PROXY STATEMENT

The Board of Directors of Primo Water Corporation (“Primo” or the “Company”) is providing these materials to you in connection with Primo’s annual meeting of stockholders. The annual meeting will take place on Wednesday, May 16, 2012, at 9:00 a.m. Eastern Time. The annual meeting will be held at our corporate headquarters at 104 Cambridge Plaza Drive, Winston-Salem, North Carolina 27104. On or about April 13, 2012, we will begin mailing our stockholders this Proxy Statement, the accompanying form of proxy and our Annual Report on Form 10-K for the year ended December 31, 2011.

General Information

Why am I receiving these materials?

You have received these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. The proxy statement includes information that we are required to provide you under SEC rules and is designed to assist you in voting your shares.

What is a proxy?

Our Board of Directors is asking for your proxy. This means you authorize persons selected by us to vote your shares at the annual meeting in the way that you instruct. All shares represented by valid proxies received before the annual meeting will be voted in accordance with the stockholder’s specific voting instructions.

What is included in these materials?

These materials include:

- the Proxy Statement for Primo's annual meeting;
- a proxy card for the annual meeting; and
- our Annual Report on Form 10-K for the year ended December 31, 2011.

What items will be voted on at the annual meeting?

There are four proposals scheduled to be voted on at the annual meeting:

- the election of the two directors nominated by our Board of Directors as Class II directors to serve until the 2015 annual meeting of stockholders;
- the approval of the amendment and restatement of our 2010 Omnibus Long-Term Incentive Plan (the “2010 Omnibus Plan”);
- the approval of our 2010 Employee Stock Purchase Plan (the “ESPP”), as amended to increase by 250,000 the aggregate number of shares of our common stock authorized for sale under the plan; and

Table of Contents

the ratification of the Audit Committee's appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for 2012.

The Board of Directors is not aware of any other matters to be brought before the meeting. If other matters are properly raised at the meeting, the proxy holders may vote any shares represented by proxy in their discretion.

What are the board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

“FOR” the two directors nominated by our Board of Directors as Class II directors to serve until the 2015 annual meeting of stockholders;

“FOR” the approval of the amendment and restatement of the 2010 Omnibus Plan;

“FOR” the approval of the ESPP, as amended to increase by 250,000 the aggregate number of shares of our common stock authorized for sale under the plan; and

“FOR” the ratification of the Audit Committee's appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for 2012.

Who can attend the annual meeting?

Admission to the annual meeting is limited to:

stockholders as of the close of business on March 30, 2012;

holders of valid proxies for the annual meeting; and

our invited guests.

Each stockholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the record date.

When is the record date and who is entitled to vote?

The Board of Directors set March 30, 2012 as the record date. All record holders of Primo common stock as of the close of business on that date are entitled to vote. Each share of common stock is entitled to one vote. As of the record date, there were 23,752,816 shares of common stock outstanding.

What is a stockholder of record?

A stockholder of record or registered stockholder is a stockholder whose ownership of Primo stock is reflected directly on the books and records of our transfer agent, Wells Fargo Bank, N.A. If you hold stock through an account with a bank, broker or similar organization, you are considered the beneficial owner of shares held in “street name” and are not a stockholder of record. For shares held in street name, the stockholder of record is your bank, broker or similar organization. We only have access to ownership records for the registered shares. If you are not a stockholder of record, we will require additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement, a letter from your broker, bank or other nominee or a copy of your notice

or voting instruction card. As described below, if you are not a stockholder of record, you will not be able to vote your shares unless you have a proxy from the stockholder of record authorizing you to vote your shares.

Table of Contents

How do I vote?

You may vote by any of the following methods:

In person. You may vote in person at the meeting. If you hold shares in street name, you must also obtain a proxy from the stockholder of record authorizing you to vote your shares.

By mail. You may vote by signing and returning the proxy card or voting instruction card provided.

Beneficial owners of shares held in “street name.” You may vote by following the voting instructions provided by your bank or broker.

How can I change or revoke my vote?

You may change or revoke your vote as follows:

Stockholders of record. You may change or revoke your vote by submitting a written notice of revocation to Primo Water Corporation c/o Corporate Secretary at 104 Cambridge Plaza Drive, Winston-Salem, North Carolina 27104 or by submitting another vote on or before May 16, 2012. For all methods of voting, the last vote cast will supersede all previous votes.

Beneficial owners of shares held in “street name.” You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

What happens if I do not give specific voting instructions?

Stockholders of record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion for any other matters properly presented for a vote at the meeting.

Table of Contents

Beneficial owners of shares held in “street name.” If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is referred to as a “broker non-vote.”

Which ballot measures are considered “routine” or “non-routine”?

The election of directors (“Proposal 1”), the amendment and restatement of the 2010 Omnibus Plan (“Proposal 2”) and the amendment to the ESPP (“Proposal 3”) are considered to be non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2 and 3.

The ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for 2012 (“Proposal 4”) is considered to be a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and we do not expect there to be any broker non-votes with respect to Proposal 4.

What is the quorum for the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for the transaction of business at the annual meeting. This is called a quorum.

What is the voting requirement to approve each of the proposals?

The following are the voting requirements for each proposal:

Proposal 1, Election of Directors. The two nominees receiving the highest number of votes will be elected as Class II directors to serve until the 2015 annual meeting of stockholders.

Proposal 2, Amendment and Restatement of the 2010 Omnibus Plan. The amendment and restatement of the 2010 Omnibus Plan will be approved if a majority of the votes of stockholders present in person or by proxy with respect to this matter are cast in favor of the proposal.

Proposal 3, Amendment to the ESPP. The ESPP, as amended to increase the aggregate number of shares of our common stock authorized for sale thereunder, will be approved if a majority of the votes of stockholders present in person or by proxy with respect to this matter are cast in favor of the proposal.

Proposal 4, Ratification of Independent Registered Public Accounting Firm. The ratification of the Audit Committee’s appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for 2012 will be approved if a majority of the votes of stockholders present in person or by proxy with respect to this matter are cast in favor of the proposal.

Table of Contents

How are abstentions and broker non-votes treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Broker non-votes and abstentions are not counted as votes cast on any proposal considered at the annual meeting and, therefore, will have no effect on the proposals regarding the election of directors, the amendment and restatement of the 2010 Omnibus Plan and the amendment to the ESPP. We expect no broker non-votes on the proposal regarding the ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for 2012, and abstentions will have no effect on this proposal.

Who pays for solicitation of proxies?

We are paying the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email.

Where can I find the voting results of the annual meeting?

Primo will announce preliminary or final voting results at the annual meeting and publish final results in a Form 8-K filed with the SEC within four business days of the completion of the meeting.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2013 annual meeting of stockholders?

Stockholder proposals to be considered for inclusion in the proxy statement and form of proxy relating to the 2013 annual meeting of stockholders must be received no later than December 14, 2012. Proposal 1 – Election of Directors

Our Board of Directors consists of three classes of directors, each serving staggered three-year terms. Malcolm McQuilkin and David L. Warnock are both nominated as Class II directors to serve three-year terms until the annual meeting of stockholders in 2015 and until their successors are elected and qualified. Mr. McQuilkin and Mr. Warnock are both current members of our Board of Directors and both have agreed to be named in this proxy statement and serve if elected.

Although we know of no reason why either nominee would not be able to serve, if either such nominee is unavailable for election, the proxies intend to vote your shares for any substitute nominee proposed by the Board of Directors.

The two nominees receiving the highest number of affirmative votes will be elected as directors to serve until the 2015 annual meeting of stockholders. Votes withheld by stockholders, broker non-votes and abstentions will have no effect on the outcome of the director elections.

The Board of Directors recommends a vote “FOR” the election of Malcolm McQuilkin and David L. Warnock to our Board of Directors.

Corporate Governance

The Board of Directors

Primo is governed by a Board of Directors and various committees of the board that meet throughout the year. The Board of Directors and its committees have general oversight responsibility for the affairs of Primo. In exercising its fiduciary duties, the Board of Directors represents and acts on behalf of our stockholders.

Our certificate of incorporation provides that our Board of Directors will consist of between three and 12 members with the precise number to be determined by the Board of Directors. Our Board of Directors currently consists of five directors. Our certificate of incorporation also provides that any vacancies or newly-created directorships may be filled only by the remaining members of our Board of Directors.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each committee is currently comprised entirely of non-employee directors. Our Board of Directors may establish other committees from time to time to facilitate our corporate governance.

The current members of the board's committees are identified in the following table:

Director	Audit	Compensation	Nominating and Governance
Richard A. Brenner	Chair		Chair
Jack C. Kilgore	X	X	
Malcolm McQuilkin		X	X
David L. Warnock	X	Chair	X

Table of Contents

Each committee operates under a written charter adopted by the Board of Directors. These charters are available on our corporate website (www.primowater.com) in the “Investor Relations” section under “Corporate Governance.”

Audit Committee. The principal responsibilities and functions of our Audit Committee are to assist the Board of Directors in fulfilling its oversight of (i) the integrity of our financial statements, (ii) the effectiveness of our internal controls over financial reporting, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications and independence of our registered public accounting firm, and (v) the performance of our registered public accounting firm. In carrying out its oversight responsibilities and functions, our Audit Committee, among other things, oversees and interacts with our independent auditors regarding the auditors’ engagement and/or dismissal, duties, compensation, qualifications and performance; reviews and discusses with our independent auditors the scope of audits and our accounting principles, policies and practices; reviews and discusses our audited annual financial statements with our independent auditors and management; and reviews and approves or ratifies (if appropriate) related party transactions. In addition, the Audit Committee oversees management’s efforts in managing our key financial and other risk exposures and developing our enterprise risk management policies and procedures. Our Audit Committee met six times in 2011.

Our Board of Directors has determined that Mr. Brenner is an audit committee financial expert, as defined under the applicable rules of the SEC, and that all members of the Audit Committee are “independent” within the meaning of the applicable Nasdaq listing standards and the independence standards of rule 10A-3 of the Securities Exchange Act of 1934. Each of the members of the Audit Committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and The Nasdaq Stock Market.

Compensation Committee. The principal functions of our Compensation Committee include (i) reviewing our compensation practices and policies, (ii) reviewing and approving the compensation for our senior executives, (iii) evaluating the performance of our Chief Executive Officer, and (iv) assisting in Primo’s compliance with the regulations of the SEC regarding executive compensation disclosure. Our Board of Directors has determined that all members of the Compensation Committee are “independent” within the meaning of the applicable Nasdaq listing standards. Our Compensation Committee met four times in 2011.

Nominating and Governance Committee. The principal functions of our Nominating and Governance committee are, among other things, to (i) establish membership criteria for our Board of Directors, (ii) establish and communicate to stockholders a method of recommending potential director nominees for the Nominating and Governance Committee’s consideration, (iii) identify individuals qualified to become directors consistent with such criteria and select the director nominees, (iv) plan for continuity on our Board of Directors, (v) recommend action to our Board of Directors upon any vacancies on our Board of Directors, (vi) facilitate the annual evaluation of the performance of our Board of Directors and its committees, (vii) periodically review management succession plans, and (viii) consider and recommend to our Board of Directors other actions relating to our Board of Directors, its members and its committees. Our Board of Directors has determined that all members of the Nominating and Governance Committee are “independent” within the meaning of the applicable Nasdaq listing standards. Our Nominating and Governance Committee met one time in 2011.

Board Leadership Structure

Mr. Prim serves as both the Chairman of the Board of Directors and the Chief Executive Officer of Primo. Primo does not have a lead independent director. The Board of Directors does not have a general policy regarding the separation of the roles of Chairman and Chief Executive Officer. Our bylaws permit these positions to be held by the same person, and the Board of Directors believes that it is in the best interests of Primo to retain flexibility in determining whether to separate or combine the roles of Chairman and Chief Executive Officer based on our circumstances. Similarly, our bylaws do not require our Board of Directors to appoint a lead independent director and it has not otherwise determined to do so.

The board has determined that it is appropriate for Mr. Prim to serve as both Chairman and Chief Executive Officer because combining the roles of Chairman and Chief Executive Officer (1) enhances the alignment between the Board of Directors and management in strategic planning and execution as well as operational matters, (2) avoids the confusion over roles, responsibilities and authority that can result from separating the positions, and (3) streamlines board process in order to conserve time for the consideration of the important matters the Board of Directors needs to address, particularly in light of the small size of our Board of Directors.

Director Meeting Attendance

The Board of Directors held nine meetings during 2011. No director attended less than 75 percent of the board and applicable committee meetings during 2011. Each director is encouraged to attend the annual meeting of stockholders in person absent extenuating circumstances. Each of our current directors attended our 2011 annual meeting of stockholders except Mr. Kilgore, who was not a director at the time.

Director Independence

The Board of Directors determines the independence of its members based on the standards specified by The NASDAQ Stock Market, LLC (“Nasdaq”). Under the applicable Nasdaq listing standards, independent directors must comprise a majority of a listed company’s board of directors. In addition, Nasdaq’s rules require that, subject to specific exceptions, each member of a listed company’s audit committee and those members of the board of directors determining executive compensation and director nominations be independent. Audit Committee members also must satisfy the independence criteria set forth in rule 10A-3 under the Securities Exchange Act of 1934. Under the Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered independent for purposes of rule 10A-3 under the Securities Exchange Act of 1934, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our Board of Directors has reviewed the relationships between Primo and each director to determine compliance with the Nasdaq listing standards and has determined that none of Messrs. Brenner, McQuilkin, Warnock and Kilgore has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under Nasdaq rules. Our Board of Directors also determined that Messrs. Brenner, Kilgore and Warnock, who comprise our Audit Committee, Messrs. Kilgore, McQuilkin and Warnock, who comprise our Compensation Committee, and Messrs. Brenner, McQuilkin and Warnock, who comprise our Nominating and Governance Committee, satisfy the independence standards for those

committees established by applicable SEC and Nasdaq rules. In making these determinations, our Board of Directors considered the relationships that each non-employee director has with Primo and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. There is no family relationship between any director, executive officer or person nominated to become a director or executive officer.

Director Nomination Process

The Board of Directors has a standing Nominating and Governance Committee comprised solely of independent directors. The Board of Directors has delegated to its Nominating and Governance Committee the responsibility for establishing membership criteria for the Board of Directors, identifying individuals qualified to become directors consistent with such criteria and recommending the director nominees.

In identifying potential director candidates, the Nominating and Governance Committee will seek input from its Committee members, other directors and management. The Nominating and Governance Committee may engage the services of search firms and advisors to help identify and screen potential director nominees. The Nominating and Governance Committee will also consider director candidates appropriately recommended by stockholders.

In identifying and assessing director candidates, the Nominating and Governance Committee considers, among other things:

roles and contributions valuable to the business community;

personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards;

relevant knowledge and diversity of background, viewpoints and experience;

whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings; and

applicable listing standards of Nasdaq.

Diversity of background, viewpoint and experience is one of the various factors the Nominating and Governance Committee may consider in identifying director nominees, but the Nominating and Governance Committee does not have a formal policy regarding board diversity.

All director candidates, including candidates appropriately recommended by stockholders, are evaluated in accordance with the process described above.

Stockholder Recommendations of Director Candidates

Stockholders who wish to recommend director candidates for consideration by the Nominating and Governance Committee may do so by submitting a written recommendation to our Secretary at 104 Cambridge Plaza Drive, Winston-Salem, North Carolina 27104. Such recommendation must include a detailed background of the suggested candidate that demonstrates how the individual meets the criteria set forth above. If a candidate proposed by a stockholder or other source meets such criteria, the individual will be considered on the same basis as other candidates.

Recommendations by stockholders for director candidates to be considered for the 2013 annual meeting of stockholders must be delivered to Primo's Secretary not earlier than the close of business on January 16, 2013 and not later than the close of business on February 15, 2013. Recommendations by stockholders for director candidates to be considered for inclusion in the proxy statement and form of proxy relating to the 2013 annual meeting of stockholders must be received no later than December 14, 2012. Notice of a director nomination must be submitted in accordance with the requirements set forth in our amended and restated bylaws which include requirements to provide the name and address of the stockholder making the recommendation, a representation that the recommending stockholder is a record holder of our common stock, all information regarding the nominee that would be required to be set forth in a proxy statement and the consent of the nominee to serve as a director. Appropriate submission of a recommendation by a stockholder does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in our proxy statement; however, the Nominating and Governance Committee will consider any such candidate in accordance with the director nomination process described above.

The Board's Role in Risk Oversight

Management is responsible for managing the risks that Primo faces. The Board of Directors is responsible for overseeing management's approach to risk management. The involvement of the full Board of Directors in reviewing our strategic objectives and plans is a key part of the board's assessment of management's approach and tolerance to risk. While the Board of Directors has ultimate oversight responsibility for overseeing management's risk management process, various committees of the board assist it in fulfilling that responsibility.

In particular, the Audit Committee assists management in its review of the policies and procedures regarding identifying, monitoring, evaluating and managing Primo's key financial and other risk exposures. The Audit Committee also oversees the development of our enterprise risk management policies and procedures and reports regularly to the Board of Directors regarding Primo's risk management process.

In addition, the Compensation Committee reviews our compensation practices and policies to ensure they do not create inappropriate or unintended significant risks to Primo as a whole, and provides oversight and direction regarding these practices, policies and compensation-related risk management.

Code of Conduct

Our Board of Directors has adopted a Code of Business Conduct and Ethics. This code applies to all of the directors, officers and employees of Primo and its subsidiaries. A copy of our Code of Business Conduct and Ethics is available on our corporate website (www.primowater.com). We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website.

Stockholders may communicate with any of our directors by sending a written communication to a director c/o our Secretary at 104 Cambridge Plaza Drive, Winston-Salem, North Carolina 27104. All communications received in accordance with these procedures will be reviewed by the Secretary and forwarded to the appropriate director or directors unless such communications are considered, in the reasonable judgment of the Secretary, to be improper for submission to the intended recipient, such as communications unrelated to our business, advertisements or frivolous communications.

Compensation Discussion and Analysis

The following discussion and analysis relates to our compensation arrangements for the following named executive officers (“NEOs”):

- (1) our principal executive officer (Billy D. Prim);
- (2) our principal financial officer (Mark Castaneda); and
- (3) our only other executive officer (Michael S. Gunter).

This discussion and analysis should be read together with the compensation tables and related disclosures set forth below. This discussion and analysis includes statements regarding financial and operating performance targets in the limited context of our executive compensation programs, and investors should not evaluate these statements in any other context. This discussion and analysis also contains forward-looking statements that are based on our current considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt in the future may differ materially from current or planned programs as summarized in this discussion.

Introduction

Our compensation discussion and analysis discusses the total compensation for our NEOs and describes our overall compensation philosophy, objectives and practices. Our compensation philosophy and objectives generally apply to all of our employees and all of our employees are eligible to participate in the principal components of our compensation program consisting of:

base salary;

annual bonus and incentive arrangements; and

equity compensation.

The relative amount and value of each of these components for individual employees varies based on job role and responsibility as well as our financial performance.

Results of the 2011 Advisory Vote on Executive Compensation (“Say on Pay”)

At our 2011 annual meeting of stockholders, our stockholders were asked to approve, on an advisory basis, the Company’s executive compensation program (“say on pay”). A majority (68%) of the votes cast on the “say on pay” proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes the “say on pay” vote serves as a tool to guide it in ensuring alignment of the Company’s executive compensation program with stockholder interests.

The Compensation Committee believes that these results affirm our stockholders’ support of the Company’s approach to executive compensation. We strive to continually improve our programs and processes to align our compensation and performance. The Compensation Committee will continue to ensure that the design of the Company’s executive compensation program is focused on long-term stockholder value creation, emphasizes pay for performance and does not encourage the taking of short-term risks at the expense of long-term results. The Compensation Committee intends to continue to use the “say on pay” vote as a guidepost for stockholder sentiment and continue to take into account

stockholder feedback in making compensation decisions. In 2011, our Board of Directors recommended, our stockholders approved, and we subsequently adopted a frequency of every three years for our “Say on Pay” vote.

Compensation Philosophy and Objectives

Our compensation approach has changed and developed over the last several years as we have experienced rapid growth through our initial public offering and several important acquisitions. Our compensation philosophy is to offer our executive officers compensation and benefits that are competitive and meet our goals of attracting, retaining and motivating highly skilled management, which is necessary to achieve our financial and strategic objectives and create long-term value for our stockholders. Accordingly, our executive officer compensation program is designed to link annual and long-term cash and stock incentives to the achievement of Company and individual performance goals and to align the interests of executive officers with the creation of stockholder value.

We believe compensation should be determined within a framework that is intended to reward individual contribution and the achievement of Company objectives. Within this overall philosophy, our objectives are to:

attract, retain and motivate our executives by providing a total compensation program that takes into consideration competitive market requirements and strategic business needs;

align the financial interests of executive officers with those of our stockholders, both in the short and long term;

provide incentives for achieving and exceeding annual and long-term performance goals; and

appropriately reward executive officers for creating long-term stockholder value.

Each of Messrs. Prim, Castaneda and Gunter entered into an employment agreement with the Company in 2010 in connection with our initial public offering. The material terms of those employment agreements are described below under "Employment Agreements".

Determining Executive Compensation

Prior to our November 2010 initial public offering, we were a privately-held company. As a result, we were not subject to any stock exchange listing or SEC rules requiring a majority of our Board of Directors to be independent or relating to the formation and functioning of Board committees, including our Compensation Committee. Historically, we informally considered the competitive market for corresponding positions within comparable geographic areas and with companies of similar sizes and stages of development, including other small, high-growth public companies, in structuring and setting our executive compensation. This consideration was based on the general knowledge possessed by members of our Compensation Committee and also included consultations with our Chief Executive Officer. As we continue to gain experience as a public company, we expect that the specific direction, emphasis and components of our executive compensation program will evolve. For example, over time, we expect to reduce our reliance upon subjective determinations in favor of a more empirically based approach that could involve, among other practices, benchmarking the compensation paid to our NEOs against peer companies that we identify and the use of clearly defined, objective targets to determine incentive compensation awards.

Table of Contents

Our Compensation Committee typically considers, but is not required to accept, our Chief Executive Officer's recommendations regarding proposed base salaries, bonus and incentive awards, and equity awards for the other NEOs. The Compensation Committee may also request the assistance of our Chief Financial Officer in evaluating the financial, accounting and tax implications of various compensation awards paid to the NEOs. However, our Chief Financial Officer does not recommend or determine the amounts or types of compensation paid to the NEOs. Our Chief Executive Officer and certain of our other NEOs may attend Compensation Committee meetings, as requested by the chairman of the Compensation Committee. Our NEOs, including our Chief Executive Officer, typically do not attend any portion of the Compensation Committee meetings during which their compensation is established and approved.

We believe the levels of compensation we provide should be competitive, reasonable and appropriate for our business needs and circumstances. To date, the Compensation Committee has not engaged a compensation consultant. Rather, the Compensation Committee and our Chief Executive Officer have applied subjective discretion to make compensation decisions and have not used a specific formula or matrix to set compensation in relation to compensation paid by other companies. To date, our Compensation Committee has not established any percentile targets for the levels of compensation provided to our NEOs. Similarly, the Compensation Committee has not performed competitive reviews of our compensation programs with those of similarly-situated companies, nor have we engaged in benchmarking of compensation paid to our NEOs. Our historical approach has been to consider competitive compensation practices and other factors such as the level of compensation necessary to recruit and retain an executive and individual performance rather than establishing compensation at specific benchmark percentiles. This approach has enabled us to respond to market dynamics and provided us with flexibility in maintaining and enhancing our NEOs' engagement, focus, motivation and enthusiasm for our future. However, as mentioned above, we expect to build some of these practices into our compensation approach over time as we continue to review, evaluate and refine our compensation policies and practices as a public company.

Our Compensation Committee is comprised of Messrs. Kilgore, McQuilkin and Warnock, with Mr. Warnock acting as chair. Each of the members of our Compensation Committee is "independent" within the meaning of applicable Nasdaq listing standards. Our Compensation Committee's charter provides, among other things, that the Compensation Committee's principal duties include (i) reviewing our compensation policies and practices, (ii) reviewing and approving the compensation for our senior executives, (iii) evaluating the performance of our senior executives and (iv) assisting in our compliance with the regulations of the SEC regarding executive compensation disclosure.

The amount of past compensation, including annual bonus and incentive awards and amounts realized or realizable from prior restricted stock and stock option awards, is generally not a significant factor in the Compensation Committee's considerations because these awards would have been earned based on performance in prior years. The Compensation Committee does, however, consider prior awards when considering the retention aspects of our compensation program.

Our NEOs are not subject to mandated stock ownership or stock retention guidelines. Our Compensation Committee believes that the equity component of our executive compensation program ensures that our NEOs are also owners and those components work to align the NEOs' goals with the best interests of our stockholders.

Table of Contents

Elements of Our Executive Compensation Program

The principal elements of our executive compensation program have to date been (a) base salary, (b) a discretionary annual cash bonus opportunity for 2009 and prior years, (c) executive cash and equity incentive arrangements for 2010 and 2011 and (d) long-term equity compensation in the form of restricted stock, restricted stock units and stock options. Each of those compensation elements satisfies one or more of our compensation objectives.

We have not adopted any policies with respect to long-term versus currently-paid compensation, but feel that both elements are necessary for achieving our compensation objectives. Compensation in the form of a base salary provides financial stability for each of our NEOs and annual increases in base salary provide a reward for short-term Company and individual performance. Annual cash bonuses and incentive awards likewise provide a reward for short-term Company and individual performance. Long-term equity compensation rewards achievement of strategic long-term objectives and contributes toward overall stockholder value. Similarly, while we have not adopted any policies with respect to cash versus non-cash compensation (or among different forms of non-cash compensation), we feel that it is important to encourage or provide for a meaningful amount of equity ownership by our NEOs to help align their interests with those of stockholders, one of our compensation objectives. We have also in the past used equity compensation in order to preserve the Company's cash to the extent practicable in order to facilitate our growth and development. We combine the compensation elements for each NEO in a manner that the Compensation Committee believes, in its discretion and judgment, is consistent with the executive's contributions to the Company and our overall goals with respect to executive compensation.

Base Salary

We believe that a competitive base salary is an important component of compensation as it provides a degree of financial stability for our NEOs and is critical to recruiting and retaining our executives. Base salary is also designed to recognize the scope of responsibilities placed on each NEO and reward each executive for his or her unique leadership skills, management experience and contributions. We make a subjective determination of base salary after considering such factors collectively.

In April 2010, we entered into employment agreements with each of Messrs. Prim, Castaneda and Gunter that provided for continued base salaries at the amounts set forth below.

Name	Base Salary (\$)
Billy D. Prim	400,000
Mark Castaneda	250,000
Michael S. Gunter	225,000

While the Compensation Committee has the discretion to adjust upward the base salaries of each of the Messrs. Prim, Castaneda and Gunter under their employment agreements, the Committee decided to leave each of their base salaries unchanged for 2011.

Annual Incentive and Bonus Arrangements

2011 Executive Incentive Plan

We established an executive incentive plan for 2011, which included an opportunity for both a cash award and equity awards for our executive officers. The Compensation Committee structured and implemented this plan to motivate our executive officers to achieve our annual strategic and financial goals. The 2011 executive incentive plan provided for cash and equity awards as follows:

Cash award:

oEach of our executive officers was assigned a cash award based on a percentage of their base salaries as follows:

Name	Cash Award (as a % of Base Salary)	
Billy D. Prim	100	%
Mark Castaneda	50	%
Michael S. Gunter	50	%

oThe 2011 executive incentive plan provided that no cash awards were to be made unless the Company achieved actual earnings before interest, taxes, depreciation and amortization as adjusted for non-cash, non-recurring items (“Adjusted EBITDA”) of at least \$19.5 million.

Equity award:

oActual awards, if any, were to be determined in early 2012 and were to be based on the Compensation Committee’s subjective evaluation of Primo’s and each individual’s performance.

Our actual Adjusted EBITDA for 2011 was less than the \$19.5 million Adjusted EBITDA threshold under the 2011 executive incentive plan. As a result, no cash amounts were paid to our executive officers with respect to our 2011 performance. In addition, in light of our 2011 performance, the Compensation Committee did not make any equity awards under the 2011 executive incentive plan.

Discretionary Cash Bonuses

We have also from time to time in the past paid discretionary annual cash bonuses to our executive officers. We did not pay any such discretionary cash bonuses with respect to our performance in 2010 or 2011.

The employment agreements for each of Messrs. Prim, Castaneda and Gunter do not provide for specified annual incentive or bonus awards. Instead, these employment agreements simply provide that each such executive is entitled to receive bonuses and awards of equity and non-equity compensation as approved by our Board of Directors.

Long-Term Equity Compensation

Historically, we have provided long-term equity compensation primarily through grants of restricted stock and stock options. We have in the past granted restricted stock and stock options through annually-adopted executive incentive plans, initial grants to new employees and, on occasion, through additional grants approved by our Board of Directors or the Compensation Committee. We intend to continue these practices in the future as we believe that such grants further our compensation objectives of aligning the interests of our NEOs with those of our stockholders, encouraging long-term performance, and providing a simple and easy-to-understand form of equity compensation that promotes executive retention. We view such grants both as incentives for future performance and as compensation for past accomplishments.

On March 18, 2011, our Compensation Committee approved grants of equity awards to certain of our executive officers and key employees. The Compensation Committee approved these awards in recognition of the employees' efforts with respect to our successful initial public offering and acquisition transactions as well as the increased responsibilities resulting from being a publicly traded company with significantly larger operations. The following table shows the number of restricted stock units and stock options granted in connection with these awards:

Name	Restricted Stock Units (#)	Stock Options (#)
Billy D. Prim	20,000	40,000
Mark Castaneda	15,000	30,000
Michael S. Gunter	10,000	20,000

Both the restricted stock units and stock options granted to each of our executive officers vest in equal annual installments on March 29 of each of 2012, 2013, and 2014. Each of the stock option awards have a term of ten years.

We adopted a policy in connection with our initial public offering that provides for our Compensation Committee to approve stock option grants up to four times per year at its regularly scheduled quarterly meetings, and further provides that such grants will be effective on the third trading day following the date of the next public disclosure of our financial results following the date of each such meeting.

Perquisites and Other Benefits

As a general matter, we do not offer perquisites or other benefits to any executive officer, including the NEOs, with an aggregate value in excess of \$10,000 annually, because we believe we can provide better incentives for desired performance with compensation in the forms described above. We recognize that, from time to time, it may be appropriate to provide some perquisites or other benefits in order to attract, motivate and retain our executives, with any such decision to be reviewed and approved by the Compensation Committee.

Our executive officers are eligible to participate in customary employee benefit plans, including medical, dental, vision, life and other employee benefit and insurance plans made available to employees. We maintain a 401(k) plan, which is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended, or the Code. In general, all of our employees are eligible to participate in this plan.

Employment and Severance and Change of Control Benefits

We believe that a strong, experienced management team is essential to the best interests of the Company and our stockholders. We recognize that the possibility of a change of control could arise and that such a possibility could result in the departure or distraction of members of the management team to the detriment of the Company and our stockholders. We entered into employment agreements with Messrs. Prim, Castaneda and Gunter in connection with our initial public offering, which are intended to minimize employment security concerns arising in the course of negotiating and completing a change of control transaction. A more detailed description of the change of control provisions provided in these employment agreements is available under the section captioned “Employment Agreements” below, and the change of control benefits are quantified in the section captioned “Potential Payments Upon Termination or Change of Control.”

Tax Considerations

Other than our Chief Executive Officer, we have not agreed to provide any executive officer or director with a gross-up or other reimbursement for tax amounts the executive might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code. As described in the section below captioned “Employment Agreements,” any payments our Chief Executive Officer receives in connection with a change of control may be subject to increase to cover any excise tax imposed by Section 280G of the Internal Revenue Code.

Section 280G and related Code sections provide that executive officers, directors who hold significant stockholder interests and certain other service providers could be subject to significant additional taxes if they receive payments or benefits in connection with a change of control that exceed certain limits, and that we or our successor could lose a deduction on the amounts subject to the additional tax. Section 409A also imposes additional significant taxes on the individual in the event that an executive officer, director or service provider receives “deferred compensation” that does not meet the requirements of Section 409A.

Because of the limitations of Internal Revenue Code Section 162(m), our federal income tax deduction for compensation paid to our Chief Executive Officer and to certain other highly compensated executive officers (other than our Chief Financial Officer) may be limited if the compensation exceeds \$1,000,000 per person during any fiscal year, unless it is “performance-based” under Code Section 162(m) or meets another exception to the deduction limits. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or the option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer’s total compensation to exceed \$1,000,000. However, option compensation will not be subject to the \$1,000,000 cap on deductibility if the options meet certain requirements, and in the past we have granted options that we believe met those requirements.

Additionally, under a special Code Section 162(m) transition rule, certain compensation paid pursuant to a compensation plan in existence before the effective date of our initial public offering generally will not be subject to the \$1,000,000 limitation until the first meeting of stockholders at which directors are elected after the close of the third calendar year following the year in which our initial public offering occurred, unless the compensation plan is materially modified. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation programs in future years, the Compensation Committee intends to maintain an approach to executive compensation that links pay to performance. In addition, while the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our NEOs, the Compensation Committee intends to consider tax deductibility under Code Section 162(m) as a factor in compensation decisions.

Risk Analysis of Compensation Program

The Compensation Committee has reviewed the Company's compensation program and does not believe that it encourages excessive or unnecessary risk taking. Base salaries are fixed in amount and thus do not encourage risk taking. By utilizing annual cash bonuses and incentive awards that are tied to individual and Company-wide performance measures and long-term equity compensation as a significant portion of total compensation, the Compensation Committee believes that it has aligned our executive officers' objectives with those of our long-term stockholders.

Conclusion

The Compensation Committee believes that our executive leadership is a key element to our success and that the compensation package offered to our NEOs is a key element in attracting and retaining the appropriate personnel.

The Compensation Committee believes it has maintained compensation for our NEOs at levels that are reflective of the talent and success of the individuals being compensated, and with the inclusion of additional compensation directly tied to performance, the Compensation Committee believes executive compensation will be sufficiently comparable to its industry peers to allow us to retain our key personnel at costs which are appropriate for us.

The Compensation Committee intends to continue to develop, analyze and review its methods for aligning our executive officers' long-term compensation with the benefits generated for stockholders. The Compensation Committee believes the idea of creating ownership helps align management's interests with the interests of stockholders. The Compensation Committee has no pre-determined timeline for implementing new or ongoing long-term incentive plans. New plans will be reviewed, discussed and implemented as the Compensation Committee believes necessary or appropriate as a measure to incentivize, retain and reward our NEOs.

Primo’s actual 2011 Adjusted EBITDA was less than target Adjusted EBITDA under the 2011 executive incentive plan and, as a result, no amounts were paid to our NEOs or other employees pursuant to these cash incentive awards. The material terms of the 2011 executive incentive plan are described in the “Compensation Discussion and Analysis” section beginning on page 20.

(2) Amounts set forth in this row reflect grants of restricted stock units under our 2010 Omnibus Long-Term Incentive Plan. These restricted stock unit grants vest in equal installments on the first, second and third anniversary of the grant date.

(3) Amounts set forth in this row reflect grants of stock options under our 2010 Omnibus Long-Term Incentive Plan. These stock option grants vest in equal installments on the first, second and third anniversary of the grant date.

(4) Amounts set forth in this column represent the grant date fair value of the restricted stock and stock option awards described in Notes (2) and (3) above computed in accordance with ASC 718. Our employment agreement with Mr. Prim provides for an initial three-year employment term that commenced April 1, 2010 and that automatically extends for additional one-year periods unless terminated by Mr. Prim or us upon at least 90 days prior written notice of intention not to renew. The agreement may also be terminated by us or Mr. Prim for other reasons and, subject to the conditions set forth in the employment agreement, provides for certain payments to Mr. Prim upon a termination of his employment or a change of control of Primo, as described below.

Our employment agreements with Messrs. Castaneda and Gunter are substantially similar to our employment agreement with Mr. Prim, except that the economic terms differ among the agreements and their agreements do not provide for: (i) an annual automatic cost of living increase to base salary; (ii) additional long-term disability coverage; (iii) a Primo-paid annual physical; (iv) our payment of certain attorney fees; and (v) a Section 4999 excise tax gross-up payment to cover certain taxes and penalties. Mr. Castaneda's employment agreement provides for a base annual salary of \$250,000 and Mr. Gunter's employment agreement provides for a base annual salary of \$225,000, which base salaries may be adjusted up but not down by our Board of Directors. The definitions of "Cause" and "Good Reason" as used in the employment agreements are also provided below.

Under these employment agreements, if any of Messrs. Prim, Castaneda or Gunter is terminated without Cause or if any of Messrs. Prim, Castaneda or Gunter resigns for Good Reason, then such individual is entitled to the following benefits:

severance payments in an amount equal to (i) his highest annual base salary in effect during the 12 months immediately prior to his termination date plus (ii) the average annual bonus earned by him for the most recent two fiscal years ending prior to his termination date;

coverage under health, dental, life, accident, disability and similar benefit plans offered to (and on the same terms as) the other executive officers for the 12 months following his termination date; and

the immediate vesting of any restricted stock, stock option or other equity compensation awards scheduled to vest within six months of his termination date.

Under these employment agreements, if any of Messrs. Prim, Castaneda or Gunter is terminated without Cause or if any such individual resigns for Good Reason, in either case within two years following a Change of Control, then he is entitled to the following benefits under his employment agreement:

severance payments in an amount equal to 1.5 times (two times in the case of Mr. Prim) the sum of (i) his highest annual base salary in effect during the 12 months immediately prior to his termination date plus (ii) the average annual bonus earned by him for the most recent two fiscal years ending prior to his termination date; and

coverage under health, dental, life, accident, disability and similar benefit plans offered to (and on the same terms as) the other executive officers for the 18 months (24 months in the case of Mr. Prim) following his termination date.

In addition, any restricted stock, stock option or other equity compensation awards that are unvested will immediately vest as of the date of the Change of Control.

Our employment agreements with Messrs. Prim, Castaneda and Gunter provide that a “Change of Control” occurs when:

any individual, entity or group (a “Person”) becomes the beneficial owner of 50% or more of either (A) the then-outstanding shares of common stock of the Company (the “Outstanding Company Common Stock”) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”); provided, however, that the following acquisitions shall not constitute a Change of Control: (i) any acquisition directly from the Company, (ii) any acquisition by the Company, (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company, or (iv) any acquisition pursuant to a transaction that complies with (A), (B) and (C) in the third bullet point below;

individuals who, as of the effective date of the agreement, constitute the Board of Directors of the Company (the “Incumbent Board”) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the effective date of the agreement whose election, or nomination for election by the Company’s stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board of Directors;

there is consummation of a reorganization, merger or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a “Business Combination”), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the entity resulting from such Business Combination in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (B) no Person beneficially owns, directly or indirectly, 20% or more of the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the Board of Directors of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

the stockholders of the Company approve a complete liquidation or dissolution of the Company.

As defined in the employment agreements for our NEOs, "Cause" means (a) continued willful failure to substantially perform his duties with the Company, (b) willfully engaging in misconduct materially and demonstrably injurious to the Company or (c) uncured material breach of his agreement. An NEO may terminate his employment for "Good Reason" (i) if there is a material reduction in his duties or responsibilities, (ii) if he is required to relocate to an employment location more than 50 miles from his initial employment location, or (iii) upon our uncured material breach of the agreement.

Additional Information About Directors and Executive Officers

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and certain persons who beneficially own more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Executive officers, directors and such greater than 10% stockholders are required to furnish us copies of all ownership reports they file. Based solely on our review of the copies of the reports that we received and written representations that no other reports were required, we believe that our executive officers, directors and greater than 10% stockholders complied with all applicable filing requirements on a timely basis during 2011, except that Malcolm McQuilkin, David Warnock and David Mills each filed one late Form 4 covering a single transaction that occurred during fiscal year 2011.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee consists of Messrs. Kilgore, McQuilkin and Warnock. None of the members of our Compensation Committee during 2011 is or has at any time been an officer or employee of Primo. None of our executive officers has served as a member of the Board of Directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our Board of Directors or compensation committee during 2011.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and Primo's Annual Report on Form 10-K for the year ended December 31, 2011.

Audit Committee Report

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight of: (i) the integrity of Primo's financial statements; (ii) the effectiveness of Primo's internal controls over financial reporting; (iii) Primo's compliance with legal and regulatory requirements; (iv) the qualifications and independence of Primo's registered public accounting firm; and (v) performance of Primo's registered public accounting firm.

Primo's management is responsible for the preparation, presentation, and integrity of complete and accurate financial statements in accordance with generally accepted accounting principles in the United States and for maintaining appropriate accounting and financial reporting principles and policies and establishing and maintaining internal controls designed to assure compliance with accounting standards and applicable laws. Primo's registered public accounting firm is responsible for planning and conducting in accordance with generally accepted auditing standards in the United States an audit of Primo's annual financial statements and a review of Primo's quarterly financial statements.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Primo's audited consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

During the past fiscal year, the Audit Committee discussed with Primo's registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee also received during the past year the written disclosures and the letter from Primo's registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the registered public accounting firm their independence.

Based on the reviews, discussions and disclosures referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of Primo for the fiscal year ended December 31, 2011 be included in its Annual Report on Form 10-K for such fiscal year.

Related Party Transactions

Our Audit Committee Charter requires our Audit Committee to review and approve or ratify any related party transaction that is required to be disclosed under Item 404 of Regulation S-K. In the course of its review or approval of a transaction, our Audit Committee will consider:

the nature of the related person's interest in the transaction, including the actual or apparent conflict of interest of the related person;

the material terms of the transaction and their commercial reasonableness;

the significance of the transaction to the related person;

the significance of the transaction to us and the benefit and perceived benefits, or lack thereof, to us;

opportunity costs of alternate transactions;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of Primo; and

any other matters the Committee deems appropriate.

No such related person transaction will be consummated without the approval or ratification of our Audit Committee, and directors interested in a related person transaction will recuse themselves from any vote relating to a related person transaction in which they have an interest.

Set forth below are certain transactions that have occurred since January 1, 2011 with our directors, executive officers, holders of more than five percent of our voting securities and affiliates of our directors, executive officers and five percent stockholders. Based on our experience and the terms of our transactions with unaffiliated third persons, we believe that all of the transactions set forth below were on terms and conditions that were not materially less favorable to us than could have been obtained from unaffiliated third parties.

Purchase of Canada Bulk Water Exchange Business

On March 8, 2011, we entered into an Asset Purchase Agreement with Culligan of Canada, Ltd. ("Culligan Canada") and Culligan International Company ("Culligan International"), pursuant to which we purchased certain of Culligan Canada's assets related to its bulk water exchange business currently conducted in Canada (the "Canada Bulk Water Exchange Business"). The consideration paid for the Canada Bulk Water Exchange Business was approximately \$4.8 million, which consisted of a cash payment of approximately \$1.6 million and the issuance of 307,217 shares of our common stock, and the assumption of certain specified liabilities. The Canada Bulk Water Exchange Business provides refill and delivery of water in 18-liter containers to commercial retailers in Canada for resale to consumers. After the closing of this transaction, Culligan International was the holder of 2,894,717 shares of our common stock, representing approximately 14.9% of our then outstanding common stock.

Disgorgement Agreement

As described above, we issued 307,217 shares of our common stock to Culligan International on March 8, 2011 as payment of a portion of the purchase price for the Canada Bulk Water Exchange Business. Any profits realized by Culligan International upon the sale of up to 307,217 shares of common stock prior to September 7, 2011 would have

been recoverable by us under Section 16(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In recognition of Section 16(b)’s requirements, we entered into a Disgorgement Agreement with Culligan International dated as of May 12, 2011 pursuant to which Culligan International agreed that it would pay the Company the full amount of any profits it realized as a result of the sale of 307,217 shares of common stock in the follow-on offering (described below), less direct transaction expenses, all in accordance with Section 16(b). Culligan International did not realize any profit on the sale of shares of common stock in the follow-on offering and was not required to disgorge any profits to us because the \$11.26 per share offering price was less than the price per share of the shares issued to Culligan International in connection with our acquisition of the Culligan Bulk Water Exchange Business.

Follow-on Public Offering

On June 22, 2011, we closed a follow-on public offering of a total of 6,900,000 shares of our common stock, consisting of 3,751,313 shares sold by the Company and 3,148,687 shares sold by certain selling stockholders (including Culligan International), at a public offering price of \$11.26 per share (the "Offering"). The underwriters of the Offering were granted and exercised in full their over-allotment option to purchase 900,000 shares of common stock from the Company and Culligan International. In connection with Offering, Culligan International sold all 2,894,717 shares of our common stock it held prior to the Offering and received \$32,594,513 in proceeds.

Proposal 2 – Amendment and Restatement of the
2010 Omnibus Long-Term Incentive Plan

The Proposal

Our Board of Directors is seeking the approval of our stockholders of the amendment and restatement of the Primo Water Corporation 2010 Omnibus Long-Term Incentive Plan (the “2010 Omnibus Plan”), which amendment and restatement was adopted by our Board of Directors on April 11, 2012, subject to stockholder approval (the “Amended and Restated 2010 Omnibus Plan”). The Amended and Restated 2010 Omnibus Plan is nearly identical in design to the current 2010 Omnibus Plan, but also has certain important differences. As more fully described below, upon approval, the Amended and Restated 2010 Omnibus Plan would increase the number of shares of our common stock authorized for issuance under the current 2010 Omnibus Plan by 1,500,000 shares, from 788,675 shares to a total of 2,288,675 shares, increase the number of shares issuable pursuant to incentive stock options (“ISOs”) by the same amount from 718,735 shares to 2,218,735 shares, and increase the maximum number of shares subject to each type of award that may be granted to any grantee in any 36-month period and intended to constitute “performance-based” compensation under Section 162(m) to 800,000. Before the Amended and Restated 2010 Omnibus Plan may be effective, stockholder approval is required under NASDAQ Rule 5635(c). This summary of the Amended and Restated 2010 Omnibus Plan is not intended to be a complete description of the Amended and Restated 2010 Omnibus Plan and is qualified in its entirety by the actual text of the Amended and Restated 2010 Omnibus Plan, which is attached as Appendix A to this Proxy Statement.

General

The 2010 Omnibus Plan was approved by our Board in March 2010 and by our stockholders in April 2010. The 2010 Omnibus Plan is designed to enhance our ability to attract and retain highly qualified officers, non-employee directors, key employees, consultants and advisors, and to motivate such officers, non-employee directors, key employees, consultants and advisors to serve the Company and to expend maximum effort to improve our business results and earnings by providing an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company.

As of March 30, 2012, we had 788,675 shares authorized for issuance under the 2010 Omnibus Plan. As of March 30, 2012, after taking into account shares previously issued or covered by outstanding awards, there were 400,447 shares available for future grants under the 2010 Omnibus Plan. Under the proposed Amended and Restated 2010 Omnibus Plan, the aggregate number of shares authorized for issuance would be increased by 1,500,000 shares to a total of 2,288,675 shares. As of the date hereof, this would increase the total number of shares available for future grants under the Amended and Restated 2010 Omnibus Plan to 1,900,447. The 2010 Omnibus Plan currently provides that 718,735 of the shares authorized under the plan may be issued pursuant to ISOs. Under the proposed Amended and Restated 2010 Omnibus Plan, the aggregate number of shares authorized that may be issued pursuant to ISOs would be increased to 2,218,735 shares. Additionally, the 2010 Omnibus Plan currently provides that the maximum number of shares subject to each type of award that may be granted to any grantee in any 36-month period and intended to constitute “performance-based” compensation under Section 162(m) is 95,831. Under the proposed Amended and Restated 2010 Omnibus Plan the maximum number of shares subject to each type of award that may be granted to any grantee in any 36-month period and intended to constitute “performance-based” compensation under Section 162(m) will be increased to 800,000.

Reasons for the Amendment and Restatement

Historically, long-term equity compensation has played an important part in our compensation strategy. We believe long-term equity compensation furthers our compensation objectives of aligning the interests of our officers, directors and employees with those of our stockholders, encouraging long-term performance and rewarding award recipients for creating stockholder value. We believe the 400,447 shares remaining for future grants under the 2010 Omnibus Plan as of March 30, 2012 would be insufficient for us to maintain our current equity compensation strategy through the end of 2012. We believe that the Amended and Restated 2010 Omnibus Plan will provide us with a sufficient number of shares available for issuance to last through 2014. Additionally, even with the approval of the Amended and Restated 2010 Omnibus Plan, the total “dilution” to our current stockholders that would result from grants of all the shares available under the Amended and Restated 2010 Omnibus Plan would remain less than 10%. Dilution is a commonly used metric in analyzing equity compensation arrangements and is a percentage equal to (a) the total number of shares issuable pursuant to awards under the plan over (b) the sum of (i) the total number of the company’s shares outstanding and (ii) the total number of shares issuable pursuant to awards under the plan.

Material Features of the Amended and Restated 2010 Omnibus Plan

Administration of the Plan. Our Board of Directors has such powers and authorities related to the administration of the Amended and Restated 2010 Omnibus Plan as are consistent with our corporate governance documents and applicable law. Our Board of Directors has delegated to Compensation Committee administration of the 2010 Omnibus Plan and the Compensation Committee will continue to administer the Amended and Restated 2010 Omnibus Plan if it is approved. Each member of our Compensation Committee (i) qualifies as “outside director” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), (ii) meets such other requirements as have been established by the SEC for plans intended to qualify for exemption under Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and (iii) complies with the independence requirements of Nasdaq.

Number of Authorized Shares. The initial number of shares of our common stock reserved for issuance under the current 2010 Omnibus Plan was 718,735. Any shares of our stock subject to stock options granted under the Primo Water Corporation 2004 Stock Plan that are canceled, expired, forfeited, settled in cash or otherwise terminated without delivery of shares, become available for issuance under the 2010 Omnibus Plan (and will continue to do so under the Amended and Restated 2010 Omnibus Plan). As a result, as of March 30, 2012, there were a total of 788,675 shares authorized for issuance under the 2010 Omnibus Plan, 565,463 shares reserved for issuance pursuant to outstanding awards, and 400,447 shares available for issuance pursuant to awards to be made in the future. Under the proposed Amended and Restated 2010 Omnibus Plan, upon approval, the aggregate number of shares authorized for issuance under the current 2010 Omnibus Plan would be increased by 1,500,000 shares to a total of 2,288,675 shares.

Subject to the terms of the current 2010 Omnibus Plan, 718,735 of the reserved shares may be issued pursuant to incentive stock options (“ISOs”). However, under the proposed Amended and Restated 2010 Omnibus Plan, the aggregate number of shares authorized under the plan that may be issued pursuant to ISOs would be increased to 2,218,735 shares. Under the proposed Amended and Restated 2010 Omnibus Plan, and subject to adjustment as described below, the maximum number of shares subject to each type of award granted to any grantee in any 36-month period and intended to constitute “performance-based compensation” under Section 162(m) would not exceed the following:

Table of Contents

options — 800,000;
stock appreciation rights — 800,000;
restricted stock — 800,000;
restricted stock units — 800,000; and
other stock-based performance awards — 800,000.

Under the current 2010 Omnibus Plan, the maximum number of shares subject to each type of award that may be granted to any grantee in any 36-month period and intended to constitute “performance-based” compensation under Section 162(m) is 95,831.

The number and class of shares available under the Amended and Restated 2010 Omnibus Plan and/or subject to outstanding awards are required to be equitably adjusted by our Board of Directors in the event of various changes in the capitalization of the Company. The closing price of our common stock on April 9, 2012 was \$1.68 per share.

Eligibility and Participation. Eligibility to participate in the Amended and Restated 2010 Omnibus Plan is limited to such employees, officers, non-employee directors, consultants and advisors of the Company, or of any affiliate, as our Board of Directors may determine and designate from time to time. As of March 30, 2012, there were approximately 116 employees, consultants and advisors eligible to participate in the 2010 Omnibus Plan.

Type of Awards. The following types of awards are available for grant under the Amended and Restated 2010 Omnibus Plan: ISOs, non-qualified stock options (“NSOs”), stock appreciation rights (“SARs”), restricted stock, restricted stock units, cash- or stock-based performance awards and other stock-based awards.

Stock Options and SARs

Grant of Options and SARs. Our Board of Directors may award ISOs, NSOs (together, “Options”), and SARs to grantees. Our Board of Directors is authorized to grant SARs either in tandem with or as a component of other awards or alone.

Exercise Price of Options and SARs. The exercise price per share of an Option will be at least 100% of the fair market value per share of our stock underlying the award on the grant date and in no case will the exercise price of any Option be less than the par value of a share of our stock. A SAR will confer on the grantee a right to receive, upon exercise, a payment of the excess of (i) the fair market value of one share of our stock on the date of exercise over (ii) the grant price of the SAR as determined by our Board of Directors. The grant price will be fixed at the fair market value of a share of stock on the date of grant. SARs granted in tandem with an outstanding Option following the grant date of such Option will have a grant price that is equal to the Option’s exercise price; provided, however, that the SAR’s grant price may not be less than the fair market value of a share of stock on the grant date of the SAR.

Vesting of Options and SARs. Our Board of Directors will determine the terms and conditions (including any performance requirements) under which an Option or SAR will become exercisable and will include such information in the award agreement.

Table of Contents

Special Limitations on ISOs. In the case of a grant of an Option intended to qualify as an ISO to a grantee that owns more than ten percent of the total combined voting power of all classes of our outstanding stock (a “Ten Percent Stockholder”), the exercise price of the Option will not be less than 110% of the fair market value of a share of our stock on the grant date. Additionally, an Option will constitute an ISO only (i) if the grantee is an employee of the Company or a subsidiary of the Company, (ii) to the extent such Option is specifically designated as an ISO in the related award agreement, and (iii) to the extent that the aggregate fair market value (determined at the time the option is granted) of the shares of stock with respect to which all ISOs held by such grantee become exercisable for the first time during any calendar year (under the 2010 Omnibus Plan and all other plans of the grantee’s employer and its affiliates) does not exceed \$100,000.

Exercise of Options and SARs. An Option may be exercised by the delivery to us of written notice of exercise and payment in full of the exercise price (plus the amount of any taxes which we may be required to withhold). The minimum number of shares with respect to which an Option may be exercised, in whole or in part, at any time will be the lesser of (i) the number set forth in the applicable award agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise. Our Board of Directors has the discretion to determine the method or methods by which a SAR may be exercised.

Expiration of Options and SARs. Options and SARs will expire at such time as our Board of Directors determines; provided, however, that no Option may be exercised more than ten years from the date of grant, or in the case of an ISO held by a Ten Percent Stockholder, not more than five years from the date of grant.

Restricted Stock and Restricted Stock Units

Restricted Stock. At the time a grant of restricted stock is made, our Board of Directors may, in its sole discretion, establish the applicable “restricted period” and prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives. Unless our Board of Directors otherwise provides in an award agreement, holders of restricted stock will have the right to vote such stock and the right to receive any dividends declared or paid with respect to such stock. Our Board of Directors may provide that any such dividends paid must be reinvested in shares of stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such restricted stock. All distributions, if any, received by a grantee with respect to restricted stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction will be subject to the restrictions applicable to the original grant.

The grantee will be required, to the extent required by applicable law, to purchase the restricted stock at a price equal to the greater of (i) the aggregate par value of the shares of stock represented by such restricted stock or (ii) the price, if any, specified in the award agreement relating to such restricted stock. If specified in the award agreement, the price may be deemed paid by services already rendered.

Restricted Stock Units. At the time a grant of restricted stock units is made, our Board of Directors may, in its sole discretion, establish the applicable “restricted period” and prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives. Holders of restricted stock units will have no rights as stockholders of the Company. Our Board of Directors may provide that the holder of restricted stock units will be entitled to receive dividend equivalent rights, which may be deemed reinvested in additional restricted stock units.

Table of Contents

Cash- and Stock-Based Performance Awards

The right of a grantee to exercise or receive a grant or settlement of any award, and the timing thereof, may be subject to such performance conditions as may be specified by our Board of Directors. Our Board of Directors may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may, subject to certain limitations in the case of a performance award intended to qualify under Section 162(m) of the Code, exercise its discretion to reduce the amounts payable under any award subject to performance conditions.

We intend that any performance awards granted to persons who are designated by our Board of Directors as likely to be “Covered Employees” within the meaning of Section 162(m) and regulations thereunder will, if so designated by our Board of Directors, constitute “qualified performance-based compensation” within the meaning of Section 162(m) and regulations thereunder. The grant, exercise and/or settlement of such performance awards will be contingent upon achievement of pre-established performance goals which will consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criterion. Performance goals will be objective and will otherwise meet the requirements of Section 162(m) and regulations thereunder. In addition, the maximum amount of each cash-based performance award intended to constitute “performance-based compensation” under Section 162(m) granted to a grantee in any 12-month period will not exceed \$2,000,000.

One or more of the following business criteria for the Company will be used exclusively by our Board of Directors in establishing performance goals for such awards: net sales; revenue; revenue growth or product revenue growth; operating income (before or after taxes); pre-or after-tax income (before or after allocation of corporate overhead and bonuses); net earnings; earnings per share; net income (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of, share price; market share; gross profits; market capitalization; earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reduction in costs; cash flows or cash flows per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margins; gross margins or cash margin; year-end cash; debt reductions; and, stockholder equity; regulatory performance; implementation, completion or attainment of measurable objectives with respect to research, development, products or projects and recruiting and maintaining personnel.

Performance may be measured on a Company-wide basis, or with respect to one or more business units, divisions, subsidiaries or business segments, as applicable. Performance goals may be absolute or relative (to the performance of one or more comparable companies or indices). Measurement of performance goals may exclude the impact of charges for restructuring, discontinued operations, extraordinary items, and other unusual non-recurring items, and the cumulative effects of tax or accounting changes (each as defined by generally accepted accounting principles and as identified in the Company’s financial statements or other SEC filings).

So that Options and SARs granted under the Amended and Restated 2010 Omnibus Plan qualify for the exclusion for performance-based compensation under Section 162(m), and to permit the Compensation Committee to grant other awards under the Amended and Restated 2010 Omnibus Plan that are intended to qualify for the exclusion, the Amended and Restated 2010 Omnibus Plan is being submitted to the Company’s stockholders for approval. A vote in favor of approving the Amended and Restated 2010 Omnibus Plan will be a vote approving all the material terms and conditions of the plan for purposes of the performance-based exemption under Section 162(m), including the performance measures, eligibility requirements and limits on various stock awards, in each case as described above.

Table of Contents

Other Stock-Based Awards

Our Board of Directors may, in its discretion, grant other stock-based awards, consisting of stock units or other awards, valued in whole or in part by reference to, or otherwise based upon, our common stock. The terms of such other stock-based awards will be set forth in the applicable award agreements.

Effect of Certain Transactions. Except as otherwise provided in an award agreement, in the event of (a) the liquidation or dissolution of the Company or (b) a reorganization, merger, exchange or consolidation of the Company or involving the shares of our common stock (a "Transaction"), the Amended and Restated 2010 Omnibus Plan and the awards issued pursuant to the plan shall continue in effect in accordance with their respective terms, except that following a Transaction either (i) each outstanding award will be treated as provided for in the agreement entered into in connection with the Transaction or (ii) if not so provided in such agreement, each grantee will be entitled to receive in respect of each share of our common stock subject to any outstanding awards, upon exercise or payment or transfer in respect of any award, the same number and kind of stock, securities, cash, property or other consideration that each holder of a share of our common stock was entitled to receive in the Transaction in respect of a share of common stock; provided, however, that, unless otherwise determined by our Board of Directors, such stock, securities, cash, property or other consideration shall remain subject to all of the conditions, restrictions and performance criteria which were applicable to the awards prior to such Transaction. Without limiting the generality of the foregoing, the treatment of outstanding Options and SARS in connection with a Transaction in which the consideration paid or distributed to our stockholders is not entirely shares of common stock of the acquiring or resulting corporation may include the cancellation of outstanding Options and SARS upon consummation of the Transaction as long as, at the election of our Board of Directors, (x) the holders of affected Options and SARs have been given a period of at least fifteen days prior to the date of the consummation of the Transaction to exercise the Options or SARs (whether or not they were otherwise exercisable) or (y) the holders of the affected Options and SARs are paid (in cash or cash equivalents) in respect of each share covered by the Option or SAR being canceled an amount equal to the excess, if any, of the per share price paid or distributed to our stockholders in the Transaction (the value of any non-cash consideration to be determined by our Board of Directors in its sole discretion) over the Option or SAR exercise price, as applicable. For avoidance of doubt, (1) the cancellation of Options and SARs as described in the preceding sentence may be effected notwithstanding anything to the contrary contained in the Amended and Restated 2010 Omnibus Plan or any award agreement and (2) if the amount determined pursuant to the preceding sentence is zero or less, the affected Option or SAR may be cancelled without any payment therefor.

Change in Control. Our Board of Directors will determine the effect of a change in control (as defined in the Amended and Restated 2010 Omnibus Plan) of the Company with respect to any Award or Awards, including but not limited to, acceleration of vesting, termination or assumption of Awards.

Deferral Arrangements. Our Board of Directors may permit or require the deferral of any award payment into a deferred compensation arrangement.

Nontransferability of Awards. Generally, during the lifetime of a grantee, only the grantee may exercise rights under the Amended and Restated 2010 Omnibus Plan and no award will be assignable or transferable other than by will or laws of descent and distribution. If authorized in the award agreement, a grantee may transfer, not for value, all or part of an award (other than an ISO) to certain family members (including trusts and foundations for the benefit thereof). Neither restricted stock nor restricted stock units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other restrictions prescribed by our Board of Directors.

Table of Contents

Separation from Service. Our Board of Directors may provide in the applicable award agreements for actions that will be taken upon a grantee's separation from service from the Company, including but not limited to, accelerated vesting or termination of awards.

Tax Withholding and Tax Offset Payments. We will have the right to deduct from payments of any kind otherwise due to a grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an award or upon the issuance of any shares of stock upon the exercise of an Option or pursuant to an award. The Amended and Restated 2010 Omnibus Plan authorizes required tax withholding to be satisfied through the withholding of shares otherwise issuable under the award.

Term of Plan. Unless earlier terminated by our Board of Directors, the authority to make grants under the Amended and Restated 2010 Omnibus Plan will terminate in April 2020.

Amendment and Termination. Our Board of Directors may, at any time and from time to time, amend, suspend, or terminate the Amended and Restated 2010 Omnibus Plan as to any shares of stock as to which awards have not been made. An amendment will be contingent on approval of our stockholders to the extent stated by our Board of Directors, required by applicable law or required by applicable stock exchange listing requirements. No awards will be made after termination of the Amended and Restated 2010 Omnibus Plan. No amendment, suspension, or termination of the Amended and Restated 2010 Omnibus Plan will, without the consent of the grantee, impair rights or obligations under any award theretofore awarded under the Amended and Restated 2010 Omnibus Plan.

No Repricing of Options or SARs. As under the current plan, the Amended and Restated 2010 Omnibus Plan specifically prohibits the re-pricing of Options or SARs without stockholder approval. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (A) changing the terms of an Option or SAR to lower its exercise price; (B) any other action that is treated as a "repricing" under generally accepted accounting principles; and (C) repurchasing for cash or canceling an Option or SAR at a time when its exercise price is greater than the fair market value of the underlying stock in exchange for another award, unless the cancellation and exchange occurs in connection with change in capitalization or similar change. Such cancellation and exchange would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the participant.

New Plan Benefits.

If the Amended and Restated 2010 Omnibus Plan is adopted, there will be additional shares available under the plan for awards to officers, employees and non-employee directors; however, the benefits to be received by participants cannot be determined at this time because grants are at the discretion of our Board of Directors. None of the additional shares authorized by the Amended and Restated 2010 Omnibus Plan have been awarded to any of our executive officers or other employees or the non-employee directors, and none of the shares have been awarded (or promised to be awarded) subject to approval of the Amended and Restated 2010 Omnibus Plan.

Federal Income Tax Consequences.

The following is a summary of the general federal income tax consequences to the Company and to U.S. taxpayers of awards granted under the Amended and Restated 2010 Omnibus Plan. Tax consequences for any particular individual or under state or non-U.S. tax laws may be different.

Table of Contents

NSOs and SARs. No taxable income is reportable when a NSO or SAR is granted. Upon exercise, generally, the recipient will have ordinary income equal to the fair market value of the underlying shares of stock on the exercise date minus the exercise price. Any gain or loss upon the disposition of the stock received upon exercise will be a long-term or short-term capital gain or loss to the recipient (depending on the recipient's holding period after exercise).

ISOs. No taxable income is reportable when an ISO is granted or exercised (except for grantees who are subject to the alternative minimum tax, who may be required to recognize income in the year in which the ISO is exercised). If the recipient exercises the ISO and then sells the underlying shares of stock more than two years after the grant date and more than one year after the exercise date, the excess of the sale price over the exercise price will be taxed as long-term capital gain or loss. If the recipient exercises the ISO and sells the shares before the end of the two- or one-year holding periods, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the ISO.

Restricted Stock and Restricted Stock Units. A recipient of restricted stock or restricted stock units will not have taxable income upon the grant unless, in the case of restricted stock, he or she elects to be taxed at that time. Instead, he or she will have ordinary income at the time of vesting equal to the fair market value on the vesting date of the shares (or cash) received minus any amount paid for the shares.

Cash- and Stock-Based Performance Awards and Other Stock-Based Awards. Typically, a recipient will not have taxable income upon the grant of cash or stock-based performance awards or other stock-based awards. Subsequently, when the conditions and requirements for the grants have been satisfied and the payment determined, any cash received and the fair market value of any common stock received will constitute ordinary income to the recipient.

Tax Effect for the Company. We generally will receive a tax deduction for any ordinary income recognized by a grantee in respect of an award under the Amended and Restated 2010 Omnibus Plan (for example, upon the exercise of a NSO). In the case of ISOs that meet the holding period requirements described above, the grantee will not recognize ordinary income; therefore, we will not receive a deduction.

The Code has special rules that limit the deductibility of compensation paid to our CEO and to each of our three most highly compensated executive officers whose compensation is required to be reported annually in our proxy (excluding our CFO). Under Section 162(m), the annual compensation paid to each of these executives may not be deductible to the extent that it exceeds \$1.0 million. We can preserve the deductibility of compensation over \$1.0 million if certain conditions of Section 162(m) are met. These conditions include stockholder approval of the Amended and Restated 2010 Omnibus Plan, setting limits on the number of awards that any individual may receive and, for awards other than Options and SARs, establishing performance criteria that must be met before the award will actually be granted, be settled, vest or be paid. The Amended and Restated 2010 Omnibus Plan has been designed to permit our Board of Directors to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

Registration of Shares. We have registered on Form S-8 under the Securities Act all of the shares currently authorized for issuance under the current 2010 Omnibus Plan. If the Amended and Restated 2010 Omnibus Plan Amendment is approved, we intend to register on Form S-8 all of the additional shares that will be authorized for issuance under the Amended and Restated 2010 Omnibus Plan.

The Board of Directors recommends a vote “FOR” the amendment and restatement of the 2010 Omnibus Plan.

Proposal 3 – Amendment of the Primo Water Corporation
2010 Employee Stock Purchase Plan

The Proposal

Our Board of Directors is seeking the approval of our stockholders of the Primo Water Corporation 2010 Employee Stock Purchase Plan (the “ESPP”), as amended. The amendment to the ESPP was adopted by our Board of Directors on April 11, 2012, subject to stockholder approval (the “ESPP Amendment”). As more fully described below, upon approval, the ESPP Amendment would increase the number of shares of our common stock authorized for sale under the ESPP by 250,000 shares, from 23,957 shares to a total of 273,957 shares, and would increase the maximum number of shares an eligible employee may purchase during an offering period under the ESPP by 20,209, to a total of 25,000. Stockholder approval of the ESPP, as amended by the ESPP Amendment, is required in order for the ESPP to continue to qualify as an “employee stock purchase plan” as defined under Section 423 of the Code. This summary of the ESPP Amendment is not intended to be a complete description of the ESPP Amendment and is qualified in its entirety by the actual text of the ESPP Amendment, which is attached as Appendix B to this Proxy Statement.

General

The ESPP was approved by our Board in March 2010, and by our stockholders in April 2010, and became effective upon the approval of our stockholders. Our ESPP is intended to qualify as an “employee stock purchase plan” as defined under Section 423 of the Code.

We currently have 23,957 shares authorized for sale under the ESPP. As of March 30, 2012, 8,104 shares remained available for sale under the ESPP. Under the proposed ESPP Amendment, upon approval, an additional 250,000 shares would be made available for sale under the ESPP, increasing the aggregate number of shares authorized for sale to 273,957 shares. Additionally, the maximum number of shares an eligible employee under the ESPP may purchase during an offering period would be increased from 4,791 shares to 25,000 shares.

Reasons for the Amendment

The ESPP provides our employees a convenient and economical way to invest in the Company and aligns their interests with those of our stockholders, encouraging long-term performance and rewarding participants for creating stockholder value. Our Board of Directors desires to continue to provide our employees the opportunity to invest in the Company through the ESPP. We believe that the ESPP Amendment will provide us with a sufficient number of shares available for sale under the ESPP to last through 2015.

Material Features of the Plan

Administration of the ESPP. Our Compensation Committee has authority to interpret and implement the terms of the ESPP. Our Compensation Committee has the discretion to set the terms of each offering in accordance with the provisions of the ESPP, to make all determinations regarding the ESPP, including eligibility, and otherwise administer the ESPP.

Number of Authorized Shares. A total of 23,957 shares of our common stock were originally available for sale under our ESPP, subject to adjustment in the event of any significant change in our capitalization, such as a stock split, a combination or exchange of shares, or a stock dividend or other distribution. As of March 30, 2012, 8,104 shares remained available for sale under the ESPP. Under the ESPP, as amended by the proposed ESPP Amendment, upon approval, an additional 250,000 shares would be made available for sale under the ESPP. The closing price of our common stock on April 9, 2012 was \$1.68 per share.

Table of Contents

Eligibility and Participation. All of our employees generally are eligible to participate if they are customarily employed by us or any participating subsidiary for at least 20 hours per week and more than five months in any calendar year. As of March 30, 2012, there were 112 employees eligible to participate in the ESPP. Our Compensation Committee may exclude from an offering period highly-compensated employees or employees who have not satisfied a minimum period of employment with us which may not exceed a period of two years. In addition, an employee may not be granted rights to purchase stock under our ESPP if such employee would:

immediately after any grant of purchase rights, own stock possessing 5% or more of the total combined voting power or value of all classes of our capital stock; or

hold rights to purchase stock under all of our employee stock purchase plans that would accrue at a rate that exceeds \$25,000 worth of our stock for each calendar year.

Offering Periods and Purchase Periods. The ESPP provides for offering periods of up to 27 months. The offering periods under the ESPP currently consist of 12-month offering periods, with a new offering period beginning every January 1 and separate purchases taking place every 6 months during each offering period. However, we may change the timing and duration of offering periods and the frequency of purchases, as long as such changes comply with the terms of the ESPP. If this proposal is approved and unless otherwise specified by our Compensation Committee, a participant may purchase a maximum of 25,000 shares of common stock during an offering period. Under the current ESPP, participants are limited to purchasing 4,791 shares of common stock during an offering period.

Payroll Deductions. Our ESPP permits participants to exercise their stock purchase rights under the ESPP through payroll deductions of up to 15% of their eligible compensation, which includes a participant's gross base compensation from the Company, excluding overtime payments, sales commissions, incentive compensation, bonuses, expense reimbursements, fringe benefits and other special payments.

Exercise of Purchase Rights. Amounts deducted and accumulated by the participant are used to purchase shares of our common stock at the end of each purchase period during an offering period. The purchase price of the shares will not be less than 85% of the fair market value of our common stock on the first trading day of the offering period or on the last day of the applicable purchase period, whichever is lower. Participants may withdraw from participation in the ESPP at any time during an offering period, and will be paid their accrued payroll deductions that have not yet been used to purchase shares of common stock. Participation ends automatically upon termination of employment with us.

Change in Control. In the event of a "Change in Control" (as defined in the ESPP), our Compensation Committee may provide for the successor corporation to assume or substitute each outstanding purchase right, cashout of the participant's purchase right, acceleration of the next purchase date or termination of the current offering period without a purchase.

Table of Contents

Amendment and Termination. The ESPP will automatically terminate in 2020, unless we terminate it sooner. In addition, our Board of Directors has the authority to amend, suspend or terminate our ESPP, except that, subject to certain exceptions described in the ESPP, no such action may adversely affect any outstanding rights to purchase stock under our ESPP.

New Plan Benefits. The benefits or amounts that will be received by any participant under the ESPP, as amended by the ESPP Amendment, are not currently determinable as they are dependent upon each participant's future payroll deduction election for each offering period under the ESPP.

Federal Income Tax Consequences

The following is a summary of the material United States federal income taxation consequences to the Company and participants subject to U.S. taxation with respect to participation in the ESPP. Tax consequences for any particular individual or under state or non-U.S. tax laws may be different.

The ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. Under such an arrangement, no taxable income is recognized by a participant either at the time of election to participate in an offering period under the ESPP or at the time shares are purchased thereunder, and no deductions will be allowable to us, upon either the grant or the exercise of the purchase rights.

If shares are disposed of at least two years after the grant date and at least one year after the purchase date, then the lesser of (i) the excess of the fair market value of the shares at the time of such disposition over the purchase price of the shares or (ii) the excess of the fair market value of the shares on the grant date over the purchase price (determined as of the grant date in certain circumstances) will be treated as ordinary income to the participant. Any further gain upon such disposition will be taxed as long-term capital gain at the rates then in effect. If the shares are sold and the sale price is less than the purchase price, there is no ordinary income and the participant will have a capital loss equal to the difference between the sale price and the purchase price. The ability of a participant to utilize such a capital loss will depend on the participant's other tax attributes and the statutory limitation on capital loss deductions not discussed herein.

If a participant disposes of the shares before the expiration of the one-year and two-year holding periods described above (a "disqualifying disposition"), then upon such disposition the federal income tax consequences will be as follows: (1) the difference between the purchase price and the fair market value of the shares on the date of purchase will be taxed to the participant as ordinary income, and (2) the excess, if any, of the fair market value of the shares on the date of disposition over their fair market value on the date of purchase will be taxed as capital gain. If the shares are sold for less than their fair market value on the purchase date, the same amount of ordinary income will be attributed to the participant and a capital loss recognized equal to the difference between the sale price and the value of the shares on such purchase date. As indicated above, the ability of the participant to utilize such a capital loss will depend on the participant's other tax attributes and the statutory limitation on capital losses not discussed herein.

The amount of ordinary income recognized by the participant in case of a disqualifying disposition will generally be deductible by us for federal income tax purposes.

Table of Contents

Registration of Shares. We have registered on Form S-8 under the Securities Act all of the shares currently authorized for issuance under the ESPP. If the ESPP, as amended by the ESPP Amendment, is approved, we intend to register on Form S-8 all of the additional shares that will be authorized for issuance under the ESPP.

The Board of Directors recommends a vote “FOR” the approval of the ESPP, as amended to increase the number of shares authorized for sale under the plan by 250,000 shares, from 23,957 shares to a total of 273,957 shares, and to increase to 25,000 the maximum number of shares an eligible employee may purchase during an offering period under the ESPP.

3. ADMINISTRATION OF THE PLAN

3.1. General.

The Board shall have such powers and authorities related to the administration of the Plan as are consistent with the Company's certificate of incorporation and bylaws and applicable law. The Board shall have the power and authority to delegate its responsibilities hereunder to the Committee, which shall have full authority to act in accordance with its charter, and with respect to the authority of the Board to act hereunder, all references to the Board shall be deemed to include a reference to the Committee, to the extent such power or responsibilities have been delegated. Except as specifically provided in Section 14 or as otherwise may be required by applicable law, regulatory requirement or the certificate of incorporation or the bylaws of the Company, the Board shall have full power and authority to take all actions and to make all determinations required or provided for under the Plan, any Award or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan. The Committee shall administer the Plan; provided that, the Board shall retain the right to exercise the authority of the Committee to the extent consistent with applicable law and the applicable requirements of any securities exchange on which the Common Stock may then be listed. The interpretation and construction by the Board of any provision of the Plan, any Award or any Award Agreement shall be final, binding and conclusive. Without limitation, the Board shall have full and final authority, subject to the other terms and conditions of the Plan, to:

(i) designate Grantees;

(ii) determine the type or types of Awards to be made to a Grantee;

(iii) determine the number of shares of Stock to be subject to an Award;

(iv) establish the terms and conditions of each Award (including, but not limited to, the Option Price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options);

(v) prescribe the form of each Award Agreement; and

(vi) amend, modify, or supplement the terms of any outstanding Award including the authority, in order to effectuate the purposes of the Plan, to modify Awards to foreign nationals or individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom.

To the extent permitted by applicable law, the Board may delegate its authority as identified herein to any individual or committee of individuals (who need not be directors), including without limitation the authority to make Awards to Grantees who are not subject to Section 16 of the Exchange Act or who are not Covered Employees. To the extent that the Board delegates its authority to make Awards as provided by this Section 3.1, all references in the Plan to the Board's authority to make Awards and determinations with respect thereto shall be deemed to include the Board's delegate. Any such delegate shall serve at the pleasure of, and may be removed at any time by the Board.

3.2. Restrictions; No Repricing.

Notwithstanding the foregoing, no amendment or modification may be made to an outstanding Option or SAR that causes the Option or SAR to become subject to Section 409A, without the Grantee's written prior

approval. Notwithstanding any provision herein to the contrary, the repricing of Options or SARs is prohibited without prior approval of the Company's stockholders. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (A) changing the terms of an Option or SAR to lower its Option Price or SAR Exercise Price; (B) any other action that is treated as a "repricing" under generally accepted accounting principles; and (C) repurchasing for cash or canceling an Option or SAR at a time when its Option Price or SAR Exercise Price is greater than the Fair Market Value of the underlying shares in exchange for another Award, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change under Section 15. A cancellation and exchange under clause (C) would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Grantee.

3.3. Award Agreements.

The grant of any Award may be contingent upon the Grantee executing the appropriate Award Agreement. The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise in competition with the Company or any Affiliate thereof, to the extent specified in such Award Agreement applicable to the Grantee. Furthermore, the Company may annul an Award if the Grantee is terminated for Cause as defined in the applicable Award Agreement or the Plan, as applicable.

If any of the Company's financial statements are required to be restated, the Company may recover all or a portion of any Award made to any Grantee with respect to any fiscal year of the Company the financial results of which are negatively affected by such restatement. The amount to be recovered shall be the amount, as determined by the Committee, by which the affected Award exceeds the amount that would have been payable had the financial statements been initially filed as restated. In no event shall the amount to be recovered by the Company be less than the amount required to be repaid or recovered as a matter of law.

3.4. Deferral Arrangement.

The Board may permit or require the deferral of any Award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish and in accordance with Section 409A, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock units.

3.5. No Liability.

No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan, any Award or Award Agreement.

3.6. Book Entry.

Notwithstanding any other provision of this Plan to the contrary, the Company may elect to satisfy any requirement under this Plan for the delivery of stock certificates through the use of book-entry.

4. STOCK SUBJECT TO THE PLAN

Subject to adjustment as provided in Section 15 hereof, the maximum number of shares of Stock available for issuance under the Plan shall be 2,288,675, comprised of (A) 788,675 shares of Stock authorized upon the Original Effective Date (as adjusted pursuant to this Section 4 and Section 15) plus (B) 1,500,000 shares of Stock authorized upon the Restatement Effective Date. In addition, there shall be added the number of shares subject to stock options granted under the Company's 2004 Stock Plan that are canceled, expired, forfeited, settled in cash, settled by issuance of fewer shares than the number of shares underlying stock option or otherwise terminated without delivery of shares to the Grantees.

2,218,735 of such shares of Stock available for issuance under the Plan shall be available for issuance pursuant to Incentive Stock Options. Stock issued or to be issued under the Plan shall be authorized but unissued shares; or, to the extent permitted by applicable law, issued shares that have been reacquired by the Company. Subject to adjustments in accordance with Section 15, the maximum number of each type of Award (other than cash-based Performance Awards) intended to constitute "performance-based compensation" under Code Section 162(m) granted to any Grantee in any thirty-six (36) month period shall not exceed the following: Options: 800,000; SARs: 800,000; Restricted Stock: 800,000; Restricted Stock Units: 800,000; and other Stock-based Performance Awards: 800,000.

The Board may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or Substitute Awards) and make adjustments in accordance with Section 15. If the Option Price of any Option granted under the Plan, or if pursuant to Section 17.3 the withholding obligation of any Grantee with respect to an Option or other Award, is satisfied by tendering shares of Stock to the Company (by either actual delivery or by attestation) or by withholding shares of Stock, the number of shares of Stock issued net of the shares of Stock tendered or withheld shall be deemed delivered for purposes of determining the maximum number of shares of Stock available for delivery under the Plan. To the extent that an Award under the Plan or a stock option granted under the Company's 2004 Stock Plan is canceled, expired, forfeited, settled in cash, settled by issuance of fewer shares than the number underlying the Award or stock option, or otherwise terminated without delivery of shares to the Grantee, the shares retained by or returned to the Company will be available under the Plan; and shares that are withheld from such an Award or stock option granted under the Company's 2004 Stock Plan, or separately surrendered by the Grantee in payment of any exercise price or taxes relating to such an Award or stock option shall be deemed to constitute shares not delivered to the Grantee and will be available under the Plan. In addition, in the case of any Substitute Award, such Substitute Award shall not be counted against the number of shares reserved under the Plan.
