Item 1.01. Entry into a Material Definitive Agreement

On September 8, 2004, we established the American Retirement Corporation Deferred Compensation Plan. A copy of the plan is attached hereto and incorporated herein by reference as Exhibit 10.1.

The plan allows a select group of management or highly compensated employees of the company or certain of its affiliates to defer a portion of their cash compensation. Participants electing to defer portions of their cash compensation shall designate the portions that shall be deferred until a separation from service (as defined in the plan) and the portions that shall be deferred for a period of five (5) years from the time of the election (or until a separation in service, if earlier). Amounts deferred for each participant are credited with interest at the prime rate, plus one percent (1%) per annum, but not less than six percent (6%) per annum nor greater than ten percent (10%) per annum.

Payments from a participant's deferred compensation account (other than certain hardship withdrawals) shall be made only upon a separation from service or in accordance with a five-year election. In the event of a change in control of the company (as defined in the plan), a participant or his or her beneficiary shall immediately have the right to the balance of his or her deferred compensation account.

Participants in the plan shall have the status of general unsecured creditors of the company (or the applicable affiliates) and the plan constitutes a mere promise by the company (or the applicable affiliates) to make benefit payments in the future.
