NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Quarter and Six Months Ended July 30, 2011

(Unaudited)

Note 1. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements include the accounts of Michaels Stores, Inc. and our wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated. All expressions of the Company, us, we, our, and all similar expressions are references to Michaels Stores, Inc. and our consolidated, wholly-owned subsidiaries, unless otherwise expressly stated or the context otherwise requires.

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. Therefore, these financial statements should be read in conjunction with our Annual Report on Form 10-K for the fiscal year ended January 29, 2011.

The balance sheet at January 29, 2011 has been derived from the audited financial statements at that date, but does not include all of the information and notes required by generally accepted accounting principles for complete financial statements. For further information, refer to the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended January 29, 2011.

In the opinion of management, all adjustments (consisting of normal recurring accruals and other items) considered necessary for a fair presentation have been included.

Because of the seasonal nature of our business, the results of operations for the quarter ended July 30, 2011 are not indicative of the results to be expected for the entire year.

We report on the basis of a 52 or 53-week fiscal year, which ends on the Saturday closest to January 31. All references herein to fiscal 2011 relate to the 52 weeks ending January 28, 2012, and all references to fiscal 2010 relate to the 52 weeks ended January 29, 2011. In addition, all references herein to the second quarter of fiscal 2011 relate to the 13 weeks ended July 30, 2011, and all references to the second quarter of fiscal 2010 relate to the 13 weeks ended July 31, 2010. Finally, all references to the six months ended July 30, 2011 relate to the 26 weeks ended

Edgar Filing: MICHAELS STORES INC - Form 10-Q

July 30, 2011, and the six months ended July 31, 2010 relate to the 26 weeks ended July 31, 2010.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Improving Disclosures About Fair Value Measurements* an amendment to Accounting Standards Codification (ASC) topic 820, *Fair Value Measurements and Disclosures*. ASU 2010-06 expands disclosure requirements related to fair value measurements including (i) separately disclosing the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describing the reasons for the transfers and (ii) presenting separate information for Level 3 activity pertaining to gross purchases, sales, issuances, and settlements. The new disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the Level 3 activity disclosures, which are effective for fiscal years beginning after December 15, 2010. We adopted all requirements of ASU 2010-06 related to significant transfers in and out of Level 1 and Level 2 fair value measurements on January 31, 2010, with no material impact on our consolidated financial statements. We adopted the new disclosure requirements related to the Level 3 activity on January 30, 2011, with no material impact on our consolidated financial statements. See Note 6 for further information regarding fair value measurements.

In June 2011, the FASB issued ASU No. 2011-05, *Presentation of Comprehensive Income*, an amendment to ASC topic 220, *Comprehensive Income*. ASU 2011-05 eliminates the option to present the components of other comprehensive income as part of the statement of shareholders equity. Instead, comprehensive income must be reported in either a single continuous statement of comprehensive income which contains two sections, net income and other comprehensive income, or in two separate but consecutive statements. The amended guidance, which must be applied retroactively, is effective for interim and annual periods beginning after December 15, 2011, with earlier adoption permitted. We will adopt all requirements of ASU 2011-05 on January 29, 2012, the beginning of our 2012 fiscal year.

Table of Contents**Note 2. Share-Based Compensation**

The 2006 Equity Incentive Plan (2006 Plan) provides for the grant of share-based awards exercisable for up to 14.2 million shares of Common Stock. As of July 30, 2011, there were 10.7 million stock option awards outstanding. In addition, there were a total of 579,661 shares of restricted stock outstanding under the 2006 Plan, of which 159,435 are vested. 2.8 million shares of Common Stock remain available for grant under the 2006 Plan. The table below sets forth a summary of stock option activity for the six months ended July 30, 2011:

	Six Months Ended July 30, 2011 (in millions)
Outstanding at beginning of period	10.9
Granted	0.1
Exercised	(0.1)
Cancelled/Forfeited	(0.2)
Outstanding at end of period	10.7

Generally, awards granted under the 2006 Plan vest ratably over five years and expire eight years from the grant date. The exercise prices of the options ranged from \$7.50 per share to \$22.50 per share, as determined by the Board of Directors. Share-based compensation expense associated with the stock options and the restricted stock was \$2 million for the second quarter of each of fiscal 2011 and fiscal 2010 and \$4 million during each of the six months ended July 30, 2011 and July 31, 2010.

Note 3. Debt

Our outstanding debt is detailed in the table below. We were in compliance with the terms and conditions of all debt agreements for all periods presented.

7³/₄% Senior Notes due 2018

On October 21, 2010, we issued \$800.0 million aggregate principal amount of 7³/₄% Senior Notes that mature on November 1, 2018 (the 2018 Senior Notes), which were sold at a discounted price of 99.262% of face value, resulting in an effective interest rate of 7⁷/₈%. The 2018 Senior Notes are guaranteed, jointly and severally, on an unsecured senior basis, by each of our subsidiaries that guarantee indebtedness under our senior secured asset-based revolving credit facility and senior secured term loan facility.

Table of Contents

In connection with the issuance of the 2018 Senior Notes, we entered into a registration rights agreement. Under the terms of the registration rights agreement, we were required to file, and did initially file on April 28, 2011, an exchange offer registration statement, as amended (the Exchange Offer Registration Statement), enabling holders to exchange the 2018 Senior Notes for registered notes with terms identical in all material respects to the terms of the 2018 Senior Notes, except the exchange notes would be freely tradable. We also agreed to use our reasonable best efforts to have the Exchange Offer Registration Statement declared effective by the Securities and Exchange Commission (the SEC) no later than 360 days after the date of the issuance of the 2018 Senior Notes. On June 20, 2011, the Exchange Offer Registration Statement was declared effective by the SEC. We completed the exchange offer on August 1, 2011.

13% Subordinated Discount Notes due 2016

During the second quarter of fiscal 2011, we completed open market repurchases of our outstanding 13% Subordinated Discount Notes due 2016 (Subordinated Discount Notes) totaling \$31 million face value, or \$29 million accreted value. During the first six months of fiscal 2011, we completed open market repurchases of our outstanding Subordinated Discount Notes totaling \$124 million face value, or \$116 million accreted value. Pursuant to the terms of the repurchases, we agreed to pay the holders of the Subordinated Discount Notes face value plus a purchase premium.

In accordance with ASC 470, *Debt*, we recorded a loss of \$4 million and \$15 million during the second quarter and first six months of fiscal 2011, respectively, related to the early extinguishment of the repurchased Subordinated Discount Notes. The \$4 million loss is comprised of \$2 million to recognize the unrealized interest accretion and write off of related debt issuance costs, as well as \$2 million in purchase premiums. The \$15 million loss is comprised of \$10 million to recognize the unrealized interest accretion and write off of related debt issuance costs, as well as \$5 million in purchase premiums.

Senior Secured Asset-Based Revolving Credit Facility

Our senior secured asset-based revolving credit facility, provides an aggregate amount of \$850 million in tranche A commitments, which are scheduled to terminate on the earlier of April 15, 2014, or 45 days prior to the maturity date of any class of term loans in the Company's senior secured term loan facility. On April 8, 2011, the Company elected to permanently terminate \$50 million in commitments under a last out tranche.

The borrowing base under the senior secured asset-based revolving credit facility equals the sum of (i) 90% of eligible credit card receivables and debit card receivables; (ii) between 85% and 87.5% of the appraised net orderly liquidation value of eligible inventory and of eligible letters of credit; and (iii) a percentage of eligible in-transit inventory, less certain reserves. As of July 30, 2011, the borrowing base was \$642 million, of which we had \$2 million of outstanding borrowings, \$58 million of outstanding letters of credit, and \$582 million of excess availability.

Note 4. Comprehensive Income (Loss)

Our comprehensive income (loss), net of related tax, is as follows:

Edgar Filing: MICHAELS STORES INC - Form 10-Q

Table of Contents

Accumulated other comprehensive income, net of tax, is reflected in the Consolidated Balance Sheets as follows:

	Foreign Currency Translation and Other (in millions)
Balance at January 29, 2011	\$ 7
Foreign currency translation adjustment	1
Balance at July 30, 2011	\$ 8

Note 5. Derivative Instruments

We are exposed to fluctuations in interest rates on our senior secured term loan facility. During fiscal 2009, we purchased an interest rate derivative with the objective to cap our exposure to interest rate increases on our senior secured term loan facility that result from fluctuations in the three-month LIBOR rate. The cap limits our interest exposure on a notional value of \$2.0 billion to the lesser of the three-month LIBOR rate or 7.0%. The term of the cap extends to the first quarter of fiscal 2015. The interest rate cap does not qualify for hedge accounting under ASC 815, *Derivatives and Hedging*. The fair value of the cap as of July 30, 2011, January 29, 2011 and July 31, 2010 was \$3 million, \$6 million and \$5 million, respectively, and is included in Other assets on the Consolidated Balance Sheets. The change in fair value of the cap for the quarter and six months ended July 30, 2011 resulted in a loss of \$1 million and a loss of \$3 million, respectively. The change in fair value of the cap for the quarter and six months ended July 31, 2010, resulted in a loss of \$3 million and a loss of \$13 million, respectively. These amounts are recorded in Other (income) and expense, net in the Consolidated Statements of Operations.

Note 6. Fair Value Measurements

As defined in ASC 820, *Fair Value Measurements and Disclosures*, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level valuation hierarchy for fair value measurements. These valuation techniques are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. These two types of inputs create the following fair value hierarchy:

- Level 1 Quoted prices for *identical* instruments in active markets;
- Level 2 Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- Level 3 Instruments whose significant inputs are *unobservable*.

The following table presents net financial assets (liabilities) accounted for at fair value on a recurring basis as of July 30, 2011 (in millions):

Edgar Filing: MICHAELS STORES INC - Form 10-Q

	Level 1	Level 2	Level 3	Total
Interest Rate Cap	\$	\$	3	\$ 3
Contingent consideration	\$	\$	\$	(3) \$ (3)

The interest rate cap is measured using widely accepted valuation techniques including a discounted cash flow analysis on the expected cash flows. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities. The fair value of the interest rate cap is determined using the market standard methodology of discounting the future expected variable cash receipts that would occur if variable interest rates rise above the strike rate of the cap. The variable cash receipts are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves. See Note 5 for additional information on our derivative instruments.

In connection with the acquisition of certain assets of ScrapHD, the Company has a contingent obligation, to be paid in cash, to the owners of ScrapHD based on future operating performance. The fair value of this contingent consideration is determined using an expected present value technique. Expected operating results are determined using the probability-weighted average of possible outcomes that would occur should certain financial metrics be reached. There is no market data available to use in valuing the contingent consideration; therefore, the Company developed its own assumptions related to the future financial performance of the business to estimate the fair value of the liability which was then discounted to present value using the weighted average cost of capital. The weighted average cost of capital was derived from comparable companies and management's estimates. The contingent consideration was established at the time of acquisition and will be evaluated at each reporting period. We reduced the fair value of our contingent consideration liability from \$4 million as of January 29, 2011 to \$3 million as of July 30, 2011. The \$1 million gain from the change in the fair value of the contingent consideration is recorded in Selling, general, and administrative expense on the Consolidated Statements of Operations. The liability is recorded in Other long-term liabilities on the Consolidated Balance Sheets.

Table of Contents

We apply fair value techniques on a non-recurring basis for the establishment of potential impairment loss related to goodwill pursuant to ASC 350, *Intangibles Goodwill and Other* and determining the fair value of long-lived assets pursuant to ASC 360, *Property, Plant, and Equipment*. During the quarter and six months ended July 30, 2011, there were no events or changes in circumstances indicating the carrying amounts of our long-lived assets may not be recoverable.

The table below provides the carrying and fair values of our loan and notes as of July 30, 2011. The fair value of these debt instruments was determined based on quoted market prices or recent trades.

	Carrying Value		Fair Value
	(in millions)		
Senior secured term loan	\$	1,996	\$ 1,971
Senior notes		795	799
Senior subordinated notes		400	429
Subordinated discount notes		334	356

Note 7. Income Taxes

The effective tax rate was 36.7 % for the second quarter of fiscal 2011. During the second quarter of fiscal 2010, we recorded a tax provision of \$1 million, primarily due to additional expense related to discrete items. As a result of our low income base for the second quarter of fiscal 2010, our effective rate was highly sensitive to changes caused by discrete items and permanent differences (i.e. differences between book income and tax income that are not expected to reverse in future periods).

The effective tax rate was 38.3 % for the first six months of fiscal 2011. The effective tax rate was 59.8% for the first six months of fiscal 2010. The higher rate in fiscal 2010 was due primarily to additional expense to correct the federal deferred tax liability relating to state income taxes. We currently estimate our annualized effective tax rate for fiscal 2011 to be 37.8%.

Note 8. Commitments and Contingencies

We are involved in ongoing legal and regulatory proceedings. Other than those described in the following paragraphs, there were no material changes to our disclosures of commitments and contingencies from our Annual Report on Form 10-K for the fiscal year ended January 29, 2011 and our Quarterly Report on Form 10-Q for the quarterly period ended April 30, 2011.

*Employee Claims**Ragano Claim*

On July 11, 2011, the Company was served with a lawsuit filed on July 5, 2011 in the California Superior Court in and for the County of San Mateo by Anita Ragano, as a purported class action proceeding on behalf of Ragano and all current and former hourly retail employees employed by Michaels stores in California. We removed the matter to the United States District Court for the Northern District of California on August 9, 2011. The lawsuit alleges that Michaels stores failed to pay all wages and overtime, failed to provide its hourly employees with adequate meal and rest breaks (or compensation in lieu thereof), failed to timely pay final wages, unlawfully withheld wages and failed to provide accurate wage statements and further alleges that the foregoing conduct was in breach of various laws, including California's unfair competition law. The plaintiff seeks injunctive relief, compensatory damages, meal and rest break penalties, waiting time penalties, interest, and attorneys' fees and costs. We believe we have meritorious defenses and intend to defend the lawsuit vigorously. We are unable to estimate a range of loss, if any, in this case.

Table of Contents

Consumer Class Action Claims

Zip Code Claims

On August 15, 2008, Linda Carson, a consumer, filed a purported class action proceeding against Michaels Stores, Inc. in the Superior Court of California, County of San Diego (San Diego Superior Court), on behalf of herself and all similarly-situated California consumers. The Carson lawsuit alleges that Michaels unlawfully requested and recorded personally identifiable information (i.e., her zip code) as part of a credit card transaction. The plaintiff sought statutory penalties, costs, interest, and attorneys' fees. We contested certification of this claim as a class action and filed a motion to dismiss the claim. On March 9, 2009, the Court dismissed the case with prejudice. The plaintiff appealed this decision to the California Court of Appeal for the Fourth District, San Diego. On July 22, 2010, the Court of Appeal upheld the dismissal of the case. The plaintiff appealed this decision to the Supreme Court of California (California Supreme Court). On September 29, 2010, the California Supreme Court granted the plaintiff's petition for review; however, it stayed any further proceedings in the case until another similar zip code case pending before the court, Pineda v. Williams-Sonoma, was decided. On February 10, 2011, the California Supreme Court ruled, in the Williams-Sonoma case, that zip codes are personally identifiable information and therefore the Song-Beverly Credit Card Act of 1971, as amended (Song Act) prohibits businesses from requesting or requiring zip codes in connection with a credit card transaction. On or about April 6, 2011, the Supreme Court transferred the Carson case back to the Court of Appeal with directions to the Court to reconsider its decision in light of Pineda decision. Upon reconsideration the Court of Appeal remanded the case back to the San Diego Superior Court. We are reviewing the matter in light of this recent decision and, at this time, we are unable to estimate a range of loss, if any, in this case. Additionally, since the California Supreme Court decision on February 10, 2011, three additional purported class action lawsuits alleging violations of the Song Act have been filed against the Company: Carolyn Austin v. Michaels Stores, Inc. and Tiffany Heon v. Michaels Stores, Inc., both in the San Diego Superior Court and Sandra A. Rubinstein v. Michaels Stores, Inc. in the Superior Court of California, County of Los Angeles, Central Division. Unopposed motions to coordinate these actions have been filed. Also, relying in part on the California Supreme Court decision, an additional purported class action lawsuit was filed on May 20, 2011 against the Company: Melissa Tyler v. Michaels Stores, Inc. in the United States District Court-District of Massachusetts, alleging violation of a similar Massachusetts statute regarding the collection of personally identifiable information in connection with a credit card transaction. A Motion to Dismiss the claims was filed and is currently pending. We intend to vigorously defend each of these cases and we are unable, at this time, to estimate a range of loss, if any.

Gift Card Claims

On April 9, 2010, Ross Rattray, a consumer, filed a purported class action proceeding against Michaels Stores, Inc. in the San Diego Superior Court, on behalf of himself and all similarly-situated California consumers. The Rattray lawsuit alleges causes of action for unlawful and unfair business practices and false advertising under the California Business and Professions Code, and a violation of the Consumer Legal Remedies Act, for misrepresentation that Michaels gift cards are not redeemable for cash and for failure to disclose that the plaintiff could redeem the unused cash balance on a gift card when the value fell below \$10.00. On March 15, 2011, the matter was mediated and a tentative settlement agreement was reached with the plaintiff for an immaterial amount, which continues to be subject to Court approval. Subsequently, on April 25, 2011, Shirley Polak and Billie Lavrov, consumers, filed a purported class action proceeding against Michaels Stores, Inc. in the County of Los Angeles Superior Court, on behalf of themselves and all similarly-situated California consumers. The Polak/ Lavrov complaint significantly mirrors the claims in the Rattray case and the matter was settled for an immaterial amount.

Data Breach Claims

Payment Card Terminal Tampering

Edgar Filing: MICHAELS STORES INC - Form 10-Q

On May 3, 2011, we were advised by the U.S. Secret Service that they were investigating certain fraudulent debit card transactions that occurred on accounts that had been used for legitimate purchases in selected Michaels stores. A subsequent internal investigation revealed that approximately 90 payment card terminals in certain Michaels stores had been physically tampered with, potentially resulting in customer debit and credit card information to be compromised. We have since removed and replaced approximately 7,200 payment card terminals comparable to the identified tampered payment card terminals from our Michaels stores. The Company continues to cooperate with various governmental entities and law enforcement authorities in investigating the payment card terminal tampering, but we do not know the full extent of any fraudulent use of such information.

On May 18, 2011, Brandi F. Ramundo, a consumer, filed a purported class action proceeding against Michaels Stores, Inc. in the United States District Court for the Northern District of Illinois, on behalf of herself and all similarly-situated U.S. consumers. The Ramundo lawsuit alleges that Michaels failed to take commercially reasonable steps to protect consumer financial data, and was in breach of contract and various laws, including the Federal Stored Communications Act and the Illinois Consumer Fraud and Deceptive Practices Act. The plaintiff seeks compensatory, statutory and punitive damages, costs, credit card fraud monitoring services, interest and attorneys' fees. Subsequently three additional purported class action lawsuits significantly mirroring the claims in the Ramundo complaint were filed against the Company: Mary Allen v. Michaels Stores, Inc., Kimberly Siprut v. Michaels Stores, Inc., and Jeremy Williams v. Michaels Stores, Inc., all in the United States District Court for the Northern District of Illinois. On July 8, 2011, a Consolidated Amended Class Action Complaint styled In re Michaels Stores Pin Pad Litigation (In Re Michaels Stores Consolidated Complaint) was filed in the United States District Court for the Northern District of Illinois and on August 8, 2011, we filed a Motion to Dismiss the In Re Michaels Stores Consolidated Complaint. We believe we have meritorious defenses and intend to defend the lawsuit vigorously. We are unable to estimate a range of loss, if any, in the case.

Two additional purported class action lawsuits significantly mirroring the claims in the In Re Michaels Stores Consolidated Complaint have been filed against the Company in New Jersey: Sara Rosenfeld and Ilana Soffer v. Michaels Stores, Inc. filed in the Superior Court of New Jersey on July 7, 2011 and removed to the United States District Court of New Jersey on August 5, 2011; and Lori Wilson v. Michaels Stores, Inc. filed in the Superior Court of New Jersey on August 10, 2011. We believe we have meritorious defenses and intend to defend the lawsuits vigorously. We are unable to estimate a range of loss, if any, in these cases.

On or about February 11, 2011, the Company received a notice of investigation and a subpoena from the New York State Attorney General requiring the production of certain documents relating to the frequency of the Company's pricing promotions and advertisements. We have fully cooperated in the investigation and implemented certain modifications to our custom framing promotional activities in connection with the same. We have settled the matter with the New York State Attorney General's office through the payment of a fine and other consideration pursuant to an Assurance of Discontinuance, the amounts of which are not considered to be material by the Company.

General

We are a defendant from time to time in lawsuits incidental to our business. Based on currently available information, we believe that resolution of all known contingencies is uncertain. There can be no assurance that future costs of such litigation would not be material to our financial position, results of operations, or cash flows.

Note 9. Segments and Geographic Information

We consider our Michaels and Aaron Brothers operations to be our operating segments for purposes of determining reportable segments based on the criteria of ASC 280, *Segment Reporting*. We determined that our Michaels and Aaron Brothers operating segments have similar economic characteristics and meet the aggregation criteria set forth in ASC 280. Therefore, we combine both operating segments into one reporting segment.

Our chief operating decision makers evaluate historical operating performance, plan and forecast future periods' operating performance based on earnings before interest, income taxes, depreciation and amortization (EBITDA). We believe EBITDA represents the financial measure that more closely reflects the operating effectiveness of factors over which management has control. As such, an element of base incentive compensation targets for certain management personnel are based on EBITDA. A reconciliation of EBITDA to income before income taxes is presented below.
