Item 8.01. Other Events

In December 2012, Northern States Power Company (NSP-Minnesota), a Minnesota corporation, and a wholly owned subsidiary of Xcel Energy Inc., filed a request with the North Dakota Public Service Commission (NDPSC) to increase annual retail electric rates approximately \$16.9 million, or 9.25 percent. The rate filing is based on a 2013 forecast test year, a requested return on equity (ROE) of 10.6 percent, an electric rate base of approximately \$377.6 million and an equity ratio of 52.56 percent. In January 2013, the NDPSC approved an interim electric increase of \$14.7 million, effective Feb. 16, 2013, subject to refund. In June 2013, NSP-Minnesota revised its rate increase to \$16.0 million, reflecting updated information. There were no intervenors in this proceeding.

On July 17, 2013, NDPSC Advocacy Staff filed direct testimony prepared by their rate case consultants. Staff's testimony recommended a 9.0 percent ROE and other revenue requirement adjustments, which resulted in an overall rate reduction of approximately \$2.1 million. Primary revenue requirement adjustments include:

(Millions of Dollars)	Revenue requirement adjustments as filed by the Staff
NSP-Minnesota Revised Request	\$ 16.0
Use of a 1-month coincident peak demand allocator for certain rate base and operation expenses	(20.0)
ROE	(5.2)
Incentive compensation	(0.8)
Adjustment for various operating and maintenance expenses	(0.7)
Calculation of federal income taxes	6.3
Modified cost of capital and increased capital structure to 53.42 percent	1.4
Other, net	0.9
Recommended rate decrease	\$ (2.1)

Additionally, NDPSC Staff recommends customers in NSP-Minnesota's North Dakota jurisdiction be excluded from paying for costs of certain purchased power agreements.

Next steps in the procedural schedule are expected to be as follows:

Rebuttal Testimony – Aug. 12, 2013
 Technical Hearings – Aug. 27-28, 2013
 Initial Briefs – Sept. 20, 2013
 Reply Briefs/Proposed Findings – October 2013

A final NDPSC decision on the case is expected in the fourth quarter of 2013.
