EXPLANATORY NOTE

Primus Telecommunications Group, Incorporated and subsidiaries (the Company) is filing this Amendment to Form 10-Q to:

1. Amend the information contained in Note 9 to the consolidated condensed financial statements included in Part I, Item 1 of the Company's Form 10-Q for the quarterly period ended March 31, 2004 as originally filed with the Securities and Exchange Commission on May 10, 2004 (the Quarterly Report). Note 9 is hereby restated to reflect the capital contribution of certain of the Company's intercompany receivables and payables balances to the Company's wholly owned subsidiary, Primus Telecommunications Holding, Inc. (PTHI), which occurred in connection with PTHI's issuance of 8% senior notes, which are guaranteed by the Company, in January 2004. This amendment is solely due to intercompany arrangements required for disclosure in Note 9.

Concurrently, the Company is filing its amended quarterly report on Form 10-Q/A for the quarter ended June 30, 2004 to reflect the amended capital contribution.

2. Amend basic weighted average common shares outstanding and basic and diluted income per common share accordingly, disclosed in the consolidated condensed financial statements included in Part I, Item 1 of the Quarterly Report. The prior year quarterly period ended March 31, 2003, as presented on the statement of operations and in the notes to the consolidated condensed financial statements, is hereby restated to reflect the removal of the Series C convertible preferred stock from the basic weighted average common shares outstanding as it does not meet the definition of a participating security. Because the Series C Preferred was deemed to be non-participating, the shares are assumed to be converted into common shares and the accreted and deemed dividend on convertible preferred stock is removed from the calculation of diluted income per common share. Basic and diluted income per common share were restated accordingly. There is no impact on previously reported net income for the three-month period ended March 31, 2003 nor on the statement of operations for the three-month period ended March 31, 2004.

Concurrently, the Company is filing its amended quarterly report on Form 10-Q/A for the quarters ended September 30, 2003 and June 30, 2004 and its amended annual report Form 10-K/A for the year ended December 31, 2003 to reflect the amended basic weighted average common shares outstanding and the calculation of basic and diluted income per common share for the periods during which the Series C convertible preferred stock was outstanding.

This Amendment reflects only the changes discussed above. No other information included in the Quarterly Report has been modified or updated. This Amendment continues to speak as of the date of the original filing of the Quarterly Report, and the Company has not updated the disclosures to reflect any events that occurred at a later date.

PRIMUS TELECOMMUNICATIONS GROUP, INCORPORATED
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited consolidated condensed financial statements of Primus Telecommunications Group, Incorporated and subsidiaries (the Company) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial reporting and Securities and Exchange Commission (SEC) regulations. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, the financial statements reflect all adjustments (all of which are of a normal and recurring nature), which are necessary to present fairly the financial position, results of operations, cash flows and comprehensive income for the interim periods. The results for the three months ended March 31, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004.

The financial statements should be read in conjunction with the Company s audited consolidated financial statements included in the Company s most recently filed Form 10-K/A.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation The consolidated condensed financial statements include the Company s accounts, its wholly-owned subsidiaries and all other subsidiaries over which the Company exerts control. The Company owns 51% of the common stock of Matrix Internet, S.A. (Matrix) and 51% of CS Communications Systems GmbH and CS Network GmbH (Citrus), in all of which the Company has a controlling interest. Additionally, the Company has a controlling interest in Direct Internet Limited (DIL), pursuant to a convertible loan which can be converted at any time into equity of DIL in an amount as agreed upon between the Company and DIL and permitted under local law. The Company uses the equity method of accounting for its investment in Bekkoame Internet, Inc (Bekko). All intercompany profits, transactions and balances have been eliminated in consolidation. All other investments in affiliates are carried at cost, as the Company does not have significant influence.

Stock-Based Compensation At March 31, 2004, the Company had three stock-based employee compensation plans. The Company uses the intrinsic value method to account for those plans under the recognition and measurement principles of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees and related interpretations. The following table illustrates the effect on income attributable to common stockholders and income per share if the Company had applied

Edgar Filing: PRIMUS TELECOMMUNICATIONS GROUP INC - Form 10-Q/A

the fair value recognition provisions of SFAS No. 123, Accounting for Stock-Based Compensation, to stock-based employee compensation (in thousands, except per share amounts, and unaudited).

Recent Accounting Pronouncements

In January 2003, FASB issued FASB Interpretation (FIN) No. 46(R), Consolidation of Variable Interest Entities. FIN No. 46(R) clarifies the application of Accounting Research Bulletin (ARB) No. 51, Consolidated Financial Statements, to certain entities in which the equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN No. 46(R) applies immediately to variable interest entities created after January 31, 2003, or in which the Company obtains an interest after that date. With respect to variable interest entities created prior to February 1, 2003, FIN No. 46(R) was originally scheduled to be effective in the first interim period beginning after June 15, 2003. However, on October 9, 2003, the FASB deferred the effective date of application for entities created before February 1, 2003 until the end of the first period ending after December 15, 2003 in order to allow companies more time to completely analyze those entities. Accordingly, the Company adopted FIN No. 46(R) with respect to variable interest entities created prior to February 1, 2003 as of December 31, 2003. The adoption of the effective portions of FIN No. 46(R) did not have a material effect on its consolidated financial position or results of operations.

Reclassification Certain prior year amounts have been reclassified to conform to current year presentations.

3. ACQUISITIONS

In February 2004, the Company's wholly-owned subsidiary in Australia, Primus Telecommunications Pty Ltd (Primus Telecom) acquired the Internet service and interactive media businesses of AOL/7 Pty Ltd (AOL/7). AOL/7 was a joint venture between America Online Inc. (AOL), a wholly-owned subsidiary of Time Warner Inc., AAPT Limited, a unit of the Telecom New Zealand Group, and Seven Network Limited. Primus Telecom acquired 100% of the issued stock of AOL/7 which provides the Company with the customer base, content, content development and online advertising businesses, as well as a license for the AOL brand in Australia, for a total consideration of approximately \$18 million USD, paid in cash. There are no contingent payments related to this acquisition.

The Company has accounted for this acquisition using the purchase method of accounting, and accordingly, the net assets and results of operations of the acquired company have been included in the Company's financial statements since the acquisition date. The initial purchase price, including direct costs, of the Company's acquisition was allocated to the net assets acquired, including intangible assets, and liabilities assumed, based on their fair values at the acquisition date. As of March 31, 2004, the allocation has not been finalized in accordance with SFAS No. 141 Business Combinations, due to the timing of the acquisition. Had this company been acquired on January 1, 2004, the results of its operations would not be material to the consolidated financial statements of the Company, and therefore, pro forma financial information has not been presented.

4. GOODWILL AND OTHER INTANGIBLE ASSETS

Acquired intangible assets subject to amortization consisted of the following (in thousands and unaudited):

| | March 31, 2004 | | | December 31, 2003 | | |
|----------------|-----------------------|--------------------------|----------------|-----------------------|--------------------------|----------------|
| | Gross Carrying Amount | Accumulated Amortization | Net Book Value | Gross Carrying Amount | Accumulated Amortization | Net Book Value |
| Customer lists | \$ 176,616 | \$ (149,522) | \$ 27,094 | \$ 166,446 | \$ (145,099) | \$ 21,347 |
| Other | 2,456 | (1,311) | 1,145 | 2,622 | (1,258) | 1,364 |
| Total | \$ 179,072 | \$ (150,833) | \$ 28,239 | \$ 169,068 | \$ (146,357) | \$ 22,711 |

Amortization expense for customer lists and other intangible assets for the three months ended March 31, 2004 and 2003 was \$4.6 million and \$5.1 million, respectively. The Company expects amortization expense for customer lists and other intangible assets for the fiscal years ending December 31, 2004, 2005, 2006, 2007 and 2008 to be approximately \$16.1 million, \$7.9 million, \$2.8 million, \$1.7 million and \$1.1 million, respectively.

Acquired intangible assets not subject to amortization consisted of the following (in thousands and unaudited):

| | March 31, 2004 Carrying Amount | December 31, 2003 Carrying Amount |
|----------|--------------------------------------|---|
| Goodwill | \$ 70,927 | \$ 59,895 |

The changes in the carrying amount of goodwill for the three months ended March 31, 2004 are as follows (in thousands and unaudited):

| | North America | Europe | Asia-Pacific | Total |
|---|------------------|----------|--------------|-----------|
| Balance as of January 1, 2004 | \$ 50,025 | \$ 1,927 | \$ 7,943 | \$ 59,895 |
| Goodwill acquired during period | | | 11,583 | 11,583 |
| Effect of change in foreign currency exchange rates | (302) | (58) | (191) | (551) |
| Balance as of March 31, 2004 | \$ 49,723 | \$ 1,869 | \$ 19,335 | \$ 70,927 |

As discussed in Note 3, as of March 31, 2004, the purchase price allocation for AOL/7 has not been finalized due to the timing of the acquisition, and further reclassifications between non-amortized goodwill and customer lists may be required.

5. LONG-TERM OBLIGATIONS

Long-term obligations consisted of the following (in thousands and unaudited):

| | March 31, 2004 | December 31 2003 |
|--|-------------------|---------------------|
| Obligations under capital leases | \$ 2,841 | \$ 4,040 |
| Leased fiber capacity | 39,617 | 40,509 |
| Financing facility and other | 10,458 | 22,626 |
| Senior notes | 331,255 | 272,157 |
| Convertible senior notes | 132,000 | 132,000 |
| Convertible subordinated debentures | 71,119 | 71,119 |
| Subtotal | 587,290 | 542,451 |
| Less: Current portion of long-term obligations | (21,594) | (24,385) |
| Total long-term obligations | \$ 565,696 | \$ 518,066 |

The indentures governing the senior notes, convertible senior notes and convertible debentures, as well as other credit arrangements, contain certain financial and other covenants that, among other things, will restrict the Company's ability to incur further indebtedness and make certain payments, including the payment of dividends and repurchase of subordinated debt held by the Company's subsidiaries.

Senior Notes, Convertible Senior Notes and Convertible Subordinated Debentures

In January 2004, Primus Telecommunications Holding, Inc. (PTHI), a direct, wholly owned subsidiary of the Company, completed the sale of \$240 million in aggregate principal amount of 8% senior notes due 2014 (2004 Senior Notes). The Company recorded \$7.0 million in costs associated with the issuance of the 2004 Senior Notes, which have been recorded as deferred costs in other assets. The effective interest rate at March 31, 2004 was 8.4%. The 2004 Senior Notes are due on January 15, 2014, with semi-annual interest payments due on January 15th and July 15th, with the first payment due on July 15, 2004, with early redemption at a premium to par at PTHI's option at any time after January 15, 2009. PTHI may redeem up to 35% of the original aggregate principal amount with the net cash proceeds of certain equity offerings of the Company.

In September 2003, the Company completed the sale of \$132 million in aggregate principal amount of 3¾% convertible senior notes due 2010 (2003 Convertible Senior Notes) with semi-annual interest payments due on March 15th and September 15th, with the first payment due on March 15, 2004. The Company recorded \$5.2 million in costs associated with the issuance of the 2003 Convertible Senior Notes, which have been recorded as deferred costs in other assets. The effective interest rate at March 31, 2004 was 4.4%. Holders of these notes may convert their notes into the Company's common stock at any time prior to maturity at an initial conversion price of \$9.3234 per share, which is equivalent to an initial conversion rate of 107.257 shares per \$1,000 principal amount of the notes, subject to adjustment in certain circumstances. The notes are convertible in the aggregate into 14,157,925 shares of the Company's common stock.

In February 2000, the Company completed the sale of \$250 million in aggregate principal amount of 5¾% convertible subordinated debentures due 2007 (2000 Convertible Subordinated Debentures) with semi-annual interest payments due on February 15th and August 15th. On March 13, 2000, the Company announced that the initial purchasers of the 2000 Convertible Subordinated Debentures had exercised their \$50 million over-allotment option granted pursuant to a purchase agreement dated February 17, 2000. The debentures were convertible into approximately 6,025,170 shares of the Company's common stock based on a conversion price of \$49.7913 per share. During the years ended December 31, 2001 and 2000, the Company reduced the principal balance of the debentures through \$36.4 million of open market purchases and \$192.5 million of conversions to its common stock. The principal that was converted to

common stock was retired upon conversion and in February 2002, the Company retired all of the 2000 Convertible Subordinated Debentures that it had previously purchased in December 2000 and January 2001. The retired principal had been held by the Company as treasury bonds and had been recorded as a reduction of long-term obligations. See the table below for detail on debt repurchases since December 31, 2002.

In October 1999, the Company completed the sale of \$250 million in aggregate principal amount of 12³/₄% senior notes due 2009 (October 1999 Senior Notes). The October 1999 Senior Notes are due October 15, 2009, with semi-annual interest payments due on October 15th and April 15th with early redemption at a premium to par at the Company's option at any time after October 15, 2004. During the years ended December 31, 2002, 2001 and 2000, the Company reduced the principal balance of these senior notes through open market purchases. In June and September 2002, the Company retired all of the October 1999 Senior Notes that it had previously purchased in the principal amount of \$134.3 million in aggregate. Capital Leases, Leased Fiber Capacity, Equipment Financing and Other Long-Term Obligations

During the three months ended September 30, 2001, the Company accepted delivery of fiber optic capacity on an indefeasible rights of use (IRU) basis from Southern Cross Cables Limited (SCCL). The Company and SCCL entered into an arrangement financing the capacity purchase. During the three months ended December 31, 2001, the Company renegotiated the payment terms with SCCL. Under the new terms, the payments for each capacity segment will be made over a five-year term ending in April 2008, which added two years to the original three-year term, and continues to bear interest at 6.0%

above LIBOR (7.09% at March 31, 2004). The Company further agreed to purchase \$12.2 million of additional fiber optic capacity from SCCL under the IRU agreement. The Company has fulfilled the total purchase obligation. At March 31, 2004 and December 31, 2003, the Company had a liability recorded under this agreement in the amount of \$19.0 million and \$18.6 million, respectively.

In December 2000, the Company entered into a financing arrangement to purchase fiber optic capacity on an IRU basis in Australia for \$38.5 million (51.1 million Australian dollars (AUD)) from Optus Networks Pty. Limited. As of December 31, 2001, the Company had fulfilled the total purchase obligation. The Company signed a promissory note payable over a four-year term ending in April 2005 bearing interest at a rate of 14.31%. During the three months ended June 30, 2003, the Company renegotiated the payment terms extending the payment schedule through March 2007, and lowering the interest rate to 10.2%. At March 31, 2004 and December 31, 2003, the Company had a liability recorded in the amount of \$20.6 million (27.3 million AUD) and \$21.9 million (29.2 million AUD), respectively.

Other Long-Term Obligations

The Company's Australian subsidiary is party to a financing agreement, the (Textron Agreement), dated March 28, 2002, with Textron, under which Textron has agreed to finance eligible receivables from such subsidiary through March 31, 2005. Under the Textron Agreement, the subsidiary has agreed to pay program fees based upon the Bloomberg BBSWIB rate plus 5.75% per annum (10.6% at March 31, 2004), plus an annual commitment fee of \$150,000. The obligations under the Textron Agreement are secured by the financed receivables. The Company has unconditionally guaranteed the payment by its subsidiary of its obligations under the Textron Agreement. The finance commitment amount for the Textron Agreement is \$20.0 million. The Company had no accounts receivable balances pledged with no liability recorded at March 31, 2004, and \$11.3 million pledged as collateral with a liability of \$0.3 million, as of December 31, 2003, which is included in current portion of long-term obligations as the financing is payable on demand. The Company's Canadian subsidiary had an arrangement with Textron similar to the Textron Agreement, which was voluntarily terminated effective March 27, 2004. The Textron Agreement may be voluntarily terminated by the Australian subsidiary with 90 days prior written notice. If the Textron Agreement is voluntarily terminated prior to its termination date, a termination fee equal to 2% of the total commitment is payable.

In September 2002, the Company signed an agreement to acquire the United States-based retail switched voice services customer base of Cable & Wireless (C&W). The Company started acquiring the customer base during the three months ended December 31, 2002, which resulted in a customer list balance acquired of \$15.4 million, of which a liability of \$6.1 million and \$7.6 million remained payable at March 31, 2004 and December 31, 2003, respectively. The purchase price has been financed through a deferred payment arrangement over a two-year period, ending in December 2004, and bears no interest.

During the three months ended March 31, 2003, Primus Canada signed an agreement with The Manufacturers Life Insurance Company (Manulife) to fund \$15.3 million (20.0 million CAD) for acquisitions. Since the inception of the agreement, \$9.9 million (13.0 million CAD) had been utilized under this facility. As of March 31, 2004, there was no liability outstanding. The funding was payable in full in March 2005 and bore an interest rate of 15.0% per annum, but as of March 31, 2004, the agreement has been cancelled. See Note 10 Subsequent Events.

6. OPERATING SEGMENT AND RELATED INFORMATION

The Company has three reportable operating segments based on management's organization of the enterprise into geographic areas North America, Europe and Asia-Pacific. The Company evaluates the performance of its segments and allocates resources to them based upon net revenue and income (loss) from operations. The accounting policies of the segments are the same as those described in the summary

of significant accounting policies. Net revenue by reportable segment is reported on the basis of where services are provided. The Company has no single customer representing greater than 10% of its revenues. Operations and assets of the North America segment include shared corporate functions and assets.

Edgar Filing: PRIMUS TELECOMMUNICATIONS GROUP INC - Form 10-Q/A

The Company has contractual obligations to utilize network facilities from two long distance carriers with terms greater than one year. The Company does not purchase or commit to purchase quantities in excess of normal usage or amounts that cannot be used within one year. The Company has minimum annual purchase obligations of \$20.5 million in 2004 and 2005.

Rent expense under operating leases was \$4.9 million and \$4.0 million for the three months ended March 31, 2004 and 2003, respectively.

In March 1999, the Company purchased the common stock of London Telecom Network, Inc. and certain related entities that provide long distance telecommunications services in Canada (the LTN Companies). In April 2001, the LTN Companies received a federal notice and, in May 2002, a provincial notice of income tax assessment disputing certain deductions from taxable income made by the LTN Companies, prior to the Company's acquisition, in the aggregate amount of \$6.1 million (8.0 million CAD), plus penalties and interest of \$11.6 million (15.2 million CAD). The Company is disputing the entire assessment. As of March 31, 2004, the Company paid \$1.6 million (2.1 million CAD) and committed to pay \$0.1 million (100,000 CAD) per month for the next four months subject to potential refund if the Company prevails. The Company has recorded an accrual for the amounts that management estimates to be the probable loss. The Company's ultimate legal and financial liability with respect to these proceedings cannot be estimated with certainty at this time, while an adverse result for the full amount sought or some significant percentage thereof could have a material adverse effect on its consolidated financial position, results of operations and cash flows.

On December 9, 1999, Empresa Hondurena de Telecomunicaciones, S.A. (Plaintiff), based in Honduras, filed suit in Florida State Court in Broward County against TresCom and one of TresCom's wholly-owned subsidiaries, St. Thomas and San Juan Telephone Company, alleging that such entities failed to pay amounts due to Plaintiff pursuant to contracts for the exchange of telecommunications traffic during the period from December 1996 through September 1998. The Company acquired TresCom in June 1998, and TresCom is currently the Company's subsidiary. Plaintiff is seeking approximately \$14 million in damages, plus legal fees and costs. The Company filed an answer on January 25, 2000, and discovery has commenced. A trial date has not yet been set. The Company has recorded an accrual for the amounts that management estimates to be the probable loss. The Company's legal and financial liability with respect to such legal proceeding would not be covered by insurance, and the Company's ultimate liability, if any, cannot be estimated with certainty at this time. Accordingly, an adverse result for the full amount sought or some significant percentage thereof could have a material adverse effect on the Company's financial results. The Company intends to defend the case vigorously. Management believes that this suit will not have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

The Company and certain of its executive officers have been named as defendants in two separate securities lawsuits brought by stockholders (Plaintiffs) of Tutornet.com, Inc. (Tutornet) in the United States District Courts in Virginia and New Jersey. The Plaintiffs sued Tutornet and several of its officers (collectively, the Non-Primus Defendants) for an undisclosed amount alleging fraud in the sale of Tutornet securities. The Plaintiffs also named the Company and several of the Company's executive officers (the Primus Defendants) as co-defendants. No officer of Primus has ever served as an officer or director of Tutornet or acquired any securities of Tutornet. Neither the Company nor any of the Company's subsidiaries or affiliates own, or have ever owned, any securities of Tutornet. In the Virginia case, the Primus Defendants were dismissed before the case went to the jury. The case continued against the Non-Primus Defendants, and the jury rendered a verdict of \$176 million in favor of the Plaintiffs against the Non-Primus Defendants only. The Non-Primus Defendants filed post-trial motions seeking to reverse or reduce the jury's award, and the Plaintiffs sought a new trial involving the Primus Defendants. On April 2, 2003, the judge denied the Plaintiffs' motion for a new trial and/or to alter and amend the judgment, as well as their motion for directed verdicts involving the Primus Defendants. In May 2003, the Plaintiffs filed an appeal in the 4th Circuit of the United States Court of Appeals regarding the Primus Defendants' dismissal. Plaintiffs and the Primus Defendants have briefed the 4th Circuit of the United States Court of Appeals and oral arguments have been made and the Company is awaiting the Court's

decision. The New Jersey case was filed on September 24, 2002 and includes claims against the Primus Defendants. The Primus Defendants moved to dismiss, and the case was stayed pending further decision by the court in the Virginia case on Plaintiffs' motion for a new trial. After the April 2, 2003 decision in the Virginia case, the parties in the New Jersey case agreed to a dismissal without prejudice of the claims against the Primus Defendants, pending a decision in the appeal by the Plaintiffs in the Virginia case. In both cases, the Company intends to defend vigorously against these actions and believe that the Plaintiffs' claims against the Primus Defendants are without merit. However, the Company's ultimate legal and financial liability with respect to such legal proceedings cannot be estimated with any certainty at this time, and Primus does not have insurance coverage for these claims. Accordingly, an adverse result for the full amount sought or some percentage thereof could have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

On December 17, 2003, Primus Telecommunication Incorporated (PTI), the Company's principal United States operating subsidiary, was served with notice that the Enforcement Bureau of the Federal Communications Commission (FCC) is conducting an inquiry concerning 96 alleged telephone calls made on behalf of PTI to residential telephone lines that were either (1) included on the Do-Not-Call Registry or (2) to consumers who directly requested not to receive telemarketing calls from PTI. PTI does not conduct outbound telemarketing to residential customers, but does use third-party telemarketers. PTI reviewed the circumstances surrounding the subject matter of the inquiry and responded to the original inquiry on January 23, 2004. On February 20, 2004, the FCC sent PTI a letter seeking additional information from PTI. PTI provided the FCC with a response to the request for additional information on March 11, 2004. Because the Do-Not-Call regulations are relatively new and little formal interpretive guidance exists regarding whether the matters identified in the inquiry represent a violation by PTI of these regulations, it is not clear what consequences the inquiry will have on PTI. PTI is in the process of investigating whether it has responsibility related to these allegations, or, notwithstanding the actions or inactions of third-party telemarketers that may have given rise to the inquiry, PTI has satisfied the standards set out by the FCC as part of its routine business practices. Penalties for violations of the rules associated with the Do-Not-Call Registry and the consumer requests not to receive telemarketing calls can reach up to \$11,000 per call. The Company has recorded an accrual for the amounts that management estimates to be the probable loss. Management believes that this inquiry will not have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

The Company is subject to certain other claims and legal proceedings that arise in the ordinary course of its business activities. Each of these matters is subject to various uncertainties, and it is possible that some of these matters may be decided unfavorably to the Company. Management believes that any aggregate liability that may ultimately result from the resolution of these other matters will not have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

8. BASIC AND DILUTED INCOME (LOSS) PER COMMON SHARE (AS RESTATED)

Basic income (loss) per common share is calculated by dividing income attributable to common stockholders by the weighted average common shares outstanding during the period.

Prior to the conversion of the Series C convertible preferred stock (Series C Preferred) into common shares in November 2003, the Company included the number of common shares issuable upon conversion of the Series C Preferred in the basic weighted average common shares outstanding as the Series C Preferred was deemed to participate in the earnings of the Company with common shares. Subsequent to the issuance of the Company's Form 10-Q for the quarter ended March 31, 2004, the Company determined that the Series C Preferred did not meet the definition of a participating security. As a result, the basic income per common share for the three months ended March 31, 2003 has been restated to exclude the potentially dilutive common shares issuable upon conversion of the Series C Preferred for the period prior to its conversion. Also, because the Series C Preferred was deemed to be non-participating, the shares are assumed to be converted into common shares and the accreted and deemed dividend on convertible preferred stock is removed from the calculation of diluted income per common share.

A summary of the effects of the adjustments on the previously issued consolidated condensed financial information follows (in thousands, except per share amounts, and unaudited):

| | For the Three Months Ended March 31, 2003 | |
|--|--|------------------------|
| | Previously Reported | As Restated |
| Basic income per common share | \$ 0.13 | \$ 0.17 |
| Basic weighted average common shares outstanding | 82,863 | 65,083 |

Diluted income per common share adjusts basic income per common share for the effects of potentially dilutive common stock equivalents. Potentially dilutive common shares primarily include the dilutive effects of common shares issuable under the Company's stock option compensation plans computed using the treasury stock method and the dilutive effects of shares issuable upon the conversion of its Series C Preferred, September 2003 Convertible Senior Notes and 2000 Convertible Subordinated Debentures and the warrants to purchase shares associated with the 1997 Senior Notes computed using the if-converted method.

For the three months ended March 31, 2004, the following could potentially dilute income per common share in the future but were excluded from the calculation of income per common share due to their antidilutive effects:

- 6.9 million shares issuable under the Company's stock option compensation plans,
- 14.2 million shares issuable from the September 2003 Convertible Senior Notes,
- 1.4 million shares issuable from the 2000 Convertible Subordinated Debentures, and
- 0.3 million shares from the warrants associated with the 1997 Senior Notes.

For the three months ended March 31, 2003, the following could potentially dilute income per common share in the future but were excluded from the calculation of income per common share due to their antidilutive effects:

- 1.7 million shares, issuable under the Company's stock option compensation plans,
- 1.4 million shares issuable from the 2000 Convertible Subordinated Debentures, and
- 0.4 million shares from the warrants associated with the 1997 Senior Notes.

9. GUARANTOR/NON-GUARANTOR CONSOLIDATING CONDENSED FINANCIAL INFORMATION

Subsequent to the issuance of the Company's Form 10-Q for the quarter ended March 31, 2004, the Company's management determined that the previously issued guarantor/non-guarantor consolidating condensed financial information disclosure did not reflect the capital contribution of certain intercompany

16

receivable and payable balances to the Company's wholly owned subsidiary, PTHI, which occurred in connection with PTHI's issuance of 8% senior notes, which are guaranteed by the Company, in January 2004. As a result, Note 9 is hereby restated to reflect such capital contribution.
