ITEM 5. OTHER EVENTS.

On June 21, 2004, the State University of New York at Stony Brook (the "University") conducted a public hearing to address the proposed acquisition of property owned by the Company for the construction of a proposed Research and Development Campus. At that meeting, a speech was delivered on behalf of the Company to the public by Mr. John V. N. Klein. Mr. Klein questioned several portions of the University's Draft Generic Environmental Impact Statement for that Research and Development Campus, noted that the DGEIS lacked key information and contained various inaccuracies and unsupported assumptions and projections, and asked that such issues be addressed and be made the subject of future public hearings.
