INTERTAPE POLYMER GROUP INC. ANNOUNCES  
JUNE 2002 SECOND QUARTER RESULTS  
(stated in U.S. dollars)

Montreal, Quebec, Canada - July 22, 2002 - Intertape Polymer Group Inc. (NYSE & TSE: ITP), today reported its operating results for the second quarter ended June 30, 2002.

Sales for the period were \$153.7 million, an increase of 8.7% or \$12.4 million from \$141.3 million for the second quarter of 2001. For the six-month periods ended June 30, 2002 and June 30, 2001, sales were \$300.4 million and \$300.1 million respectively. Sales increased by 4.8% or \$7 million over the first quarter of 2002. This increase in sales is the result of the combined effects of

new products, increases in unit selling prices, and the positive impact of the Company's Regional Distribution Center (RDC) strategy.

Melbourne F. Yull, Intertape Polymer Group's Chairman and Chief Executive Officer stated, "The strength of our overall strategy resulted in a healthy sales increase over last year."

Gross profits and gross margins were \$33.9 million and 22.1% for the current period, compared to \$26.7 million and 18.9% respectively for the second quarter of 2001. Gross profits and gross margins for the six-month periods were \$67.4 million and \$65.5 million and 22.4% and 21.8% respectively.

Operating profit for the period was \$13.5 million as compared to \$6.6 million for the same period in 2001. For the six month period ended June 30, 2002, operating profit was \$26.7 million compared to \$23.5 million in 2001. Selling, general and administrative expenses remain constant.

Melbourne F. Yull noted, "The sequential volume increase over last quarter combined with ongoing cost reductions have improved our operating profits and margins."

Net income for the three months ended June 2002 increased \$7.0 million to \$4.3 million from a loss of (\$2.7 million) in the same period last year. Net income for the six-month period was \$7.1 million, an increase of \$5.6 million from \$1.5 million in the same period last year.

Basic and diluted EPS for the current quarter were \$0.13 compared to a loss of (\$0.10) after the effect of the non-recurring charges in 2001 and \$0.00 before the effect of these charges last year. For the six-month period, both basic and diluted EPS were \$0.22 compared to \$0.15 before the effect of the non-recurring charges and \$0.05 after this effect.

Andrew M. Archibald, CFO stated, "The Company continues to manage cash effectively. Cash derived from operations was \$11.9 million this quarter compared to \$5.6 for the second quarter of 2001; and was \$21.7 million compared to \$18.0 million for the six months ended June 2002 and 2001 respectively. Investing in capital assets has decreased to \$3.6 million in 2002 as compared to \$5.5 million for the second quarter of 2001; and was \$6.5 million compared to \$17.7 million for the comparable six-month periods. The proceeds of \$47.3 million from the issuance of 5.1 million common shares during the first quarter of 2002 were used to reduce long-term debt by \$37.7 million, reduce bank indebtedness by \$6.5 million and partially fund the investment in capital assets of \$6.5 million." The Company typically increases finished goods inventory towards the end of the second quarter in order to have sufficient product to sell during annual plant vacation shut downs. Consequently, further improvements in working capital should continue through the balance of 2002 thus freeing additional cash to further reduce borrowings or for investments.

The exchange rate at June 30, 2002 was Cdn. \$1.5187 = U.S. \$1.00.

Intertape Polymer Group Inc. develops, manufactures and markets a wide variety of specialized polyolefin plastic and paper based packaging products and systems for industrial and retail use.
