or invest their money in a tax-deferred environment, having relatively high yields. The major source of annuity considerations comes from direct agents. Annuities are also sold in conjunction with other insurance sales. This is true in both the funeral planning and higher education planning areas. If an individual does not qualify for a funeral plan due to health considerations, the agent will often sell that individual an annuity to fund those final expenses. In the higher education planning area, most life insurance sales have as part of the transaction an annuity portion that is used to accumulate funds. The commission rates on annuities are up to 10%.

The following table summarizes the annuity business for the five years ended December 31, 2007:

	2007	2006	2005	2004	2003
Annuities Policy/Cert. Count as of December 31	11,175(2)	8,475	8,904(1)	7,365	7,206
Deposits Collected (omitted 000)	\$ 4,080	\$ 3,977(1)	\$ 2,416	\$ 1,972	\$ 2,026

(1) Includes the purchase of Memorial Insurance Company of America on December 29, 2005.

(2) Includes the purchase of Capital Reserve Life Insurance Company on December 17, 2007.

Accident and Health

Products

Prior to the acquisition of Capital Investors Life in 1994, the Company did not actively market accident and health products. With the acquisition of Capital Investors Life, the Company acquired a block of accident and health policies that pay limited benefits to policyholders. The Company is currently offering a low-cost comprehensive diver's accident policy. The diver's policy provides worldwide coverage for medical expense reimbursement in the event of diving or water sports accidents.

Markets and Distribution

The Company currently markets its diver's policy through web marketing.

The following table summarizes the accident and health business for the five years ended December 31, 2007:

	2007	2006	2005	2004	2003
Accident and Health Policy/Cert. Count as of December 31	14,845	15,340	14,934	15,778	17,391
Premiums Collected (omitted 000)	\$ 257	\$ 274	\$ 285	\$ 308	\$ 352

Reinsurance

When a given policy exceeds the Company's retention limits, the Company reinsures with other companies that portion of the individual life insurance and accident and health policies it has underwritten. The primary purpose of reinsurance is to enable an insurance company to write a policy in an amount larger than the risk it is willing to assume for itself. The Company remains obligated for amounts ceded in the event the reinsurers do not meet their obligations.

The Company's policy is to retain no more than \$75,000 of ordinary insurance per insured life. Excess risk is reinsured. The total amount of life insurance in force at December 31, 2007, reinsured by other companies aggregated \$114,727,000, representing approximately 4.7 % of the Company's life insurance in force on that date.

The Company currently cedes and assumes certain risks with various authorized unaffiliated reinsurers pursuant to reinsurance treaties, which are renewable annually. The premiums paid by the Company are based on a number of factors, primarily including the age of the insured and the risk ceded to the reinsurer.

Investments

The investments that support the Company's life insurance and annuity obligations are determined by the Investment Committee of the Board of Directors of the various subsidiaries and ratified by the full Board of Directors of the respective subsidiaries. A significant portion of the investments must meet statutory requirements governing the nature and quality of permitted investments by insurance companies. The Company's interest-sensitive type products, primarily annuities and interest-sensitive whole life, compete with other financial products such as bank certificates of deposit, brokerage sponsored money market funds as well as competing life insurance company products. While it is not the Company's policy to offer the highest yield in this climate, in order to offer what the Company considers to be a competitive yield, it maintains a diversified portfolio consisting of common stocks, preferred stocks, municipal bonds, investment and non-investment grade bonds including high-yield issues, mortgage loans, real estate, short-term investments and other securities and investments.

See "Management's Discussion and Analysis of Results of Operations and Financial Condition" and "Notes to Consolidated Financial Statements" for additional disclosure and discussion regarding investments.

Cemetery and Mortuary

Products

The Company has six wholly-owned cemeteries and eleven wholly owned mortuaries. The cemeteries are non-denominational. Through its cemetery and mortuary operations, the Company markets a variety of products and services both on a pre-need basis (prior to death) and an at-need basis (at the time of death). The products include grave spaces, interment vaults, mausoleum crypts and niches, markers, caskets, flowers and other related products. The services include professional services of funeral directors, opening and closing of graves, use of chapels and viewing rooms, and use of automobiles and clothing. The Company has a funeral chapel at each of its cemeteries, other than Holladay Memorial Park and Singing Hills Memorial Park, and has seven separate stand-alone mortuary facilities.

Markets and Distribution

The Company's pre-need cemetery and mortuary sales are marketed to persons of all ages but are generally purchased by persons 45 years of age and older. The Company also markets its mortuary and cemetery products on an at-need basis. The Company is limited in its geographic distribution of these products to areas lying within an approximate 20-mile radius of its mortuaries and cemeteries. The Company's at-need sales are similarly limited in geographic area.

The Company actively seeks to sell its cemetery and funeral products to customers on a pre-need basis. The Company employs cemetery sales representatives on a commission basis to sell these products. Many of these pre-need cemetery and mortuary sales representatives are also licensed insurance salesmen and sell funeral plan insurance. In many instances, the Company's cemetery and mortuary facilities are the named beneficiary of the funeral plan policies.

The sales representatives of the Company's cemetery and mortuary operations are commissioned and receive no salary. The sales commissions range from 4% to 25% for cemetery products and services and 10% to 100% of first year premiums for funeral plan insurance. Potential customers are located via telephone sales prospecting, responses to letters mailed by the sales representatives, newspaper inserts, referrals, contacts made at funeral services, and door-to-door canvassing. The Company trains its sales representatives and generates leads for them. If a customer comes to one of the Company's cemeteries on an at-need basis, the sales representatives are compensated on a commission basis.

Mortgage Loans

Products

Beginning in 1993, the Company, through its subsidiary, SecurityNational Mortgage Company has been active in both the residential as well as commercial real estate markets. The Company has current approvals through HUD, Fannie Mae, Freddie Mac and other substantial secondary market investors, which enable it to originate a wide variety of residential mortgage loan products that are subsequently sold to investors. The Company uses internal funding sources as well as maintaining external warehouse lines of credit with unaffiliated financial institutions. The Company also originates residential construction loans.

Security National Capital, a subsidiary of SecurityNational Mortgage Company, originates commercial real estate loans both for internal investment as well as for sale to unaffiliated investors.

Markets and Distribution

The Company's residential mortgage lending services are marketed primarily to mortgage originators. SecurityNational Mortgage Company maintains a retail origination presence in the Salt Lake City market in addition to 23 wholesale and retail branch offices located in Arizona, California, Florida, Hawaii, Indiana, Kansas, North Carolina, Oklahoma, Oregon, Texas, Utah and Washington, with sales representatives in these and other states. See "Management's Discussion and Analysis of Results of Operations and Financial Condition" and "Notes to Consolidated Financial Statements" for additional disclosure and discussion regarding mortgage loans.

Recent Acquisitions and Other Business Activities

Liquidation of Southern Security Life Insurance Company

On December 31, 2005, Southern Security Life and Security National Life entered into a reinsurance agreement to reinsure the remaining in force business of Southern Security Life to Security National Life to the extent permitted by the Florida Office of Insurance Regulation. The assets and liabilities reinsured under the reinsurance agreement were deposited into a trust account, with Zions First National Bank acting as trustee. Under the terms of the reinsurance agreement, in the event of the insolvency of Security National Life, Zions First National Bank will hold and administer the assets and liabilities of Security National Life in trust.

The Florida Office of Insurance Regulation approved the reinsurance agreement on December 28, 2005. As a result of the reinsurance agreement, all of the insurance business and operations of Southern Security Life, including its assets and liabilities, was transferred to Security National Life, as reinsurer, as of December 31, 2005, the effective date of the agreement, except for the capital and surplus which is required to be maintained under Florida law. Thus, \$48,528,000 in assets and liabilities were transferred from Southern Security Life to Security National Life pursuant to the reinsurance agreement. In addition, on December 31, 2005, Southern Security Life declared a dividend to Security National Life in the amount of \$7,181,000. Following the transfer of the assets and liabilities under the reinsurance agreement and the payment of the dividend, the remaining capital and surplus of Southern Security Life was \$3,500,000, which was the amount required in order for Southern Security Life to remain qualified as an admitted insurer in good standing in the state of Florida.

On December 29, 2006, the Company, through its wholly owned subsidiary, Security National Life, completed the sale of Southern Security Life to American Network Insurance Company. American Network is a Pennsylvania corporation and wholly owned subsidiary of Penn Treaty America Corporation, a Pennsylvania corporation. The transaction was subject to and conditioned upon the subsequent approval of the transaction by the Florida Office of

Insurance Regulation, the Florida Department of Financial Services, and the Pennsylvania Department of Insurance by an agreed upon date. American Network was required to make all necessary filings, including a Form A application, with the Florida Office of Insurance Regulation, and provide all information and documentation that may reasonably be required by the regulatory authorities to obtain such approval.

At the closing of the transaction on December 29, 2006, Security National Life delivered to the law firm of Mackey Price Thompson & Ostler ("Mackey Price"), an escrow agent in the transaction, to be held and disposed of by such escrow agent pursuant to the terms of an escrow agreement, the following: (i) certificates representing all 2,105,235 shares of Southern Security Life's outstanding common stock; (ii) cash in the amount of \$503,302 equal to the statutory deposits of Southern Security Life pertaining to the states of Alabama, Michigan and Southern Carolina, which are statutorily required to be in the form of bonds; (iii) an original executed assignment dated December 29, 2006, in which Southern Security Life distributes, assigns and transfers to Security National Life all of Southern Security Life's capital and surplus accounts, and any other real and personal property that it may have inadvertently failed to previously distribute to Security National Life; and (iv) original executed Articles of Dissolution of Southern Security Life dated December 29, 2006.

The sale of Southern Security Life to American Network was rescinded because the regulatory authorities had not approved the transaction by the agreed upon date. As a result, Mackey Price, acting as escrow agent, returned to Security National Life the certificates representing all of the shares of Southern Security Life, together with accompanying stock power, duly endorsed for transfer, the \$503,302 in cash delivered into escrow by Security National Life equal to the statutory deposits of Southern Security Life required by the states of Alabama, Michigan and South Carolina, and the assignment dated December 29, 2006. In addition, Mackey Price filed the signed Articles of Dissolution of Southern Security Life with the Florida Division of Corporations to complete the liquidation of Southern Security Life. The Florida Division of Corporations received the Articles of Dissolution on December 24, 2007.

The liquidation of Southern Security Life was completed as of December 24, 2007 in accordance with the terms of the Agreement and Plan of Complete Liquidation of Southern Security Life into Security National Life, which the Board of Directors of both the Company and Security National Life approved on December 12, 2005. Under the terms of this agreement, Southern Security Life was liquidated into Security National Life in essentially the same manner as the liquidation described in Private Letter Ruling 9847027 in order to achieve the same tax treatment and consequences under Section 332 of the Internal Revenue Code of 1986, as amended, and other applicable provisions described in such Letter Ruling.

Memorial Insurance Company of America

On December 29, 2005, Security National Life and Southern Security Life completed a stock purchase transaction with Memorial Insurance Company of America, an Arkansas domiciled insurance company ("Memorial Insurance Company"), to purchase all of the outstanding shares of common stock of Memorial Insurance Company. Under the terms of the transaction, the shareholders of Memorial Insurance Company received a total purchase consideration of \$13,500,000 for all of the outstanding common shares of Memorial Insurance Company, with each shareholder having received a pro rata share of the total amount of the purchase consideration based upon the number of shares such shareholder owns.

The shareholders of Memorial Insurance Company received payment for their shares by means of distributions, with Security National Life and Southern Security Life simultaneously contributing sufficient capital and surplus to Memorial Insurance Company to maintain its status as an admitted insurer in good standing in the state of Arkansas. The transaction is to be treated, for federal and state tax purposes, as a part sale, part redemption of the Memorial Insurance Company stock. At the closing of the transaction, the shareholders of Memorial Insurance Company sold all of their shares of Memorial Insurance Company stock to Southern Security Life, such shares representing all of the issued and outstanding stock of Memorial Insurance Company. As a result, Memorial Insurance Company became a wholly owned subsidiary of Southern Security Life.

As of December 31, 2004 Memorial Insurance Company had 116,116 policies in force and approximately 50 agents. For the year ended December 31, 2005, Memorial Insurance Company had statutory revenues of \$4,817,000 and net income of \$801,000. As of December 31, 2005, the assets and the capital and surplus of Memorial Insurance Company were \$34,198,000 and \$2,138,000, respectively.

At the closing of the transaction, Security National Life and Memorial Insurance Company entered into a reinsurance agreement to reinsure the majority of the in force business of Memorial Insurance Company to Security National Life, as reinsurer, to the extent permitted by the Arkansas Insurance Department. The assets and liabilities to be reinsured under the reinsurance agreement were deposited into a trust account, with Zions First National Bank acting as trustee. Under the terms of the reinsurance agreement, in the event of the insolvency of Security National Life, Zions First National Bank agrees to hold the assets and liabilities in trust for purposes of the administration of the assets and liabilities with respect to such insolvency.

As a result of the execution of the reinsurance agreement, certain insurance business and operations of Memorial Insurance Company were transferred to Security National Life, including all policies in force as of the effective date thereof, except for certain policies to be retained by Memorial Insurance Company. Any future insurance business by Memorial Insurance Company will be covered by this reinsurance agreement. All of the business and operations of Memorial Insurance Company was transferred to Security National Life under the terms of the reinsurance agreement, except for capital and surplus of approximately \$1,000,000. Thus, \$30,025,777 in assets and liabilities were transferred from Memorial Insurance Company to Security National Life pursuant to the reinsurance agreement.

At the closing of the stock purchase transaction, Memorial Insurance Company issued a \$30,025,777 note to Security National Life payable, together with accrued interest, within 30 days from the date of issuance. The note is to be repaid in cash or in assets to be transferred to Security National Life. The note is secured by the assets owned by Memorial Insurance Company. In addition, Southern Security Life contributed \$2,200,000 in cash to Memorial Insurance Company at closing in consideration for the surplus note. Memorial Insurance Company repaid the surplus note in early 2006 using the proceeds from the sale of the investments in common stock that it currently holds in its investment portfolio.

On December 31, 2005, Memorial Insurance Company entered into a reinsurance agreement with Security National Life for certain accident and health insurance policies of Security National Life. Under the terms of the reinsurance agreement, Memorial Insurance Company assumed 100% of the liabilities of these policies. In addition, pursuant to the agreement, Security National Life transferred \$96,345 in statutory reserves and assets to Memorial Insurance Company as of December 31, 2005. There was no additional consideration paid for these policies under the agreement.

Camelback Funeral Home

The City of Phoenix (in Arizona) began condemnation proceedings during 2004 on the property where the Camelback Funeral Home was located for purposes of constructing a light rail facility. The city placed \$1,200,000 in escrow to pay the Company for the property that was condemned. The carrying amount on the Company's financial statements for the land and building of the Camelback Funeral Home at December 31, 2005 was \$678,889. The Company had an independent appraisal made on the property and negotiated a higher sales price with the city. In July 2006, the Company settled with the City of Phoenix for a sales price of \$1,440,000. As a result of the sale, the Company recognized a gain of \$760,231 during the third quarter of 2006. The first payment of \$1,200,000 was made by the City of Phoenix in August 2006 with the remaining amount, of \$240,000 paid in 2007, together with additional interest of \$172,000.

Colonial Funeral Home

In June 2007, the Company completed the sale of the Colonial Funeral Home property to the Utopia Station Development Corp. for \$730,242, net of selling costs of \$44,758. The Colonial Funeral Home ceased operations in July 2006 and has been inactive since that date. The carrying amount on the Company's financial statements on June 20, 2007 was \$148,777. As a result of the sale, including payment of selling expenses, the Company recognized a gain

of \$581,465. The Company received an initial payment of \$15,242, with the remaining amount due of \$715,000 to be paid in a lump sum within a year from the date of sale. The gain has been included as a part of realized gains on investments and other assets in the Company's condensed consolidated statement of earnings.

C & J Financial LLC

On July 16, 2007, the Company completed a purchase transaction with C & J Financial, LLC, an Alabama limited liability company ("C & J Financial"). C & J Financial operates a factoring business with offices in Rainbow City, Alabama, with an emphasis on providing financing for funeral homes and mortuaries. Under the terms of the Unit Purchase Agreement dated July 16, 2007, (the "Purchase Agreement") among the Company, C & J Financial, Henry Culp, Jr. ("Culp") and Culp Industries, Inc. ("Culp Industries"), the Company purchased all of the outstanding member units of C & J Financial for a purchase consideration of (i) \$1,250,000 in cash, (ii) a promissory note from the Company to Culp in the amount of \$381,500 plus interest at the rate of 5% per annum, payable over a period of 24 months in monthly payments of \$16,737, including interest, until paid in full, and (iii) a quit claim deed from C & J Financial to Culp, conveying ownership of the building and surrounding property located in the Jester Commercial Park in Rainbow City, Alabama, where C & J Financial currently maintains its business offices. At closing, Culp Industries entered into a lease agreement with C & J Financial to lease to C & J Financial approximately 5,000 square feet in the building located at the Jester Commercial Park. The lease is for a term of three years for which C & J Financial, as tenant, is required to make monthly payments of \$1,200, for a total lease payment of \$43,200.

The Purchase Agreement additionally required Culp to deliver to the Company at closing a promissory note (the "Note") in the principal amount of \$1,755,236 plus interest at the rate of 8.25% per annum from C & J Financial, as borrower, to Culp, as lender, with such note to be cancelled and marked "paid in full". Moreover, the agreement provided for the possibility of adjustments. If the total equity on the balance sheet of C & J Financial as of May 31, 2007, defined as total assets minus total liabilities, is greater than the amount of the equity on the balance sheet of C & J Financial as of the closing date, or July 16, 2007, Culp agrees to pay to the Company the difference between the total equity on the balance sheet as of May 31, 2007 and the total equity on the balance sheet as of July 16, 2007 by reducing the amount of the Note by such difference in the amounts of the total equity on such balance sheets. The Company is in the process of preparing the balance sheet of C & J Financial as of July 16, 2007, and it appears that the total equity on the balance sheet as of that date is approximately \$47,000 less than the total equity on the balance sheet as of May 31, 2007, which would result in the reduction of the Note by approximately \$47,000.

The Purchase Agreement further requires each unitholder to deliver to the Company a non-competition and confidentiality agreement prohibiting the unitholder from competing with C & J Financial for a period of five years from July 16, 2007 through July 16, 2012. The Company also entered into a one year consulting agreement with Culp, which requires Culp to provide part-time consulting services for C & J Financial at \$50.00 per hour, and a five year employment agreement with Kevin O. Smith ("Smith"), Vice President of C & J Financial, who will continue to serve in that position. The employment agreement requires C & J Financial to pay Smith an annual salary of \$96,000 plus a discretionary bonus and a monthly car allowance of \$1,161.

Finally, the Purchase Agreement requires the Company, C & J Financial, Culp and Culp Industries to acknowledge the existence of a business loan agreement between Regions Bank, as lender, and Culp Industries, as borrower, which provides for a line of credit for C & J Financial. The outstanding balance on the line of credit as of July 16, 2007 was \$1,971,764. The line of credit was secured by, among other assets, the accounts receivable of C & J Financial and was personally guaranteed by Culp. The Company agreed it would pay off the outstanding balance of the line of credit with Regions Bank. The Company has since paid off the outstanding balance on the line of credit by means of applying the payments from the accounts receivable of C & J Financial as such payments were made in the ordinary course of business.

At June 30, 2007, the total assets of C & J Financial were \$3,197,000 and total liabilities were \$3,526,000, which includes the Note to Culp in the amount of \$1,755,000 that was cancelled at closing. For the seven month period from November 1, 2006 to May 31, 2007, total revenues of C & J Financial were \$775,000 and total expenses were \$764,000, resulting in net income of \$11,000. For the fiscal year ended October 31, 2006, total revenues of C & J

Financial were \$1,397,000 and total expenses were \$1,351,000, resulting in net income of \$46,000. For the fiscal year ended October 31, 2005, total revenues of C & J Financial were \$1,137,000 and total expenses were \$1,114,000, resulting in net income of \$23,000. The Company anticipates utilizing the employees and operations of C & J Financial to expand its fast funding operations, which provide financing for funeral homes and mortuaries.

Capital Reserve Life Insurance Company

On December 20, 2007, the Company, through its wholly owned subsidiary, Security National Life, completed a stock purchase transaction with Capital Reserve Life Insurance Company, a Missouri domiciled insurance company ("Capital Reserve"), and its shareholders to purchase all of the outstanding shares of common stock of Capital Reserve from its shareholders. Under the terms of the stock purchase agreement, Security National Life paid the shareholders of Capital Reserve at closing purchase consideration equal to the capital and surplus of Capital Reserve as of September 30, 2007 in the amount of \$1,271,327, plus the interest maintenance reserve in the amount of \$30,667 and the asset valuation reserve in the amount of \$212,393 as of September 30, 2007, plus \$1,037,967, less certain adjustments. The adjustments consist of any losses related to two litigation matters involving Capital Reserve and the difference in the amount of Capital Reserve's adjusted capital and surplus at closing compared to the amount of Capital Reserve's adjusted capital and surplus on September 30, 2007.

At the closing of the transaction, the shareholders of Capital Reserve deposited \$2,100,000 of the purchase consideration into an escrow account. The funds are to remain in escrow until a lawsuit brought by Darlene Russell ("Russell"), a former employee of Capital Reserve, is resolved. The litigation involves an action by Russell against Capital Reserve in the Circuit Court of Cole County, Missouri (the "Russell Litigation") for unpaid bonuses allegedly due her in the amount of \$1,486,045. If Capital Reserve or any of its officers, directors, employees or agents is determined to be liable in the Russell Litigation or if Capital Reserve settles the Russell Litigation, the escrow agent shall pay from funds in the escrow account any amounts owing to Russell as a result of such judgment or settlement, including interest, attorney's fees, and related expenses.

Also at the closing, an escrow agreement was entered into among Security National Life, Capital Reserve, the shareholders of Capital Reserve, and Mackey Price Thompson & Ostler as escrow agent. Under the terms of the escrow agreement, the escrow agent is instructed to pay any remaining amounts from the \$2,100,000 deposit in the escrow account to the shareholders of Capital Reserve on a pro rata basis to the number of shares of Capital Reserve common stock held by the shareholders, after (i) the payment of any judgment or settlement in the Russell Litigation, (ii) the payment of the costs in defending Capital Reserve in the Russell Litigation, including attorney's fees and related expenses, and (iii) the payment of the amount in which Capital Reserve's adjusted capital and surplus on September 30, 2007 exceeds Capital Reserve's adjusted capital and surplus on the closing date of the transaction.

The shareholders of Capital Reserve also delivered a signed indemnification agreement to Security National Life and Capital Reserve at closing. Under the terms of the indemnification agreement, the shareholders agree to indemnify Security National Life and Capital Reserve (A) for any payments made by Capital Reserve following the closing relating to any judgment or settlement in the Russell Litigation, (B) for any attorney's fees and related expenses incurred by Capital Reserve in defending itself in the Russell Litigation, and (C) for the amount in which Capital Reserve's adjusted capital and surplus on September 30, 2007 exceeds the adjusted capital and surplus of Capital Reserve on the closing date. The shareholders additionally agree to be solely responsible for the Russell Litigation following the closing, including all decisions related to defending Capital Reserve in the litigation.

Moreover, an amount equal to \$316,649 of the purchase consideration was paid to the shareholders of Capital Reserve at closing in the form of real estate and improvements thereon located at 812 and 820 Madison Street, Jefferson City, Missouri, which is listed as an asset on Capital Reserve's financial statements. Title to the real estate was transferred to the shareholders at closing and the purchase consideration was reduced by \$316,649, the book value of the real estate as reflected on Capital Reserve's financial statements.

The shareholders of Capital Reserve represented and acknowledged in the stock purchase agreement that on October 31, 2005, Capital Reserve filed an action against James E. Warden, a former President and Chief Executive Officer of Capital Reserve, and his wife Linda Warden in the Circuit Court of Cole County, Missouri (the "Warden

Litigation"). The complaint claims damages in excess of \$25,000 for breach of fiduciary duty by Joseph Warden and misappropriation of funds by Joseph Warden and Linda Warden. On July 9, 2007, a judgment was entered against Joseph and Linda Warden in the amount of \$551,342.

At closing, Capital Reserve transferred and assigned to the shareholders of Capital Reserve all of the interest in and rights to the Warden Litigation, including the right to reserve the proceeds from the judgment, together with all payments of interest, attorney's fees and related expenses of the litigation, said proceeds to be paid to the shareholders on a pro rata basis to the number of shares of Capital Reserve common stock held by such shareholders. The shareholders further agreed to be responsible for the payment of any costs associated with legal representation of Capital Reserve in the Warden Litigation subsequent to the closing, including but not limited to any attorney's fees and related expenses.

As of December 31, 2006, Capital Reserve had 10,851 policies in force and approximately 30 agents. For the year ended December 31, 2006, Capital Reserve had revenues of \$5,663,000 and a net loss of \$244,000. As of December 31, 2006, the statutory assets and the capital and surplus of Capital Reserve were \$24,084,000 and \$1,960,000, respectively.

Further, at closing, Security National Life and Capital Reserve entered into a reinsurance agreement to reinsure the majority of the in force business of Capital Reserve, as reinsurer, to the extent permitted by the Missouri Department of Insurance. Under the terms of the reinsurance agreement, Security National Life paid a ceding commission to Capital Reserve in the amount of \$1,738,000. In addition, following the payment of the ceding commission, Capital Reserve declared a dividend to Security National Life in the amount of \$1,738,000. The Missouri Insurance Department approved both the reinsurance agreement and the dividend payment. The dividend payment was approved subject to Capital Reserve maintaining capital and surplus of at least \$1,500,000.

As a result of the reinsurance agreement, certain insurance business and operations of Capital Reserve were transferred to Security National Life, including all policies in force as of the effective date thereof. Any future business by Capital Reserve is covered by this reinsurance agreement. Consequently, except for capital and surplus of \$1,500,000, \$23,500,000 in assets and liabilities were transferred from Capital Reserve to Security National Life pursuant to the reinsurance agreement. Following the closing of the transaction, Capital Reserve will continue to sell and service life insurance, annuity products, accident and health insurance, and funeral plan insurance.

Regulation

The Company's insurance subsidiaries, Security National Life, Security National Life of Louisiana, Memorial Insurance Company, and Capital Reserve Life are subject to comprehensive regulation in the jurisdictions in which they do business under statutes and regulations administered by state insurance commissioners. Such regulation relates to, among other things, prior approval of the acquisition of a controlling interest in an insurance company; standards of solvency which must be met and maintained; licensing of insurers and their agents; nature of and limitations on investments; deposits of securities for the benefit of policyholders; approval of policy forms and premium rates; periodic examinations of the affairs of insurance companies; annual and other reports required to be filed on the financial condition of insurers or for other purposes; and requirements regarding aggregate reserves for life policies and annuity contracts, policy claims, unearned premiums, and other matters. The Company's insurance subsidiaries are subject to this type of regulation in any state in which they are licensed to do business. Such regulation could involve additional costs, restrict operations or delay implementation of the Company's business plans.

The Company is currently subject to regulation in Utah, Louisiana, Arkansas, and Missouri under insurance holding company legislation, and other states where applicable. Generally, intercorporate transfers of assets and dividend payments from its insurance subsidiaries are subject to prior notice of approval from the State Insurance Department, if they are deemed "extraordinary" under these statutes. The insurance subsidiaries are required, under state insurance laws, to file detailed annual reports with the supervisory agencies in each of the states in which they do business. Their business and accounts are also subject to examination by these agencies.

The Company's cemetery and mortuary subsidiaries are subject to the Federal Trade Commission's comprehensive funeral industry rules and to state regulations in the various states where such operations are domiciled. The morticians must be licensed by the respective state in which they provide their services. Similarly, the mortuaries and cemeteries are governed and licensed by state statutes and city ordinances in Utah, Arizona and California. Reports are required to be kept on file on a yearly basis which include financial information concerning the number of spaces sold and, where applicable, funds provided to the Endowment Care Trust Fund. Licenses are issued annually on the basis of such reports. The cemeteries maintain city or county licenses where they conduct business.

The Company's mortgage loan subsidiary, SecurityNational Mortgage, is subject to the rules and regulations of the U.S. Department of Housing and Urban Development and to various state licensing acts and regulations. These regulations, among other things, specify minimum capital requirements, the procedures for the origination, the underwriting, the licensing of wholesale brokers, quality review audits and the amounts that can be charged to borrowers for all FHA and VA loans. Each year, the Company must have an audit by an independent CPA firm to verify compliance under these regulations. In addition to the government regulations, the Company must meet loan requirements of various investors who purchase the loans.

Income Taxes

The Company's insurance subsidiaries, Security National Life, Security National Life of Louisiana, Memorial Insurance Company, and Capital Reserve Life are taxed under the Life Insurance Company Tax Act of 1984. Under the act, life insurance companies are taxed at standard corporate rates on life insurance company taxable income. Life insurance company taxable income is gross income less general business deductions, reserves for future policyholder benefits (with modifications), and a small life insurance company deduction (up to 60% of life insurance company taxable income). The Company may be subject to the corporate Alternative Minimum Tax (AMT). The exposure to AMT is primarily a result of the small life insurance company deduction. Also, under the Tax Reform Act of 1986, distributions in excess of stockholders' surplus account or a significant decrease in life reserves will result in taxable income.

Security National Life, Security National Life of Louisiana, Memorial Insurance Company and Capital Reserve Life may continue to receive the benefit of the small life insurance company deduction. In order to qualify for the small company deduction, the combined assets of the Company must be less than \$500,000,000 and the taxable income of the life insurance companies must be less than \$3,000,000. To the extent that the net income limitation is exceeded, then the small life insurance company deduction is phased out over the next \$12,000,000 of life insurance company taxable income.

Since 1990 Security National Life, Security National Life of Louisiana, Memorial Insurance Company and Capital Reserve Life have computed their life insurance taxable income after establishing a provision representing a portion of the costs of acquisition of such life insurance business. The effect of the provision is that a certain percentage of the Company's premium income is characterized as deferred expenses and recognized over a five to ten year period.

The Company's non-life insurance company subsidiaries are taxed in general under the regular corporate tax provisions. For taxable years beginning January 1, 1987, the Company may be subject to the Corporate Alternative Minimum Tax and the proportionate disallowance rules for installment sales under the Tax Reform Act of 1986.

Competition

The life insurance industry is highly competitive. There are approximately 2,000 legal reserve life insurance companies in business in the United States. These insurance companies differentiate themselves through marketing techniques, product features, price and customer service. The Company's insurance subsidiaries compete with a large number of insurance companies, many of which have greater financial resources, a longer business history, and more diversified line of insurance coverage than the Company. In addition, such companies generally have a larger sales force. Further, many of the companies with which the Company competes are mutual companies which may have a competitive advantage because all profits accrue to policyholders. Because the Company is small by industry standards and lacks broad diversification of risk, it may be more vulnerable to losses than larger, better-established companies. The Company believes that its policies and rates for the markets it serves are generally competitive.

The cemetery and mortuary industry is also highly competitive. In the Salt Lake City, Phoenix and San Diego areas in which the Company competes, there are a number of cemeteries and mortuaries which have longer business histories, more established positions in the community, and stronger financial positions than the Company. In addition, some of the cemeteries with which the Company must compete for sales are owned by municipalities and, as a result, can offer lower prices than can the Company. The Company bears the cost of a pre-need sales program that is not incurred by those competitors which do not have a pre-need sales force. The Company believes that its products and prices are generally competitive with those in the industry.

The mortgage loan industry is highly competitive with a number of mortgage companies and banks in the same geographic area in which the Company is operating. The mortgage market in general is sensitive to changes in interest rates and the refinancing market is particularly vulnerable to changes in interest rates.

Lines of Credit

On June 12, 2007, Security National Life Insurance Company entered into a revolving line of credit with a financial institution to borrow up to \$40,000,000. The revolving line of credit is secured by commercial mortgages and construction loans. The terms of the revolving line of credit is for a one year term and interest is based upon the one year LIBOR rate (6.95% as of December 31, 2007). Accrued interest will be paid on a monthly basis, with the principal, together with any outstanding accrued interest, to be paid in full on June 12, 2008. Security National Life Insurance Company intends to use this financing to provide short term liquidity for its commercial mortgage, construction and warehouse lending operations of its affiliate, SecurityNational Mortgage Company. The amount outstanding as of December 31, 2007 was \$6,500,000.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate (6.52% to 6.77% as of December 31, 2007).

Employees

As of December 31, 2007, the Company employed 583 full-time and 105 part-time employees.

Item 2. Properties

- (16) The Company leases this facility for \$19,500 per year. The lease expires in May 2010.
- (17) The Company leases this facility for \$49,700 per year. The lease expires in March 2008.
- (18) The Company leases this facility for \$39,700 per year. The lease expires in January 2009.
- (19) The Company leases this facility for \$44,300 per year. The lease expires in May 2009.
- (20) The Company leases this facility for \$43,100 per year. The lease expires in January 2009.
- (21) The Company leases this facility for \$21,000 per year. The lease expires in April 2012.
- (22) The Company leases this facility for \$53,700 per year. The lease expires in January 2011.
- (23) The Company leases this facility for \$46,700 per year. The lease expires in October 2012.
- (24) The Company leases these facilities for \$161,900 per year. The leases expire November 2011 and June 2010.
- (25) The Company leases an additional 126,000 square feet of the facility to unrelated third parties for approximately \$1,049,000 per year, under leases expiring at various dates after 2007.
- (26) The Company leases an additional 25,000 square feet of the facility to unrelated third parties for approximately \$470,700 per year, under leases expiring at various dates after 2007.

Item 2. Properties (Continued)

- (27) The Company leases this facility for \$70,900 per year. The lease expires in August 2012
- (28) The Company leases this facility for \$79,500 per year, with a month-to-month lease.
- (29) The Company leases this facility for \$21,300 per year. The lease expires in July 2008.
- (30) The Company leases this facility for \$42,400 per year. The lease expires in February 2010
- (31) The Company leases this facility for \$26,400 per year. The lease expires in October 2010.
- (32) The Company leases this facility for \$17,500 per year. The lease expires in June 2010.
- (33) The Company leases this facility for \$7,092 per year. The lease expires in June 2009.

The Company believes the office facilities it occupies are in good operating condition and adequate for current operations, and has no plans to build or acquire additional office facilities. The Company believes its office facilities are adequate for handling its business in the foreseeable future. As leases expire the Company will either renew or find comparable leases or acquire additional office space.

The following table summarizes the location and acreage of the six Company owned cemeteries, each of which includes one or more mausoleums:

Name of Cemetery	Location	Date Acquired	Developed Acreage(1)	Net Saleable Acreage		
				Total Acreage(1)	Acres Sold as Cemetery Spaces(2)	Total Available Acreage(1)
Memorial Estates, Inc.:						
Lakeview Cemetery	1640 East Lakeview Dr. Bountiful, Utah	1973	7	40	6	34
Mountain View Cemetery	3115 East 7800 South Salt Lake City, Utah	1973	15	54	14	40
Redwood Cemetery(4)	6500 South Redwood Rd. West Jordan, Utah	1973	27	78	27	51
Cottonwood Mortuary Inc.						
Deseret Memorial Inc. Lakehills Cemetery(3)	10055 So. State Street Sandy, Utah	1991	9	41	4	37
Holladay Memorial Park(3)(4)	4900 So. Memory Lane Holladay, Utah	1991	5	14	4	10
California Memorial Estates

Crystal Rose Funeral Home(2)	9155 W. VanBuren Tolleson, Arizona	1997	0	1	9,000

- (1) As of December 31, 2007, there were mortgages of approximately \$1,323,000, collateralized by the property and facilities at Deseret Mortuary, Cottonwood Mortuary, Holladay Memorial Park and Lakehills Cemetery.
- (2) As of December 31, 2007, there was a mortgage of approximately \$93,000, collateralized by the property and facilities of Crystal Rose Funeral Home.
- (3) These funeral homes also provide burial niches at their respective locations.
- (4) As of December 31, 2007, there was a mortgage of approximately \$115,000, collateralized by the property and facilities of Adobe Chapel Funeral Home.

Item 3. Legal Proceedings

On March 5, 2007, the Company received a proposed consent order from the Florida Office of Insurance Regulation concerning the New Success Life Program, the higher education product previously marketed and sold by Southern Security Life and now marketed and sold by Security National Life. The proposed order states that as a result of an investigation the Florida Office of Insurance Regulation has determined that Southern Security Life violated Florida law (i) by knowingly making statements, sales presentations, omissions or comparisons that misrepresented the benefits, advantages, or terms of the New Success Life Program, and (ii) by knowingly making advertisements, announcements, or statements containing representations that were untrue or misleading.

The proposed order would require Security National Life and Southern Security Life to immediately cease and desist from making any false or misleading representations to Florida consumers suggesting that the New Success Life Program would accumulate enough value to pay for college expenses in full. The proposed order would also require Security National Life and Southern Security Life to agree to no longer market or sell the New Success Life Program in the State of Florida. In addition, Security National Life and Southern Security Life would be required to send a written notice to Florida consumers who purchased the New Success Life Program on or after January 1, 1998 stating that the higher education program is a whole life insurance product, with a term and annuity rider, and not a college trust fund, savings plan, or other program, and it may not necessarily pay college expenses in full from the accumulated value.

Moreover, the written notice is to provide an opportunity for the Florida consumers who purchased the New Success Life Program on or after January 1, 1998 to cancel their policy and be given a full refund, including all premiums paid, together with interest at the agreed upon rate in the original contract. If each of the Florida consumers who purchased the New Success Life Program after January 1, 1998 was to cancel his or her policy and receive a refund, the cost to the Company to refund all premiums paid, including interest, would be approximately \$8,200,000.

The proposed consent order would also require Security National Life and Southern Security Life to issue refunds including interest to the eleven policyholders whose affidavits were taken in connection with the administrative complaint that the Florida Office of the Insurance Regulation had previously filed against Franz Wallace, the former National Sales Director of Southern Security Life. Security National Life and Southern Security Life would additionally be required to issue refunds, including interest, to any Florida policyholder in the New Success Life Program who had filed a complaint with the Florida Department of Financial Services or whose coverage had lapsed. Furthermore, Security National Life and Southern Security Life would be required to notify the state insurance department in each state in which the New Success Life Program is marketed of the order and any complaint that Southern Security Life received relating to the New Success Life Program from policyholders in that state. Finally, Security National Life and Southern Security Life would be required to pay the Florida Office of Insurance Regulation a penalty of \$100,000 and administrative costs of \$5,000.

The Company disputes the terms of the proposed consent order. The Company is not aware of specific concerns that the Florida Office of Insurance Regulation has with the New Success Life Program because it has received no specific administrative complaint from the Florida Office nor is it aware of any recent market conduct examination that the

Florida Office has conducted relative to the program. The Company intends to vigorously oppose the proposed consent order. The Company is currently engaged in discussions with the Florida Office of Insurance Regulation in an effort to settle the dispute concerning the proposed order. If the Company is unable to reach a satisfactory resolution with the Florida Office with respect to the terms of the proposed consent order and the Florida Office of Insurance Regulation issues a similar order, the Company intends to take action necessary to protect its rights and interests, including requesting a hearing before an administrative law judge to oppose the order.

Except for the proposed consent order from the Florida Office of Insurance Regulation, the Company is not a party to any material proceedings outside the ordinary course of business or to any other legal proceedings, which if adversely determined, would have a material adverse effect on its financial condition or results of operation.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of the Company's shareholders during the quarter ended December 31, 2007.

PART II

Item 5. Market for the Registrant's Common Stock and Related Security Holder Matters

The Company's Class A Common Stock trades on the Nasdaq National Market under the symbol "SNFCA." Prior to August 13, 1987, there was no active public market for the Class A and Class C Common Stock. As of March 26, 2008, the closing sales price of the Class A Common Stock was \$3.80 per share. The following were the high and low market closing sales prices for the Class A Common Stock by quarter as reported by Nasdaq since January 1, 2006:

Period (Calendar Year)	Price Range	
	High	Low
2006		
First Quarter	\$ 4.34	\$ 2.99
Second Quarter	4.51	3.63
Third Quarter	3.96	3.54
Fourth Quarter	5.17	3.74
2007		
First Quarter	\$ 5.67	\$ 4.43
Second Quarter	6.20	4.71
Third Quarter	5.71	3.90
Fourth Quarter	4.48	3.10
2008		
First Quarter	\$ 4.63	\$ 3.15

The above sales prices have been adjusted retroactively for the effect of annual stock dividends.

The Class C Common Stock is not actively traded, although there are occasional transactions in such stock by brokerage firms. (See Note 13 to the Consolidated Financial Statements.)

The Company has never paid a cash dividend on its Class A or Class C Common Stock. The Company currently anticipates that all of its earnings will be retained for use in the operation and expansion of its business and does not intend to pay any cash dividends on its Class A or Class C Common Stock in the foreseeable future. Any future determination as to cash dividends will depend upon the earnings and financial position of the Company and such other factors as the Board of Directors may deem appropriate. A 5% stock dividend on Class A and Class C Common Stock has been paid each year from 1990 through 2007.

The graph below compares the cumulative total stockholder return of the Company's Class A common stock with the cumulative total return on the Standard & Poor's 500 Stock Index and the Standard & Poor's Insurance Index for the period from December 31, 2002 through December 31, 2007. The graph assumes that the value of the investment in the Company's Class A common stock and in each of the indexes was 100 at December 31, 2002 and that all dividends were reinvested.

The comparisons in the graph below are based on historical data and are not intended to forecast the possible future performance of the Company's Class A common stock.

	12/31/02	12/31/03	12/31/04	12/31/05	12/31/06	12/31/07
SNFC	100	122	54	65	99	77
S & P 500	100	126	138	142	161	167
S & P Insurance	100	119	126	142	156	144

The graph set forth above is required by the Securities & Exchange Commission and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Form 10-K into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.

As of December 31, 2007, there were 4,357 record holders of Class A Common Stock and 133 record holders of Class C Common Stock.

Item 6. Selected Financial Data - The Company and Subsidiaries (Consolidated)

The following selected financial data for each of the five years in the period ended December 31, 2007, are derived from the audited consolidated financial statements. The data as of December 31, 2007 and 2006, and for the three years ended December 31, 2007, should be read in conjunction with the consolidated financial statements, related notes and other financial information included herein.

Consolidated Statement of Earnings Data:

Year Ended December 31,

	2007(1)	2006(2)	2005	2004(3)	2003
Revenue					
Premiums	\$ 32,263,000	\$ 30,776,000	\$ 27,170,000	\$ 25,979,000	\$ 23,295,000

(1) Includes the purchase of C & J Financial on July 16, 2007 and the purchase of Capital Reserve Life Insurance Company on December 17, 2007.

(2) Includes the purchase of Memorial Insurance Company of America on December 29, 2005.

(3) Includes the purchase of Paramount Security Life Insurance Company, now Security National Life Insurance Company of Louisiana, on March 16, 2004.

(4) Earnings per share amounts have been adjusted retroactively for the effect of annual stock dividends.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

The Company's operations over the last several years generally reflect three trends or events which the Company expects to continue: (i) increased attention to "niche" insurance products, such as the Company's funeral plan policies and traditional whole life products; (ii) emphasis on cemetery and mortuary business; and (iii) capitalizing on lower interest rates by originating and refinancing mortgage loans.

During the twelve months ended December 31, 2007, SecurityNational Mortgage Company ("SNMC") experienced an increase in revenues and expenses due to the increase in loan volume of its mortgage operations. SNMC is a mortgage lender incorporated under the laws of the State of Utah. SNMC is approved and regulated by the Federal Housing Administration (FHA), a department of the U.S. Department of Housing and Urban Development (HUD), to originate mortgage loans that qualify for government insurance in the event of default by the borrower. SNMC obtains loans primarily from independent brokers and correspondents. SNMC funds the loans from internal cash flows and lines of credit from financial institutions. SNMC receives fees from the borrowers and other secondary fees from third party investors who purchase the loans from SNMC. SNMC sells its loans to third party investors and does not retain servicing to these loans. SNMC pays the brokers and correspondents a commission for loans that are brokered through SNMC.

The mortgage industry is currently experiencing substantial change due to higher than expected delinquencies from subprime loans. The market for new subprime loans has been substantially reduced and several mortgage companies whose primary product was subprime mortgage originations have ceased operations. The Company funded \$5,505,000 (0.14% of the Company's production) in subprime loans during the twelve months ending December 31, 2007 and has currently eliminated subprime loans from its product offerings. The Company believes that its potential losses from subprime loans are minimal.

The industry problem with subprime mortgages has created a volatile secondary market for other products, especially alternative documentation (Alt A) loans. Alt A loans are typically offered to qualified borrowers who have relatively high credit scores but are not required to provide full documentation to support personal income and assets owned. Alt A loans can have a loan to value ratio as high as 100%. As a result of these changes, the Company is not offering these loans. Alt A loans represented approximately 21% of the Company's production for the six months ended June 30, 2007, only 5% of the production for the third quarter, and 0% for the fourth quarter.

As a consequence of these changes in the industry for Alt A loans, SNMC suffered a pre-tax loss for the twelve months ended December 31, 2007 of approximately \$1,476,000. The greatest impact of the operating loss was experienced in July 2007 when there were very little secondary gains. The secondary market improved in subsequent months decreasing the size of the monthly operating loss and the last three months of 2007 the mortgage operations showed a significant profit. In response to the change in market conditions, management increased loan fees, lowered commissions, closed unprofitable branches, obtained more favorable borrowing terms from warehouse lenders, and reduced corporate expenses. Even though the market changed for Alt A loans, SNMC was able to maintain volume in the third and fourth quarters by increasing its production of other mortgage products, primarily government and conforming loans.

As of December 31, 2007, the Company was holding a total of \$24,591,000 in Alt A loans that had not been settled by investors. This is down from \$88,581,000 as of June 30, 2007. The market for the remaining Alt A loans is uncertain and if the Company was unable to sell its Alt A loans it will be required to assume the risk of holding and servicing such loans. If warehousing lines are not available, the Company believes it has adequate liquidity through its life insurance operations to carry such loans until purchased by investors.

Even though market conditions have improved somewhat, the Company expects further significant industry challenges to continue through the remainder of 2008. Under these circumstances it is difficult to predict profitability, if any. Profitability may be impacted by volume reduction, changes in margins, increased borrowing costs, and future loan losses. Management has taken and will continue to take a number of actions in response to the changing market conditions. These include offering Alt A loans on a limited basis, closing unprofitable branch offices, obtaining new warehousing agreements at lower interest rates, and expense reduction initiatives.

During the twelve months ending December 31, 2007, the Company experienced loan losses of \$5,467,000. This amount was charged against the provision for loan losses. The balance of the reserve for loan losses at December 31, 2007 was \$2,356,000. The provision for loan losses is included in other general and administrative expenses. Because of the market conditions the Company has increased its monthly loan loss to 12.5 basis points of total production. The Company believes the loan loss reserves are sufficient to cover reasonably foreseeable future loan losses and that its formula for determining the provision for such reserves is adequate.

On June 12, 2007, Security National Life Insurance Company entered into a revolving line of credit with a financial institution to borrow up to \$40,000,000. The revolving line of credit is secured by commercial mortgages and construction loans. The terms of the revolving line of credit is for a one year term and interest is based upon the one year LIBOR rate (6.95% as of December 31, 2007). Accrued interest will be paid on a monthly basis, with the principal, together with any outstanding accrued interest, to be paid in full on June 12, 2008. Security National Life Insurance Company intends to use this financing to provide short term liquidity for its commercial mortgage, construction and warehouse lending operations of its affiliate SecurityNational Mortgage Company. The amount outstanding as of December 31, 2007 was \$6,500,000.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate (6.52% to 6.77% as of December 31, 2007).

As of December 31, 2007, SNMC had 23 branches in twelve states. SNMC originated and sold 20,656 loans (\$3,852,801,000 loan amount), 14,427 loans (\$2,461,000,000 loan amount), and 12,786 loans (\$2,085,000,000 loan amount) in 2007, 2006 and 2005, respectively.

On December 17, 1998, the Company purchased all of the outstanding common shares of SSLIC Holding Company, formerly Consolidare Enterprises, Inc., and Insuradyne Corporation for a total cost of \$12,248,194. At the time the transaction was completed, Consolidare owned 57.4% of the outstanding shares of Southern Security Life. Following the acquisition of Consolidare, Security National Life and its wholly owned subsidiary, SSLIC Holding Company, increased their ownership of the outstanding shares of Southern Security Life through the purchase of shares traded on the Nasdaq SmallCap Market and stock purchase transactions with then current stockholders of Southern Security Life. As of December 31, 2004, Security National Life and SSLIC Holding Company held 76.7% of the outstanding common shares of Southern Security Life.

On January 1, 2005, Security National Life and SSLIC Holding Company completed a merger transaction with Southern Security Life whereby SSLIC Holding Company was merged with Southern Security Life, which resulted in Southern Security Life becoming a wholly owned subsidiary of Security National Life and the unaffiliated stockholders of Southern Security Life becoming entitled to receive an aggregate of \$1,884,733 for their shares.

On December 31, 2005, all of the remaining insurance business of Southern Security Life consisting of \$48,528,000 in assets and liabilities was transferred to Security National Life by a reinsurance agreement, except for \$3,500,000 in capital and surplus required to be maintained under Florida law. Also on December 31, 2005, Southern Security Life paid a \$7,181,000 dividend to Security National Life.

On December 29, 2006, the Company through its wholly owned subsidiary, Security National Life, entered into an agreement to sell Southern Security Life. At the time of the transaction, Southern Security Life's assets consisted of a corporate charter, licenses, and the required capital and surplus. The transaction was conditioned upon the subsequent approval of the transaction by the Florida Office of Insurance Regulation and other state regulatory authorities and, if such approval was not obtained by the agreed upon date Southern Security Life would be liquidated. The transaction

was rescinded because the regulatory authorities did not approve the transaction as required. As a result of the rescission of the transaction, Articles of Dissolution were filed with the Florida Division of Corporations on December 24, 2007, which completed the liquidation of Southern Security Life.

On December 23, 2002, the Company completed an asset purchase transaction with Acadian Life Insurance Company, a Louisiana domiciled life insurance company, in which it acquired from Acadian \$75,000,000 in assets and \$75,000,000 in insurance reserves through its wholly owned subsidiary, Security National Life, a Utah domiciled life insurance company. The acquired assets consist primarily of approximately 275,000 funeral insurance policies in force in the state of Mississippi. The assets were originally acquired by Acadian from Gulf National Life Insurance Company on June 6, 2001, consisting of all the insurance policies of Gulf National Life Insurance Company in force and in effect on June 1, 2001.

On March 16, 2004, Security National Life purchased all of the outstanding common shares of Paramount Security Life Insurance Company, now known as Security National Life of Louisiana, a Louisiana domiciled insurance company located in Shreveport, Louisiana. As of December 31, 2003, Security National Life of Louisiana had 9,383 policies in force and 29 agents. There were no material changes in the number of policies in force or the number of agents between December 31, 2003 and March 16, 2004. The purchase consideration was \$4,398,000 and the transaction was effective January 26, 2004. Security National Life of Louisiana is licensed in the State of Louisiana where it is permitted to appoint agents who do not have a full life insurance license.

These agents are limited to selling small life insurance policies in the final expense market. The Company believes that with this license it will be able to expand its operations in Louisiana. The Company is servicing Security National Life of Louisiana policyholders out of its Jackson, Mississippi office and has closed its Shreveport office.

On December 29, 2005, Security National Life and Southern Security Life purchased all of the outstanding common shares of Memorial Insurance Company of America, an Arkansas domiciled insurance company located in Blytheville, Arkansas. As of December 31, 2005, Memorial Insurance Company had 116,116 policies in force and approximately 50 agents. The purchase consideration was \$13,500,000.

On July 16, 2007, the Company completed a transaction to purchase C & J Financial, an Alabama limited liability company, for a total cost of \$1,250,000 in cash and a promissory note from the Company to the seller in the amount of \$381,500 plus interest at 5% per annum. The amount of the note is to be reduced by the difference between the total equity on the balance sheet of C & J Financial on May 31, 2007 and the total equity on the balance sheet on July 16, 2007, which is approximately \$47,000.

On December 20, 2007, the Company purchased all of the outstanding common shares of Capital Reserve Life Insurance Company, a Missouri domiciled life insurance company. The purchase consideration was \$2,551,967 less certain adjustments consisting of any losses related to two litigation matters involving Capital Reserve and the difference between Capital Reserve's adjusted capital and surplus on December 17, 2007 compared to its adjusted capital and reserve on September 30, 2007. As of December 31, 2006, Capital Reserve had 10,851 policies in force and approximately 30 agents. In addition, the statutory assets and the capital and surplus of Capital Reserve as of December 31, 2006 were \$24,054,000 and \$1,960,000, respectively.

Significant Accounting Policies

The following is a brief summary of our significant accounting policies and a review of our most critical accounting estimates. Please also refer to Note 1 of our consolidated financial statements.

Insurance Operations

In accordance with accounting principles generally accepted in the United States of America (GAAP), premiums and considerations received for interest sensitive products such as universal life insurance and ordinary annuities are reflected as increases in liabilities for policyholder account balances and not as revenues. Revenues reported for these

products consist of policy charges for the cost of insurance, administration charges, amortization of policy initiation fees and surrender charges assessed against policyholder account balances. Surrender benefits paid relating to these products are reflected as decreases in liabilities for policyholder account balances and not as expenses.

The Company receives investment income earned from the funds deposited into account balances, a portion of which is passed through to the policyholders in the form of interest credited. Interest credited to policyholder account balances and benefit claims in excess of policyholder account balances are reported as expenses in the consolidated financial statements.

Premium revenues reported for traditional life insurance products are recognized as revenues when due. Future policy benefits are recognized as expenses over the life of the policy by means of the provision for future policy benefits.

The costs related to acquiring new business, including certain costs of issuing policies and other variable selling expenses (principally commissions), defined as deferred policy acquisition costs, are capitalized and amortized into expense. For nonparticipating traditional life products, these costs are amortized over the premium paying period of the related policies, in proportion to the ratio of annual premium revenues to total anticipated premium revenues. Such anticipated premium revenues are estimated using the same assumption used for computing liabilities for future policy benefits and are generally “locked in” at the date the policies are issued. For interest sensitive products, these costs are amortized generally in proportion to expected gross profits from surrender charges and investment, mortality and expense margins. This amortization is adjusted when the Company revises the estimate of current or future gross profits or margins. For example, deferred policy acquisition costs are amortized earlier than originally estimated when policy terminations are higher than originally estimated or when investments backing the related policyholder liabilities are sold at a gain prior to their anticipated maturity.

Death and other policyholder benefits reflect exposure to mortality risk and fluctuate from year to year on the level of claims incurred under insurance retention limits. The profitability of the Company is primarily affected by fluctuations in mortality, other policyholder benefits, expense levels, interest spreads (i.e., the difference between interest earned on investments and interest credited to policyholders) and persistency. The Company has the ability to mitigate adverse experience through sound underwriting, asset/liability duration matching, sound actuarial practices, adjustments to credited interest rates, policyholder dividends or cost of insurance charges.

Cemetery and Mortuary Operations

Pre-need sales of funeral services and caskets, including revenue and costs associated with the sales of pre-need funeral services and caskets are deferred until the services are performed or the caskets are delivered.

Pre-need sales of cemetery interment rights (cemetery burial property) - revenue and costs associated with the sales of pre-need cemetery interment rights are recognized in accordance with the retail land sales provisions of Statement of Financial Accounting Standards No. 66, “Accounting for the Sales of Real Estate” (SFAS No. 66). Under SFAS 66, recognition of revenue and associated costs from constructed cemetery property must be deferred until a minimum percentage of the sales price has been collected. Revenues related to the pre-need sale of unconstructed cemetery property will be deferred until such property is constructed and meets the criteria of SFAS 66 described above.

Pre-need sales of cemetery merchandise (primarily markers and vaults) - revenue and costs associated with the sales of pre-need cemetery merchandise are deferred until the merchandise is delivered.

Pre-need sales of cemetery services (primarily merchandise delivery and installation fees and burial opening and closing fees) - revenue and costs associated with the sales of pre-need cemetery services are deferred until the services are performed.

Prearranged funeral and pre-need cemetery customer obtaining costs - costs incurred related to obtaining new pre-need cemetery and prearranged funeral business are accounted for under the guidance of the provisions of Statement of Financial Accounting Standards No. 60 “Accounting and Reporting by Insurance Enterprises” (FAS No.

60). Obtaining costs, which include only costs that vary with and are primarily related to the acquisition of new pre-need cemetery and prearranged funeral business, are deferred until the merchandise is delivered or services are performed.

Revenues and costs for at-need sales are recorded when a valid contract exists, the services are performed, collection is reasonably assured and there are no significant obligations remaining.

Mortgage Operations

Mortgage fee income is generated through the origination and refinancing of mortgage loans and is realized in accordance with SFAS No. 140.

The majority of loans originated are sold to third party investors. The amounts sold to investors are shown on the balance sheet as due from sale of loans, and are shown on the basis of the amount of fees due from the investors.

Use of Significant Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. It is reasonably possible that actual experience could differ from the estimates and assumptions utilized which could have a material impact on the financial statements. The following is a summary of our significant accounting estimates, and critical issues that impact them:

Fixed Maturities Available for Sale

Securities available-for-sale are carried at fair value, with unrealized holding gains and losses reported in accumulated other comprehensive income which is included in stockholders' equity after adjustment for deferred income taxes and deferred acquisition costs related to universal life products.

The Company is required to exercise judgment to determine when a decline in the value of a security is other than temporary. When the value of a security declines and the decline is determined to be other than temporary, the carrying value of the investment is reduced to its fair value and a realized loss is recorded to the extent of the decline.

Deferred Acquisition Costs

Amortization of deferred policy acquisition costs for interest sensitive products is dependent upon estimates of current and future gross profits or margins on this business. Key assumptions used include the following: yield on investments supporting the liabilities, amount of interest or dividends credited to the policies, amount of policy fees and charges, amount of expenses necessary to maintain the policies, and amount of death and surrender benefits and the length of time the policies will stay in force.

For nonparticipating traditional life products, these costs are amortized over the premium paying period of the related policies, in proportion to the ratio of annual premium revenues to total anticipated premium revenues. Such anticipated premium revenues are estimated using the same assumption used for computing liabilities for future policy benefits and are generally "locked in" at the date the policies are issued.

Value of Business Acquired

Value of business acquired is the present value of estimated future profits of the acquired business and is amortized similar to deferred acquisition costs. The critical issues explained for deferred acquisition costs would also apply for value of business acquired.

Allowance for Doubtful Accounts

The Company accrues an estimate of potential losses for the collection of receivables. The significant receivables are the result of receivables due on mortgage loans sold to investors, cemetery and mortuary operations, mortgage loan operations and other receivables. The allowance is based upon the Company's experience. The critical issues that

would impact recovery of the cemetery and mortuary receivables is the overall economy. The critical issues that would impact recovery of mortgage loan operations would be interest rate risk and loan underwriting.

Future Policy Benefits

Reserves for future policy benefits for traditional life insurance products requires the use of many assumptions, including the duration of the policies, mortality experience, expenses, investment yield, lapse rates, surrender rates, and dividend crediting rates.

These assumptions are made based upon historical experience, industry standards and a best estimate of future results and, for traditional life products, include a provision for adverse deviation. For traditional life insurance, once established for a particular series of products, these assumptions are generally held constant.

Unearned Revenue

The universal life products the Company sells have significant policy initiation fees (front-end load), which are deferred and amortized into revenues over the estimated expected gross profits from surrender charges and investment, mortality and expense margins. The same issues that impact deferred acquisition costs would apply to unearned revenue.

Deferred Pre-need Cemetery and Funeral Contracts Revenues and Estimated Future Cost of Pre-need Sales

The revenue and cost associated with the sales of pre-need cemetery merchandise and funeral services are deferred until the merchandise is delivered or the service is performed.

The Company, through its mortuary and cemetery operations, provides a guaranteed funeral arrangement wherein a prospective customer can receive future goods and services at guaranteed prices. To accomplish this, the Company, through its life insurance operations, sells to the customer an increasing benefit life insurance policy that is assigned to the mortuaries. If, at the time of need, the policyholder/potential mortuary customer utilizes one of the Company's facilities, the guaranteed funeral arrangement contract that has been assigned will provide the funeral goods and services at the contracted price. The increasing life insurance policy will cover the difference between the original contract prices and current prices. Risks may arise if the difference cannot be fully met by the life insurance policy.

Mortgage Loan Loss Reserve

The Company accrues an estimate of future losses on mortgage loans sold to third party investors. The Company may be required to reimburse third party investors for costs associated with early payoff of loans within the first year of duration and to repurchase loans in default within the first year. The estimates are based upon historical experience and best estimate of future liabilities.

Deferred Compensation

The Company has deferred compensation agreements with several of its current and past executive officers. The deferred compensation is payable upon retirement or death of these individuals either in annual installments (ten years) or lump sum settlement, if approved by the Board of Directors. The Company has accrued the present value of these benefits based upon their future retirement dates and other factors, on its consolidated financial statements.

Depreciation

Depreciation is calculated principally on the straight-line-method over the estimated useful lives of the assets, which range from 3 to 40 years. Leasehold improvements are amortized over the lesser of the useful life or remaining lease terms.

Self-Insurance

The Company is self insured for certain casualty insurance, workers compensation and health benefit programs. Self – Insurance reserves are maintained relative to these programs. The level of exposure from catastrophic events is limited by the purchase of stop-loss and aggregate liability reinsurance coverages. When estimating the self-insurance

liabilities and related reserves, management considers a number of factors, which include historical claims experience, demographic factors, severity factors and valuations provided independent third-party actuaries. Management reviews its assumptions with its independent third-party administrators and actuaries to evaluate whether the self-insurance reserves are adequate. If actual claims or adverse development of loss reserves occurs and exceed these estimates, additional reserves may be required. The estimation process contains uncertainty since management must use judgment to estimate the ultimate cost that will be incurred to settle reported claims and unreported claims and unreported claims for incidents incurred but not reported as of the balance sheet date.

Results of Operations

2007 Compared to 2006

Total revenues increased by \$57,218,000, or 37.5 %, from \$152,530,000 for fiscal year 2006 to \$209,748,000 for fiscal year 2007. Contributing to this increase in total revenues was a \$45,359,000 increase in mortgage fee income, a \$1,487,000 increase in insurance premium and other considerations, a \$8,711,000 increase in net investment income, a \$1,066,000 increase in mortuary and cemetery sales, a \$116,000 increase in realized gains on investments and other assets, and a \$479,000 increase in other revenues.

Insurance premiums and other considerations increased by \$1,487,000 from \$30,776,000 in 2006 to \$32,263,000 in 2007. This increase was primarily due to the additional insurance premiums realized from new insurance sales.

Net investment income increased by \$8,711,000 from \$23,246,000 in 2006 to \$31,956,000 in 2007. This increase was primarily attributable to additional interest income from increased long-term bond and mortgage purchases.

Net mortuary and cemetery sales increased by \$1,066,000 from \$12,123,000 in 2006 to \$13,189,000 in 2007. This was due to increased at-need sales in the cemetery and mortuary operations and increased pre-need sales of burial spaces in cemetery operations.

Realized gains on investments and other assets increased by \$116,000 from \$892,000 in 2006 to \$1,008,000 in 2007. This increase was primarily due to a net increase in several small income items throughout the Company's operations.

Mortgage fee income increased by \$45,359,000 from \$85,113,000 in 2006 to \$130,472,000 in 2007. This increase was primarily attributable to an increase in the number of loan originations and an increase in loan origination fees during 2007.

Other revenues increased by \$479,000 from \$381,000 in 2006 to \$860,000 in 2007. This increase was due to increases in several small income items throughout the Company's operations and to a \$172,000 payment from the City of Phoenix as compensation for the condemnation of the Camelback Funeral Home to construct a light rail facility.

Total benefits and expenses were \$206,625,000 for 2007, which constituted 98.5% of the Company's total revenues, as compared to \$145,635,000, or 95.5% of the Company's total revenues for 2006.

Death benefits, surrenders and other policy benefits, and increase in future policy benefits increased by an aggregate of \$2,423,000 from \$27,319,000 in 2006 to \$29,742,000 in 2007. This net increase was primarily due to increased business and to the expected increase in reserves for policyholder benefits and death claims.

Amortization of deferred policy and pre-need acquisition costs and value of business acquired increased by \$1,446,000 from \$4,125,000 in 2006 to \$5,571,000 in 2007. This increase was primarily due to increased deferred acquisition costs associated with interest-sensitive products, from the recapture of the Mega reinsurance agreement in the first quarter of 2006, increased business, and pre-need cemetery contracts.

General and administrative expenses increased by \$49,776,000 from \$105,728,000 in 2006 to \$155,504,000 in 2007. Contributing to this increase was a \$33,277,000 increase in commission expenses, from \$63,680,000 in 2006 to \$96,957,000 in 2007 due to a greater number of mortgage loan originations made by SecurityNational Mortgage Company during 2007. Salaries increased by \$5,997,000 from \$17,948,000 in 2006 to \$23,945,000 in 2007, primarily due to merit increases in the salaries of existing employees and an increase in the number of employees necessitated as the result of the Company's expanding business operations. Other expenses increased by \$10,502,000 from

\$24,100,000 in 2006 to \$34,602,000 in 2007. The increase in other expenses primarily resulted from increased costs at SecurityNational Mortgage Company during 2007 due to a greater number of loan originations.

Interest expense increased by \$7,130,000 from \$6,141,000 in 2006 to \$13,271,000 in 2007. This increase was primarily from increased warehouse lines of credit required for a greater number of warehoused mortgage loans by SecurityNational Mortgage Company.

Cost of goods and services sold of the mortuaries and cemeteries increased by \$215,000 from \$2,322,000 in 2006 to \$2,537,000 in 2007. This increase was primarily due to increased cemetery and mortuary sales.

2006 Compared to 2005

Total revenues increased by \$22,580,000, or 17.4%, from \$129,950,000 for fiscal year 2005 to \$152,530,000 for fiscal year 2006. Contributing to this increase in total revenues was a \$13,254,000 increase in mortgage fee income, a \$3,606,000 increase in insurance premium and other considerations, a \$3,859,000 increase in net investment income, a \$1,284,000 increase in mortuary and cemetery sales, and an \$817,000 increase in realized gains on investments and other assets. This increase was partially offset by a \$240,000 decrease in other revenues.

Insurance premiums and other considerations increased by \$3,606,000, from \$27,170,000 in 2005 to \$30,776,000 in 2006. This increase was primarily due to the additional insurance premiums that were realized on new insurance sales and from the acquisition of Memorial Insurance Company on December 29, 2005.

Net investment income increased by \$3,859,000, from \$19,387,000 in 2005 to \$23,246,000 in 2006. This increase was primarily attributable to additional interest income from increased long-term bond and mortgage purchases and additional investment income from the assets received as a result of the acquisition of Memorial Insurance Company.

Net mortuary and cemetery sales increased by \$1,284,000, from \$10,839,000 in 2005 to \$12,123,000 in 2006. This was due to increased at-need sales in the cemetery and mortuary operations and increased pre-need land sales in cemetery operations.

Realized gains on investments and other assets increased by \$817,000, from \$74,000 in 2005 to \$891,000 in 2006. This increase was primarily due to a \$760,000 payment from the City of Phoenix as compensation for the condemnation of the Camelback Funeral Home to construct a light rail facility.

Mortgage fee income increased by \$13,254,000, from \$71,859,000 in 2005 to \$85,113,000 in 2006. This increase was primarily attributable to an increase in the number of loan originations during 2006 due to the opening of additional mortgage offices in Irvine and Los Gatos, California; Overland Park, Kansas; Oklahoma City, Oklahoma; Shallotte, North Carolina; and Beaverton, Oregon, and increased production in existing mortgage offices, which resulted in financing a greater number of mortgage loans.

Other revenues decreased by \$240,000, from \$621,000 in 2005 to \$381,000 in 2006. Other revenues decreased in 2006 due to a reduction in other deposit funds and reinsurance risk charges.

Total benefits and expenses were \$145,635,000 for 2006, which constituted 95.5% of the Company's total revenues, as compared to \$125,222,000, or 96.4% of the Company's total revenues for 2005.

Death benefits, surrenders and other policy benefits, and increase in future policy benefits increased by \$2,842,000 from \$24,477,000 in 2005 to \$27,319,000 in 2006. This net increase was primarily due to increased business and to the expected increase in reserves for policyholder benefits and death claims.

Amortization of deferred policy and pre-need acquisition costs and value of business acquired increased by \$1,094,000 from \$3,031,000 in 2005 to \$4,125,000 in 2006. This increase was primarily due to increased business on

a slight increase in the lapse rate of 8.4% in 2006 from 7.9% in 2005.

General and administrative expenses increased by \$15,038,000, from \$90,690,000 in 2005 to \$105,728,000 in 2006. Contributing to this increase was a \$9,693,000 increase in commission expenses, from \$53,807,000 in 2005 to \$63,680,000 in 2006 due to a greater number of mortgage loan originations made by SecurityNational Mortgage Company during 2006.

Salaries increased by \$2,231,000 from \$15,717,000 in 2005 to \$17,948,000 in 2006, primarily due to merit increases in the salaries of existing employees and an increase in the number of employees necessitated as the result of the Company's expanding business operations. Other expenses increased by \$3,114,000, from \$21,166,000 in 2005 to \$24,100,000 in 2006. The increase in other expenses primarily resulted from loan costs at SecurityNational Mortgage Company during 2006 due to a greater number of loan originations and additional expenses from the operations of Memorial Insurance Company, which the Company purchased on December 29, 2005.

Interest expense increased by \$1,220,000, from \$4,921,000 in 2005 to \$6,141,000 in 2006. This increase was primarily due to increased warehouse lines of credit required for a greater number of warehoused mortgage loans by SecurityNational Mortgage Company.

Cost of goods and services sold of the mortuaries and cemeteries increased by \$219,000, from \$2,103,000 in 2005 to \$2,322,000 in 2006. This increase was primarily due to increased cemetery and mortuary sales.

Risks

The following is a description of the most significant risks facing the Company and how it mitigates those risks:

Legal/Regulatory Risk - the risk that changes in the legal or regulatory environment in which the Company operates will create additional expenses and/or risks not anticipated by the Company in developing and pricing its products. That is, regulatory initiatives designed to reduce insurer profits, new legal theories or insurance company insolvencies through guaranty fund assessments may create costs for the insurer beyond those recorded in the consolidated financial statements. In addition, changes in tax law with respect to mortgage interest deductions or other public policy or legislative changes may affect the Company's mortgage sales. Also, the Company may be subject to further regulations in the cemetery/mortuary business. The Company mitigates these risks by offering a wide range of products and by diversifying its operations, thus reducing its exposure to any single product or jurisdiction, and also by employing underwriting practices which identify and minimize the adverse impact of such risks.

Credit Risk - the risk that issuers of securities owned by the Company, mortgagors of mortgage loans on real estate and obligors on construction loans, will default or that other parties, including reinsurers and holders of cemetery/mortuary contracts which owe the Company money, will not pay. The Company minimizes these risks by adhering to a conservative investment strategy, by maintaining sound reinsurance and credit and collection policies and by providing for any amounts deemed uncollectible.

Due to changes in the mortgage industry from higher than expected delinquencies in subprime loans, the Company may be unable to sell its alternative documentation loans to investors, which would require the Company to assume the risk of holding and servicing such loans.

The mortgage industry is currently experiencing substantial change due to higher than expected delinquencies from subprime loans. The market for new subprime loans has been substantially reduced and several mortgage companies whose primary product was subprime mortgage originations have ceased operations. The Company funded \$5.4 million (0.2% of the Company's production) in subprime loans during the twelve months ending December 31, 2007 and has currently eliminated subprime loans from its product offerings. The Company believes that its potential losses from subprime loans are minimal.

The industry problem with subprime mortgages has created a volatile secondary market for other products, especially alternative documentation (Alt A) loans. Alt A loans are typically offered to qualified borrowers who have relatively high credit scores but are not required to provide full documentation to support personal income and assets owned. Alt A loans can have a loan to value ratio as high as 100%. As a result of these changes, the Company is not offering

these loans. Alt A loans represented approximately 21% of the Company's production for the six months ended June 30, 2007, but only 5% of the production for the third quarter and 0% for the fourth quarter.

Even though the market changed for Alt A loans, SNMC was able to maintain volume in the third and fourth quarters by increasing its production of other mortgage products, primarily government and conforming loans. As of December 31, 2007, the Company had originated a total of \$24,591,000 in Alt A loans that had not been settled by investors. This is down from \$88,581,000 of Alt A loans at June 30, 2007. The market for the remaining Alt A loans is uncertain and, if the Company were unable to sell its Alt A loans, it would be required to assume the risk of holding and servicing such loans. If warehousing lines are not available the Company believes it has adequate liquidity through its life insurance operations to carry such loans until purchased by investors.

Interest Rate Risk - the risk that interest rates will change which may cause a decrease in the value of the Company's investments or impair the ability of the Company to market its mortgage and cemetery/mortuary products. This change in rates may cause certain interest-sensitive products to become uncompetitive or may cause disintermediation. The Company mitigates this risk by charging fees for non-conformance with certain policy provisions, by offering products that transfer this risk to the purchaser, and/or by attempting to match the maturity schedule of its assets with the expected payouts of its liabilities. To the extent that liabilities come due more quickly than assets mature, the Company might have to borrow funds or sell assets prior to maturity and potentially recognize a loss on the sale.

Mortality/Morbidity Risk - the risk that the Company's actuarial assumptions may differ from actual mortality/morbidity experience may cause the Company's products to be underpriced, may cause the Company to liquidate insurance or other claims earlier than anticipated and other potentially adverse consequences to the business. The Company minimizes this risk through sound underwriting practices, asset/liability duration matching, and sound actuarial practices.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

The estimates susceptible to significant change are those used in determining the liability for future policy benefits and claims, those used in determining valuation allowances for mortgage loans on real estate, construction loans and other receivables, and those used in determining the estimated future costs for pre-need sales. Although some variability is inherent in these estimates, management believes the amounts provided are adequate.

Liquidity and Capital Resources

The Company's life insurance subsidiaries and cemetery and mortuary subsidiaries realize cash flow from premiums, contract payments and sales on personal services rendered for cemetery and mortuary business, from interest and dividends on invested assets, and from the proceeds from the maturity of held-to-maturity investments or sale of other investments. The mortgage subsidiary realizes cash flow from fees generated by originating and refinancing mortgage loans and interest earned on mortgages sold to investors. The Company considers these sources of cash flow to be adequate to fund future policyholder and cemetery and mortuary liabilities, which generally are long-term, and adequate to pay current policyholder claims, annuity payments, expenses on the issuance of new policies, the maintenance of existing policies, debt service, and to meet operating expenses.

On June 12, 2007, Security National Life Insurance Company entered into a revolving line of credit with a financial institution to borrow up to \$40,000,000. The revolving line of credit is secured by commercial mortgages and construction loans. The terms of the revolving line of credit is for a one year term and interest is based upon the one year LIBOR rate (6.95% as of December 31, 2007). Accrued interest will be paid on a monthly basis, with the principal, together with any outstanding accrued interest, to be paid in full on June 12, 2008. Security National Life Insurance Company intends to use this financing to provide short term liquidity for its commercial mortgage,

construction and warehouse lending operations of its affiliate SecurityNational Mortgage Company. The amount outstanding as of December 31, 2007 was \$6,500,000.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate (6.52% to 6.77% as of December 31, 2007).

The Company attempts to match the duration of invested assets with its policyholder and cemetery and mortuary liabilities. The Company may sell investments other than those held-to-maturity in the portfolio to help in this timing; however, to date, that has not been necessary. The Company purchases short-term investments on a temporary basis to meet the expectations of short-term requirements of the Company's products.

The Company's investment philosophy is intended to provide a rate of return, which will persist during the expected duration of policyholder and cemetery and mortuary liabilities regardless of future interest rate movements.

The Company's investment policy is to invest predominantly in fixed maturity securities, mortgage loans, and warehousing of mortgage loans on a short-term basis before selling the loans to investors in accordance with the requirements and laws governing the life insurance subsidiaries. Bonds owned by the insurance subsidiaries amounted to \$119,777,000 as of December 31, 2007, compared to \$101,735,000 as of December 31, 2006. This represents 47.6% and 46.8% of the total investments as of December 31, 2007, and December 31, 2006, respectively. Generally, all bonds owned by the life insurance subsidiaries are rated by the National Association of Insurance Commissioners. Under this rating system, there are six categories used for rating bonds. At December 31 2007, 3.1% (or \$3,708,000) and at December 31, 2006, 2.3% (or \$2,402,000) of the Company's total bond investments were invested in bonds in rating categories three through six, which are considered non-investment grade.

The Company has classified certain of its fixed income securities, including high-yield securities, in its portfolio as available for sale, with the remainder classified as held to maturity. However, in accordance with Company policy, any such securities purchased in the future will be classified as held to maturity. Business conditions, however, may develop in the future which may indicate a need for a higher level of liquidity in the investment portfolio. In that event the Company believes it could sell short-term investment grade securities before liquidating higher-yielding longer-term securities.

The Company is subject to risk based capital guidelines established by statutory regulators requiring minimum capital levels based on the perceived risk of assets, liabilities, disintermediation, and business risk. At December 31, 2007, and December 31, 2006, the life insurance subsidiary exceeded the regulatory criteria.

The Company's total capitalization of stockholders' equity, and bank debt and notes payable was \$69,157,000 as of December 31, 2007, as compared to \$60,641,000 as of December 31, 2006. Stockholders' equity as a percent of total capitalization was 81% and 87% as of December 31, 2007 and December 31, 2006, respectively.

If market conditions were to cause interest rates to change, the market value of the fixed income portfolio (of approximately \$211,677,000) could change by the following amounts based on the respective basis point swing (the change in the market values were calculated using a modeling technique):

	-200 bps	-100 bps	+100 bps	+200 bps
Change in Market Value (in thousands)	\$20,907	\$10,141	\$(11,770)	\$(20,013)

Lapse rates measure the amount of insurance terminated during a particular period. The Company's lapse rate for life insurance in 2007 was 7.9 %, as compared to a rate of 8.4% in 2006.

At December 31, 2007, \$21,498,000 of the Company's consolidated stockholders' equity represents the statutory stockholders' equity of the Company's insurance subsidiaries. The life insurance subsidiaries need to comply with applicable state regulations before a dividend can be paid to their parent company.

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements to encourage companies to provide prospective information about their businesses without fear of litigation so long as those statements are identified as forward-looking and are accompanied by meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those projected in such statements. The Company desires to take advantage of the “safe harbor” provisions of the act.

Forward-Looking Statements

This Annual Report of Form 10-K contains forward-looking statements, together with related data and projections, about the Company's projected financial results and its future plans and strategies. However, actual results and needs of the Company may vary materially from forward-looking statements and projections made from time to time by the Company on the basis of management's then-current expectations. The business in which the Company is engaged involves changing and competitive markets, which may involve a high degree of risk, and there can be no assurance that forward-looking statements and projections will prove accurate.

Factors that may cause the Company's actual results to differ materially from those contemplated or projected, forecast, estimated or budgeted in such forward looking statements include among others, the following possibilities: (i) heightened competition, including the intensification of price competition, the entry of new competitors, and the introduction of new products by new and existing competitors; (ii) adverse state and federal legislation or regulation, including decreases in rates, limitations on premium levels, increases in minimum capital and reserve requirements, benefit mandates and tax treatment of insurance products; (iii) fluctuations in interest rates causing a reduction of investment income or increase in interest expense and in the market value of interest rate sensitive investment; (iv) failure to obtain new customers, retain existing customers or reductions in policies in force by existing customers; (v) higher service, administrative, or general expense due to the need for additional advertising, marketing, administrative or management information systems expenditures; (vi) loss or retirement of key executives or employees; (vii) increases in medical costs; (viii) changes in the Company's liquidity due to changes in asset and liability matching; (ix) restrictions on insurance underwriting based on genetic testing and other criteria; (x) adverse changes in the ratings obtained by independent rating agencies; (xi) failure to maintain adequate reinsurance; (xii) possible claims relating to sales practices for insurance products and claim denials and (xiii) adverse trends in mortality and morbidity.

Off-Balance Sheet Agreements

At December 31, 2007, the Company was contingently liable under a standby letter of credit aggregating \$213,411, to be used as collateral to cover any contingency related to additional risk assessments pertaining to the Company's self-insurance casualty program. The Company does not expect any material losses to result from the issuance of the standby letter of credit because claims are not expected to exceed premiums paid. Accordingly, the estimated fair value of these instruments is zero.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate (6.52% to 6.77% as of December 31, 2007).

The Company leases office space and equipment under various non-cancelable agreements, with remaining terms up to five years. Minimum lease payments under these non-cancelable operating leases as of December 31, 2007, are approximately as follows:

Years Ending December 31:	
2008	\$ 1,404,000
2009	971,000
2010	468,000
2011	229,000
2012	75,000
Thereafter	--

Total	\$ 3,147,000
-------	--------------

Total rent expense related to these non-cancelable operating leases for the years ended December 31, 2007, 2006 and 2005 was approximately \$1,957,000, \$1,222,000 and \$828,000, respectively.

The total of the Company unfunded residential construction loan commitments as of December 31, 2007 was \$17,069,000.

Variable Interest Entities

In conjunction with the Company's casualty insurance program, limited equity interests are held in a captive insurance entity. This program permits the Company to self-insure a portion of losses, to gain access to a wide array of safety-related services, to pool insurance risks and resources in order to obtain more competitive pricing for administration and reinsurance and to limit its risk of loss in any particular year. This entity meets the definition of a variable interest entity ("VIE's), however, based on the criteria set forth in FASB Interpretation No. 46, "Consolidation of Variable Interest Entities, an Interpretation of Accounting Research Bulletin No. 51, "there is not a requirement to include this entity in the consolidated financial statements. The maximum exposure to loss related to the Company's involvement with this entity is limited to approximately \$213,411, a majority of which is collateralized under a standby letter of credit issued on the insurance entity's behalf. See Note 11, "Reinsurance, Commitments and Contingencies", for additional discussion of commitments associated with the insurance program and Note 1, "Significant Accounting Policies", for further information on a standby letter of credit. As of December 31, 2007, there are no other entities that met the definition of a VIE.

Recent Accounting Pronouncements

In July 2006, the FASB issued FIN 48, Accounting for Uncertainty in Income Taxes, which attempts to set out a consistent framework for preparers to use to determine the appropriate level of valuation allowance tax reserves to maintain for deferred tax assets relating to uncertain tax positions. This interpretation for FASB Statement No. 109 uses a two-step approach wherein a tax benefit is recognized if a position is more-than-likely-than-not to be sustained. The amount of the benefit is then measured to be the highest tax benefit, which is greater than fifty percent likely to be realized. FIN 48 also sets out disclosure requirements to enhance transparency of an entity's tax reserves. The Company adopted this Interpretation as of January 1, 2007. Management has considered the amounts and the probabilities of the outcomes that could be realized upon ultimate settlement and believes that it is more-likely-than-not that the Company's recorded income tax benefits will be fully realized. There were no unrecognized tax benefits at the beginning or at the end of the year ended December 31, 2007.

The Company records interest earned on income-tax refunds in other income, and penalties and interest charged on tax deficiencies in interest expense. As of the date of adoption, there were no amounts accrued for penalties or interest related to unrecognized tax benefits.

In February 2007, the FASB issued SFAS No 159, The Fair Value Option for Financial Assets and Financial Liabilities – including an amendment of FASB Statement No 115 ("SFAS 159"). SFAS 159 allows measurement at fair value of eligible financial assets and liabilities that are not otherwise measured at fair value. If the fair value option for an eligible item is elected, unrealized gains and losses for that item shall be reported in current earnings at each subsequent reporting date. SFAS 159 also establishes presentation and disclosure requirements designed to draw comparison between the different measurement attributes the Company elects for similar types of assets and liabilities. This statement is effective for fiscal years beginning after November 15, 2007. The Company is in the process of evaluating the application of the fair value option and its effect on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations, and SFAS No. 160, Non-controlling Interests in Consolidated Financial Statements. SFAS No. 141(R) requires an acquirer to measure the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree at their fair values on the acquisition date, with goodwill being the excess value over the net identifiable assets acquired. SAFS No. 160 clarifies that a non-controlling interest in a subsidiary should be reported as equity in the consolidated financial statements, consolidated net income shall be adjusted to include the net income attributed to the non-controlling interest and consolidated comprehensive income shall be adjusted to include the comprehensive income attributed to the non-controlling interest. The calculation of earnings per share will continue to be based on income amounts

attributable to the parent. SFAS No. 141(R) and SFAS No. 160 are effective for financial statements issued for fiscal years beginning after December 15, 2008. Early adoption is prohibited. The Company has not yet determined the effect on our consolidated financial statements, if any, upon adoption of SFAS No. 141(R) or SFAS No. 160.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities. SFAS No. 161 amends SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities to require enhanced disclosures concerning the manner in which an entity uses derivatives (and the reasons it uses them), the manner in which derivatives and related hedged items are accounted for under SFAS No. 133 and interpretations thereof, and the effects that derivatives and related hedged items have on an entity's financial position, financial performance, and cash flows. SFAS No. 161 is effective for financial statements of fiscal years and interim periods beginning after November 15, 2008. The Company has not yet determined the effects on our consolidated financial statements, if any, that may result upon the adoption of SFAS 161.

Item 7A. Quantitative and Qualitative Disclosures about Market Risk

The Company has no activities in derivative financial or commodity instruments other than those recorded and disclosed in the financial statements. See note 20 of the consolidated financial statements included elsewhere in this Form 10-K. The Company's exposure to market risks (i.e., interest rate risk, foreign currency exchange rate risk and equity price risk) through other financial instruments, including cash equivalents, accounts receivable and lines of credit, is not material.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and the Stockholders
Security National Financial Corporation

We have audited the accompanying consolidated balance sheets of Security National Financial Corporation and subsidiaries as of December 31, 2007 and 2006 and the related consolidated statements of earnings, stockholders' equity, and cash flows for each of the three years in the periods ended December 31, 2007. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Security National Financial Corporation and subsidiaries as of December 31, 2007 and 2006 and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. Supplemental Schedules II, IV and V, are presented for purpose of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies

General Overview of Business

Security National Financial Corporation and its wholly owned subsidiaries (the “Company”) operate in three main business segments: life insurance, cemetery and mortuary, and mortgage loans. The life insurance segment is engaged in the business of selling and servicing selected lines of life insurance, annuity products and accident and health insurance marketed primarily in the intermountain west, California and eleven southern states. The cemetery and mortuary segment of the Company consists of five cemeteries in Utah, one cemetery in California, eight mortuaries in Utah and four mortuaries in Arizona. The mortgage loan segment is an approved government and conventional lender that originates and underwrites residential and commercial loans for new construction, existing homes and real estate projects primarily in Arizona, California, Florida, Hawaii, Indiana, Kansas, North Carolina, Oklahoma, Oregon, Texas, Utah, and Washington.

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The presentation of certain amounts in prior years has been reclassified to conform to the 2007 presentation.

Principles of Consolidation

These consolidated financial statements include the financial statements of Security National Financial Corporation and its majority owned subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation.

Investments

The Company’s management determines the appropriate classifications of investments in fixed maturity securities and equity securities at the acquisition date and re-evaluates the classifications at each balance sheet date.

Held-to-maturity investments are carried at amortized cost, reflecting the Company’s intent and ability to hold the securities to maturity. Available-for-sale securities are stated at estimated fair value with net unrealized gains or losses reported as a component of accumulated other comprehensive income.

Investment gains and losses arise when investments are sold (as determined on a specific identification basis) or are other-than-temporarily impaired. If in management’s judgment a decline in the value of an investment below cost is other than temporary, the cost of the investment is written down to fair value with a corresponding charge to earnings. Factors considered in judging whether an impairment is other than temporary include: the financial condition, business prospects and credit worthiness of the issuer, the length of time that fair value has been less than cost, the relative amount of the decline, and the Company’s ability and intent to hold the investment until the fair value recovers, which is not assured.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Fixed maturity securities held to maturity are carried at cost, adjusted for amortization of premium or accretion of discount. Although the Company has the ability and intent to hold these investments to maturity, infrequent and unusual conditions could occur under which it would sell certain of these securities. Those conditions include unforeseen changes in asset quality, significant changes in tax laws, and changes in regulatory capital requirements or permissible investments.

Fixed maturity and equity securities available for sale are carried at estimated fair value, which is based upon quoted trading prices. Changes in fair values net of income taxes are reported as unrealized appreciation or depreciation and recorded as an adjustment directly to stockholders' equity and, accordingly, have no effect on net income.

Mortgage loans on real estate, construction loans and mortgage loans held for sale are carried at unpaid principal balances, adjusted for amortization of premium or accretion of discount, less allowance for possible losses.

Real estate is carried at cost, less accumulated depreciation provided on a straight-line basis over the estimated useful lives of the properties, or is adjusted to a new basis from impairment in value, if any.

Policy, student, and other loans are carried at the aggregate unpaid balances, less allowances for possible losses.

Short-term investments are carried at cost and consist of certificates of deposit and commercial paper with maturities of up to one year.

Restricted assets of cemeteries and mortuaries are assets held in a trust account for future mortuary services and merchandise and consist of cash; participations in mortgage loans with Security National Life Insurance Company; mutual funds carried at cost; fixed maturity securities carried at cost adjusted for amortization of premium or accretion of discount; and equity securities carried at fair market value.

Cemetery and mortuary perpetual care trust business segment contains six wholly owned cemeteries. Of the six cemeteries owned by the Company, four cemeteries are endowment care properties. Under endowment care arrangements a portion of the price for each lot sold is withheld and invested in a portfolio of investments similar to those described in the prior paragraph. The earnings stream from the investments is designed to fund future maintenance and upkeep of the cemetery.

Realized gains and losses on investments and declines in value considered to be other than temporary, are recognized in operations on the specific identification basis.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Cemetery Land and Improvements Held for Sale

The development of a cemetery involves not only the initial acquisition of raw land but the installation of roads, water lines, landscaping and other costs to establish a marketable cemetery lot. The costs of developing the cemetery are shown as an asset on the balance sheet. The amount on the balance sheet is reduced by the total cost assigned to the development of a particular lot, when the criteria for recognizing a sale of that lot is met.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Property and Equipment

Property, plant and equipment are recorded at cost. Depreciation is calculated principally on the straight-line method over the estimated useful lives of the assets which range from three to forty years. Leasehold improvements are amortized over the lesser of the useful life or remaining lease terms.

Recognition of Insurance Premiums and Other Considerations

Premiums for traditional life insurance products (which include those products with fixed and guaranteed premiums and benefits and consist principally of whole life insurance policies, limited-payment life insurance policies, and certain annuities with life contingencies) are recognized as revenues when due from policyholders. Revenues for interest-sensitive insurance policies (which include universal life policies, interest-sensitive life policies, deferred annuities, and annuities without life contingencies) are recognized when earned and consist of policy charges for the policy administration charges, and surrender charges assessed against policyholder account balances during the period.

Deferred Policy Acquisition Costs and Value of Business Acquired

Commissions and other costs, net of commission and expense allowances for reinsurance ceded, that vary with and are primarily related to the production of new insurance business have been deferred. Deferred policy acquisition costs for traditional life insurance are amortized over the premium-paying period of the related policies using assumptions consistent with those used in computing policy benefit reserves. For interest-sensitive insurance products, deferred policy acquisition costs are amortized generally in proportion to the present value of expected gross profits from surrender charges, investment, mortality and expense margins. This amortization is adjusted when estimates of current or future gross profits to be realized from a group of products are reevaluated. Deferred acquisition costs are written off when policies lapse or are surrendered.

Effective January 1, 2007, the AICPA issued Statement of Position 05-1, Accounting by Insurance Enterprises for Deferred Acquisition Costs (“DAC”) in Connection with Modifications or Exchanges of Insurance Contracts, (“SOP 05-1”). SOP 05-1 provides guidance on accounting by insurance enterprises for DAC on internal replacements of insurance and investment contracts. An internal replacement is a modification in product benefits, features, rights or coverage that occurs by the exchange of a contract for a new contract, or by amendment, endorsement, or rider to contract, or by the election of a feature or coverage within a contract. Modifications that result in a replacement contract that is substantially changed from the replaced contract should be accounted for as an extinguishment of the replaced contract. Unamortized DAC, unearned revenue liabilities and deferred sales inducements from the replaced contract must be written-off. Modifications that result in a contract that is substantially unchanged from the replaced contract should be accounted for as a continuation of the replaced contract. The Company adopted SOP 05-1 effective January 1, 2007. Adoption of this statement had no impact adopted on the Company’s consolidated financial statements.

Value of business acquired is the present value of estimated future profits of the acquired business and is amortized similar to deferred policy acquisition costs.

Allowance for Loan Losses and Doubtful Accounts

The Company records an estimate of the expense for potential losses from not collecting mortgage loans, other loans and receivables. Mortgage loans held for sale and significant receivables are the result of cemetery and mortuary operations, mortgage loan operations and other receivables. The allowance is based upon the Company's experience. The critical issues that impact recovery of the cemetery and mortuary receivables is the overall economy. The critical issues that impact recovery of mortgage loan operations are interest rate risk and loan underwriting.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Future Life, Annuity and Other Policy Benefits

Future policy benefit reserves for traditional life insurance are computed using a net level method, including assumptions as to investment yields, mortality, morbidity, withdrawals, and other assumptions based on the life insurance subsidiaries experience, modified as necessary to give effect to anticipated trends and to include provisions for possible unfavorable deviations. Such liabilities are, for some plans, graded to equal statutory values or cash values at or prior to maturity. The range of assumed interest rates for all traditional life insurance policy reserves was 4.5% to 10%. Benefit reserves for traditional limited-payment life insurance policies include the deferred portion of the premiums received during the premium-paying period. Deferred premiums are recognized as income over the life of the policies. Policy benefit claims are charged to expense in the period the claims are incurred. Increases in future policy benefits are charged to expense.

Future policy benefit reserves for interest-sensitive insurance products are computed under a retrospective deposit method and represent policy account balances before applicable surrender charges. Policy benefits and claims that are charged to expense include benefit claims incurred in the period in excess of related policy account balances. Interest crediting rates for interest-sensitive insurance products ranged from 4% to 6.5%.

Participating Insurance

Participating business constituted 2%, 2%, and 3% of insurance in force for 2007, 2006 and 2005, respectively. The provision for policyholders' dividends included in policyholder obligations is based on dividend scales anticipated by management. Amounts to be paid are determined by the Board of Directors.

Reinsurance

The Company follows the procedure of reinsuring risks in excess of \$75,000 to provide for greater diversification of business to allow management to control exposure to potential losses arising from large risks, and provide additional capacity for growth. The Company remains liable for amounts ceded in the event the reinsurers are unable to meet their obligations.

The Company entered into coinsurance agreements with unaffiliated insurance companies under which the Company assumed 100% of the risk for certain life insurance policies and certain other policy-related liabilities of the insurance company.

Reinsurance premiums, commissions, expense reimbursements, and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Expense allowances received in connection with reinsurance ceded are accounted for as a reduction of the related policy acquisition costs and are deferred and amortized accordingly.

Cemetery and Mortuary Operations

Pre-need contract sales of funeral services and caskets - revenue and costs associated with the sales of pre-need funeral services and caskets are deferred until the services are performed or the caskets are delivered.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Sales of cemetery interment rights (cemetery burial property) - revenue and costs associated with the sale of cemetery interment rights are recognized in accordance with the retail land sales provisions of Statement of Financial Accounting Standards No. 66, Accounting for the Sales of Real Estate (FAS No. 66). Under FAS 66, recognition of revenue and associated costs from constructed cemetery property must be deferred until a minimum percentage of the sales price has been collected. Revenues related to the sale of unconstructed cemetery property is deferred until such property has been constructed and meets the criteria of FAS No. 66 described above.

Pre-need contract sales of cemetery merchandise (primarily markers and vaults) - revenue and costs associated with the sale of pre-need cemetery merchandise is deferred until the merchandise is delivered. Pre-need contract sales of cemetery services (primarily merchandise delivery, installation fees and burial opening and closing fees) - revenue and costs associated with the sales of pre-need cemetery services are deferred until the services are performed.

Prearranged funeral and pre-need cemetery customer acquisition costs - costs incurred related to obtaining new pre-need contract cemetery and prearranged funeral services are accounted for under the guidance of the provisions of Statement of Financial Accounting Standards No. 60 Accounting and Reporting by Insurance Enterprises (FAS No. 60). Obtaining costs, which include only costs that vary with and are primarily related to the acquisition of new pre-need cemetery and prearranged funeral services, are deferred until the merchandise is delivered or services are performed.

Revenues and costs for at-need sales are recorded when a valid contract exists, the services are performed, collection reasonably assured and there are no significant obligations remaining.

The Company, through its mortuary and cemetery operations, provides guaranteed funeral arrangements wherein a prospective customer can receive future goods and services at guaranteed prices. To accomplish this, the Company, through its life insurance operations, sells to the customer an increasing benefit life insurance policy that is assigned to the mortuaries. If, at the time of need, the policyholder/potential mortuary customer utilizes one of the Company's facilities, the guaranteed funeral arrangement contract that has been assigned will provide the funeral goods and services at the contracted price. The increasing life insurance policy will cover the difference between the original contract prices and current prices. Risks may arise if the difference cannot be fully met by the life insurance policy. However, management believes that given current inflation rates and related price increases of goods and services, the risk of exposure is minimal.

Mortgage Operations

During the twelve months ended December 31, 2007, SecurityNational Mortgage Company ("SNMC") experienced an increase in revenues and expenses due to the increase in loan volume of its mortgage operations. SNMC is a mortgage lender incorporated under the laws of the State of Utah. SNMC is approved and regulated by the Federal Housing Administration (FHA), a department of the U.S. Department of Housing and Urban Development (HUD), to originate mortgage loans that qualify for government insurance in the event of default by the borrower. SNMC obtains loans primarily from independent brokers and correspondents. SNMC funds the loans from internal cash flows and lines of credit from financial institutions. SNMC receives fees from the borrowers and other secondary fees from third

party investors who purchase the loans from SNMC. SNMC sells its loans to third party investors and does not retain servicing to these loans. SNMC pays the brokers and correspondents a commission for loans that are brokered through SNMC.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

The mortgage industry is currently experiencing substantial change due to higher than expected delinquencies from subprime loans. The market for new subprime loans has been substantially reduced and several mortgage companies whose primary product was subprime mortgage originations have ceased operations. The Company funded \$5,504,800 (0.14% of the Company's production) in subprime loans during the twelve months ending December 31, 2007 and has currently eliminated subprime loans from its product offerings. The Company believes that its potential losses from subprime loans are minimal

The industry problem with subprime mortgages has created a volatile secondary market for other products, especially alternative documentation (Alt A) loans. Alt A loans are typically offered to qualified borrowers who have relatively high credit scores but are not required to provide full documentation to support personal income and assets owned. Alt A loans can have a loan to value ratio as high as 100%. As a result of these changes, the Company is not offering these loans. Alt A loans represented approximately 21% of the Company's production for the six months ended June 30, 2007, only 5% of the production for the third quarter and 0% for the fourth quarter.

As a consequence of these changes in the industry for Alt A loans, SNMC suffered a pre-tax loss for the twelve months ended December 31, 2007 of approximately \$1,475,816. The greatest impact of the operating loss was experienced in July 2007 when there were very little secondary gains. The secondary market improved in subsequent months decreasing the size of the monthly operating loss and the last three months of 2007 the mortgage operations showed a significant profit. In response to the change in market conditions, management increased loan fees, lowered commissions, closed unprofitable branches, obtained more favorable borrowing terms from warehouse lenders, and reduced corporate expenses. Even though the market changed for Alt A loans, SNMC was able to maintain volume in the third and fourth quarters by increasing its production of other mortgage products, primarily government and conforming loans.

As of December 31 2007, the Company was holding a total of \$24,590,554 in Alt A loans that had not been settled by investors. This was reduced from \$88,580,948 as of June 30, 2007. The market for the remaining Alt A loans is uncertain and if the Company is unable to sell its Alt A loans it will be required to assume the risk of holding and servicing such loans. If warehousing lines are not available, the Company believes it has adequate liquidity through its life insurance operations to carry such loans until purchased by investors.

Even though market conditions have improved somewhat, the Company expects further significant industry challenges to continue through the remainder of 2008. Under these circumstances it is difficult to predict profitability, if any. Profitability may be impacted by volume reduction, changes in margins, increased borrowing costs, and future loan losses. Management has taken and will continue to take a number of actions in response to the changing market conditions. These include offering Alt A loans on a limited basis, closing unprofitable branch offices, obtaining new warehousing agreements at a lower interest rates, and expense reduction initiatives.

During the twelve months ending December 31, 2007, the Company experienced loan losses of \$5,467,000. This amount was charged against the provision for loan losses. The balance of the reserve for loan losses at December 31, 2007 was \$2,356,000. The provision for loan losses is included in other general and administrative expenses. Because of the market conditions, the Company has increased its monthly loan loss to 12.5 basis points of total

production. The Company believes the loan loss reserves are sufficient to cover reasonably foreseeable future loan losses and that its formula for determining the provision for such reserves is adequate.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

On June 12, 2007, Security National Life Insurance Company entered into a revolving line of credit with a financial institution to borrow up to \$40,000,000. The revolving line of credit is secured by commercial mortgages and construction loans. The terms of the revolving line of credit is for a one year term and interest is based upon the one year LIBOR rate (6.95% as of December 31, 2007). Accrued interest will be paid on a monthly basis, with the principal, together with any outstanding accrued interest, to be paid in full on June 12, 2008. Security National Life Insurance Company intends to use this financing to provide short term liquidity for its commercial mortgage, construction and warehouse lending operations of its affiliate SecurityNational Mortgage Company. The amount outstanding as of December 31, 2007 was \$6,500,000.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate(6.52% to 6.77% as of December 31, 2007).

Self Insurance

The Company is self insured for certain casualty insurance, workers compensation and health benefit programs. Self-Insurance reserves are maintained relative to these programs. The level of exposure from catastrophic events is limited by the purchase of stop-loss and aggregate liability reinsurance coverages. When estimating the self-insurance liabilities and related reserves, management considers a number of factors, which include historical claims experience, demographic factors, severity factors and valuations provided by independent third-party actuaries. Management reviews its assumptions with its independent third-party administrators and actuaries to evaluate whether the self-insurance reserves are adequate. If actual claims or adverse development of loss reserves occurs and exceed these estimates, additional reserves may be required. The estimation process contains uncertainty since management must use judgment to estimate the ultimate cost that will be incurred to settle reported claims and unreported claims for incidents incurred but not reported as of the balance sheet date.

Goodwill

Previous acquisitions have been accounted for as purchases under which assets acquired and liabilities assumed were recorded at their fair values with the excess purchase price recognized as goodwill. The Company evaluates annually or when changes in circumstances warrant the recoverability of goodwill and if there is a decrease in value, the related impairment is recognized as a charge against income. No impairment of goodwill has been recognized in the accompanying financial statements.

Long-lived Assets

Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the fair value of the asset, and long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less costs to sell. No impairment of long-lived assets has been

recognized in the accompanying financial statements.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Income Taxes

Income taxes include taxes currently payable plus deferred taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to the temporary differences in the financial reporting basis and tax basis of assets and liabilities and operating loss carry-forwards. Deferred tax assets are measured using enacted tax rates expected to apply to taxable income in the years in which these temporary differences are expected to be recovered or settled.

In June 2006, the Financial Accounting Standards Board (“FASB”) issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes (“FIN 48”). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes (“FAS 109”). This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure, and transition. The adoption of FIN 48 did not have an impact on the total liabilities or shareholders’ equity of the Company.

Earnings Per Common Share

The Company computes earnings per share in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 128, Earnings per share. This Standard requires presentation of basic and diluted earnings per share. Basic earnings per equivalent Class A common share are computed by dividing net earnings by the weighted-average number of Class A common shares outstanding during each year presented, after the effect of the assumed conversion of Class C common stock to Class A common stock. Diluted earnings per share is computed by dividing net earnings by the weighted-average number of common shares outstanding during the year used to compute basic earnings per share plus dilutive potential incremental shares. Basic and diluted earnings per share amounts have been adjusted retroactively for the effect of annual stock dividends.

Stock Compensation

Effective January 1, 2006, the Company adopted the Financial Accounting Standards Board Statement of Financial Accounting Standards 123 (revised 2004). Share-Based Payment (“SFAS123R”). SFAS 123R requires the recognition of the cost of employee services received in exchange for an award of equity instruments in the financial statements and is measured based on the grant date fair value of the award. The fair value of all options was calculated using the Black Scholes method. SFAS 123R also requires the stock option compensation expense to be recognized over the period during which an employee is required to provide service in exchange for the award (the vesting period). Prior to adopting SFAS 123R, the Company accounted for stock-based compensation plans under Accounting Principles Board Opinion (“APB”) No. 25, Accounting for Stock Issued to Employees (“APB 25”). Under APB 25, generally no compensation expense is recorded when the terms of the award are fixed and the exercise price of the employee stock option equals or exceeds the fair value of the underlying stock on the date of grant. The Company adopted the disclosure-only provision of SFAS No. 123, Accounting for Stock-Based Compensation (“SFAS 123”).

The Company also has one variable option plan (the “1987 Plan”). In accordance with SFAS 123R for 2007 and 2006 and APB Opinion No. 25 for 2005, compensation cost related to options granted and outstanding under this plan is estimated and recognized over the period of the award based on changes in the current market price of the Company’s stock over the vesting period. Options granted under the 1987 Plan are exercisable for a period of ten years from the date of grant. No compensation was recognized under SFAS 123R for 2007 and 2006 or under APB 25 for 2005.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

The Company has four fixed option plans (the “1993 Plan,” the “2000 Plan”, the “2003 Plan” and the “2006 Plan”) Compensation cost of \$20,120 has been recognized for these plans under SFAS 123R for 2007 and 2006 and no compensation under APB 25 for 2005. Had compensation cost for 2005 and for these plans been determined based upon the fair value at the grant date consistent with the methodology prescribed under SFAS No. 123R, the Company’s net earnings and basic and diluted earnings per share would have been reduced as follows:

	Year Ended December 31, 2005
Net earnings, as reported	\$ 3,487,880
Total stock-based employee compensation recognized	--
Total stock-based employee compensation expense determined under fair value based method for all awards	(676,920)
 Pro forma net earnings	 \$ 2,810,960
 Basic earnings per share, as reported	 \$ 0.48
Diluted earnings per share as reported	\$ 0.48
Basic earnings per share, pro forma	\$ 0.39
Diluted earnings per share, pro forma	\$ 0.38

The weighted-average fair value of each option granted in 2007 under the 2006 Plan, is estimated at \$2.35 as of the grant date using the Black Scholes Option Pricing Model with the following assumptions: dividend yield of 5%, volatility of 47%, risk-free interest rate of 3.4%, and an expected life of ten years. For the year ended December 31, 2007, the Company calculated compensation expense of \$12,440 related to stock options.

The weighted-average fair value of each option granted in 2006 under the 2006 Plan, is estimated at \$3.11 as of the grant date using the Black Scholes Option Pricing Model with the following assumptions: dividend yield of 5%, volatility of 42%, risk-free interest rate of 3.4%, and an expected life of ten years. For the year ended December 31, 2006, the Company calculated compensation expense of \$7,680 related to stock options.

The weighted-average fair value of options granted in 2005 under the 2000 Plan and the 2003 Plan is estimated at \$1.92 as of the grant date using the Black Scholes option-pricing model with the following assumptions: dividend yield of 5%, volatility of 39%, risk-free interest rate of 3.4%, and an expected life of five to ten years.

The Company generally estimates the expected life of the options based upon the contractual term of the options. Future volatility is estimated based upon the historical volatility of the Company’s Class A common stock over a period equal to the estimated life of the options. Common stock issued upon exercise of stock options are generally new share issuances rather than from treasury shares. Future compensation relating to non-vested stock options at December 31, 2007 is not material.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts, which at times exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Years Ended December 31, 2007, 2006, and 2005

1) Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. In February 2008, the FASB issued FASB Staff Position (FSP FIN) No. 157-2 which extended the effective date for certain nonfinancial assets and nonfinancial liabilities to fiscal years beginning after November 15, 2008. The Company does not expect the adoption of SFAS No. 157 to have a material impact on our consolidated financial statements.

In February 2007 the FASB issued SFAS No 159, The Fair Value Option for Financial Assets and Financial Liabilities – including an amendment of FASB Statement No 115 (“SFAS 159”) SFAS 159 allows measurement at fair value of eligible financial assets and liabilities that are not otherwise measured at fair value. If the fair value option for an eligible item is elected, unrealized gains and losses for that item shall be reported in current earnings at each subsequent reporting date. SFAS 159 also establishes presentation and disclosure requirements designed to draw comparison between the different measurement attributes the Company elects for similar types of assets and liabilities. This statement is effective for fiscal years beginning after November 15, 2007. The Company is in the process of evaluating the application of the fair value option and its effect on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations, and SFAS No. 160, Non-controlling Interests in Consolidated Financial Statements. SFAS No. 141(R) requires an acquirer to measure the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree at their fair values on the acquisition date, with goodwill being the excess value over the net identifiable assets acquired. SAFS No. 160 clarifies that a non-controlling interest in a subsidiary should be reported as equity in the consolidated financial statements, consolidated net income shall be adjusted to include the net income attributed to the non-controlling interest and consolidated comprehensive income shall be adjusted to include the comprehensive income attributed to the non-controlling interest. The calculation of earnings per share will continue to be based on income amounts attributable to the parent. SFAS No. 141(R) and SFAS No. 160 are effective for financial statements issued for fiscal years beginning after December 15, 2008. Early adoption is prohibited. The Company has not yet determined the effect on our consolidated financial statements, if any, upon adoption of SFAS No. 141(R) or SFAS No. 160.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities. SFAS No. 161 amends SFAS No. 133 , Accounting for Derivative Instruments and Hedging Activities to require enhanced disclosures concerning the manner in which an entity uses derivatives (and the reasons it uses them), the manner in which derivatives and related hedged items are accounted for under SFAS No. 133 and interpretations thereof, and the effects that derivatives and related hedged items have on an entity's financial position, financial performance, and cash flows. SFAS No. 161 is effective for financial statements of fiscal years and interim periods beginning after November 15, 2008. The Company has not yet determined the effects on our consolidated financial statements, if any, that may result upon the adoption of SFAS 161.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

2) Acquisitions

Southern Security Life - Minority Interest Acquisition

As of December 31, 2004, the Company's wholly owned subsidiary, Security National Life Insurance Company ("Security National Life"), and its wholly owned subsidiary, SSLIC Holding, owned approximately 77% of the outstanding shares of common stock of Southern Security Life.

On January 1, 2005, the Company, through Security National Life, acquired the remaining 490,816 shares of common stock or the remaining 23% of Southern Security Life for \$3.84 per share in cash, or an aggregate of \$1,884,733, which was primarily paid during 2005.

The Florida Office of Insurance Regulation approved a reinsurance agreement on December 28, 2005. As a result of the reinsurance agreement, all of the insurance business and operations of Southern Security Life, including its assets and liabilities, were transferred to Security National Life, as reinsurer, as of December 31, 2005, the effective date of the agreement, except for the capital and surplus which is required to be maintained under Florida law. Thus, approximately \$48,528,000 in assets and liabilities were transferred from Southern Security Life to Security National Life pursuant to the reinsurance agreement.

Southern Security Life - Sale

On December 29, 2006, the Company, through its wholly owned subsidiary, Security National Life, entered into an agreement to sell Southern Security Life to American Network Insurance Company ("American Network"), a Pennsylvania corporation and wholly owned subsidiary of Penn Treaty America Corporation, a Pennsylvania corporation. The transaction was subject to and conditioned upon the subsequent approval of the transaction by the Florida Office of Insurance Regulation, the Florida Department of Financial Services, and the Pennsylvania Department of Insurance by an agreed upon date.

The transaction to sell Southern Security Life was rescinded because the regulatory authorities did not approve the transaction as required. As a result of the rescission of the transaction, Articles of Dissolution of Security National Life were filed with the Florida Division of Corporations on December 24, 2007. The filing of the Articles of Dissolution completed the liquidation of Southern Security Life in accordance with the terms of the Agreement and Plan of Complete Liquidation of Southern Security Life into Security National Life, which had been approved on December 12, 2005.

On March 5, 2007, the Company received a proposed consent order from the Florida Office of Insurance Regulation concerning the New Success Life Program, the higher education product previously marketed and sold by Southern Security Life and now marketed and sold by Security National Life. The proposed order states that as a result of the investigation the Florida Office of Insurance Regulation has determined that Southern Security Life violated Florida law (i) by knowingly making statements, sales presentations, omissions or comparisons that misrepresented the benefits, advantages, or terms of the New Success Life Program, and (ii) by knowingly making, advertisements, announcements, or statements containing representations that were untrue or misleading.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

2) Acquisitions (Continued)

The proposed order would require Security National Life and Southern Security Life to immediately cease and desist from making any false or misleading representations to Florida consumers suggesting that the New Success Life Program would accumulate enough value to pay for college expenses in full. The proposed order would also require Security National Life and Southern Security Life to agree to no longer market or sell the New Success Life Program in the State of Florida. In addition, Security National Life and Southern Security Life would be required to send a written notice to Florida consumers who purchased the New Success Life Program on or after January 1, 1998 stating that the higher education program is a whole life insurance product, with a term and annuity rider, and not a college trust fund, savings plan, or other program, and it may not necessarily pay college expenses in full from the accumulated value.

Moreover, the written notice is to provide an opportunity for the Florida consumers who purchased the New Success Life Program on or after January 1, 1998 to cancel their policy and be given a full refund, including all premiums paid, together with interest at the agreed upon rate in the original contract. If each of the Florida consumers who purchased the New Success Life Program after January 1, 1998 was to cancel his or her policy and receive a refund, the cost to the Company to refund all premiums paid, including interest, would be approximately \$8,200,000.

The proposed consent order would also require Security National Life and Southern Security Life to issue refunds including interest to the eleven policyholders whose affidavits were taken in connection with the administrative complaint that the Florida Office of Insurance Regulation had previously filed against Franz Wallace, the former National Sales Director of Southern Security Life. Security National Life and Southern Security Life would additionally be required to issue refunds, including interest, to any Florida policyholder in the New Success Life Program who had filed a complaint with the Florida Department of Financial Services or whose coverage had lapsed. Furthermore, Security National Life and Southern Security Life would be required to notify the state insurance department in each state in which the New Success Life Program is marketed of the order and any complaint that Southern Security Life received relating to the New Success Life Program from policyholders in that state. Finally, Security National Life and Southern Security Life would be required to pay the Florida Office of Insurance Regulation a penalty of \$100,000 and administrative costs of \$5,000.

The Company disputes the terms of the proposed consent order. The Company is not aware of specific concerns that the Florida Office of Insurance Regulation has with the New Success Life Program because it has received no administrative complaint from the Florida Office nor is it aware of any recent market conduct examination that the Florida Office has conducted relative to the program. The Company intends to vigorously oppose the proposed consent order. The Company is currently engaged in discussions with the Florida Office of Insurance Regulation in an effort to settle the dispute concerning the proposed order. If the Company is unable to reach a satisfactory resolution with the Florida Office with respect to the terms of the proposed consent order and the Florida Office of Insurance Regulation issues a similar order, the Company intends to take action necessary to protect its rights and interests, including requesting a hearing before an administrative law judge to oppose the order.

Memorial Insurance Company of America

On December 29, 2005, Security National Life and Southern Security Life completed a stock purchase transaction with Memorial Insurance Company of America, an Arkansas domiciled insurance company (“Memorial Insurance Company”), and purchased all of the outstanding shares of common stock of Memorial Insurance Company for \$13,500,000.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

2) Acquisitions (Continued)

The shareholders of Memorial Insurance Company received payment for their shares by means of distributions, with Security National Life and Southern Security Life simultaneously contributing sufficient capital and surplus to Memorial Insurance Company to maintain its status as an admitted insurer in good standing in the state of Arkansas.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of acquisition of Memorial Insurance Company of America on December 29, 2005:

	Memorial
Assets:	
Cash received	\$ 1,722,238
Value of business acquired	251,086
Investments	29,816,841
Policy loans	34,575
Receivables	388,374
Accrued investment income	302,923
Property and equipment	156,003
Total assets acquired	32,672,040
Liabilities:	
Future life, annuity and other benefits	30,326,086
Other liabilities	417,817
Deferred income taxes	1,928,137
Total liabilities assumed	32,672,040
Net assets acquired	\$ --

Years Ended December 31, 2007, 2006, and 2005

2) Acquisitions (Continued)

C & J Financial, LLC

On July 16, 2007, the Company acquired all of the membership interests of C & J Financial, LLC. The results of C & J Financial's operations have been included in the consolidated financial statements from July 16, 2007. C & J Financial provides financing to funeral homes and mortuaries throughout the United States similar to the Company's Fast-Funding operations and the acquisition is intended to expand the Company's Fast-Funding operations. The aggregate purchase price was \$1,631,500 and consisted of the payment of \$1,250,000 of cash at closing and the issuance of a \$381,500 promissory note. The Company further agreed to cause C & J Financial to pay a \$1,971,764 note payable to a bank that was guaranteed by the sellers. In addition, C & J Financial entered into an obligation payable to one of the sellers for an operating lease of office space for three years. The estimated fair values of the assets acquired and the liabilities assumed at the date of acquisition were as follows:

Loans receivable	\$ 3,178,901
Other current assets	55,295
Office furniture and equipment	18,078
Goodwill	391,847
Total assets	3,644,121
Note payable to bank, current	(1,971,764)
Other current liabilities	(40,857)
Net Assets Acquired	\$ 1,631,500

The excess of the purchase price over the fair value of the identifiable assets of \$391,847 was assigned to goodwill.

Capital Reserve Life Insurance Company

On December 20, 2007, the Company, through its wholly owned subsidiary, Security National Life, acquired all of the outstanding common stock of Capital Reserve Life Insurance Company, a Missouri domiciled insurance company. The results of Capital Reserve Life's operations have been included in the consolidated financial statements from December 17, 2007. Capital Reserve Life sells and services life insurance, annuity products, accident and health insurance, and funeral plan insurance, which are consistent with and will expand the Company's business. The aggregate purchase price was \$2,419,164, of which \$452,404 was paid in cash at closing to the selling shareholders and \$1,966,760, net of \$133,240 overpaid, was placed into an escrow account with the Company's attorney.

Capital Reserve Life is a defendant in a law suit for unpaid bonuses allegedly due to a former employee in the amount of \$1,486,045 (the "Russell Litigation"). The funds deposited into the escrow are to pay any liability that may be determined to be due under the Russell Litigation including interest, attorney's fees, and related expenses. The funds placed in the escrow account are to remain in escrow until the litigation is resolved and are then to be paid to the former shareholders of Capital Reserve after the payment of any judgment or settlement and related attorney's fees and other costs incurred in the Russell Litigation. The former shareholders of Capital Reserve Life have indemnified Security National Life and Capital Reserve Life for any payments that may be required to be made by Capital Reserve Life in excess of the funds in the escrow. The former shareholders additionally agree to be solely responsible for the Russell Litigation following the closing of the acquisition, including all decisions related to defending Capital Reserve in the litigation.

2) Acquisitions (Continued)

The \$2,100,000 of funds held in escrow by the Company's attorney have been included in the accompanying consolidated balance sheet at December 31, 2007 in receivables with the \$1,966,760 liability payable to the shareholders included in other liabilities and accrued expenses. The assets acquired and the liabilities assumed were recognized at their fair values with the excess of the purchase price allocated to value of business acquired. Value of business acquired is being amortized over the estimated term of the insurance policies acquired of 30 years. The estimated fair values of the assets acquired and the liabilities assumed at the date of acquisition were as follows:

Investment in securities	\$ 23,146,994
Policy and other loans	573,821
Accrued investment income	274,370
Receivables	143,183
Furniture and equipment	112,324
Value of business acquired	765,787
Total assets acquired	25,016,479
Future life, annuity and other benefits	(21,888,930)
Checks written in excess of cash in bank	(524,528)
Other liabilities and accrued expenses	(183,857)
Total Liabilities Assumed	(22,597,315)
Fair Value of Net Assets Acquired	\$ 2,419,164

The following unaudited pro forma information has been prepared to present the results of operations of the Company assuming the acquisition of Memorial Insurance Company had occurred on January 1, 2005 and the acquisitions of C & J Financial and Capital Reserve Life had occurred at the beginning of the years ended December 31, 2007 and 2006. This pro forma information is supplemental and does not necessarily present the operations of the Company that would have occurred had the acquisitions occurred on those dates and may not reflect the operations that will occur in the future:

3) Investments (Continued)

The fair values for fixed maturity securities are based on quoted market prices, when available. For fixed maturity securities not actively traded, fair values are estimated using values obtained from independent pricing services, or in the case of private placements, are estimated by discounting expected future cash flows using a current market value applicable to the coupon rate, credit and maturity of the investments. The fair values for equity securities are based on quoted market prices.

The amortized cost and estimated fair value of fixed maturity securities at December 31, 2007, by contractual maturity, are shown below. Expected maturities may differ from contractual maturities because certain borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

	Amortized Cost	Estimated Fair Value
Held to Maturity:		
Due in 2008	\$ 2,926,829	\$ 2,865,709
Due in 2009 through 2012	8,625,365	8,609,382
Due in 2013 through 2017	26,452,256	26,211,427
Due after 2017	68,467,656	66,934,869

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

3) Investments (Continued)

The Company's realized gains and losses from investments and other assets are summarized as follows:

	2007	2006	2005
Fixed maturity securities held to maturity:			
Gross realized gains	\$ 94,984	\$ 1,282	\$ 2,593
Gross realized losses	(27,065)	(28,439)	--
Securities available for sale:			
Gross realized gains	175,990	106,252	56,651
Gross realized losses	(860)	(12,996)	(561)
Other assets	764,525	825,205	15,563
Total	\$ 1,007,574	\$ 891,304	\$ 74,246

Generally gains and losses from held to maturity securities are a result of early calls and related amortization of premiums or discounts.

Mortgage loans consist of first and second mortgages. The mortgage loans bear interest at rates ranging from 3.75 % to 19.125%, maturity dates range from three months to 30 years and are secured by real estate. Concentrations of credit risk arise when a number of mortgage loan debtors have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic conditions. Although the Company has a diversified mortgage loan portfolio consisting of residential mortgages, commercial loans and residential construction loans and requires collateral on all real estate exposures, a substantial portion of its debtors' ability to honor obligations is reliant on the economic stability of the geographic region in which the debtors do business. At December 31, 2007, the Company has 59 % of its mortgage loans from borrowers located in the state of Utah. The mortgage loans on real estate balances on the consolidated balance sheet are reflected net of an allowance for loan losses of \$1,435,131 and \$1,026,576 at December 31, 2007 and 2006, respectively.

There were no investments, aggregated by issuer, in excess of 10% of shareholders' equity (before net unrealized gains and losses on available for sale securities) at December 31, 2007, other than investments issued or guaranteed by the United States Government.

Major categories of net investment income are as follows:

	2007	2006	2005
Fixed maturity securities	\$ 6,045,141	\$ 5,893,909	\$ 4,602,518
Equity securities	161,850	132,521	84,611
Mortgage loans on real estate	6,759,943	6,884,991	5,267,027
Real estate	1,273,652	1,159,572	1,636,413

Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-K

Policy, student and other loans	707,068	713,798	674,826

AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

3) Investments (Continued)

Net investment income includes net investment income earned by the restricted assets of the cemeteries and mortuaries of approximately \$ 943,000, \$936,000 and \$904,000 for 2007, 2006, and 2005, respectively.

Investment expenses consist primarily of depreciation, property taxes and an estimated portion of administrative expenses relating to investment activities.

Securities on deposit for regulatory authorities as required by law amounted to \$10,550,394 at December 31, 2007 and \$7,248,075 at December 31, 2006. The restricted securities are included in various assets under investments on the accompanying consolidated balance sheets.

4) Receivables

Receivables consist of the following:

	2007	2006
Trade contracts	\$ 8,870,303	\$ 8,114,563
Advances receivables from sales agents	2,463,799	2,146,507
Contract for sale of Southern Security Life	-	4,365,887
Held in Escrow – Capital Reserve Life	2,100,000	-
Other	1,602,765	1,117,553
Total receivables	15,036,867	15,744,510
Allowance for doubtful accounts	(1,293,185)	(866,392)
Net receivables	\$ 13,743,682	\$ 14,878,118

5) Value of Business Acquired

Information with regard to value of business acquired is as follows:

	2007	2006	2005
Balance at beginning of year	\$ 11,882,047	\$ 12,663,221	\$ 14,053,497
Value of business acquired	765,787	210,926	(292,667)
Imputed interest at 7%	824,502	851,702	935,085
Amortization	(1,786,256)	(1,843,802)	(2,032,694)
Net amortization charged to income	(961,754)	(992,100)	(1,097,609)
Balance at end of year	\$ 11,686,080	\$ 11,882,047	\$ 12,663,221

Presuming no additional acquisitions, net amortization charged to income is expected to approximate \$930,000, \$896,000, \$863,000, \$830,000, and \$789,000 for the years 2008 through 2012. Actual amortization may vary based on changes in assumptions or experience.

6) Property and Equipment

The cost of property and equipment is summarized below:

	2007	December 31, 2006
Land and buildings	\$ 17,232,624	\$ 17,040,687
Furniture and equipment	14,743,513	12,024,948
	31,976,137	29,065,635
Less accumulated depreciation	(17,147,438)	(15,006,106)
Total	\$ 14,828,699	\$ 14,059,529

7) Bank Loans Payable

Bank loans payable are summarized as follows:

	2007	December 31, 2006
6% note payable in monthly installments of \$5,693 including principal and interest, collateralized by real property, with a book value of approximately \$776,000, due September 2010.	\$ 534,311	\$ 564,254
6.34% note payable in monthly installments of \$13,556 including principal and interest, collateralized by real property with a book value of	1,322,676	1,379,158

approximately \$629,000, due November 2017.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

7) Bank Loans Payable (Continued)

	December 31, 2007	2006
Bank prime rate less 1.35% (6.90% at December 31, 2006) note payable in monthly installments of \$2,736 including principal and interest, collateralized by 15,000 shares of Security National Life Insurance Company stock, paid in full in 2007.	--	4,827
5.87% note payable with interest and monthly principal payments of \$134,000, collateralized by 15,000 shares of Security National Life Insurance Company Stock, due January 2010.	3,129,896	4,569,116
Bank prime rate less .5% (6.75% at December 31, 2007) revolving line of credit of \$3,750,000, accrued interest paid monthly, unpaid balance due June 2008	500,000	250,000
One year LIBOR rate (6.95% at December 31, 2007) revolving line of credit of \$40,000,000 collateralized by commercial and residential loans, accrued interest paid monthly, unpaid balance due June 2008	6,500,000	--
Mark to market of interest rate swaps (discussed below) adjustment	26,941	(133,080)
Other collateralized bank loans payable	538,842	289,069
Total bank loans	12,552,666	6,923,344
Less current installments	8,842,885	3,118,842
Bank loans, excluding current installments	\$ 3,709,781	\$ 3,804,502

The Company considers its interest rate swap instruments (swaps) effective cash flow hedges against the variable interest rates of certain bank loans. The swaps expire on the maturity dates of the bank loans they hedge. In the event a swap is terminated, any resulting gain or loss would be deferred and amortized to interest expense over the remaining life of the bank loan it hedged. In the event of early extinguishment of a hedged bank loan, any realized or unrealized gain or loss from the hedging swap would be recognized in income coincident with the extinguishment.

Information regarding the swaps is as follows as of December 31, 2007:

6.75%

Weighted average variable interest rate of the hedged bank loans (prime less .5%)	
Weighted average fixed interest rate of the swaps	6.18%
Market value of the swaps- potential unrealized gain position	\$ 26,941

The respective market values of the swaps are derived from proprietary models of the financial institution with whom the Company purchased the swaps and from whom the Company obtained the hedged bank loans.

See Note 8 for summary of maturities in subsequent years.

Years Ended December 31, 2007, 2006, and 2005

9) Cemetery and Mortuary Endowment Care and Pre-need Merchandise Funds

The Company has, historically, presented its perpetual care trusts, associated with its pre-need funeral and cemetery activities, on a net basis in the consolidated financial statements. In accordance with its adoption of FIN 46R, the assets and liabilities of the perpetual care trusts have been presented on a gross basis. Although FIN 46R requires the consolidation of the merchandise and service trusts, it does not change the legal relationships among the trusts, the Company and its customers. The customers are the legal beneficiaries of these merchandise and service trusts, and therefore, their interest in these trusts has been represented as non-controlling interest in perpetual care trusts in the accompanying consolidated financial statements.

The components of the non-controlling interests in perpetual care trusts are as follows:

	December 31	
	2007	2006
Trust investments, at market value	\$ 1,604,600	\$ 1,306,984
Note receivables from Cottonwood Mortuary and Singing Hills Cemetery eliminated in consolidation	1,140,702	1,158,863
Other	(271,544)	(187,337)
Non-controlling interest	\$ 2,473,758	\$ 2,278,510

The Company has established and maintains certain restricted trust investments to provide for future merchandise and service obligations incurred in connection with its pre-need sales. Such amounts are reported as pre-need funeral and cemetery trust investments of cemeteries and mortuaries in the accompanying consolidated balance sheets.

Assets in the restricted asset account are summarized as follows:

	December 31,	
	2007	2006
Cash and cash equivalents	\$ 843,355	\$ 673,262
Mutual funds	301,223	332,960
Fixed maturity securities	8,775	8,775
Equity securities	77,638	77,778
Participation in mortgage loans with Security National Life	4,480,063	4,338,095
Total	\$ 5,711,054	\$ 5,430,870

10) Income Taxes

The Company's income tax liability at December 31 is summarized as follows:

	December 31,	
	2007	2006

Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-K

Current	\$	380,171	\$	690,171
Deferred		15,799,425		15,897,113
Total	\$	16,179,596	\$	16,587,284

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

10) Income Taxes (Continued)

Significant components of the Company's deferred tax (assets) and liabilities at December 31 are approximately as follows:

	2007	2006
Assets		
Future policy benefits	\$ (4,417,044)	\$ (3,667,170)
Unearned premium	(1,848,396)	(1,672,173)
Other	(1,684,564)	(434,239)
Less: Valuation allowance	5,113,793	4,818,494
Total deferred tax assets	(2,836,211)	(955,088)
Liabilities		
Deferred policy acquisition costs	8,462,764	7,374,960
Value of business acquired	4,269,546	4,338,358
Installment sales	2,773,683	2,232,103
Trusts	1,579,181	1,257,376
Tax on unrealized appreciation	1,550,462	1,649,404
Total deferred tax liabilities	18,635,636	16,852,201
Net deferred tax liability	\$ 15,799,425	\$ 15,897,113

The increase in the valuation allowance was \$295,309 and \$4,818,484 during 2007 and 2006, respectively. The Company paid \$875,825, \$173,389 and \$37,960 in income taxes for 2007, 2006 and 2005, respectively. The Company's income tax expense (benefit) is summarized as follows:

	2007	2006	2005
Current	\$ 375,825	\$ 617,203	\$ 377,732
Deferred	481,810	1,153,985	862,024
Total	\$ 857,635	\$ 1,771,188	\$ 1,239,756

The reconciliation of income tax expense at the U.S. federal statutory rates is as follows:

	2007	2006	2005
Computed expense at statutory rate	\$ 1,061,831	\$ 2,344,517	\$ 1,607,396
Special deductions allowed small life insurance companies	(330,804)	(624,438)	(399,820)
Dividends received deduction	--	(2,040)	(5,780)
Other, net	126,608	53,149	37,960
Tax expense	\$ 857,635	\$ 1,771,188	\$ 1,239,756

A portion of the life insurance income earned prior to 1984 was not subject to current taxation but was accumulated for tax purposes, in a “policyholders’ surplus account.” Under provisions of the Internal Revenue Code, the policyholders’ surplus account was frozen at its December 31, 1983 balance and will be taxed generally only when distributed. Congress passed changes to the tax code, which exempts distributions from tax if such distributions are made in the years 2005 through 2007. The Company took advantage of these changes and made distributions in 2006 of its policyholders surplus account (\$4,152,318). The Company does not have a net operating loss carry forward.

In June 2006, the Financial Accounting Standards Board (“FASB”) issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes (“FIN 48”). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes (“FAS 109”). This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure, and transition. The Company is subject to the provisions of FIN 48 as of January 1, 2007, and believes that its income tax filing positions and deductions will be sustained on audit and does not anticipate any adjustments that will result in a material adverse effect on the Company’s financial condition, results of operations, or cash flow. Therefore, no reserves for uncertain income tax positions have been recorded pursuant to FIN 48.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

10) Income Taxes (Continued)

The Company has deducted estimated loan losses, and estimated future payments to investors of mortgage loans that may not be allowed upon examination. The reversal of the deductions would create \$983,000 of deferred tax assets and have therefore not been recognized as current income taxes at December 31, 2007.

11) Reinsurance, Commitments and Contingencies

The Company follows the procedure of reinsuring risks in excess of a specified limit, which ranged from \$30,000 to \$75,000 during the years 2007 and 2006. The Company is liable for these amounts in the event such reinsurers are unable to pay their portion of the claims. The Company has also assumed insurance from other companies having insurance in force amounting to \$1,190,843,000 (unaudited) at December 31, 2007 and \$1,388,552,000 (unaudited) at December 31, 2006.

As part of the acquisition of Southern Security, the Company had a co-insurance agreement with The Mega Life and Health Insurance Company ("MEGA"). On December 31, 1992 Southern Security ceded to MEGA 18% of all universal life policies in force at that date. MEGA is entitled to 18% of all future premiums, claims, policyholder loans and surrenders relating to the ceded policies. In addition, Southern Security received certain commission and expense reimbursement. Effective January 1, 2006, Southern Security entered into a Reinsurance Recapture Agreement with MEGA wherein the policies reinsured under the Reinsurance Agreement between the Company and MEGA dated December 31, 1992, as amended was recaptured. During February 2006 MEGA transferred assets and liabilities of approximately \$6,582,000 to Southern Security. Consideration paid by Southern Security to MEGA was \$200,000.

The Company has commitments to fund residential construction loans. As of December 31, 2007 the Company had commitments of \$55,339,000 for these loans of which \$37,859,000 had been funded. These loans are for new construction. The Company will advance funds once the work has been completed and an independent inspection is made. The maximum loan commitment ranges between 50% to 80% of appraised value. The Company receives fees from the borrowers and the interest rate is generally 1% to 2% over the bank prime rate (7.25% as of December 31, 2007). Maturities range between six and twelve months.

The City of Phoenix (in Arizona) began condemnation proceedings during 2004 on the property where the Camelback Funeral Home was located for purposes of constructing a light rail facility. The city placed \$1,200,000 in escrow to pay the Company for the property that was condemned. The carrying amount on the Company's financial statements for the land and building of the Camelback Funeral Home at December 31, 2005 was \$678,889. The Company has had an independent appraisal and negotiated a higher sales price with the city. In July 2006, the Company settled with the City of Phoenix for a sales price of \$1,440,000. As a result of the sale, the Company recognized a gain of \$760,231 during the third quarter of 2006. The first payment of \$1,200,000 was made by the City of Phoenix in August 2006, with the remaining amount of \$240,000 paid in 2007, together with interest of \$172,000.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

11) Reinsurance, Commitments and Contingencies (Continued)

In June 2007, the Company completed the sale of the Colonial Funeral Home property to the Utopia Station Development Corp. for \$730,242, net of selling costs of \$44,758. The Colonial Funeral Home ceased operations in July 2006 and has been inactive since that date. The carrying amount on the Company's financial statements on June 20, 2007 was \$148,777. As a result of the sale, including payment of selling expenses, the Company recognized a gain of \$581,465. The Company received an initial payment of \$15,242, with the remaining amount due of \$715,000 to be paid in a lump sum within a year from the date of sale. The gain has been included as a part of realized gains on investments and other assets in the Company's condensed consolidated statement of earnings.

The Company leases office space and equipment under various non-cancelable agreements, with remaining terms up to five years. Minimum lease payments under these non-cancelable operating leases as of December 31, 2007, are approximately as follows:

Y e a r s	
Ending	
D e c e m b e r	
31:	
2008	\$ 1,404,000
2009	971,000
2010	468,000
2011	229,000
2012	75,000
Total	\$ 3,147,000

Total rent expense related to these non-cancelable operating leases for the Years Ended December 31, 2007, 2006, and 2005 was approximately \$1,957,000, \$1,222,000 and \$828,000, respectively.

Recently, SecurityNational Mortgage Company renewed its warehouse lines of credit with its non affiliated warehouse lenders. The total amount available under these lines of credit is \$450,000,000. The terms of the lines of credit are for one year, with interest rates ranging from 1.5% to 1.75% over the three month LIBOR rate (6.52% to 6.77% as of December 31, 2007).

At December 31, 2007, the Company was contingently liable under a standby letter of credit aggregating \$213,411, to be used as collateral to cover any contingency related to additional risk assessments pertaining to the Company's self-insurance casualty program. The Company does not expect any material losses to result from the issuance of the standby letter of credit because claims are not expected to exceed premiums paid. Accordingly, the estimated fair value of these instruments is zero.

The Company is self insured for certain casualty insurance and health benefit programs. Self-Insurance reserves are maintained relative to these programs. The level of exposure from catastrophic events is limited by the purchase of stop-loss and aggregate liability reinsurance coverages. When estimating the self-insurance liabilities and related reserves, management considers a number of factors, which include historical claims experience, demographic factors,

severity factors and valuations provided by independent third-party actuaries. Management reviews its assumptions with its independent third-party administrators and actuaries to evaluate whether the self-insurance reserves are adequate. If actual claims or adverse development of loss reserves occurs and exceed these estimates, additional reserves may be required. The estimation process contains uncertainty since management must use judgment to estimate the ultimate cost that will be incurred to settle reported claims and unreported claims and unreported claims for incidents incurred but not reported as of the balance sheet date. At December 31, 2007, \$403,181 of reserves was established related to such insurance programs versus \$100,324 at December 31, 2006.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

11) Reinsurance, Commitments and Contingencies (Continued)

The Company received a letter dated November 29, 2004 on behalf of Roger Gornichec, who the Company recognizes as having been an independent contractor. Gornichec had concluded his services as an agent selling insurance in the spring of 2003 and his license to sell cemetery plots was not renewed in the summer of 2004. Gornichec asserted that he was an employee contrary to the Company's position.

The claims made in the letter on behalf of Gornichec included but were not limited to, wrongful termination in violation of public policy, misrepresentation, age discrimination, whistle-blower retaliation, interference with economic advantage, breach of contract, breach of the covenant of good faith and fair dealing, and infliction of emotional distress. Gornichec also claimed he was owed a certain amount from a retirement plan. The letter from Gornichec's attorney proposed a settlement in the amount of \$420,000. Based on its investigation, the Company believes Gornichec was an independent contractor rather than an employee, and there was no justification for the claims and the settlement amount sought. The Company reached a settlement with Gornichec, which resulted in the Company paying \$27,000 to Gornichec during the second quarter of 2006.

The Company received a letter dated November 9, 2004 on behalf of Charles Hood, who worked at Singing Hills Memorial Park in El Cajon, California. Hood was hired in early 2003 as a groundskeeper with his work concluding on October 30, 2003. Hood claims he wrote a letter to the Company expressing his concerns regarding the operation of the cemetery, and that the next day he was terminated, even though he recognizes his relationship was as an at-will employee. Hood's claims against the Company also include, but are not limited to, violation of labor laws, whistleblower retaliation and infliction of emotional distress. The letter proposed a settlement in the amount of \$275,000.

On November 23, 2005, Hood filed a complaint in the Superior Court of the State of California for the County for San Diego (Case No. GIE 028978) against Singing Hills Memorial Park and California Memorial Estates, Inc, wholly owned subsidiaries of the Company. The claims in the complaint include wrongful termination in violation of public policy, retaliation in violation of public policy, race discrimination in violation of the California Fair Employment and Housing Act, retaliation in violation of the California Fair Employment and Housing Act, intentional infliction of emotional distress, plus punitive damages, attorney's fees and costs of the lawsuit. There are no specific amounts requested in the complaint, but damages are in an amount to be proven at a jury trial. The Company contends that Hood voluntarily quit and was not terminated. The trial was set for November 2006. The Company reached a settlement with Hood, which resulted in the Company paying \$30,000 to Hood, during the third quarter of 2006.

On March 5, 2007, the Company received a proposed consent order from the Florida Office of Insurance Regulation concerning the New Success Life Program, the higher education product currently marketed and sold by Southern Security Life. The proposed order states that as a result of the investigation the Florida Office of Insurance Regulation has determined that Southern Security Life violated Florida law (i) by knowingly making statements, sales presentations, omissions or comparisons that misrepresented the benefits, advantages, or terms of the New Success Life Program, and (ii) by knowingly making advertisements, announcements, or statements containing representations that were untrue or misleading.

The proposed order would require Security National Life and Southern Security Life to immediately cease and desist from making any false or misleading representations to Florida consumers suggesting that the New Success Life Program would accumulate enough value to pay for college expenses in full. The proposed order would also require Security National Life and Southern Security Life to agree to no longer market or sell the New Success Life Program in the State of Florida. In addition, Security National Life and Southern Security Life would be required to send a written notice to Florida consumers who purchased the New Success Life Program on or after January 1, 1998 stating that the higher education program is a whole life insurance product, with a term and annuity rider, and not a college trust fund, savings plan, or other program, and it may not necessarily pay college expenses in full from the accumulated value.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

11) Reinsurance, Commitments and Contingencies (Continued)

Moreover, the written notice is to provide an opportunity for the Florida consumers who purchased the New Success Life Program on or after January 1, 1998 to cancel their policy and be given a full refund, including all premiums paid, together with interest at the agreed upon rate in the original contract. If each of the Florida consumers who purchased the New Success Life Program after January 1, 1998 was to cancel his or her policy and receive a refund, the cost to the Company to refund all premiums paid, including interest, would be approximately \$8,200,000.

The proposed consent order would also require Security National Life and Southern Security Life to issue refunds including interest to the eleven policyholders whose affidavits were taken in connection with the administrative complaint that the Florida Office of Insurance Regulation had previously filed against Franz Wallace, the former National Sales Director of Southern Security Life. Security National Life and Southern Security Life would additionally be required to issue refunds, including interest, to any Florida policyholder in the New Success Life Program who had filed a complaint with the Florida Department of Financial Services or whose coverage had lapsed. Furthermore, Security National Life and Southern Security Life would be required to notify the state insurance department in each state in which the New Success Life Program is marketed of the order and any complaint that Southern Security Life received relating to the New Success Life Program from policyholders in that state. Finally, Security National Life and Southern Security Life would be required to pay the Florida Office a penalty of \$100,000 and administrative costs of \$5,000.

The Company disputes the terms of the proposed consent order. The Company is not aware of specific concerns that the Florida Office of Insurance Regulation has with the New Success Life Program because it has received no administrative complaint from the Florida Office of Insurance Regulation nor is it aware of any recent market conduct examination that the Florida Office has conducted relative to the program. The Company intends to vigorously oppose the proposed consent order. The Company is currently engaged in discussions with the Florida Office of Insurance Regulation in an effort to settle the dispute concerning the proposed order. If the Company is unable to reach a satisfactory resolution with the Florida Office of Insurance Regulation with respect to the terms of the proposed consent order and the Florida Office issues a similar order, the Company intends to take action necessary to protect its rights and interests, including requesting a hearing before an administrative law judge to oppose the order.

The Company is a defendant in various other legal actions arising from the normal conduct of business. Management believes that none of the actions will have a material effect on the Company's financial position or results of operations. Based on management's assessment and legal counsel's representations concerning the likelihood of unfavorable outcomes, no amounts have been accrued for the above claims in the consolidated financial statements.

The Company is not a party to any other material legal proceedings outside the ordinary course of business or to any other legal proceedings, which, if adversely determined, would have a material adverse effect on its financial condition or results of operations.

12) Retirement Plans

The Company and its subsidiaries have a noncontributory Employee Stock Ownership Plan (ESOP) for all eligible employees. Eligible employees are primarily those with more than one year of service, who work in excess of 1,000

hours per year. Contributions, which may be in cash or stock of the Company, are determined annually by the Board of Directors.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

(12) Retirement Plans (Continued)

The Company's contributions are allocated to eligible employees based on the ratio of each eligible employee's compensation to total compensation for all eligible employees during each year. ESOP contribution expense totaled \$176,061, \$138,286, and \$131,524 for 2007, 2006 and 2005, respectively. At December 31, 2007 the ESOP held 586,914 shares of Class A and 1,712,228 shares of Class C common stock of the Company. All shares held by the ESOP have been allocated to the participating employees and all shares held by the ESOP are considered outstanding for purposes of computing earnings per share.

The Company has a 401(k) savings plan covering all eligible employees, as defined above, which includes employer participation in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The plan allows participants to make pretax contributions up to a maximum of \$15,500, \$15,000, and \$14,000 for the years 2007, 2006 and 2005, respectively or the statutory limits.

The Company may match up to 50% of each employee's investment in Company stock, up to 1/2 of 1% of the employee's total annual compensation. The Company's match will be Company stock and the amount of the match will be at the discretion of the Company's Board of Directors. The Company's matching 401(k) contributions for 2007, 2006, and 2005 were \$10,001, and \$8,656, \$5,142, respectively. Also, the Company may contribute, at the discretion of the Company's Board of Directors, an Employer Profit Sharing Contribution to the 401(k) savings plan. The Employer Profit Sharing Contribution shall be divided among three different classes of participants in the plan based upon the participant's title in the Company. The Company contributions for 2007, 2006, and 2005 were \$198,022, \$162,584, and \$135,589, respectively. All amounts contributed to the plan are deposited into a trust fund administered by an independent trustee.

Beginning January 1, 2008, the Company has elected to be a "Safe Harbor" Plan for its matching 401(k) contributions. The Company will match 100% of up to 3% of an employee's total annual compensation and will match 50% of 4% to 5% of an employee's annual compensation. The match will be in Company Stock.

In 2001, the Company's Board of Directors adopted a Deferred Compensation Plan. Under the terms of the Plan, the Company will provide deferred compensation for a select group of management or highly compensated employees, within the meaning of Sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended. The Board has appointed a Committee of the Company to be the Plan Administrator and to determine the employees who are eligible to participate in the plan. The employees who participate may elect to defer a portion of their compensation into the plan. The Company may contribute into the plan at the discretion of the Company's Board of Directors. The Company's contributions for 2007, 2006 and 2005 were \$133,037, \$125,558, and \$141,710, respectively.

The Company has deferred compensation agreements with its Chief Executive Officer and its past Senior Vice President. The deferred compensation is payable on the retirement or death of these individuals either in annual installments over 10 years or in a lump sum settlement, if approved by the Board of Directors. The amount payable is \$72,223 per year with cost of living adjustments each anniversary. The compensation agreements also provide that any remaining balance will be payable to their heirs in the event of their death. In addition, the agreements provide that the Company will pay the Group Health coverages for these individuals and/or their spouses. In 2007 and 2006,

the Company decreased its liability for these future obligations by \$9,000 and \$6,000, respectively. The current balance as of December 31, 2007 is \$721,000.

On July 16, 2004, the Company entered into an employment agreement with Scott M. Quist, its President and Chief Operating Officer. The agreement is effective as of December 4, 2003 and has a five-year term, but the Company has agreed to renew the agreement on December 4, 2008 and 2013 for additional five-year terms, provided Mr. Quist performs his duties with usual and customary care and diligence.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

12) Retirement Plans (Continued)

Under the terms of the agreement, Mr. Quist is to devote his full time to the Company serving as its President, and Chief Operating Officer at not less than his current salary and benefits. The Company also agrees to maintain a group term life insurance policy of not less than \$1,000,000 on Mr. Quist's life and a whole life insurance policy in the amount of \$500,000 on Mr. Quist's life. In the event of disability, Mr. Quist's salary would be continued for up to five years at 75% of its current level.

In the event of a sale or merger of the Company and Mr. Quist is not retained in his current position, the Company would be obligated to continue Mr. Quist's current compensation and benefits for seven years following the merger or sale. The agreement further provides that Mr. Quist is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 65), (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to 75% of his then current rate of compensation. However, in the event that Mr. Quist dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed \$101,200 and \$88,700 in fiscal 2007 and 2006, respectively, to cover the present value of anticipated retirement benefits under the employment agreement. The liability accrued is \$587,500 and \$486,300 as of December 31, 2007 and 2006, respectively.

On December 4, 2003, the Company, through its subsidiary SecurityNational Mortgage Company, entered into an employment agreement with J. Lynn Beckstead, Jr., Vice President of Mortgage Operations and President of SecurityNational Mortgage Company. The agreement has a five-year term, but the Company has agreed to renew the agreement on December 4, 2008 and 2013 for additional five-year terms, provided Mr. Beckstead performs his duties with usual and customary care and diligence. Under the terms of the agreement, Mr. Beckstead is to devote his full time to the Company serving as President of SecurityNational Mortgage Company at not less than his current salary and benefits, and to include \$350,000 of life insurance protection. In the event of disability, Mr. Beckstead's salary would be continued for up to five years at 50% of its current level.

In the event of a sale or merger of the Company and Mr. Beckstead is not retained in his current position, the Company would be obligated to continue Mr. Beckstead's current compensation and benefits for five years following the merger or sale. The agreement further provides that Mr. Beckstead is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 62½) (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to one-half of his then current annual salary. However, in the event that Mr. Beckstead dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed in 2007 and 2006 approximately \$43,900 and \$36,200, respectively, to cover the present value of the retirement benefit of the agreement. The liability accrued is \$316,900 and \$273,000, as of December 31, 2007 and 2006, respectively.

13) Capital Stock

The following table summarizes the activity in shares of capital stock for the three-year period ended December 31, 2007:

	Class A	Class C
Balance at December 31, 2004	6,755,870	6,468,199
New shares issued for compensation	896	--
Exercise of stock options	2,550	--
Stock Dividends	338,042	322,908
Conversion of Class C to Class A	1,005	(10,047)
Balance at December 31, 2005	7,098,363	6,781,060
New shares issued for compensation	500	--
Exercise of stock options	74,520	--
Stock Dividends	359,606	338,940
Conversion of Class C to Class A	241	(2,409)
Balance at December 31, 2006	7,533,230	7,117,591
Exercise of stock options	(38,487)	1,157,626
Stock Dividends	375,413	406,217
Conversion of Class C to Class A	15,073	(150,735)
Balance at December 31, 2007	7,885,229	8,530,699

The Company has two classes of common stock with shares outstanding, Class A and Class C. Class C shares vote share for share with the Class A shares on all matters except election of one-third of the directors who are elected solely by the Class A shares, but generally are entitled to a lower dividend participation rate. Class C shares are convertible into Class A shares at any time on a ten to one ratio.

Stockholders of both classes of common stock have received 5% stock dividends in the years 1990 through 2007, as authorized by the Company's Board of Directors.

The Company has Class B Common Stock of \$1.00 par value, 5,000,000 shares authorized, of which none are issued. Class B shares are non-voting stock except to any proposed amendment to the Articles of Incorporation which would affect Class B Common Stock.

13) Capital Stock (Continued)

Earnings per share amounts have been retroactively adjusted for the effect of annual stock dividends. In accordance with SFAS 128, the basic and diluted earnings per share amounts were calculated as follows:

	2007	2006	2005
Numerator:			
Net income	\$ 2,265,396	\$ 5,124,450	\$ 3,487,880
Denominator:			
Denominator for basic earnings per share-weighted-average shares	7,573,714	7,371,549	7,297,146
Effect of dilutive securities:			
Employee stock options	180,339	157,220	31,479
Stock appreciation rights	----	1,367	600
Dilutive potential common shares	180,339	158,587	32,079
Denominator for diluted earnings per share-adjusted weighted-average shares and assumed conversions			
	7,754,053	7,530,136	7,329,225
Basic earnings per share	\$ 0.30	\$ 0.70	\$ 0.48
Diluted earnings per share	\$ 0.29	\$ 0.68	\$ 0.48

14) Stock Compensation Plans

In 1987, the Company adopted the 1987 Incentive Stock Option Plan (the 1987 Plan). The 1987 Plan provides that shares of the Class A Common Stock of the Company may be optioned to certain officers and key employees of the Company. The 1987 Plan establishes a Stock Option Plan Committee which selects the employees to whom the options will be granted and determines the price of the stock. The 1987 Plan establishes the minimum purchase price of the stock at an amount which is not less than 100% of the fair market value of the stock (110% for employees owning more than 10% of the total combined voting power of all classes of stock).

The 1987 Plan provides that if additional shares of Class A Common Stock are issued pursuant to a stock split or a stock dividend, the number of shares of Class A Common Stock then covered by each outstanding option granted hereunder shall be increased proportionately with no increase in the total purchase price of the shares then covered, and the number of shares of Class A Common Stock reserved for the purpose of the 1987 Plan shall be increased by the same proportion.

In the event that the shares of Class A Common Stock of the Company from time to time issued and outstanding are reduced by a combination of shares, the number of shares of Class A Common Stock then covered by each

outstanding option granted hereunder shall be reduced proportionately with no reduction in the total price of the shares then so covered, and the number of shares of Class A Common Stock reserved for the purposes of the 1987 Plan shall be reduced by the same proportion.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

14) Stock Compensation Plans (Continued)

The 1987 Plan terminated in 1997 and options granted are non-transferable. Options granted and outstanding under the 1987 Plan include Stock Appreciation Rights which permit the holder of the option to elect to receive cash, amounting to the difference between the option price and the fair market value of the stock at the time of the exercise, or a lesser amount of stock without payment, upon exercise of the option.

Activity of the 1987 Plan is summarized as follows:

	Number of Class A Shares	Option Price
Outstanding at December 31, 2004	3,323	\$ 3.05
Adjustment for the effect of stock dividends	166	
Outstanding at December 31, 2005	3,489	\$ 2.90
Adjustment for the effect of stock dividends	175	
Outstanding at December 31, 2006	3,664	\$ 2.76

Outstanding at December 31, 2007	--	--
Exercisable at end of year	--	
Available options for future grant 1987 Stock Incentive Plan	--	
Weighted average contractual term of options outstanding at December 31, 2007	0 years	
Aggregated intrinsic value of options outstanding at December 31, 2007	\$	--

On June 21, 1993, the Company adopted the Security National Financial Corporation 1993 Stock Incentive Plan (the "1993 Plan"), which reserved 300,000 shares of Class A Common Stock for issuance thereunder.

The 1993 Plan allows the Company to grant options and issue shares as a means of providing equity incentives to key personnel, giving them a proprietary interest in the Company and its success and progress.

The 1993 Plan provides for the grant of options and the award or sale of stock to officers, directors, and employees of the Company. Both “incentive stock options,” as defined under Section 422A of the Internal Revenue Code of 1986 (the “Code”), and “non-qualified options” may be granted pursuant to the 1993 Plan. Options intended as incentive stock options may be issued only to employees, and must meet certain conditions imposed by the Code, including a requirement that the option exercise price be not less than the fair market value of the option shares on the date of grant. The 1993 Plan provides that the exercise price for non-qualified options will be not less than at least 50% of the fair market value of the stock subject to such option as of the date of grant of such options, as determined by the Company’s Board of Directors.

SECURITY NATIONAL FINANCIAL CORPORATION
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
Years Ended December 31, 2007, 2006, and 2005

14) Stock Compensation Plans (Continued)

The options were granted to reward certain officers and key employees who have been employed by the Company for a number of years and to help the Company retain these officers by providing them with an additional incentive to contribute to the success of the Company.

The 1993 Plan is administered by the Board of Directors or by a committee designated by the Board. The 1993 Plan provides that if the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of options shall be increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or stock dividend. No options may be exercised for a term of more than ten years from the date of grant.

On November 7, 1996, the Company amended the Plan as follows: (i) to increase the number of shares of Class A Common Stock reserved for issuance under the plan from 300,000 Class A shares to 600,000 Class A shares; and (ii) to provide that the stock subject to options, awards and purchases may include Class C common stock.

On October 14, 1999, the Company amended the 1993 Plan to increase the number of shares of Class A Common Stock reserved for issuance under the plan from 600,000 Class A shares to 1,046,126 Class A shares. The Plan had a term of ten years and was terminated in 2003 and options granted thereunder are non-transferable.

Activity of the 1993 Plan is summarized as follows:

	Number of Class A Shares	Option Price
Outstanding at December, 2004	339,692	\$1.97 - \$5.35
Adjustment for the effect of stock dividends	16,664	
Exercised	(2,980)

On October 16, 2000, the Company adopted the Security National Financial Corporation 2000 Director Stock Option Plan (the "2000 Plan"), which reserved 50,000 shares of Class A Common Stock for issuance thereunder. Effective November 1, 2000, and on each anniversary date thereof during the term of the 2000 Plan, each outside Director who shall first join the Board after the effective date shall be granted an option to purchase 1,000 shares upon the date which such person first becomes an outside Director and an annual grant of an option to purchase 1,000 shares on each anniversary date thereof during the term of the 2000 Plan. The options granted to outside Directors shall vest in their entirety on the first anniversary date of the grant.

The primary purposes of the 2000 Plan are to enhance the Company's ability to attract and retain well-qualified persons for service as directors and to provide incentives to such directors to continue their association with the Company.

The 2000 Plan provides that if the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of options shall be increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivisions, combination or stock dividend.

The 2000 Plan terminated in 2006 and options granted are non-transferable. Options granted and outstanding under the 2000 Plan include Stock Appreciation Rights which permit the holder of the option to elect to receive cash, amounting to the difference between the option price and the fair market value of the stock at the time of the exercise, or a lesser amount of stock without payment, upon exercise of the option.

Activity of the 2000 Plan is summarized as follows:

On July 11, 2003, the Company adopted the Security National Financial Corporation 2003 Stock Option Plan (the "2003 Plan"), which reserved 500,000 shares of Class A Common Stock and 1,000,000 shares of Class C Common Stock for issuance thereunder. On July 13, 2007, the Company amended the 2003 Plan to authorize an additional 400,000 shares of Class A Common Stock and an additional 1,000,000 shares of Class C common stock to be made available for issuance under the Plan. The 2003 Plan allows the Company to grant options and issue shares as a means of providing equity incentives to key personnel, giving them a proprietary interest in the Company and its success and progress.

The 2003 Plan provides for the grant of options and the award or sale of stock to officers, directors, and employees of the Company. Both "incentive stock options", as defined under Section 422A of the Internal Revenue Code of 1986 (the "Code") and "non-qualified options" may be granted under the 2003 Plan.

The 2003 Plan is to be administered by the Board of Directors or by a committee designated by the Board. The terms of options granted or stock awards or sales affected under the 2003 Plan are to be determined by the Board of Directors or its committee. No options may be exercised for a term of more than ten years from the date of the grant. Options intended as incentive stock options may be issued only to employees, and must meet certain conditions imposed by the code, including a requirement that the option exercise price be no less than the fair market value of the option shares on the date of grant. The 2003 Plan provides that the exercise price for non-qualified options will not be less than at least 50% of the fair market value of the stock subject to such option as of the date of grant of such options, as determined by the Company's Board of Directors.

14) Stock Compensation Plans (Continued)

On December 7, 2006, the Company adopted the 2006 Director Stock Option Plan (the “Director Plan”) effective December 7, 2006. The Director Plan provides for the grant by the Company of options to purchase up to an aggregate of 100,000 shares of Class A Common Stock for issuance thereunder and adjusted for stock dividends if any. The Director Plan provides that each member of the Company’s Board of Directors who is not an employee or paid consultant of the Company automatically is eligible to receive options to purchase the Company’s Class A Common Stock under the Director Plan.

Effective as of December 7, 2006, and on each anniversary date thereof during the term of the Director Plan, each outside director shall automatically receive an option to purchase 1,000 shares of Class A Common Stock. In addition, each new outside director who shall first join the Board after the effective date shall be granted an option to purchase 1,000 shares upon the date which such person first becomes an outside director and an annual grant of an option to purchase 1,000 shares on each anniversary date thereof during the term of the Director Plan. The options granted to outside directors shall vest in their entirety on the first anniversary date of the grant. The primary purposes of the Director Plan are to enhance the Company’s ability to attract and retain well-qualified persons for service as directors and to provide incentives to such directors to continue their association with the Company.

In the event of a merger of the Company with or into another company, or a consolidation, acquisition of stock or assets or other change in control transaction involving the Company, each option becomes exercisable in full, unless such option is assumed by the successor corporation. In the event the transaction is not approved by a majority of the “Continuing Directors” (as defined in the Director Plan), each option becomes fully vested and exercisable in full immediately prior to the consummation of such transaction, whether or not assumed by the successor corporation.

Activity of the 2006 Plan is summarized as follows:

	Number of Class A Shares	Option Price
Outstanding at December 31, 2005	--	--
Granted	4,000	
Adjustment for the effect of stock dividends	200	
Outstanding at December 31, 2006	4,200	\$5.06

14) Stock Compensation Plans (Continued)

The Company's Board of Directors granted stock options in 2004 to Scott M. Quist, the Company's President and Chief Operating Officer, to purchase up to 1,000,000 shares of Class C common stock at exercise prices of \$.323 and \$.36 per share. On May 31, 2007, Mr. Quist made a cashless exercise of such options to purchase a total of 1,157,625 shares of Class C common stock that he was entitled to receive, after adjustments for 5% stock dividends issued in 2005, 2006 and 2007.

In connection with the exercise of such options on a cashless basis, Mr. Quist delivered and the Company indirectly repurchased a total of 58,376 shares of Class A common stock from Mr. Quist in exchange for all the Class C shares he would be entitled to receive for exercising the options. Inasmuch as there were 6,966,849 shares of Class C common stock outstanding as of May 31, 2007 out of a total of 7,500,000 authorized shares of Class C common stock, the Company could legally issue only 533,151 shares of Class C common stock to Mr. Quist, leaving a balance of 624,474 Class C common shares owing to him.

In order to issue the additional shares of Class C common shares owing to Mr. Quist, the Board of Directors approved on July 13, 2007 an amendment to the Company's Articles of Incorporation to increase the number of Class C common shares from 7,500,000 shares to 15,000,000 shares. Because stockholder approval was also required to amend the Company's Articles of Incorporation, the Company scheduled a special stockholders meeting on September 21, 2007 to approve the amendment to the Articles of Incorporation to increase the number of authorized shares of Class C common stock from 7,500,000 shares to 15,000,000 shares.

On September 21, 2007 the stockholders approved the amendment to the Articles of Incorporation at the special stockholders meeting that increased the number of Class C common shares to 15,000,000 shares, and, as a result, the Company was able to issue Mr. Quist the additional 624,474 shares of Class C common stock that were owed pursuant to his exercise of stock options.

15) Statutory Reserves

Generally, the net assets of the life insurance subsidiaries available for transfer to the Company are limited to the amounts that the life insurance subsidiaries net assets, as determined in accordance with statutory accounting practices, which were \$21,497,894 at December 31, 2007, exceed minimum statutory capital requirements; however, payments of such amounts as dividends are subject to approval by regulatory authorities.

The Utah, Louisiana, Arkansas and Missouri Insurance Departments impose minimum risk-based capital requirements that were developed by the National Association of Insurance Commissioners, ("NAIC") on insurance enterprises. The formulas for determining the risk-based capital ("RBC") specify various factors that are applied to financial balances or various levels of activity based on the perceived degree of risk. Regulatory compliance is determined by a ratio (the "Ratio") of the enterprise's regulatory total adjusted capital, as defined by the NAIC, to its authorized control level, as defined by the NAIC. Enterprises below specific trigger points or ratios are classified within certain levels, each of which requires specified corrective action. The life insurance subsidiaries have a combined weighted Ratio that is greater than 353% of the first level of regulatory action.

16) Business Segment Information

Description of Products and Services by Segment

The Company has three reportable business segments: life insurance, cemetery and mortuary, and mortgage loans. The Company's life insurance segment consists of life insurance premiums and operating expenses from the sale of insurance products sold by the Company's independent agency force and net investment income derived from investing policyholder and segment surplus funds. The Company's cemetery and mortuary segment consists of revenues and operating expenses from the sale of at-need cemetery and mortuary merchandise and services at its mortuaries and cemeteries, pre-need sales of cemetery spaces after collection of 10% or more of the purchase price and the net investment income from investing segment surplus funds. The Company's mortgage loan segment consists of loan originations fee income and expenses from the originations of residential and commercial mortgage loans and interest earned and interest expenses from warehousing pre-sold loans before the funds are received from financial institutional investors.

Measurement of Segment Profit or Loss and Segment Assets

The accounting policies of the reportable segments are the same as those described in the Significant Accounting Principles. Intersegment revenues are recorded at cost plus an agreed upon intercompany profit.

16) Business Segment Information (Continued)

Factors Management Used to Identify the Enterprise's Reportable Segments

The Company's reportable segments are business units that offer different products and are managed separately due to the different products and the need to report to the various regulatory jurisdictions.

17) Related Party Transactions

On November 19, 2007, Security National Life and Scott M. Quist entered into a Use and Buy Sale Agreement to jointly purchase a condominium located in St. George, Utah. Mr. Quist is the Company's President and Chief Operating Officer. The condominium is to be used for the entertainment of Security National Life's executive officers and employees, outside vendors and prospective customers. The purchase price of the condominium, including improvements and furnishings, was \$538,962. Mr. Quist paid \$286,207 of that amount and Security National Life paid \$252,755.

Under the terms of the agreement, Security National Life and Mr. Quist have the right to use the condominium in proportion to their respective contributions towards the purchase price, including furnishings and fixtures. Mr. Quist is responsible for the care and maintenance of the condominium. The payment of taxes, insurance, utilities and homeowners' fees is to be divided between Security National Life and Mr. Quist according to their respective ownership percentages.

Upon the death, disability or retirement of Mr. Quist or his separation from employment with the Company, Mr. Quist or his estate, as the case may be, shall have the right to purchase Security National Life's interest in the condominium at the original purchase price or fair market value, whichever is less. Security National Life's contribution to the purchase price of the condominium was equal to an amount of accrued but unpaid bonuses owed to Mr. Quist, which he agreed to continue to defer for the option that would allow him or his estate to purchase Security National Life's interest in the condominium upon his death, disability or retirement at the lesser of the original purchase price or fair market value.

18) Disclosure about Fair Value of Financial Instruments

The fair values of investments in fixed maturity and equity securities along with methods used to estimate such values are disclosed in Note 3. The following methods and assumptions were used by the Company in estimating the "fair value" disclosures related to other significant financial instruments:

Cash, Receivables, Short-term Investments, and Restricted Assets of the Cemeteries and Mortuaries: The carrying amounts reported in the accompanying consolidated balance sheet for these financial instruments approximate their fair values.

Mortgage, Policy, Student, and Collateral Loans: The fair values are estimated using interest rates currently being offered for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations. The carrying amounts reported in the accompanying consolidated balance sheet for these financial instruments approximate their fair values.

Investment Contracts: The fair values for the Company's liabilities under investment-type insurance contracts are estimated based on the contracts' cash surrender values.

The fair values for the Company's insurance contracts other than investment-type contracts are not required to be disclosed. However, the fair values of liabilities under all insurance contracts are taken into consideration in the

Company's overall management of interest rate risk, such that the Company's exposure to changing interest rates is minimized through the matching of investment maturities with amounts due under insurance contracts.

20) Derivative Loan Commitments

During 2005, the Company's mortgage banking activities implemented new practices relating to mortgage loan commitments, including interest rate lock commitments and forward commitments to sell loans to third-party investors. The Company also implemented a hedging strategy for these transactions. A mortgage loan commitment binds the Company to lend funds to a qualified borrower at a specified interest rate and within a specified period of time, generally up to 30 days after inception of the rate lock. Mortgage loan commitments are derivatives under Statement of Financial Accounting Standards No. 133 ("SFAS 133"), Accounting for Derivative Instruments and Hedging Activities, as amended by Statement of Financial Accounting Standards No. 149 ("SFAS 149"), Amendment of Statement 133 on Derivative Instruments and Hedging Activities and must be recognized at fair value on the consolidated balance sheet with changes in their fair values recorded as part of other comprehensive income from mortgage banking operations.

The Company is exposed to price risk due to the potential impact of changes in interest rates on the values of mortgage loan commitments from the time a derivative loan commitment is made to an applicant to the time the loan that would result from the exercise of that loan commitment is funded. Managing price risk is complicated by the fact that the ultimate percentage of derivative loan commitments that will be exercised (i.e., the number of loan commitments that will be funded) fluctuates. The probability that a loan will not be funded within the terms of the commitment is driven by a number of factors, particularly the change, if any, in mortgage rates following the inception of the interest rate lock. However, many borrowers continue to exercise derivative loan commitments even

when interest rates have fallen.

20) Derivative Loan Commitments (Continued)

In general, the probability of funding increases if mortgage rates rise and decreases if mortgage rates fall. This is due primarily to the relative attractiveness of current mortgage rates compared to the applicant's committed rate. The probability that a loan will not be funded within the terms of the mortgage loan commitment also is influenced by the source of the applications (retail, broker or correspondent channels), proximity to rate lock expiration, purpose for the loan (purchase or refinance) product type and the application approval status. The Company has developed fallout estimates using historical observed data that take into account all of the variables, as well as renegotiations of rate and point commitments that tend to occur when mortgage rates fall. These fallout estimates are used to estimate the number of loans that the Company expects to be funded within the terms of the mortgage loan commitments and are updated periodically to reflect the most current data. Once a loan is closed, it is classified as a loan receivable-sold to investors.

The Company estimates the fair value of a mortgage loan commitment based on the change in estimated fair value of the underlying mortgage loan and the probability that the mortgage loan will fund within the terms of the commitment. The change in fair value of the underlying mortgage loan is measured from the date the mortgage loan commitment is issued. Therefore, at the time of issuance, the estimated fair value is zero. Following issuance, the value of a mortgage loan commitment can be either positive or negative depending upon the change in value of the underlying mortgage loans. Fallout rates derived from the Company's recent historical empirical data are used to estimate the quantity of mortgage loans that will fund within the terms of the commitments.

The Company utilizes various derivative instruments to economically hedge the price risk associated with its outstanding mortgage loan commitments. Management expects these derivatives will experience changes in fair value opposite to changes in fair value of the derivative loan commitments, thereby reducing earnings volatility related to the recognition in earnings of changes in the values of the commitments. A forward loan sales commitment protects the Company from losses on sales of the loans arising from exercise of the loan commitments by securing the ultimate sales price and delivery date of the loans. For mortgage loan commitments not protected by a forward sales commitment, the instruments used to economically hedge the fair value of the mortgage loan commitments include other freestanding derivatives such as mortgage backed securities, options and U.S. Treasury futures. The Company takes into account various factors and strategies in determining the portion of the mortgage loan commitments it wants to hedge economically.

The significant components of other comprehensive income relating to the derivative, before the effects of income tax during the years ended December 31, 2007 and 2006 are as follows:

	2007	2006
Gain forward loan sale commitments	\$ 1,173,023	\$ 291,915
Gain (loss) on derivative loan commitments	(1,755,448)	659,932
Total	\$ (582,425)	\$ 951,847

Item 9. Changes In and Disagreements with Accountants on Accounting and Financial Disclosure

None

Item 9A. Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures are effective.

(a) Management's annual report on internal control over financial reporting.

Management is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process that is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, and includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the Company,
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being

made only in accordance with authorizations of management and the board of directors of the Company, and

- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management performed an assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2007. The objective of this assessment was to determine whether the Company's internal control over financial reporting was effective as of December 31, 2007. Based on that assessment the Company believes that, at December 31, 2007, its internal control over financial reporting was effective.

(b) Changes in internal control over financial reporting.

There was no change in our internal control over financial reporting that occurred in the fourth quarter of 2007 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART III

Item 10. Directors and Executive Officers

The Company's Board of Directors consists of seven persons, four of whom are not employees of the Company. There are no family relationships between or among any of the directors and executive officers, except that Scott M. Quist and G. Robert Quist are the sons of George R. Quist and Christie Q. Overbaugh is the daughter of George R. Quist. The following table sets forth certain information with respect to the directors and executive officers of the Company.

Name	Age	Position with the Company
George R. Quist	87	Chairman of the Board and Chief Executive Officer
Scott M. Quist	54	President, Chief Operating Officer and Director
Stephen M. Sill	62	Vice President, Treasurer and Chief Financial Officer
G. Robert Quist	56	First Vice President and Secretary
J. Lynn Beckstead, Jr.	54	Vice President Mortgage Operations and Director
Christie Q. Overbaugh	59	Senior Vice President of Internal Operations
Charles L. Crittenden	87	Director
Robert G. Hunter	48	Director
H. Craig Moody	56	Director
Norman G. Wilbur	69	Director

Committees of the Board of Directors include an executive committee, on which Messrs. George Quist, Scott Quist, and Moody serve; an audit committee, on which Messrs. Crittenden, Moody, and Wilbur serve; and a compensation committee, on which Messrs. Crittenden, Moody, Wilbur, and George Quist serve.

The audit committee is composed of directors who are, in the opinion of the Board of Directors, free from any relationship which would interfere with the exercise of independent judgment and who possess an understanding of financial statements and generally accepted accounting principles. Thus, each member is an "independent" director as that term is defined by the regulations of the Securities Exchange Act of 1934. The Board of Directors has determined that Norman G. Wilbur, who currently serves as a director and a member of the audit committee, is an independent financial expert of the audit committee.

Directors

The following is a description of the business experience of each of the Company's directors.

George R. Quist has been Chairman of the Board and Chief Executive Officer of the Company since October 1979. Mr. Quist served as President of the Company from 1979 until 2002. From 1960 to 1964, Mr. Quist was Executive

Vice President and Treasurer of Pacific Guardian Life Insurance Company. From 1946 to 1960, he was an agent, District Manager and Associate General Agent for various insurance companies. Mr. Quist also served from 1981 to 1982 as the President of The National Association of Life Companies, a trade association of 642 life insurance companies, and from 1982 to 1983 as its Chairman of the Board.

Scott M. Quist has been President of the Company since 2002, its Chief Operating Officer since 2001, and a director since 1986. Mr. Quist served as First Vice President of the Company from 1986 to 2002. From 1980 to 1982, Mr. Quist was a tax specialist with Peat, Marwick, Mitchell, & Co., in Dallas, Texas. From 1986 to 1991, he was Treasurer and a director of The National Association of Life Companies, a trade association of 642 insurance companies until its merger with the American Council of Life Companies. Mr. Quist has been a member of the Board of Governors of the Forum 500 Section (representing small insurance companies) of the American Council of Life Insurance. He has also served as a regional director of Key Bank of Utah since November 1993. Mr. Quist is currently a director and past president of the National Alliance of Life Companies, a trade association of over 200 life companies.

J. Lynn Beckstead Jr. has been Vice President of Mortgage Operations and a director of the Company since 2002. In addition, Mr. Beckstead is President of SecurityNational Mortgage Company, an affiliate of the Company, having served in this position since 1993. From 1990 to 1993, Mr. Beckstead was Vice President and a director of Republic Mortgage Corporation. From 1983 to 1990, Mr. Beckstead was Vice President and a director of Richards Woodbury Mortgage Corporation. From 1980 to 1983, he was a principal broker for Boardwalk Properties. From 1978 to 1980, Mr. Beckstead was a residential loan officer for Medallion Mortgage Company. From 1977 to 1978, he was a residential construction loan manager of Citizens Bank.

Charles L. Crittenden has been a director of the Company since 1979. Mr. Crittenden has been sole stockholder of Crittenden Paint & Glass Company since 1958. He is also an owner of Crittenden Enterprises, a real estate development company, and Chairman of the Board of Linco, Inc.

Robert G. Hunter, M.D. has been a director of the Company since 1998. Dr. Hunter is currently a practicing physician in private practice. Dr. Hunter created the statewide E.N.T. Organization (Rocky Mountain E.N.T., Inc.) where he is currently a member of the Executive Committee. He is also Chairman of Surgery at Intermountain Medical Center, a delegate to the Utah Medical Association and a delegate representing the State of Utah to the American Medical Association, and a member of several medical advisory boards.

H. Craig Moody has been a director of the Company since 1995. Mr. Moody is owner of Moody & Associates, a political consulting and real estate company. He is a former Speaker and House Majority Leader of the House of Representatives of the State of Utah.

Norman G. Wilbur has been a director of the Company since 1998. Mr. Wilbur worked for J.C. Penney's regional offices in budget and analysis. His final position was Manager of Planning and Reporting for J.C. Penney's stores. After 36 years with J.C. Penney's, he took an option of an early retirement in 1997. Mr. Wilbur is a past board member of Habitat for Humanity in Plano, Texas.

Executive Officers

Stephen M. Sill has been Vice President, Treasurer and Chief Financial Officer of the Company since March 2002. From 1997 to March 2002, Mr. Sill was Vice President and Controller of the Company. From 1994 to 1997, Mr. Sill was Vice President and Controller of Security National Life Insurance Company. From 1989 to 1993, he was Controller of Flying J. Inc. From 1978 to 1989, Mr. Sill was Senior Vice President and Controller of Surety Life Insurance Company. From 1975 to 1978, he was Vice President and Controller of Sambo's Restaurant, Inc. From 1974 to 1975, Mr. Sill was Director of Reporting for Northwest Pipeline Corporation. From 1970 to 1974, he was an auditor with Arthur Andersen & Co. Mr. Sill is a past president and former director of the Insurance Accounting and Systems Association, a national association of over 1,300 insurance companies and associate members.

G. Robert Quist has been First Vice President and Secretary of the Company since 2002. Mr. Quist has served as President of Memorial Estates since June 2005 and its Vice President from 1982 to June 2005. He began working for Memorial Estates in 1978. Mr. Quist has also served as First Vice President of Singing Hills Memorial Park since 1996. In addition, since 1987 Mr. Quist has served as President and a director of Big Willow Water Company and as Secretary-Treasurer and a director of the Utah Cemetery Association. From 1987 to 1988, Mr. Quist was a director of Investors Equity Life Insurance Company of Hawaii.

Christie Q. Overbaugh has been Senior Vice President of Internal Operations of the Company since June 2006, and a Vice President of the Company from October 1998 to June 2006. Ms. Overbaugh has also served as Vice President of Underwriting for Security National Life Insurance Company since 1998. From 1986 to 1991, she was Chief Underwriter for Investors Equity Life Insurance Company of Hawaii and Security National Life Insurance Company. From 1990 to 1991, Ms. Overbaugh was President of the Utah Home Office Underwriters Association. Ms. Overbaugh is currently a member of the Utah Home Office Underwriters Association and an Associate Member of LOMA (Life Office Management Association).

The Board of Directors of the Company has a written procedure, which requires disclosure to the board of any material interest or any affiliation on the part of any of its officers, directors or employees that is in conflict or may be in conflict with the Company's interests.

No director, officer or 5% stockholder of the Company or its subsidiaries or any affiliate thereof has had any transactions with the Company or its subsidiaries during 2007 or 2006.

All directors of the Company hold office until the next Annual Meeting of Stockholders and until their successors have been elected and qualified.

Corporate Governance

Corporate Governance Guidelines. The board has adopted the Security National Financial Corporation Corporate Governance Guidelines. These guidelines outline the functions of the board, director qualifications and responsibilities, and various processes and procedures designed to insure effective and responsive governance. The guidelines are reviewed from time to time in response to regulatory requirements and best practices and are revised accordingly. The full text of the guidelines is published on the Company's website at www.securitynational.com. A copy of the Corporate Governance Guidelines may also be obtained at no charge by written request to the attention of G. Robert Quist, First Vice President and Secretary, Security National Financial Corporation, 5300 South 360 West, Suite 250, Salt Lake City, Utah 84123.

Code of Business Conduct. All of the Company's officers, employees and directors are required to comply with the Company's Code of Business Conduct and Ethics to help insure that the Company's business is conducted in accordance with appropriate standards of ethical behavior. The Company's Code of Business Conduct and Ethics covers all areas of professional conduct, including customer relationships, conflicts of interest, insider trading, financial disclosures, intellectual property and confidential information, as well as requiring adherence to all laws and regulations applicable to the Company's business. Employees are required to report any violations or suspected violations of the Code. The Code includes an anti-retaliation statement. The full text of the Code of Business Conduct and Ethics is published on the Company's website at www.securitynational.com. A copy of the Code of Business Conduct and Ethics may also be obtained at no charge by written request to the attention of G. Robert Quist, First Vice President and Secretary, Security National Financial Corporation, 5300 South 360 West, Suite 250, Salt Lake City, Utah 84123.

Item 11. Executive Officer Compensation

The following table sets forth, for each of the last three fiscal years, the compensation received by George R. Quist, the Company's Chairman of the Board and Chief Executive Officer, and all other executive officers (collectively, the "Named Executive Officers") at December 31, 2007 whose salary and bonus for all services in all capacities exceed \$100,000 for the fiscal year ended December 31, 2007.

Christie Q. Overbaugh(1)	2007	\$103,392	\$ 7,000	--	--	--	\$10,758	\$ 8,292	\$

(1) George R. Quist is the father of Scott M. Quist, G. Robert Quist, and Christie Q. Overbaugh.

(2) The amounts indicated under “All Other Annual Compensation” consist of the following amounts paid by the Company for the benefit of the named executive officers:

(a) payments made related to the operation of automobiles were for George R. Quist (\$2,400 for each of the years 2007, 2006 and 2005); Scott M. Quist (\$7,200 for each of the years 2007, 2006 and 2005); Stephen M. Sill (\$4,275 for 2007 and \$3,600 for each of the years 2006 and 2005); G. Robert Quist (\$5,700 for 2007, \$4,525 for 2006, \$2,400 for 2005); Christie Q. Overbaugh (\$400 for 2007). However, such payments do not include the furnishing of an automobile by the Company to George R. Quist, Scott M. Quist, J. Lynn Beckstead Jr., and G. Robert Quist, nor the payment of insurance and property taxes with respect to the automobiles operated by the named executive officers;

(b) group life insurance premiums paid by the Company to a group life insurance plan for the years 2007, 2006 and 2005, such amounts were for George R. Quist (\$9, \$9 and \$17 respectively); for Scott M. Quist, Stephen M. Sill, J. Lynn Beckstead Jr., G. Robert Quist, (\$250, \$241, and \$550 each, respectively); Christie Overbaugh (\$240 for 2007);

(c) life insurance premiums paid by the Company for the benefit of their respective families; George R. Quist (\$4,644 for each of the years 2007, 2006 and 2005); Scott M. Quist (\$14,340 for 2007, \$8,584 for 2006 and \$20,270 for 2005); Stephen M. Sill (\$2,976 for 2007 and \$3,643 for each of the years 2006 and 2005); J. Lynn Beckstead Jr. (\$4,200 for each of the years 2007, 2006 and 2005); G. Robert Quist, (\$2,949 for 2007 and \$2,598 for each of the years 2006 and 2005); Christie Q. Overbaugh (\$3,945 for 2007)

(d) medical insurance premiums paid by the Company to a medical insurance plan; George R. Quist (\$3,419 for 2007, \$3,342 for 2006, and \$2,826 for 2005); Scott M. Quist, J. Lynn Beckstead Jr., G. Robert Quist (\$11,094 each for 2007, \$10,566 each for 2006, and \$10,225 each for 2005); Stephen M. Sill (\$8,089 for 2007, \$7,614 for 2006 and \$7,012 for 2005); Christie Q. Overbaugh (\$3,419 for 2007);

(e) long term disability insurance paid by the Company to a provider of LTD insurance; George R. Quist, Scott M. Quist, Stephen M. Sill, J. Lynn Beckstead Jr., G. Robert Quist, (\$288 each for years 2007, 2006 and 2005) and Christie Q. Overbaugh (\$288 for 2007);

(f) membership dues paid by the Company to Alpine Country club for the benefit of J. Lynn Beckstead Jr. (\$5,308 for 2007, \$5,117 for 2006 and \$4,964 for 2005);

(3) The amounts indicated under “Change in Pension Value and Non-qualified Deferred Compensation Earnings” consist of (a) amounts contributed by the Company into a trust for the benefit of the Named Executive Officers under the Security National Financial Corporation Deferred Compensation Plan

Retirement Plans

On December 8, 1988, the Company entered into a deferred compensation plan with George R. Quist, the Chairman and Chief Executive officer of the Company. The plan was later amended on three occasions with the third amendment effective February 1, 2001. Under the terms of the plan as amended, upon the retirement of Mr. Quist, the Company is required to pay him ten annual installments in the amount of \$60,000. Retirement is defined in the plan as the age of 70, or a later retirement age, as specified by the Board of Directors. The \$60,000 annual payments are to be adjusted for inflation in accordance with the United States Consumer Price Index for each year after January 1, 2002. If Mr. Quist's employment is terminated by reason of disability or death before he reaches retirement age, the Company is to make the ten annual payments to Mr. Quist, in the event of disability, or to his designated beneficiary, in the event of death.

The plan also provides that the Board of Directors may, in its discretion, pay the amounts due under the plan in a single, lump-sum payment. In the event that Mr. Quist dies before the ten annual payments are made, the unpaid balance will continue to be paid to his designated beneficiary. The plan further requires the Company to furnish an automobile for Mr. Quist's use and to pay all reasonable expenses incurred in connection with its use for a ten year period, and to provide Mr. Quist with a hospitalization policy with similar benefits to those provided to him the day before his retirement or disability. However, in the event Mr. Quist's employment with the Company is terminated for any reason other than retirement, death, or disability, the entire amount of deferred compensation payments under the plan shall be forfeited by him. The Company accrued \$38,000 and \$37,000 in fiscal 2007 and 2006, respectively, to cover the present value of anticipated retirement benefits under the employment agreement of \$457,000 as of December 31, 2007.

Employment Agreements

On July 16, 2004, the Company entered into an employment agreement with Scott M. Quist, its President and Chief Operating Officer. The agreement is effective as of December 4, 2003 and has a five-year term, but the Company has agreed to renew the agreement on December 4, 2008 and 2013 for additional five-year terms, provided Mr. Quist performs his duties with usual and customary care and diligence. Under the terms of the agreement, Mr. Quist is to devote his full time to the Company serving as its President, and Chief Operating Officer at not less than his current salary and benefits. The Company also agrees to maintain a group term life insurance policy of not less than \$1,000,000 on Mr. Quist's life and a whole life insurance policy in the amount of \$500,000 on Mr. Quist's life. In the event of disability, Mr. Quist's salary would be continued for up to five years at 75% of its current level.

In the event of a sale or merger of the Company and Mr. Quist is not retained in his current position, the Company would be obligated to continue Mr. Quist's current compensation and benefits for seven years following the merger or sale. The agreement further provides that Mr. Quist is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 65), (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to 75% of his then current rate of compensation. However, in the event that Mr. Quist dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed \$101,200 and \$79,900 in fiscal 2007 and 2006, respectively, to cover the present value of anticipated retirement benefits under the employment agreement of \$587,500 as of December 31, 2007.

On December 4, 2003, the Company, through its subsidiary SecurityNational Mortgage Company, entered into an employment agreement with J. Lynn Beckstead, Jr., Vice President of Mortgage Operations and President of SecurityNational Mortgage Company. The agreement has a five-year term, but the Company has agreed to renew the agreement on December 4, 2008 and 2013 for additional five-year terms, provided Mr. Beckstead performs his duties with usual and customary care and diligence. Under the terms of the agreement, Mr. Beckstead is to devote his full time to the Company serving as President of SecurityNational Mortgage Company at not less than his current salary and benefits, and to include \$350,000 of life insurance protection. In the event of disability, Mr. Beckstead's salary would be continued for up to five years at 50% of its current level.

In the event of a sale or merger of the Company, and Mr. Beckstead was not retained in his current position, the Company would be obligated to continue Mr. Beckstead's current compensation and benefits for five years following the merger or sale. The agreement further provides that Mr. Beckstead is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 62½) (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to one-half of his then current annual salary. However, in the event that Mr. Beckstead dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed \$43,900 and \$44,900, in 2007 and 2006, respectively, to cover the present value of the retirement benefit of the employment agreement of \$316,900 as of December 31, 2007.

Director Compensation

Directors of the Company (but not including directors who are employees) are currently paid a director's fee of \$13,200 per year by the Company for their services and are reimbursed for their expenses in attending board and committee meetings. An additional fee of \$750 is paid to each audit committee member for each audit committee meeting attended in 2007. Each director is provided with an annual grant of stock options to purchase 1,000 shares of Class A Common Stock, which occurred under the 2000 Director Stock Option Plan for years 2000 to 2005 and under the 2006 Director Stock Option Plan for years 2006 to 2007.

Employee 401(k) Retirement Savings Plan

In 1995, the Company's Board of Directors adopted a 401(k) Retirement Savings Plan. Under the terms of the 401(k) plan, effective as of January 1, 1995, the Company may make discretionary employer matching contributions to its employees who choose to participate in the plan. The plan allows the board to determine the amount of the contribution at the end of each year. The Board adopted a contribution formula specifying that such discretionary employer matching contributions would equal 50% of the participating employee's contribution to the plan to purchase Company stock up to a maximum discretionary employee contribution of 1/2 of 1% of participating employees' compensation, as defined by the plan.

All persons who have completed at least one year's service with the Company and satisfy other plan requirements are eligible to participate in the 401(k) plan. All Company matching contributions are invested in the Company's Class A Common Stock. The Company's matching contributions for 2007, 2006 and 2005 were approximately \$10,001, \$8,656 and \$5,142, respectively. Also, the Company may contribute at the discretion of the Company's Board of Directors an Employer Profit Sharing Contribution to the 401(k) plan. The Employer Profit Sharing Contribution shall be divided among three different classes of participants in the plan based upon the participant's title in the Company. All amounts contributed to the plan are deposited into a trust fund administered by an independent trustee. The Company's contributions to the plan for 2007, 2006 and 2005, were \$198,022, \$162,584 and \$135,589, respectively.

Beginning January 1, 2008, the Company has elected to be a "Safe Harbor" Plan for its matching 401(k) contributions. The Company will match 100% of up to 3% of an employee's total annual compensation and will match 50% of 4% to 5% of an employee's annual compensation. The match will be in Company Stock.

Employee Stock Ownership Plan

Effective January 1, 1980, the Company adopted an employee stock ownership plan (the "Ownership Plan") for the benefit of career employees of the Company and its subsidiaries. The following is a description of the Ownership Plan, and is qualified in its entirety by the Ownership Plan, a copy of which is available for inspection at the Company's offices.

Under the Ownership Plan, the Company has discretionary power to make contributions on behalf of all eligible employees into a trust created under the Ownership Plan. Employees become eligible to participate in the Ownership Plan when they have attained the age of 19 and have completed one year of service (a twelve-month period in which the Employee completes at least 1,000 hours of service). The Company's contributions under the Ownership Plan are allocated to eligible employees on the same ratio that each eligible employee's compensation bears to total compensation for all eligible employees during each year. To date, the Ownership Plan has approximately 382 participants and had \$176,061 contributions payable to the Plan in 2007. Benefits under the Ownership Plan vest as follows: 20% after the third year of eligible service by an employee, an additional 20% in the fourth, fifth, sixth and seventh years of eligible service by an employee.

Benefits under the Ownership Plan will be paid out in one lump sum or in installments in the event the employee becomes disabled, reaches the age of 65, or is terminated by the Company and demonstrates financial hardship. The Ownership Plan Committee, however, retains discretion to determine the final method of payment. Finally, the Company reserves the right to amend or terminate the Ownership Plan at any time. The trustees of the trust fund under the Ownership Plan are George R. Quist, Scott M. Quist and Robert G. Hunter, who each serve as a director of the Company.

Deferred Compensation Plan

In 2001, the Company's Board of Directors adopted a Deferred Compensation Plan. Under the terms of the Deferred Compensation Plan, the Company will provide deferred compensation for a select group of management or highly compensated employees, within the meaning of Sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended. The board has appointed a committee of the Company to be the plan administrator and to determine the employees who are eligible to participate in the plan. The employees who participate may elect to defer a portion of their compensation into the plan. The Company may contribute into the plan at the discretion of the Company's Board of Directors. The Company's contribution for 2007, 2006 and 2005 was \$133,037, \$125,558 and \$141,710, respectively.

2000 Director Stock Option Plan

On October 16, 2000, the Company adopted the 2000 Directors Stock Option Plan (the “Director Plan”) effective November 1, 2000. The Director Plan provides for the grant by the Company of options to purchase up to an aggregate of 50,000 shares of Class A Common Stock for issuance thereunder. The Director Plan provides that each member of the Company’s Board of Directors who is not an employee or paid consultant of the Company is automatically eligible to receive options to purchase the Company’s Class A Common Stock under the Director Plan.

Effective as of November 1, 2000, and on each anniversary date thereof during the term of the Director Plan, each outside director shall automatically receive an option to purchase 1,000 shares of Class A Common Stock. In addition, each new outside director who shall first join the Board after the effective date shall be granted an option to purchase 1,000 shares upon the date which such person first becomes an outside director and an annual grant of an option to purchase 1,000 shares on each anniversary date thereof during the term of the Director Plan. The options granted to outside directors shall vest in their entirety on the first anniversary date of the grant. The primary purposes of the Director Plan are to enhance the Company’s ability to attract and retain well-qualified persons for service as directors and to provide incentives to such directors to continue their association with the Company.

In the event of a merger of the Company with or into another company, or a consolidation, acquisition of stock or assets or other change in control transaction involving the Company, each option becomes exercisable in full, unless such option is assumed by the successor corporation. In the event the transaction is not approved by a majority of the “Continuing Directors” (as defined in the Director Plan), each option becomes fully vested and exercisable in full immediately prior to the consummation of such transaction, whether or not assumed by the successor corporation. The Director Plan terminated in 2006 and a new Director Plan was adopted. See 2006 Director Stock Option Plan below.

2003 Stock Option Plan

On July 11, 2003, the Company adopted the Security National Financial Corporation 2003 Stock Incentive Plan (the “2003 Plan”), which reserved 500,000 shares of Class A common stock and 1,000,000 shares of Class C common stock for issuance thereunder. The 2003 Plan was approved by the Board of Directors on May 9, 2003, and by the stockholders at the annual meeting of the stockholders held on July 11, 2003. The 2003 Plan allows the Company to grant options and issue shares as a means of providing equity incentives to key personnel, giving them a proprietary interest in the Company and its success and progress.

The 2003 Plan provides for the grant of options and the award or sale of stock to officers, directors, and employees of the Company. Both “incentive stock options”, as defined under Section 422A of the Internal Revenue Code of 1986 (the “Code”) and “non-qualified options” may be granted under the 2003 Plan. The exercise prices for the options granted are equal to or greater than the fair market value of the stock subject to such options as of the date of grant, as determined by the Company’s Board of Directors. The options granted under the 2003 Plan are to reward certain officers and key employees who have been employed by the Company for a number of years and to help the Company retain these officers by providing them with an additional incentive to contribute to the success of the Company.

The 2003 Plan is to be administered by the Board of Directors or by a committee designated by the board. The terms of options granted or stock awards or sales affected under the 2003 Plan are to be determined by the Board of Directors or its committee. The Plan provides that if the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of Options shall be increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price to reflect such subdivision, combination or stock dividend. In addition, the number of shares of Common Stock reserved for purposes of the Plan shall be adjusted by the same proportion. No options may be exercised for a term of more than ten years from the date of grant.

Options intended as incentive stock options may be issued only to employees, and must meet certain conditions imposed by the code, including a requirement that the option exercise price be no less than then fair market value of the option shares on the date of grant. The 2003 Plan provides that the exercise price for non-qualified options will not be less than at least 50% of the fair market value of the stock subject to such option as of the date of grant of such options, as determined by the Company's Board of Directors.

The 2003 Plan has a term of ten years. The Board of Directors may amend or terminate the 2003 Plan at any time, subject to approval of certain modifications to the 2003 Plan by the shareholders of the Company as may be required by law or the 2003 Plan.

2006 Director Stock Option Plan

On December 7, 2006, the Company adopted the 2006 Director Stock Option Plan (the "Director Plan") effective December 7, 2006. The Director Plan provides for the grant by the Company of options to purchase up to an aggregate of 100,000 shares of Class A Common Stock for issuance thereunder. The Director Plan provides that each member of the Company's Board of Directors who is not an employee or paid consultant of the Company is automatically eligible to receive options to purchase the Company's Class A Common Stock under the Director Plan.

Effective as of December 7, 2006, and on each anniversary date thereof during the term of the Director Plan, each outside director shall automatically receive an option to purchase 1,000 shares of Class A Common Stock. In addition, each new outside director who shall first join the Board after the effective date shall be granted an option to purchase 1,000 shares upon the date which such person first becomes an outside director and an annual grant of an option to purchase 1,000 shares on each anniversary date thereof during the term of the Director Plan. The options granted to outside directors shall vest in their entirety on the first anniversary date of the grant. The primary purposes of the Director Plan are to enhance the Company's ability to attract and retain well-qualified persons for service as directors and to provide incentives to such directors to continue their association with the Company.

In the event of a merger of the Company with or into another company, or a consolidation, acquisition of stock or assets or other change in control transaction involving the Company, each option becomes exercisable in full, unless such option is assumed by the successor corporation. In the event the transaction is not approved by a majority of the "Continuing Directors" (as defined in the Director Plan), each option becomes fully vested and exercisable in full immediately prior to the consummation of such transaction, whether or not assumed by the successor corporation.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, directors and persons who own more than 10% of a registered class of the Company's equity securities to file reports of ownership and periodic changes in ownership of the Company's common stock with the Securities and Exchange Commission. Such persons are also required to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of stock reports received by it with respect to fiscal 2006, or written representations from certain reporting persons, the Company believes that its directors, executive officers and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them, except George R. Quist, Chairman and Chief Executive Officer, and Robert G. Hunter, H. Craig Moody, and Norman G. Wilbur, directors of the Company, through an oversight, each filed one late Form 4 report reporting the exercise of stock options.

Item 12 - Security Ownership of Certain Beneficial Owners and Management

The following table sets forth security ownership information of the Company's Class A and Class C common stock as of March 31, 2008, (i) for persons who own beneficially more than 5% of the Company's outstanding Class A or Class C common stock, (ii) each director of the Company, and (iii) for all executive officers, and directors of the Company as a group.

- (15) Includes options to purchase 4,753 shares of Class A common stock granted to Mr. Wilbur that are currently exercisable or will become exercisable within 60 days of March 31, 2008.
- (16) Includes options to purchase 4,753 shares of Class A common stock granted to Mr. Crittenden that are currently exercisable or will become exercisable within 60 days of March 31, 2008.
- (17) Includes options to purchase 4,753 shares of Class A common stock granted to Mr. Moody that are currently exercisable or will become exercisable within 60 days of March 31, 2008.

The Company's executive officers and directors, as a group, own beneficially approximately 52.7% of the outstanding shares of the Company's Class A and Class C common stock.

Item 13. Certain Relationships and Related Transactions

On November 19, 2007, Security National Life and Scott M. Quist entered into a Use and Buy Sale Agreement to jointly purchase a condominium located in St. George, Utah. Mr. Quist is the Company's President and Chief Operating Officer. The condominium is to be used for the entertainment of Security National Life's executive officers and employees, outside vendors and prospective customers. The purchase price of the condominium, including improvements and furnishings, was \$538,962. Mr. Quist paid \$286,207 of that amount and Security National Life paid \$252,755.

Under the terms of the agreement, Security National Life and Mr. Quist have the right to use the condominium in proportion to their respective contributions towards the purchase price, including furnishings and fixtures. Mr. Quist is responsible for the care and maintenance of the condominium. The payment of taxes, insurance, utilities and homeowners' fees is to be divided between Security National Life and Mr. Quist according to their respective ownership percentages.

Upon the death, disability or retirement of Mr. Quist or his separation from employment with the Company, Mr. Quist or his estate, as the case may be, shall have the right to purchase Security National Life's interest in the condominium at the original purchase price or fair market value, whichever is less. Security National Life's contribution to the purchase price of the condominium was equal to an amount of accrued but unpaid bonuses owed to Mr. Quist, which he agreed to continue to defer for the option that would allow him or his estate to purchase Security National Life's interest in the condominium upon his death, disability or retirement at the lesser of the original purchase price or fair market value.

The Company's Board of Directors has a written procedure, which requires disclosure to the Board of any material interest or any affiliation on the part of any of its officers, directors or employees that is in conflict or may be in conflict with the interests of the Company.

Item 14. Principal Accounting Fees and Services

Fees incurred in 2007 for annual audit services pertaining to the financial statements and employee benefit plans and related quarterly reviews were approximately \$361,300. There were \$63,800 in other fees during 2007.

PART IV

Item 15. Exhibits, Financial Statement Schedules and Reports on Form 8-K
