NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Principles of Consolidation

The consolidated financial statements include our accounts and those of our wholly-owned and majority-owned subsidiaries and variable interest entities for which we are the primary beneficiary. Minority interest represents a minority owner's proportionate share of the equity in certain of our consolidated entities. All significant intercompany transactions and account balances have been eliminated in consolidation.

Discontinued Operations

In accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, we have reported the results of operations of WGGB-TV in Springfield, Massachusetts as assets and liabilities held for sale in the accompanying consolidated statements of operations. Discontinued operations have not been segregated in the consolidated statements of cash flows; therefore, amounts for certain captions will not agree with the accompanying consolidated statements of operations. The operating results of WGGB-TV are not included in our consolidated results from continuing operations for the three and six months ended June 30, 2008 and 2007. See *Note 8. Discontinued Operations*, for additional information.

Interim Financial Statements

The consolidated financial statements for the three and six months ended June 30, 2008 and 2007 are unaudited. In the opinion of management, such financial statements have been presented on the same basis as the audited consolidated financial statements and include all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation of the consolidated balance sheets, consolidated statements of operations and consolidated statements of cash flows for these periods.

As permitted under the applicable rules and regulations of the Securities and Exchange Commission, the consolidated financial statements do not include all disclosures normally included with audited consolidated financial statements and, accordingly, should be read together with the audited consolidated financial statements and notes thereto in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission. The consolidated statements of operations presented in the accompanying consolidated financial statements are not necessarily representative of operations for an entire year.

Recent Accounting Pronouncements

In May 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)*. This FSP requires issuers of convertible debt instruments that may be settled in cash upon conversion to account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods. Issuers will need to determine the carrying value of the liability portion of the debt by measuring the fair value of a similar liability (including any embedded features other than the conversion option) that does not have an associated equity component. The excess of the initial proceeds received from the debt issuance and the fair value of the liability component should be recorded as a debt discount with the offset recorded to equity. The discount will be amortized to interest expense using the interest method over the life of a similar liability that does not have an associated equity component. Transaction costs incurred with third parties shall be allocated between the liability and equity components in proportion to the allocation of proceeds and accounted for as debt issuance costs and equity issuance costs, respectively, with the debt issuance costs amortized to interest expense. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is not permitted. This FSP should be applied retrospectively to all periods presented as of the beginning of the first period presented with an offsetting adjustment to the opening balance of retained earnings. We are currently evaluating the effect of this FSP. We believe that this FSP applies to our 3.0% Convertible Senior Notes, due 2027 and could have a material impact on our consolidated financial statements, including higher non-cash interest expense.

Table of Contents

In June 2008, the Emerging Issues Task Force (EITF) issued Issue No. 08-4, *Transition Guidance for Conforming Changes to Issue No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios*. The Issue provides transition guidance for changes made to Issue 98-5 resulting from the issuance of EITF Issue No. 00-27, *Application of EITF Issue No. 98-5, Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios, to Certain Convertible Instruments*, and FASB Statement No. 150, *Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*. The Issue requires that an entity: (a) apply the guidance in this issue to its first fiscal year beginning after December 15, 2008; (b) recognize the effect of the change retrospectively, with the cumulative effect of the change recognized as an adjustment to the opening balance of retained earnings for the earliest period presented; and (c) include disclosures as required for a change in accounting principle by Statement 154. We do not expect the impact of this Issue to have a material effect on our consolidated financial statements.

In June 2008, the FASB issued FSP EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities*. This FSP clarifies that unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents are participating securities as defined in EITF 03-6, *Participating Securities and the Two-Class Method under FASB Statement No. 128* and should therefore be included in the computation of earnings per share. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. In addition, all prior period earnings per share data shall be adjusted retrospectively. We are currently evaluating the impact of this FSP on our consolidated financial statements.

In June 2008, the EITF issued Issue No. 07-5, *Determining Whether an Instrument (or an Embedded Feature) is Indexed to an Entity's Own Stock*. This Issue requires that an entity use a two-step approach to evaluate whether an equity-linked financial instrument (or embedded feature) is indexed to its own stock, including evaluating the instrument's contingent exercise and settlement provisions. This Issue is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. We are currently evaluating the impact of this Issue on our consolidated financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Acquisitions

In February 2008, we acquired the non-licensed assets of KFXA-TV in Cedar Rapids, Iowa for \$17.0 million, net of cash acquired and the right to purchase licensed assets, pending FCC approval, for \$1.9 million. Our CBS affiliate in Cedar Rapids, KGAN-TV, provides sales and other non-programming related services to KFXA-TV pursuant to an outsourcing agreement. We have determined that the outsourcing agreement is considered a variable interest in KFXA-TV. We have determined that the KFXA-TV licensed asset entity is a variable interest entity and that we are the primary beneficiary of variable interests. As a result, we consolidate the assets and liabilities of the non-licensed and licensed assets of KFXA-TV.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

In March 2008, we acquired a 50% equity interest in Bay Creek South, LLC (Bay Creek). Bay Creek is a land development venture that primarily includes residential and commercial unimproved and improved land surrounding two golf courses on Virginia's eastern shore. In conjunction with the equity investment, we purchased certain of Bay Creek's outstanding debt that was used to finance improvements to and the development of land in the venture. Our total cash, debt and equity investment in Bay Creek, including transaction costs, was \$35.2 million, net of cash acquired. Approximately \$0.8 million of the \$35.2 million investment was funded through the conversion of an existing bridge loan to a portion of the 50% equity interest. Based on our role as the day-to-day manager and our ability to control all major decisions of the venture, the accounts of Bay Creek are included in our consolidated balance sheet. Approximately \$11.8 million of debt was assumed by us through the consolidation of Bay Creek; however, this debt was subsequently paid down to a zero balance at March 31, 2008. As of June 30, 2008, approximately \$49.0 million of property, equipment, land inventory and intangibles were included in property and equipment, net in our consolidated balance sheet. Bay Creek is not material to our consolidated financial statements and we expect to finalize the purchase price allocation during 2008. Our cash investment is shown in the consolidated statement of cash flows as payments for acquisitions of other operating divisions' companies.

In June 2008, we acquired Jefferson Park Development, LLC (Jefferson Park) for \$19.0 million. Jefferson Park is a mixed use land development project located in Frederick County, Maryland, a suburb of Washington, D.C. We consolidate the assets and liabilities of Jefferson Park.

Table of Contents

In June 2008, we entered into an agreement to acquire WTVR-TV, a CBS affiliate, in Richmond-Petersburg, Virginia for \$85.0 million and simultaneously sell the license assets of WRLH-TV, a FOX affiliate, in Richmond, Virginia to an unrelated third party. Upon closing, which is pending the Federal Communication Commission and the Justice Department approval, we will provide sales and other programming related services to WRLH-TV.

Investments

From time to time, we transact equity and debt investments in non-broadcast assets. During first quarter 2008, we made a \$6.0 million cash investment in Patriot Capital II, LP (Patriot Capital). Patriot Capital provides structured debt and mezzanine financing to small businesses. After the \$6.0 million cash investment, our remaining unfunded commitment to Patriot Capital is \$14.0 million. As of June 30, 2008, we made new investments of \$13.2 million and add-on cash investments of \$1.5 million in real estate ventures. As of the filing date, in third quarter 2008, we made a new investment of \$3.5 million in a real estate venture.

Goodwill Impairment

SFAS No. 142, *Goodwill and Other Intangible Assets* requires that goodwill be tested for impairment at the reporting unit level at least annually. We test for impairment by comparing the book value of our reporting units, including goodwill, to the estimated fair value of our reporting units. We estimate the fair value of our reporting units using a combination of observed earnings multiples, discounted cash flow models and appraisals. During the three months ended June 30, 2008, certain events led us to test our goodwill associated with an other operating division company, Acrodyne Communications, Inc. As a result of this testing, we recorded a \$1.6 million impairment charge in our consolidated statements of operations.

Property and Equipment

As of June 30, 2008, approximately \$92.9 million of our \$360.7 million of net property and equipment consisted of real estate held for development and sale or for investment.

Comprehensive Income (Loss)

Statement of Financial Accounting Standards No. 130, *Reporting Comprehensive Income*, requires that entities present comprehensive income (loss), which is the sum of net income (loss) and other comprehensive income, for each of the periods presented in the consolidated financial statements. Comprehensive income was \$13.3 million and \$2.3 million for the three months ended June 30, 2008 and 2007, respectively and \$29.9 million for the six months ended June 30, 2008. Comprehensive loss was less than \$0.1 million for the six months ended June 30, 2007.

Reclassifications

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year's presentation.

Table of Contents**2. STOCK-BASED COMPENSATION:**

From time to time, we grant subsidiary stock awards to employees. The subsidiary stock is typically in the form of a membership interest in a consolidated limited liability company, not traded on a public exchange and valued based on the estimated fair value of the subsidiary. Fair value is typically estimated using discounted cash flow models and appraisals. These stock awards vest immediately. For the three and six months ended June 30, 2008, we recorded compensation expense of \$1.3 million and \$2.4 million, respectively, related to these awards. We did not issue any subsidiary stock awards during the six months ended June 30, 2007. This expense reduced our consolidated income, but had no effect on our consolidated cash flows. These awards have no effect on the shares used in our basic and diluted earnings per share.

On April 1, 2008, 350,000 stock-settled appreciation rights (SARs) were granted to David Smith, our President and Chief Executive Officer, pursuant to the 1996 Long-Term Incentive Plan. The SARs have a 10-year term and vest immediately. The base value of each SAR is \$8.94 per share, which was the closing price of our Class A Common Stock on the grant date. The SARs had a grant date fair value of \$0.5 million. We valued the SARs using the Black-Scholes model and the following assumptions:

Risk-free interest rate	4.25%
Expected life	10 years
Expected volatility	46.10%
Annual dividend yield	9.23%

For each of the three and six months ended June 30, 2008, we recorded expense of \$0.5 million related to this grant. This expense will reduce our consolidated income but have no effect on our consolidated cash flows.

3. COMMITMENTS AND CONTINGENCIES:*Litigation*

We are a party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

FCC License Renewals

In April 2008, the FCC granted the license renewal application of WUXP-TV in Nashville, Tennessee. In July 2008, the FCC granted the renewal application of WVTW-TV in Milwaukee, Wisconsin.

Under FCC rules, we have continuing authority to operate each of these stations for which we have a pending renewal application until the FCC takes final action on that application.

Other FCC Adjudicatory Proceedings

On October 12, 2004, the FCC issued a Notice of Apparent Liability for Forfeiture (NAL) in the amount of \$7,000 per station to virtually every FOX station, including the 15 FOX affiliates presently licensed to us, the four FOX affiliates programmed by us and one FOX affiliate we sold in 2005. The NAL alleged that the stations broadcast indecent material contained in an episode of a FOX network program that aired on April 7, 2003. We, as well as other parties including the FOX network, filed oppositions to the NAL. On February 22, 2008, the FCC released an order assessing a \$7,000 per station forfeiture against thirteen FOX stations, including KDSM-TV in Des Moines, Iowa, WZTV-TV in Nashville, Tennessee and WVAH-TV in Charleston, West Virginia, which we program pursuant to a Local Marketing Agreement (LMA). We did not pay the forfeiture for our stations. On March 24, 2008, we joined the FOX network and other FOX affiliates in filing a petition for reconsideration of the forfeiture order. On April 4, 2008, the FCC returned the petition without consideration based on the alleged failure to comply with a procedural rule. On April 21, 2008, we joined the FOX network and other FOX affiliates in seeking reconsideration of the FCC's April 4, 2008 decision to return the petition for reconsideration. On April 4, 2008, the Department of Justice, on behalf of the FCC, sued several of the stations that had not paid the forfeiture amounts assessed by the FCC, including the two stations we own and WVAH-TV. Our stations and WVAH-TV paid the forfeiture assessments in April 2008. The proceedings initiated by the Department of Justice have been dismissed. The FOX network has agreed to indemnify its affiliates for the full amount of the forfeiture assessment paid.

Table of Contents**4. SUPPLEMENTAL CASH FLOW INFORMATION:**

During the six months ended June 30, 2008 and 2007, our supplemental cash flow information was as follows (in thousands):

	Six Months Ended June 30,	
	2008	2007
Income taxes paid related to continuing operations	\$ 2,947	\$ 48
Income tax refunds received related to continuing operations	\$ 45	\$ 59
Income tax refunds received related to sale of discontinued operations	\$ 27	\$ 153
Interest paid	\$ 36,573	\$ 57,365
Payments related to extinguishment of debt	\$ 245	\$ 27,249

Non-cash barter and trade expense are presented in the consolidated statements of operations. Non-cash transactions related to capital lease obligations were \$10.0 million and less than \$0.1 million for the six months ended June 30, 2008 and 2007, respectively.

5. DERIVATIVE INSTRUMENTS:

We enter into derivative instruments primarily to reduce the impact of changing interest rates on our floating rate debt and to reduce the impact of changing fair market values on our fixed rate debt.

As of December 31, 2007, we had two remaining derivative instruments. Both of these instruments were interest rate swap agreements. One of these swap agreements, with a notional amount of \$180.0 million and an expiration date of March 15, 2012, was accounted for as a fair value hedge in accordance with SFAS 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133); therefore, any changes in its fair market value are reflected as an adjustment to the carrying value of our 8.0% Senior Subordinated Notes, due 2012, which was the underlying debt being hedged. The interest we paid on the \$180.0 million swap was variable based on the three-month LIBOR plus 2.28% and the interest we received was fixed at 8.0%. The other interest rate swap, with a notional amount of \$120.0 million and an expiration date of March 15, 2012, was undesignated as a fair value hedge in 2006 due to a reassignment of the counterparty; therefore, any subsequent changes in the fair market value are reflected as an adjustment to income. The interest we paid on the \$120.0 million swap was variable based on the three-month LIBOR plus 2.35% and the interest we received was fixed at 8.0%.

In February 2008, the counterparty to our swap agreements, elected to change the termination dates of the \$180.0 million and \$120.0 million swaps to March 25, 2008 and March 26, 2008, respectively. We received a termination fee of \$3.2 million from the counterparty for the early termination of the \$120.0 million swap. After the removal of the related \$2.4 million derivative asset from our consolidated balance sheet, the resulting \$0.8 million, along with \$0.2 million of interest was recorded in gain from derivative instruments. We received a termination fee of \$4.8 million from the counterparty for the early termination of the \$180.0 million swap. In accordance with SFAS 133, the carrying value of the underlying debt was adjusted to reflect the \$4.8 million termination fee and that amount is treated as a premium on the underlying debt that was being hedged and is amortized over its remaining life as a reduction to interest expense. The total termination fees received of \$8.0 million are included in the cash flows from financing activities section of the consolidated statement of cash flows for the six months ended June 30, 2008.

As of June 30, 2008, we had no derivative instruments other than embedded derivatives related to contingent cash interest features in our 4.875% Convertible Senior Notes, due 2018 and 3.0% Convertible Senior Notes, due 2027, which had negligible fair values.

Table of Contents**6. EARNINGS PER SHARE:**

The following table reconciles income (numerator) and shares (denominator) used in our computations of earnings per share for the three and six months ended June 30, 2008 and 2007 (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Income (Numerator)				
Income (loss) from continuing operations	\$ 13,100	\$ 1,703	\$ 29,644	\$ (410)
Income impact of assumed conversion of 4.875% Convertible Senior Notes, due 2018, net of taxes			2,194	
Numerator for diluted earnings (loss) per common share from continuing operations	\$ 13,100	\$ 1,703	\$ 31,838	\$ (410)
Income from discontinued operations, including gain on sale of broadcast assets related to discontinued operations, net of taxes	178	494	47	218
Numerator for diluted earnings (loss) per common share	\$ 13,278	\$ 2,197	\$ 31,885	\$ (192)
Shares (Denominator)				
Weighted-average common shares outstanding	87,459	87,122	87,353	86,634
Dilutive effect of outstanding stock options and restricted stock	4	160	5	
Dilutive effect of 4.875% Convertible Senior Notes, due 2018			6,705	
Weighted-average common and common equivalent shares outstanding	87,463	87,282	94,063	86,634

We apply the treasury stock method to measure the dilutive effect of our outstanding stock options and restricted stock awards and include the respective common share equivalents in the denominator of the diluted EPS computation. For the six months ended June 30, 2007, our outstanding stock options and restricted stock awards were anti-dilutive; therefore, they were not included in the computation of diluted EPS. For the three months ended June 30, 2008 and 2007 and the six months ended June 30, 2007, our 4.875% Convertible Senior Notes, due 2018 and for each of the three and six months ended June 30, 2008 and 2007, our 6.0% Convertible Debentures, due 2012, our 3.0% Convertible Senior Notes, due 2027, and our outstanding SARs were anti-dilutive; therefore, they were not included in the computation of diluted EPS.

7. RELATED PERSON TRANSACTIONS:

David, Frederick, Duncan and Robert Smith (collectively, the controlling shareholders) are brothers and hold substantially all of the Class B Common Stock. During each of the periods presented in the accompanying consolidated financial statements, we engaged in transactions with them, their immediate family members and/or entities in which they have substantial interests (collectively, affiliates).

Certain assets used by us and our operating subsidiaries are leased from Cunningham Communications, Inc., Keyser Investment Group, Gerstell Development Limited Partnership and Beaver Dam, LLC (entities owned by the controlling shareholders). Lease payments made to these entities were \$1.2 million and \$1.3 million for the three months ended June 30, 2008 and 2007, respectively. Lease payments made to these

entities were \$2.4 million and \$2.6 million for the six months ended June 30, 2008 and 2007, respectively.

In January 1999, we entered into a LMA with Bay Television, Inc. (Bay TV), which owns the television station WTTA-TV in Tampa, Florida. Our controlling shareholders own a substantial portion of the equity of Bay TV. The LMA provides that we deliver television programming to Bay TV, which broadcasts the programming in return for a monthly fee to Bay TV of \$143,500. We must also make an annual payment equal to 50% of the adjusted annual broadcast cash flow of the station (as defined in the LMA) that is in excess of \$1.7 million. The additional payment is reduced by 50% of the adjusted broadcast cash flow of the station that was below zero in prior calendar years until that amount is recaptured. An additional payment of \$1.5 million was made during the six months ended June 30, 2008 related to the excess adjusted broadcast cash flow for the year ended December 31, 2007. Lease payments made to Bay TV were \$0.4 million for each of the three months ended June 30, 2008 and 2007 and \$0.9 million for each of the six months ended June 30, 2008 and 2007. We received \$0.1 million for each of the three months ended June 30, 2008 and 2007 and \$0.3 million for each of the six months ended June 30, 2008 and 2007 from Bay TV for certain equipment leases.

We sold advertising time to and purchased vehicles and related vehicle services from Atlantic Automotive Corporation (Atlantic Automotive), a holding company which owns automobile dealerships and an automobile leasing company. David D. Smith, our President and Chief Executive Officer, has a controlling interest in, and is a member of the Board of Directors of Atlantic Automotive. Our stations in Baltimore, Maryland and Norfolk, Virginia received payments for advertising time totaling \$0.2 million

and \$0.4 million for the three and six months ended June 30, 2008, respectively. We received payments for advertising time totaling \$0.1 million and \$0.3 million for the three and six months ended June 30, 2007, respectively. We paid \$0.2 million and \$0.4 million for vehicles and related vehicle services from Atlantic Automotive for the three and six months ended June 30, 2008, respectively. We paid \$0.3 million and \$0.5 million for vehicles and related vehicle services from Atlantic Automotive for the three and six months ended June 30, 2007, respectively.

Basil A. Thomas, a member of our Board of Directors, is on the board of directors of Thomas & Libowitz, P.A., and the father of Steven A. Thomas, a partner and founder of Thomas & Libowitz, P.A., a law firm providing legal services to us on an ongoing basis. We paid fees of \$0.2 million to Thomas & Libowitz for each of the three months ended June 30, 2008 and 2007. For the six months ended June 30, 2008 and 2007, we paid fees of \$0.5 million and \$0.4 million to Thomas & Libowitz, respectively.

From time to time, we charter aircraft owned by certain controlling shareholders. We incurred \$0.1 million for each of the three and six months ended June 30, 2008 and less than \$0.1 million for each of the three and six months ended June 30, 2007.

In April 2008, we extended four of our LMAs with Cunningham Broadcasting Corporation (Cunningham) pursuant to which we will continue to provide programming to Cunningham to air on WTAT-TV in Charleston, South Carolina, WVAH-TV in Charleston, West Virginia, WRGT-TV in Dayton, Ohio and WMYA-TV in Anderson, South Carolina. We made payments to Cunningham under LMA agreements of \$2.6 million and \$2.1 million for the three months ended June 30, 2008 and 2007, respectively and \$3.8 million and \$4.0 million for the six months ended June 30, 2008 and 2007, respectively.

As of June 30, 2008, Frederick Smith had an unfunded investment commitment of \$0.5 million to Patriot Capital.

8. DISCONTINUED OPERATIONS:

WGGB Disposition

On July 31, 2007, we entered into an agreement to sell WGGB-TV, including the FCC license, to an unrelated third party for \$21.2 million in cash. The FCC approved the transfer of the broadcast license and the sale was completed on November 1, 2007. We recorded \$1.1 million, net of \$0.5 million tax provision, as gain from discontinued operations in our consolidated statements of operations for the year ended December 31, 2007. The net cash proceeds were used in the normal course of operations and for capital expenditures.

Accounts receivable related to WGGB-TV is included in the accompanying consolidated balance sheets, net of allowance for doubtful accounts, for all periods presented. This is because we continue to own the rights to collect the amounts due to us through the closing date of the non-license television broadcast assets. As of June 30, 2008, there were no outstanding accounts receivable related to our discontinued operations. Accounts receivable related to our discontinued operations was \$0.1 million (net of allowance of less than \$0.1 million) as of December 31, 2007.

Corporate and Other primarily includes our costs to operate as a public company and to operate our corporate headquarters location, our investment activity and our other operating divisions' activities. Currently, our other operating divisions primarily earn revenues from information technology staffing, consulting and software development; transmitter manufacturing; sign design and fabrication; regional security alarm operating and bulk acquisitions; and real estate ventures. Transactions between our operating segment and Corporate and Other are not material.
