On December 30, 2016, the Board of Directors of the Company adopted the 2017 Stock Option and Stock Bonus Plan (the "2017 Plan"). The Board of Directors adopted the 2017 Plan as it anticipates utilizing equity compensation as part of its ongoing standard corporate operations and in connection with its contemplated activities going forward.

The aggregate number of shares that may be issued under the 2017 Plan is 30,000,000 shares subject to adjustment as provided therein. The 2017 Plan includes two types of options. Options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended are referred to as incentive options. Options which are not intended to qualify as incentive options are referred to as non-qualified options.

To date 16,200,000 options have been granted under the 2017 Plan.

The 2017 Plan is administered by the Board of Directors, or a committee appointed by the Board of Directors. In addition to determining who will be granted options or bonuses, the committee has the authority and discretion to determine when options and bonuses will be granted and the number of options and bonuses to be granted. The committee also may determine a vesting and/or forfeiture schedule for bonuses and/or options granted, the time or times when each option becomes exercisable, the duration of the exercise period for options and the form or forms of the agreements, certificates or other instruments evidencing grants made under the 2017 Plan. The committee may determine the purchase price of the shares of common stock covered by each option and determine the fair market value per share. The committee also may impose additional conditions or restrictions not inconsistent with the provisions of the 2017 Plan. The committee may adopt, amend and rescind such rules and regulations as in its opinion may be advisable for the administration of the 2017 Plan.

The committee also has the power to interpret the 2017 Plan, and the provisions in the instruments evidencing grants made under it, and is empowered to make all other determinations deemed necessary or advisable for the administration of it.

Participants in the 2017 Plan may be selected by the committee from employees, officers, consultants and advisors (including board members) of ProtoKinetix. The committee may take into account the duties of persons selected, their present and potential contributions to the success of ProtoKinetix and such other considerations as the committee deems relevant to the purposes of the 2017 Plan.

In the event of a change, such as a stock split, is made in the Company's capitalization which results in an exchange or other adjustment of each share of common stock for or into a greater or lesser number of shares, appropriate adjustments will be made to unvested bonuses and in the exercise price and in the number of shares subject to each outstanding option. The committee also may make provisions for adjusting the number of bonuses or underlying outstanding options in the event the Company effects one or more reorganizations, recapitalizations, rights offerings, or other increases or reductions of shares of its outstanding common stock. Options and bonuses may provide that in the event of the dissolution or liquidation of ProtoKinetix, a corporate separation or division or the merger or consolidation of ProtoKinetix, the holder may exercise the option on such terms as it may have been exercised immediately prior to such dissolution, corporate separation or division or merger or consolidation; or in the alternative, the committee may provide that each option granted under the 2017 Plan shall terminate as of a date fixed by the committee.

The exercise price of any option granted under the 2017 Plan must be no less than 100% of the "fair market value" of ProtoKinetix's common stock on the date of grant. Any incentive stock option granted under the 2017 Plan to a person owning more than 10% of the total combined voting power of the common stock must be at a price of no less than 110% of the fair market value per share on the date of grant.

The exercise price of an option may be paid in cash, in shares of ProtoKinetix common stock or other property having a fair market value equal to the exercise price of the option, or in a combination of cash, shares, other securities and property. The committee determines whether or not property other than cash or common stock may be used to purchase the shares underlying an option and shall determine the value of the property received.

All awards granted under the 2015 Stock Option and Stock Bonus Plan (the "2015 Plan") will continue forward under the 2015 Plan until expired or exercised pursuant to the terms of each individual award agreement, however, no new awards shall be granted under the 2015 Plan.

For a description of compensation agreements entered into between the Company and certain consultants, please see the events reported in Item 1.01 of this Current Report.
