Item 2.02 Results of Operations and Financial Condition

On February 7, 2005, UNOVA, Inc. (the "Company") issued a press release announcing its financial results for the quarter and year ended December 31, 2004. A copy of the press release is furnished as Exhibit 99.1 to this report and is incorporated herein by reference.

Item 2.05 Costs Associated with Exit or Disposal Activities

## Edgar Filing: UNOVA INC - Form 8-K

On February 3, 2005, the Company's Board of Directors adopted a resolution confirming a divestiture plan for its Industrial Automation Systems segment ("IAS"). The Board directed management to pursue such a plan at the Board's previous meeting. Management presented the plan after determining that IAS was no longer aligned with the Company's long-term strategy and it was appropriate to divest it.

The Company intends to sell IAS as a going concern in 2005, either through a sale of the segment as a whole or through sales of its major divisions. It has reported IAS as a discontinued operation as of December 31, 2004, for financial statement purposes.

At this time, the Company estimates the cash expenditures that will be incurred in selling IAS will not exceed \$5 million. Actual cash expenditures related to the sale of IAS may differ from the Company's current estimates based on negotiations and activities required in the sale process.

The Company performed an impairment assessment of the long-lived assets of IAS in the fourth quarter of 2004, based on the most current information available regarding its estimated fair value. As a result, the Company recognized non-cash impairment charges in the aggregate amount of \$104.1 million pre-tax (\$103.2 million after-tax). Those charges include \$63.3 million to write off goodwill related to the Cincinnati Lamb division of IAS and \$40.8 million to write down the Cincinnati Lamb division's assets to net realizable value, which is net of estimated expenditures related to the sale of Cincinnati Lamb.
