The Board of Directors

Benchmark Electronics, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Benchmark Electronics, Inc. 401(k) Employee Savings Plan (the Plan) as of December 30, 2003 and 2002 and the related statement of changes in net assets available for benefits for the year ended December 30, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits as of December 30, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 30, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(1) Description of Plan

The following description of the Benchmark Electronics, Inc. 401(k) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

(a) General

The Plan is a defined contribution plan covering all employees of Benchmark Electronics, Inc. (the Company) and employees of the Company's affiliates, Benchmark Electronics Delaware Corp., Benchmark Electronics Company, Benchmark Electronics California Incorporated and Benchmark Electronics Huntsville, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has adopted the Dreyfus Non Standardized Prototype Profit Sharing Plan and Trust (the Prototype Plan).

The Plan is administered by the Company and advised by the board of directors of the Company. Boston Safe Deposit and Trust Company is trustee of the Plan and Mellon Employee Benefit Solutions, formerly Dreyfus Service Corporation, is the record keeper.

(b) Contributions and Investment Options

The Plan states that participants may elect to make pre-tax contributions from 1% to 17% (in 0.5% increments) of their compensation, as defined. Participant contributions will be matched by the Company on a 50% basis, not to exceed 3.75% of a participant's compensation (referred to as employer contributions) upon one year of service. The Company may also elect to make an employer discretionary contribution to all employees employed at the end of the Plan year who have completed 1,000 hours of service during such year. The Company did not make a discretionary contribution during the 2003 Plan year. Certain Internal Revenue Service (IRS) limits may apply to both the participants contributions and the employers' contributions. Eligible participants may also elect to roll over distributions from a former employer's qualified retirement plan.

Participants may direct all contributions to any of the following investment options.

Dreyfus-Standish Stable Value, (formerly Dreyfus-Certus Stable Value) Series I - Funds are invested primarily in investment contracts, including Guaranteed Investment Contracts (GICs), synthetic investment contracts and short-term money market instruments to achieve high current income and stability of principal.

Dreyfus Disciplined Stock Fund - Funds are invested at least 65% in securities, primarily dividend-paying stocks, and seeks investment returns that are consistently superior to the Standard & Poor's 500 Composite Stock Index.

Dreyfus Appreciation Fund, Inc. - Funds are invested in common stock of domestic and foreign issuers, common stock with warrants attached and debt securities of foreign governments. The fund seeks long-term capital growth consistent with the preservation of capital. Current income is a secondary investment objective.

Dreyfus Premier Balance Fund, Class R - Funds are invested normally 60% in common stock and 40% in investment-grade bonds and seeks to outperform an unmanaged hybrid index, 60% of which is the Standard & Poor's 500 Composite Stock Price Index and 40% of which is the Lehman Brothers Intermediate Government/Corporate Bond Index.

Dreyfus Premier Core Bond Fund, Class R - Funds are invested at least 65% in debt securities such as bonds, debentures, notes, mortgage-related securities, convertible debt obligations and convertible preferred stock of domestic and foreign issuers. At least 80% of assets are investment-grade debt. The fund may not purchase securities rated lower than C. Up to 30% of assets may be foreign debt securities.

Federated International Equity Fund, Class A - Funds are invested primarily in stocks of companies based outside the United States.

MSIF Trust Mid Cap Value Fund: Advisors Shares - Funds are invested primarily in common stocks of companies included in the Standard & Poor's MidCap 400 Index.

Dreyfus Premier Future Leaders Fund, Class R - Funds are invested in small companies characterized by new or innovative products, services or processes having the potential to enhance earnings or revenue growth. The fund invests at least 65% of its total assets in companies with total market value of less than \$1.5 billion at time of purchase. The fund's investments may include common stock, preferred stock and convertible securities, including those purchased in initial public offerings. The fund's sector weightings typically approximate those of the Russell 2000 Index.

Benchmark Electronics, Inc. Common Stock Fund - Funds are invested in common stock of the Company.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and employer matching contributions and an allocation of discretionary employer contributions, if any, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. The Plan provides for a 50% vesting in employer contributions plus actual earnings thereon after two years of employment and 100% vesting after three years.

(e) Participants' Notes Receivable

Upon written application by a participant, the Plan administrator may make loans to participants not to exceed 50% of the participant's 401(k) vested balance, with a minimum of \$1,000 and a maximum of \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months. Participants' notes are to be repaid by level monthly payroll deductions of principal plus interest or may be prepaid in full or in part without penalty at any time. The interest rate is set at the prime rate plus 1%.

(f) Administrative Expenses

Administrative expenses of the Plan are paid by the Company.

(g) Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his/her account or an annuity with various terms and rates.

While employed, a participant may make withdrawals from his or her account balance (as allowed under IRS regulations) subject to certain restrictions as described in the Plan. Certain restrictions associated with withdrawals may be waived in the event a participant demonstrates financial hardship.

(h) Termination of the Plan

Although the Company has not expressed any intent to terminate the Plan, it may do so as provided by the Plan agreement. Following termination of the Plan, participants shall become fully vested in their participant account.

(i) Forfeitures

Nonvested employer contributions are forfeited upon the participant's receipt of a distribution of his/her vested balance. If the participant is subsequently reemployed before incurring five consecutive one-year breaks in service and such participant had received a distribution of his entire vested interest prior to his reemployment, amounts forfeited may be reinstated if the rehired participant repays to the Plan the amounts previously distributed upon his/her prior termination. At December 30, 2003 and 2002, forfeited nonvested accounts totaled \$207,963 and \$248,237, respectively. These accounts will be used to reduce future employer contributions.
