Information Relating to Corporate Governance and the Board of Directors

Our board of directors has an Audit Committee, a Compensation Committee, and a Nominations and Corporate Governance Committee, each consisting entirely of independent directors. Our board of directors has determined, after considering all the relevant facts and circumstances, that Mr. Antioco, Ms. Williams, Ms. Gonzales, Mr. Rawlings, and Mr. Zyman are independent directors, as “independence” is defined by the listing standards of the Nasdaq National Market, because they have no material relationship with us (either directly or as a partner, stockholder, or officer of an organization that has a relationship with us). However, under Nasdaq rules, Mr. Antioco and Mr. Rawlings are not considered independent for purposes of serving on the Audit Committee because of their stock ownership.

Our board of directors has adopted charters for the Audit, Compensation, and Nominations and Corporate Governance Committees describing the authority and responsibilities delegated to each committee by the board. Our board of directors has also adopted Corporate Governance Guidelines, a Code of Conduct, and a Code of Ethics for the CEO and Senior Financial Officers. We post on our website at www.mainandmain.com, the charters of our Audit, Compensation, and Nominations and Corporate Governance Committees; our Corporate Governance Guidelines, Code of Conduct, and Code of Ethics for the CEO and Senior Financial Officers, and any amendments or waivers thereto; and any other corporate governance materials contemplated by SEC or Nasdaq regulations. These documents are also available in print to any stockholder requesting a copy in writing from our corporate secretary at our executive offices. Each year we schedule at least two executive sessions at which independent directors meet without the presence or participation of management. The presiding director of such executive sessions rotates among the Chairs of the Audit Committee, Compensation Committee, and the Nominations and Corporate Governance Committee, unless chaired by the Chairman of the Board.

Interested parties may communicate with our board of directors or specific members of our board of directors, including the members of our various board committees, by submitting a letter addressed to the board of directors of our company c/o any specified individual director or directors at the address of our executive offices. Any such letters are sent to the indicated directors.

The Audit Committee

The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of our company and the audits of the financial statements of our company and to provide assistance to our board of directors with

respect to its oversight of the integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditors. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of our company's accounting and financial reporting process and audits of the financial statements of our company on behalf of our board of directors. The Audit Committee also selects the independent certified public accountants to conduct the annual audit of the financial statements of our company; reviews the proposed scope of such audit; reviews accounting and financial controls of our company with the independent auditors and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates.

Table of Contents

The Audit Committee in 2005 consisted of Ms. Gonzales, Mr. Zyman, and Ms. Williams, each of whom is an independent director of our company under the Nasdaq rules as well as under rules adopted by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002. The board of directors has determined that Ms. Gonzales (whose background is detailed above) qualifies as an “audit committee financial expert” in accordance with applicable rules and regulations of the SEC.

The Compensation Committee

The purpose of the Compensation Committee includes determining, or recommending to our board of directors for determination, the compensation of the Chief Executive Officer and other executive officers of our company and discharging the responsibilities of our board of directors relating to the compensation programs of our company. The Compensation Committee consisted in 2005 of Ms. Williams, Mr. Antioco, Mr. Rawlings, and Mr. Zyman, each of whom is an independent director.

The Nominations and Corporate Governance Committee

The purpose of the Nominations and Corporate Governance Committee includes the selection or recommendation to the board of directors of nominees to stand for election as directors at each election of directors, the oversight of the selection and composition of committees of the board of directors, and the development and recommendation to the board of directors of a set of corporate governance principles applicable to our company. The Nominations and Corporate Governance Committee currently consists of Mr. Antioco, Ms. Williams, Mr. Rawlings, and Ms. Gonzales. The Nominations and Corporate Governance Committee will consider persons recommended by stockholders for inclusion as nominees for election to our board of directors if the names, biographical data, and qualifications of such persons are submitted in writing in a timely manner addressed and delivered to our company’s secretary at our executive offices. The Nominations and Corporate Governance Committee identifies and evaluates nominees for our board of directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity, and the extent to which the nominee would fill a present need on our board of directors. As discussed above, the members of the Nominations and Corporate Governance Committee are independent, as that term is defined by the listing standards of Nasdaq.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires our directors, officers, and persons that own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. SEC regulations require directors, officers, and greater than 10% stockholders to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms that we received during fiscal 2005 and written representations that no other reports were required, we believe that each person that at any time during the fiscal year was a director, executive officer, or beneficial owner of 10% or more of our common stock complied with all Section 16(a) filing requirements during such fiscal year, except that Stephanie Barbini filed a late Form 4 reporting a grant of options; Michael Garnreiter filed a late Form 4 reporting a grant of restricted stock units and a Form 5 covering a late reportable grant of options; Stuart Gee filed a late Form 4 reporting a grant of restricted stock units; Kenda Gonzales filed a late Form 4 reporting a grant of options; Michael Herron filed a late Form 4 reporting a grant of restricted stock units; Michael S. Stock Option Plans

We have options outstanding under four stock option plans: the 1990 Stock Option Plan, the 1995 Stock Option Plan, the 1999 Incentive Stock Plan, and the 2002 Incentive Stock Option Plan. Each of these plans permit us to grant options that are intended to qualify as incentive stock options under the Internal Revenue Code, as well as nonqualified stock options. These plans also permit us to make other stock-based awards, including grants of shares of common stock, stock appreciation rights, or SARs, and restricted stock units.

We may grant options and awards under our stock option plans to employees, directors, and independent contractors who provide services to our company. We may grant options that are incentive stock options only to employees of our company or our subsidiaries.

Our board of directors administers our option plans. Our board of directors may delegate all or any portion of its authority and duties under our option plans to one or more committees appointed by our board of directors under such conditions and limitations as our board of directors may from time to time establish. Our board of directors and/or any committee that administers our plans has the authority, in its discretion, to determine all matters relating to awards, including the selection of the individuals to be granted awards, the type of awards, the number of shares of common stock subject to an award, vesting conditions, and any and all other terms, conditions, restrictions, and limitations, if any, of an award.

A maximum of 250,000 shares of common stock were originally available for issuance under the 1990 Plan. The 1990 Plan expired on July 24, 2000, which means that no new options may be granted under the 1990 Plan. As of March 15, 2006, 65,999 shares of common stock have been issued upon exercise of options granted pursuant to the 1990 Plan and there were outstanding options to purchase 28,677 shares of common stock under the 1990 Plan. No incentive awards other than stock options have been granted under the 1990 Plan. Any options granted under the 1990 Plan will

remain outstanding until their respective expiration dates or earlier termination in accordance with their respective terms.

A maximum of 325,000 shares of common stock may be issued under the 1995 Plan. As of March 15, 2006, 101,540 shares of common stock have been issued upon exercise of options granted under the 1995 Plan and there were outstanding options to acquire 43,000 shares of common stock under the 1995 Plan. The 1995 Plan expired on January 8, 2006, which means that no new options may be granted under the 1995 Plan. The 1995 Plan included an automatic program that provided for the automatic grant of options to non-employee directors of our company. Our board of directors discontinued the automatic grant program in 1999. Any options granted under the 1995 Plan will remain outstanding until their respective expiration dates or earlier termination in accordance with their respective terms.

Table of Contents

A maximum of 1,000,000 shares of common stock may be issued under the 1999 Plan. The maximum number of shares covered by awards granted to any individual in any year may not exceed 15% of the total number of shares that may be issued under the 1999 Plan. As of March 15, 2006, 120,828 shares of common stock have been issued upon exercise of options granted under the 1999 Plan and there were outstanding options to acquire 505,834 shares of common stock under the 1999 Plan. As of March 15, 2005, 132,500 restricted stock units have been granted under this plan. An additional 245,838 shares remain available for grant under the 1999 Plan. The 1999 Plan will remain in effect until February 19, 2009, unless sooner terminated by the board of directors.

A maximum of 1,000,000 shares of common stock may be issued under the 2002 Plan. The maximum number of shares covered by awards granted to any individual in any year may not exceed 15% of the total number of shares that may be issued under the 2002 Plan. As of March 15, 2006, 59,334 shares of common stock have been issued upon exercise of options granted under the 2002 Plan and there were outstanding options to acquire 938,414 shares of common stock under the 2002 Plan. An additional 2,249 shares remain available for grant under the 2002 Plan. The 2002 Plan will remain in effect until June 26, 2012, unless sooner terminated by the board of directors.

Non-qualified Officer Option Program

In addition to the employee incentive stock plans described above, we have issued options for 1,860,000 shares of common stock to executive officers and directors (including a now former officer) at prices generally equal to or above fair market value at the date of grant, at prices ranging from \$2.00 to \$3.43 per share.

401(k) Profit Sharing Plan

We have a 401(k) Plan that covers corporate management and restaurant employees and currently provides for a matching contribution equal to 50% of the first 4% of the salary deduction a participant elects to defer as a contribution to the 401(k) Plan. The 401(k) Plan further provides for a special discretionary contribution equal to a percentage of a participant's salary to be determined each year by our company. We also may contribute a discretionary amount in addition to the special discretionary contribution. Contributions to the 401(k) Plan by our company for fiscal 2005 totaled approximately \$235,100.

Executive Non-qualified "Excess" Plan

The Executive Non-qualified "Excess" Plan is a defined contribution deferred compensation plan that allows our highly compensated executives to defer pre-tax income in "excess" of qualified plan limits - potentially up to 100% of compensation. This plan is based on a contractual agreement between our company and the executive that results in the executive foregoing current compensation in exchange for a future benefit. The Excess Plan provides a matching contribution equal to 50% of the executive deferral up to \$5,000 per year. We may also contribute a discretionary amount in addition to the match. Contributions to the Excess Plan for fiscal 2005 totaled approximately \$27,887.

Employment Agreements; Change in Control Agreements

We are a party to employment agreements with William G. Shrader with a term through April 1, 2007. Mr. Shrader's employment agreement provides for him to serve as the Chief Executive Officer and President of our company. The employment agreement provides for Mr. Shrader to receive an annual salary of \$383,800 per annum in 2006. In addition, the employment agreement provides that Mr. Shrader will be eligible to receive performance bonuses in amounts determined as a percentage of his base salary in relationship to set financial performance of our company. We are also a party to an employment agreement with Michael Garnreiter with a term through April 1, 2007. Mr. Garnreiter's employment agreement provides for him to serve as the Executive Vice President, Chief Financial Officer, and Treasurer of our company. The employment agreement provides for Mr. Garnreiter to receive an annual salary of

\$303,550 in 2006. In addition, the employment agreement provides that Mr. Garnreiter will be eligible to receive performance bonuses in amounts determined as a percentage of his base salary in relationship to set financial performance of our company.

Table of Contents

Each of these employment agreements provide that the executive will receive 12 months of his base salary, plus a prorated amount of any earned bonus, if their employment is terminated without cause. In the event of the termination of employment as a result of the death or disability of the executive, the employment agreements provide for the payment of 12 months of the executive's base salary, plus a prorated amount of any earned bonus, to the executive or his estate. Section 280G of the Internal Revenue Code may limit the deductibility of such payments for federal income tax purposes. If these payments are not deductible and if we have income at least equal to such payments, an amount of income equal to the amount of such payments could not be offset. As a result, the income that would not be offset would be "phantom income" (i.e., income without cash) to our company. In the event of a change in control, all unvested stock options or other stock awards held by Mr. Shrader and Mr. Garnreiter shall immediately vest, and each executive may elect to either (1) receive 24 months of his base salary, plus a prorated amount of any earned bonus, as severance, or (2) accept, if offered, an equivalent position and salary with the new company.

We have also adopted a change of control policy that covers vice presidents, executive vice presidents, senior director and director level officers at our corporate headquarters in Arizona. These executives are entitled to certain benefits upon a change of control of the company, which is defined as a change of control of the board of directors or of the controlling stockholders is different than as of November 12, 2005. Under the policy, if the executive is not offered a comparable position at the same rate of pay and with the same level of responsibility following the change of control, or if the employee is terminated within six months of the change of control or the company's corporate headquarters are relocated outside Maricopa County, Arizona within six months of the change of control, then (i) a senior director and director level officers will receive three months of base pay compensation, (ii) vice presidents will receive six months of base pay compensation, and (iii) executive vice presidents will receive 12 months of base pay compensation. In addition, any options or restricted stock units or awards granted to such executives will accelerate in full. If the executive is entitled to a greater payment under our standard severance policy, then the executive will instead receive the amount under the standard severance policy plus 50% of what the executive would have received under the change of control policy. Also, executives covered by the change of control policy are entitled to continue medical and dental benefits for up to 18 months following the change of control, of which we will pay our portion of the premium for the first three months. Thereafter, the executive must pay all costs associated with continuation of medical and dental coverage, plus an administrative fee.

We were a party to a consulting agreement with Bart A. Brown, Jr., a former Chief Executive Officer of our company, with a term that ended on September 30, 2005. On October 1, 2005, Mr. Brown completed his consulting duties under this agreement. The agreement provided for payments for consulting services of \$25,000 per month through March 1, 2006, at which time our company had fulfilled its obligations to Mr. Brown.

Limitation of Liability and Indemnification Matters

Our certificate of incorporation and bylaws provide that our company will indemnify and advance expenses to the fullest extent permitted by the Delaware General Corporation Law, to each person who is or was a director, officer, or agent of our company or who serves or served any other enterprise or organization at the request of our company. Under Delaware law, to the extent that an indemnitee is successful on the merits of a suit or proceeding brought against him or her by reason of the fact that he or she is or was a director, officer, or agent of our company, or serves or served any other enterprise or organization at the request of our company, we will indemnify him or her against expenses (including attorneys' fees) actually and reasonably incurred in connection with such action. If unsuccessful in defense of a third-party civil suit or a criminal suit, or if such suit is settled, an indemnitee may be indemnified under Delaware law against both (1) expenses, including attorneys' fees, and (2) judgments, fines, and amounts paid in settlement if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company, and, with respect to any criminal action, had no reasonable cause to believe his or her conduct was unlawful. If unsuccessful in defense of a suit brought by or in the right of our company, where the suit is settled, an indemnitee may be indemnified under Delaware law only against expenses (including attorneys' fees)

actually and reasonably incurred in the defense or settlement of the suit if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company, except that if the indemnitee is adjudged to be liable for negligence or misconduct in the performance of his or her duty to our company, he or she cannot be made whole even for expenses unless a court determines that he or she is fully and reasonably entitled to indemnification for such expenses. Also under Delaware law, expenses incurred by an officer or director in defending a civil or criminal action, suit, or proceeding may be paid by our company in advance of the final disposition of the suit, action, or proceeding upon receipt of an undertaking by or on behalf of the officer or director to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by our company. We also may advance expenses incurred by other employees and agents of our company upon such terms and conditions, if any, that our board of directors deems appropriate. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 26, 2005, our Compensation Committee consisted of Wanda Williams, John F. Antioco, Michael S. Rawlings, and Sergio S. Zyman. None of these individuals had any contractual or other relationships with us during the fiscal year except as directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Philosophy

Decisions on compensation of our executives are made by our Compensation Committee, which consists of independent members of our board of directors appointed by our board of directors. The board of directors and the Compensation Committee make every effort to ensure that the compensation plan is consistent with our values and is aligned with our business strategy and goals.

Our compensation program for executive officers consists primarily of base salary, bonus, and long-term incentives in the form of stock options or restricted stock unit grants. Executives also participate in various other benefit plans, including medical, retirement, and 401(k) plans, which generally are available to all employees of our company.

Our philosophy is to pay base salaries to executives at levels that enable us to attract, motivate, and retain highly qualified executives. The bonus program is designed to reward individuals for performance based primarily on our company's financial results as well as the achievement of personal and corporate objectives that will contribute to the long-term success of our company in building stockholder value. Stock options are intended to result in minimal or no rewards if our stock price does not appreciate, but may provide substantial rewards to executives as all of our company's stockholders benefit from stock price appreciation.

We follow a subjective and flexible approach rather than an objective or formulaic approach to compensation. Various factors receive consideration without any particular weighting or emphasis on any one factor. In establishing compensation for the year ended December 26, 2005, the committee took into account, among other things, our financial results, compensation paid in prior years, and compensation of executive officers employed by companies of similar size in the restaurant industry.

Base Salary and Annual Incentives

Base salaries for executive positions are established relative to our financial performance and comparable positions in similarly sized companies. The committee from time to time may use competitive surveys and outside consultants to help determine the relevant competitive pay levels. We target base pay at the level required to attract and retain highly qualified executives. In determining salaries, the committee also takes into account individual experience and performance, salary levels relative to other positions with our company, and specific needs particular to our company.

Table of Contents

Annual incentive awards are based on our financial performance and the efforts of our executives. Performance is measured based on cash flow, profitability, revenue, and the successful achievement of functional and personal goals. We awarded bonuses to our executive staff, administrative staff, and operations management staff for their performance during the fiscal year ended December 26, 2005.

Stock Option Grants and Restricted Stock Grants

We believe in tying executive rewards directly to the long-term success of our company and increases in stockholder value through grants of executive stock options or restricted stock unit grants. These grants also will enable executives to develop and maintain a significant stock ownership position in our company. The amount of options granted takes into account options previously granted to an individual. During 2005 we granted options and restricted stock units to our executive officers. See "Executive Compensation - Summary Compensation Table."

Other Benefits

Executive officers are eligible to participate in benefit programs designed for all full-time employees of our company. These programs include medical insurance, a qualified retirement program allowed under Section 401(k) of the Internal Revenue Code, the Executive Non-qualified "Excess" Plan, and life insurance coverage equal to base salary up to a maximum of \$50,000.

Chief Executive Officer Compensation

William G. Shrader has served as our Chief Executive Officer since April 1, 2004. The board of directors determined Mr. Shrader's salary based on a number of factors, including primarily our company's performance, Mr. Shrader's individual performance, and salaries paid by comparable companies. Mr. Shrader received a bonus in fiscal 2005 in the amount of approximately \$161,681. This bonus was awarded to Mr. Shrader pursuant to a provision in his employment agreement that provides for a level of bonus to be awarded based upon our company's financial performance. See "Executive Compensation - Summary Compensation Table."

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code currently limits the deductibility for federal income tax purposes of compensation paid to our Chief Executive Officer and to each of our other four most highly compensated executive officers. We may deduct certain types of compensation paid to any of these individuals only to the extent that such compensation during any fiscal year does not exceed \$1.0 million. We do not believe that our compensation arrangements with any of our executive officers will exceed the limits on deductibility during our current fiscal year.

This report has been furnished by the members of the Compensation Committee of our board of directors.
