VODAFONE LAUNCHES THE NEW EXCLUSIVE BLACKBERRY® STORM™

- **First clickable touch screen smartphone purpose built for Vodafone revolutionary tactile touch display**
- **Building on BlackBerry platform's strong wireless heritage, the BlackBerry Storm is ideal for both consumers and business users featuring:**
 - **Large, high resolution screen coupled with Vodafone's ultra high speed network delivering world class Internet browsing**
 - **Fast and easy access to customers' favourite social networking sites**
 - **Turn by turn satellite navigation**
 - **Great for keeping in touch - all e-mail, SMS and MMS in a single in-box**
- **Multi-media services including outstanding music and video experience:**
 - **Download music or transfer it from the PC**
 - **Incredible sound quality**
 - **Largest screen on a BlackBerry smartphone**

Vodafone Group today announces the launch of the BlackBerry Storm smartphone from Research In Motion (RIM) (NASDAQ RIMM; TSX; RIM). The BlackBerry Storm is the first ever clickable touch screen smartphone and will be available exclusively on Vodafone's high speed 3G mobile broadband network in Europe, India, Australia and New Zealand from next month. Also, the BlackBerry Storm will be available exclusively from Verizon Wireless in the US.

The BlackBerry Storm smartphone, which is the result of a long term strategic alliance between Vodafone and RIM, takes what customers have come to expect from a BlackBerry smartphone - a great phone with market leading email, messaging, multi-media and Internet capabilities - and revolutionizes the experience with the introduction of a ground breaking large touch screen and virtual keyboard.

We are delighted to bring the power of the BlackBerry Storm, purpose built for Vodafone, directly into the hands of consumer and business customers, says Frank H Rovekamp, Global Chief Marketing Officer, Vodafone Group. With its unique clickable touch screen, giving access to all the desirable multi-media features and services such as browsing, music and video, turn by turn satellite navigation, messaging and social networking, and BlackBerry's mobile heritage and strong business reputation, the BlackBerry Storm is being brought by Vodafone into the consumer world. With Vodafone's ultra high speed, reliable mobile network and this exclusive and exciting new smartphone, there has never been a better time to be with Vodafone.

Coming in a sleek and elegant black design, the BlackBerry Storm smartphone brings together messaging services including email, SMS and MMS in a single in-box and alerts from social networks. It also offers superb sound quality and a 3.2 MP camera with video capabilities that exploit the screen's stunning clarity to deliver advanced multimedia performance coupled with Vodafone's fast and reliable mobile broadband network.

The BlackBerry Storm smartphone, comes with an enhanced high performance browser which delivers users a high speed web browsing experience, with desktop-style depiction in either portrait or landscape view. The new user interface combines the familiar dedicated menu and escape keys common to BlackBerry smartphones and adds support for multi-touches, taps and slides allowing the user to easily highlight, scroll, pan and zoom, making navigation fast, easy and intuitive.

The uniquely tactile 3.25" screen gives users a variety of different sense experiences. Despite its flat surface, users feel the sensation of actually pressing down on virtual keys which also light up when touched. This makes it quick and easy to type texts and emails as well as navigate through the phone's functions. Customers will also have the choice of using a full QWERTY, SureType® or multi-tap keyboard.

By excluding the traditional physical keyboard, more space has been dedicated to the high resolution colour screen, allowing customers to display multi-media content and comfortably view attachments as well as read and edit documents.

The ground-breaking screen with its 480 x 360 pixel resolution display switches from portrait mode to landscape mode as the handset is rotated, while automatically changing the format of the keyboard from multi-tap or RIM's SureType® to full QWERTY*. A wide range of songs and full length videos can be downloaded and enjoyed with the stunning clarity of the smartphone's screen and its incredible, high quality audio.

The BlackBerry Storm retains the full functionality and security features of the BlackBerry platform but is also ideal for avid Facebook, MySpace and YouTube users, while Flickr fans will love the ease and speed of directly uploading their pictures seconds after taking them.

Customers can access all Vodafone's entertainment and information services including Vodafone Music, Google Maps and Find&Go navigation, and the Vodafone live! portal, whilst also benefiting from a removable battery with excellent talk and standby time, and up to 16GB of exchangeable memory.

The BlackBerry Storm will be available from next month through Vodafone stores as well as independent outlets and online. Full pricing details will be available in the coming weeks.

-ends-

* Virtual keyboards are also available in AZERTY, QWERTZ and other configurations to support different language groups.

VODAFONE ACQUIRES ADDITIONAL STAKE IN POLKOMTEL

Vodafone announces today that it has agreed to acquire an additional 4.8% stake in Polkomtel S.A. (Polkomtel), a leading telecommunications operator in Poland, from TDC A/S (TDC) for a total cash consideration of 176 million plus accrued interest at closing.

The acquisition will increase Vodafone s stake in Polkomtel from 19.6% to 24.4%, enhancing its exposure to the attractive Polish market. Vodafone has, along with the other shareholders, elected to exercise its pre-emptive rights, pro rata to its existing shareholding of 19.6%, over TDC s shareholding in Polkomtel, which arose following the change of control of TDC in February 2006.

Vodafone expects the transaction to close in the fourth quarter of the calendar year 2008.

About Vodafone

Edgar Filing: VODAFONE GROUP PUBLIC LTD CO - Form 6-K

Vodafone is the world's leading international mobile communications group with approximately 269 million proportionate customers as of 30 June 2008. Vodafone currently has equity interests in 27 countries across five continents and over 40 partner networks worldwide. For more information, please visit www.vodafone.com

About TDC

TDC is the leading provider of communications solutions in Denmark with a strong Nordic focus. In the Nordic region TDC has four business units: Business Nordic, Fixnet Nordic, Mobile Nordic and YouSee. TDC's activities outside the Nordic Region comprise amongst others Sunrise, a leading telecommunications provider in Switzerland, and HTCC, a leading telecommunications provider in Hungary.

About Polkomtel

Polkomtel is the operator of the Plus GSM mobile telephone service in Poland. It was awarded its licence in February 1996, and as at 30th June 2008 had over 13.2 million customers. For further information, please visit www.polkomtel.com.pl

30 October 2008

VODAFONE AND MTS SIGN STRATEGIC PARTNERSHIP

Vodafone and Mobile TeleSystems OJSC (MTS NYSE: MBT), the largest mobile phone operator in Russia and the CIS, today announce a strategic, non-equity partnership to provide customers with high quality communications services and to collaborate jointly on future technological developments.

Under the agreement, MTS has exclusive access to a range of products, services and devices from Vodafone for its markets of operation in Russia, Ukraine, Uzbekistan, Turkmenistan and Armenia. In addition, MTS will be able to draw on Vodafone's expertise in building and developing third generation (3G) networks and mobile broadband products, working with leading global equipment providers and deploying innovative CRM practices to enhance quality and further improve the efficiency of its operations.

The partnership with MTS will give Vodafone valuable insight into the opportunities of the important telecommunications markets of Russia and the CIS, which are among the fastest growing in the world. Vodafone's products will be made available to MTS's 87 million subscribers, including more than 60 million customers in Russia.

Vodafone's products and services will be marketed in Russia and the CIS under a co-branded approach. Vodafone will also open a representative office in Moscow to co-operate more closely with MTS on future offerings and customer services.

A partnership with Vodafone will allow MTS to bring tangible benefits to both its customers and shareholders, said Mr. Mikhail Shamolin, President and CEO of MTS. This groundbreaking agreement will give our customers the most innovative products and services from around the world. At the same time, Vodafone's commercial insights and technical expertise will translate into significant operational efficiencies for MTS over the long-term as we transition our networks to 3G and beyond.

Vittorio Colao, CEO of Vodafone, commented: Our agreement with MTS is an opportunity for Vodafone to build its presence and work with the leading operator in these important markets. By combining the geographical reach of the company's respective networks, we can give customers greater roaming capabilities and extended coverage. We are delighted that MTS has joined our successful Partner Markets community, which will be much stronger with the addition of Russia and the CIS.

Notes to Editors:

About MTS

Mobile TeleSystems OJSC (MTS) is the largest mobile phone operator in Russia and the CIS. Together with its subsidiaries, the Company services over 87.57 million subscribers. The regions of Russia, as well as Armenia, Belarus, Turkmenistan, Ukraine, and Uzbekistan, in which MTS and its associates and subsidiaries are licensed to provide GSM services, have a total population of more than 230 million. Since June 2000, MTS Level 3 ADRs have been listed on the New York Stock Exchange (ticker symbol MBT). Additional information about MTS can be found on MTS website at www.mtsgsm.com.

About Vodafone

Vodafone is the world's leading international mobile communications group with approximately 269 million proportionate customers as of 30 June 2008. Vodafone currently has equity interests in 27 countries across five continents and over 40 partner networks worldwide. For more information, please visit www.vodafone.com

About Vodafone Partner Markets

Vodafone Partner Markets are a series of strategic alliances across the globe between Vodafone Group and mobile network operators which Vodafone does not own. Instead, Vodafone has leveraged its global brand, and international products and services to agree partnerships which enable its partners to offer products and services under the Vodafone name. Partner Markets vary from full Vodafone branding agreements through to product branding, roaming and service resale agreements. In addition to offering Vodafone products and services to partner companies' customers, Vodafone customers, when roaming on partner networks, are able to seamlessly access a range of services familiar to them from their home markets.
