-

ITEM 1.01. Entry into a Material Definitive Agreement

On October 23, 2004, the Board of Directors of Constellation Energy Group, Inc. (Constellation Energy), based on recommendations by the Compensation Committee, approved non-employee director compensation for 2005, an amendment to Constellation Energy's non-employee director deferred compensation plan and non-employee director stock ownership guidelines.

In 2005, non-employee directors will receive the following compensation:

A \$50,000 annual cash retainer, a \$10,000 annual cash retainer for the audit committee chairperson and a \$5,000 annual cash retainer for each other committee chairperson. For 2004, each Board member received a \$30,000 annual cash retainer. The committee chairperson retainers have not changed.

A common stock award with a value of approximately \$50,000, which stock is subject to pro rata forfeiture if Board service ceases during the year. For 2004, each Board member received a restricted common stock award with a value of approximately \$35,000.

A \$1,250 fee for each regular or special Board or Board committee meeting attended.

Reasonable travel expenses to attend meetings.

Under newly adopted stock ownership guidelines, each non-employee director is required to own an amount of Constellation Energy common stock (including deferred stock units) equal to five times the annual cash retainer (\$250,000 based on the 2005 annual retainer). Each current director will have five years from the adoption of the guidelines to achieve compliance. New directors will have five years from the date on which they are named as a director. The Compensation Committee has removed restrictions from outstanding restricted stock grants that prohibit each director from selling or otherwise transferring the restricted stock until the end of the director's Board service, as the restrictions are no longer necessary in light of the stock ownership guidelines.

As in 2004, directors will have an opportunity to elect to defer some or all of their cash retainers into deferred stock units or into a cash account and to defer some or all of their fees into a cash account. In addition, the Board has authorized an amendment to the Constellation Energy Group, Inc. Deferred Compensation Plan for Non-Employee Directors, to be made by January 1, 2005, to allow non-employee directors to defer some or all of their restricted stock award into deferred stock units. Deferred stock units are bookkeeping entries that track the performance of Constellation Energy common stock and are not actual shares of stock. The bookkeeping entries reflect Constellation Energy common stock price changes, dividends, stock splits and other capital changes. At the end of their Board service, directors receive cash based on the value of their deferred stock units.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934 the registrant has duly caused this report to be signed on its behalf by the undersigned, hereunto duly authorized.
