This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, utilizing a “shelf” registration process. Under this shelf process, we may, from time to time, offer, issue and sell debt securities, shares of our common stock, shares of our preferred stock, warrants, securities purchase contracts or units, which we collectively refer to as the “securities”. In addition, selling security holders who may be named in a prospectus supplement may offer and sell from time to time securities in such amounts as set forth in the prospectus supplement. We may, and any selling security holder may, offer the securities independently or together in any combination to be designated at a future date. We may, and any selling security holder may, offer and sell these securities in amounts, at prices and on terms determined at the time of the offering. We will not receive any proceeds from the sale of securities by any selling security holders.

This prospectus describes some of the general terms that may apply to the securities. The specific terms of any securities to be offered will be described in supplements to this prospectus. The prospectus supplements also may add, update or change information contained in this prospectus. Any statement that we make in this prospectus will be modified or superseded by any inconsistent statement made by us in a prospectus supplement. This prospectus may not be used to offer and sell securities unless accompanied by a prospectus supplement. You should carefully read this prospectus and the applicable prospectus supplement, together with the documents we incorporate by reference, before you make your investment decision.

We and any selling security holders may sell the securities directly or to or through underwriters or dealers, and also to other purchasers or through agents or a combination of these methods. The names of any underwriters or agents participating in a sale of securities to you, and any applicable commissions or discounts, will be stated in an accompanying prospectus supplement. For general information about the distribution of securities offered, please see “Plan of Distribution” on page [INSERT PAGE NUMBER] of this prospectus.

To the extent that any selling security holder resells any securities, the selling security holder may be required to provide you with this prospectus and a prospectus supplement identifying and containing specific information about the selling security holder and the terms of the securities being offered.

Investing in our securities involves risks. See “Risk Factors” on page 4 for information on certain risks related to the purchase of any securities.

Our common stock is quoted on the New York Stock Exchange under the symbol “PNM.”

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is March 17, 2011.

 ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, utilizing a “shelf” registration process. This prospectus provides you with a general description of the securities we may offer. Each time we or a selling security holder offers and sells the securities, we will describe in a supplement to this prospectus the specific terms of that offering. The applicable prospectus supplement also may add, update or change information in this prospectus. Please carefully read both this prospectus and the applicable prospectus supplement, together with the documents that are incorporated by reference herein that are described under “Where You Can Find More Information,” before investing in the securities. In particular, you should carefully consider the risks and uncertainties described under the section titled “Risk Factors” or otherwise included in any applicable prospectus supplement or incorporated by reference in this prospectus before you decide whether to purchase the securities. These risks and uncertainties, together with those not known to us or those that we may deem immaterial, could impair our business and ultimately affect our ability to make payments on the securities.

Unless otherwise indicated or unless the context otherwise requires, all references in this prospectus and any accompanying prospectus supplement to “PNMR,” “PNM Resources,” “we,” “our” and “us” refer to PNM Resources, Inc. and its subsidiaries. Unless otherwise indicated, financial information included or incorporated by reference herein and in any accompanying prospectus supplement is for PNM Resources, Inc. and its subsidiaries on a consolidated basis.

This prospectus contains summaries of certain provisions contained in some of the documents described in this prospectus. Please refer to the actual documents for complete information. All of the summaries are qualified in their entirety by the actual documents. Copies of the documents referred to in this prospectus have been filed, or will be filed or incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under “Where You Can Find More Information.”

Pursuant to the registration statement of which this prospectus is a part, we may offer, issue and sell securities as set forth on the cover page of this prospectus. Because we are a “well-known seasoned issuer,” as defined in Rule 405 of the Securities Act of 1933, as amended, which we refer to as the “Securities Act,” we may add to and offer additional securities, including securities held by security holders, by filing a prospectus supplement with the SEC at the time of the offer.

You should rely only on the information contained or incorporated by reference in this prospectus, any applicable prospectus supplements and any free writing prospectus prepared by or on behalf of us. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus, any applicable prospectus supplement, any free writing prospectuses and the documents incorporated by reference is accurate only as of the respective dates of those documents in which the information is contained. Our business, financial condition, results of operations and prospects may have changed since those dates.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports and other information with the SEC. You may read and copy these documents at the SEC’s Public Reference Room at 100 F Street, N.E., Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information about the Public Reference Room. The SEC also maintains an Internet website that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC. The address of the site is www.sec.gov.

Our Internet address is www.pnmresources.com. The contents of the website are not a part of the registration statement of which this prospectus is a part. Our filings with the SEC, including annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports, filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, which we refer to as the “Exchange Act”, are accessible free of charge at www.pnmresources.com as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. These reports are also available upon request in print from us free of charge.

We are “incorporating by reference” in this prospectus information we file with the SEC, which means that we are disclosing important information to you by referring you to those documents. Our combined filings with the SEC present separate filings by PNMR, Public Service Company of New Mexico (“PNM”) and Texas-New Mexico Power Company (“TNMP”). Information contained therein relating to an individual registrant is filed by that registrant on its own behalf and each registrant makes no representation as to information relating to other registrants. The information we incorporate by reference is considered to be part of this prospectus, unless it is updated or superseded by the information contained in this prospectus or the information we file subsequently with the SEC that is incorporated by reference in this prospectus or a prospectus supplement. We are incorporating by reference the following documents that we have filed with the SEC (except those portions of filings that relate to PNM or TNMP as separate registrants), other than any information in these documents that is deemed not to be “filed” with the SEC:

- Our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 as filed on March 1, 2011;
- Our Current Report on Form 8-K as filed on March 1, 2011; and
- The description of our common stock contained in our Current Report on Form 8-K filed on December 31, 2001 and any amendment or report filed for

Edgar Filing: PNM RESOURCES INC - Form S-3ASR

the purpose of updating such description, including our Current Reports on Form 8-K as filed on August 17, 2006 and November 21, 2008.

We also incorporate by reference into this prospectus any filings we make with the SEC (excluding information furnished under Item 2.02 or 7.01 of Current Reports on Form 8-K) under Section 13(a), 13(c),

14 or 15(d) of the Exchange Act, after the initial filing of the registration statement that contains this prospectus.

You may obtain without charge a copy of any of the documents we incorporate by reference, except for exhibits to such documents which are not specifically incorporated by reference into such documents, by contacting us at PNM Resources, Inc., Alvarado Square, Albuquerque, New Mexico, 87158, Attention: Shareholder Services. You may also telephone your request at (505) 241-2868.

PNM RESOURCES, INC.

PNM Resources is an investor-owned holding company of energy and energy-related businesses. Our primary subsidiaries are Public Service Company of New Mexico (“PNM”), Texas-New Mexico Power Company, (“TNMP”), and FCP Enterprises, Inc. and its subsidiaries (“First Choice”). In addition, we have a 50 percent ownership interest in Optim Energy, LLC (“Optim Energy”), an energy company not subject to traditional utility rate regulation.

PNM is an integrated electric public utility with regulated operations primarily engaged in the generation, transmission, distribution and sale of electricity and unregulated operations primarily focused on the sale and marketing of electricity into the wholesale market in the western United States. TNMP is a regulated electric utility providing transmission and distribution services in Texas. First Choice is a competitive retail electric provider operating in Texas.

Optim Energy was formed in January 2007 by PNMR and ECJV Holdings, LLC, a wholly-owned subsidiary of Cascade Investment, L.L.C., one of PNMR’s largest shareholders, to focus on unregulated electric operations, principally in the areas of Texas covered by the Electric Reliability Council of Texas, including the development, operation and ownership of diverse generation assets and wholesale marketing.

Our executive office is located at Alvarado Square, Albuquerque, New Mexico 87158, and our telephone number is (505) 241-2700.

RISK FACTORS

Investing in the securities involves risk. Please carefully consider the specific risks set forth under the section entitled “Risk Factors” in our Annual Report on Form 10-K and other reports filed with the SEC, which are all incorporated by reference in this prospectus, and in the applicable prospectus supplement. Before making an investment decision, you should carefully consider these risks as well as other information contained or incorporated by reference in this prospectus or the applicable supplement to this prospectus. The risks and uncertainties described are not the only ones facing us. Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our business operations, financial results and the value of our securities.

FORWARD-LOOKING STATEMENTS

This prospectus contains or incorporates by reference “forward-looking statements,” which you can generally identify by our use of forward-looking words including “believe,” “expect,” “intend,” “may,” “will,” “should,” “could,” “anticipate” or the negative or other variations of these terms or comparable terminology, or by discussion of strategies that involve risks and uncertainties. These forward-looking statements relate to future events or our expectations, projections, estimates, intentions, goals, targets, and strategies and are made pursuant to the Private Securities Litigation Reform Act of 1995. You are cautioned that all forward-looking statements are based upon current expectations and estimates, and we assume no obligation to update this information.

Because actual results may differ materially from those expressed or implied by these forward-looking statements, we caution you not to place undue reliance on these statements. Our business, financial condition, cash flow, and operating results are influenced by many factors, which are often beyond our control, that can cause actual results to differ from those expressed or implied by the forward-looking statements.

Important risk factors that could cause our results to differ materially from those expressed in the forward-looking statements are listed under “Risk Factors” in a prospectus supplement and may also be found in our periodic reports filed with the SEC at www.sec.gov. These risk factors include, without limitation:

- Conditions affecting our ability to access the financial markets and our or Optim Energy’s ability to negotiate new credit facilities for those expiring in 2012, including actions by ratings agencies affecting our credit ratings,
- The potential unavailability of cash from our subsidiaries or Optim Energy due to regulatory, statutory or contractual restrictions,
- The impacts of the decline in the values of marketable equity securities on the trust funds maintained to provide nuclear decommissioning funding and pension and other postretirement benefits, including the levels of funding and expense,
 - The recession, its disruption in the credit markets, and its impacts on the electricity usage of our customers,
- State and federal regulatory and legislative decisions and actions, including the outcomes of PNM’s pending electric rate case and transmission rate case, and appeals of prior regulatory proceedings,
- The ability of PNM to successfully defend its utilization of a future test year in its current electric rate filing with the New Mexico Public Regulation Commission, including PNM’s ability to withstand challenges by regulators and intervenors, in the event the pending stipulation in that case is not approved,
- The ability of PNM and TNMP to recover their costs and earn their allowed returns in their regulated jurisdictions,
- The ability of PNM to meet the renewable energy requirements established by the New Mexico Public Regulation Commission, including the resource diversity requirement, within the specified cost parameters,
- The risk that replacement power costs incurred by PNM related to not meeting the specified capacity factor for its generating units under its Emergency Fuel and Purchased Power Adjustment Clause will not be approved by the New Mexico Public Regulation Commission,
- The risk that PNM may not be able to recover costs of renewal of rights-of-way on Native American lands through rates charged to customers,
- The ongoing risks relating to our ownership interest in Optim Energy, including uncertainties surrounding our assessment of strategic alternatives for our investment in Optim Energy, the risk that a strategic transaction involving Optim Energy may not be consummated, uncertainty regarding potential additional contributions to Optim Energy, and the possibility that we might recognize additional gains or impairments depending on market conditions, the form and structure of a strategic transaction, and relative fair values,

- The risk that Optim Energy requires additional financial sources to expand its generation capacity or otherwise but is unable to identify and implement profitable acquisitions or that we and ECJV will not agree to make additional capital contributions to Optim Energy,
- Regulation or legislation relating to climate change, reduction of greenhouse gas emissions, coal combustion byproducts, and other power plant emissions, including the risk that we and Optim Energy may have to commit to substantial capital investments and additional operating costs to comply with new environmental requirements including possible future requirements to address regional haze regulations and related Best Available Retrofit Technology requirements and concerns about global climate change, and the resultant impacts on the operations and economic viability of generating plants in which PNM and Optim Energy have interests,
- The performance of generating units, including Palo Verde Nuclear Generating Station, San Juan Generating Station, Four Corners Power Plant, and Optim Energy generating units, and transmission systems,
- The risks associated with completion of generation, transmission, distribution, and other projects, including construction delays and unanticipated cost overruns,
- Uncertainty regarding the requirements and related costs of decommissioning power plants owned or partially owned by PNM and Optim Energy and coal mines supplying certain PNM power plants, as well as the ability to recover decommissioning costs through rates charged to customers,
- Uncertainty surrounding the status of PNM’s participation in jointly-owned projects resulting from the scheduled expiration of the operational documents for the projects beginning in 2015 and potential changes in the objectives of the participants in the projects,
- The risk that recently enacted reliability standards regarding available transmission capacity may reduce certain PNM transmission rights used to transmit its generation resources and provide access to transmission customers resulting in a need to purchase additional transmission capacity, reduce sales of transmission capacity, or operate generation less economically,
 - Changes in Electric Reliability Council of Texas protocols,
 - Changes in the cost of power acquired by First Choice,
 - The ability of First Choice to attract and retain customers,
 - Collections experience,
 - Fluctuations in interest rates,
 - Weather,
 - Water supply,
 - Changes in fuel costs,
 - Availability of fuel supplies,
 - The effectiveness of risk management and commodity risk transactions,
 - Seasonality and other changes in supply and demand in the market for electric power,
 - The impact of mandatory energy efficiency measures on customer energy usage,
 - Variability of wholesale power prices and natural gas prices,
 - Volatility and liquidity in the wholesale power markets and the natural gas markets,
 - Uncertainty regarding the ongoing validity of government programs for emission allowances,
 - Changes in the competitive environment in the electric industry,
 - The outcome of legal proceedings,
 - Insurance coverage available for claims made in litigation,
 - Changes in applicable accounting principles, and
 - The performance of state, regional, and national economies.

SELLING SECURITY HOLDERS

We may register securities covered by this prospectus for re-offers and resales by any selling security holders who may be named in a prospectus supplement, including Cascade Investment, L.L.C. (“Cascade”), one of our largest stockholders. Cascade has requested registration, pursuant to a registration rights agreement with PNM Resources, as recently amended, of its common stock and the common stock underlying its Series A Preferred Stock. Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act, we may add secondary sales of securities by any selling security holders by filing a prospectus supplement with the SEC. We may register these securities to permit selling security holders to resell their securities when they deem appropriate, subject to market conditions and any applicable legal requirements. The manner, timing and execution of sale of securities by selling security holders, if any, would be pursuant to a separate prospectus supplement issued at the time of the particular offering. A selling security holder may resell all, a portion or none of the selling security holder’s securities at any time and from time to time. We may register those securities for sale through an underwriter or other plan of distribution as set forth in a prospectus supplement. See “Plan of Distribution” on page [INSERT PAGE NUMBER]. Selling security holders also may sell, transfer or otherwise dispose of some or all of their securities in transactions exempt from the registration requirements of the Securities Act. We may pay all expenses incurred with respect to the registration of the securities owned by the selling security holders, other than underwriting fees, discounts or commissions, which will be borne by the selling security holders. In connection with any sale of securities by a selling security holder, we will provide a prospectus supplement naming the selling security holders, the amount of securities to be registered and sold and any other terms of the securities being sold by a selling security holder.

CERTAIN RATIOS

The following table sets forth our Ratio of Earnings to Fixed Charges and our Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends for the periods indicated:

	Year Ended December 31,				
	2010	2009	2008	2007	2006
Ratio of earnings to fixed charges(1)	0.51(2)	1.76	N/M(4)	1.29	1.98
Ratio of earnings to combined fixed charges and preferred stock dividends(1)	0.50(3)	1.70	N/M(5)	1.29	1.98

(1) For the purpose of computing the ratios of earnings to fixed charges and ratios of earnings to combined fixed charges and preferred stock dividends, “earnings” represent (i) pretax income from continuing operations before adjustment for non-controlling interests in unconsolidated subsidiaries and income or loss from equity investees, and (ii) fixed charges as below, less (A) interest capitalized, (B) preference security dividend requirements of consolidated subsidiaries and (C) non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges. “Fixed charges” include (i) interest expensed and capitalized, (ii) amortized premiums, discounts and expenses related to indebtedness, (iii) interest from discontinued operations (including capitalized interest), (iv) estimated interest factor of lease rental charges and (v) preference security dividend requirements of consolidated subsidiaries. “Preference security dividends” means the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations). Currently, we have 477,800 shares of our Convertible Preferred Stock, Series A, outstanding.

(2) The shortfall in the earnings available for fixed charges to achieve a ratio of earnings to fixed charges of 1.00 amounted to \$66.2 million for the year ended December 31, 2010. Earnings (loss) from continuing operations before income taxes and non-controlling interest includes a pre-tax loss of \$188.2 million due to the impairment of our investment in an equity investee. If that loss were excluded, the ratio of earnings to fixed charges would have been 1.90.

(3) The shortfall in the earnings available for combined fixed charges and preferred stock dividends to achieve a ratio of earnings to combined fixed charges and preferred stock dividends of 1.00 amounted to \$71.1 million for the year ended December 31, 2010. Earnings (loss) from continuing operations before income taxes and non-controlling interest includes a pre-tax loss of \$188.2 million due to the impairment of our investment in an equity investee. If that loss were excluded, the ratio of earnings to combined fixed charges and preferred stock dividends would have been 1.83.

(4) The ratio of earnings to fixed charges for the year ended December 31, 2008 is not meaningful since earnings available for fixed charges is negative. The shortfall in the earnings available to achieve a ratio of earnings to fixed charges of 1.00 amounted to \$375.4 million for the year ended December 31, 2008.

(5) The ratio of earnings to combined fixed charges and preferred stock dividends for the year ended December 31, 2008 is not meaningful since earnings available for combined fixed charges and preferred stock dividends is negative. The shortfall in the earnings available for combined fixed charges and preferred stock dividends to achieve a ratio of earnings to combined fixed charges and preferred stock dividends of 1.00 amounted to \$376.6 million for the year ended December 31, 2008.

USE OF PROCEEDS

Each prospectus supplement will describe the uses of the proceeds from our issuances and sales of securities offered by that prospectus supplement. Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds in the event that securities are sold by a selling security holder.

DESCRIPTION OF DEBT SECURITIES

General

The following description sets forth certain general terms and provisions of our debt securities. When we offer our debt securities in the future, a prospectus supplement will explain the particular terms of those debt securities and the extent to which any of these general provisions will not apply. You should read this prospectus and any applicable prospectus supplement before you make any investment decision. We may issue one or more series of debt securities directly to the public or as part of a purchase unit from time to time. We may also sell hybrid or novel securities now existing or developed in the future that combine certain features of the debt securities described in this prospectus.

The debt securities will be our direct unsecured general obligations. We may issue the debt securities from time to time in one or more series under an indenture dated as of March 15, 2005 between us and The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust Company, N.A. (as successor to JPMorgan Chase Bank, N.A.)), as trustee (the “Trustee”). This indenture, as it may be amended and supplemented from time to time, is referred to in this prospectus as the “Indenture.”

We have summarized selected provisions of the Indenture below. You should read this summary together with the Indenture, any supplemental indentures or other documents establishing the debt securities for a complete understanding of the provisions that may be important to you. The following description of the debt securities and the Indenture is qualified by reference to the Indenture, which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. References to certain sections in parentheses below are references to sections of the Indenture. Whenever particular provisions or defined terms in the Indenture are referred to under this “Description of Debt Securities,” such provisions or defined terms are incorporated by reference herein. The Indenture is qualified under the Trust Indenture Act of 1939. You should refer to the Trust Indenture Act of 1939 for provisions that apply to the debt securities.

There is no requirement under the Indenture that our future issuances of debt securities be issued exclusively under the Indenture and we will be free to employ other indentures or documentation containing provisions different from those included in the Indenture or applicable to one or more issuances of debt securities in connection with future issuances of other debt securities. Nonetheless, the debt securities registered under the registration statement of which this prospectus is a part will only be issued either pursuant to the Indenture or pursuant to an indenture (or a form thereof) that is filed with the SEC in connection with the offering of the debt securities.

The Indenture provides that the applicable debt securities will be issued in one or more series, may be issued at various times, may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series for issuances of additional debt securities of that series. Unless otherwise described in the applicable prospectus supplement, the Indenture does not limit the aggregate amount of debt, including secured debt, we or our subsidiaries may incur.

The Indenture does not currently contain any restriction on the payment of dividends or any financial covenants. However, the supplemental indenture for any series of debt securities may contain such restrictions. The prospectus supplement related to such debt securities will describe such restrictions and the protections, if any, that such restrictions provide the holders of the debt securities in the event of a highly leveraged transaction involving us that may adversely affect the holders of the debt securities.

Ranking

The debt securities will be our direct unsecured general obligations and will rank equally with all of our other unsubordinated debt. As of December 31, 2010, PNMR, exclusive of its subsidiaries, had

\$224.6 million of outstanding short-term and long-term debt that would have ranked equally with the debt securities, and an additional \$7.2 million of outstanding long-term debt that is secured.

We are a holding company and derive substantially all of our income from our operating subsidiaries. As a result, our cash flows and consequent ability to service our debt, including the debt securities, are dependent upon the earnings of our subsidiaries and distribution of those earnings to us and other payments or distributions of funds by our subsidiaries to us, including payments of principal and interest under intercompany indebtedness. Our operating subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any dividends or make any other distributions (except for payments required pursuant to the terms of intercompany indebtedness) to us or to otherwise pay amounts due with respect to the debt securities or to make specific funds available for such payments. Various financing arrangements, charter provisions and regulatory requirements may impose certain restrictions on the ability of our subsidiaries to transfer funds to us in the form of cash dividends, loans or advances. The debt securities will be effectively subordinated to the claims of all creditors, including trade creditors and tort claimants, of our subsidiaries. In the event of the bankruptcy, insolvency, liquidation or reorganization of the business of one of our subsidiaries, creditors of that subsidiary would generally have the right to be paid in full before any distribution is made to us or the holders of the debt securities. As of December 31, 2010, our subsidiary PNM had \$11.5 million aggregate stated value of cumulative preferred stock outstanding and \$1,245.9 million aggregate principal amount of short-term and long-term debt outstanding, all of which was unsecured. As of December 31, 2010, our subsidiary TNMP had \$315.5 million aggregate principal amount of secured short-term and long-term debt outstanding, excluding \$1.2 million of short-term debt payable to PNMR.

The Indenture provides that payment of principal, premium and interest on any debt security issued under the Indenture shall be made solely from the assets of PNMR and not from any assets of utility subsidiaries. (See Section 1.14)

Provisions of a Particular Series

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to that offering. These terms will include any of the following terms that apply to that series:

- the title of the debt securities;
- the total principal amount of the debt securities;
- the person or persons to whom interest payments are made, if other than the registered holder;
- the date or dates on which the principal of the debt securities will be payable, how the dates will be determined and whether the stated maturity may be extended;
- the rate or rates at which the debt securities will bear interest, if any, and how the rate or rates will be determined;
- the date or dates from which interest on the debt securities will accrue, the interest payment dates on which interest will be paid, and the record dates for the interest payments;
- the right, if any, to extend the interest payment periods for the debt securities and the duration of the extension;
- the place or places at which or methods by which payments will be made;

- whether we have the option to redeem the debt securities and, if so, the terms of our redemption option;

- any sinking fund or other provisions or options held by holders of the debt securities that would obligate us to repurchase or otherwise redeem the debt securities;
- if the debt securities will be issued in denominations other than \$1,000 and integral multiples thereof;
- any index or formula used for determining principal, premium or interest;
- any collateral, security, assurance or guarantee applicable to a series of debt securities;
- the currency or currencies in which payments will be made if other than United States dollars, and the manner of determining the equivalent of those amounts in United States dollars;
- if payments may be made on any of the debt securities, at our election or at the holder's election, in a currency or currencies other than that in which the debt securities are stated to be payable, then the currency or currencies in which those payments may be made, the terms and conditions of the election and the manner of determining those amounts;
- the portion of the principal payable upon acceleration of maturity, if other than the entire principal;
- if the principal payable on the maturity date will not be determinable on one or more dates prior to the maturity date, the amount which will be deemed to be such principal amount as of any such date or the manner of determining such amount;
- whether the provisions described below under "Discharge, Defeasance and Covenant Defeasance" will apply to the debt securities;
- whether the debt securities will be issuable as global securities and, if so, the securities depository;
- any changes or additions to the events of default under the Indenture or changes or additions to our covenants under the Indenture; and
- any other terms of the debt securities not inconsistent with the terms of the Indenture.

(See Section 3.01)

All debt securities of any one series will be substantially identical except as to denomination and except as may otherwise be determined in the manner provided for in the Indenture. (See Section 3.01)

Debt securities may be issued and sold at a substantial discount below their stated principal amount. If applicable, the prospectus supplement will describe any special United States federal income tax consequences and other considerations which apply to senior debt securities issued at a discount or to any securities denominated or payable in a foreign currency or currency unit.

Redemption

We will set forth any terms for the redemption of any debt securities in the applicable prospectus supplement. Unless we indicate differently in the applicable prospectus supplement, the debt securities will be redeemable upon notice by mail to the holders between 30 and 60 days prior to the redemption date. If less than all of the debt securities of any series are to be redeemed, the Trustee will select the debt securities to be redeemed. In the absence of any provision for selection, the Trustee will choose a method of random selection as it deems fair and appropriate. (See Sections

11.03 and 11.04)

11

The debt securities will cease to bear interest on the redemption date assuming we redeem them. We will pay the redemption price and any accrued interest once the debt securities are surrendered for redemption. (See Section 11.06) If only part of a debt security is redeemed, the Trustee will deliver to you a new debt security of the same series for the remaining portion without charge. (See Section 11.07)

We may make any redemption, at our option, conditional upon the receipt by the paying agent or agents, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the paying agent or agents have not received the money by the date fixed for redemption, we will not be required to redeem the debt securities. (See Section 11.04)

Payment

Except as may be provided in the applicable prospectus supplement, interest, if any, on each debt security payable on each interest payment date will be paid to the person in whose name the debt security is registered as of the close of business on the regular record date for the interest payment date. If there has been a default in the payment of interest on any debt security, the defaulted interest may be paid to the holder of that debt security as of the close of business on a date to be fixed by the Trustee, which will be between 10 and 15 days prior to the date we proposed for payment of the defaulted interest, and not less than 10 days after receipt by the Trustee of the notice of the proposed payment. The defaulted interest may also be paid in any other manner permitted by any securities exchange on which that debt security may be listed, if the Trustee finds it practicable. (See Section 3.07)

Registration of Transfer and Exchange

Unless otherwise specified in the prospectus supplement applicable to any series of debt securities, subject to any limitations on the transfer of global securities, the transfer of the debt securities may be registered, and the debt securities may be exchanged for other debt securities of the same series, of authorized denominations and with the same terms and principal amount, at the corporate trust office of the Trustee. We may change the place for registration of transfer and exchange of the debt securities and may designate additional places for registration and exchange. Unless otherwise provided in the prospectus supplement applicable to any series of debt securities, no service charge will be made for any transfer or exchange of the debt securities. However, we may require payment to cover any tax or other governmental charge that may be imposed. We will not be required to execute or to provide for the registration of transfer of, or the exchange of:

- any debt security during a period of 15 days prior to giving any notice of redemption; or
- any debt security selected for redemption except the unredeemed portion of any debt security being redeemed in part.

(See Section 3.05)

Restrictions on Mergers and Sale of Assets

Under the terms of the Indenture, we may not consolidate with or merge into any other entity or convey, transfer or lease our properties and assets substantially as an entirety to any entity, unless:

- the surviving or successor entity is organized and validly existing under the laws of the United States, any state thereof or the District of Columbia and it expressly assumes our obligations on all debt securities and under the Indenture;
- immediately after giving effect to the transaction, no event of default and no event which, after notice or lapse of time or both, would become an event of

default shall have occurred and be continuing; and

- we deliver to the Trustee an officers' certificate and an opinion of counsel as to compliance with the foregoing.

(See Section 8.01)

Discharge, Defeasance and Covenant Defeasance

The Indenture provides that we may be:

- discharged from our obligations, with certain limited exceptions, with respect to any particular series of debt securities, as described in the Indenture, such a discharge being called a "defeasance" in this prospectus; and
- released from our obligations under certain restrictive covenants especially established with respect to any particular series of debt securities, including the covenants described above under "Restrictions on Mergers and Sale of Assets" and any additional covenants set forth in the applicable prospectus supplement, such a release being called a "covenant defeasance" in this prospectus.

(See Sections 13.02 and 13.03)

We must satisfy certain conditions to effect a defeasance or covenant defeasance. Those conditions include the irrevocable deposit with the Trustee, in trust, of money or government obligations which through their scheduled payments of principal and interest would provide sufficient money to pay the principal and any premium and interest on those debt securities on the maturity dates of those payments or upon redemption. In addition, we will be required to deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance or covenant defeasance will not cause the holders of the applicable series of debt securities to recognize gain or loss for federal income tax purposes, and that such holders will be subject to federal income tax on the same amount, in the same manner and at the same times as would be the case if such deposit and related defeasance or covenant defeasance were not to occur. In the case of a defeasance, that opinion of counsel must be based upon a ruling from the Internal Revenue Service or a change in federal income tax law. (See Section 13.04)

Modification of the Indenture

We and the Trustee may enter into one or more supplemental indentures without the consent of any holder of the debt securities for certain specified purposes, including:

- to evidence the assumption by any permitted successor of our covenants in the Indenture and in the debt securities;
- to add to our existing covenants or to surrender any of our rights or powers under the Indenture;
- to add additional events of default;
- to add to or change any of the provisions to such extent necessary for the issuance of debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of debt securities in uncertificated form;
- to change, eliminate, or add any provision to the Indenture; provided, however, if the change, elimination, or addition will adversely affect the interests of the holders of the debt securities of any particular series in any material respect, that change, elimination, or addition will become effective only:

- when the consent of the holders of a majority in aggregate principal

amount of the debt securities of that series has been obtained in accordance with the Indenture; or

- when no debt securities of the affected series remain outstanding under the Indenture;
- to secure the debt securities;
- to establish the form or terms of the debt securities of any other series as permitted by the Indenture;
- to evidence and provide for the acceptance of appointment of a successor trustee;
- to provide for or facilitate the administration of the trust by more than one trustee; or
- to cure any ambiguity or inconsistency or to make any other provisions with respect to matters and questions arising under the Indenture; provided that the action will not adversely affect the interests of the holders of the debt securities of any particular series in any material respect.

(See Section 9.01)

If the Trust Indenture Act of 1939 is amended after the date of the Indenture to require changes to the Indenture, the Indenture will be deemed to be amended so as to conform to that amendment of the Trust Indenture Act of 1939. We and the Trustee may, without the consent of any of the holders, enter into one or more supplemental indentures to evidence that amendment. (See Section 9.01)

The consent of the holders of a majority in aggregate principal amount of the debt securities of all series then outstanding, considered as one class, is required for all other modifications to the Indenture. However, if less than all of the series of debt securities outstanding are directly affected by a proposed supplemental indenture, then only the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of all series that are directly affected will be required. No amendment or modification may:

- change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduce the principal amount of any debt security or its rate of interest or change the method of calculating the interest rate or reduce any premium payable upon redemption, or change the currency in which payments are made, or impair the right to institute suit for the enforcement of any payment on or after the date that any principal or interest is due and payable on any debt security, without the consent of the holder;
- reduce the percentage in principal amount of the outstanding debt security of any particular series the consent of which is required for any supplemental indenture or any waiver of compliance with a provision of the Indenture or any default thereunder and its consequences, or reduce the requirements for quorum or voting, without the consent of all the holders of the series; or
- modify certain provisions of the Indenture relating to supplemental indentures, waivers of certain covenants and waivers of past defaults with respect to the debt securities of any particular series, without, in each case, the consent of the holder of each outstanding debt security affected thereby.

(See Section 9.02)

A supplemental indenture which changes the Indenture solely for the benefit of one or more particular series of debt securities, or modifies the rights of the holders of the debt securities of one or more series,

will not affect the rights under the Indenture of the holders of the debt securities of any other series. (See Section 9.02)

The Indenture provides that the debt securities owned by us or anyone else required to make payment on the debt securities will be disregarded and considered not to be outstanding in determining whether the required holders have given a request or consent. (See Section 1.01)

We may fix in advance a record date to determine the required number of holders entitled to give any request, demand, authorization, direction, notice, consent, waiver or other such “act” or action of the holders, in certain situations. If the record date is fixed, the holders of the outstanding debt securities of the relevant series on that record date, and no other holders, will be entitled to take or revoke the relevant action, whether or not those holders remain holders after that record date. No action, however, will be effective unless taken on or prior to the applicable expiration date by holders of the requisite principal amount of the outstanding debt securities of that series on that record date. Any request, demand, authorization, direction, notice, consent, election, waiver or other act of a holder will bind every future holder of the same debt securities and the holder of every debt security issued upon the registration of transfer of or in exchange of those debt securities. A transferee will be bound by our acts or those of the Trustee taken in reliance thereon, whether or not notation of that action is made upon that debt security.

(See Section 1.04)

Events of Default

“Event of default” when used in the Indenture with respect to any particular series of debt securities, means any of the following:

- failure to pay interest on any debt security of the applicable series for 60 days after it is due;
- failure to pay the principal of or premium on any debt security of the applicable series when due (whether at maturity or upon earlier redemption);
- failure to pay the deposit of any sinking fund payment, when and as due by the terms of the applicable series;
- failure to perform any other covenant in the Indenture, other than a covenant that does not relate to that series of debt securities, that continues for 90 days after we receive written notice from the Trustee, or we and the Trustee receive a written notice from the holders of a majority in principal amount of the debt securities of such series; however, the Trustee or the Trustee and such holders, as applicable, can agree to an extension of the 90-day period and this extension will be automatic if we are diligently pursuing action to correct the default;
- certain events related to our bankruptcy, insolvency or reorganization; or
- any other event of default provided with respect to the debt securities of that series.

(See Section 5.01)

Remedies

Acceleration of Maturity

If an event of default with respect to any one series of debt securities occurs and continues, either the Trustee or the holders of a majority in principal amount of the outstanding debt securities of that series may declare the principal

amount of all the debt securities of that series to be due and payable immediately. However, if the event of default is applicable to more than one series of debt securities, the Trustee or the

holders of a majority in principal amount of all the outstanding debt securities of all series, considered as one class, and not the holders of any one series, may make a declaration of acceleration. (See Section 5.02)

At any time after a declaration of acceleration has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the event of default giving rise to the declaration of acceleration will be considered waived, and the declaration and its consequences will be automatically rescinded and annulled if:

- we have paid or deposited with the Trustee a sum sufficient to pay:
 - all overdue interest on all the debt securities of the series;
 - the principal of and premium, if any, on any debt securities of the series which have otherwise become due and interest, if any, that is currently due;
 - interest, if any, on overdue interest (to the extent lawful);
 - all amounts due to the Trustee under the Indenture; and
- any other event of default with respect to the debt securities of that series has been cured or waived as provided in the Indenture.

(See Section 5.02)

The holders of a majority in principal amount of the outstanding debt securities of any particular series may on behalf of the holders of all the debt securities of that series waive any past default under the Indenture with respect to that series and its consequences, except a default:

- in the payment of the principal of or any premium or interest on any debt security of that series, or
- in respect of a covenant or provision of the Indenture which cannot be modified or amended by supplemental indenture without the consent of the holder of each outstanding debt security of the series affected.

However, if a default occurs and continues with respect to more than one series of debt securities, the holders of a majority in aggregate principal amount of the outstanding debt securities of all such series, considered as one class, has the right to waive the default, and not the holders of the debt securities of any one such series. Upon any waiver, the default ceases to exist, and any and all events of default arising therefrom is deemed to have been cured, for every purpose of the Indenture; but no waiver will extend to any subsequent or other default or impair any right consequent thereon. (See Section 5.13)

Right to Direct Proceedings

If an event of default with respect to any particular series of debt securities occurs and continues, the holders of a majority in principal amount of the outstanding debt securities of that series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the debt securities of that series. However, if an event of default occurs and continues with respect to more than one series of debt securities, the holders of a majority in aggregate principal amount of the outstanding debt securities of all such series, considered as one class, have the right to make the direction, and not the holders of the debt securities of any one of such series. In either case, the Indenture further provides that:

- such direction will not be in conflict with any rule of law or with the Indenture;
- the Trustee may take any other action deemed proper by the Trustee and not inconsistent with such direction, and
- subject to the provisions of the Indenture the Trustee will have the right to

decline to follow any direction if the Trustee in good faith determines that the proceeding so directed would involve the Trustee in personal liability.

(See Section 5.12)

Limitation on Right to Institute Proceedings

No holder of debt securities of any particular series will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or Trustee, or for any other remedy under the Indenture, unless:

- the holder has previously given to the Trustee written notice of a continuing event of default;
- the holders of a majority in aggregate principal amount of the outstanding debt securities of all series in respect of which an event of default has occurred and is continuing, considered as one class, have made a written request to the Trustee;
- such holder or holders have offered reasonable indemnity to the Trustee to institute proceedings; and
- the Trustee has failed to institute any proceeding for 60 days after notice and has not received any direction inconsistent with the written request of the holders during that period.

(See Section 5.07)

No Impairment of Right to Receive Payment

The limitations on the right to institute proceedings, however, do not apply to a suit by a holder of a debt security for payment of the principal of or premium, if any, or interest if any, on that debt security on or after the applicable due date. (See Section 5.08)

Annual Notice to Trustee

We will provide to the Trustee an annual statement by an appropriate officer as to whether we are in default in the performance and observance of any of the terms, provisions and conditions of the Indenture. (See Section 10.04)

Notices

Notices to holders of the debt securities will be given by mail to the holders at the addresses that appear in the security register. (See Section 1.06)

Title

We, the Trustee, and any of our agents or the agents of the Trustee, may treat the person in whose name the debt securities are registered as the absolute owner thereof, whether or not such debt securities may be overdue, for the purpose of making payments and for all other purposes irrespective of notice to the contrary. (See Section 3.08)

Governing Law

The Indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York. (See Section 1.12)

Regarding the Trustee

The Trustee is The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust Company, N.A. (as successor to JPMorgan Chase Bank, N.A.)). In addition to acting as Trustee, The Bank of New York Mellon Trust Company, N.A. and its affiliates act, and may act, as Trustee under our and our affiliates' other various indentures and trusts. We and our affiliates also maintain credit and liquidity facilities and conduct other banking transactions with affiliates of the Trustee in the ordinary course of our businesses. In addition, an affiliate of the Trustee is the owner participant with respect to a portion of the Palo Verde Nuclear Generating Station which is subject to a sale and leaseback financing agreement.

The Trustee may resign at any time by giving us written notice or be removed at any time by an act of the holders of a majority in principal amount of any particular series of debt securities then outstanding delivered to the Trustee and us. In addition, provided that no event of default has occurred or is continuing, we may appoint a new trustee upon delivering to the Trustee a resolution of our board of directors appointing a successor trustee and the successor's acceptance of our appointment. In this case, the Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the Indenture. In any event, the resignation or removal of the Trustee, and no appointment of a successor trustee, will be effective until the acceptance of appointment by a successor trustee. (See Section 6.10)

The Trustee will perform only those duties that are specifically set forth in the Indenture unless an event of default under the Indenture occurs and continues. In case an event of default occurs and continues, the Trustee will exercise the same degree of care and skill as a prudent individual would exercise in the conduct of his or her own affairs. (See Section 6.01)

Book-Entry Issuance

Unless otherwise provided in a prospectus supplement, we will issue debt securities of each series in the form of one or more fully registered global securities. The global securities will be deposited with the Trustee under the Indenture as custodian for the depository, which will be The Depository Trust Company or another depository identified in a prospectus supplement, and registered in the name of the depository or its nominee.

Unless and until it is exchanged in whole or in part for the individual debt securities it represents, a global security may not be transferred except as a whole:

- by the applicable depository to a nominee of the depository;
- by any nominee of the depository to the depository or another nominee; or
- by the depository or any nominee to a successor depository or any nominee of the successor.

Investors may hold their beneficial interests in the global securities directly through the depository if they have an account with the depository or indirectly through organizations that have accounts with the depository.

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

The following descriptions of our common stock and preferred stock and the relevant provisions of the articles of incorporation of PNM Resources, as amended through October 27, 2008 (our "Articles of Incorporation"), and by-laws are summaries and are qualified by reference to our Articles of Incorporation filed with the SEC as an exhibit to our Current Report on Form 8-K filed November 21, 2008 (incorporated by reference herein) and the by-laws previously filed with the SEC as an exhibit to our Current Report on Form 8-K as filed December 11, 2009 (incorporated by

reference herein). The following also summarizes

18

certain applicable provisions of the New Mexico Business Corporation Act and the New Mexico Public Utility Act and those summaries are qualified by reference to those Acts.

General

Our authorized capital stock consists of 120,000,000 shares of common stock, no par value and 10,000,000 shares of preferred stock, no par value, of which 500,000 shares have been designated Convertible Preferred Stock, Series A, which we refer to in this prospectus as “Series A Preferred Stock”. As of March 1, 2011, 86,673,174 shares of our common stock and 477,800 shares of our Series A Preferred Stock were outstanding. Each share of Series A Preferred Stock is convertible at the option of the holder at any time into 10 shares of common stock, subject to certain anti-dilution adjustments.

Dividend Rights with Respect to Our Common Stock and Series A Preferred Stock

After giving effect to any prior rights of our Series A Preferred Stock, and any other series of preferred stock that should become outstanding, we will pay dividends on our common stock as determined by our Board of Directors (the “Board”) out of legally available funds. Our ability to pay dividends depends primarily upon the ability of our subsidiaries to pay dividends or otherwise transfer funds to us. Various financing arrangements, charter provisions and regulatory requirements may impose certain restrictions on the ability of our subsidiaries to transfer funds to us in the form of cash dividends, loans or advances.

Unless waived by the holders of at least two-thirds of the number of then outstanding shares of Series A Preferred Stock, no dividend on our common stock shall be declared unless a dividend on the Series A Preferred Stock is declared and paid at the same time in an amount equal to the dividend that would be received by a holder of the number of shares (including fractional shares) of common stock into which such Series A Preferred Stock is convertible on the record date for such dividend.

Voting Rights with Respect to Our Common Stock and Series A Preferred Stock

Holders of common stock are entitled to one vote for each share held by them on all matters submitted to our shareholders. Holders of our common stock do not have cumulative voting rights in the election of directors. The New Mexico Business Corporation Act and our Articles of Incorporation and by-laws generally require the affirmative vote of a majority of the shares represented at a shareholder meeting and entitled to vote for shareholder action, including the election of directors. Under the New Mexico Business Corporation Act, some corporate actions, including amending the articles of incorporation and approving a plan of merger, consolidation or share exchange, require the affirmative vote of a majority of the outstanding shares entitled to vote, which could include, in certain circumstances, classes of preferred stock.

Our Articles of Incorporation limit the Board to designating voting rights for series of preferred stock only (1) when we fail to pay dividends on the applicable series of preferred stock, (2) when proposed changes to the Articles of Incorporation would adversely impact preferred shareholders’ rights and privileges and (3) if the Board issues a new series of preferred stock convertible into common stock and confers upon the holders of such convertible preferred stock the right to vote as a single class with holders of common stock on all matters submitted to a vote of holders of common stock at a meeting of shareholders other than for election of directors, with the same number of votes as the number of shares of common stock into which the shares of such preferred stock are convertible, provided that at all times the aggregate preferred stock outstanding with such voting rights is convertible into no more than 12 million shares of common stock. The 477,800 currently outstanding shares of Series A Preferred Stock are convertible into 4,778,000 shares of common stock, subject to certain anti-dilution adjustments.

Holders of each outstanding share of Series A Preferred Stock are entitled to vote as a single class with holders of our common stock on all matters except the election of directors. Without first obtaining the consent or approval of the holders of a majority of the outstanding shares of Series A Preferred Stock, voting as a separate class, we cannot amend any provisions of our Articles of Incorporation in a manner that would have an adverse impact on the rights and privileges of the Series A Preferred Stock. Holders of our outstanding shares of Series A Preferred Stock are entitled to the number of votes corresponding to the

number of shares of common stock into which such shares of Series A Preferred Stock are convertible on the record date for determining shareholders entitled to vote.

Our Articles of Incorporation do not allow our directors to create classes of directors. All directors are elected annually.

Liquidation Rights with Respect to Our Common Stock and Series A Preferred Stock

In the event we are liquidated or dissolved, either voluntarily or involuntarily, each share of Series A Preferred Stock is entitled to a liquidation preference of \$1.00 per share. After that claim is satisfied, holders of our common stock are entitled to, ratably, an amount equal to \$1.00, divided by the number of shares of common stock into which a share of Series A Preferred Stock is then convertible, and multiplied by the number of shares of common stock then outstanding. After that claim is satisfied, all remaining assets will be distributed to the holders of the Series A Preferred Stock and common stock ratably on the basis of the number of shares of outstanding common stock and, in the case of the Series A Preferred Stock, the number of shares of common stock into which the outstanding shares of Series A Preferred Stock are then convertible. The rights of the holders of our common stock to share ratably (according to the number of shares held by them) in the distribution of remaining assets will also be subject to the liquidation preferences and other rights of any additional series of preferred stock that we may issue in the future.

Preemptive Rights with Respect to Our Common Stock and Series A Preferred Stock

Neither the holders of our common stock nor the holders of our Series A Preferred Stock have a preemptive right to purchase shares of our authorized but unissued shares, or securities convertible into shares or carrying a right to subscribe to or acquire shares, except under the terms and conditions as may be provided by our Board in its sole judgment.

As discussed above, each share of Series A Preferred Stock is convertible at the option of the holder at any time into 10 shares of common stock, subject to certain anti-dilution adjustments.

Listing

Our common stock is listed on the New York Stock Exchange under the “PNM” symbol.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Mellon Investor Services, 480 Washington Boulevard, Jersey City, New Jersey, 07310.

Preferred Stock

Our Board is authorized, pursuant to our Articles of Incorporation, by resolution to provide for the issuance of up to 10,000,000 shares of preferred stock in one or more series and to fix, from time to time before issuance:

- the serial designation, authorized number of shares and the stated value;
- the dividend rate, if any, the date or dates on which the dividends will be payable, and the extent to which the dividends may be cumulative;
- the price or prices at which shares may be redeemed, and any terms, conditions and limitations upon any redemption;
- the amount or amounts to be received by the holders in the event of our dissolution, liquidation, or winding up;
- any sinking fund provisions for redemption or purchase of shares of any series;
-

the terms and conditions, if any, on which shares may be converted into, or exchanged for, shares of other capital stock, or of other series of preferred stock; and

- the voting rights, if any, for the shares of each series, limited to circumstances (1) when we fail to pay dividends on the applicable series of preferred stock, (2) when proposed changes to the Articles of Incorporation would adversely impact preferred shareholders' rights and privileges and

(3) if the Board issues a new series of preferred stock convertible into common stock and confers upon the holders of such convertible preferred stock the right to vote as a single class with holders of common stock on all matters submitted to a vote of holders of common stock at a meeting of shareholders other than for election of directors, with the same number of votes as the number of shares of common stock into which the shares of such preferred stock are convertible, provided that at all times the aggregate preferred stock outstanding with such voting rights is convertible into no more than 12 million shares of common stock. Currently, of the 10,000,000 authorized shares of preferred stock, 500,000 have been designated as Series A Preferred Stock, of which 477,800 Series A Preferred Stock shares have been issued and are outstanding.

Prior to the issuance of shares of each series of our preferred stock, our Board is required to adopt resolutions and file articles of amendment with the New Mexico Public Regulation Commission. The certificate of amendment will fix for each series the designation and number of shares and the rights, preferences, privileges and restrictions of the shares subject to the limitations set forth above.

All shares of preferred stock will, when issued, be fully paid and nonassessable and will not have any preemptive or similar rights. We are not required by the New Mexico Business Corporation Act to seek shareholder approval prior to any issuance of authorized but unissued stock and our Board does not currently intend to seek shareholder approval prior to any issuance of authorized but unissued stock, unless otherwise required by law or the listing requirements of the New York Stock Exchange.

Certain Other Matters

Our Articles of Incorporation and by-laws include a number of provisions that may have the effect of discouraging persons from acquiring large blocks of our stock or delaying or preventing a change in our control. The material provisions that may have such an effect include:

- authorization for our Board to issue our preferred stock in series and to fix rights and preferences of the series (including, among other things, whether, and to what extent, the shares of any series will have voting rights, within the limitations described above, and the extent of the preferences of the shares of any series with respect to dividends and other matters);
- advance notice procedures with respect to any proposal other than those adopted or recommended by our Board; and
- provisions specifying that only a majority of the Board, the chairman of the Board, the president or holders of not less than one-tenth of all our shares entitled to vote may call a special meeting of stockholders.

Under the New Mexico Public Utility Act, approval of the New Mexico Public Regulation Commission is required for certain transactions which may result in our change in control or exercise of control.

DESCRIPTION OF WARRANTS

This section describes the general terms of the warrants that we may offer and sell by this prospectus. This prospectus and any applicable prospectus supplement will contain the material terms and conditions for each warrant. The applicable prospectus supplement may add, update or change the terms and conditions of the warrants as described in this prospectus.

General

We may issue warrants to purchase debt securities, common stock or preferred stock. Warrants may be issued independently or together with any securities and may be attached to or separate from those securities. The warrants will be issued under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all of which will be described in the prospectus supplement relating to the warrants we are offering. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial

owners of warrants. A copy of the warrant agreement will be filed with the SEC in connection with the offering of the warrants.

Debt Warrants

We may issue warrants for the purchase of our debt securities. As explained below, each debt warrant will entitle its holder to purchase debt securities at an exercise price set forth in, or to be determinable as set forth in, the related prospectus supplement. Debt warrants may be issued separately or together with debt securities.

Any debt warrants will be issued under debt warrant agreements to be entered into between us and one or more banks or trust companies, as debt warrant agent, as will be set forth in the prospectus supplement relating to the debt warrants being offered by the prospectus supplement and this prospectus. A copy of the debt warrant agreement, including a form of debt warrant certificate representing the debt warrants, will be filed with the SEC in connection with the offering of the debt warrants.

The particular terms of each issue of debt warrants, the debt warrant agreement relating to the debt warrants and the debt warrant certificates representing debt warrants will be described in the applicable prospectus supplement, including, as applicable:

- the title of the debt warrants;
- the initial offering price;
- the title, aggregate principal amount and terms of the debt securities purchasable upon exercise of the debt warrants;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- the title and terms of any related debt securities with which the debt warrants are issued and the number of the debt warrants issued with each debt security;
- the date, if any, on and after which the debt warrants and the related debt securities will be separately transferable;
- the principal amount of debt securities purchasable upon exercise of each debt warrant and the price at which that principal amount of debt securities may be purchased upon exercise of each debt warrant;
- if applicable, the minimum or maximum number of warrants that may be exercised at any one time;
- the date on which the right to exercise the debt warrants will commence and the date on which the right will expire;
- if applicable, a discussion of United States federal income tax, accounting or other considerations applicable to the debt warrants;
- whether the debt warrants represented by the debt warrant certificates will be issued in registered or bearer form and, if registered, where they may be transferred and registered;
- anti-dilution provisions of the debt warrants, if any;

- redemption or call provisions, if any, applicable to the debt warrants; and
- any additional terms of the debt warrants, including terms, procedures and limitations relating to the exchange and exercise of the debt warrants.

Debt warrant certificates will be exchangeable for new debt warrant certificates of different denominations and, if in registered form, may be presented for registration of transfer and debt warrants may be exercised at the corporate trust office of the debt warrant agent or any other office indicated in the related prospectus supplement. Before the exercise of debt warrants, holders of debt warrants will not be entitled to payments of principal, premium, if any, or interest, if any, on the debt securities purchasable upon exercise of the debt warrants, or to enforce any of the covenants in the applicable indenture.

Equity Warrants

We may issue warrants for the purchase of our equity securities such as our preferred stock or common stock. As explained below, each equity warrant will entitle its holder to purchase equity securities at an exercise price set forth in, or to be determinable as set forth in, the related prospectus supplement. Equity warrants may be issued separately or together with equity securities.

Any equity warrants will be issued under equity warrant agreements to be entered into between us and one or more banks or trust companies, as equity warrant agent, as will be set forth in the prospectus supplement relating to the equity warrants being offered by the prospectus supplement and this prospectus. A copy of the equity warrant agreement, including a form of equity warrant certificate representing the equity warranty, will be filed with the SEC in connection with the offering of the equity warrants.

The particular terms of each issue of equity warrants, the equity warrant agreement relating to the equity warrants and the equity warrant certificates representing equity warrants will be described in the applicable prospectus supplement, including, as applicable:

- the title of the equity warrants;
- the initial offering price;
- the aggregate number of equity warrants and the aggregate number of shares of the equity security purchasable upon exercise of the equity warrants;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- if applicable, the designation and terms of the equity securities with which the equity warrants are issued, and the number of equity warrants issued with each equity security;
- the date, if any, on and after which the equity warrants and the related equity security will be separately transferable;
- if applicable, the minimum or maximum number of the warrants that may be exercised at any one time;
- the date on which the right to exercise the equity warrants will commence and the date on which the right will expire;
- if applicable, a discussion of United States federal income tax, accounting or other considerations applicable to the equity warrants;
- anti-dilution provisions of the equity warrants, if any;
- redemption or call provisions, if any, applicable to the equity warrants; and

- any additional terms of the equity warrants, including terms, procedures and limitations relating to the exchange and exercise of the equity warrants.

Holders of equity warrants will not be entitled, solely by virtue of being holders, to vote, to consent, to receive dividends, to receive notice as shareholders with respect to any meeting of shareholders for the election of directors or any other matter, or to exercise any rights whatsoever as a holder of the equity securities purchasable upon exercise of the equity warrants.

DESCRIPTION OF SECURITIES PURCHASE CONTRACTS

This section describes the general terms of the securities purchase contracts that we may offer and sell by this prospectus. This prospectus and any prospectus supplement will contain the material terms and conditions for each securities purchase contract. A prospectus supplement may add, update or change the terms and conditions of the securities purchase contracts as described in this prospectus.

We may issue securities purchase contracts, representing contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of common stock or preferred stock or a specified number of equity warrants, at a future date or dates, or a variable number of shares of common stock or preferred stock or a variable number of equity warrants for a stated amount of consideration. The price per share or per equity warrant and the number of shares of common stock or preferred stock or the number of equity warrants may be fixed at the time the securities purchase contracts are issued or may be determined by reference to a specific formula set forth in the securities purchase contracts. Any such formula may include anti-dilution provisions to adjust the number of shares of common stock or preferred stock or the number of equity warrants issuable pursuant to the securities purchase contracts upon certain events.

We also may issue securities purchase contracts, representing contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified principal amount of debt securities or debt warrants at a future date or dates. The purchase price and the interest rate may be fixed at the time the securities purchase contracts are issued or may be determined by reference to a specific formula set forth in the securities purchase contracts.

The securities purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances we may deliver newly issued prepaid securities purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original securities purchase contract.

The applicable prospectus supplement will describe the general terms of any securities purchase contracts and, if applicable, prepaid securities purchase contracts. The description in the prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to:

- the securities purchase contracts;
- the collateral arrangements and depositary arrangements, if applicable, relating to such securities purchase contracts; and
- if applicable, the prepaid securities purchase contracts and the document pursuant to which such prepaid securities purchase contracts will be issued.

Material United States federal income tax considerations applicable to the securities purchase contracts also will be discussed in the applicable prospectus supplement.

DESCRIPTION OF UNITS

We may issue units comprising one or more of the other securities described in this prospectus in any combination. Units also may include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit

agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

- the designation and terms of the units and of the securities composing the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
- whether the units will be issued in fully registered or global form.

The applicable prospectus supplement will describe the terms of any units. The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depository arrangements relating to such units, which documents will be filed with the SEC in connection with the offering of any units.

PLAN OF DISTRIBUTION

We may sell the securities, in or outside of the United States, to underwriters or dealers, through agents, directly to purchasers or through a combination of these methods. The applicable prospectus supplement will contain specific information relating to the terms of the offering, including, to the extent not otherwise included in the prospectus:

- the name or names of any underwriters or agents;
- the purchase price of the securities;
- our net proceeds from the sale of the securities;
- any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers; and
- any securities exchange on which the securities may be listed.

By Underwriters

If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account. Underwriters may offer the securities directly or through underwriting syndicates represented by one or more managing underwriters. The underwriters may resell the securities in one or more transactions, including negotiated transactions, at a fixed public offering price, which may be changed, at market prices prevailing at the time of the sale, at prices based on prevailing market prices or at negotiated prices. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions.

By Dealers

If dealers are used in the sale, unless otherwise specified in the applicable prospectus supplement, we will sell the securities to the dealers as principals. The dealers may then resell the securities to the public at varying prices to be determined by the dealers at the time of resale. The applicable prospectus supplement will contain more information about the dealers, including the names of the dealers and the terms of our agreement with them.

By Agents and Direct Sales

We may sell the securities directly to the public, without the use of underwriters, dealers or agents. We may also sell the securities through agents we designate from time to time. The applicable prospectus supplement will contain more information about the agents, including the names of the agents and any commission we agree to pay the agents.

We also may engage a broker-dealer from time to time to act as agent or principal for the offer of the securities in one or more placements pursuant to a distribution agreement. If we and the broker-dealer agree, we will sell to the broker-dealer as agent or as principal, and the broker-dealer will seek to solicit offers to purchase on an agency basis and/or will purchase on a principal basis, the securities. The number and purchase price (less an underwriting discount) of the securities we sell to the broker-dealer will be mutually agreed on the relevant trading day. The securities sold under the distribution agreement will be sold at prices related to the prevailing market price for such securities, and therefore exact figures regarding the price, proceeds that will be raised or commissions to be paid will be described in a prospectus supplement to this prospectus or in other filings made in accordance with and as

permitted by the Securities Act and the Exchange Act. The broker-dealer may make sales of the securities pursuant to the distribution agreement in privately negotiated transactions and/or any other method permitted by law deemed to be an “at-the-market” offering as defined in Rule 415 promulgated under the Securities Act including sales made on the New York Stock Exchange, the current trading market for our common stock.

General Information

Underwriters, dealers and agents that participate in the distribution of the securities may be deemed underwriters as defined in the Securities Act, and any discounts or commissions we pay to them and any profit made by them on the resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters, dealers or agents will be identified and their compensation from us will be described in the applicable prospectus supplement. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may agree with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may be customers of, engage in transactions with or perform services for, us in the ordinary course of their businesses. We will describe in the applicable prospectus supplement naming the underwriters, dealers or agents, the nature of any material relationship between us and the underwriters, dealers or agents, respectively.

Distribution by Selling Security Holders

Selling security holders may distribute securities from time to time in one or more transactions (which may involve block transactions) on the New York Stock Exchange or otherwise. Selling security holders may sell securities at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices or at fixed prices. The selling security holders may from time to time offer their securities through underwriters, brokers, dealers or agents, who may receive compensation in the form of underwriting discounts, commissions or concessions from the selling security holders and/or the purchasers of the securities for whom they act as agent. From time to time, the selling security holders may engage in short sales, short sales against the box, puts and calls and other transactions in our securities, or derivatives thereof, and may sell and deliver securities in connection therewith.

As of the date of this prospectus, we have engaged no underwriter, broker, dealer or agent in connection with any distribution of securities pursuant to this prospectus by any selling security holders. To the extent required, the amount of securities to be sold, the purchase price, the name of any applicable agent, broker, dealer or underwriter, and any applicable commissions with respect to a particular offer will be set forth in the applicable prospectus supplement. The aggregate net proceeds to the selling security holders from the sale of securities will be the sale price of those securities, less any commissions, if any, and other expenses of issuance and distribution not borne by us.

The selling security holders and any brokers, dealers, agents or underwriters that participate with the selling security holders in a distribution of securities may be deemed to be “underwriters” within the meaning of the Securities Act, in which event any discounts, concessions and commissions received by such brokers, dealers, agents or underwriters and any profit on the resale of the securities purchased by them may be deemed to be underwriting discounts and commissions under the Securities Act.

The applicable prospectus supplement will set forth the extent to which we will have agreed to bear fees and expenses of the selling security holders in connection with the registration of the securities offered hereby by them. We may, if so indicated in the applicable prospectus supplement, agree to indemnify selling security holders against certain civil liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Certain legal matters in connection with the securities offered hereby will be passed upon for us by Charles L. Moore, Esq., Associate General Counsel, and, unless otherwise indicated in the applicable prospectus supplement, certain other matters will be passed upon for us by Troutman Sanders LLP. If legal matters in connection with offerings made pursuant to this prospectus are passed upon by counsel for the

underwriters, dealers or agents, if any, such counsel will be named in the applicable prospectus supplement relating to such offering. As of March 1, 2011, Charles L. Moore, Esq. held options to acquire 35,000 shares of our common stock (25,162 of which were exercisable).

EXPERTS

The financial statements and the related financial statement schedules, incorporated in this prospectus by reference from PNM Resources, Inc.'s Form 10-K for the year ended December 31, 2010, and the effectiveness of PNM Resources, Inc.'s internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference. Such financial statements and financial statement schedules have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

Item 15. Indemnification of Directors and Officers.

Section 6 of Article II of PNM Resources, Inc.'s Bylaws contains the following provisions with respect to indemnification of directors and officers:

Each person serving as a director or an officer of the Corporation, or, at the request of the Corporation, as a director or an officer of any other company in which the Corporation has a financial interest and regardless of whether or not the person is then in office, and the heirs, executors, administrators and personal representatives of the person, shall be indemnified by the Corporation to the full extent of the authority of the Corporation to so indemnify as authorized by New Mexico law.

Section 53-11-4.1 of the Business Corporation Act of the State of New Mexico provides that a corporation shall have power to indemnify any person made (or threatened to be made) a party to any proceeding (whether threatened, pending or completed) by reason of the fact that the person is or was a director (or, while a director, is or was serving

in any of certain other capacities) if: (1) the person acted in good faith; (2) the person reasonably believed: (a) in the case of conduct in the person's official capacity with the corporation, that the person's conduct was in its best interests; and (b) in all other cases, that the person's conduct was at least not opposed to its best interests; and (3) in the case of any criminal proceeding, the person had no reasonable cause to believe the person's conduct was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the person in connection with the proceeding, but may be limited or unavailable with respect to certain proceedings. In some instances, indemnification of a director may be mandatory or, upon

II-1

the application of a director, may be ordered by a court. Reasonable expenses incurred by a director may, under certain circumstances, be paid or reimbursed in advance of a final disposition of a proceeding. Unless limited by its articles of incorporation, a corporation may (or, as the case may be, shall) indemnify and advance expenses to an officer of the corporation to the same extent as to a director under Section 53-11-4.1. Also, unless limited by its articles of incorporation, a corporation has: (1) the power to indemnify and to advance expenses to an employee or agent of the corporation to the same extent that it may indemnify and advance expenses to directors under the statute; and (2) additional power to indemnify and to advance reasonable expenses to an officer, employee or agent who is not a director to such further extent, consistent with law, as may be provided by its articles of incorporation, by-laws, general or specific action of its Board of Directors, or contract.

Section 53-11-4.1 was amended in 1987 to provide that the indemnification authorized thereunder shall not be deemed exclusive of any rights to which those seeking indemnification may be entitled under the articles of incorporation, the by-laws, an agreement, a resolution of shareholders or directors or otherwise. We have entered into agreements with each director and officer which provide for indemnification of directors and officers to the fullest extent permitted by law including advancement of litigation expenses where appropriate. The agreements provide for the appointment of a reviewing party by the Board of Directors to make a determination whether claimed indemnification is permitted under applicable law.

Insurance is maintained on a regular basis (and not specifically in connection with this offering) against liabilities arising on the part of directors and officers out of their performance in such capacities or arising on the part of PNM Resources, Inc. out of its foregoing indemnification provisions, subject to certain exclusions and to the policy limits.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected

Edgar Filing: PNM RESOURCES INC - Form S-3ASR

in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the

securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was a part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or controlling persons of the registrant pursuant to the provisions described under Item

II-4

15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.

(e) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(f) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Albuquerque, State of New Mexico, on March 17, 2011.
