When used, the words "believe", "anticipate", "estimate", "project", "should", "expect", "plan", "assume" and similar expressions that do not relate solely to historical matters identify forward-looking statements. Forward-looking statements in this report include, without limitation, statements relating to the Trust's operating partnerships' ability to make distributions sufficient for the Trust to pay dividends under its current dividend policy.

Forward-looking statements are subject to risks, uncertainties and assumptions and are not guarantees of future events or performance, which may be affected by known and unknown risks, trends and uncertainties. Should one or more of these risks or uncertainties materialize, or should the Trust's or the Partnership's assumptions prove incorrect, actual results may vary materially from those anticipated, projected or implied. The Trust and the Partnership expressly disclaim any responsibility to update forward-looking statements to reflect changes in underlying assumptions or factors, new information, future events or otherwise.

### **Item 1.01. Entry into a Material Definitive Agreement.**

#### **Term Loan**

On June 1, 2007, Lexington Realty Trust, or the Trust, entered into a credit agreement among the Trust, The Lexington Master Limited Partnership, or the Partnership, Lepercq Corporate Income Fund L.P., Lepercq Corporate Income Fund II L.P., and Net 3 Acquisition L.P., jointly and severally as borrowers, KeyBanc Capital Markets, as lead arranger and book running manager, KeyBank National Association, as agent, and each of the financial institutions initially a signatory thereto together with their assignees pursuant to Section 12.5.(d) therein.

## Edgar Filing: LEXINGTON REALTY TRUST - Form 8-K

The credit agreement provides for a \$225 million term loan, which bears interest at a rate of 60 basis points over LIBOR. The term loan matures on June 1, 2009 and has a six-month extension option. The borrowers have the option to increase the term loan to \$300.0 million within 90 days of origination.

---

The credit agreement contains representations, financial and other affirmative and negative covenants, events of defaults and remedies typical for this type of term loan. The principal financial covenants impacting the Trust's leverage under this facility are (1) the Trust's total indebtedness may not exceed 65% of its capitalized value; (2) the Trust's adjusted EBITDA determined on a consolidated basis for the period of two consecutive fiscal quarters most recently ending may not be less than 150% of the Trust's debt service for such period; (3) the Trust's adjusted EBITDA for the period of two consecutive fiscal quarters most recently ending may not be less than 140% of the Trust's fixed charges for such period; (4) the Trust's principal amount of recourse secured indebtedness determined on a consolidated basis may not exceed 10% of the Trust's capitalized value; (5) the Trust's principal amount of recourse secured indebtedness on a property may not exceed 75% of a stabilized property or 80% of a development property; (6) the Trust's tangible net worth may not be less than \$1,224,905,000 plus 75% of the net proceeds from certain equity offerings by the Trust; and (7) the Trust's floating rate indebtedness may not exceed 35% of the Trust's total indebtedness. The credit agreement also restricts the amount of capital we can invest in specific categories of assets, such as unconsolidated entities, unimproved land, properties under construction, notes receivable, and properties leased under ground leases.

In addition, the credit agreement contains a covenant that restricts the ability of the borrowers to make certain payments. This covenant contains certain exceptions, including an exception that allows the Trust's operating partnerships to make any distributions necessary to allow the Trust to (i) maintain its status as a real estate investment trust or (ii) distribute 90.0% of funds from operations. The Trust does not anticipate that this provision will adversely affect the ability of its operating partnerships to make distributions sufficient for the Trust to pay dividends under its current dividend policy.

The credit agreement contains cross default provisions with other of the Trust's material indebtedness and other typical events of default.

Borrowings under the credit facility are guaranteed by certain subsidiaries of the Trust and the Partnership and are secured by pledges of interests in certain property owning subsidiaries of the Trust and the Partnership.

The foregoing description of the credit agreement is qualified in its entirety by reference to the purchase agreement attached as Exhibit 10.1 to this Current Report on Form 8-K.

### **Contribution Agreement**

On June 1, 2007, the Trust and the Partnership entered into a contribution agreement whereby the Trust contributed to the Partnership its interest in Lexington Acquiport Company, LLC, a co-investment program with the Common Retirement Fund of the State of New York, in exchange for 3,077,633 units of limited partnership in the Partnership. The number of units was determined in accordance with the Second Amended and Restated Agreement of Limited Partnership of the Partnership. The contribution agreement contained limited representations and warranties and closing conditions.

---

The foregoing description of the contribution agreement is qualified in its entirety by reference to the contribution agreement attached as Exhibit 10.2 to this Current Report on Form 8-K.

**Purchase Agreements**

After the effectiveness of the contribution agreement, on June 1, 2007, the Partnership and the Trust each entered into separate purchase agreements with the Common Retirement Fund of the State of New York, the Trust and the Partnership's co-investment partner, to acquire all of the outstanding interests not otherwise owned by the Trust or the Partnership in Lexington Acquiport Company, LLC and Lexington Acquiport Company II, LLC, respectively, two of the Trust's co-investment programs. The Trust, directly and through the Partnership, is now the sole owner of the co-investment programs' 26 primarily single tenant net leased properties. The interests were acquired for cash payments of approximately \$277.4 million and the assumption of approximately \$515.0 million of non-recourse first mortgage financing. The purchase agreements contained limited representations and warranties and closing conditions.

The foregoing description of the purchase agreements is qualified in its entirety by reference to the purchase agreements attached as Exhibits 10.3 and 10.4 to this Current Report on Form 8-K.

**Item 2.01. Completion of Acquisition or Disposition of Assets.**
