Letter to Stockholders

Dear Fellow Stockholder:

Three years ago, A.M. Castle embarked on a journey to fortify our business, right-size our branch network, empower our people, and invest in our target markets. This comprehensive restructuring plan had two parts – one operational, and one financial. We completed the operational portion of our plan in less than eighteen months, by August 2016. Building on that accomplishment, and in partnership with our key stakeholders, last fall we efficiently completed a comprehensive financial restructuring that reduced our debt burden, now enabling us to aggressively pursue significant growth across our business.

**Steve
Scheinkman
President
and CEO**

To put it simply: our achievements represent the beginning of a new era for A.M. Castle and its employees, customers, suppliers, and stakeholders.

Now, with the restructuring behind us, A.M. Castle is operationally and financially fit for growth. In 2018 and beyond we will continue to shape a brighter future for our Company and build on our goal to re-establish our place as an industry leader. As part of this effort, we have refreshed the Company's mission, vision, and values to better represent who A.M. Castle is today:

Our mission is to build unparalleled value for our customers, suppliers, employees and stakeholders. In doing so, we will foster a culture of entrepreneurship and innovation that empowers and challenges our people to help A.M. Castle achieve our goals through their everyday actions.

Our vision is to lead the market as the most trusted, efficient, and innovative partner in specialty metal and supply chain solutions.

Our values represent the foundational beliefs and behaviors that inform our decisions: Integrity & Safety, Ownership, Service, Quality and Inclusion.

These are more than just words on a page – our mission, vision, and values represent who we are, what we stand for, and where our Company is headed. Going forward, every decision will be guided by our commitment to achieve our business targets, drive innovation and value, empower our branches, and invest in our talent and culture. We will continue to enhance our reputation as best-in-class and to prove that A.M. Castle is a competitive player, reliable partner, and strategic investment opportunity.

On behalf of the Executive Team, I want to thank you for your unwavering support these past years. Your overwhelming belief in our business helped us navigate through times of uncertainty, and we should all feel incredibly

proud of what we accomplished together. I look forward to reporting on our further success this time next year.

Sincerely,

1

Executive Vice President, General Counsel,

Secretary & Chief Administrative Officer

Proposal No. 1: Election of Directors

Stockholders are being asked to elect six director nominees to serve until the 2019 Annual Meeting of Stockholders. Following the recommendation of the Company's Governance Committee (the "Governance Committee"), the Company's Board has nominated each individual presently serving as a director for election at this Annual Meeting.

Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote for the election of directors, although they will be considered present for the purpose of determining the presence of a quorum.

Board Structure

Previously the Board was divided into three classes, each elected for a three-year term. As of September 1, 2017, the Company's new Board structure and governance procedures require each director nominee to be approved by the stockholders at each Annual Meeting. Each director elected at the Annual Meeting will hold office until the next succeeding annual meeting of stockholders and until their successor is duly elected and qualified, or until their earlier death, resignation, or removal. Each nominee listed below has consented to be named in this Proxy Statement and has agreed to serve as a director, if elected, and the Company expects each nominee to be able to serve, if elected.

If any nominee is unable or unwilling to accept their election or is unavailable to serve for any reason, the persons named as proxies will have authority, according to their judgment, to vote or refrain from voting for such alternate nominee as may be designated by the Board.

2017 Board Membership Changes

On February 3, 2017, Mr. Gary Masse resigned from his positions as Chairperson and member of the Board.

On February 9, 2017, the Board accepted Mr. Masse's resignation and appointed Ms. Pamela Forbes Lieberman as Chairperson of the Board.

On August 31, 2017, the Company completed its voluntary Chapter 11 proceedings and emerged from bankruptcy. Upon emergence a new Board was created that consisted of the following: Messrs. Steven W. Scheinkman (Chairperson), Jeffrey A. Brodsky, Jonathan B. Mellin, Jacob Mercer, and Jonathan Segal, and resulted in the departure of Mr. Howard Brod Brownstein, Ms. Pamela Forbes Lieberman, and Mr. Michael J. Sheehan.

On October 6, 2017, the Board re-appointed Mr. Sheehan as a director.

Board Membership Criteria

The Company's Corporate Governance Guidelines set forth the process by which its Governance Committee identifies, evaluates, and recommends candidates for nomination to the Board. In making its recommendations of nominees to the Board, the Governance Committee may also consider any advice and recommendations offered by the Chief Executive Officer, directors, the stockholders of the Company, or any advisors the Governance Committee may retain. Stockholders wishing to suggest director candidates should submit their suggestions in writing to the attention of the Corporate Secretary of the Company, providing the candidate's name and qualifications for service as a Board member, a document signed by the candidate indicating the candidate's willingness to serve, if elected, and evidence of the stockholder's ownership of the Company's stock. Any stockholder who wishes to formally recommend individuals for nomination to the Board may do so in accordance with the Company's Bylaws, which require advance notice to the Company and certain other information. If you are interested in recommending a director candidate, you may request a free copy of the Company's Bylaws by writing to the Corporate Secretary of the Company at 1420 Kensington Road, Suite 220, Oak Brook, Illinois 60523.

The current membership of the Board represents a diverse mix of directors in terms of background and expertise. In considering whether to recommend persons to be nominated for directors, the Governance

Committee will apply the criteria set forth in the Company's Corporate Governance Guidelines, which include but are not limited to:

- Business experience;
- Integrity;
- Absence of conflict or potential conflict of interest;
- Ability to make independent analytical inquiries;
- Understanding of the Company's business environment; and
- Willingness to devote adequate time to Board duties.

While the Company's Corporate Governance Guidelines do not prescribe specific diversity standards, they do provide that the Board will seek a diversified membership for the Board as a whole, in terms of both the personal characteristics of individuals involved and their various experiences and areas of expertise. When identifying and evaluating candidates, the Governance Committee, as a matter of practice, also considers whether there are any evolving needs of the Board that require experience in a particular field, and may consider additional factors it deems appropriate. The Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Governance Committee also conducts regular reviews of current directors who may be proposed for re-election and their past contributions to the Board.

Under the Company's Corporate Governance Guidelines, no director may be nominated for re-election following their 72nd birthday. On the recommendation of the Governance Committee, the Board may waive this requirement as to any director if it deems a waiver to be in the best interests of the Company. The Corporate Governance Guidelines are made available on the Company's website.

Director Resignation Policy

In an uncontested election (i.e., an election where the number of nominees is not greater than the number of directors to be elected), any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election (a "Majority Withheld Vote") shall promptly tender his or her resignation following certification of the stockholder vote. The Governance Committee shall promptly consider the resignation offer and make a recommendation to the Board. The Board will act on the Governance Committee's recommendation within 90 days following certification of the stockholder vote. Thereafter, the Board will promptly publicly disclose its decision regarding whether to accept the director's resignation offer. Any director who tenders his or her resignation shall not participate in the Governance Committee recommendation or Board action regarding whether to accept the resignation offer. However, if each member of the Governance Committee received a Majority Withheld Vote at the same election, then all non-employee directors on the Board who did not receive a Majority Withheld Vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them.

Corporate Governance

Board Leadership

The Company has no policy that requires the combination or separation of the roles of Chairperson or Chief Executive Officer. Presently, Mr. Scheinkman, the Company's Chief Executive Officer and President, serves as Chairperson of the Board, and Mr. Segal, a non-employee independent director, has served as Lead Independent Director since November 10, 2017. In his role as Lead Independent Director, Mr. Segal presides over executive sessions of the independent directors and presides over meetings of the full Board in the absence of the Chairperson. The Company has historically separated the positions of Chief Executive Officer and Chairperson of the Board, allowing its Chief Executive Officer to focus on the day-to-day business, while allowing the Chairperson to lead the Board in its fundamental role of providing advice to, and independent oversight of, management. Upon emergence from Chapter 11 bankruptcy, Mr. Scheinkman, who was serving as Chief Executive Officer and President, assumed the role of Chairperson of the Board.

Due to Mr. Scheinkman's familiarity with the Company's business and his knowledge of the Company's industry, the Board believes that combining the roles of Chief Executive Officer and Chairperson of the Board uniquely positions Mr. Scheinkman to identify strategic priorities and to lead the Board in discussions regarding strategy, business planning, and operations during this critical post-restructuring period. This structure also allows for efficient decision making and provides a unified strategic vision and clear leadership for the Company in this crucial time.

The Chairperson of the Board:

- Provides strategic leadership and guidance;
- Establishes the agendas for Board meetings, with advice from executive and senior management teams;
- Advises and consults with the executive and senior management teams regarding strategies, risks, opportunities, and other matters; and
- Presides over meetings of the full Board.

While the Board believes the Company's leadership model provides appropriate oversight and an effective governance structure, it recognizes that, depending on the circumstances, other leadership models, such as separating the roles of Chief Executive Officer and Chairperson of the Board, might be appropriate. Accordingly, the Board periodically reviews its leadership structure.

Standing Board Committees

The Board has three standing committees: the Audit Committee, the Governance Committee and the Human Resources Committee. Each committee has a written charter adopted by the Board, copies of which are posted under the "**Corporate Governance**" section of the Company's website at

<https://castlemetals.com/investors/corporate-governance>.

Each Committee reviews the appropriateness of its charter and performs a self-evaluation at least annually. The Board will review the composition of each committee in light of the expected changes to the Board's composition as a result of the annual meeting of stockholders each year.

The following summarizes the current membership and responsibilities of each of the Company's three standing Board Committees:

Audit Committee

The Company's Audit Committee reviews the Company's audited financial statements with management, reviews the qualifications, performance and independence of the Company's independent registered public accountants, approves audit fees and fees for the preparation of the Company's tax returns, reviews the Company's accounting policies and internal control procedures and considers and appoints the Company's independent registered public accountants. The Audit Committee has the authority to engage the services of independent outside experts and advisors as it deems necessary or appropriate to carry out its duties and responsibilities.

The Audit Committee oversees the annual risk management assessments, monitors reports received on the Company's incident reporting hotline, oversees the Company's compliance program, including an annual review of the Code of Conduct, and prepares the "Report of the Audit Committee" for its stockholders on page 32.

Governance Committee

The Company's Governance Committee oversees all aspects relating to corporate governance, including acting as an independent committee evaluating transactions between the Company and directors and officers of the Company, governance policies and practices, reviews governance-related legal and regulatory matters that could impact the Company, reviews and makes recommendations on the overall size and composition of the Board and its Committees, oversees Board recruitment, including identification of potential director candidates, evaluating candidates, and recommending nominees for membership to the full Board, and leads the annual self-evaluation of the Board and its Committees and reports the results. The Governance Committee has the authority to engage the services of outside consultants and advisors as it deems necessary or appropriate to carry out its duties and responsibilities.

Human Resources Committee

The Company's Human Resources Committee assists the Board in the discharge of its responsibilities with respect to employee compensation including the adoption, periodic review and oversight of the Company's compensation strategy, policies and plans. The Human Resources Committee approves and administers the incentive compensation and equity-based plans of the Company. The Human Resources Committee has the authority to engage the services of outside experts and advisors as it deems necessary or appropriate to carry out its duties and responsibilities.

Director Independence; Financial Expert

While the Company's current listing exchange, the OTCQB market, does not provide any guidance in its listing standards, the Company has adopted governance standards substantially similar to the NASDAQ listing standards. The Board has affirmatively determined that each current board member, except for Mr. Scheinkman, is "independent" within the definitions contained in the current NASDAQ listing standards and the standards set by the Board in the Company's Corporate Governance Guidelines. Furthermore, the Board has determined that all members of the Company's Audit Committee meet the financial sophistication requirements of the NASDAQ listing standards. The Board has determined that Mr. Brodsky qualifies as an "audit committee financial expert" for purposes of the SEC rules.

Board Meetings and Attendance

During 2017, the Board held eleven meetings. The Board's non-employee directors met in regularly scheduled executive sessions to evaluate the performance of the Chief Executive Officer and to discuss other corporate matters. Mr. Gary Masse, the Chairperson of the Board from January 1, 2017 to February 9, 2017, presided as the chair at the only meeting of the Board held during his chairpersonship. Ms. Pamela Forbes Lieberman, the Chairperson of the Board from February 9, 2017, to August 31, 2017, presided as the chair at all of the eight meetings of the Board held during her chairpersonship. Mr. Steven Scheinkman, the Chairperson of the Board from September 1, 2017, to December 31, 2017, presided as the chair at both of the two meetings of the Board held during his chairpersonship. Additionally, during 2017, there were four meetings of the Audit Committee, four meetings of the Governance Committee, and three meetings of the Human Resources Committee. Each of the directors attended 75% or more of all the meetings of the Board and the Committees on which he or she served. The Company did not hold an Annual Meeting of Stockholders in 2017 as a result of its restructuring.

Non-Employee Director Compensation

Cash Compensation

The Company's director compensation program provides that the cash compensation paid to, or earned by, its non-employee directors will be comprised of the following components:

Role	Annual Retainers*
Director	\$60,000
Non-Employee Board Chairperson	\$40,000
Audit Committee Chairperson	\$10,000
Governance Committee Chairperson	\$5,000
Human Resources Committee Chairperson	\$7,500

*Retainers are paid in quarterly installments.

The Company also maintained a Directors Deferred Compensation Plan, until its termination on November 10, 2017, under which a director was permitted to defer receipt of up to 100% of his or her board compensation for the following year. A director was permitted to defer board compensation into either an interest or a stock equivalent investment option. Compensation held in the interest account was credited with interest at the rate of 6% per year compounded annually. Compensation deferred in the stock equivalent accounts were divided by the closing price of the Company's common stock on the day as of which such compensation would otherwise have been paid to the director to yield a number of stock equivalent units.

Disbursement of the interest account and the stock equivalent unit account would be made only upon a director's resignation, retirement, or death as a lump sum or in installments on one or more distribution dates at the director's

election made at the time of the election to defer compensation.

Equity-Based Compensation

Historically, directors have received an annual restricted stock award in an amount valued at \$70,000, based upon the 60-day trailing average stock price on the date of grant. The Company did not make any restricted stock awards to the directors in 2017. At its March 2018 meeting, following its restructuring, and after consultation with its executive compensation consultant and consideration of certain director compensation benchmarking and other relevant data, the Board approved amendment of the yearly restricted stock grant to \$90,000, based upon the 60-day trailing average stock price on the date of grant.

Other Compensation

Reimbursement is made for travel and accommodation expenses incurred to attend meetings and participate in other corporate functions and for the cost of attending one director continuing education program annually. For each director, the Company pays and maintains coverage for personal excess liability, business travel accident, and director and officer liability insurance policies.

Code of Conduct

The Board has adopted a Code of Conduct for Directors and a Code of Conduct for Officers. A copy of each Code of Conduct policy can be found on the "**Corporate Governance**" section of the Company's website at <https://castlemetals.com/investors/corporate-governance>.

Every Director and Officer is required to read and follow the Code(s) that is/are applicable to their role. Any waiver of either Code of Conduct requires the approval of the Governance Committee, and must be promptly disclosed to the Company's stockholders and the public. The Company intends to disclose on the "**Corporate Governance**" section of its website any material amendments to, or waivers from, the Code of Conduct.

Related Parties

The Company's Related-Party Transactions Policy governs the review, approval and ratification of transactions involving the Company and related persons where the amount involved exceeds \$120,000. Related persons include:

The Governance Committee considers all of the relevant facts and circumstances available, including but not limited to:

- the impact on a director's independence, in the event such person is an outside director; and
- whether the proposed transaction would present an improper conflict of interest.

In the event that the Company becomes aware of a related-party transaction that has not been previously approved or ratified by the Governance Committee, a similar process will be undertaken by the Governance Committee in order to determine if the existing transaction should continue or be terminated.

A copy of the Company's Related-Party Transactions Policy can be found on the "**Corporate Governance**" section of its website at <https://castlemetals.com/investors/corporate-governance>.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors and beneficial owners of more than 10% of the Company's common stock to file reports of ownership of the Company's common stock with the SEC and to furnish the Company with a copy of those reports.

Based on the Company's review of the reports and upon the written confirmation that the Company received from each of its executive officers and directors, the Company believes that all Section 16(a) reports were timely filed in 2017.

Proposal No. 2: Advisory Vote to Approve
Executive Compensation

Stockholders are being asked to approve, on an advisory non-binding basis, the compensation of the Named Executive Officers as described in this Proxy Statement.

Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote for the non-binding, advisory stockholder vote on the compensation of the Named Executive Officers, although they will be considered present for the purpose of determining the presence of a quorum.

The Company seeks to closely align the interests of the Named Executive Officers with the interests of the Company's stockholders. Pay for performance is an essential element of the Company's compensation philosophy. The Company's compensation programs are designed to reward the Named Executive Officers for the achievement of short-term and long-term strategic and operational goals, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

As a result of its restructuring, the Company did not hold an annual meeting of stockholders in 2017 and, therefore, there was no advisory vote to approve the Company's executive compensation last year. The Company currently conducts annual advisory votes on executive compensation.

This Proposal 2, commonly known as a "say-on-pay" proposal, is not intended to address any specific element of compensation; rather, your vote relates to the overall compensation structure of the Named Executive Officers, as described in this Proxy Statement. The Company asks you to support the following resolution:

"RESOLVED, that the stockholders APPROVE, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables, and narrative discussion."

ü Our Board recommends that you vote FOR the advisory vote to approve executive compensation.

Executive Compensation

In this section, the Company describes its compensation programs and policies and the material elements of compensation for the year ended December 31, 2017 for its Chief Executive Officer, the principal executive officer (“PEO”) and its two most highly compensated executive officers serving as executive officers at the end of 2017, other than the PEO, whose total compensation was in excess of \$100,000. The Company refers to all individuals whose executive compensation is disclosed in this proxy statement as its Named Executive Officers (collectively, the “Named Executive Officers”).

Compensation Consultant

The Human Resources Committee engaged Willis Towers Watson (“Willis”) during the fiscal year ended December 31, 2017, to consult regarding executive officer and director compensation.

- Reviews the Company’s executive stock ownership guidelines, compared to industry peer groups and broader market practices.
- Reviews the Company’s director compensation program compared to industry peer groups and broader market practices.

(1) The amounts in this column reflect Restructuring Awards paid to the Named Executive Officers upon the successful completion of the Company's chapter 11 restructuring in August 2017.

The amounts in this column for 2017 reflect the aggregate grant date fair value of stock-based awards (other than stock options) granted in the year pursuant to the Company’s 2017 MIP, computed in accordance with FASB ASC (2) Topic 718. These amounts are not paid or realized by the officer. Additional information about these values is included in Note 9 to the Company’s audited consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2017.

The amounts reported in this column reflect the aggregate grant date fair value of stock options granted under the 2016-2018 Long Term Compensation Plan (the “2016-2018 LTCP”) computed in accordance with ASC Topic 718. (3) Additional information about these values is included in Note 9 to the Company’s audited consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2017. The 2016-2018 LTCP and awards thereunder were terminated upon the Company’s emergence from bankruptcy on August 31, 2017.

(4) Reflects the cash awards under the Company’s STIP (amounts earned during the applicable fiscal year but paid after the end of that fiscal year).

Reflects the actuarial change in the present value of the Named Executive Officer’s benefits under the Salaried Pension Plan determined using assumptions consistent with those used in the Company’s financial statements. Pension accruals ceased for all Named Executive Officers in 2008, and Named Executive Officers hired after that date are not eligible for coverage under any pension plan. Accordingly, the amounts reported for the Named (5) Executive Officers do not reflect additional accruals but reflect the fact that each of them is one year closer to “normal retirement age” as defined under the terms of the Salaried Pension Plan as well as changes to other actuarial assumptions. For 2017, there was an actuarial increase in the present value of the benefits under the Salaried Pension Plan for Mr. Anderson in the amount of \$1,049.

(6) The amounts shown are detailed in the supplemental “All Other Compensation Table – Fiscal Year 2017” below.

Elements of Compensation

The Company has three elements of total direct compensation: base salary, annual incentives, and long-term incentives, which are described in the following table. The Company also provides the Named Executive Officers with limited perquisites and standard retirement and benefit plans (see the sections below entitled “Retirement Benefits” and “Perquisites and Other Personal Benefits”).

2017 Total Compensation Pay Mix⁽¹⁾

Reflects target annual total direct compensation (e.g., excludes special one-time awards and equity grants such as promotional/hire on grants or the restructuring awards received in 2017). Only tranche A of the 2017 MIP, over its three year life, was included in this analysis. Any awards that may be made in the future from tranche B have not been included. For more information on the MIP see below section titled “2017 Management Incentive Plan.”

In the past year, the Company has made significant enhancements to its compensation program to further align leadership performance by focusing on future stock price appreciation to increase value to the Company’s stockholders.

Base Salary

With the exception of the CEO, whose compensation was reviewed and recommended by the Human Resources Committee and approved by the independent members of the Board, the Human Resources Committee reviewed and approved the base salaries of the Named Executive Officers in 2017. In each case, the Human Resources Committee took into account the CEO's recommendation, as well as experience, internal equity, the performance of each Named Executive Officer during the year, and external competitive compensation data, among other factors. Fixed compensation recognizes individual performance, seniority, scope of responsibilities, leadership skills, experience, and succession planning considerations. The Board did approve an increase in the base salary of Mr. Edgar in 2017 as compared to 2016.

Annual Incentives

Annual incentives are awarded under the Company's Short-Term Incentive Program ("STIP") and are subject to the terms of the A. M. Castle & Co. 2017 Management Incentive Plan ("MIP"). The purpose of the STIP is to provide variable compensation based on Company performance against annually established key operational and financial measures, as well as individual performance. Metrics and targets under the STIP are evaluated each year for alignment with business strategy.

2017 STIP Payouts

For the 2017 STIP, the Board approved a plan for the Named Executive Officers that focused on three metrics: (1) profitability as measured by EBITDA; (2) working capital management as measured by free cash flow from operations; and (3) sales volume increases as measured in total pounds of metal sold. Because the 2017 STIP was

approved prior to the Board's decision to pursue a comprehensive restructuring of the Company's balance sheet, the plan also provided that it could be amended in the event of a "material change," including restructuring or refinancing activities. As a result, in March 2018, the Human Resources Committee and the full Board reviewed performance under the 2017 STIP, found that the restructuring efforts undertaken during the year materially impacted the performance of the Company in 2017, and therefore the structure and metrics originally provided for in the 2017 STIP, and that adjustment of the plan was necessary and equitable to the Named Executive Officers, and in the best interest of the Company, its stockholders, and other stakeholders. As a result, the Human Resources Committee and the full Board unanimously voted to amend the 2017 STIP to adjust the weighting and measurement of the performance metrics provided in the plan, and approved the following payouts under the 2017 STIP based on those updated metrics: Mr. Scheinkman, \$513,744; Mr. Anderson, \$142,268; and Mr. Edgar, \$201,546, each representing 63.23% of target individual incentive opportunities.

2017 Management Incentive Plan

At the Company's emergence from restructuring proceedings on August 31, 2017, the MIP became effective. The Human Resources Committee administers the MIP and has broad authority under the MIP, among other things, to: (i) select participants; (ii) determine the terms and conditions, not inconsistent with the MIP, of any award granted under the MIP; (iii) determine the number of shares of the Company's common stock to be covered by each award granted under the MIP; and (iv) to determine the fair market value of awards granted under the MIP. Persons eligible to receive awards under the MIP include officers and employees of the Company and its subsidiaries. The types of awards that may be granted under the MIP include stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares, and other forms of cash or stock based awards.

The Company grants long-term incentive awards under the MIP to the Named Executive Officers to reward performance over a multi-year time period. Equity-based compensation remains an important component of the Company's overall compensation strategy to align the interests of the Named Executive Officers with the interests of its stockholders and serves as an important tool for the Company with respect to attracting and retaining executive talent.

Grant of Tranche A of the 2017 MIP

At the Company's emergence from restructuring proceedings on August 31, 2017, the Named Executive Officers received awards of restricted stock under the Tranche A of the MIP which fully vest on their three year anniversary. The Named Executive Officers also received convertible notes under Tranche A of the MIP, which also vest and become convertible on their three year anniversary: Mr. Scheinkman, was awarded 607,035 shares of restricted stock and 222,908 shares of common stock upon conversion of the convertible notes; Mr. Anderson, was awarded 320,861 shares of restricted stock and 117,823 shares of common stock upon conversion of the convertible notes; and Mr. Edgar, was awarded 320,861 shares of restricted stock and 117,823 shares of common stock upon conversion of the convertible notes.

Retirement Benefits

The following retirement plans are generally available to all non-union, salaried employees, including the Named Executive Officers:

•**Salaried Pension Plan.** The Company maintains the Salaried Employees Pension Plan (the "Salaried Pension Plan"), a qualified, noncontributory defined benefit pension plan covering eligible salaried employees who meet certain age and service requirements. As of June 30, 2008, the benefits under the Salaried Pension Plan were frozen. There are no enhanced pension formulas or benefits available to the Named Executive Officers. Of the current Named

Executive Officers, only Mr. Anderson is eligible to receive benefits under the Salaried Pension Plan.

401(k) Savings and Retirement Plan. The Company maintains the 401(k) Savings and Retirement Plan (the “401(k) Plan”), a qualified defined contribution plan, for its employees in the United States who work full-time. There are no enhanced 401(k) benefits available to the Named Executive Officers. Refer to the All Other Compensation Table above for the Company’s contributions to each Named Executive Officer under the 401(k) Plan.

The Company also maintains the following plan that is available to a limited number of senior management employees, including the Named Executive Officers:

Supplemental 401(k) Savings and Retirement Plan. The Company maintains an unfunded, nonqualified, deferred compensation plan, the Supplemental 401(k) Plan (the “Supplemental 401(k) Plan”), for its executive officers and senior management. The Supplemental 401(k) Plan has investment options that mirror the Company’s 401(k) Plan and provide participants with the ability to save for retirement with additional tax-deferred funds that otherwise would have been limited due to IRS compensation and benefit limitations. Refer to the All Other Compensation Table above for the Company’s contributions to each participating Named Executive Officer under the Supplemental 401(k) Plan.

Perquisites and Other Personal Benefits

The Company provides the following limited perquisites to the Named Executive Officers: automobile usage or stipends; phone allowances; personal excess liability coverage policy; reimbursement of spousal travel expenses on Company business in certain limited instances; and medical, dental, life insurance, short-term, and long-term disability coverage (standard benefits available to most of its employees). From January 1, 2017, through September 30, 2017, the Company provided reimbursement of certain housing costs to Mr. Scheinkman, who was required to maintain a residence in the Chicago area when he was appointed CEO. Beginning October 1, 2017, Mr. Scheinkman was provided a monthly living allowance towards living expenses.

Employment-Related Agreements

To assure stability and continuity of management, the Company has entered into Amended and Restated Employment Agreements dated May 15, 2017, with each of the Named Executive Officers.

Executive Compensation Philosophy

Each year, the Human Resources Committee reviews and approves the Company's overall Compensation Philosophy and Strategy. Pay for performance is an essential element of the Company's executive compensation philosophy. The Company's executive compensation programs are designed so that a significant portion of an executive's compensation is dependent upon the performance of the Company. Measures of financial performance for short-term and long-term incentive programs, and the use of equity, are intended to align compensation with the creation of stockholder value. Threshold, target, and maximum performance goals under incentive programs are selected so as to generate minimum, target, or maximum payouts, commensurate with performance, respectively.

These programs are designed to provide a total compensation opportunity for the Named Executive Officers that is competitive with the total compensation opportunity offered to executives with similar responsibilities at comparable companies, also known as the "market median guideline." Actual compensation will differ from the targeted opportunity based on actual Company performance. Total compensation is the aggregate of the following categories: (i) base salary; (ii) short-term incentive compensation; and (iii) long-term incentive compensation. In reviewing the Named Executive Officers' target total cash compensation and total direct compensation opportunities, the Human Resources Committee generally uses the fiftieth percentile of the competitive market data ("market median," as described below) as a guideline. In 2017, based on Company performance, the comprehensive Restructuring completed, and corresponding incentive plan achievement, the actual total cash compensation and actual total direct compensation of the Named Executive Officers was consistent with this market median evaluation. Other factors considered by the Human Resources Committee in setting each Named Executive Officer's opportunity are experience, internal equity (rational linkage between job responsibilities and total compensation opportunities across all jobs within the Company), individual executive performance, and the alignment between Company performance and executive pay.

Executive Compensation Process

Oversight of the Executive Compensation Programs

The Human Resources Committee oversees the Company's executive compensation programs, operating under a charter that is reviewed annually and approved by the Board. All members of the Human Resources Committee are required to be independent under the NASDAQ listing standards definitions of "Independence". The Human Resources Committee operates with the assistance of an executive compensation consultant, who is engaged on an annual basis and is also independent of the Company and management.

Process for the CEO

Early each year, the Board meets in executive session with the CEO to discuss the CEO's prior year performance, and to identify tentative goals for the upcoming year.

As with the process for the other Named Executive Officers, the Human Resources Committee considers individual performance, Company performance, and the analysis of its compensation consultant when setting the CEO's compensation. The Human Resources Committee develops recommendations for CEO compensation for the upcoming year for consideration by the Board.

The Board meets annually, without the CEO present, to consider the recommendations of the Human Resources Committee, determine any compensation adjustments applicable to the CEO, and finalize the CEO's goals and objectives for the upcoming year. The independent members of the Board then meet with the CEO.

Process for Executives other than the CEO

The Company utilizes a formal performance management process to establish goals for its executive officers, including the Named Executive Officers, and to evaluate management performance. The Human Resources Committee annually reviews the performance of the executive officers with the CEO and the CEO's recommendation for any changes in the executive officers' compensation.

The CEO's performance review of the executive officers addresses each executive's performance relative to established financial and personal objectives and specific project assignments, and includes a review of the following leadership competencies:

- Strategic leadership;
- Driving execution;
- Cross-functional alignment and collaboration;
- Decision making;
- Talent management;
- Engaging and influencing others; and
- Business, financial, and other relevant subject matter acumen.

In addition to the reviews of individual executive performance, the Human Resources Committee takes into account the overall performance of the Company (as related to the short term and long term incentive plans), as well as the analysis and findings of its executive compensation consultant regarding market pay levels and practices.

The Human Resources Committee also reviews and approves the material terms of any employment, severance, and change-in-control agreements with the Named Executive Officers, with a view to approving terms that are competitive in the marketplace and that serve to attract, motivate and retain executives.

Benchmarking

In order to establish the market median guideline, the Human Resources Committee reviews competitive market compensation data on an annual basis, including the compensation practices of selected similar companies (the "Compensation Peer Group"), and broader industry compensation data provided by its executive compensation consultant.

The Compensation Peer Group consists of publicly-traded corporations that operate either in the metals industry or in the distribution of industrial products, with a focus on those that have similar business models to the Company. The Compensation Peer Group for 2017 included eighteen companies as listed below:

Ampco-Pittsburgh	Kaiser Aluminum
Applied Industrial Tech, Inc.	Kaman Corporation
Carpenter Technology Corp.	L.B. Foster
DXP Enterprises	Lawson Products, Inc.
Gibraltar Industries, Inc.	Olympic Steel Inc.
Global Brass and Copper Holdings	RTI International Metals
Handy & Harman	Schnitzer Steel Industries, Inc.
Haynes International, Inc.	Shiloh Industries, Inc.
Houston Wire & Cable	Worthington Industries, Inc.

Additional Executive Compensation Information and Policies

Stock Ownership Guidelines

The Company maintains an executive stock ownership guideline for ownership of the Company's stock by the Named Executive Officers. The program is designed to further strengthen alignment between the interests of executive management and those of the Company's stockholders. The guidelines currently provide the following:

- Named Executive Officers must reach stock ownership levels (provided in table below) within five years of their appointment as an officer.

Until the Named Executive Officer meets the stock ownership requirement, the Named Executive Officer must

- retain 100% of the after-tax shares of vested restricted stock and 100% of the net after-tax shares of an option exercise.

After the Named Executive Officer meets the stock ownership requirement, the Named Executive Officer must

- retain at least 50% of the after-tax shares of vested restricted stock and 100% of the net after-tax shares of an option exercise for a period of six months.

- Compliance reports are presented to the Human Resources Committee on an annual basis.

Shares owned outright and beneficially, shares held in nonqualified retirement plans, performance-based shares earned but not yet paid, time-based restricted stock and restricted stock units, and vested stock options count toward satisfaction of the ownership guidelines. Unexercised, vested stock options are valued at the amount recognized by the Company for financial statement reporting purposes.

- Unvested stock options and unearned performance shares do not help satisfy ownership requirements.

The table below describes the ownership guidelines for each Named Executive Officer actively employed as of December 31, 2017.

Name	Ownership Requirement as a % of Base Salary	Number of Shares Required ⁽¹⁾	Number of Shares Owned	Date to Meet Requirements
Steven Scheinkman	500%	826,972	607,127	04/16/2020
Patrick Anderson	300%	381,679	321,142	09/26/2019
Marec Edgar	100%	540,712	320,964	04/01/2019

(1) The Company's Executive Stock Ownership Guidelines provide that the ownership value will be calculated based on the executive's base salary and the "fair market value" of the stock at the time that the ownership

value is measured, rather than at the time of the initial acquisition of the stock. For purposes of the valuation, “fair market value” of the stock means the average stock price of the Company’s common stock for the 200-day period prior to the measurement date, and in the case of vested unexercised stock options the “fair market value” shall equal the dollar value of those awards recognized by the Company for financial statement reporting purposes. In connection with the Company’s reorganization and emergence from bankruptcy, all of our outstanding pre-emergence common stock and all other equity interests in the Company were cancelled. From August 31, 2017, through November 8, 2017, our new common stock traded on the OTC Pink tier of the OTC Markets Group, Inc. On November 9, 2017, our new common stock began trading on the OTCQB tier of the OTC Markets Group, Inc. under the symbol “CTAM”. For purposes of calculating the values in this column, the “fair market value” is based on the average closing price of the Company’s new common stock from and after the Company’s emergence from bankruptcy on August 31, 2017 through December 31, 2017.

Severance and Change in Control Benefits

In order to attract and retain an appropriate caliber of talent, the Company provides the Named Executive Officers with the opportunity to be protected under severance and change in control agreements.

Compensation Recovery Policy

The Company has adopted a compensation recovery (or “clawback”) policy that requires paid incentive compensation to be recovered by the Company to the extent such compensation would have been lower due to restated financial results. The Human Resources Committee has the authority to calculate the amount of any overpayment and, in its sole discretion, to seek to recover amounts determined to have been inappropriately received by any current or former executive of the Company.

The clawback policy provides that overpayments of compensation should be recovered within twelve months after an applicable restatement of financial results.

Anti-Hedging and Anti-Pledging Policy

Under the Company’s Insider Trading Policy, its directors and executive officers are prohibited from (i) hedging the economic interest in the Company’s securities, and (ii) purchasing securities on margin, holding Company securities in a margin account, or pledging Company securities as collateral for a loan.

Tax and Accounting Implications of Executive Compensation

Code 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any one year with respect to each of the Named Executive Officers, with the exception of its Chief Financial Officer for the 2017 fiscal year. There is an exception to the \$1,000,000 limitation for performance-based compensation for the 2017 year that meets certain requirements. To the extent deemed necessary and appropriate by the Human Resources Committee, the Company’s short- and long-term incentive plan awards may be designed to be performance-based to meet the requirements of Section 162(m) of the Code, so that such amounts may be excluded from the \$1,000,000 cap on compensation for deductibility purposes. The following types of compensation generally do not meet the requirements of performance-based compensation under Section 162(m) of the Code:

- Base salary;
- Discretionary bonuses; and
- Restricted stock awards.

In December 2017, the Tax Cuts and Jobs Act (“Tax Act”) eliminates the exemption from Section 162(m)’s deduction limit for performance based compensation, effective for tax years beginning after December 31, 2017, unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. In addition, the Tax Act broadened the list of covered persons to include the principal financial officer. As result of the Tax Act, beginning with the Company’s 2018 tax year, compensation paid to any of its named executive officers, including performance-based compensation in excess of \$1 million generally will not be deductible, with the exception of certain compensation payment arrangements in place as of November 2, 2017.

All of the Company’s incentive awards and individual incentive awards are subject to Federal income, FICA, and other tax withholding as required by applicable law. The Human Resources Committee has the discretion to adjust STIP and MIP award payments, subject to the terms of those plans and any individual employment or other relevant agreements with the affected executive(s). In doing so, the Human Resources Committee historically considers the requirements of Section 162(m) of the Code. While the Human Resources Committee generally intends to provide incentive compensation opportunities to the Company’s executives in as tax-efficient a manner as possible, the Company recognizes that at times it may be in the best interests of stockholders to provide non-deductible incentive compensation, and the Company specifically reserves the right to do so and considers this potential cost in determining compensation payments. The Company accounts for stock-based payments, including stock options, restricted stock and the performance share awards in accordance with the requirements of ASC Topic 718.

(2) Based on an initial conversion rate of 0.2654 shares of common stock per \$1.00 principal amount of the Company's the Second Lien Notes. The conversion rate is subject to adjustment from time to time pursuant to the terms of the

indenture governing the Second Lien Notes. Because the conversion price of the Second Lien Notes is subject to downward adjustment, the Second Lien Notes may be convertible, including in connection with a Fundamental Change (as defined in the indenture governing the Second Lien Notes), into a greater number of shares in the future. In addition, the Company may, in certain circumstances, pay interest on the Second Lien Notes in kind, which would result in additional Second Lien Notes outstanding and available for conversion.

Proposal No. 3: Advisory Vote on the Frequency
of Say-On-Pay Votes

Stockholders are being asked to vote on an advisory (non-binding) basis, as to how frequently the Company should seek future advisory votes on the compensation of its named executive officers.

Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote for the advisory vote on the frequency of say-on-pay, although they will be considered present for the purpose of determining the presence of a quorum.

The Dodd-Frank Act provides that stockholders must be given the opportunity to vote, on an advisory (non-binding) basis, for their preference as to how frequently the Company should seek future advisory votes on the compensation of the named executive officers. By voting with respect to this Proposal 3, stockholders may indicate whether they would prefer that the Company conducts future advisory votes on executive compensation once every one, two, or three years. Shareholders also may, if they wish, abstain from casting a vote on this Proposal 3. This non-binding “frequency” vote is required at least once every six years beginning with the Company’s 2011 annual meeting. Due to the Restructuring, the Company did not hold an annual meeting of stockholders in 2017.

After careful consideration of this Proposal 3, the Company’s Board has determined that an advisory vote on executive compensation that occurs annually is the most appropriate alternative for the Company, and therefore the Board recommends that you vote for a one-year interval for the advisory vote on executive compensation.

In formulating its recommendation, the Company’s Board considered that an advisory vote on executive compensation every year will allow its stockholders to provide timely, direct input on the Company’s executive compensation philosophy, policies, and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company’s efforts to engage in an ongoing dialogue with its stockholders on executive compensation and corporate governance matters.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years, or abstain from voting when you vote in response to the resolution set forth below.

“RESOLVED, that the stockholders determine on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company’s named executive officers as set forth in the Company’s proxy statement should be every one year, every two years, or every three years.”

Because this vote is advisory and not binding on the Board in any way, the Board may decide that it is in the best interests of the Company’s stockholders and the Company to hold an advisory vote on executive compensation more or

less frequently than the option approved by its stockholders.

ii Our Board recommends that you vote FOR a frequency of every ONE YEAR for future advisory votes on executive compensation.

Proposal No. 4: Ratification of Appointment of Auditors

Stockholders are being asked to ratify the appointment of Deloitte & Touche LLP (“Deloitte”), a registered public accounting firm, to serve as the Company’s Independent Auditors for the fiscal year ending December 31, 2018. Although the Audit Committee has the sole authority to appoint the independent auditors, as a matter of good corporate governance, the Board submits its selection of the independent auditors to the Company’s stockholders for ratification. If the stockholders should not ratify the appointment of Deloitte, the Audit Committee will reconsider the appointment.

Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote for the ratification of the appointment of Deloitte, although they will be considered present for the purpose of determining the presence of a quorum.

Deloitte has been the Company’s independent auditor since 2002 and has been appointed by the Audit Committee as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018. If the appointment of Deloitte as auditor for 2018 is not approved by the Company’s stockholders, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during 2018 if it determines that such a change would be in the best interests of the Company and its stockholders.

A representative from Deloitte will be present at the Annual Meeting and will have the opportunity to make a statement. The representative will also be available to respond to appropriate questions.

ü Our Board recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP as independent auditors.

The Company has not retained an external proxy solicitor for 2018. What is Householding?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. If you receive notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker directly or direct your written request to: Corporate Secretary, A.
