Operating Income margin was 21.0% compared to 18.7% in 2009.

The financial results do not include certain transaction costs for claims related to the change of control. The Company believes these claims are without merit.

Balance Sheet Highlights

Total debt at September 30, 2010, was \$131.8 million, a decrease of \$25.8 million from December 2009. Subsequent to September 30, 2010, the Company retired additional debt of approximately \$44.2 million.

Dilip Shanghvi, Taro's Chairman of the Board commented, "Though Taro provides a platform to expand generic opportunities, the organization requires a significant and sustained rebuilding effort. Single digit growth in sales at relatively low margins, compared to Sun's other core businesses, are indicative of the magnitude of this challenge. Now that the transfer of control to Sun Pharma has been completed, we will work to further move the Company forward. With the help of a committed team, we hope to deliver in line with the expectations of our stakeholders."
