  - FOR the ratification of the appointment of PwC.

The proxies will use their discretion with respect to voting on any other matters presented for a vote. Additionally, if your proxy is executed and returned, it will be voted to approve the minutes of the last Annual Meeting. This vote will not amount to a ratification of the action taken at that meeting nor will it indicate approval or disapproval of that action.

If your shares are registered in your name as the shareholder of record, you may vote by mail, telephone or the Internet by following the instructions below. Voting instructions appear on your proxy card. If you grant a proxy by telephone or by Internet, please have your proxy card available.

The telephone and Internet procedures are designed to authenticate the shareholder's identity and to allow shareholders to vote their shares and confirm that their voting instructions have been properly recorded. Shareholders who vote by telephone or Internet do not need to return the proxy card. Proxies submitted by telephone or Internet must be recorded by 1:00 a.m., Central time on May 3, 2012.

If you hold your shares in "street name" in a stock brokerage account or through a bank, trust or other nominee, the broker or other nominee is considered the record holder and you are the beneficial owner of the shares. Beneficial owners vote their street name shares by instructing their broker or other nominee how to vote using the voting instruction form provided by the broker or nominee. Brokers have authority to vote in their discretion on "routine" matters if they do not receive voting instructions from the beneficial owner of the shares.

Please note that the election of directors is not considered a routine matter. Consequently, if you do not give your broker or nominee specific voting instructions with respect to this proposal, your street name shares will be treated as broker non-votes (see "Quorum, Voting Rights and Procedures" below).

If you hold your shares in street name and want to vote in person at the Annual Meeting, you must obtain from your broker or nominee a legal proxy issued in your name giving you the right to vote the shares directly at the meeting. You will not be entitled to vote at the meeting unless you present such a proxy to the Company at that time.

### REVOCABILITY OF PROXY

Your proxy may be revoked prior to the Annual Meeting by notice in writing to the Corporate Secretary at the Company's principal office, located at 1201 South Beckham Avenue, Tyler, Texas 75701, at any time, or by advising the Corporate Secretary at the Annual Meeting that you wish to revoke your proxy and vote your shares in person. Your attendance at the Annual Meeting will not constitute automatic revocation of the proxy.

### PERSONS MAKING THE SOLICITATION

The Company's Board is soliciting the proxy. The expense of soliciting your proxy will be borne entirely by the Company and no other person or persons will bear such costs either directly or indirectly. Proxies will be solicited principally by mail, but may also be solicited by personal interview, telephone and email by directors, officers and employees of the Company who will receive no additional compensation. The Alliance Advisors, L.L.C. has been retained by the Company to assist in the solicitation of proxies for a fee of \$6,500, plus expenses.

### RECORD DATE AND OUTSTANDING SHARES

The Company's Board has fixed the close of business on March 19, 2012, as the record date for determining the holders of common stock of the Company entitled to notice of and to vote at the Annual Meeting. At the close of business on March 15, 2012, there were approximately 16,507,759 shares of common stock outstanding and eligible

to be voted on each matter.

#### QUORUM, VOTING RIGHTS AND PROCEDURES

The approval of all proposals brought before the Annual Meeting requires that a quorum be present at the Annual Meeting. The presence, in person or by properly submitted proxy, of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. In the event that a quorum is not represented in person or by proxy at the Annual Meeting, a majority of shares represented at that time may adjourn the Annual Meeting to allow the solicitation of additional proxies or other measures to obtain a quorum.

Each shareholder is entitled to one vote on each proposal per share of common stock held as of the record date.

Table of Contents

Proposal 1, the election of four directors to serve until the 2015 Annual Meeting requires approval by a “plurality” of the votes cast by the shares of common stock entitled to vote in the election. This means that the four nominees for director who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast.

Proposals 2 and 3, the ratification of PwC as the Company’s independent registered public accounting firm or any other matter that may properly come before the Annual Meeting, require approval by a majority of the shares of common stock entitled to vote and represented at the meeting in person or by proxy.

EFFECT OF WITHHOLD VOTES, ABSTENTIONS AND BROKER NON-VOTES

Shares represented at the Annual Meeting that are withheld or abstained from voting and broker non-votes will be considered present for the purpose of determining a quorum at the Annual Meeting.

For Proposal 1, shares represented by proxies that are marked “withhold” for the election of one or more director nominees will not be counted in determining the number of votes cast for those persons.

For Proposals 2 and 3, express abstentions will be included in vote totals and, as such, will have the same effect on proposals as a vote against such proposals.

For all Proposals, broker non-votes (i.e., the submission of a proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter), if any, will not be included in vote totals and, as such, will have no effect on any proposal.

ELECTION OF DIRECTORS  
(PROPOSAL 1)

One class of directors is elected each year for a three-year term. At the Annual Meeting four directors are to be elected for a term of three years. All of the nominees were previously elected to the Board by shareholders. For biographical information on the nominees, please see “Information About Our Directors, Nominees and Executive Officers.”

Unless otherwise instructed, proxies received in response to this solicitation will be voted in favor of the election of the persons nominated by the Nominating Committee for directors of the Company. While it is not expected that any of the nominees will be unable to qualify or accept office, if for any reason one or more shall be unable to do so, the proxies will be voted for the substitute nominee(s) selected by the Board of the Company.

The Board of Directors recommends a vote FOR the election of each of the individuals nominated for election as a director.

CORPORATE GOVERNANCE

Board Leadership Structure

As is common practice among public companies in the United States, the Board appointed the Company's CEO to serve as Chairman of the Board until he retired as CEO on January 5, 2012. In his position as CEO until January 5, 2012, Mr. Hartley had primary responsibility for the day-to-day operations of the Company and provided consistent leadership regarding the Company's key strategic objectives. In his role as Chairman of the Board, he set the strategic priorities for the Board, presided over its meetings and communicated its strategic findings and guidance to management. The Board believes the combination of these two roles provided consistent communication and coordination throughout the organization, which resulted in an effective and efficient implementation of corporate strategy and was important in unifying the Company's strategy behind a single vision. Effective January 5, 2012, the positions of Chairman of the Board and CEO have been separated. The individuals holding these positions have worked together for over 35 years. As a result, the Board believes there will continue to be consistent communication and coordination throughout the organization and this will continue to result in an effective and efficient implementation of corporate strategy.

Board of Directors Meeting Attendance

Nominating Committee of Southside Bancshares, Inc.

The Nominating Committee is responsible for identifying, screening and nominating candidates for election to the Board. The Committee is comprised of Messrs. Buie (Chairman), Cade, Norton, Powell and Sheehy, each of whom is an independent director of the Company, as defined by the current NASDAQ listing rules, and a director of Southside Bank. The Nominating Committee met one time in 2011.

The Nominating Committee seeks to create a Board that is, as a whole, strong in its collective knowledge and diversity of skills and experience and background with respect to accounting and finance, management and leadership, business judgment, industry knowledge and corporate governance. When the Nominating Committee reviews a potential new candidate, it looks specifically at the candidate's qualifications in light of the needs of the Board and the Company at that time, given the then-current mix of director attributes.

The Company's Board of Directors has established the following process for the identification and selection of candidates for director. The Nominating Committee, in consultation with the Chairman of the Board, annually reviews the appropriate experience, skills and characteristics required of Board members in the context of the current membership of the Board to determine whether the Board would better be enhanced by the addition of one or more directors. This review includes, among other relevant factors in the context of the perceived needs of the Board at that time, issues of experience, reputation, judgment, diversity and skills. The Nominating Committee, when considering diversity, gives strong consideration to a wide range of diversity factors as a matter of practice when evaluating candidates to the Board and incumbent directors, but the Committee does not have a formal policy regarding Board diversity.

The Nominating Committee identifies candidates to the Board by introduction from management, members of the Board, employees or other sources, and shareholders that satisfy the Company's policy regarding shareholder recommended candidates. The Nominating Committee does not evaluate director candidates recommended by shareholders differently than director candidates recommended by other sources. Shareholders wishing to submit recommendations for the 2013 Annual Meeting should write to the Nominating Committee in care of the Assistant Corporate Secretary, Southside Bancshares, Inc., Post Office Box 8444, Tyler, Texas 75711. Any such shareholder must follow the procedures set forth in the Company's bylaws and the Nominating Committee charter. For a nomination to be included in the Company's proxy statement, the shareholder must meet and evidence the minimum

eligibility requirements specified in Exchange Act Rule 14a-8 and must submit, within the same timeframe for submitting a shareholder proposal required by Rule 14a-8: (1) name, mailing address, telephone number, email address, resume, business history, listing of other past and present directorships and director committees, banking industry experience and other relevant information; (2) explain in the submission why the shareholder believes the candidate would be an appropriate director for the Company and the benefits and attributes that the candidate will provide to the Company in serving as a director; (3) provide evidence of ownership of the Company's securities along with the recommendation; and (4) indicate whether the Company may identify the shareholder in any public disclosures that it makes regarding the consideration of the director candidate. Recommendations must be filed with the Assistant Corporate Secretary on or before December 6, 2012 in order to be included in the proxy statement for the 2013 Annual Meeting. See "Shareholder Proposals."

## Table of Contents

In considering board of director candidates, the Nominating Committee takes into consideration all factors that it deems appropriate, including, but not limited to, the individual's character, education, experience, knowledge, skills and ownership of the Company's stock. The Nominating Committee will also consider the extent of the individual's experience in business, education or public service, his or her ability to bring a desired range of skills, diverse perspectives and experience to the Board and whether the individual possesses high ethical standards, a strong sense of professionalism and is capable of serving the interests of shareholders. A candidate should possess a working knowledge of the Company's current local market areas. Additionally, the Nominating Committee will consider the number of boards the candidate currently serves on when assessing whether the candidate has the appropriate amount of time to devote to serving on the Company's Board. The Nominating Committee is not obligated to nominate any individual for election. No shareholder recommendations or nominations have been received by the Company for this Annual Meeting. Accordingly, no rejections or refusals of such candidates have been made by the Company.

In addition, the Nominating Committee is responsible for identifying, screening, and nominating candidates for election to the Compensation Committee and Audit Committee and designating individuals, if any, as an "audit committee financial expert." These nominations are then submitted to the Board for final approval.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

In the paragraphs that follow, we will give an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading “Executive Compensation” you will find a series of tables containing specific information about the compensation earned or paid in 2011 to the Company’s CEO, CFO and the next three most highly compensated executive officers for fiscal year 2011, who are referred to as the “named executive officers” or “NEOs.”

The Compensation Committee of the Board (“the Committee”) has responsibility for reviewing and establishing the Company’s compensation programs, consistent with the Company’s compensation philosophy. The Committee attempts to ensure that the total compensation paid to the NEOs is fair, reasonable, and competitive. The Committee conducts an annual base salary and bonus compensation level review of the NEOs and engages outside consultants as discussed below. When determining compensation, the Company typically does not establish specific performance goals for the NEOs, but instead evaluates and reviews each NEO’s contribution to the overall performance of the Company, taking into account any changes in duties or responsibilities, the overall banking environment, skills and talents demonstrated during the year and leadership skills.

During 2011, the Committee reviewed with management the design and operation of the incentive compensation arrangements for the NEOs and other employees of Southside Bank for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. The Committee concluded the incentive plans and policies do not encourage the NEOs or other employees to take risks that are reasonably likely to have a material adverse effect on the long-term well-being of the Company.

The Committee also reviews and develops recommendations for director compensation, including committee service fees.

## Table of Contents

### Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to reward long-term and strategic performance, and which aligns executives' interests with those of the shareholders with the ultimate objective of improving long-term shareholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior officers in key positions and that compensation provided to key officers remains competitive relative to the compensation paid to similarly situated executives of our peer companies (as discussed below). To that end, the Committee believes executive compensation provided by the Company to its NEOs should include both cash and other benefits that reward both Company and executive performance. Performance is evaluated in a number of ways. First and most importantly, the committee evaluates the overall performance of the Company during the year and over a longer term, typically three years. Performance metrics evaluated include profitability, return on equity, ability to pay dividends to shareholders, overall asset quality, capital levels and earnings per share. The Company's performance is measured against its peers utilizing outside independently produced peer group data. The committee also takes into consideration the results of outside examinations and audits. The committee evaluates individual performance of each NEO in their areas of responsibility and to the Company as a whole, taking into consideration the overall banking environment. Using this information as a guide the committee then works through its process of evaluating and setting compensation.

### Role of Executive Officers in Compensation Decisions

The Committee makes recommendations to the Board regarding all compensation decisions for the NEOs. The CEO provides input regarding the performance of the other NEOs and makes recommendations for compensation amounts payable to the other NEOs. These recommendations are based on the CEO's personal observation of each NEOs performance, commitment and contribution to the Company. The CEO is not involved with any aspect of determining his own pay.

### Setting Executive Compensation

Based on the compensation objectives noted above, the Committee has structured the NEOs' annual compensation to be competitive and to motivate and reward the NEOs for their performance.

In furtherance of this, the Committee occasionally engages an outside consulting firm to conduct a peer review of its overall compensation program for the NEOs. A peer review was conducted in 2010. During Committee discussions regarding setting NEO compensation for 2011, the Committee engaged Pearl Meyer & Partners ("PM&P") to prepare an Executive Compensation Review specifically for the Committee. This Executive Compensation Review was based on a custom peer group selected by PM&P based on asset size, location and performance (the "Compensation Peer Group"). The Compensation Peer Group is comprised of eighteen public commercial banks in Texas, Oklahoma, Arkansas, Arizona, Colorado, Mississippi and Missouri, against which PM&P and the Committee believes the Company competes for talent. The companies comprising the Compensation Peer Group were:

Texas Capital Bancshares, Inc.  
Western Alliance Bancorporation  
First Financial Bankshares, Inc.  
BancFirst Corporation  
Reliance Bancshares, Inc.  
Simmons First National Corporation  
Renasant Corporation  
Hawthorn Bancshares, Inc.  
Great Southern Bancorp, Inc.

Southwest Bancorp, Inc.  
Centrue Financial Corporation  
CoBiz Financial Inc.  
First M&F Corporation  
Enterprise Financial Services Corp  
Encore Bancshares, Inc.  
MetroCorp Bancshares, Inc.  
Home Bancshares, Inc.  
Sterling Bancshares, Inc.

The Compensation Peer Group data is used for comparative purposes only. We do not target executive officer pay opportunities at any particular percentile relative to our Compensation Peer Group. The Committee evaluates the NEOs compensation and reviews and discusses performance, job responsibilities and tenure for each NEO position. Based on this review and discussion of each NEO, the Committee determines the NEO's total compensation. There is no pre-established policy or target for the allocation among different types of compensation. In determining the appropriate mix of compensation for 2011, the Committee took into consideration that the Company would likely begin to utilize equity-based compensation as part of its executive officer compensation program.

Table of Contents

2011 Executive Compensation Components

For the fiscal year ended December 31, 2011, the principal components of compensation for NEOs were:

- Base salary;
- Annual bonus;
- Long-term equity incentive awards;
- Retirement benefits;
- Perquisites and other personal benefits; and
- Health and welfare benefits.

Base Salary

The Company provides NEOs and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salary ranges for NEOs are determined for each executive based on their position and responsibility by using available market data adjusted for duties and responsibilities.

During the review of base salaries for executives, the Committee primarily considers:

- Compensation Peer Group data;
- internal review of the executive’s compensation, both individually and relative to our other officers;
- overall individual performance of the executive;
- scope of responsibilities;
- experience; and
- tenure with the Company.

Salary levels are typically considered annually as part of the Company’s performance review process as well as upon a promotion or other change in job responsibility. Merit-based increases to salaries of NEOs are based on the Committee’s assessment of performance after considering recommendations of the CEO. The NEO salaries were approved by the Committee for 2011 based on the CEO’s recommendations for the other NEOs and company performance. In making its final decision the Committee also considered that equity incentives would likely be offered as part of the NEOs compensation package sometime during 2011. Equity awards for the NEOs were awarded in June 2011.

After considering all of the relevant factors and the performance of each executive, the Committee decided that after no increase in base pay during 2010 for Messrs. Hartley, Dawson, Story and Gibson and a small increase during 2010 for Mr. Coogan, and given three consecutive years of outstanding financial performance, that each of the NEOs would receive a \$30,000 increase in base salary for 2011. The small increase in the NEO base salaries for Messrs. Hartley, Dawson, Story and Gibson in 2010 over 2009 as reflected in the Summary Compensation table reflects the fact that the NEOs received increases in base salary for 2009 which did not become effective until February 1, 2009, and therefore the NEOs base salary for 2009 reflects eleven months of the increase. In addition for Mr. Coogan, the increase in base salary in 2010 over 2009 as shown in the Summary Compensation table reflects that Mr. Coogan started his employment with Southside in late January 2009 and did not receive a full year’s salary in 2009.

The Committee also made the decision that consistent with best practices that Messrs. Hartley, Dawson, Story and Gibson would no longer receive director compensation for their service on the board of directors of Southside Bank. However, the Committee did not want to reduce their compensation and decided to increase their salary an additional \$6,500 to offset this change in payment of director fees.

On January 5, 2012, long-time CEO B. G. Hartley retired as both CEO of Southside Bancshares, Inc. and Southside Bank. Sam Dawson was elected CEO of both Southside Bancshares, Inc. and Southside Bank on January 5, 2012, and his base salary for 2012 was set at \$450,000 in recognition of this promotion.

Table of Contents

Annual Bonus

All officers and employees of the Company have historically been paid an annual bonus equal to 12.5% of base salary. While referred to as a bonus, the 12.5% has been paid to all employees for over 30 years and is considered by most employees as part of their base salary and is often referred to as deferred compensation, even though it is paid in the same calendar year and approved as a bonus by the Board. The Committee has in prior years recommended a special year-end bonus in excess of the 12.5% bonus for NEOs, based on a combination of individual and company performance. The Committee determined that a special year-end bonus was warranted based on overall company performance during 2011. The Committee considered overall financial performance including capital levels, nonperforming asset totals, net income, earnings per share, return on shareholders' equity and other performance metrics, combined with overall company objectives achieved and individual NEO performance. In determining the bonus amounts for Messrs. Hartley, Dawson, Story, Gibson, and Coogan the committee considered the outstanding financial performance achieved during 2011, including net income, return of equity, return on assets, the increase in capital levels and the increase in the dividend payout to the shareholders.

After considering all of the factors, the Committee recommended the following special year-end bonuses for the NEOs for 2011: Messrs. Hartley \$171,000; Dawson and Story, each \$103,000; Mr. Gibson \$102,000; and Mr. Coogan \$130,000. Mr. Hartley's bonus reflected his leadership and the resulting performance. Bonuses for Messrs. Dawson, Story and Gibson reflected leadership and the resulting performance in each of the areas of the Company for which they were responsible. Mr. Coogan's bonus reflected his contribution in the area of security portfolio execution and management.

### Long-Term Equity Incentive Awards

The Southside Bancshares, Inc. 2009 Incentive Plan provides for the grant of equity awards to our employees, officers or directors. The primary purpose of the 2009 Incentive Plan is to promote our success by linking the personal interests of our employees, officers, directors and consultants to those of our shareholders, and by providing participants with an incentive for outstanding performance. During 2010 the Compensation Committee approved a Long-Term Equity Plan (the “Plan”) that provides for the grant of equity consistent with the directives in the 2009 Incentive Plan. The Committee engaged the services of PM&P to assist in guiding the Committee as to what is comparable and customary related to long-term equity plans. The Plan outlines the type of incentive awards to be granted under the 2009 Incentive Plan and establishes proposed amounts for participants, subject to final approval by the Committee. We believe these awards align executive performance and achievement with shareholder interests.

NEOs were awarded long-term equity awards with a value equal to a specified percentage of their base salaries, as follows: Mr. Hartley, 55%; Mr. Gibson, 40%; Mr. Dawson, 40%; Mr. Story, 40%; Mr. Coogan, 25%. These awards were granted 50% in the form of stock options and 50% in the form of restricted stock units. Details of the equity awards granted to the NEOs are set forth in the tables following the Compensation Discussion and Analysis. We anticipate additional grants will be made during 2012.

### Retirement Benefits

Retirement benefits fulfill an important role within the Company’s overall executive compensation program because they provide a financial security component which promotes retention. We place great value on the long-term commitment that many of our employees and the NEOs have made to us and aim to incent those individuals to remain with the Company and to act in a manner that will provide longer-term benefits to the Company. The Company believes that its retirement program is comparable to those offered by the banks in our Compensation Peer Group and, as a result, is needed to ensure that our executive compensation remains competitive.

Our retirement plans are designed to encourage employees to take an active role in planning, saving and investing for retirement. The Company maintains a 401(k) plan (the “401(k) Plan”), a tax-qualified, defined contribution plan in which substantially all of our employees, including the NEOs, are eligible to participate. The Company also maintains a tax-qualified, defined benefit pension plan (the “Pension Plan”) pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service. In addition, the Company maintains a non-qualified supplemental retirement plan (the “Restoration Plan”) which provides benefits in addition to the Pension Plan. The Pension Plan and the Restoration Plan are described in more detail under the Pension Benefits table in this Proxy Statement.

The Company has entered into deferred compensation agreements with each of the NEOs, with the exception of Mr. Coogan, that provide for the payment of a stated amount over a specific period of years. These deferred compensation agreements are described in more detail under the Pension Benefits table in this Proxy Statement.

The Company has also entered into split dollar agreements with each of the NEOs, with the exception of Mr. Coogan, which allow the executives to designate the beneficiaries of death benefits under a life insurance policy. These agreements are described in more detail under the summary compensation table in this Proxy Statement.

### Perquisites and Other Personal Benefits

The Company provides NEOs with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The committee periodically reviews the levels of perquisites and

other personal benefits provided to NEOs. The Committee did not review perquisites during 2011, and there were no changes in the types of perquisites provided in 2011. Perquisites provided to NEOs during 2011 were Company paid club dues and a Company provided automobile, with the exception of Mr. Coogan, who received a fixed monthly car allowance. Club memberships are made available to various officers who are expected to routinely need a place to entertain customers or prospective customers.

#### Health and Welfare Benefits

The Company offers a standard range of health and welfare benefits on a uniform basis and subject to insurance policy limitations to employees, including NEOs, and their eligible dependents. The benefits are designed to attract and retain employees and provide security to employees for their health and welfare needs. The benefits include: medical, prescription, dental, employee life, group life and flexible spending accounts. NEOs participate in these employee benefit plans, which are generally available to full-time employees on the same terms as a similarly situated employee. Another benefit available to officers at or above the Vice President level and meeting a salary requirement, is a bank provided long-term disability insurance policy which includes accidental death and travel insurance plans and programs.

Severance

The Company entered into Employee Agreements with Sam Dawson, President and CEO, and Lee R. Gibson, Senior Executive Vice President and CFO in October 2007. The Board determined that it was in the best interests of the Company to retain the services and encourage the continued attention and dedication of Messrs. Dawson and Gibson to their assigned duties. The severance and change in control termination amounts were negotiated based on these NEOs tenure, scope of responsibilities and other provisions in the agreement.

For a further discussion of the terms of the Employment Agreements, please see the discussion on page 22.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to any one of our NEOs. This limitation does not apply to compensation that meets the requirements under Section 162(m) for “qualifying performance-based” compensation. The committee intends to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent.

## Employment Agreements

The Company maintains employment agreements with Sam Dawson, President and CEO, and Lee R. Gibson, Senior Executive Vice President and CFO (the “Employment Agreements”). The Employment Agreements were entered into as of October 22, 2007 and initially extended through October 22, 2010, with automatic one year term extensions beginning on the first anniversary of the effective date, until a party gives 90 days notice of non-renewal. The agreements are now in effect until October 22, 2014.

Mr. Dawson’s Employment Agreement initially provided for an annual base salary of \$300,500 and Mr. Gibson’s Employment Agreement initially provided for an annual base salary of \$277,500, each to be reviewed no less frequently than annually by the Committee. The Employment Agreements entitle Messrs. Dawson and Gibson to receive an annual incentive payment of not less than 12.5% of base salary. The amount actually awarded and paid to the executives each year will be determined by the Committee and may be based on specific performance criteria.

The Employment Agreements entitle Messrs. Dawson and Gibson to participate in all incentive, savings and retirement plans or programs and welfare and fringe benefits which are generally available to officers of the Company of comparable levels. Finally, the Employment Agreements state that the Company may pay country club annual dues and expenses for each of Messrs. Dawson and Gibson.

The Employment Agreements also provide Messrs. Dawson and Gibson with severance benefits in the event of certain terminations of employment. These benefits are described in “Potential Payments upon Termination or Change in Control” on page 27 of this proxy statement.

### Split Dollar Agreements

In 2004, the Company entered into split dollar agreements with Messrs. Hartley, Dawson, Story and Gibson. The agreements provide that the Company will be the beneficiary of Bank Owned Life Insurance (commonly referred to as BOLI) insuring the executives' lives. The agreements provide the executives with the right to designate the beneficiaries of the death benefits guaranteed in each agreement. The agreements originally provided for death benefits of an initial aggregate amount of \$3.3 million. The individual amounts are increased annually on the anniversary date of the agreement by an inflation adjustment factor of 5%. As of December 31, 2011, the expected death benefits totaled \$4.6 million. The agreements also state that after the executive's retirement dates, the Company will pay an annual gross-up bonus to the executive in an amount sufficient to enable the executive to pay federal income tax on both the economic benefit and on the gross-up bonus itself. The expense associated with the post retirement liability was \$10,000 for the year ended December 31, 2011.

Pension Plan

The Pension Plan is a tax-qualified, defined benefit pension plan pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service.

Entrance into the Pension Plan by new employees was frozen effective December 31, 2005. Employees hired after December 31, 2005 are not eligible to participate in the plan. All participants in the Plan are fully vested. All of our NEOs at December 31, 2011 were participants in the Plan, with the exception of Mr. Coogan. Benefits are payable monthly commencing on the later of age 65 or the participant's date of retirement. Eligible participants may retire at reduced benefit levels after reaching age 55.

The benefits under the Pension Plan are determined using the following formula, stated as a single life annuity with 120 payments guaranteed, payable at normal retirement age, which is defined as 65 under the Pension Plan.

Formula (1) and Formula (2), calculated using Credit Service at Normal Retirement Date, multiplied by a service ratio and summed as described below:

Formula (1)	x	The fraction in which the numerator is Credited Service as of 12/31/05 and the denominator is Credited Service at Normal Retirement Date
	plus	
Formula (2)	x	The fraction in which the numerator is Credited Service earned after 12/31/05 and the denominator is Credited Service at Normal Retirement Date

Formula (1) is an amount equal to:

2% of Final Average Monthly Compensation times Credited Service up to 20 years, PLUS

1% of Final Average Monthly Compensation times Credited Service, if any, in excess of 20 years, PLUS

0.60% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Formula (2) is an amount equal to:

0.90% of Final Average Monthly Compensation times Credited Service, PLUS

0.54% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Benefit Formula Definitions

Credit Service

A participant's years of credited service are based on the number of years an employee works for the Company. The Company has no policy to grant extra years of credited service.

Final Average Monthly Compensation (FAMC)

The monthly average of the 60 consecutive months' compensation during the participant's period of credited service that gives the highest average. Compensation generally includes all gross income received by the participant for services actually rendered in the course of employment, with certain exclusions, plus any elective deferrals under Section 125 and Section 404(g)(c). Compensation in the Pension Plan is limited as required.

Table of Contents

Covered Compensation

A rounded 35-year average of the Maximum Taxable Wages (MTW) under social security. The table in effect during the calendar year proceeding termination or retirement is used.

Mr. Hartley began receiving payments out of the Pension Plan without retiring upon reaching age 65 under prior language in the plan that allowed all participants to begin receiving payments at age 65, regardless of their employment status. The Pension Plan was amended several years ago and participants must now retire to be eligible to receive payments out of the plan. All participants receiving payments out of the Pension Plan at the time of the amendment were grandfathered so as to allow them to continue receiving payments out of the plan, which included Mr. Hartley. For the purposes of the Pension Plan, Mr. Hartley is receiving payments as if he were retired. None of the other NEOs were in pay status under the Pension Plan at the time of the amendment, and thus were not grandfathered.

The pension disclosures have been computed using the FASB ASC Topic 715, "Compensation - Retirement Benefits" assumptions from the financial statements as of the pension measurement date of December 31, 2011, except the FASB ASC Topic 715 retirement age has been replaced by the normal retirement age for this calculation (and the benefit valued is only the accrued, not the projected, benefit).

Restoration Plan

The annual retirement income benefit of NEOs under the Pension Plan is subject to certain limitations imposed by the Internal Revenue Code. Under one such limitation, in determining the benefit accrued for a year under the Pension Plan, the benefit formula excludes a NEOs compensation above a specified compensation limit. In 2011, for example, the ceiling was \$245,000, which means that the compensation of NEOs in excess of that amount was not considered in the benefit formula for purposes of determining benefits under the Pension Plan. The Company maintains the Restoration Plan, a non-qualified supplemental retirement plan which provides additional benefits by taking into account the excess compensation not taken into account under the Pension Plan. The Restoration Plan is unfunded and noncontributory, which means that benefits are paid from the general assets of the Company and the NEOs are not required to make any contributions. The formula and assumptions used to calculate the benefit payable pursuant to the Restoration Plan are the same as those used under the Pension Plan described above, except that the amounts payable under the Restoration Plan are reduced by the amounts payable under the Pension Plan.

Deferred Compensation Agreements

The Company entered into a deferred compensation agreement with Mr. Hartley effective February 13, 1984. The Company entered into deferred compensation agreements with each of Messrs. Dawson, Story and Gibson effective June 30, 1994. The deferred compensation agreements provide additional compensation to the executives upon retirement or other qualifying termination of service.

## Table of Contents

Mr. Hartley's deferred compensation agreement provides that upon a termination of employment by reason of death, retirement or an involuntary termination by the Company other than for cause, he will be entitled to receive \$468,412 in a lump sum and \$800,000 payable monthly over 15 years, plus an additional \$4,000 per month payable until death.

Under the terms of their deferred compensation agreements, Messrs. Dawson, Story, and Gibson are entitled to receive \$500,000, \$400,000, and \$400,000, respectively, payable monthly over 10 years, if the executive remains in the employment of Southside Bank until his retirement (on or after age 65), or upon permanent disability or death, whichever occurs first. If the executive's employment is involuntarily terminated by the Company for any reason other than for "good cause" (as defined in the agreements), such termination shall be treated the same as a retirement, and the executive shall be entitled to receive the payments. If, prior to a Change in Control (as defined in the agreements), the executive terminates his employment prior to attainment of age 65 for any reason other than death or disability, no amounts shall be due such executive under his deferred compensation agreement. If, after a Change in Control, the executive terminates employment prior to attainment of age 65 for any reason other than death, disability, or for "good reason" (as defined in the agreements), no amounts shall be due to the executive under his agreement. After a Change in Control, a termination by the executive for "good reason" shall be treated the same as a retirement, and the executive shall be entitled to receive the payments.

Mr. Hartley retired on January 5, 2012, and consistent with his deferred compensation agreements he was paid the \$468,412 during January, 2012. He also began receiving \$9,000 per month on February 1, 2012, in accordance with two of the other deferred compensation agreements.

### Retirement Agreement with Mr. Hartley

On November 7, 2008, the Company, Southside Bank and Mr. Hartley, entered into a Retirement Agreement (which replaced a previous retirement arrangement with Mr. Hartley).

The Retirement Agreement provides that if Mr. Hartley voluntarily retires as an employee and officer of the Company, he shall simultaneously retire as an employee and officer of Southside Bank, but that the parties expect that he shall continue his services on the boards of directors of the Company and Southside Bank.

The Retirement Agreement provides that in each of the five years after his "separation from service" (as defined under Section 409A of the Internal Revenue Code of 1986), regardless of whether the separation is by reason of retirement, death or otherwise, the Company shall pay Mr. Hartley \$250,000 per year, subject to a 5% increase per year after the first year. The Company shall continue to make payments to Mr. Hartley's estate or beneficiaries in the event of his death during the five year period. In addition, Mr. Hartley shall be entitled to participate in all plans, programs, practices and policies maintained by the Company at that time with respect to retirement or termination of employment.

In accordance with this agreement, Mr. Hartley will begin receiving monthly payments on August 1, 2012.

### Potential Payments Upon Termination or Change in Control

The following discussion summarizes the compensation benefits payable to the NEOs in the event of a termination of employment under various circumstances, assuming that a termination of employment occurred on December 31, 2011.

### Employment Agreements

Upon termination of their employment, Messrs. Hartley, Dawson, Gibson, Story and Coogan would receive compensation and benefits for which they had already vested. This would include accrued but unpaid salary, accrued and unused vacation pay, any balance under the 401(k) plan. In addition, Messrs. Hartley, Dawson, Gibson and Story would receive benefits under the Pension Plan and Restoration Plan, plus amounts payable under their deferred compensation agreements or retirement agreement (in the case of Mr. Hartley), as described above.

In addition the Company has employment agreements with Messrs. Dawson and Gibson, which govern the terms of each executive's payments and benefits upon termination or Change in Control, as summarized below.

Termination by the executive except for Good Reason; termination by the Company with Cause. If an executive terminates his employment without Good Reason (as defined in the Employment Agreements) or the Company terminates the executive's employment with Cause (as defined in the Employment Agreements), the executive will be entitled to receive his accrued salary and previously vested benefits. In this event, no special severance benefits are payable.

Table of Contents

Termination by the executive for Good Reason; termination by the Company without Cause. If an executive terminates his employment for Good Reason or the Company terminates the executive's employment without Cause, the executive will be entitled to receive a single lump sum equal to:

- a severance payment equal to the executive's monthly salary multiplied by the number of months remaining in the term of the Employment Agreement (which would be between 24 and 36 months), plus \$10,000;
- a pro-rata bonus equal to the product of (i) the executive's Target Bonus (as defined in the Employment Agreements) for the termination year and (ii) a fraction, the numerator of which is the number of days in the current fiscal year through the termination date, and the denominator of which is 365;
- his accrued salary;
- accrued pay in lieu of unused vacation; and
- any vested compensation deferred by the executive (unless otherwise required by an agreement).

Additionally, all equity awards will become immediately vested and exercisable as of the date of termination. Finally, the executive will be entitled to any other amounts or benefits under any other plan pursuant to which the executive is eligible to receive benefits, to the extent officers of a comparable level at the Company received such benefits prior to the date of termination ("Other Benefits").

Termination due to death or Disability. If an executive's employment is terminated due to death or Disability (as defined in the Employment Agreements), he (or his estate) will receive accrued salary and Other Benefits.

Change in Control. If an executive's employment is terminated due to a Change in Control, he will be entitled to the same payments and benefits as if he had been terminated without Cause. However, instead of the severance payment described above, the severance payment will be calculated as follows:

(a) if the termination occurs more than six (6) months prior to a Change of Control or more than two (2) years after the occurrence of a Change of Control, the severance payment shall be the product of two times the sum of (1) the executive's salary in effect as of the termination (ignoring any decrease in the salary unless consented to by the executive), and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years in which annual bonuses were paid immediately preceding the year in which the termination occurs, or the executive's Target Bonus for the year in which the termination occurs; or

(b) if the termination occurs within six months prior or within two years after the occurrence of a Change of Control, the severance payment shall be the product of 2.99 times the sum of (1) the executive's salary in effect as of the termination, and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years in which annual bonuses were paid immediately preceding the year in which the termination occurs, or the executive's Target Bonus for the year in which the termination occurs.

Restrictive Covenants. The Employment Agreements contain confidentiality provisions and subject Messrs. Dawson and Gibson to certain non-compete and non-solicitation obligations during the term of employment with the Company and for a one-year period following termination of employment.

Reduction in Certain Benefits. The Employment Agreements also state that in the event that any of the severance benefits described above are subject to federal excise taxes under the "golden parachute" provisions under Section 280G

of the Internal Revenue Code, the payments will be reduced to the extent necessary to avoid such excise taxes, but only if such reduction would result in a greater net benefit for the executive.

The following table quantifies the severance and bonus payments payable to Messrs. Gibson and Dawson pursuant to their employment agreements in the event their employment is terminated without Cause for Good Reason, or in connection with a Change in Control, and assumes a termination date of December 31, 2011.

By the Company without Cause or By the executive for Good Reason

## Split Dollar Agreements

Under the terms of the split dollar agreements with Messrs. Hartley, Dawson, Story and Gibson, upon a termination of employment by reason of death, disability (as defined in the split dollar agreements), or retirement at or after age 65, or a termination following a Change in Control (as defined in the split dollar agreements), payment of the specified benefits under the split dollar agreements would be triggered. If the executive's employment is terminated for Cause (as defined in the split dollar agreements), he will forfeit benefits under the split dollar agreements. Mr. Coogan does not have a split dollar agreement.

The following table quantifies the death benefit payable to the beneficiaries of Messrs. Hartley, Dawson, Story and Gibson pursuant to their split dollar agreements in the event their employment is terminated due to death while still employed by the Company, or in connection with death after termination from the Company due to termination without cause, retirement after age 65 or a change in control. This assumes the event occurred on December 31, 2011.

Reason for Termination	Hartley	Dawson	Story	Gibson
Death benefit while still employed by the Company at time of death	\$1,562,000	\$1,055,000	\$985,000	\$985,000

TRANSACTIONS WITH DIRECTORS, OFFICERS AND ASSOCIATES

The board of directors reviews and discusses each potential transaction with a director, executive officer, significant shareholder or any of their immediate family members and votes to approve or disapprove the transaction. Directors or executive officers who are interested in a particular transaction do not vote on the transaction with respect to which they are interested. The Company's Board has adopted a Conflict of Interest Policy that addresses transactions with related persons.

Certain of the executive officers and directors of the Company and Southside Bank (and their associates) have been customers of Southside Bank and have been granted loans in the ordinary course of business. Southside Bank is subject to Federal Reserve Regulation O, which governs loans to directors, executive officers and certain shareholders of banks and bank holding companies. All loans or other extensions of credit made by Southside Bank to executive officers and directors of the Company and Southside Bank were made in the ordinary course of business on substantially the same terms, including interest rates, maturities and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collection or present other features that are unfavorable to Southside Bank. Prior approval by a majority of the board of directors, with the interested party abstaining, must be obtained for any loan to a director or a director's related interest(s) which, when aggregated with all loans to the director and/or to that director's related interest(s) exceed 10% of Southside Bank's capital plus unimpaired surplus. Prior approval requirements for individual advances for the board of directors will be satisfied by annual Board approval of a line of credit for a director's personal borrowing and similar approval of a line of credit for director-owned or controlled business borrowing. All advances made pursuant to an approved line of credit within 12 months of the date of approval shall be treated as approved. Loans to persons employed by Southside Bank who are considered under Regulations of the Federal Reserve Board to be executive officers shall be subject to prior approval by the board of directors. The Company expects similar transactions to occur in the future with its executive officers and directors as well as directors and officers of Southside Bank. In addition, Billie Boyd Hartley, the spouse of B. G. Hartley, and Jane Hartley Coker, the daughter of B. G. Hartley are employed by Southside Bank and received compensation of \$162,147 and \$371,596, respectively, in 2011.

Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all forms they file pursuant to Section 16(a). Based solely upon a review of the copies of the forms furnished to the Company, or written representations from certain reporting persons that no Form 5's were required, the Company believes that during fiscal year 2011 all Section 16(a) filing requirements were complied with except that:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS  
(PROPOSAL 2)

The Audit Committee of the Board has selected PwC to serve as the Company's independent registered public accounting firm for the year ending December 31, 2012 and to serve until the next annual meeting in April 2013. PwC has served as the Company's independent registered public accounting firm since 1991. We have been advised by PwC that neither it nor any of its members had any financial interest, direct or indirect, in us nor has it had any connection with us or any of our subsidiaries in any capacity other than independent auditors. The Board recommends that you vote for the ratification of the selection of PwC. Shareholder ratification of the selection of PwC as our independent registered public accounting firm is not required by our certificate of formation, bylaws or otherwise. Nevertheless, the Board is submitting this matter to the shareholders as what we believe is a matter of good corporate practice. If the shareholders do not ratify the appointment of PwC, then the appointment of an independent registered public accounting firm will be reconsidered by our Audit Committee. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interest of the Company and its shareholders. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year 2012.

Any shareholder wishing to have a proposal considered for the 2013 Annual Meeting, but who does not submit the proposal for inclusion in the Board's proxy statement, assuming that the 2013 Annual Meeting occurs on a date that is not more than 30 days before or 60 days after the anniversary of the Annual Meeting, must submit the proposal as set forth above not earlier than January 3, 2013 and no later than February 2, 2013.
