Independent Registered Public Accounting Firm's Report

The Plan Administrator
The Toro Company Profit-Sharing Plan
for Plymouth Union Employees:

We have audited the accompanying statement of net assets available for benefits of The Toro Company Profit-Sharing Plan for Plymouth Union Employees (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits as of December 31, 2005 and 2004 and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**THE TORO COMPANY PROFIT-SHARING PLAN
FOR PLYMOUTH UNION EMPLOYEES**

Notes to Financial Statements

December 31, 2005 and 2004

(1) Summary Description of Plan

The following description of The Toro Company Profit-Sharing Plan for Plymouth Union Employees (the Plan) is provided for general information purposes only. Participants should refer the Plan document restated as of January 1, 2002 for more complete information.

Employees are eligible to contribute to the plan after they have completed 180 consecutive days of employment or one year of eligibility service and must be a member of a collective bargaining unit. Participants are fully vested in the entire balance of their individual accounts attributable to those contributions. The Toro Company (the Company) also makes matching contributions. Participants are eligible for matching contributions after completing one year of qualifying service with the Company. Company contributions, together with the income attributable thereto, vest at a rate of 20% after one year of vesting service, with an additional 20% being accumulated annually thereafter until the participant is 100% vested.

Participants and the Company make contributions to the Plan. The investments of employee and employer contributions are selected by the participants. All contributions under the Plan are made to a trust that holds all of the assets of the Plan.

Effective September 3, 2004, a new Trustee was appointed, (JP Morgan Retirement Plan Services) to the Plan. Plan assets transferred to the new Trustee were transferred into funds comparable to those offered by the former Trustee (Putnam Fiduciary Trust Company). The conversion initiated a Black Out period beginning August 30, 2004 and continued through September 7, 2004. Prior to this period, employees were notified and able to select funds with the new Trustee. During the Black Out period, fund elections could not be changed or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. Employee contributions continued to be made through payroll deductions and contributions were deposited directly into the participant accounts based on their elections until the completion of the Black Out period.

Employee contributions to the plan consist of salary reduction elections under a 401(k) feature, voluntary after tax contributions, and rollover funds from other qualified plans. The Company is required to make a matching contribution equal to 50% of the participants' contributions to the Plan not to exceed 2% of the participants' total compensation made.

Transfers to/from other funds, represent participant elected rollovers to/from other plans of other employers or other transfers to/from plans.

Pension benefits are paid to employees upon a participant's normal retirement date or the date a participant incurs a termination of service. An election can be made for an early, late, or disability retirement date. Normal retirement benefits are paid monthly to the retiree or the surviving spouse of the retiree.

During the plan year ended December 31, 2005 and 2004, forfeited nonvested accounts totaled \$0.

The Company, administrator of the Plan, absorbs all administrative costs of the Plan, except for the trustee fees.

FOR PLYMOUTH UNION EMPLOYEES**

Notes to Financial Statements

December 31, 2005 and 2004

(2) Summary of Significant Accounting Policies

(a) Basis of Financial Statement Presentation

The accompanying financial statements of the Toro Company Profit-Sharing Plan for Plymouth Union Employees (the Plan) are presented in accordance with U.S. generally accepted accounting principles.

(b) Investments

The Plan's investments are held by the Trustee. The investment securities are stated at fair value based upon published quotations or, in the absence of available quotations, at fair values determined by the Trustee. Purchases and sales of securities are recorded on a trade-date basis.

The company maintains one Master Trust, the Wells Fargo Stable Value Fund (Master Trust) for three profit sharing and retirement plans that are sponsored by the Company. The three plans are the Plan; The Toro Company Investment, Savings, and Employee Stock Ownership Plan; and The Hahn Equipment Company Savings Plan for Union Employees. The purpose of the Master Trust is to pool investment transactions and achieve uniform rates of return on comparable funds under all plans.

The Plan's proportionate share of net investment income from the Master Trust is based upon the percentage of the fair value of the Plan's investment in the Master Trust's net assets. The Plan's percentage interest in the net assets of the Master Trust was less than 1% as of December 31, 2005 and 2004, respectively.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(d) Concentrations of Risk

The Plan has investments in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Since the assets held by the Trust include the Toro Company Common Stock, the anticipated assets available for benefits in 2006 will be the result of the Company's future stock market performance, which is subject to various risk factors described more fully in the Company's periodic filing with the Securities and Exchange Commission.

**THE TORO COMPANY PROFIT-SHARING PLAN
FOR PLYMOUTH UNION EMPLOYEES**

Notes to Financial Statements

December 31, 2005 and 2004

(3) Party-in-interest Transactions

J.P. Morgan Retirement Plan Services (Trustee of the Plan effective September 3, 2004), Putnam Fiduciary Trust Company (former Trustee of the Plan) and the Toro Company are parties-in-interest with respect to the Plan. In the opinion of the Plan's legal counsel, transactions between the Plan and the trustees are exempt from being considered as prohibited transactions under the ERISA Section 408(b).

(4) Plan Termination

The Company has voluntarily agreed to make contributions to the Plan. Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Each participant's interest in the Plan is 100% vested at all times, except for the portion attributable to matching contributions which is vested in a manner described above. Upon termination of the Plan, interests of active participants in the Plan fully vest.

(5) Federal Income Taxes

The plan administrator has received a favorable determination letter dated April 15, 2003 from the Internal Revenue Service stating that the Plan constitutes a qualified plan under Section 401(a) of the Internal Revenue Code and that the trust created under the Plan is exempt from federal income tax under Section 501(a) of the Code. The Plan has been amended since the date of this letter; however it is the opinion of the Plan Administrator that the Plan and its related trust continue to qualify under the provisions of Sections 401(a) and 501(a) of the Code.

(6) Related Party

The Plan's investments are held by J.P. Morgan Retirement Plan Services (Trustee of the Plan effective September 3, 2004) and Putnam Fiduciary Trust Company (former Trustee of the Plan prior to September 3, 2004). Some of the investment funds available to participants also include mutual funds managed by J.P. Morgan Retirement Plan Services for periods effective September 3, 2004 and Putnam Fiduciary Trust Company for periods subsequent to September 3, 2004.

(7) Investments

Under the terms of the trust agreement, the Trustees manage investment funds on behalf of the Plan. The Trustees have been granted discretionary authority concerning the purchases and sales of the investments of the investment funds, except to the extent the Trustees are subject to the discretion of participants, other fiduciaries, or the Company. In accordance with the trust agreement, certain assets of the Plan are held together with assets of other plans sponsored by the Company in the Master Trust.

The net assets available for benefits of the Master Trust as of December 31, 2005 and 2004 were \$80,018,240 and \$76,765,065, respectively. All assets of the Master Trust were held in short-term investment funds.
