***Employee and Director Stock Option Plans***

In August 1999, the Company adopted the 1999 Stock Option Plan (“the Plan”). The options granted under the Plan may be either incentive stock options, or non-qualified options. The Plan is administered by the Board of Directors or by a compensation committee of the Board of Directors. accordance with the new provisions of SFAS No. 123R). Results for periods prior to October 1, 2006, have not been restated. The compensation cost recognized for the three and six months ended March 31, 2007 were \$65,356 and \$130,712, respectively, as a result of implementing SFAS No. 123R. There were 222,500 stock option exercises for the six months ended March 31, 2007, resulting in no tax benefit due to the Company's full valuation allowance for deferred tax assets. The following table presents net income and per share data if the computed fair values of all the Company's stock-based compensation were amortized to expense over the vesting period of the awards as specified under SFAS 123R:

	FOR THE THREE MONTHS ENDED MARCH 31, 2006	FOR THE SIX MONTHS ENDED MARCH 31, 2006

Earnings per share:

The Company used the Black-Scholes Option Pricing Model to determine the fair value of option grants made during the first and second quarters of 2007 and 2006. The Company estimated the average holding period of vested options to be three years from the vesting period. There were no stock option grants for the three and six month periods ended March 31, 2007 and 2006.

**9. EARNINGS PER SHARE (EPS)**

The Company computes earnings per share in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 128, *Earnings Per Share*. SFAS No. 128 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants and options (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”). Diluted EPS considers the potential dilution that could occur if the Company’s outstanding common stock warrants and convertible debentures were converted into common stock that then shared in the Company’s earnings (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Net earnings applicable to common stock and the weighted – average number of shares used for basic and diluted earnings per share computations are summarized in the table that follows:

On October 11, 2006, the Company sold its properties in Wise County for \$165,000, which was the value of the properties included in the Company's balance sheet at September 30, 2006 after recording an impairment charge of \$68,134 in September 2006.

On November 10, 2006, the Company purchased a 51% ownership interest of Playmates Gentlemen's Club LLC, an operator of an adult nightclub in Austin, Texas. As part of the agreement, twelve months after the closing date, the seller has the right, but not the obligation, to have the Company buy the shares at a price of \$8.00 per share at a rate of no more than 5,000 shares per month until such time as the seller receives a total of \$1,000,000 from the sale of such shares. Alternatively, the seller has the option to sell such shares in the open market. The transaction was the result of arms-length negotiations between the parties. As a result, \$1,000,000 was added to temporary equity in the accompanying balance sheet.

The following information summarizes the initial allocation of fair values assigned to the assets and liabilities at the acquisition date based on a preliminary valuation. **11. LITIGATION****SEXUALLY ORIENTED BUSINESS ORDINANCE OF HOUSTON, TEXAS**

In January 1997, the City Council of the City of Houston passed a comprehensive new Ordinance regulating the location of and the conduct within Sexually Oriented Businesses (the "Ordinance"). The Ordinance established new minimum distances that Sexually Oriented Businesses may be located from schools, churches, playgrounds and other sexually oriented businesses. There were no provisions in the Ordinance exempting previously permitted sexually oriented businesses from the effect of the new Ordinance.

The Ordinance provided that a business which was denied a renewal of its operating permit due to changes in distance requirements under the Ordinance would be entitled to continue in operation for a period of time (the "Amortization Period") if the owner were unable to recoup, by the effective date of the Ordinance, its investment in the business that was incurred through the date of the passage and approval of the Ordinance. Our nightclub in our south Houston location has a valid temporary permit/license. The permits for our north Houston location and our Bering Drive location have expired.

**11. LITIGATION - continued**

In May 1997, the City of Houston agreed to defer implementation of the Ordinance until the constitutionality of the entire Ordinance was decided by court trial. In February 1998, the U.S. District Court for the Southern District of Texas, Houston Division, struck down certain provisions of the Ordinance, including the provision mandating a 1,500 foot distance between a club and schools, churches and other sexually oriented businesses, leaving intact the provision of the 750 foot distance as it existed prior to the Ordinance. The City of Houston appealed the District Court's rulings with the Fifth Circuit Court of Appeals.

In November 2003, a three judge panel from the Fifth Circuit Court of Appeals published their Opinion which affirmed the Trial Court's ruling regarding lighting levels, customer and dancer separation distances and licensing of dancers and staff. The Court of Appeals, however, did not follow the Trial Court's ruling regarding the distance from which a club may be located from a church or school. The Court of Appeals held that a distance measurement of 1,500 feet would be upheld upon a showing by the City of Houston that its claims that there were alternative sites available for relocating clubs could be substantiated. The case was remanded for trial on the issues of the alternative sites.

The trial commenced on December 4, 2006 and concluded on December 12, 2006. The Trial Court rendered its judgment in favor of the City of Houston on January 31, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing businesses in 1997. The Trial Court found the 1997 ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals has been timely filed. Additionally, we have filed on behalf of three of our club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. This process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. The new lawsuits seeking review of the determination made by the amortization hearing officials in 1998 stops any enforcement action by the City of Houston for at least 60 days and it is anticipated that further injunctive relief will be sought in the state court cases should it become necessary. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, we, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. In such event, we presently intend to clothe our entertainers in a manner to eliminate the need for licenses and to take such steps as to not be subject to SOB ordinance compliance. Approximately 24.5% of our club operation's revenues for the six months ended March 31, 2007 were in Houston, Texas. The ruling could have a material adverse impact on our operations, but it is unknown at this time.

**12. SUBSEQUENT EVENTS**

The Promissory Note is secured by a Deed of Trust and Security Agreement. Further, RCI entered into an Assignment and Assumption of Lease Agreement with Sellers to assume the lease agreement for the Real Property. The Company incurred approximately \$100,000 in transaction costs. The Company intends to change the name of the Business to Rick's Cabaret. The terms and conditions of the transaction were the result of extensive arm's length negotiations between the parties. The purchase was financed by the issuance of 675,000 shares of the Company's common stock for \$5,345,500 in April 2007.

The following information summarizes the initial allocation of fair values assigned to the assets and liabilities at the acquisition date based on a preliminary valuation. Subsequent adjustments may be recorded upon the completion of the valuation and the final determination of the purchase price allocation.

Current assets	\$	36,000
Property and equipment		3,012,000
Non-compete agreement		100,000
SOB licenses		4,352,000
Net assets acquired	\$	7,500,000

On May 4, 2007, the Company issued 26,437 shares of common stock to a convertible debenture holder in lieu of a quarterly principal and interest payment of \$125,576.

On May 10, 2007, the Company entered into a Licensing Agreement with Rick's Buenos Aires Sociedad Anonima ("Licensee"), a corporation organized under the laws of Argentina. The Company agreed to grant Licensee a license for use and exploitation of the Company's logos, trademarks and service marks for the operation of an adult entertainment facility in the city of Buenos Aires, Argentina, and Latin America. Pursuant to the agreement, Licensee agreed to pay the Company a royalty fee equal to 10% of gross revenues of Licensee's business, net of any value added tax.

**GENERAL**

We presently conduct our business in two different areas of operation:

1. We own and operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment, restaurant and bar operations. We own and operate ten adult nightclubs under the name "Rick's Cabaret" and "XTC" in Houston, Austin, San Antonio, and Fort Worth, Texas; Minneapolis, Minnesota; and New York, New York. We also operate four upscale venues that cater especially to urban professionals, businessmen and professional athletes called "Club Onyx" in Houston, San Antonio, Texas and Charlotte, North Carolina. No sexual contact is permitted at any of our locations.

On November 10, 2006, we purchased a 51% ownership interest of Playmate's Gentlemen's Club LLC, an operator of an adult nightclub in Austin, Texas. The club is located at 8110 Springdale Street, Austin, Texas. The purchase price of \$1,533,750 was paid \$500,000 cash at closing and 125,000 shares of our restricted common stock. The club has been converted to a "Rick's Austin".

Subsequent to the end of the quarter, on April 23, 2007, we completed a transaction with BLP Holdings, LLC, a Texas limited liability company and Brian Paul for the purchase of 100% of the outstanding common stock of W.K.C., Inc., which owns and operate an adult entertainment cabaret known as New Orleans Nights ("New Orleans Nights") located in Fort Worth, Texas. The purchase price of \$4,900,000 was paid in cash. We intend to change the name of the business to Rick's Cabaret.

2. We have the following Internet activities:

a) We currently own two adult Internet membership Web sites at [www.couplestouch.com](http://www.couplestouch.com) and [www.xxxpassword.com](http://www.xxxpassword.com). We acquire [www.xxxpassword.com](http://www.xxxpassword.com) site content from wholesalers.

b) We operate an online auction site [www.naughtybids.com](http://www.naughtybids.com). This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

**Table of Contents**

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking, and other products and services. Our internet revenues are derived from subscriptions to adult content internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Our fiscal year end is September 30.

**RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2007 AS COMPARED TO THE THREE MONTHS ENDED MARCH 31, 2006**

For the three months ended March 31, 2007, we had consolidated total revenues of \$7,569,589 compared to consolidated total revenues of \$6,119,516 for the three months ended March 31, 2006, an increase of \$1,450,073 or 23.70%. The increase in total revenues was primarily attributable to the increase in revenues generated by our new clubs in San Antonio and Austin, Texas in the amount of \$942,711; by the increase in revenues generated by our other locations in the amount of \$533,611, a 9.02% increase; offset by the decrease in internet operations in the amount of \$26,249 a 12.88% decrease, from a year ago. Total revenues for same-location-same-period of club operations increased to \$6,335,820 for the three months ended March 31, 2007 from \$5,740,560 for same period ended March 31, 2006, a 10.37% increase. The increase was primarily attributable to the overall increase in revenues in our club operations.

The cost of goods sold for the three months ended March 31, 2007 was 12.71% of total revenues compared to 12.18% for the three months ended March 31, 2006. The increases were due primarily to the addition of Rick's clubs which have higher cost of goods and by increases in costs of maintaining our internet operations. The cost of goods sold for the club operations for the three months ended March 31, 2007 was 12.79% compared to 12.45% for the three months ended March 31, 2006. The cost of goods sold from our internet operations for the three months ended March 31, 2007 was 9.54% compared to 4.40% for the three months ended March 31, 2006. Payroll and related costs for the three months ended March 31, 2007 were \$2,156,054 compared to \$1,678,813 for the three months ended March 31, 2006. The increase was primarily due to addition of the new clubs. Payroll for same-location-same-period of club operations increased to \$1,394,599 for the three months ended March 31, 2007 from \$1,235,185 for the same period ended March 31, 2006. Management currently believes that its labor and management staff levels are appropriate.

Other general and administrative expenses for the three months ended March 31, 2007 were \$3,658,547 compared to \$2,731,928 for the three months ended March 31, 2006. The increase was significantly the result of the addition of new locations in San Antonio and Austin, Texas, which resulted in increases in taxes and permits, charge card fees, rent, advertising and marketing, legal and professional, indirect operating expenses, insurance, and utilities. These increased expenses were also a result of increased revenues from our operations.

Interest expense for the three months ended March 31, 2007 was \$328,454 compared to \$271,469 for the three months ended March 31, 2006. The increase was attributable to our obtaining new debt to finance the purchase and renovation of the new clubs. As of March 31, 2007, the balance of long-term debt was \$12,963,232 compared to \$12,599,743 a year earlier.

Net income for the three months ended March 31, 2007 was \$492,344 compared to \$706,070 for the three months ended March 31, 2006. The decrease in net income was primarily due to costs associated with opening new clubs. Net income for same-location-same-period of club operations increased to \$1,599,288 for the three months ended March 31, 2007 from \$1,307,495 for same period ended March 31, 2006, or by 22.32%.

**LIQUIDITY AND CAPITAL RESOURCES**

At March 31, 2007, we had working capital of \$2,424,227 compared to a deficit of \$2,264,101 at September 30, 2006. The increase in working capital was primarily due to increases in cash and cash equivalents and prepaid expenses and other current assets, offset by increases in accounts payable and current portion of long term debt as a result of increased cash flow from operations, stock option exercises, long-term debt borrowings and common stock issuances. The value of available-for-sale marketable securities decreased by \$2,225.

Net cash provided by operating activities in the six months ended March 31, 2007 was \$1,303,374 compared to \$1,021,885 for the six months ended March 31, 2006. The increase in cash provided by operating activities was primarily due to income from operations excluding depreciation.

We used \$911,904 of cash in investing activities during the six months ended March 31, 2007 compared to \$268,275 during the six months ended March 31, 2006. Cash of \$5,264,281 was provided by financing activities during the six months ended March 31, 2007 compared to \$239,246 cash provided during the six months ended March 31, 2006. The increase in cash provided by financing activities is primarily the result of common stock issuances to raise capital for acquiring W.K.C., Inc.

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

On November 9, 2006, we entered into convertible debentures with three shareholders for a principal sum of \$600,000. The term is for two years and the interest rate is 12% per annum. At the election of the holders, the holders have the right at any time to convert all or any portion of the principal or interest amount of the debentures into shares of our common stock at a rate of \$7.50 per share, which was higher than the closing price of our stock on November 9, 2006. The debentures provide, absent shareholder approval, that the number of shares of our common stock that may be issued by us or acquired by the holders upon conversion of the debentures shall not exceed 19.99% of the total number of issued and outstanding shares of our common stock. The proceeds of the debentures were used for the acquisition of a 51% ownership interest of Playmates Gentlemen's Club LLC.

Subsequent to the end of the quarter, in April 2007, the Company issued 675,000 shares of the Company's common stock for \$5,345,000. The capital received from this financing, which was received prior to March 31, 2007, was used for the acquisition of W.K.C., Inc., which owned and operated a club in Fort Worth, Texas.

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

On September 16, 2003, the Company was authorized by its board of directors to repurchase up to an additional \$500,000 worth of our common stock. No shares have been purchased under this plan.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

## **Table of Contents**

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

## **IMPACT OF INFLATION**

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

## **SEASONALITY**

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

## **GROWTH STRATEGY**

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after careful market research, (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisition of the New York club and clubs in Charlotte, South Houston, San Antonio and Austin, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, and/or (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises.

During this fiscal year, we purchased a nightclub operation for \$1,533,750. The acquisition was funded by the issuance of 125,000 shares of our restricted common stock and \$500,000 in cash. Since the date of acquisition through March 31, 2007, the nightclub had total revenues of approximately \$498,000 and a net loss of approximately \$351,000.

During fiscal 2006, we acquired three existing nightclub operations for a total cost of \$3,865,000. These acquisitions were funded primarily through indebtedness, \$3,195,000, and cash, \$670,000. For the six months ended March 31, 2007, these nightclub operations had total revenues of approximately \$1,395,000 and a net loss of approximately \$493,000.

During fiscal 2005, we acquired two existing nightclub operations for a total cost of \$8,775,000. These acquisitions were funded primarily through indebtedness, \$8,862,000, and issuance of our restricted common stock, \$675,000. Part of the indebtedness was used for renovation of the nightclubs. During fiscal 2006, \$1,925,000 of the indebtedness was converted into 350,000 shares of our restricted common stock. For the six months ended March 31, 2007, these nightclub operations had total revenues of approximately \$4,997,000, compared to approximately \$3,383,000 for the six months ended March 31, 2006, and net income of approximately \$1,395,000 for the six months ended March 31, 2007 compared to a net income of approximately \$61,879 for the six months ended March 31, 2006.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past.

We also expect to continue to grow our Internet profit centers. We plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

The acquisition of additional clubs and/or internet operations will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

**Subsequent Events**

On April 23, 2007, we completed a transaction with BLP Holdings, LLC, a Texas limited liability company and Brian Paul for the purchase of 100% of the outstanding common stock of W.K.C., Inc. (the “Business”), which owns and operates an adult entertainment cabaret known as New Orleans Nights (“New Orleans Nights”) located in Fort Worth, Texas. Pursuant to the Stock Purchase Agreement, we acquired the Business for a total cash purchase price of \$4,900,000. As part of the transaction, Brian Paul entered a five-year covenant not to compete with us or the Business.

In addition, RCI Holdings, Inc., our wholly owned subsidiary (“RCI”), entered into an Assignment of that certain Real Estate Sales Contract between Thomas Felsenthal and Conrad Schuberth (the “Sellers”) and W.K.C., Inc. for the purchase of the real property located at 7101 Calmont, Fort Worth, Texas 76116 (the “Real Property”) where New Orleans Nights is located for a total purchase price of \$2,500,000 which consisted of \$100,000 in cash and \$2,400,000 payable in a six year Promissory Note to the Sellers which will accrue interest at the rate of 7.25% for the first two years, 8.25% for years three and four and 9.25% thereafter (the “Promissory Note”). The Promissory Note is secured by a Deed of Trust and Security Agreement. Further, RCI entered into an Assignment and Assumption of Lease Agreement with Sellers to assume the lease agreement for the Real Property. We incurred approximately \$100,000 in transaction costs. We intend to change the name of the Business to Rick’s Cabaret. The terms and conditions of the transaction were the result of extensive arm’s length negotiations between the parties. The purchase was financed by the issuance of 675,000 shares of our restricted common stock for \$5,345,500 in April 2007.

The following information summarizes the initial allocation of fair values assigned to the assets and liabilities at the acquisition date based on a preliminary valuation. Subsequent adjustments may be recorded upon the completion of the valuation and the final determination of the purchase price allocation.

Current assets	\$	36,000

On May 4, 2007, we issued 26,437 shares of common stock to a convertible debenture holder in lieu of a principal and interest payment of \$125,576.

On May 10, 2007, we entered into a Licensing Agreement with Rick's Buenos Aires Sociedad Anonima ("Licensee"), a corporation organized under the laws of Argentina. We agreed to grant Licensee a license for use and exploitation of the our logos, trademarks and service marks for the operation of adult entertainment facilities in the city of Buenos Aires, Argentina, and Latin America. Pursuant to the agreement, Licensee agreed to pay us a royalty fee equal to 10% of gross revenues of Licensee's business, net of any value added tax.

**Controls and Procedures.**

Eric S. Langan, our Chief Executive Officer and Chief Financial Officer, has concluded that our disclosure controls and procedures are appropriate and effective. He has evaluated these controls and procedures as of March 31, 2007. There has been no change in our internal control over financial reporting during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect our internal control over financial reporting.

**OTHER INFORMATION**

Item 1.

**Legal Proceedings**

**SEXUALLY ORIENTED BUSINESS ORDINANCE OF HOUSTON, TEXAS**

In January 1997, the City Council of the City of Houston passed a comprehensive new Ordinance regulating the location of and the conduct within Sexually Oriented Businesses (the "Ordinance"). The Ordinance established new minimum distances that Sexually Oriented Businesses may be located from schools, churches, playgrounds and other sexually oriented businesses. There were no provisions in the Ordinance exempting previously permitted sexually oriented businesses from the effect of the new Ordinance.

The Ordinance provided that a business which was denied a renewal of its operating permit due to changes in distance requirements under the Ordinance would be entitled to continue in operation for a period of time (the "Amortization Period") if the owner were unable to recoup, by the effective date of the Ordinance, its investment in the business that was incurred through the date of the passage and approval of the Ordinance. Our nightclub in our south Houston location has a valid temporary permit/license. The permits for our north Houston location and our Bering Drive location have expired.

In May 1997, the City of Houston agreed to defer implementation of the Ordinance until the constitutionality of the entire Ordinance was decided by court trial. In February 1998, the U.S. District Court for the Southern District of Texas, Houston Division, struck down certain provisions of the Ordinance, including the provision mandating a 1,500 foot distance between a club and schools, churches and other sexually oriented businesses, leaving intact the provision of the 750 foot distance as it existed prior to the Ordinance. The City of Houston appealed the District Court's rulings with the Fifth Circuit Court of Appeals.

In November 2003, a three judge panel from the Fifth Circuit Court of Appeals published their Opinion which affirmed the Trial Court's ruling regarding lighting levels, customer and dancer separation distances and licensing of dancers and staff. The Court of Appeals, however, did not follow the Trial Court's ruling regarding the distance from which a club may be located from a church or school. The Court of Appeals held that a distance measurement of 1,500 feet would be upheld upon a showing by the City of Houston that its claims that there were alternative sites available for relocating clubs could be substantiated. The case was remanded for trial on the issues of the alternative sites.

**Table of Contents**

The trial commenced on December 4, 2006 and concluded on December 12, 2006. The Trial Court rendered its judgment in favor of the City of Houston on January 31, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing businesses in 1997. The Trial Court found the 1997 ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals has been timely filed. Additionally, we have filed on behalf of three of our club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. This process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. The new lawsuits seeking review of the determination made by the amortization hearing officials in 1998 stops any enforcement action by the City of Houston for at least 60 days and it is anticipated that further injunctive relief will be sought in the state court cases should it become necessary. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, we, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. In such event, we presently intend to clothe our entertainers in a manner to eliminate the need for licenses and to take such steps as to not be subject to SOB ordinance compliance. Approximately, 24.5% of our club operation's revenues for the six months ended March 31, 2007 were in Houston Texas. The ruling could have a material adverse impact on our operations, but it is unknown at this time.

Item 2.

**Unregistered Sales of Equity Securities and Use of Proceeds**

During our quarter ended March 31, 2007, in addition to the transaction previously disclosed on Form 8-K we completed the following transactions in reliance upon exemptions from registration under the Securities Act of 1933, as amended (the "Act") as provided in Section 4(2) thereof. All certificates issued in connection with these transactions were endorsed with a restrictive legend confirming that the securities could not be resold without registration under the Act or an applicable exemption from the registration requirements of the Act. None of the transactions involved a public offering, underwriting discounts or sales commissions. We believe that each person was a "qualified" investor within the meaning of the Act and had knowledge and experience in financial and business matters, which allowed them to evaluate the merits and risks of our securities. Each person was knowledgeable about our operations and financial condition.

In March 2007, we issued 5,268 shares of common stock for \$25,024 interest owed to a convertible debenture holder.
