GENERAL INFORMATION

Introduction

Howard Bancorp, Inc. (“Howard” or the “Company”) is holding its 2019 Annual Meeting of Stockholders (the “Meeting”) on Wednesday, May 22, 2019. This proxy statement is being sent on or about April 11, 2019, in connection with the solicitation by the Board of Directors of Howard (the “Board of Directors” or the “Board”) of proxies to be voted at the Meeting and at any adjournment or postponement thereof.

Howard is furnishing this proxy statement over the Internet to most stockholders. These stockholders will not receive printed copies of the proxy statement and proxy card, and instead will receive a Notice of Internet Availability (the “Notice”) containing instructions on how to access the proxy materials over the Internet. In addition, the Notice contains instructions on how to request proxy materials in printed form by mail or electronically on an ongoing basis. This process has allowed Howard to expedite its stockholders’ receipt of proxy materials, lower the costs of distribution and reduce the environmental impact of the Meeting.

Meeting Location, Date and Time

The Meeting will be held at Howard’s Corporate Offices located at 3301 Boston Street, Baltimore, Maryland, on Wednesday, May 22, 2019, at 11:30 a.m. To obtain directions to attend the meeting, contact the Secretary at (410) 750-0020.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 28, 2019 (the “record date”), are entitled to notice of and to vote at the Meeting in person or by proxy. On the record date, Howard had outstanding 19,059,485 shares of common stock.

Purpose of the Meeting

The Meeting is being held to consider and act upon the following proposals:

- To elect five Class II directors to serve for a three-year term expiring at the Annual Meeting of Stockholders in 2022 and until their successors are elected and qualify (the “election of directors”);
- To approve an amendment to Howard’s Articles of Incorporation, as amended (the “Charter”), to allow the Company’s stockholders to amend Howard’s Amended and Restated Bylaws (the “Bylaws”) (the “stockholder charter bylaw amendment proposal”);
- To approve amendments to the Charter to change the current super-majority vote requirement to amend certain sections of the Charter to a majority vote standard (the “charter vote standard amendment proposal”);
- To approve a non-binding advisory proposal to approve the compensation of Howard’s named executive officers (the “executive compensation proposal”);
- To approve a non-binding advisory proposal regarding the frequency of stockholder advisory vote on executive compensation (the “frequency proposal”); and
- To ratify the appointment of Dixon Hughes Goodman LLP (“Dixon Hughes Goodman”) as the independent registered public accounting firm to audit the Company’s financial statements for 2019 (the “auditor proposal”).

The Board of Directors recommends a vote “FOR” each of the director nominees named in this proxy statement, “FOR” the stockholder charter bylaw amendment proposal, “FOR” the charter vote standard amendment proposal, “FOR” the executive compensation proposal, “FOR” the auditor proposal and in favor a frequency of “EVERY YEAR” for the

stockholder advisory vote on executive compensation.

1

TABLE OF CONTENTS

Required Vote

The presence, whether in person or through proxy, of the holders of record of a majority of the shares of the capital stock of the Company issued and outstanding and entitled to vote at the Meeting constitutes a quorum to transact business at the Meeting. Each share is entitled to one vote on each proposal.

The required vote for each proposal is as follows:

- Directors will be elected by the affirmative vote of a plurality of the shares cast at the Meeting.

- The approval of the stockholder charter amendment proposal requires the affirmative vote, cast in person or by proxy, of the holders of record of at least 80% of the shares of the capital stock of the Company entitled to vote on thereon.

- The approval of the charter vote standard amendment proposal requires the affirmative vote, cast in person or by proxy, of the holders of record of at least 80% of the shares of the capital stock of the Company entitled to vote on thereon

- The approval of the executive compensation proposal requires the affirmative vote of holders of a majority of the votes cast on the proposal by Howard stockholders at the Meeting.

- With respect to the frequency proposal, the option of every year, every two years or every three years that receives a majority of the votes cast by Howard stockholders at the Meeting will be the frequency for the stockholder advisory vote on executive compensation that has been recommended the stockholders.

- The ratification of the auditor proposal requires the affirmative vote of holders of a majority of the votes cast on the proposal by Howard stockholders at the Meeting.

While abstentions and broker non-votes are counted as shares present at the meeting for purposes of determining a quorum, they are not otherwise counted and, therefore, will have no effect on the outcome of the election of directors, the executive compensation proposal, the frequency proposal or the auditor proposal. Abstentions and broker non-votes will have the same effect as a vote against the stockholder charter amendment proposal and the charter vote standard amendment proposal (collectively, the “charter amendment proposals”).

Applicable rules determine whether proposals presented at stockholder meetings are considered routine or non-routine. If a proposal is considered routine, a bank, broker or other holder of record which holds shares for an owner in street name generally may vote on the proposal without receiving voting instructions from the beneficial owner. If a proposal is non-routine, the bank, broker or other holder of record generally may vote on the proposal only if the beneficial owner has provided voting instructions. A “broker non-vote” occurs when a broker or other entity returns a signed proxy card but does not vote shares on a particular proposal because the proposal is not a routine matter and the broker or other entity has not received voting instructions from the beneficial owner of the shares. The ratification of the selection of Dixon Hughes Goodman as independent auditor is considered a routine matter, while the other proposals, i.e., the election of directors, the charter amendment proposals, the executive compensation proposal and the frequency proposal, are considered non-routine matters.

All valid proxies received by Howard will be voted in accordance with the instructions indicated in such proxies. As noted above, if you hold your shares through a bank, broker or other holder of record and you do not give voting instructions, your bank, broker or other record holder of the shares is not permitted to vote your shares on any proposal other than the auditor proposal, which is the only routine proposal on the agenda. If no instructions are indicated in an otherwise properly executed proxy, it will be voted “FOR” each of the director nominees named in this

proxy statement, “FOR” the stockholder charter amendment proposal, “FOR” the charter vote standard amendment proposal, “FOR” the executive compensation proposal, “FOR” the auditor proposal, in favor of a frequency of “EVERY YEAR” for the stockholder advisory vote on executive compensation and on all other matters in accordance with the recommendations of the Board.

Cost of Proxy Solicitation

Solicitation of proxies will be primarily by mail, telephone and electronic delivery. Employees of Howard and its subsidiaries may be used to solicit proxies by means of telephone or personal contact but will not receive any additional compensation for doing so. CORPORATE GOVERNANCE

General

The Board of Directors of the Company met 12 times during 2018. All members of the Board of Directors attended at least 75% of the meetings held by the Board of Directors and by all committees on which such member served during 2018. There currently are six standing committees of our Board of Directors:

Asset-Liability Committee

Audit Committee

Compensation Committee

Executive Committee

Governance and Nominating Committee

Strategic Growth Initiatives Committee

Corporate Governance

The Board of Directors is committed to fulfill its responsibilities to stockholders and other Company stakeholders consistent with sound corporate governance policies adopted by the Board on behalf of the Company that incorporate the best contemporary standards and practices. Among other policies, we have adopted a code of conduct that applies to our employees, including our Chief Executive Officer, our President and our Chief Financial Officer, and a separate code of conduct that applies to our non-employee directors. These policies provide our directors, senior management and all our employees with a framework that defines responsibilities, sets high standards of professional and personal conduct, and promotes compliance with the various financial, ethical, legal and other obligations and responsibilities applicable to the Company.

The Company's codes of conduct and other corporate governance policies can be viewed at Howard Bank's website www.howardbank.com under Investor Relations — Corporate Overview — Governance Documents.

Board Independence

The Board of Directors has determined that all of the current directors as well as each person who served as a director during 2018, except for Mr. Kunisch, Ms. Scully and Mr. Steil, are independent directors as determined under the definition of independence set forth in the rules and listing standards of the Nasdaq Stock Market, LLC ("Nasdaq"). In making this determination, the Board of Directors considered the transactions and relationships disclosed under "Certain Relationships and Related Transactions" below.

Board Leadership Structure; Lead Independent Director

Currently, our Chief Executive Officer also serves as the Chairman of the Board. The Company believes this leadership structure is most appropriate for us because we believe having the CEO serve as Chairman fosters an alignment of various Company leadership duties and having the person most familiar with all aspects of the Company's day to day operations lead the Board enhances accountability and effectiveness.

In addition to the Chairman of the Board, the Board of Directors has established the position of Lead Independent Director. Mr. Smith currently serves as the Lead Independent Director.

The Lead Independent Director provides leadership to and reports to the Board focused on enhancing effective corporate governance, provides a source of Board leadership complementary to, collaborative with and independent of the leadership of the Board Chair/CEO, and promotes best practices and high standards of corporate governance.

TABLE OF CONTENTS

The Lead Independent Director serves as a member of the Executive Committee, the Governance and Nominating Committee, the Compensation Committee and any other committee of the Board to which he is appointed.

Board's Role in Risk Oversight

The Board of Directors has an active role in overseeing and monitoring our risk management processes. The Board has appointed a Chief Risk Officer responsible for the strategic management of all enterprise risk — credit, compliance, operational, cyber and physical security. The Board of Directors regularly reviews information regarding the Company's asset quality, securities portfolio, capital, liquidity, compensation, financial reporting, strategic plan, products, security and operations. The Board of Directors oversees the risk management process through correlated committee processes and through Board management of, and/or participation in, these committees. The Compensation Committee is responsible for overseeing the management of risks related to our executive and non-executive compensation plans. The Audit Committee has responsibility for oversight of financial reporting, information technology, security and regulatory risks. The Governance and Nominating Committee manages risk associated with the Board of Directors, including independence and competence of the directors. The Asset-Liability Committee is responsible for oversight of the management of risks associated with our policies and procedures related to financial management, interest rate sensitivity, liquidity, investment and capital.

We also have an outsourced internal audit provider that reports to the Audit Committee. On an annual basis, or more frequently if required, the Audit Committee approves a schedule of internal reviews and audits for this firm to complete. This firm reports the findings from these reviews and audits to the Audit Committee on at least a quarterly basis. The Chair of the Audit Committee makes a full report of each finding to the full Board of Directors.

The Board of Directors does not believe that the administration of its risk oversight function has had any effect on its leadership structure as described above.

Committees of the Board of Directors

Audit Committee

The Board of Directors of the Company has established a standing Audit Committee in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee is responsible for: the selection, review and oversight of the Company's independent registered public accounting firm and the outsourced internal audit company; the approval of all audit, review and attest services provided by the independent public accounting firm; the integrity of the Company's reporting practices; and evaluation of the Company's internal controls and accounting procedures. It also periodically reviews audit reports with the Company's independent public accounting firm. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which can be viewed at Howard Bank's website www.howardbank.com under Investor Relations — Corporate Governance — Governance Documents. The Audit Committee is currently comprised of Mr. Keenan, the Chair, and Messrs. Dorsch, High, Latta and O'Neill. Each member of the Audit Committee is independent, as determined under the definition of independence set forth in the rules and listing standards of Nasdaq. During 2018 the Audit Committee met six times. The Board of Directors has determined that Mr. Keenan is an "audit committee financial expert" as that term is defined by the rules and regulations of the Securities and Exchange Commission (the "SEC").

The Audit Committee is also responsible for the pre-approval of all non-audit services provided by the Company's independent registered public accounting firm. Governance and Nominating Committee

The Governance and Nominating Committee is responsible for: assisting, advising and making recommendations to the Board of Directors on corporate governance matters, including the identification, selection, and recommendation of qualified individuals to become Board members; selecting and recommending that the Board approve the director nominees for the annual meeting of stockholders; developing and recommending to the Board a set of corporate governance guidelines; developing and recommending a Board committee structure and recommending the membership and chairs of committees; overseeing the evaluations of the Board; and overseeing the succession planning for the Chief Executive Officer. The charter for the Governance and Nominating Committee can be viewed at Howard Bank's website www.howardbank.com under Investor Relations — Corporate Governance — Governance Documents.

The Governance and Nominating Committee identifies nominees for the Board of Directors by first evaluating the current Board members willing to continue serving as directors. Current Board members with skills and experience that are relevant to our business and who are willing to continue their service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new skills, backgrounds and perspective, in light of our developing needs. If a vacancy exists, the Committee solicits suggestions for director candidates from a number of sources, which can include other Board members, management, and individuals personally known to members of the Board.

Pursuant to our guidelines for selecting potential new board members, in selecting and evaluating persons to recommend to the Board as nominees for director, the Governance and Nominating Committee strives to select persons who have high integrity and relevant experience and who bring a diverse set of appropriate skills and backgrounds to the Board. In this regard, the Governance and Nominating Committee also gives consideration to matching the geographic base of candidates with the geographic coverage of the Company, and to diversity on the Board that reflects the community that we serve. The Governance and Nominating Committee will also take into account whether a candidate satisfies the criteria for "independence" under Nasdaq's listing standards. These factors are subject to change from time to time.

The Governance and Nominating Committee also evaluates candidates for nomination to the Board of Directors who are recommended by stockholders. Stockholders who wish to recommend individuals for consideration by the Governance and Nominating Committee to become nominees for election to the Board may do so by submitting a written recommendation to the Company's Secretary at its executive offices. Submissions must include, among other things: (i) all information relating to such person that would indicate such person's qualification to serve on the Board of Directors, including that information set forth in Article I, Section 1.10 of our Bylaws and (ii) such other information relating to such person that is required to be disclosed in connection with solicitations of proxies for election of directors pursuant to the proxy rules under the Exchange Act, or any successor rule thereto. A written consent of the individual to stand for election if nominated and to serve if elected by the stockholders must accompany the submission. The Governance and Nominating Committee will consider recommendations received by a date not later than 90 days nor earlier than 120 days prior to the anniversary date of the mailing of the Company's proxy materials in connection with the prior year's annual meeting of stockholders for nomination at the next annual meeting. The Governance and Nominating Committee will consider nominations received beyond that date at the annual meeting subsequent to the next annual meeting. For more information see the Section entitled "Stockholder Proposals And Nominations For The Howard 2020 Annual Meeting Of Stockholders."

There is no difference in the manner in which the Governance and Nominating Committee evaluates candidates for membership on the Board based on whether such candidate is recommended by a stockholder, the Governance and Nominating Committee, a director or by any other source. No submission for Board nominees by a stockholder was received by the Company with respect to the Meeting.

The Governance and Nominating Committee is currently comprised of Ms. Hill Staton, the Chair, and Messrs. High, Latta, O'Neill and Smith. Each member of the Committee is independent, as determined under the definition of independence set forth in Nasdaq's rules and listing standards. During 2018 the Governance and Nominating Committee met five times.

Director Attendance at Annual Meetings

It is our policy that all members of the Board of Directors are expected to attend the annual meeting of stockholders in the absence of an unavoidable conflict. All of our directors at the time of our 2018 Annual Meeting of Stockholders were in attendance at such meeting.

Director Stock Ownership Policy

We have a policy that requires all newly elected directors to commit to a minimum investment of five times the annual cash retainer component of the director's compensation, fixed at the time of the director's initial election to the Board. The minimum investment may be acquired over up to a five-year period and includes stock awarded as a component of director compensation. As of December 31, 2018, all of our directors are in compliance with such policy and met the minimum investment requirement of this policy with the exception of one director that joined the Board in 2018 and, pursuant to such policy, such director has five years to acquire the minimum investment.

TABLE OF CONTENTS**ITEM 1. ELECTION OF DIRECTORS**

The Company's Bylaws provide that the number of directors may be increased or decreased by our Board of Directors. The number of directors is currently fixed at 14. The directors of the Company are divided into three classes — Class I, Class II and Class III — each class consisting of an equal number of directors, or as nearly equal as possible. The Board of Directors believes that the staggered terms of the Board of Directors help to assure the continuity and stability of the Company's business strategies and policies. Each director of the Company also serves as a director of Howard Bank (the "Bank").

Typically, one class of directors is elected at each annual meeting of stockholders to hold office for a term of three years and until their successors have been duly elected and qualify. The five directors in Class II have terms that expire at the Meeting. The Board of Directors has nominated the five directors for reelection to three-year terms expiring at the annual meeting of stockholders to be held in 2022.

Below is a chart of the Board of Directors, including the directors who have been nominated for election as director, as indicated below (each a "nominee"). All the persons listed below currently serve as directors:

Each nominee has indicated a willingness to serve if elected. However, if any nominee becomes unable to serve prior to the Meeting, a substitute or substitutes will be nominated by the Board of Directors, and those proxies voted for the original nominee or nominees will be voted for such substitute(s).

Nominees receiving a plurality of the votes cast at the Meeting in the election of directors will be elected as director, in the order of the number of votes received. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,415,521 shares of our common stock, or approximately 23.17% of the shares of common stock outstanding on the record date, and have indicated their intention to vote "FOR" the election of all of the nominees. Executed proxies received from holders of our common stock will be voted "FOR" the election of such nominees unless marked to the contrary. Abstentions and broker non-votes will not be counted as either an affirmative vote or a negative vote regarding the election of directors, and therefore, will have no effect on the election of directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Guiding Philosophy

Howard's executive compensation philosophy embraces the following core principles and objectives:

- Attract and retain top talent who demonstrate success and professional growth and who model the Company's values of excellence, leadership, discipline, teamwork and community spirit.

- Reward desired performance and behavior in order to drive and enhance Company performance and related achievement of its short-term and long-term goals consistent with the strategic plan approved by the Board of Directors.

- Maintain compensation competitiveness within the marketplace from which the Company accesses the desired level of talent.

- Include a strategic emphasis on performance-based compensation, utilizing a mix of short-term and long-term incentive compensation that rewards specific performance, achievements and outcomes and aligns individual rewards with Company performance and enhancement of stockholder value.

- Increase commitment through periodic grants of equity-based compensation awards.

- Structure compensation plans so as not to encourage employees to take unnecessary or excessive risks that threaten the value of the Company and so as not to encourage the manipulation of earnings to enhance the compensation of any employee.

The Company's compensation policies and practices reflect its guiding philosophy, as shown below.

What we do:

Significant portion of executive pay based on performance against goals set by the Board of Directors

Independent compensation consultant regularly advises the Compensation Committee

Minimum vesting periods of not less than three years for equity awards granted under the Company's long-term equity incentive plan

Use of peer company data to help set executive compensation

Annual advisory votes on executive compensation

What we don't do:

No automatic or guaranteed annual salary increases

No guaranteed annual cash bonuses or guaranteed long-term incentive awards

No excessive perquisites

Key Elements of Compensation. The following table summarizes key elements of Howard's executive compensation program and the primary objectives each element supports.

Key Elements of Compensation	Objectives
	<ul style="list-style-type: none">• Attract and retain highly qualified executives
Base salary	<ul style="list-style-type: none">• Reward prior performance, industry and job specific knowledge, experience and leadership ability
Annual cash incentive bonuses	<ul style="list-style-type: none">• Reward achievement of annual corporate and individual goals
Stock-based incentive compensation	<ul style="list-style-type: none">• Reward achievement of long-term objectives and create direct link between performance and stockholder value

TABLE OF CONTENTS

Changes in base salary and the amount of incentive-based cash compensation earned is based both on the individual executive officer's performance and on the performance of the entire Company against goals identified and approved at the beginning of each year. The Company also considers the total compensation and the mix of compensation paid by financial services companies with characteristics similar to those of the Company to officers with comparable responsibilities and experience.

Alignment Between Pay and Performance. Howard is committed to aligning the compensation of its executive officers with the Company's financial and operational performance.

The Compensation Committee uses both annual cash incentive bonuses and equity awards to link executive pay with Howard's performance. Payments under the annual cash incentive bonus plan are based on a combination of the Company's achievement of key corporate financial performance goals and achievement of individual performance goals of Ms. Scully, our Chief Executive Officer, Mr. Kunisch our President, Mr. Coffman, our Executive Vice President, Treasurer and Chief Financial Officer and our next three most highest paid executive officers (the "NEOs"). In 2018, Howard's performance resulted in average payouts for the NEOs (excluding Mr. Witty who did not receive a bonus as his employment ended in November of 2018) under the annual cash bonus plan of 25% of target, out of a maximum potential payout of 150% of target. In 2017, Howard's performance resulted in average payouts for the NEOs under the annual cash bonus plan of 87% of target, out of a maximum potential payout of 150% of target. The Compensation Committee also uses equity awards to help align the interests of management and Howard's stockholders. In 2018, the Compensation Committee did not grant any equity awards to NEOs under the Long-Term Executive Incentive Plan due to the significant impact on the Company's financial operating results resulting from the Merger.

2018 Say on Pay Vote. In 2018, the advisory stockholder vote on Howard's executive compensation received approval of over 91% of the votes cast on the proposal. During 2018 and 2019, the Compensation Committee has generally continued to apply the same compensation philosophy and practices that were described in the 2018 proxy statement in determining amounts and types of executive compensation.

Board and Compensation Committee Process. The Compensation Committee's responsibilities with regard to compensation are to: develop and implement an annual process for evaluating the performance of the Chief Executive Officer; make recommendations to the Board concerning the compensation of the Chief Executive Officer; in consultation with the Chief Executive Officer, determine the compensation of the other executive officers; make recommendations to the Board of Directors concerning compensation to directors; advise the Board and the Chief Executive Officer on other compensation and benefit matters; and administer various Company incentive plans and employment agreements.

The Chairman of the Compensation Committee establishes the agenda for Compensation Committee meetings. The CEO and Chief Human Resource Officer also interface with the Compensation Committee in connection with the Compensation Committee's executive compensation decision-making, which includes making recommendations concerning compensation programs and decisions. The Compensation Committee periodically meets with the CEO and the Chief Human Resource Officer to assess progress toward meeting objectives set by the Board for both annual and long-term compensation. The Compensation Committee also meets in executive session without management present when appropriate.

In considering appropriate levels of compensation for executives, the Compensation Committee takes into account the Company's performance and individual performance, as well as comparative data from Howard's peer companies. The Compensation Committee reviews all of the components of compensation in making determinations on the mix, amount and form of executive compensation. While the Compensation Committee does not use any fixed quantitative formula or multiple for comparing or establishing compensation for executive management, it is mindful of internal pay equity considerations and assesses the relationship of the compensation of each executive to other members of executive management.

TABLE OF CONTENTS

Role of the Compensation Consultant. In late 2017, the Compensation Committee engaged Pearl Meyer to provide services including the following in preparation for 2018:

- providing recommendations regarding the composition of Howard's peer group for 2018
- conducting an executive compensation review of Howard's executive management team, and
- providing recommendations regarding certain changes to executive compensation.

Benchmarking. When determining the amount and form of compensation for executives for 2018, the Compensation Committee considered comparative executive compensation information provided by Pearl Meyer that was derived from peer group data. The Compensation Committee used the peer group data to assist with assessing Howard's compensation competitiveness and to help evaluate its pay-for-performance alignment. Recognizing that comparative pay assessments have inherent limitations, due to the lack of precise comparability of executive positions between companies, as well as the companies themselves, and the time lag in the availability of peer compensation information, the comparative data are used only as a guide and the Compensation Committee does not fix any NEO's compensation (or individual compensation elements) to a particular compensation level within this comparative data. In exercising its judgment to set pay levels, the Compensation Committee looks beyond the comparative data and also considers individual job responsibilities, individual performance, experience, compensation history, and Company performance against its goals.

The peer group is updated annually by the Compensation Committee, based on a process that includes recommendations from internal sources, including the Chief Human Resource Officer and Chief Financial Officer, and external sources such as the Compensation Committee's independent compensation consultant, to reflect the companies against which Howard competes for executive talent or for stockholder investment. The specific characteristics of the financial institutions comprising the peer group vary from year to year, but the companies are chosen based on a combination of factors that include asset size and location in the Mid-Atlantic region. All 18 of the companies in Howard's peer group are publicly-traded banking companies.

As of the compensation consultant review performed in late 2017, the 18 peer companies utilized had assets within a range of approximately 50% to 189% of Howard's post-Merger asset size of \$2.1 billion, which the Compensation Committee considers an appropriate range for comparison purposes. The specific asset sizes for the peer companies listed in the report presented to the Compensation Committee ranged from approximately \$1.1 billion to \$4 billion and had median assets of \$2.2 billion.

For 2018, Howard's peer group consisted of the following companies:

Company Name	Ticker	Company Name	Ticker	Company Name	Ticker
American National Bankshares	AMNB	Access National Corporation	ANCX	Bankwell Financial Group	BWFG
Arrow Financial	AROW	BCB Bancorp	BCBP	Bryn Mawr Bank	BMTC
City Holding	CHCO	CNB Financial	CCNE	Codorus Valley Bank	CVLY
Enterprise Bancorp	EBTC	Financial Institutions	FISI	First of Ling Island	FLIC
Old Line Bancshares	OLBK	Peoples Financial Services	PFIS	Premier Financial Bancorp	PFBI
Republic First Bancorp	FRBK	Southern National Bancorp of Virginia	SONA	Summit Financial Group	SMMF

The peer group utilized for 2018 is different than peers utilized in prior years given the increased asset size of the Company resulting from the acquisition of First Mariner in early 2018.

Compensation Mix. The Compensation Committee does not target a specific allocation among the various compensation components. In allocating compensation among salary, bonus and equity-based compensation, the Compensation Committee believes that the compensation of the senior-most levels of management with the greatest ability to influence Howard's performance should be significantly performance-based, while lower levels of management should receive a greater portion of their compensation in base salary. The Compensation Committee also makes allocations between short-term and long-term compensation for NEOs.

24

TABLE OF CONTENTS

The approximate percentages of salary and bonus compensation compared to the total of such compensation (referred to as total annual compensation) for 2018 for the NEOs were as follows (excluding bonus and other payments and equity awarded in recognition of the Merger):

Name	Base Salary %	Incentive Cash Bonus %
Mary Ann Scully	94.5	5.5
Robert D. Kunisch	91.3	8.7
George C. Coffman	92.3	7.7
Thomas R. Jones	91.0	9.0
Charles E. Schwabe	91.6	8.4
James D. Witty	100.0	0.0

Base Salary. The Compensation Committee believes that base salaries for the Company's executive officers should be targeted at market competitive levels using data from our peer group. In establishing the CEO's base salary, the Compensation Committee typically considers the recommendations of its independent compensation consultant based on an analysis of peer group data and the CEO's individual performance and contributions relative to Howard's corporate goals. In establishing base salaries of Howard's other NEOs, the Compensation Committee typically considers the recommendations of the CEO, which are based on individual responsibility level, individual and company performance, total compensation histories for each NEO, peer group data and a general understanding of executive compensation in the financial services industry. The Compensation Committee considers each of these factors but does not assign a specific value to any of them.

After consultation with the Compensation Committee's independent compensation consultant, and consideration of compensation paid by companies in Howard's peer group, taking into account the organic and acquired growth in the loans, assets, deposits and revenues of the Company, each of our NEOs received an increase in base salary in March 2018. Ms. Scully's relative increase was larger than the increases of the other NEOs because the Compensation Committee determined that she was significantly below the peer group median. The base salaries in effect as of December 31, 2017 and 2018 were as shown below (the annual base salary of Mr. Witty, whose employment ended in November 2018, is shown as of the date of his departure):

Name	2017 Base Salaries (\$)	2018 Base Salaries (\$)	% Change (%)
Mary Ann Scully	\$ 430,000	\$ 530,000	23.3
Robert D. Kunisch	N/A	\$ 390,000	N/A
George C. Coffman	\$ 290,000	\$ 300,000	3.4
Thomas R. Jones	N/A	\$ 250,000	N/A
Charles E. Schwabe	\$ 260,000	\$ 275,000	5.8
James D. Witty	\$ 285,000	\$ 300,000	5.3

Annual Incentive Cash Bonuses. The Compensation Committee typically awards annual cash bonuses using a structure based upon the achievement of specified Company-wide financial results as well as individual NEO goals. At the beginning of each year, the Compensation Committee establishes cash bonus opportunities for each NEO. The target payout levels for the NEOs are set as a percentage of base salary. For 2018, payments under the annual cash bonus plan were based on a combination of the Company's achievement of key corporate financial performance goal and achievement of individual NEO performance goals. The specific performance goals are keyed to important financial and business objectives which are intended to enhance stockholder value. The Compensation Committee sets target levels of performance for these goals, which are intended to be achievable, but challenging.

TABLE OF CONTENTS

In setting annual cash bonus opportunities, the Compensation Committee reviews relevant peer company data to ensure that proposed target payout levels provide an appropriate opportunity to earn bonuses that are competitive with the Company's peer group. After it has approved the annual incentive bonus plan and payout opportunities for the NEOs, the Compensation Committee recommends the bonus plan to the Board for approval. The Compensation Committee retains the discretion to make adjustments to any evaluation of performance under the performance metrics to eliminate the effect of extraordinary, non-recurring or unusual items, transactions or events.

For 2018, the Compensation Committee selected four Company-wide financial performance measures to be considered when determining any cash incentive payout in addition to individual performance goals selected on the basis of each NEOs functional role. The Company-wide financial metrics used in consideration of any cash incentive payout for 2018 were earnings per share ("EPS"), return on assets ("ROA"), net loan growth and transaction deposit growth.

The following table shows the target and maximum bonus payout levels established for each NEO under the 2018 annual incentive cash bonus plan, expressed as a percentage of base salary.

Name	Target Bonus Payout Level (as percentage of salary)	Maximum Bonus Payout Level (as percentage of salary)
Mary Ann Scully	40%	60%
Robert D. Kunisch	30%	45%
George C. Coffman	30%	45%
Thomas R. Jones	25%	37.5%
Charles E. Schwabe	25%	37.5%
James D. Witty	30%	45%

In early 2019, the Compensation Committee reviewed the Company's performance of the four Company-wide performance goals established for 2018 in addition to each of the NEO's performance relative to their individual performance goals (other than Mr. Witty whose employment ended in November 2018).

The following table shows the four Company-wide performance goals established for 2018 and the extent to which such goals were achieved:

Performance Goals	2018 Target	2018 Actual Results	Percentage of Target Level Achieved
Earnings Per Share	\$.71	\$.46	65%
Return on Assets	0.62%	0.41%	66%
Net Loan Growth	83%	76%	92%
Net Deposit Growth	115%	127%	110%

The compensation committee determined that each NEO substantially met or exceed his or her individual performance goals.

TABLE OF CONTENTS

Based on the level of performance against the four Company-wide measures, as shown in the table above, and taking into account the performance of the individual NEOs against their individual performance goals, the Compensation Committee awarded bonus payments for each NEO in the amounts shown below (other than Mr. Witty whose employment ended in November 2018):

Name	2018	2018 Annual
	Annual Cash Incentive Bonus Paid (\$)	Cash Incentive Bonus Paid as Percentage of Base Salary (%)
Mary Ann Scully	\$ 30,000	6%
Robert D. Kunisch	\$ 30,000	10%
George C. Coffman	\$ 25,000	8%
Thomas R. Jones	\$ 20,000	10%
Charles E. Schwabe	\$ 25,000	9%

These 2018 annual cash incentive bonus amounts are presented as Non-Equity Incentive Plan Compensation for 2018 in the Summary Compensation Table.

Discretionary Merger Cash Bonus. In February 2018, the Compensation Committee and Board approved certain discretionary cash bonuses to certain of the NEOs in recognition of their efforts to achieve a successful consummation of the First Mariner acquisition (the “Discretionary Merger Cash Bonuses”). These bonuses are disclosed in the Bonus column of the Summary Compensation Table for Ms. Scully, and Messrs. Coffman, Schwabe and Witty.

Equity-Based Compensation. The Compensation Committee believes stock-based incentive compensation is an important tool to further align the interests of our executive officers with the long-term interests of our stockholders and uses the Company’s long-term incentive plan for that purpose. Equity-based awards generally constitute the largest non-cash component of each NEO’s total compensation package. In setting the amount of annual equity-based awards, the Compensation Committee takes into account levels of long-term equity-based compensation, and pay mix data, at its peer companies, based on input from its independent compensation consultant. In establishing award levels, the Compensation Committee generally does not consider the equity ownership levels of the recipients or prior awards that are fully vested.

There were no equity awards granted under the Long-Term Incentive Plan in 2018 due to the significant impact on the Company’s financial operating results resulting from the Merger. However, in recognition of their contributions to the successful completion of the acquisition of First Mariner, certain of the NEOs were awarded restricted stock units (“RSUs”) by the Compensation Committee. These shares vested immediately and are shown in the Stock Awards column of the Summary Compensation Table for 2018.

In 2017, the equity awards granted to NEOs were in the form of RSUs subject to time vesting over a three-year period. One-third of the shares vest on each anniversary of the grant date, provided the executive remains employed through such date (subject to certain exceptions). Dividends on shares underlying time-based RSUs are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest. In the future, the Compensation Committee intends to use both time-based and performance-based equity awards.

The Compensation Committee determined that Howard’s performance in 2017 satisfied the performance criteria and therefore resulted in the vesting of one-third of the shares underlying the RSUs granted in 2015. These shares vested on April 30, 2018.

The award agreements for RSUs granted by Howard provide for accelerated vesting upon a change in control and upon termination of employment in certain circumstances.

TABLE OF CONTENTS

Retirement Benefits. Howard maintains a Supplemental Executive Retirement Plan (the “SERP”). Eligibility to participate in the SERP is limited to highly compensated employees as determined by the Board. Currently, eligibility to participate in the SERP has been granted solely to Ms. Scully, our Chief Executive Officer. The SERP is unfunded and designed to be a nonqualified deferred compensation retirement plan in compliance with Section 409A of the Internal Revenue Code.

The SERP is a defined benefit style program in which the participant is promised a benefit according to a set formula; such benefit is paid to the participant (or his or her beneficiary) in equal quarterly installments over a period of 15 years following the later of (i) the participant’s severance from employment with the Bank after attainment of the Normal Retirement Age (as defined in the SERP) or (ii) the attainment of Normal Retirement Age if severance has occurred first. Under the SERP, as supplemented and increased in 2016, Ms. Scully will receive \$150,000 each year for 15 years once she begins to receive her benefit subject to the applicable vesting schedule. Provided she remains an employee of the Bank through the applicable vesting time, Ms. Scully will earn vesting on a graduated schedule in which she will become fully vested on August 25, 2019.

To the extent not already fully vested, a participant in the SERP fully vests in his or her benefit upon the occurrence of the participant’s death or Disability (as defined in the SERP) or if the Bank terminates the SERP following a Change in Control (as defined in the SERP). Upon a participant’s Termination for Cause (as defined in the SERP), he or she forfeits all benefits under the SERP including any amounts in which he or she has previously vested.

See the Pension Benefits table for more information regarding this plan.

Perquisites. Perquisites provided to each NEO are reviewed annually within the context of Howard’s executive compensation program, market practices and the nature of each NEO’s responsibilities. Generally, Howard limits the types of perquisites offered to NEOs as shown in the All Other Compensation column of the Summary Compensation Table.

The Compensation Committee believes the currently-offered perquisites are minimal in overall cost and competitively necessary to attract and retain talented executives. Consistent with most other financial institutions in its peer group, Howard provides NEOs with a 401 (k) match, a car allowance and pays the premiums for life insurance policies for its NEOs.

Severance and Change in Control Benefits. NEOs would be entitled to receive their vested benefits under the 401(k) plan and SERP upon a termination of employment (except that all benefits under the SERP, whether vested or unvested, would be forfeited if the participant’s employment is terminated for cause prior to attaining normal retirement age). The Compensation Committee and Board believe that additional severance benefits are appropriate for executive management because it may be difficult for senior executives to find comparable employment within a short period of time. Thus, for example, as discussed above RSUs that are unvested will be accelerated upon a change in control and upon termination of employment in certain circumstances. In addition, the CEO and other NEOs are entitled to severance compensation upon the termination of their employment in certain circumstances, including upon a change in control, as set forth in their employment agreements. The Compensation Committee believes that providing these change-in-control severance benefits to the CEO and other NEOs should offset any reluctance to pursue potential change in control transactions that may be in the best interests of stockholders.

For additional information on Howard’s written agreements with its NEOs that provide severance and change in control benefits, please see “Employment Agreements.”

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the tax deductibility of certain compensation in excess of \$1 million paid to Howard’s NEOs. Because the compensation paid to Howard’s NEOs generally has been under the \$1 million threshold, Section 162(m)’s limits on tax deductibility have not been a significant factor in the Compensation Committee’s determinations with respect to compensation of Howard’s NEOs. However, due to the structure of the acquisition of First Mariner, Howard incurred a total of \$852,000 in compensation expense for the 2018 tax year that was not deductible.

TABLE OF CONTENTS

As a result of the Tax Cuts and Jobs Act (the “TCJA”), enacted in December 2017, equity awards made after November 2, 2017 generally will not be deductible to the extent that they cause the compensation of the affected executives to exceed \$1 million in any year. Awards that were made and subject to binding written contracts in effect on November 2, 2017, are “grandfathered” under prior law and can qualify as deductible “performance-based compensation,” even if paid in future years. The Compensation Committee will continue to monitor these awards and endeavor to ensure that they are deductible if and when paid.

Analysis of Risk Associated with Howard’s Compensation Policies and Practices. In making its determinations, the Compensation Committee considers the key enterprise risks to which Howard is subject, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, reputational and other risks. Based on this assessment, and given the structure of and amounts payable under Howard’s executive and other compensation programs, the Compensation Committee has determined that Howard’s compensation policies and practices have sufficient mitigating features and controls to maintain an appropriate balance between prudent business risk and resulting compensation, and encourage appropriate risk behavior consistent with Howard’s risk appetite, business strategy and profit goals. Mitigating features and controls include the overall compensation mix, weighting of performance metrics, timing of awards in relation to performance measurement period, establishment of targets with payouts at multiple levels of performance, and oversight by executive management and the Board. In addition, Howard’s incentive compensation arrangements are subject to a system of internal controls to ensure that incentive compensation is properly tracked, approved and paid. As a result, the Compensation Committee concluded that Howard’s compensation policies and practices do not encourage imprudent risk-taking behavior and are consistent with maintaining the organization’s safety and soundness.

Compensation Clawback Policy. The Compensation Committee and Board approved a Compensation Clawback Policy in March 2019 in general alignment with proposed SEC clawback rules. Pursuant to the policy, certain executive officers are subject to a clawback provision under which the Compensation Committee may require them to repay any excess incentive-based compensation paid under an incentive compensation plan if the Board, a committee thereof, or a duly authorized officer of the Company determines that an accounting restatement is required to correct material non-compliance with any financial reporting requirements under applicable securities laws. Such executive officers are subject to clawback provisions during the three completed fiscal years preceding the date of such determination. The Compensation Clawback Policy applies to grants and awards of incentive-based compensation made on or after the date the policy was adopted.

(1)

The amount shown represents the aggregate grant date fair value, determined in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation, of the stock awards granted to each of the NEOs. The grant date fair value was determined by multiplying the total number of shares of common stock awarded by the closing price of our common stock on Nasdaq on the respective grant date. For 2018, RSUs granted to Ms. Scully, Messrs. Coffman, Schwabe and Witty in March 2018 vested immediately and were in recognition of their contributions to the successful completion of the Merger. For 2017, RSUs were granted to Ms. Scully, Messrs. Coffman, Schwabe and Witty in July 2017 and vest over a period of three years. In accordance with the terms of Mr. Witty's employment agreement, he was granted RSUs in April 2016 which vest over a period of three years.

Represents amounts paid pursuant to the annual cash incentive plan, based on achievement of Company-wide and individual performance objectives for the year indicated, even if paid in the following year(s). Mr. Kunisch and Mr. Jones were not participants in the cash incentive plan for 2018 but are

participants for 2019. Because Mr. Witty’s employment ended in November 2018, he was not eligible to receive a cash incentive award for 2018.

(3)

Reflects the change in the actuarial present value of accumulated benefits under the SERP, which is discussed in more detail under “Retirement Benefits” in CD&A. The SERP was established in late 2014. The present value of Ms. Scully’s accumulated benefit has been calculated on the assumption that Ms. Scully’s benefit fully vests on August 25, 2019, which has been established for purposes of the SERP as her retirement date.

TABLE OF CONTENTS

(1)

The amounts shown in these columns reflect possible payouts under the annual incentive plan for 2018. There is no minimum possible payment level (threshold) under the plan. The target payment level ranged from 25% to 40% of the NEO's base salary, and the maximum possible payout ranged from 37.5% to 60% of the NEO's base salary. Amounts shown are percentages of the base salary as in effect on December 31, 2018. The amount of the award actually earned for 2018 is shown under the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

(2)

Reflects the number of immediately vested RSUs granted on March 9, 2018 in connection with the successful consummation of the acquisition of First Mariner. These were not awarded under the 2013 Equity Incentive Plan.

(3)

Reflects the grant date fair value of the immediately vested RSUs granted on March 9, 2018, determined in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation. The grant date fair value was determined by multiplying the total number of shares of common stock awarded by the closing price of our common stock on Nasdaq on the grant date.

Option Exercises and Stock Vested for 2018

The following table sets forth the number of RSUs that vested for our NEOs in 2018 and the aggregate value realized upon the vesting of RSUs during 2018. None of the NEOs held any stock options during 2018.

STOCK AWARDS

Name	Number of Shares Acquired on Vesting(1)	Value Realized on Vesting (\$)(2)
Mary Ann Scully	9,525	\$ 62,494
Robert D. Kunisch	0	\$ 0
George C. Coffman	6,640	\$ 37,500
Thomas R. Jones	0	\$ 0
Charles E. Schwabe	4,290	\$ 82,091
James D. Witty(3)	11,407	\$ 204,284

(1)

This amount represents the total number of shares that vested.

(2)

This amount was determined by multiplying the total number of shares of common stock underlying the RSUs by the closing price of our common stock on Nasdaq on the date the RSUs vested.

(3)

The number of vested shares includes 4,400 that accelerated due to Mr. Witty's termination of employment. Mr. Witty chose to net settle these RSUs and therefore received 2,950 shares. The value realized on the 4,400 shares is included in the \$204,284.

Pension Benefits for 2018

The SERP provides retirement benefits to eligible participants, which are limited to highly compensated employees as determined by the Board. Currently, eligibility to participate in the SERP has been granted solely to Ms. Scully. The SERP is discussed in more detail under "Retirement Benefits" in CD&A. The following table shows the present value at December 31, 2018, of accumulated benefits payable to Ms. Scully, including the number of years of service credited, under the SERP. The present value of her accumulated benefit shown in the table has been calculated on the assumption that Ms. Scully's benefit fully vests on August 25, 2019, which has been established for purposes of the SERP as her retirement date.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit(1) (\$)	Payments During Last Fiscal Year (\$)
Mary Ann Scully	Supplemental Executive Retirement Plan	13	\$ 1,656,661	\$ —

(1)

The present value of accumulated benefit is based on the planned payment of \$150,000 each year for 15 years once Ms. Scully begins to receive her benefit at normal retirement age under the plan, which is then discounted back to December 31, 2018.

Potential Payments Upon Termination or Change in Control

The following table describes the potential payments that would be made to each of the NEOs in various termination and change in control scenarios based on compensation, benefit and equity levels in effect on December 31, 2018 (excluding Mr. Witty whose employment ended in November 2018). The amounts shown are estimates, and assume that the termination or change in control event occurred on December 31, 2018. The amounts to be paid can only be determined at the time of an NEO's actual termination of employment or an actual change in control of Howard. The amounts paid to Mr. Witty in connection with his termination of employment are described below under "Employment Agreements — Executive Vice President — James Witty."

33

TABLE OF CONTENTS

In accordance with SEC regulations, the following table does not report any amount to be provided to an NEO that does not discriminate in scope, terms or operation in favor of Howard's executive officers and which is available generally to all salaried employees, and excludes (i) amounts accrued through December 31, 2018, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and bonus amounts, (ii) vested account balances under the 401(k) plan and, for Ms. Scully, the SERP, and (iii) already vested equity awards.

If Howard Bank terminates the NEO's employment without cause or the NEO terminates his or her employment for good reason, and a change in control has not occurred, the NEO is entitled to receive an amount equal to his or her current base salary plus all benefits he or she is then receiving for a period equal to the remaining term of the employment agreement plus any incentive compensation already accrued for that year. In addition, all unvested stock awards will immediately vest upon the effective date of such termination. These benefits also generally apply if the termination of employment is due to permanent disability, although in that event the amount payable will be reduced if and to the extent the NEO receives payments under any disability insurance or other program maintained by Howard Bank.

If, within 12 months following a change in control, the NEO's employment is terminated by the NEO for any reason or by the employer without cause, all NEOs are entitled to: (i) payment equal to the sum of (a) a multiplier (2.99 for Ms. Scully and Messrs. Coffman, Kunisch and Schwabe, and 2.00 for Mr. Jones) of his or her average annual compensation (consisting of base pay and bonus) during the most recent three years minus the aggregate present value of any other payments he or she receives that are treated as contingent upon the change in control (not including the amounts in clauses (ii), (iii) and (iv) of this sentence), and (b) a pro-rated bonus; (ii) immediate vesting of all stock awards; (iii) immediate exercisability of any unexercised stock options; and (iv) continued medical coverage for the remaining term of the agreement as available to the Bank's other employees.

In addition, to the extent not already fully vested, Ms. Scully will fully vest in her benefit if the Bank terminates the SERP following a change in control. Upon a termination without cause, Ms. Scully would be entitled to payment of her vested balance, but would forfeit any benefits under the SERP in which she has not previously vested.

For further detail regarding applicable contractual terms that would determine the amount of benefits payable upon a termination of employment, see the description of employment agreements with our NEOs under "Employment Agreements" below, as well as "Retirement Benefits" in CD&A above.

For Ms. Scully, Mr. Coffman and Mr. Schwabe, if any severance payment or distribution made to them is determined to be subject to the limitations of Section 280G of the Internal Revenue Code of 1986, as amended (a “Parachute Payment”), they will also be entitled to a full tax “gross-up” to cover any excise taxes on such amount (a “280G Gross-Up Payment”), unless the total value of all such payments and benefits (as measured for purposes of Section 280G) exceeds the threshold to which 280G excise tax would apply (the “280G threshold”) by 10% or less, in which event the payments and benefits will instead be reduced so as to fall below the 280G threshold (a “280G Cutback”). If any severance payment or distribution made to Mr. Kunisch and Mr. Jones is determined to be a Parachute Payment and the total value of all such payments and benefits (as measured for purposes of Section 280G) exceeds the 280G threshold by any amount, a 280G Cutback will be applied so that the payments and benefits fall below the 280G threshold.

2018 CEO Pay Ratio Disclosure

For 2018, the ratio of the total compensation of Howard’s median employee to the CEO’s total compensation was 1 to 23.16. To calculate this ratio, Howard identified its median employee as of December 31, 2018 based on employees’ gross earnings as reported on Internal Revenue Service Form W-2. Once identified, the median employee’s total compensation for 2018 was determined in accordance with Item 402(c)(2)(x) of Regulation S-K to be \$58,809, as compared to total compensation of \$1,362,475 for Howard’s CEO.

TABLE OF CONTENTS

Employment Agreements

The following summarizes the material terms of the employment agreements between the NEOs and Howard.

Chief Executive Officer — Mary Ann Scully

Howard Bank entered into an amended and restated employment agreement with Mary Ann Scully on March 20, 2019 pursuant to which Ms. Scully serves as Chief Executive Officer of Howard and Howard Bank.

The amended and restated employment agreement provides for an initial term expiring on March 31, 2022 and, unless written notice that the agreement will not be renewed is provided to Ms. Scully, is renewed for an additional year on each subsequent March 31 (beginning on March 31, 2022), such that the remaining term at each renewal will be one year.

Ms. Scully's employment agreement provides for an initial annual salary subject to annual increases as may be determined by Howard Bank's Board of Directors. Ms. Scully's current annual salary is set at \$530,000. Ms. Scully is also entitled to a bonus as determined each year by the Bank's board of directors and to participate in any other bonus, incentive and other executive compensation programs as are made available to the Bank's executive management. The agreement also provides that Ms. Scully is not compensated for her services as a director.

Howard Bank may terminate Ms. Scully's employment under the agreement for certain events constituting Cause as defined in the agreement. In addition, Howard Bank may terminate the agreement without Cause or upon Ms. Scully's Permanent Disability as defined in the agreement, in each case upon written notice to Ms. Scully. Ms. Scully may terminate her employment at any time under the agreement.

If Howard Bank terminates Ms. Scully's employment without Cause or upon Ms. Scully's Permanent Disability, or Ms. Scully terminates her employment for Good Reason or upon her Permanent Disability, and a Change in Control, as defined in the agreement, has not occurred, then Ms. Scully will be entitled to receive an amount equal to her current base salary plus all benefits she is then receiving for a period equal to the remaining term of the agreement or 12 months whichever is greater plus any incentive compensation already accrued for that year. In addition, all of her stock awards and stock options shall immediately vest upon the effective date of such termination. If the termination is due to Permanent Disability, then such amount payable will be reduced if and to the extent that Ms. Scully receives payments under any disability insurance or other program maintained by Howard Bank.

If, within 12 months following a Change in Control, Ms. Scully's employment is terminated under the agreement by Ms. Scully for any reason or by the employer without Cause, then, instead of the payments provided for above, Ms. Scully will be entitled to: (i) a lump sum payment equal to the sum of (a) 2.99 times her average annual compensation (consisting of base pay and bonus) during the most recent three years minus the aggregate present value of any other payments she receives that are treated as contingent upon the Change in Control (not including (ii), (iii) and (iv) of this sentence), and (b) a pro-rated bonus; (ii) immediate vesting of all stock awards; (iii) immediate exercisability of any unexercised stock options; and (iv) continued medical coverage for the remaining term of the agreement as available to the Bank's other employees.

If any severance payment or distribution made to Ms. Scully is determined to be subject to the limitations of Section 280G of the Internal Revenue Code of 1986, as amended (a "Parachute Payment"), Ms. Scully will be entitled to a full tax "gross-up" to cover any excise taxes on such amount, unless the total value of all such payments and benefits (as measured for purposes of Section 280G) exceeds the taxable threshold by 10% or less, in which event the payments and benefits will instead be reduced so as to fall below the taxable threshold.

Ms. Scully's employment also terminates upon mutual agreement of the parties or immediately upon her death. If her employment is terminated upon death, all of Ms. Scully's stock awards and stock options shall immediately vest.

ITEM 2: AMENDMENT TO THE CHARTER TO ALLOW THE COMPANY'S STOCKHOLDERS TO AMEND THE BYLAWS

The Board of Directors has adopted a resolution whereby it has declared advisable, and recommends for your approval, an amendment to Article SIXTH (d) of the Charter, to provide that the Bylaws may be amended by our stockholders by the affirmative vote of a majority of the votes cast on the matter at a meeting at which a quorum is present in addition to by a resolution adopted by a majority of the entire Board of Directors. Currently, Article SIXTH (d) of the Charter provides that the Board of Directors has the exclusive power to amend, alter, change or repeal the Bylaws.

The Board of Directors is committed to strong and effective corporate governance and monitors regularly our corporate governance policies and practices. After careful consideration, the Board of Directors believes that allowing our stockholders to amend the Bylaws by the affirmative vote of a majority of the votes cast on the matter at a meeting at which a quorum is present is in the Company's best interests and in the best interests of our stockholders. The summary of the proposed amendment to Article SIXTH (d) of the Charter set forth above is qualified in its entirety by the text of the proposed amendment to the Charter (the "Articles of Amendment"), a copy of which is attached as Annex A to this Proxy Statement and incorporated by reference into this proposal.

The affirmative vote, cast in person or by proxy, of the holders of record of at least 80% of the shares of the capital stock of the Company entitled to vote on the matter is required to approve the amendment to the Charter as described in this proposal. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,415,521 shares of our common stock, or approximately 23.17% of the shares of common stock outstanding on the record date, and have indicated their intention to vote "FOR" the approval of the amendment to the Charter to allow the Company's stockholders to amend the Bylaws as described in this proposal. For purposes of the vote on this proposal, abstentions and broker non-votes will have the effect of a vote against this proposal.

If this proposal is approved by stockholders, the Board of Directors will cause Articles of Amendment to be promptly filed with the State Department of Assessments and Taxation of Maryland and will similarly amend the Bylaws. If this proposal is not approved by stockholders, the Board of Directors will not amend the Charter or the Bylaws to provide this right to stockholders and the Board of Directors will continue to have the exclusive power to amend, alter, change or repeal the Bylaws.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE CHARTER TO ALLOW THE COMPANY'S STOCKHOLDERS TO AMEND THE BYLAWS.

ITEM 3: Amendments TO The charter to change the current SUPER-MAJORITY vote requirement to amend certain sections of the charter to a MAJORITY vote standard

The Board of Directors has adopted a resolution whereby it has declared advisable, and recommends for your approval, amendments to Article NINTH and Article THIRTEENTH of the Charter, the effect of which would be to allow our stockholders by the affirmative vote of a majority of all the votes entitled to be cast on the matter, voting as a single class, to approve future amendments to the Charter that require stockholder approval.

Currently, the Charter currently requires an 80% vote to amend any of the following provisions in the Charter:

- certain provisions relating to the Board of Directors, including (i) the number of directors of the Company, (ii) that advance notice of stockholder nominations for the election of directors must be given in accordance with the Bylaws, (iii) the requirement that director removal requires the affirmative vote of the holders of record of at least 80% of the shares of the capital stock of the Company, (iv) that the Board of Directors has the exclusive power to make, alter, amend or repeal the Bylaws (which provision is subject to amendment pursuant to the charter vote standard amendment proposal above), (v) that a majority of the entire Board of Directors, without action by the stockholders, may amend the Charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class that the Company has authority to issue, and (vi) that holders of stock or other securities of the Company are not entitled to exercise dissenter's rights under the Maryland General Corporation Law other than as the Board of Directors, in its sole discretion, may determine (Article SIXTH of the Charter);
- the provisions relating to the authorized capital stock of the Company and the designations and preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications, and terms and conditions of redemption of the shares of the Company's common stock and preferred stock (Article SEVENTH of the Charter);
- the provisions granting the Board of Directors the authority (i) to authorize the issuance of shares of the Company's stock or securities convertible into or exchangeable for shares of the Company's stock without any action by the stockholders and (ii) to classify and reclassify any unissued shares of the Company's capital stock by altering the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms or conditions of redemption of such shares of capital stock (Article EIGHTH of the Charter);
- the provision reserving the Company's right to make amendments to the Charter (which provision is subject to amendment pursuant to this proposal, the effect of which would be to allow the holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter, voting as a single class, to approve future amendments to the Charter that require stockholder approval) (Article NINTH of the Charter);
- the provision providing that the powers of the Board of Directors included in Article SIXTH, Article SEVENTH, Article EIGHTH, or Article NINTH of the Charter in no way excludes or limits any powers conferred upon the Board of Directors under the general laws of the State of Maryland (Article TENTH of the Charter);
- the provision providing that no holder of any stock or any other securities of the Company has any preemptive right to subscribe for or purchase any stock or other securities of the Company other than as the Board of Directors, in its sole discretion, may determine (Article ELEVENTH of the Charter);
-

the provision regarding the approval requirements for certain transactions, including the merger or consolidation of the Company or any subsidiary thereof, the sale, exchange transfer or other disposition of substantially all of the assets of the Company or any subsidiary thereof, any offer for the exchange of securities of another entity for the securities of the Company, and the dissolution or liquidation of the Company (Article TWELFTH of the Charter); and

•
the amendment provision itself (Article THIRTEENTH of the Charter), which imposes the foregoing 80% vote requirement to make such amendments.

After evaluation, the Board of Directors has determined that while the current voting requirements imposed by the Charter are designed to ensure that interests of all stockholders are fully protected, the Board of Directors recognizes that there are different perspectives on this matter, including growing sentiment that the elimination of such a provision provides stockholders greater ability to participate in the corporate governance of the Company. The Board of Directors has also determined that an increasing number of companies are beginning to view such a voting requirement as overly burdensome.

For these reasons, the Board of Directors has determined that it is in the best interests of the Company and our stockholders to allow all provisions of the Charter to be amended by the Company's stockholders as described in this proposal.

The summary of the proposed amendments to Article NINTH and Article THIRTEENTH of the Charter set forth above is qualified in its entirety by the text of the Articles of Amendment, a copy of which is attached as Annex A to this Proxy Statement and incorporated by reference into this proposal.

The affirmative vote, cast in person or by proxy, of the holders of record of at least 80% of the shares of the capital stock of the Company entitled to vote on the matter is required to approve the amendments to the Charter as described in this proposal. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,415,521 shares of our common stock, or approximately 23.17% of the shares of common stock outstanding on the record date, and have indicated their intention to vote "FOR" the approval of the amendments to the Charter to change the current super-majority vote requirement to amend certain sections of the Charter to a majority vote standard as described in this proposal. For purposes of the vote on this proposal, abstentions and broker non-votes will have the effect of a vote against this proposal.

If this proposal is approved by stockholders, the Board of Directors will cause Articles of Amendment to be promptly filed with the State Department of Assessments and Taxation of Maryland. If this proposal is not approved by stockholders, the proposed amendments to the Charter will not become effective and the current 80% vote amendment thresholds will remain in effect.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE AmendmentS TO The charter to change the current SUPER-MAJORITY vote requirement to amend certain sections of the charter to a MAJORITY vote standard.

ITEM 4: NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Compensation of the executive officers of the Company is determined by a combination of the Compensation Committee and the Board of Directors based upon recommendations of and through its Compensation Committee. The Compensation Committee is comprised of independent non-employee directors, and its role and composition are further described in this Proxy Statement under “Compensation Committee.” The Compensation Committee overview contained in this Proxy Statement describes the Company’s executive compensation philosophy, including core principles and objectives, and how it has been implemented. The compensation paid by the Company to its named executive officers is described in this Proxy Statement under “Executive Compensation.”

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to express their views, on a non-binding, advisory basis, on the compensation of our named executive officers as disclosed in this proxy statement. This vote provides stockholders with the opportunity to endorse or not endorse the compensation of our named executive officers by voting on the following non-binding, advisory resolution:

RESOLVED, that the stockholders of Howard Bancorp, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the compensation tables and related material in the Proxy Statement for the 2019 Annual Meeting of Stockholders.

Approval of the non-binding, advisory proposal regarding the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast on the matter at the Meeting. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,415,521 shares of our common stock, or approximately 23.17% of the shares of common stock outstanding on the record date, and have indicated their intention to vote “FOR” the approval of the non-binding, advisory proposal to approve the compensation of our named executive officers. For purposes of the vote on this proposal, abstentions and broker non-votes will have no effect on the outcome of this proposal.

Because the vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board or the Compensation Committee, or create or imply any additional fiduciary duty on the Board. It will also not affect any compensation paid or awarded to any executive. The Board of Directors and its Compensation Committee will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company’s executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the Company’s performance, and that it strongly aligns the interests of the Company’s executive officers with the interests of the Company’s stockholders in the creation of long-term value of the Company as well as the components that drive long-term value.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

TABLE OF CONTENTS

ITEM 5. NON BINDING ADVISORY VOTE RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

As required under Section 14A of the Exchange Act, we are also asking our stockholders to vote on a proposal, commonly known as a “say on pay frequency” proposal, which gives our stockholders the opportunity to indicate how often they believe we should conduct future non-binding advisory votes on compensation of our named executive officers, or “say-on-pay” vote, such as that provided for in the executive compensation proposal. Stockholders may indicate whether they prefer that we hold a “say-on-pay” vote every one year, every two years or every three years, or they may abstain from this vote. We are required to seek an advisory stockholder vote on the frequency of future say on pay votes at least once every six years, although we may seek stockholder input more frequently.

The Company currently holds say-on-pay votes every year. The Board of Directors recommends that future say-on-pay votes continue to be held every year. This recommendation is based on the fact that named executive officer compensation is evaluated, adjusted and approved by the Board of Directors or Compensation Committee, as applicable, on a yearly basis, and the belief that stockholder input with respect to our compensation program should be taken into consideration by the Board of Directors and Compensation Committee when making their annual compensation determinations.

Because this vote is advisory, it will not be binding on the Company or the Board of Directors and cannot be construed as overruling any decision made by the Company or the Board of Directors, or create or imply any additional fiduciary duty on, the Company or the Board of Directors. The Board of Directors and its Compensation Committee will however, take into account the outcome of this vote in making future decisions regarding the frequency of submitting to stockholders the non-binding advisory resolution to approve the compensation of our named executive officers.

You are presented with four choices for the frequency of the advisory vote on executive compensation: (1) every year, (2) every two years, (3) every three years or (4) abstain. You are not voting on the approval or disapproval of management’s frequency recommendation. The option of every year, every two years or every three years that receives a majority of the votes cast by the stockholders at the Meeting will be the frequency for the advisory vote on executive compensation that has been recommended by stockholders. Because this vote is advisory and non-binding, however, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by the Company’s stockholders. Directors and executive officers of the Company as a group have the power to vote or direct the voting of 4,415,521 shares of our common stock, or approximately 23.17% of the shares of common stock outstanding on the record date, and we expect a majority of such persons will vote their shares for a frequency of “EVERY YEAR” with respect to how often our stockholders will vote on future non-binding advisory resolutions to approve the compensation of our named executive officers. For purposes of the vote on this proposal, abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR A FREQUENCY OF “EVERY YEAR” ON THE PROPOSAL RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Howard Bank and the Company may engage in transactions in the ordinary course of business with some of its directors, executive officers, holders of five percent or more of any class of our securities and entities and individuals affiliated with those persons. In addition, Howard Bank has had in the past, and may have in the future, banking transactions, including making loans to and loan guarantees on behalf of, with directors, executive officers, holders of five percent or more of any class of our securities and the business and professional organizations with which they are associated in the ordinary course of business. All such transactions will be made on terms that are no less favorable to us than those that could be obtained at the time from unaffiliated third parties and otherwise in accordance with applicable law. Further, any loans, loan commitments and loan guarantees are and will be made in accordance with all applicable laws and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans to unrelated persons. In addition, a majority of our independent directors must approve all material affiliated transactions and loans that are in excess of \$500,000, including any forgiveness of loans, with our directors, executive officers, holders of five percent or more of any class of our securities, and entities and individuals affiliated with such persons.

In the opinion of management, these transactions do not and will not involve more than the normal risk of collectability or present other unfavorable features. Directors or officers with any personal interest in any loan application are excluded from considering any such loan application. The aggregate amount of loans outstanding to Howard Bank's directors, executive officers and their affiliates at December 31, 2018 was approximately \$7.2 million.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The federal securities laws require that our directors and executive officers and persons holding more than ten percent of our outstanding shares of common stock report their ownership and changes in such ownership on Forms 3, 4 and 5 to the SEC and to us. SEC rules require disclosure in the Company's proxy statement or Annual Report on Form 10-K of the failure of an officer, director or ten percent beneficial owner to file a Form 3, 4 or 5 on a timely basis. Based solely upon a review of these reports and amendments thereto furnished to us and written representations provided to us by all of our directors and executive officers and certain of our greater than 10% stockholders, we believe that no director, executive officer or greater than 10% stockholder of the Company failed to timely file such ownership reports during the year ended December 31, 2018.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR THE HOWARD 2020 ANNUAL MEETING OF STOCKHOLDERS

In order to be included in the proxy materials for the Company's 2020 annual meeting of stockholders, stockholder proposals submitted to the Company in compliance with SEC Rule 14a-8 (which concerns stockholder proposals that are requested to be included in a company's proxy statement) must be received in written form at our executive offices on or before December 10, 2019. In order to curtail controversy as to compliance with this requirement, stockholders are urged to submit proposals to the Secretary of the Company by Certified Mail — Return Receipt Requested. Pursuant to the proxy rules under the Exchange Act, we hereby notify our stockholders that the notice of any stockholder proposal or nomination to be submitted outside of the Rule 14a-8 process for consideration at the 2020 annual meeting of stockholders must be received by our Secretary between December 12, 2019 and January 11, 2020; provided, however, that if less than 100 days' prior public disclosure of the date of the meeting is made by the Company, any such notice by a stockholder must be so received not later than the 10th day following the day on which such prior public disclosure of the date of the meeting is first made by the Company. As to all such matters which we do not have notice on or prior to that date, discretionary authority to vote on such proposal will be granted to the persons designated in the Company's proxy related to the 2020 annual meeting of stockholders.
