Item 8.01. Other Events.

On November 11, 2009, Hewlett-Packard Company, a Delaware corporation (HP), entered into an Agreement and Plan of Merger (the Merger Agreement) by and among HP, Colorado Acquisition Corporation, a Delaware corporation and a wholly-owned subsidiary of HP (Merger Sub), and 3Com Corporation, a Delaware corporation (3Com). Pursuant to the Merger Agreement, Merger Sub will be merged with and into 3Com, and each outstanding share of 3Com common stock (other than shares as to which appraisal rights have been properly exercised) will be converted into the right to receive \$7.90, without interest.

3Com and HP have made customary representations, warranties and covenants in the Merger Agreement, including, among others, covenants that 3Com (i) will conduct its business in the ordinary course during the period between the execution of the Merger Agreement and the effective time of the merger, and (ii) subject to certain customary exceptions, that the Board of Directors of 3Com will recommend adoption by its stockholders of the Merger Agreement and will not solicit alternative business combination transactions.

The completion of the merger is subject to various conditions, including (i) approval of the Merger by the holders of a majority of the outstanding shares of 3Com common stock, (ii) expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, (iii) clearance of the merger by the European Commission, (iv) receipt of certain other required regulatory approvals, and (v) other customary closing conditions.

The Merger Agreement contains certain termination rights for both HP and 3Com and further provides that, upon termination of the Merger Agreement under specified circumstances, 3Com may be required to pay HP a termination fee of \$99 million.

The foregoing description of the Merger Agreement is only a summary, does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, a copy of which is attached as Exhibit 99.1 hereto.
