Introductory Note

On August 6, 2015, pursuant to the terms of an Agreement and Plan of Merger (as may be amended, supplement or modified, the Agreement), dated as of April 6, 2015, by and among Ithaca Holdco 2 LLC, a Delaware limited liability company (f/k/a Italics Inc., Newco), Ithaca Merger Sub LLC, a Delaware limited liability company (f/k/a Italics Merger Sub Inc.) and wholly-owned subsidiary of Newco (Merger Sub) and Informatica Corporation, a Delaware corporation (the Company), Merger Sub was merged with and into the Company (the Merger), with the Company surviving the Merger as a wholly-owned subsidiary of Newco. As of the effective time of the Merger (the Effective Time), the Company became wholly-owned by Newco. Capitalized terms not defined herein have the meanings ascribed to them in the Merger Agreement, a copy of which is filed as Exhibit 2.1 to the Company's Form 8-K filed April 7, 2015.

Item 1.01. Entry into a Material Definitive Agreement.

7.125% Senior Notes due 2023

In connection with the Merger, Merger Sub issued an aggregate principal amount of \$650,000,000 of its 7.125% Senior Notes due 2023 (the Notes), pursuant to the terms and conditions of an indenture dated as of June 16, 2015 (the Initial Indenture) between Merger Sub and Deutsche Bank Trust Company Americas, as the Trustee (the Trustee). In connection with the closing of the Merger, pursuant to a supplemental indenture dated as of August 6, 2015 (the Supplemental Indenture, and together with the Initial Indenture, the Indenture) among the Company, the guarantors party thereto and the Trustee, the Company assumed all of Merger Sub's obligations under the Notes and the Initial Indenture.

The Notes are, and will be, fully and unconditionally guaranteed, joint and severally, on a senior unsecured basis by each of the Company's subsidiaries and parent entities that guarantee the new credit facilities or certain other indebtedness.

The Notes are general unsecured obligations of the Company and rank *pari passu* in right of payment with all existing and future indebtedness of the Company, other than its subordinated obligations. The Notes bear interest from June 16, 2015 at an annual rate of 7.125% per annum, payable semi-annually on each January 15 and July 15, commencing on January 15, 2016. The Notes will mature on July 15, 2023. The Indenture includes customary covenants and events of default.

Credit Agreement

On August 6, 2015, in connection with the closing of the Merger, the Company entered into new credit facilities with a syndicate of financial institutions led by Bank of America, N.A., as administrative agent and collateral agent (the Agent). The new credit facilities consist of a \$1,710.0 million dollar term loan facility and a 250.0 million euro term loan facility, each maturing August 6, 2022 and a \$150.0 million revolving facility that matures August 6, 2020. Certain subsidiaries and parent entities of the Company guarantee the new credit facilities. All obligations under the new credit facilities and the related guarantees are secured by a perfected first priority lien or security interest in substantially all of the Company's and the guarantors' tangible and intangible assets.

Edgar Filing: INFORMATICA CORP - Form 8-K

The new credit facilities also provide for a swingline subfacility of \$15.0 million, a letter of credit facility of \$30.0 million and an uncommitted incremental facility in an amount not to exceed the sum of all voluntary prepayments under the new credit facilities, subject to certain exceptions, plus an amount which does not cause the total net first lien leverage ratio to exceed 5.00 to 1.00, subject to certain conditions. The term loan and revolver borrowings bear interest at a rate per annum equal to an applicable margin, plus, at the Company's option, either (a) a base rate, (b) a LIBOR rate for the applicable currency and (c) solely with respect to loans under the revolving facility denominated in an alternative currency, an alternate currency rate, subject to interest rate floors for the term loan facilities. In addition to paying interest on outstanding principal under the revolving facility, the Company is required to pay customary commitment and letter of credit fees. The new credit facilities also include customary repayment and prepayment provisions.

The new credit facilities contain customary affirmative and negative covenants and events of default, and the new revolving facility contains a maximum total first lien net leverage ratio, which will be tested quarterly if outstanding revolving loans, swingline loans and letters of credit (in excess of \$10 million) exceed 30% of the total commitments under the revolving facility on the last day of any quarter.

Item 2.01. Completion of Acquisition or Disposition of Assets.

The information set forth in the Introductory Note and Items 3.03, 5.01 and 5.03 is incorporated herein by reference.

At the Effective Time, each share (a Share) of common stock, par value \$0.001 per share, of the Company (the Common Stock) issued and outstanding immediately prior to the Effective Time (other than the Carry-Forward Share, Cancelled Shares and Dissenting Shares) was converted into the right to receive \$48.75 in cash, without interest (the Merger Consideration), less any applicable withholding taxes, whereupon all such shares were automatically canceled upon the conversion thereof and ceased to exist.

Each stock option outstanding immediately prior to the Effective Time, whether vested or unvested, was converted into the right to receive cash (without interest and net of applicable withholding taxes) in an amount equal to the product of (a) Merger Consideration, minus the applicable exercise price per share of the option, and (b) the number of shares of Common Stock issuable upon exercise of the option, provided that, if the exercise price per share of any such option was equal to or greater than the Merger Consideration, such option was cancelled without any cash payment or other consideration being made in respect thereof. The payment of all Merger Consideration for such options will be subject to withholding for all required taxes.

Each Vested RSU was cancelled and converted into a right to receive, an amount in cash, without interest, equal to the product of (x) the Merger Consideration multiplied by (y) the total number of Shares subject to such Vested RSUs. The payment of Merger Consideration for such Vested RSUs will be subject to withholding (pursuant to net share issuance and withholding) for all required taxes.

Each award covering any Rollover RSUs was assumed and converted into a right to receive an amount in cash, without interest, equal to the product of (x) the Merger Consideration multiplied by (y) the total number of Shares subject to such Rollover RSUs. The Merger Consideration paid for such Rollover RSUs, subject to the holder's continued employment with Newco or its affiliates (including the Surviving Corporation) through each vesting date underlying the applicable award accelerated by twelve months (the Adjusted Vesting Date), vest on the applicable Adjusted Vesting Date and the vested portion of the such award will be paid to the holder of such award in accordance with the terms of the applicable plan and/or applicable agreements governing the Rollover RSU. The awards will otherwise retain the same terms and conditions as contained in the original Rollover RSU.

With respect to PSUs that were outstanding as of immediately prior to the Effective Time, the number of Shares subject to the applicable PSU were determined as follows: (x) if the performance period had already been completed, the number of Shares subject to the applicable PSU were based on actual performance during the completed performance period or (y) if the applicable performance period had not been completed, all performance goals were deemed achieved at one hundred percent (100%) of the applicable target levels, provided that if the applicable plan and/or any applicable agreements governing the PSUs specified that a greater number of Shares subject to the PSUs otherwise would vest on or prior to the Effective Time, then the terms of the applicable plan and/or any applicable agreements governing such PSU controlled. PSUs outstanding as of the Effective Time will vest and settle as set forth below.

Each Vested PSU was cancelled and converted into, and became a right to receive, an amount in cash, without interest, equal to the product of (x) the Merger Consideration multiplied by (y) the total number of Shares subject to such PSUs. The Merger Consideration paid for such Vested PSUs will be subject to withholding (pursuant to net share issuance and withholding) for all required taxes.

Edgar Filing: INFORMATICA CORP - Form 8-K

Each Rollover PSU was assumed and converted into a right to receive an amount in cash, without interest, equal to the product of (x) the Merger Consideration multiplied by (y) the total number of Shares subject to such Rollover PSU. Such cash amounts, subject to the holder's continued employment with Newco or its affiliates (including the Surviving Corporation) through the applicable Adjusted Vesting Dates relating to the underlying Rollover PSU, will vest on the applicable Adjusted Vesting Dates and the vested portion of such cash amounts will be paid to the holder of such Rollover PSU in accordance with the terms of the applicable plan and/or applicable agreements governing the Rollover PSU. The awards will otherwise retain the same terms and conditions as contained in the original Rollover PSU.

The foregoing summary is not complete and is qualified in its entirety by reference to the full text of the Agreement, which is attached as Exhibit 2.1 to the Company's Form 8-K filed April 7, 2015 and is incorporated herein by reference.
