NEXSTAR BROADCASTING GROUP, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Business Operations

As of June 30, 2010, Nexstar Broadcasting Group, Inc. ("Nexstar") owned, operated, programmed or provided sales and other services to 59 television stations, all of which were affiliated with the NBC, ABC, CBS, Fox, MyNetworkTV, The CW, This TV, RTN, Azteca America or Telemundo television networks, in markets located in New York, Pennsylvania, Illinois, Indiana, Missouri, Texas, Louisiana, Arkansas, Alabama, Utah, Florida, Montana, Rhode Island and Maryland. Through various local service agreements, Nexstar provided sales, programming and other services to stations owned and/or operated by independent third parties. Nexstar operates in one reportable television broadcasting segment. The economic characteristics, services, production process, customer type and distribution methods for Nexstar's operations are substantially similar and are therefore aggregated as a single reportable segment.

Nexstar is highly leveraged, which makes it vulnerable to changes in general economic conditions. Nexstar's ability to repay or refinance its debt will depend on, among other things, financial, business, market, competitive and other conditions, many of which are beyond Nexstar's control.

Disruptions in the capital and credit markets, as have been experienced in recent years, could adversely affect our ability to draw on our bank revolving credit facilities. Our access to funds under the revolving credit facilities is dependent on the ability of the banks that are parties to the facilities to meet their funding commitments. Those banks may not be able to meet their funding commitments to us if they experience shortages of capital and liquidity or if they experience excessive volumes of borrowing requests from us and other borrowers within a short period of time.

Unless the context indicates otherwise, "Nexstar" refers to Nexstar Broadcasting Group, Inc. and its consolidated subsidiaries Nexstar Finance Holdings, Inc. ("Nexstar Holdings") and Nexstar Broadcasting, Inc. ("Nexstar Broadcasting"), and "Mission" refers to Mission Broadcasting, Inc. All references to "we," "our," and "us" refer to Nexstar. All references to the "Company" refer to Nexstar and Mission collectively.

Liquidity

In April 2010, the Company completed the issuance and sale of \$325.0 million aggregate principal amount of senior secured second lien notes due 2017 (the "Notes"). The net proceeds to Nexstar Broadcasting and Mission from the sale of the Notes were approximately \$316.8 million, net of approximately \$8.2 million original issuance discount. The Notes will mature on April 15, 2017. Interest on the Notes accrues at a rate of 8.875% per annum and is payable semiannually in arrears on April 15 and October 15 of each year, commencing on October 15, 2010. The Company also refinanced its bank credit facilities, among other things, extending maturities, reducing the aggregate principal amount available under the new bank credit facilities, amending the financial covenants and providing additional flexibility thereunder. As of June 30, 2010, we were in compliance with all covenants contained in the amended credit agreements governing our senior secured credit facility and the indentures governing the publicly-held notes.

Nexstar Broadcasting completed the cash tender offer to retire \$34,337,174 (representing 82.47% of the outstanding aggregate principal amount) of aggregate principal amount of Senior Subordinated PIK Notes due 2014 at 104.5% on April 30, 2010. In connection with this tender offer, substantially all restrictive covenants and certain event of default provisions were eliminated. On May 25, 2010, Nexstar Broadcasting purchased an additional \$2.0 million of aggregate principal amount of Senior Subordinated PIK Notes due 2014 at 106.5% plus accrued interest.

On June 30, 2010, Nexstar Broadcasting purchased \$2.0 million of aggregate principal amount of the 7% Senior Subordinated PIK notes due 2014 at 90.25%.

See Note 7 for more details related to these transactions.

2. Summary of Significant Accounting Policies

Interim Financial Statements

The condensed consolidated financial statements as of June 30, 2010 and for the three and six months ended June 30, 2010 and 2009 are unaudited. However, in the opinion of management, such financial statements include all adjustments (consisting solely of normal recurring adjustments) necessary for the fair statement of the financial information included herein in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). The preparation of the condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Results of operations for interim periods are not necessarily indicative of results for the full year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in Nexstar’s Annual Report on Form 10-K for the fiscal year ended December 31, 2009. The balance sheet at December 31, 2009 has been derived from the audited financial statements at that date, but does not include all of the information and footnotes required by U.S. GAAP for complete financial statements.

Basis of Presentation

Certain prior year amounts have been reclassified to conform to the current year presentation.

Principles of Consolidation

The condensed consolidated financial statements include the accounts of Nexstar and its subsidiaries. Also included in the financial statements are the accounts of independently-owned Mission and may include certain other entities where it is determined that the Company is the primary beneficiary of a variable interest entity (“VIE”) in accordance with interpretive guidance for the consolidation of variable interest entities.

All intercompany account balances and transactions have been eliminated in consolidation.

Mission

Mission is included in these condensed consolidated financial statements because Nexstar is deemed to have a controlling financial interest in Mission for financial reporting purposes as a result of (a) local service agreements Nexstar has with the Mission stations, (b) Nexstar’s guarantee of the obligations incurred under Mission’s senior secured credit facility, (c) Nexstar having power over significant activities affecting Mission’s economic performance, including budgeting for Mission’s advertising revenue, advertising and hiring and firing of sales force personnel and (d) purchase options (which expire on various dates between 2011 and 2018) granted by Mission’s sole shareholder which will permit Nexstar to acquire the assets and assume the liabilities of each Mission station, subject to Federal Communications Commission (“FCC”) consent. The purchase options are freely exercisable or assignable by Nexstar without consent or approval by Mission's sole shareholder. The Company expects these option agreements, if unexercised, will be renewed upon expiration. As of June 30, 2010, the assets of Mission consisted of current assets of

\$2.5 million (excluding broadcast rights), broadcast rights of \$2.6 million, FCC licenses of \$20.7 million, goodwill of \$18.7 million, other intangible assets of \$22.9 million, property and equipment of \$27.2 million and other noncurrent assets of \$1.3 million. Substantially all of Mission's assets, except for its FCC licenses, collateralize its secured debt obligation. See Note 15 for a presentation of condensed consolidating financial information of the Company, which includes the accounts of Mission.

Nexstar has entered into local service agreements with Mission to provide sales and/or operating services to the Mission stations. The following table summarizes the various local service agreements Nexstar had in effect with Mission as of June 30, 2010:

Service Agreements Mission Stations

TBA Only(1) WFXP and KHMT

SSA & JSA (2) KJTL, KJBO-LP, KOLR, KCIT, KCPN-LP, KAMC, KRBC, KSAN, WUTR,
WFXW, WYOU, KODE, WTOV and KTVE

- (1) Nexstar has a time brokerage agreement ("TBA") with each of these stations which allows Nexstar to program most of each station's broadcast time, sell each station's advertising time and retain the advertising revenue generated in exchange for monthly payments to Mission.
- (2) Nexstar has both a shared services agreement ("SSA") and a joint sales agreement ("JSA") with each of these stations. Each SSA allows the Nexstar station in the market to provide services including news production, technical maintenance and security, in exchange for Nexstar's right to receive certain payments from Mission as described in the SSAs. Each JSA permits Nexstar to sell the station's advertising time and retain a percentage of the net revenue from the station's advertising time in return for monthly payments to Mission of the remaining percentage of net revenue as described in the JSAs.

NEXSTAR BROADCASTING GROUP, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

2. Summary of Significant Accounting Policies—(Continued)

Nexstar does not own Mission or Mission's television stations; however, Nexstar is deemed to have a controlling financial interest in them under U.S. GAAP while complying with the FCC's rules regarding ownership limits in television markets. In order for both Nexstar and Mission to comply with FCC regulations, Mission maintains complete responsibility for and control over programming, finances and personnel for its stations.

Variable Interest Entities

The Company may determine that a station is a VIE as a result of local service agreements entered into with the owner-operator of stations in markets in which the Company owns and operates a station. The term local service agreements generally refers to a contract between two separately owned television stations serving the same market, whereby the owner-operator of one station contracts with the owner-operator of the other station to provide it with administrative, sales and other services required for the operation of its station. Nevertheless, the owner-operator of each station retains control and responsibility for the operation of its station, including ultimate responsibility over all programming broadcast on its station.

VIEs in connection with local service agreements entered into with stations in markets in which the Company owns and operates a station are discussed below.

Nexstar has determined that it has variable interests in WYZZ, the Fox affiliate in Peoria, Illinois and WUHF, the Fox affiliate in Rochester, New York, each owned by a subsidiary of Sinclair Broadcasting Group, Inc. ("Sinclair"), as a result of outsourcing agreements it has entered into with Sinclair. Nexstar also has determined that it has a variable interest in WHP, the CBS affiliate in Harrisburg, Pennsylvania, which is owned by Newport Television License, LLC ("Newport"), as a result of Nexstar becoming successor-in-interest to a TBA entered into by a former owner of WLYH. Nexstar has evaluated its arrangements with Sinclair and Newport and has determined that it is not the primary beneficiary of the variable interests because we do not have the ultimate power to direct the activities that most significantly impact the economic performance of the stations including developing the annual operating budget, programming and oversight and control of sales management personnel. Therefore Nexstar has not consolidated these stations under authoritative guidance related to the consolidation of variable interest entities. Under the outsourcing agreements with Sinclair, Nexstar pays for certain operating expenses of WYZZ and WUHF, and therefore may have unlimited exposure to any potential operating losses. Nexstar's management believes that Nexstar's minimum exposure to loss under the Sinclair outsourcing agreements consists of the fees paid to Sinclair. Additionally, Nexstar indemnifies the owners of WHP, WYZZ and WUHF from and against all liability and claims arising out of or resulting from its activities, acts or omissions in connection with the agreements. The maximum potential amount of future payments Nexstar could be required to make for such indemnification is undeterminable at this time. Nexstar made payments to Sinclair under the outsourcing agreements of \$1.1 million and \$1.0 million for the three months ended June 30, 2010 and 2009, respectively and \$2.0 million and \$1.4 million for the six months then ended. Nexstar has a balance payable to Sinclair for fees under these arrangements in the amount of \$1.1 million as of June 30 2010, which is recorded as an accrued expense on Nexstar's balance sheet. We also have receivables in the amount of \$2.7 million for advertising aired on these two stations.

Nexstar has also determined that it has a variable interest in Four Points Media Group Holdings, LLC ("Four Points") due to a management services agreement between the two companies. Four Points owns and operates seven

individual stations in four markets. Under this agreement, Nexstar manages the stations for Four Points but does not have ultimate control over the policies or operations of the stations. We have evaluated the business arrangement with Four Points and concluded that Nexstar is not the primary beneficiary of the variable interest because we do not have the ultimate power to direct the activities that most significantly impact the economic performance of the stations including developing the annual operating budget, setting advertising rates, programming and oversight and control of employees responsible for carrying out business activities of the stations. Therefore, we do not consolidate Four Points' financial results into our own. Nexstar has a receivable for management fees from Four Points in the amount of \$0.7 million as of June 30, 2010, which is recorded in accounts receivable. We also have a liability owed to Four Points for retransmission revenue we collect on their behalf in the amount of \$73 thousand as of June 30, 2010, which is recorded as an accrued expense. Nexstar must indemnify Four Points for any claim or liability that arises out of Nexstar's acts or omissions related to the agreement. For this reason, the maximum exposure to loss as a result of our agreement with Four Points is not determinable.

NEXSTAR BROADCASTING GROUP, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

2. Summary of Significant Accounting Policies—(Continued)

Stock-Based Compensation

The Company accounts for stock-based employee compensation plans in accordance with authoritative guidance related to share-based payment, which requires companies to expense the fair value of employee stock options and other forms of stock-based employee compensation in the financial statements over the period that an employee provides service in exchange for the award. Under this guidance, the Company measures compensation cost related to stock options based on the grant-date fair value of the award using the Black-Scholes option-pricing model and recognizes it ratably, less estimated forfeitures, over the vesting term of the award.

The Company recognized stock-based compensation expense of \$1.9 million, of which \$1.6 million related to the stock option repricing discussed below, and \$0.3 million for the three months ended June 30, 2010 and 2009, respectively and \$2.2 million and \$0.7 million for the six months then ended, which was included in selling, general and administrative expenses in the Company's condensed consolidated statements of operations. The Company does not currently recognize a tax benefit resulting from compensation costs expensed in the financial statements because the Company provides a valuation allowance against the deferred tax asset resulting from this type of temporary difference since it expects that it will not have sufficient future taxable income to realize such benefit. Accordingly, the accounting for share-based payments has had no impact on income tax expense reported in the financial statements.

On January 27, 2010, the Compensation Committee approved the repricing of certain stock options to set the new exercise price for the affected options equal to the closing price of the stock on that date (subject to shareholders' approval). On May 27, 2010 ("the modification date"), the shareholders of Nexstar approved the repricing of certain stock options by lowering the exercise price to equal the closing price of Nexstar's stock on January 27, 2010 (which was \$4.56 per share). The repricing applied to any outstanding option with an original exercise price of \$5.00 or more. The total incremental cost of the repricing was calculated to be approximately \$1.8 million, which represents the incremental fair value of the modified awards. Of the \$1.8 million total incremental cost, approximately \$1.6 million has been recognized and included in selling, general & administration expense during the three months ended June 30, 2010. The remaining unrecognized incremental cost will be recognized in addition to the cost (fair value) of the original awards, which will continue to vest and amortize just as they did before the modification.

The weighted-average assumptions used in the Black-Scholes calculations for the before and after modification valuations on May 27, 2010 were as follows:

	Before Modification	After Modification
Expected volatility	129.48%	126.86%
Risk-free interest rates	1.17%	1.30%
Expected term	2.66 years	2.97 years
Dividend yields	0%	0%
Fair value per share	\$4.36	\$5.29

At June 30, 2010, there was approximately \$2.7 million of total unrecognized compensation cost, net of estimated forfeitures, related to stock options that is expected to be recognized over a weighted-average period of 2.6 years.

There were two thousand stock options exercised during the six months ended June 30, 2010 for a total intrinsic value and cash received of \$10 thousand and \$2 thousand, respectively.

Income (loss) Per Share

Basic income (loss) per share is computed by dividing the net income (loss) by the weighted-average number of common shares outstanding during the period. Diluted income (loss) per share is computed using the weighted-average number of common shares and dilutive potential common shares outstanding during the period using the treasury stock method. Potential common shares consist of stock options and the unvested portion of restricted stock granted to employees. For the three and six months ended June 30, 2010 and 2009, there was no difference between basic and diluted net income (loss) per share since the effect of potential common shares were anti-dilutive, and therefore excluded from the computation of diluted net income (loss) per share.

Recent Accounting Pronouncements

In January 2010, the FASB issued authoritative guidance which requires additional disclosures about transfers between Levels 1 and 2 of the fair value hierarchy and disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. This guidance was effective for the Company January 1, 2010, except for the Level 3 activity disclosures, which are effective for fiscal years beginning after December 15, 2010. The adoption of this guidance, which is related to disclosure only, did not have a material impact on the Company's financial position or results of operations.

In June 2009, the FASB issued an amendment to the accounting and disclosure requirements for the consolidation of VIEs. This amendment requires an analysis to determine whether a variable interest gives the entity a controlling financial interest in a variable interest entity for financial reporting purposes. The amendment requires an ongoing reassessment and eliminates the quantitative approach previously required for determining whether an entity is the primary beneficiary. This amendment is effective for our fiscal year beginning January 1, 2010. We adopted the amendment January 1, 2010 and it did not have any impact on the Company's financial position or results of operations.

3. Fair Value Measurements

The Company adopted, effective January 1, 2008, the FASB's accounting and disclosure requirements pertaining to fair value measurements for financial assets and financial liabilities measured on a recurring basis and January 1, 2009, we adopted this standard for non-financial assets and non-financial liabilities. The requirements apply to all financial and non-financial assets and financial and non-financial liabilities that are being measured and reported on a fair value basis. There was no impact for adoption of this standard to the unaudited condensed consolidated financial statements as it relates to financial position or results of operations. This standard requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The standard requires fair value measurement be classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The Company invests in short-term interest bearing obligations with original maturities less than 90 days, primarily money market funds. We do not enter into investments for trading or speculative purposes. As of June 30, 2010 and December 31, 2009, there were no investments in marketable securities.

As of June 30, 2010 and December 31, 2009, the Company had \$4.4 million and \$7.4 million, respectively invested in money market investments. These investments are required to be measured at fair value on a recurring basis. The Company has determined that the money market investment is defined as Level 1 in the fair value hierarchy. As of June 30, 2010 and December 31, 2009, the fair value of the money market investment was an asset of \$4.4 million and \$7.4 million, respectively.

On March 9, 2010, Nexstar and Mission notified the FCC that the transaction would not be consummated. The TBA terminated on May 1, 2010 and the Fox Affiliation agreement was assigned to Nexstar.

7. Debt—(Continued)

The Credit Agreements were amended to, among other things, (i) extend the revolving loan commitments to December 31, 2013 (subject to earlier springing maturity dates), (ii) extend the maturity date of the Term Loan B to September 30, 2016 (subject to earlier springing maturity dates), (iii) amend the financial covenants and provide additional flexibility thereunder, (iv) permit the incurrence of incremental Term Loan B facilities of up to an aggregate amount equal to \$100.0 million, (v) permit Nexstar Broadcasting and Mission, under certain circumstances to incur indebtedness and make restricted payments, in each case, in part, to repurchase or extinguish existing indebtedness, (vi) provide additional flexibility under the covenants and (vii) relieve the respective borrowers from their obligation to make mandatory prepayments under certain circumstances.

The Nexstar Credit Agreement (i) eliminates the requirement that Nexstar Broadcasting maintain a consolidated minimum interest coverage ratio and a consolidated maximum senior leverage ratio and institutes the requirement to maintain a consolidated maximum first lien indebtedness ratio, based on the aggregate first-lien indebtedness maintained by Nexstar and Mission, and (ii) changes the maximum and minimum covenant levels applicable to such financial ratios. Additionally, the Credit Agreement removes mandatory quarterly repayments based on a computation of excess cash flow for the preceding fiscal year.

On April 19, 2010, Nexstar Broadcasting and Mission, as co-issuers, also completed the issuance and sale of \$325.0 million aggregate principal amount of 8.875% senior secured second lien notes due 2017.

On April 19, 2010, Nexstar Broadcasting and Mission used the net proceeds of the offering, which was approximately \$316.8 million, and cash on hand to pay off \$218.3 million of the outstanding term loans and \$53.3 million of the outstanding revolving loans borrowed under the previous Nexstar and Mission Credit Agreements. Further, Nexstar Broadcasting and Mission used the net proceeds and cash on hand, to repurchase \$34.3 million of Nexstar Broadcasting's outstanding Senior Subordinated PIK Notes due 2014 and to pay related fees and expenses and for general corporate purposes.

In conjunction with the amendments to the credit agreements, approximately \$2.5 million related to professional and legal fees were capitalized as debt finance cost and are being amortized over the term of the credit facility. These transactions resulted in a loss on debt extinguishment of approximately \$6.0 million for the six months ended June 30, 2010, including approximately \$2.5 million Nexstar Broadcasting and Mission paid to the creditors related to debt amendments.

Unused Commitments and Borrowing Availability

Nexstar and Mission had \$75.0 million of total unused revolving loan commitments under their respective credit facilities, all of which was available for borrowing, based on the covenant calculations as of June 30, 2010.

Debt Covenants

The Nexstar senior secured credit facility contains covenants which require the Company to comply with certain financial covenant ratios, including (1) a maximum consolidated total leverage ratio of Nexstar Broadcasting and Mission of 9.5 to 1.00 at June 30, 2010, (2) a minimum consolidated first lien indebtedness ratio of 2.50 to 1.00 at any time, (3) a maximum consolidated fixed charge coverage ratio of 1.10 to 1.00 at any time. The covenants, which are formally calculated on a quarterly basis, are based on the combined results of Nexstar Broadcasting and Mission. Mission's bank credit facility agreement does not contain financial covenant ratio requirements, but does provide for default in the event Nexstar does not comply with all covenants contained in its credit agreement. As of June 30, 2010, we are in compliance with all of our covenants.

Collateralization and Guarantees of Debt

The bank credit facilities described above are collateralized by a security interest in substantially all the combined assets, excluding FCC licenses, of Nexstar and Mission. Nexstar and its subsidiaries guarantee full payment of all obligations incurred under the Mission senior secured credit facility in the event of Mission's default. Similarly, Mission is a guarantor of the Nexstar senior secured credit facility and the senior subordinated notes issued by Nexstar Broadcasting.

In consideration of Nexstar's guarantee of Mission's senior secured credit facility, the sole shareholder of Mission has granted Nexstar a purchase option to acquire the assets and assume the liabilities of each Mission station, subject to FCC consent. These option agreements (which expire on various dates between 2011 and 2018) are freely exercisable or assignable by Nexstar without consent or approval by the sole shareholder of Mission. The Company expects these option agreements, if unexercised, will be renewed upon expiration.

NEXSTAR BROADCASTING GROUP, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

7. Debt—(Continued)

The Notes were issued pursuant to an Indenture, dated as of April 19, 2010 (the “Indenture”), by and among Nexstar Broadcasting and Mission, as co-issuers, Nexstar, as guarantor, and The Bank of New York Mellon, as trustee and collateral agent. Nexstar Broadcasting’s and Mission’s obligations under the Notes are jointly and severally, fully and unconditionally guaranteed by Nexstar and all of Nexstar Broadcasting’s and Mission’s future 100% owned domestic subsidiaries.

The net proceeds to Nexstar Broadcasting and Mission from the sale of the Notes were approximately \$316.8 million, net of approximately \$8.2 million original issuance discount. Nexstar Broadcasting and Mission used the net proceeds of the offering, together with borrowings under Nexstar Broadcasting and Mission’s amended senior secured credit facilities and cash on hand, to repurchase \$34.3 million of Nexstar Broadcasting’s outstanding Senior Subordinated PIK Notes due 2014, to refinance Nexstar Broadcasting and Mission’s old senior secured credit facilities, pay related fees and expenses and for general corporate purposes.

The Notes are secured by second-priority liens, subject to certain exceptions and permitted liens, on all of the assets that secure Nexstar Broadcasting’s and Mission’s senior secured credit facilities on a first-priority lien basis. The Notes and the guarantees are Nexstar Broadcasting’s, Mission’s and the guarantors’ senior secured obligations, rank equal in right of payment with all of Nexstar Broadcasting’s, Mission’s and the guarantors’ existing and future senior indebtedness and rank senior in right of payment to all of Nexstar Broadcasting’s, Mission’s and the guarantors’ future subordinated indebtedness. The Notes and the guarantees are effectively junior to Nexstar Broadcasting’s, Mission’s and the guarantors’ obligations which are either secured by assets that are not collateral or which are secured on a first priority basis, including borrowings under Nexstar Broadcasting’s and Mission’s senior secured credit facilities, in each case, to the extent of the value of the assets securing such obligations.

Nexstar Broadcasting and Mission have the option to redeem all or a portion of the Notes at any time prior to April 15, 2014 at a price equal to 100% of the principal amount of the Notes redeemed plus accrued and unpaid interest to the redemption date plus applicable premium as of the date of redemption. At any time on or after April 15, 2014, Nexstar Broadcasting and Mission may redeem the Notes, in whole or in part, at the redemption prices set forth in the Indenture. At any time before April 15, 2013, Nexstar Broadcasting and Mission may also redeem up to 35% of the aggregate principal amount of the Notes at a redemption price of 108.875% of the principal amount, plus accrued and unpaid interest, if any, to the date of redemption, with the proceeds of certain equity offerings.

Upon the occurrence of a change of control (as defined in the Indenture), each holder of the Notes may require Nexstar Broadcasting and Mission to repurchase all or a portion of the Notes in cash at a price equal to 101% of the aggregate principal amount of the Notes to be repurchased, plus accrued and unpaid interest, if any, thereon to the date of repurchase.

The Indenture contains covenants that limit, among other things, Nexstar Broadcasting’s and Mission’s ability to (1) incur additional debt and issue preferred stock, (2) make certain restricted payments, (3) consummate specified asset sales, (4) enter into transactions with affiliates, (5) create liens, (6) pay dividends or make other distributions, (7) make certain investments, (8) merge or consolidate with another person and (9) enter new lines of business.

The Indenture provides for customary events of default (subject in certain cases to customary grace and cure periods), which include nonpayment, breach of covenants in the Indenture, payment defaults or acceleration of other indebtedness, a failure to pay certain judgments and certain events of bankruptcy and insolvency. The Indenture also provides for events of default with respect to the collateral, which include (i) default in the performance of the security documents which adversely affects the enforceability, validity, perfection or priority of the second priority liens on any collateral, individually or in the aggregate, having a fair market value in excess of \$10.0 million, (ii) repudiation or disaffirmation by Nexstar Broadcasting, Mission or any guarantor of material obligations under the security documents, and (iii) the determination in a judicial proceeding that the security documents are unenforceable or invalid against Nexstar Broadcasting, Mission or any guarantor for any reason with respect to any collateral, individually or in the aggregate, having a fair market value in excess of \$10.0 million. Generally, if an event of default occurs, the Trustee or holders of at least 25% in principal amount of the then outstanding Notes may declare the principal of and accrued but unpaid interest, including additional interest, on all the Notes to be due and payable.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)

7. Debt—(Continued)

In connection with the offering of the Notes, Nexstar Broadcasting and Mission have agreed, pursuant to a Registration Rights Agreement, dated April 19, 2010 (the “Registration Rights Agreement”), by and among Nexstar Broadcasting, Mission, Nexstar and Banc of America Securities LLC, UBS Securities LLC, Deutsche Bank Securities Inc. and RBC Capital Markets Corporation, to (i) cause to be filed with the SEC no later than 270 days after the date of issuance of the Notes, a registration statement under the Securities Act, relating to an offer to exchange the Notes for new notes (the “Exchange Notes”), evidencing the same continuing indebtedness as the Notes and with terms substantially identical to the Notes except that the Exchange Notes will not be subject to restrictions on transfer in the United States, (ii) use their reasonable best efforts to cause such registration statement to become effective no later than 365 days after the date of issuance of the Notes, (iii) in connection with the foregoing, (A) file all pre-effective amendments to such registration statement as may be necessary in order to cause such registration statement to become effective, (B) if applicable, file a post-effective amendment to such registration statement and (C) cause all necessary filings in connection with the registration and qualification of the Exchange Notes to be made under the state securities or blue sky laws of such jurisdictions as are necessary to permit consummation of the exchange offer, and (iv) upon the effectiveness of such registration statement, commence the exchange offer and issue Exchange Notes in exchange for all Notes tendered pursuant to the exchange offer. In certain circumstances, Nexstar Broadcasting and Mission will file and cause to become effective a shelf registration statement relating to resales of any Notes and use their reasonable best efforts to maintain the effectiveness of the shelf registration statement for at least one year or such lesser period after which all of the notes registered therein have been sold. If Nexstar Broadcasting and Mission fail to satisfy these obligations as set forth in the Registration Rights Agreement, they will be required to pay additional interest to the holders of the Notes. The rate of the additional interest will be 0.25% per annum for the first 90-day period immediately following the occurrence of a Registration Default (as defined in the Registration Rights Agreement), and such rate will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum additional interest rate of 1.0% per annum. Nexstar Broadcasting and Mission will pay such additional interest on regular interest payment dates until the cure of all the Registration Defaults relating to the Notes at which time the interest rate on the Notes will revert to the original interest rate on the Notes. Such additional interest will be in addition to any other interest payable from time to time with respect to Notes.

Nexstar incurred approximately \$1.1 million in professional fees related to the transaction, which were capitalized as debt finance cost and being amortized over the term of the Notes.

Senior Subordinated PIK Notes

On March 31, 2010, Nexstar Broadcasting purchased approximately \$1.0 million of aggregate principal amount of the Senior Subordinated PIK Notes due 2014 at 90%. On April 30, 2010, Nexstar Broadcasting completed the cash tender offer to repurchase \$34,337,174 of aggregate principal amount of the Senior Subordinated PIK Notes at 104.5%. (1) The fair value of bank credit facilities is computed based on borrowing rates currently available to Nexstar and Mission for bank loans with similar terms and average maturities.

(2) The fair value of Nexstar's fixed rate debt is estimated based on bid prices obtained from an investment banking firm that regularly makes a market for these financial instruments.

8. Contract Termination

On March 31, 2008, Nexstar signed a ten year agreement for national sales representation with two units of Katz Television Group, a subsidiary of Katz Media Group ("Katz"), transferring 24 stations in 14 of its markets from Petry Television Inc. ("Petry") and Blair Television Inc. ("Blair"). Nexstar, Blair, Petry and Katz entered into a termination and mutual release agreement under which Blair agreed to release Nexstar from its future contractual obligations in exchange for payments totaling \$8.0 million. The payments will be paid by Katz on behalf of Nexstar as an inducement for Nexstar to enter into the new long-term contract with Katz. The liability established as a result of the termination represents an incentive received from Katz that will be accounted for as a termination obligation, and will be recognized as a non-cash reduction to operating expenses over the term of the agreement with Katz. As of June 30, 2010, the current portion of this deferred amount of approximately \$0.7 million was included in other current liabilities and the long-term portion in the amount of approximately \$5.3 million was included in deferred representation fee incentive in the accompanying condensed balance sheet. The Company recognized \$0.2 million of these incentives as a reduction in selling, general, and administrative expense for each of the three months ended June 30, 2010 and 2009 and \$0.4 million for each of the six months then ended.

9. Other Non-Current Liabilities

Other non-current liabilities consist of the following:

Deferred rent	\$ 7,859	\$ 7,679

10. Stock-Based Compensation Plans

Nexstar's employee compensation plans (the "Equity Plans") provide for the granting of stock options, stock appreciation rights, restricted stock and performance awards to directors, employees of Nexstar or consultants. A maximum of 4,500,000 shares of Nexstar's Class A common stock can be issued under the Equity Plans and as of June 30, 2010, a total of 654,000 shares were available for future grant. Employee stock options are granted with an exercise price at least equal to the fair market value of the underlying shares of common stock on the date of the grant, vest over five years and expire ten years from the date of grant.

11. Gain on Asset Exchange

In 2004, the FCC approved a spectrum allocation exchange between Sprint Nextel Corporation (“Nextel”) and public safety entities to eliminate interference being caused to public safety radio licensees by Nextel’s operations. As part of this spectrum exchange, the FCC granted Nextel the right to certain spectrum within the 1.9 GHz band that is currently used by television broadcasters. In order to utilize this spectrum, Nextel is required to relocate the broadcasters to new spectrum by replacing all analog equipment currently used by broadcasters with comparable digital equipment. The Company has agreed to accept the substitute equipment that Nextel will provide and in turn must relinquish its existing equipment back to Nextel. This transition began on a market by market basis beginning in the second quarter of 2007. The equipment the Company receives under this arrangement is recorded at their estimated fair market value and depreciated over estimated useful lives ranging from 5 to 15 years. Management’s determination of the fair market value is derived from the most recent prices paid to manufacturers and vendors for the specific equipment acquired. As equipment is exchanged, the Company records a gain to the extent that the fair market value of the equipment received exceeds the carrying amount of the equipment relinquished. As of March 31, 2010, the transaction was complete. For the three months ended June 30, 2010 and 2009, the Company recognized gains of zero and \$2.4 million, respectively, and \$30 thousand and \$4.1 million, respectively for the six months then ended from the exchange of this equipment.

12. Income Taxes

The Company’s provision for income taxes is primarily comprised of deferred income taxes created by an increase in the deferred tax liabilities position during the year resulting from the amortization of goodwill and other indefinite-lived intangible assets for income tax purposes which are not amortized for financial reporting purposes. These deferred tax liabilities do not reverse on a scheduled basis and are not used to support the realization of deferred tax assets. The Company’s deferred tax assets primarily result from federal and state net operating loss carryforwards (“NOLs”). The Company’s NOLs are available to reduce future taxable income if utilized before their expiration. The Company has provided a valuation allowance for certain deferred tax assets as it believes they may not be realized through future taxable earnings.

As of January 1, 2010, the Company had gross unrecognized tax benefits of approximately \$3.7 million, which did not materially change as of June 30, 2010. If recognized, this amount would result in a favorable effect on the Company’s effective tax rate excluding the impact on the Company’s valuation allowance. As of June 30, 2010, the Company has not accrued interest on the unrecognized tax benefits as an unfavorable outcome upon examination would not result in a cash outlay but would reduce NOLs subject to a valuation allowance. The Company does not expect the amount of unrecognized tax benefits to significantly change in the next twelve months.

The Company files income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The Company is subject to U.S. federal tax examinations for years after 2005. Additionally, any NOLs that were generated in prior years and will be utilized in the future may also be subject to examination by the Internal Revenue Service. State jurisdictions that remain subject to examination are not considered significant.

13. FCC Regulatory Matters

Television broadcasting is subject to the jurisdiction of the FCC under the Communications Act of 1934, as amended (the "Communications Act"). The Communications Act prohibits the operation of television broadcasting stations except under a license issued by the FCC, and empowers the FCC, among other things, to issue, revoke, and modify broadcasting licenses, determine the location of television stations, regulate the equipment used by television stations, adopt regulations to carry out the provisions of the Communications Act and impose penalties for the violation of such regulations. The FCC's ongoing rule making proceedings could have a significant future impact on the television industry and on the operation of the Company's stations and the stations it provides services to. In addition, the U.S. Congress may act to amend the Communications Act in a manner that could impact the Company's stations, the stations it provides services to and the television broadcast industry in general.

Media Ownership

In 2006, the FCC initiated a rulemaking proceeding which provides for a comprehensive review of all of its media ownership rules, as required by the Communications Act. The Commission considered rules relating to ownership of two or more TV stations in a market, ownership of local TV and radio stations by daily newspapers in the same market, cross-ownership of local TV and radio stations, and changes to how the national TV ownership limits are calculated. In February 2008, the FCC adopted modest changes to its newspaper broadcast cross-ownership rule while retaining the rest of its ownership rules then currently in effect. Multiple challenges to this proceeding were filed with the U.S. Courts of Appeal. The court proceedings remain pending.

13. FCC Regulatory Matters—(Continued)

The FCC is required by statute to review its media ownership rules every four years and to eliminate those rules it finds no longer serve the “public interest, convenience and necessity”. During 2009, the FCC held a series of hearings designed to evaluate possible changes to its rules. In May 2010, the FCC formally initiated its 2010 review of its media ownership rules with the issuance of a Notice of Inquiry (NOI). The NOI is intended to assist the Commission in establishing a framework within which to analyze whether its media ownership rules remain “necessary in the public interest as a result of competition,” due to the dramatic changes occurring in the media marketplace. Numerous parties have filed comments and reply comments in response to the NOI. We anticipate the FCC will issue a Notice of Proposed Rulemaking seeking comment on specific proposed rule changes in late 2010.

14. Commitments and Contingencies

Guarantee of Mission Debt

Nexstar and its subsidiaries guarantee full payment of all obligations incurred under Mission’s senior secured credit facility agreement and 8.875% senior secured second lien notes due 2017. In the event that Mission is unable to repay amounts due, Nexstar will be obligated to repay such amounts. The maximum potential amount of future payments that Nexstar would be required to make under this guarantee would be generally limited to the amount of borrowings outstanding. At June 30, 2010, Mission had \$39.0 million outstanding under its senior secured credit facility and \$132.0 million outstanding 8.875% senior secured second lien notes.

Indemnification Obligations

In connection with certain agreements that the Company enters into in the normal course of its business, including local service agreements, business acquisitions and borrowing arrangements, the Company enters into contractual arrangements under which the Company agrees to indemnify the third party to such arrangement from losses, claims and damages incurred by the indemnified party for certain events as defined within the particular contract. Such indemnification obligations may not be subject to maximum loss clauses and the maximum potential amount of future payments the Company could be required to make under these indemnification arrangements may be unlimited. Historically, payments made related to these indemnifications have been immaterial and the Company has not incurred significant costs to defend lawsuits or settle claims related to these indemnification agreements.

Litigation

From time to time, the Company is involved with claims that arise out of the normal course of its business. In the opinion of management, any resulting liability with respect to these claims would not have a material adverse effect on the Company’s financial position or results of operations.

15. Condensed Consolidating Financial Information—(Continued)

The Company and its subsidiaries have the following notes outstanding:

1. Nexstar Holdings, which is a wholly-owned subsidiary of Nexstar, has 11.375% senior discount notes (“11.375% Notes”) due in 2013. The 11.375% Notes are fully and unconditionally guaranteed by Nexstar but not guaranteed by any other entities.

2. Nexstar Broadcasting, which is a wholly-owned subsidiary of Nexstar Holdings, has the following notes outstanding:

(a) 7% Senior Subordinated Notes (“7% Notes”) due 2014. The 7% Notes are fully and unconditionally guaranteed by Nexstar and Mission. These notes are not guaranteed by any other entities.

(b) 7% Senior Subordinated PIK Notes due 2014 (“7% PIK Notes”). The 7% PIK Notes are fully and unconditionally guaranteed by Nexstar and Mission. These notes are not guaranteed by any other entities.

(c) Senior Subordinated PIK Notes due 2014 (“Senior Subordinated PIK Notes”). The Senior Subordinated PIK Notes currently bear interest at 13% subject to increases over time. The Senior Subordinated PIK Notes are fully and unconditionally guaranteed by Nexstar. The Senior Subordinated PIK Notes are not guaranteed by Mission or any other entity.

(d) 8.875% Senior Secured Second Lien Notes due 2017 (“8.875% Senior Secured Second Lien Notes”). The 8.875% Senior Secured Second Lien Notes are co-issued by Nexstar Broadcasting and Mission, jointly and severally, and fully and unconditionally guaranteed by Nexstar and Mission. The net proceeds to Mission and Nexstar from the sale of the Notes were approximately \$316.8 million, net of approximately \$8.2 million original issuance discount. Mission received \$131.9 million of the net proceeds and \$184.9 million was received by Nexstar Broadcasting. As the obligations under the Notes are joint and several to Nexstar Broadcasting and Mission, each entity reflects the full amount of the Notes and related accrued interest in their separate financial statements. Further, the portions of the net proceeds and related accrued interest attributable to the respective co-issuer are reflected as a reduction to equity (due from affiliate) in their separate financial statements given the common control nature of the entities.

Neither Mission nor Nexstar Broadcasting has any subsidiaries.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and the financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2009.

As used in the report, unless the context indicates otherwise, "Nexstar" refers to Nexstar Broadcasting Group, Inc. and its consolidated subsidiaries Nexstar Finance Holdings, Inc. ("Nexstar Holdings") and Nexstar Broadcasting, Inc. ("Nexstar Broadcasting"), and "Mission" refers to Mission Broadcasting, Inc. All references to "we," "our," and "us" refer to Nexstar. All references to the "Company" refer to Nexstar and Mission collectively.

As a result of our controlling financial interest in Mission under accounting principles generally accepted in the United States of America ("U.S. GAAP") and in order to present fairly our financial position, results of operations and cash flows, we consolidate the financial position, results of operations and cash flows of Mission as if it were a wholly-owned entity. We believe this presentation is meaningful for understanding our financial performance. As discussed in Note 2 to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q, we have considered the authoritative guidance related to variable interest entities and have determined that we are required to continue consolidating Mission's financial position, results of operations and cash flows. Therefore, the following discussion of our financial condition and results of operations includes Mission's financial position and results of operations.

Executive Summary

Second Quarter 2010 Highlights

Net revenue increased 19.9% during the second quarter of 2010 compared to the same period in 2009, primarily from increases in local, national, political, eMedia and retransmission compensation.

Issuance of Senior Secured Second Lien Notes Due 2017

In April 2010, Nexstar Broadcasting and Mission, as co-issuers, completed the issuance and sale of \$325.0 million aggregate principal amount of 8.875% senior secured second lien notes due 2017 (the "Notes"). Nexstar Broadcasting and Mission used the net proceeds of the offering, together with borrowings under Nexstar Broadcasting and Mission's amended senior secured credit facilities and cash on hand, to repurchase the approximately 82% of Nexstar Broadcasting's outstanding Senior Subordinated PIK Notes due 2014, to refinance Nexstar Broadcasting and Mission's existing senior secured credit facilities, pay related fees and expenses and for general corporate purposes.

Amendments to Credit Agreements

In April 2010, the Third Amendment to Nexstar Broadcasting's Fourth Amended and Restated Credit Agreement among Nexstar Broadcasting, Nexstar, and lenders became effective. Under the terms of the Nexstar Credit Agreement, the principal amount available under the revolving credit facility was reduced to \$65.0 million, and the Term Loan B was reduced to \$61.0 million. In April 2010, the Second Amendment to Mission Broadcasting's Third Amended and Restated Credit Agreement, became effective. Under the terms of the Mission Credit Agreement, the principal amount available under the revolving credit facility was reduced to \$10.0 million, and the term loan B was reduced to \$39.0 million.

Repayments of our bank credit facilities totaled \$287.3 million during the second quarter of 2010.

Outstanding Notes Repurchase

On April 30, 2010, Nexstar Broadcasting completed the cash tender offer to retire its \$34,337,174 (representing 82.47% of the outstanding aggregate principal amount) of aggregate principal amount of the Senior Subordinated PIK Notes due 2014 at 104.5%. In connection with this tender offer, a second supplemental indenture was executed whereby substantially all restrictive covenants and certain event of default provisions were eliminated. On May 25, 2010, Nexstar Broadcasting repurchased approximately additional \$2.0 million of aggregate principal amount of the Senior Subordinated PIK Notes due 2014 at 106.5%. These transactions resulted in a loss of approximately \$2.0 million.

On June 30, 2010, Nexstar Broadcasting purchased approximately \$2.0 million of aggregate principal amount of the 7% Senior Subordinated PIK notes due 2014 at 90.25%. This transaction resulted in a gain of approximately \$181 thousand.

Stock Option Repricing

On January 27, 2010, the Compensation Committee approved the repricing to set the new exercise price for the affected options equal to the closing price of the stock on that date (subject to shareholders' approval). On May 27, 2010 ("the modification date"), the shareholders of Nexstar approved the repricing of certain stock options by lowering the exercise price to equal the closing price of Nexstar's stock on January 27, 2010 (which was \$4.56 per share). The repricing applied to any outstanding option with an original exercise price of \$5.00 or more. The total incremental cost of the repricing was calculated to be approximately \$1.8 million, which represents the incremental fair value of awards. Of the \$1.8 million total incremental cost, approximately \$1.6 million has been recognized and included in selling, general & administration expense as of June 30, 2010. The remaining unrecognized incremental cost will be recognized in addition to the cost (fair value) of the original awards, which will continue to vest and amortize just as they did before the modification.

Overview of Operations

We owned and operated 34 television stations as of June 30, 2010. Through various local service agreements, we programmed or provided sales and other services to 25 additional television stations, including 16 television stations owned and operated by Mission as of June 30, 2010. All of the stations we program or provide sales and other services to, including Mission, are 100% owned by independent third parties.

The following table summarizes the various local service agreements we had in effect as of June 30, 2010 with Mission:

Service Agreements	Mission Stations
TBA Only(1)	WFXP and KHMT
SSA & JSA(2)	KJTL, KJBO-LP, KOLR, KCIT, KCPN-LP, KAMC, KRBC, KSAN, WUTR, WFXW, WYOU, KODE, WTVO and KTVE

- (1) We have a time brokerage agreement ("TBA") with each of these stations which allows us to program most of each station's broadcast time, sell each station's advertising time and retain the advertising revenue generated in exchange for monthly payments to Mission.
- (2) We have both a shared services agreement ("SSA") and a joint sales agreement ("JSA") with each of these stations. The SSA allows us to provide certain services including news production, technical maintenance and security, in exchange for our right to receive certain payments from Mission as described in the SSAs. The JSA permits us to sell and retain a percentage of the net revenue from the station's advertising time in return for monthly payments to Mission of the remaining percentage of net revenue as described in the JSAs.

Our ability to receive cash from Mission is governed by these agreements. The arrangements under the local service agreements have had the effect of us receiving substantially all of the available cash, after Mission's payments of operating costs and debt service, generated by the stations listed above. We anticipate that, through these local service agreements, we will continue to receive substantially all of the available cash, after Mission's payments of operating costs and debt service, generated by the stations listed above.

We also guarantee all obligations incurred under Mission's senior secured credit facility. Similarly, Mission is a guarantor of our senior secured credit facility and the senior subordinated notes we have issued. In consideration of our guarantee of Mission's senior secured credit facility, the sole shareholder of Mission has granted us a purchase option to acquire the assets and assume the liabilities of each Mission station, subject to FCC consent, for

consideration equal to the greater of (1) seven times the station's cash flow, as defined in the option agreement, less the amount of its indebtedness as defined in the option agreement, or (2) the amount of its indebtedness. These option agreements (which expire on various dates between 2011 and 2018) are freely exercisable or assignable by us without consent or approval by the sole shareholder of Mission. We expect these option agreements to be renewed upon expiration.

We do not own Mission or Mission's television stations. However, as a result of (a) local service agreements Nexstar has with the Mission stations, (b) Nexstar's guarantee of the obligations incurred under Mission's senior secured credit facility, (c) Nexstar having power over significant activities affecting Mission's economic performance, including budgeting for Mission's advertising revenue, advertising and hiring and firing of sales force personnel and (d) purchase options (which expire on various dates between 2011 and 2018) granted by Mission's sole shareholder which will permit Nexstar to acquire the assets and assume the liabilities of each Mission station, subject to Federal Communications Commission ("FCC") consent, we are deemed under U.S. GAAP to have a controlling financial interest in Mission while complying with the FCC's rules regarding ownership limits in television markets. The purchase options are freely exercisable or assignable by Nexstar without consent or approval by Mission's sole shareholder. In order for both us and Mission to comply with FCC regulations, Mission maintains complete responsibility for and control over programming, finances and personnel for its stations.

Seasonality

Advertising revenue is positively affected by strong local economies, national and regional political election campaigns, and certain events such as the Olympic Games or the Super Bowl. The stations' advertising revenue is generally highest in the second and fourth quarters of each year, due in part to increases in consumer advertising in the spring and retail advertising in the period leading up to, and including, the holiday season. In addition, advertising revenue is generally higher during even-numbered years resulting from political advertising and advertising aired during the Olympic Games.

Industry Trends

Our net revenue increased 21.7% to \$143.2 million for the six months ended June 30, 2010, compared to \$117.6 million for the six months ended June 30, 2009 partially due to increases in local and national advertising due to an overall upswing in the economy from the same period in of 2009.

Political advertising revenue was \$10.0 million for the six months ended June 30, 2010, an increase of \$8.7 million or 690.9% from the \$1.3 million for the six months ended June 30, 2009. The demand for political advertising is generally higher in even-numbered years, when congressional and presidential elections occur, than in odd-numbered years when there are no federal elections scheduled. Since 2010 is an election year, we expect significantly more political advertising revenue to be reported in 2010 in relation to the amount of political advertising reported in 2009.

Automotive-related advertising, our largest advertising category, represented approximately 19% and 15% of our core local and national advertising revenue for the six months ended June 30, 2010 and 2009, respectively. Our automotive-related advertising increased approximately 35% for the six months ended June 30, 2010 as compared to the same period in 2009. Automotive-related advertising on a quarter-to-quarter comparison to the prior year was higher this quarter compared to the same quarter last year.

Three Months Ended June 30, 2010 Compared to Three Months Ended June 30, 2009

Revenue

Gross local advertising revenue was \$43.3 million for the three months ended June 30, 2010, compared to \$40.2 million for the same period in 2009, an increase of \$3.1 million, or 7.8%. Of this increase, approximately \$0.7 million is due to the addition of WCWJ in May 2009. Gross national advertising revenue was \$16.1 million for the three months ended June 30, 2010, compared to \$12.2 million for the same period in 2009, an increase of \$3.9 million, or 32.6%. Of this increase, approximately \$0.4 million is due to the addition of WCWJ in May 2009. Advertising revenue from automotive, satellite/cable and lottery/gambling business categories increased by approximately \$3.0 million, \$1.8 million and \$0.4 million during the second quarter of 2010 compared to the prior year, respectively.

Gross political advertising revenue was \$6.8 million for the three months ended June 30, 2010, compared to \$0.8 million for the same period in 2009, an increase of \$6.0 million, or 724.1%. The increase in gross political revenue was mainly attributed to state and federal elections held during the three months ended June 30, 2010.

Retransmission compensation was \$7.3 million for the three months ended June 30, 2010, compared to \$6.4 million for the same period in 2009, an increase of \$0.9 million, or 14.1%. The increase in retransmission compensation was primarily the result of new contracts being added during the second half of 2009 and the beginning of 2010 combined with certain increases in billing and subscription rates.

eMedia revenue, representing revenue generated from non-television web-based advertising, was \$3.3 million for the three months ended June 30, 2010, compared to \$3.0 million for the same period in 2009, an increase of \$0.3 million or 12.4%. The increase in eMedia revenue is attributable to increased penetration of our markets by the eMedia sales effort and the overall upswing in the economy during the three months ended June 30, 2010 compared to the same period in 2009.

Net revenue for the three months ended June 30, 2010 increased 19.9% to \$74.5 million compared to \$62.2 million for the three months ended June 30, 2009.

Operating Expenses

Corporate expenses, related to costs associated with the centralized management of Nexstar's and Mission's stations, were \$5.6 million for the three months ended June 30, 2010, compared to \$3.7 million for the three months ended June 30, 2009, an increase of \$1.9 million, or 50.9%. The increase during the three months ended June 30, 2010 was primarily attributed to the approximately \$1.6 million of non-cash incremental stock-based compensation expense resulting from the stock option repricing in May 2010. See Note 2 to the condensed financial statements for more details related to the stock option repricing.

Station direct operating expenses, consisting primarily of news, engineering and programming, and selling, general and administrative expenses (net of trade expense) were \$36.7 million for the three months ended June 30, 2010, compared to \$35.2 million for the same period in 2009, an increase of \$1.5 million, or 4.5%. The increase was primarily attributed to an increase of \$0.9 million in national and local sales commission due to an increase in local, national and political revenue as well as an incremental \$0.3 million in fees paid to Sinclair for our outsourcing arrangement in Peoria and Rochester, as revenues and BCF for those stations increased year-over-year, and the addition of WCWJ in May 2009 resulting in an increase of \$0.1 million.

Amortization of broadcast rights, excluding barter, was \$2.3 million for the three months ended June 30, 2010, compared to \$2.8 million for the same period in 2009, a decrease of \$0.4 million, or 15.9%. The decrease is primarily due to the adjustment to the net realizable value of programming recorded at WCWJ in the third quarter of 2009.

Amortization of intangible assets was approximately \$6.0 million for each of the three months ended June 30, 2010 and 2009.

While there are no known circumstances or events as of June 30, 2010 that indicate an impairment might exist, any future significant adverse change in the advertising marketplaces in which Nexstar and Mission operate could lead to an impairment and reduction of the carrying value of the Company's goodwill and intangible assets, including FCC licenses. If such a condition were to occur, the resulting non-cash charge could have a material adverse effect on Nexstar and Mission's financial position and results of operations.

Depreciation of property and equipment was \$5.3 million for the three months ended June 30, 2010, compared to \$5.4 million for the same period in 2009.

The gain from the exchange of equipment under an arrangement with Sprint Nextel Corporation decreased \$2.4 million for the three months ended June 30, 2010 compared to the same period in 2009. The decrease is a result of the completion of the project as of March 31, 2010.

Income from Operations

Income from operations was \$13.9 million for the three months ended June 30, 2010, compared to \$9.0 million for the same period in 2009, an increase of \$4.9 million, or 54.3%. The increase was primarily the result of the overall increase in net revenue of \$12.4 million, partially offset by the decrease in gains on asset exchange of \$2.4 million, asset disposal of \$2.2 million, the stock option repricing of \$1.6 million and an increase in sales commission of \$0.9 million.

Interest Expense

Interest expense, including amortization of debt financing costs, was \$13.9 million for the three months ended June 30, 2010, compared to \$8.9 million for the same period in 2009, an increase of \$5.0 million, or 55.7%. The increase in interest expense was primarily attributed to the addition of \$325.0 million 8.875% senior secured second lien notes due 2017.

Loss on Extinguishment of Debt

For the three months ended June 30, 2010, the Company purchased approximately \$36.3 million of its outstanding Senior Subordinated PIK Notes, \$2.0 million of its 7% Senior Subordinate PIK Notes and retired \$287.3 million of its Senior Secured Credit Facility for a net loss of \$7.9 million.

Income Taxes

Income tax expense was \$1.6 million for the three months ended June 30, 2010, compared to \$1.4 million for the same period in 2009, an increase of \$0.2 million, or 14.7%. The increase was primarily due to the deferred taxes associated with the indefinite-lived intangible assets of WCWJ, which was acquired on May 1, 2009. Our provision for income taxes is primarily created by changes in the position during the year arising from the amortizing of goodwill and other indefinite-lived assets for income tax purposes, which are not amortized for financial reporting purposes. No tax benefit was recorded with respect to the loss in 2010 as the utilization of such loss is not likely to be realized in the foreseeable future.

Six Months Ended June 30, 2010 Compared to Six Months Ended June 30, 2009.

Revenue

Gross local advertising revenue was \$85.1 million for the six months ended June 30, 2010 an increase of \$9.0 million or 11.8% when compared to \$76.1 million for the six months ended June 30, 2009. Gross national advertising revenue was \$30.9 million for the six months ended June 30, 2010, compared to \$24.3 million for the same period in 2009, an increase of \$6.6 million, or 27.2%. Advertising revenue from automotive, satellite and cable TV, legal, health, lottery/gambling, education and casual dining business categories increased by approximately \$6.4 million, \$1.5 million, \$1.7 million, \$0.7 million, \$0.7 million, \$0.6 million, \$0.5 million. The remaining \$3.5 million net increase of advertising revenue was attributed to other business categories during the six months ended June 30, 2010 compared to the prior year.

Gross political advertising revenue was \$10.0 million for the six months ended June 30, 2010, compared to \$1.3 million for the same period in 2009, an increase of \$8.7 million, or 690.9%. The increase in gross political revenue was mainly attributed to federal and statewide primary elections and to statewide and/or local races that occurred during the six months ended June 30, 2010 as compared to nominal political advertising during the six months ended June 30, 2009.

Retransmission compensation was \$14.6 million for the six months ended June 30, 2010, compared to \$11.6 million for the same period in 2009, an increase of \$3.0 million, or 25.7%. The increase in retransmission compensation was primarily the result of new contracts being added the second half of 2009 and the beginning of 2010 combined with certain increases in billing and subscription rates and the addition of WCWJ in May 2009.

eMedia revenue, representing revenue generated from non-television web-based advertising, was \$6.3 million for the six months ended June 30, 2010, compared to \$5.3 million for the six months ended June 30, 2009. The increase in eMedia revenue was a result of an overall upswing in the economy.

Net revenue for the six months ended June 30, 2010 increased 21.7% to \$143.2 million compared to \$117.6 million for the six months ended June 30, 2009.

Operating Expenses

Corporate expenses, related to costs associated with the centralized management of Nexstar's and Mission's stations were \$10.3 million for the six months ended June 30, 2010, compared to \$10.5 million for the six months ended June 30, 2009. The decrease during the six months ended June 30, 2010 was primarily attributed to \$3.1 million in fees associated with the 7% senior subordinated PIK notes exchange offer in March 2009, partially offset by an increase of approximately \$1.6 million of non-cash incremental stock-based compensation expense resulting from the stock option repricing in May 2010 (see Note 2 to the condensed financial statements for more details related to the stock option repricing) and \$1.4 million in bonus accruals.

Station direct operating expenses, consisting primarily of news, engineering and programming, net of trade, and selling, general and administrative expenses were \$72.6 million for the six months ended June 30, 2010, compared to \$69.7 million for the same period in 2009, an increase of \$2.9 million, or 4.2%. This increase is primarily attributed to an increase of \$1.9 million in national and local sales commissions related to increased revenues, as well as increases of \$0.8 million in outsourcing fees and \$0.3 million in reimbursable programming fees to our outsourcing partner, the addition of WCWJ in May 2009 of approximately \$0.6 million, partially offset by a reduction in utility costs from the elimination of the analog transmission and the elimination of the news program at WYOU in April 2009.

Amortization of intangible assets was approximately \$11.9 million and \$11.8 million for the six months ended June 30, 2010 and 2009, respectively.

While there are no known circumstances or events as of June 30, 2010 that indicate an impairment might exist, any future significant adverse change in the advertising marketplaces in which Nexstar and Mission operate could lead to an impairment and reduction of the carrying value of the Company's goodwill and intangible assets, including FCC licenses. If such a condition were to occur, the resulting non-cash charge could have a material adverse effect on Nexstar and Mission's financial position and results of operations.

Depreciation of property and equipment was \$10.6 million for each of the six months ended June 30, 2010, and 2009.

For the six months ended June 30, 2010, and June, 30 2009 respectively, we recognized a gain of \$30 thousand and \$4.1 million from the exchange of equipment under an arrangement with Sprint Nextel Corporation. This project was completed as of March 31, 2010.

Income from Operations

Income from operations was \$23.8 million for the six months ended June 30, 2010, compared to income from operations of \$7.7 million for the same period in 2009, an increase of \$16.0 million, or 207.5%. The increase was primarily the result of an increase in net revenue of \$25.5 million offset by the increase in selling, general and administrative expenses.

Interest Expense

Interest expense, including amortization of debt financing costs, was \$25.8 million for the six months ended June 30, 2010, compared to \$18.8 million for the same period in 2009, an increase of \$7.0 million, or 37.6%. The increase in interest expense was primarily attributed to the addition of \$325.0 million in 8.875% senior secured second line notes due 2017 and higher average interest rates.

Loss on Extinguishment of Debt

For the six months ended June 30, 2010, the Company purchased approximately \$37.3 million of its outstanding Senior Subordinated PIK Notes, \$2.0 million of its 7% Senior Subordinated PIK Notes and retired \$287.3 million of its Senior Secured Credit Facility for a net loss of \$7.8 million.

Income Taxes

Income tax expense was \$3.2 million for the six months ended June 30, 2010, compared to \$2.8 million for the same period in 2009, an increase of \$0.5 million, or 16.4%. The increase was primarily due to a reduction in deferred tax expense associated with deferred tax liabilities representing the difference between the book and tax basis of goodwill and other indefinite-lived intangible assets. The impairment charges recorded in September 30, 2009 reduced these deferred tax liabilities which resulted in a reduction in deferred tax expense during this period.

Liquidity and Capital Resources

We and Mission are highly leveraged, which makes the Company vulnerable to changes in general economic conditions. Our and Mission's ability to meet the future cash requirements described below depends on our and Mission's ability to generate cash in the future, which is subject to general economic, financial, competitive, legislative, regulatory and other conditions, many of which are beyond our and Mission's control. Based on current operations and anticipated future growth, we believe that our and Mission's available cash, anticipated cash flow from operations and available borrowings under the Nexstar and Mission senior credit facilities will be sufficient to fund working capital, capital expenditure requirements, interest payments and scheduled debt principal payments for at least the next twelve months. In order to meet future cash needs we may, from time to time, borrow under credit facilities or issue other long- or short-term debt or equity, if the market and the terms of our existing debt arrangements permit, and Mission may, from time to time, borrow under its available credit facility. We will continue to evaluate the best use of Nexstar's operating cash flow among its capital expenditures, acquisitions and debt reduction.

(1)Based on covenant calculations, as of June 30, 2010, all of the \$75 million of total unused revolving loan commitments under the Nexstar and Mission credit facilities were available for borrowing.

Cash Flows – Operating Activities

The comparative net cash flows from operating activities increased by approximately \$22.5 million during the six months ended June 30, 2010 compared to the same period in 2009. The increase was primarily due to an increase in net revenue of \$25.5 million combined with cash collected on accounts receivable offset by cash paid on accounts payable and accrued expenses including interest payable.

Cash paid for interest decreased by approximately \$3.7 million during the six months ended June 30, 2010 compared to the same period in 2009. The decrease was due primarily to an increase in accrued interest payable due to the issuance of the 8.875% senior secured second lien notes due 2017 offset by cash interest payments on the 7% senior subordinated notes and 11.375% senior discount notes.

Nexstar and its subsidiaries file a consolidated federal income tax return. Mission files its own separate federal income tax return. Additionally, Nexstar and Mission file their own state and local tax returns. Due to our and Mission's recent history of net operating losses, we and Mission currently do not pay any federal income taxes. These net operating losses may be carried forward, subject to expiration and certain limitations, and used to reduce taxable earnings in future years. Through the use of available loss carryforwards, it is possible that we and Mission may not pay significant amounts of federal income taxes in the foreseeable future.

Cash Flows – Investing Activities

The comparative net cash used for investing activities decreased by \$19.8 million during the six months ended June 30, 2010 compared to the same period in 2009. The decrease was primarily due to \$20.8 million less spending on the acquisitions of new stations combined with \$0.7 million less spending in capital expenditures, offset by approximately \$1.6 million less insurance proceeds received on casualty loss.

Acquisition-related payments for the six months ended June 30, 2009 consisted of the acquisition of KARZ for \$3.6 million and the acquisition of WCWJ for \$18.0 million. There were no acquisition-related payments for this period in 2010.

Capital expenditures were \$8.7 million for the six months ended June 30, 2010, compared to \$9.4 million for the six months ended June 30, 2009. The decrease was primarily attributable to timing of payments related to capital expenditures.

Cash Flows – Financing Activities

The comparative net cash from financing activities decreased by \$45.7 million during the six months ended June 30, 2010 compared to the same period in 2009, due primarily to \$320.0 million more repayments on long-term debts and \$54.0 million less draws from revolver facility, offset by approximately \$316.8 million net proceeds from issuance of 8.875% senior secured second lien notes and approximately \$11.4 million less consideration paid for all financing related transactions during these periods.

Although the Nexstar and Mission senior credit facilities allow for the payment of cash dividends to common stockholders, we and Mission do not currently intend to declare or pay a cash dividend.

Future Sources of Financing and Debt Service Requirements

Edgar Filing: NEXSTAR BROADCASTING GROUP INC - Form 10-Q

As of June 30, 2010, Nexstar and Mission had total combined debt of \$654.5 million, which represented 140.2% of Nexstar and Mission's combined capitalization. Our and Mission's high level of debt requires that a substantial portion of cash flow be dedicated to pay principal and interest on debt which reduces the funds available for working capital, capital expenditures, acquisitions and other general corporate purposes.

The following table summarizes the approximate aggregate amount of principal indebtedness scheduled to mature for the periods referenced as of June 30, 2010:

	Total	Remainder of 2010	2011-2012 (in thousands)	2013-2014	Thereafter
Nexstar senior secured credit facility	\$ 61,000	\$ 305	\$ 1,220	\$ 1,220	\$ 58,255

On April 19, 2010, the Third Amendment to Nexstar Broadcasting's Fourth Amended and Restated Credit Agreement dated, as of April 1, 2005 (as amended, the "Nexstar Credit Agreement"), among Nexstar Broadcasting, Nexstar, the several financial institutions from time to time parties thereto and Bank of America, N.A., as administrative agent and syndication agent became effective. Under the terms of the Nexstar Credit Agreement, the principal amount available under the revolving credit facility was reduced to \$65.0 million, and the Term Loan B was reduced to \$61.0 million.

On April 19, 2010, the Second Amendment to Mission's Third Amended and Restated Credit Agreement, dated as of April 1, 2005 (as amended, the "Mission Credit Agreement" and together with the Nexstar Credit Agreement, the "Credit Agreements"), among Mission, the several financial institutions from time to time parties thereto and Bank of America, N.A., as administrative agent and syndication agent became effective. Under the terms of the Mission Credit Agreement, the principal amount available under the revolving credit facility was reduced to \$10.0 million, and the Term Loan B was reduced to \$39.0 million.

On April 19, 2010, Nexstar Broadcasting and Mission, as co-issuers, completed the issuance and sale of \$325.0 million aggregate principal amount of senior secured second lien notes due 2017 (the "Notes"). The Notes will mature on April 15, 2017. Interest on the Notes accrues at a rate of 8.875% per annum and is payable semiannually in arrears on April 15 and October 15 of each year, commencing on October 15, 2010.

The net proceeds to Nexstar Broadcasting and Mission from the sale of the Notes were approximately \$316.8 million. Nexstar Broadcasting and Mission used the net proceeds of the offering and cash on hand, to repurchase \$34.3 million of Nexstar Broadcasting's outstanding Senior Subordinated PIK Notes due 2014, to refinance Nexstar Broadcasting and Mission's existing senior secured credit facilities, pay related fees and expenses and for general corporate purposes.

We make semiannual interest payments on our 7% senior subordinated notes due 2014 on January 15 and July 15 of each year. We make semiannual interest payments on our 11.375% senior discount notes due 2013 on April 1 and October 1 of each year. Our senior subordinated PIK notes due 2014 began paying cash interest in July 2010 and our 7% senior subordinated PIK notes due 2014 will begin paying cash interest in 2011. Interest payments on our and Mission's senior credit facilities are generally paid every one to three months and are payable based on the type of interest rate selected.

The terms of the Nexstar and Mission senior credit facilities, as well as the indentures governing our publicly-held notes, limit, but do not prohibit us or Mission from incurring substantial amounts of additional debt in the future.

We do not have any rating downgrade triggers that would accelerate the maturity dates of our debt. However, a downgrade in our credit rating could adversely affect our ability to renew existing, or obtain access to new, credit facilities or otherwise issue debt in the future and could increase the cost of such facilities.

Debt Covenants

Our senior secured credit facility agreement contains covenants which require us to comply with certain financial ratios, including: (a) maximum total leverage ratios, (b) a minimum consolidated first lien indebtedness ratio, and (c) a maximum fixed charge coverage ratio. The covenants, which are calculated on a quarterly basis, include the combined results of Nexstar Broadcasting and Mission. Mission's senior secured credit facility agreement does not contain financial covenant ratio requirements; however it does include an event of default if Nexstar does not comply with all covenants contained in its credit agreement. The senior subordinated notes and senior discount notes contain restrictive covenants customary for borrowing arrangements of this type. We believe we will be able to maintain compliance with all covenants contained in the credit agreements governing our senior secured facility and the

indentures governing our publicly held notes for a period of at least the next twelve months from June 30, 2010.

No Off-Balance Sheet Arrangements

At June 30, 2010, we did not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. All of our arrangements with Mission are on-balance sheet arrangements. We are, therefore, not materially exposed to any financing, liquidity, market or credit risk that could arise if we had engaged in such relationships.

Critical Accounting Policies and Estimates

Our condensed consolidated financial statements have been prepared in accordance with U.S. GAAP which requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and reported amounts of revenue and expenses during the period. On an ongoing basis, we evaluate our estimates, including those related to goodwill and intangible assets, bad debts, broadcast rights, trade and barter, income taxes, commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from those estimates. Results of operations for interim periods are not necessarily indicative of results for the full year.

Information with respect to our critical accounting policies which we believe could have the most significant effect on our reported results and require subjective or complex judgments by management is contained on pages 42 through 46 in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2009. Management believes that as of June 30, 2010 there has been no material change to this information.

Recent Accounting Pronouncements

Refer to Note 2 of our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q for a discussion of recently issued accounting pronouncements, including our expected date of adoption and effects on results of operations and financial position.

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including: any projections or expectations of earnings, revenue, financial performance, liquidity and capital resources or other financial items; any assumptions or projections about the television broadcasting industry; any statements of our plans, strategies and objectives for our future operations, performance, liquidity and capital resources or other financial items; any statements concerning proposed new products, services or developments; any statements regarding future economic conditions or performance; any statements of belief; and any statements of assumptions underlying any of the foregoing. Forward-looking statements may include the words "may," "will," "should," "could," "would," "predicts," "potential," "continue," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates" and similar words.

Although we believe that the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ from this projection or assumption in any of our forward-looking statements. Our future financial position and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties, including those described in our Annual Report on Form 10-K for the year ended December 31, 2009 and in our other filings with the Securities and Exchange Commission. The forward-looking statements made in this Quarterly Report on Form 10-Q are made only as of the date hereof, and we do not have or undertake any obligation to update any forward-looking statements to reflect subsequent events or circumstances unless otherwise required by law.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk

Our exposure to market risk for changes in interest rates relates primarily to our long-term debt obligations.

The Term Loan Borrowings at June 30, 2010 under the senior credit facilities bear interest at a weighted average interest rate of 5%, which represented the base rate, or LIBOR, plus the applicable margin, as defined. Interest is payable in accordance with the credit agreements.

The following table estimates the changes to cash flow from operations as of June 30, 2010 if interest rates were to fluctuate by 100 or 50 basis points, or BPS (where 100 basis points represents one percentage point), for a twelve-month period:

	Interest rate decrease		Interest rate increase	
	100 BPS	50 BPS	50 BPS	100 BPS
	(in thousands)			
Senior credit facilities	\$ 1,000	\$ 500	\$ (500)	\$ (1,000)

Our 7% senior subordinated notes, our 8.875% senior secured second lien notes, our two senior subordinated PIK notes due 2014, and our 11.375% Notes are fixed rate debt obligations and therefore do not result in a change in our cash flow from operations. As of June 30, 2010, we have no financial instruments in place to hedge against changes in the benchmark interest rates on this fixed rate debt.

Impact of Inflation

We believe that our results of operations are not affected by moderate changes in the inflation rate.

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Nexstar's management, with the participation of its President and Chief Executive Officer along with its Chief Financial Officer, conducted an evaluation as of the end of the period covered by this report of the effectiveness of the design and operation of Nexstar's disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934.

Based upon that evaluation, Nexstar's President and Chief Executive Officer and its Chief Financial Officer concluded that as of the end of the period covered by this report, Nexstar's disclosure controls and procedures were effective in ensuring that information required to be disclosed in the reports that it files or submits under the Securities Exchange Act of 1934 (i) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) is accumulated and communicated to Nexstar's management, including its President and Chief Executive Officer and its Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the quarterly period as of the end of the period covered by this report, there have been no changes in Nexstar's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings

From time to time, Nexstar and Mission are involved in litigation that arises from the ordinary operations of business, such as contractual or employment disputes or other general actions. In the event of an adverse outcome of these proceedings, Nexstar and Mission believe the resulting liabilities would not have a material adverse effect on Nexstar's and Mission's financial condition or results of operations.

ITEM 1A. Risk Factors

There are no material changes from the risk factors previously disclosed in Part I, Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2009.
