Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On June 5, 2012, our Board of Directors (“Board”) and the Board’s Compensation Committee (“Compensation Committee”) confirmed their belief that long-term performance is achieved through an ownership culture that encourages such performance by the Company’s Directors, Officers and employees through the use of stock and stock-based awards as to align their interests to that of the stockholders.

In furtherance of this belief, the Board and Compensation Committee in recognition of the dedication and performance of Robert Dickey IV, Senior Vice President and Chairman of Disclosure Controls Committee, and Wayne Springate, Senior Vice President of Operations, granted to each 50,000 Options to purchase shares of the Company common stock. Additionally, the Board and Compensation Committee recognizing that the Board’s commitment of time and effort has increased over time for the benefit of the Company as the demand for specific expertise has grown and corporate governance issues require greater attention in a highly regulated environment, granted 100,000 Options to each current Directors to purchase Company common stock:

William A. Carter: Chairman of the Board and member of Disclosure Controls Committee;
Thomas K. Equals: Executive Vice Chairman of the Board, Secretary and member of Disclosure Controls Committee;

Richard Piani: Independent Director, Chairman of Audit Committee;
William Mitchell: Independent Director, Chairman of Corporate Governance & Nomination Committee and member of Disclosure Controls Committee; and

Iraj E. Kiani: Independent Director and Chairman of Compensation Committee.

Besides being a Chairman of their respective committee, the Independent Directors serve as members of two of the following committees: Audit, Compensation or Corporate Governance & Nomination.

The Options identified above were granted with an exercise price equal to 110% of the final closing price of the Company’s common stock on the NYSE MKT LLC as of June 5, 2012 (\$0.26), will vest one year after issuance, contain a cashless exercise provision, have a ten year term and were issued from the Company’s 2009 Equity Incentive Plan.

For the past five years, Options issued to Officers and employees have contained cashless exercise provisions. That is, the holders of the Options have the right to exercise the Options pursuant to a formula where they utilize the increase in the stock price over the exercise price to pay the exercise price rather than pay cash. The Board and Compensation Committee recognized that some outstanding Options and Warrants held by currently employed Officers and employees did not contain a cashless exercise provision. As a result, the Board and Compensation Committee

approved an amendment to these Options and Warrants to provide for cashless exercise. The following Options and Warrants held by Named Executive Officers are affected by this change:

Named Executive Officer	Instrument	Number	Issued	Expiration	Shares	Price
David Strayer	Option	04-12-28	12/7/2004	12/6/2014	10,000	\$ 1.90
