Such risks and uncertainties also include, but are not limited to, the impact of the variable demand; the possible impact of natural disasters, such as were recently experienced in Japan, on our sources of supply or on end demand for our products; dependence on our ability to successfully qualify, manufacture and sell our disk drive products in increasing volumes on a cost-effective basis and with acceptable quality, particularly our new disk drive products with lower cost structures; the risk that our recently announced transaction with Samsung Electronics Co., Ltd. will not be consummated and the risk that we will incur significant costs in connection with the transaction; the impact of competitive product announcements and our ability to achieve projected cost savings. Information concerning risks, uncertainties and other factors that could cause results to differ materially from those projected in the forward-looking statements is contained in the Company's Quarterly Reports on Form 10-Q as filed with the U.S. Securities and Exchange Commission (the SEC) on November 3, 2010, February 3, 2011 and May 3, 2011, our Annual Report on Form 10-K as filed with the SEC on August 20, 2010 and Amendment No. 1 to our Annual Report on Form 10-K as filed with the SEC on October 6, 2010, respectively, which statements are incorporated into this Current Report by reference.
