-

SECTION 2 FINANCIAL INFORMATION

ITEM 2.01 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS.

On April 11, 2006, Teton Energy Corporation (we, us, or the Company) filed a current report on Form 8-K reporting that on April 10, 2006, we had signed a binding definitive purchase and sale agreement (the Agreement) with American Oil & Gas, Inc. (American) entitling us to acquire a 25% leasehold interest in certain undeveloped oil and gas leases covering approximately 45,000 net mineral acres in the Williston Basin in North Dakota. The closing of the transaction was subject to the satisfactory results of a due diligence investigation. At the time we also reported that we expected to close the transaction on or before May 5, 2006, provided that the contingencies principally due diligence related set forth in the Agreement were met.

On May 5, 2006, we closed the acquisition transaction with American. As originally announced, the Agreement provided that we would purchase a 25% interest in American's 45,000 net (65,000 gross) acres for \$5 million, with \$2 million to be paid at closing and the balance (or \$3 million) to be paid in respect of American's obligations between closing and June 1, 2007.

Between the signing of the Agreement and closing, American acquired additional acreage within the area of mutual interest. The final acreage count on May 5 was approximately 58,000 net acres, resulting in a final purchase price of \$6.16 million or \$420 per acre for the 25% interest. At closing, we paid \$2.46 million to American, which was funded from cash on hand. The remaining \$3.69 million will be paid as provided in the Agreement between closing and June 1, 2007, and will be used to fund American's 50% working interest for drilling and completion on the first two wells. The \$3.69 million is in addition to our obligation to fund our own 25% working interest in all drilling and completion costs over the same period.

The Agreement also provides for the establishment of an Area of Mutual Interest with American that will give either of us the right to purchase additional leases acquired by the other party in the Area of Mutual Interest through October 1, 2010.

As a result of the closing, we now own 25% of the subject acreage, American owns 50% of the acreage, and Evertson Operating Company, the designated operator for the project, owns the remaining 25% of the acreage.

SECTION 9 FINANCIAL STATEMENTS AND EXHIBITS

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS.
