EXPLANATORY NOTE

On June 26, 2008, we filed our Annual Report on Form 10-K for the fiscal year ended March 31, 2008 (such fiscal year, “Fiscal 2008,” and such report, the “Original Annual Report”), with the Securities and Exchange Commission (the “SEC”) with the expectation that we would file a definitive proxy statement for our 2008 annual meeting of shareholders within 120 days of Fiscal 2008 (the “Proposed Proxy Statement”). In anticipation of filing the Proposed Proxy Statement, we incorporated by reference to the Proposed Proxy Statement the information required by Items 10, 11, 12, 13, and 14 of the Original Annual Report. Because we no longer intend to file the Proposed Proxy Statement within 120 days of Fiscal 2008, we are filing this Annual Report on Form 10-K/A (the “Form 10-K/A”).

Except as discussed in those items, we have not modified or updated the disclosure presented in the Original Annual Report. This Form 10-K/A does not reflect events that have occurred after the filing of the Original Annual Report or modify or update disclosures presented in the Original Annual Report affected by subsequent events. Accordingly, this Form 10-K/A should be read in conjunction with our filings made with the SEC subsequent to the date of the filing of the Original Annual Report.

In addition, in accordance with applicable SEC rules, this Form 10-K/A includes updated certifications from our Chief Executive Officer and Chief Financial Officer.

NOTE CONCERNING FORWARD-LOOKING INFORMATION

In addition to historical information, our Annual Report (our Original Annual Report as amended by this Form 10-K/A) contains “forward-looking” statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), including statements that include the words “may,” “will,” “believes,” “expects,” “anticipates,” or similar expressions. These forward-looking statements may include, among others, statements concerning our expectations regarding our

business, growth prospects, revenue trends, operating costs, working capital requirements, competition, results of operations and other statements of expectations, beliefs, future plans and strategies, anticipated events or trends, and similar expressions concerning matters that are not historical facts. The forward-looking statements in our Annual Report involve known and unknown risks, uncertainties, and other factors that could cause our actual results, performance or achievements to differ materially from those expressed or implied by the forward-looking statements contained herein.

Each forward-looking statement should be read in context with, and with an understanding of, the various disclosures concerning our business made elsewhere in our Annual Report, as well as other public reports filed by us with the SEC. Investors should not place undue reliance on any forward-looking statement as a prediction of actual results or developments. Except as required by applicable law or regulation, we undertake no obligation to update or revise any forward-looking statement contained in our Annual Report.

Board Committees and Meetings

We have established two standing committees so that certain matters can be addressed in more depth than may be possible in a full Board meeting: an Audit Committee and a Governance, Compensation and Nominating Committee. These two committees each operate under a written charter.

Audit Committee. The current members of our Audit Committee are Mr. Dingman (chairman), Mr. Kumar, and Mr. Michel. The members were elected to the committee, and the chairman was appointed, by the Board. Mr. Dingman is considered a financial expert and Messrs Kumar and Michel are considered financially literate under the rules of the SEC for audit committee members. The Board has affirmatively determined that each of these persons is an independent director as defined by applicable securities law and NASDAQ corporate governance guidelines. The Audit Committee's charter provides that the committee shall:

- oversee the accounting and financial reporting processes and audits of the financial statements;
- assist the Board with oversight of the integrity of our financial statements, the Company's compliance with legal and regulatory requirements, its independent auditors' qualifications, and independence and the performance of the independent auditors; and
- provide the Board with the results of its monitoring.

Governance, Compensation and Nominating Committee. The current members of the Governance, Compensation and Nominating committee are Mr. Michel (chairman), Mr. Kumar, and Ms. Graebner. The Board has affirmatively determined that each of these persons is an independent director as defined by applicable securities law and NASDAQ corporate governance guidelines. The members were elected to the committee, and the chairman was appointed, by the Board. The Governance, Compensation and Nominating Committee's charter provides that the committee shall:

- recommend to the Board the corporate governance guidelines to be followed;
- review and recommend the nomination of Board members;
- set the compensation for the chief executive officer and other officers; and
- administer the equity-based performance compensation plans of AeroGrow.

Meetings. During Fiscal 2008 the Board met three times. Each director attended all of the meetings held by the Board during the period that he or she served as a director of AeroGrow, except Kenneth C. Leung, a former director, who missed one meeting while out of the country.

Code of Ethics

We have adopted a Code of Ethics that applies to each of our employees, executive officers, and directors. A copy is available free of charge in the "Investor" section of our website at www.aerogrow.com. Any amendment to or waiver of the Code of Ethics will be disclosed promptly following the date of such amendment or waiver in a Current Report on Form 8-K.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of our common stock (herein collectively, our “Section 16 insiders”) to file certain forms reporting their ownership and changes in ownership of our stock with the SEC and the NASDAQ Capital Market, and to furnish us with copies of these filings.

Based solely on our review of the copies of such forms that we received and written representations from our Section 16 insiders, we believe that all of our Section 16 insiders complied with their Section 16(a) reporting obligations for Fiscal 2008 with a few exceptions. Dennis A. Channer became a director on April 16, 2007 and filed his Form 3 late on May 9, 2007. Jack J. Walker filed an amended Form 3 on June 28, 2007 to correct an error in the number of shares reported on his Form 3 filed on March 6, 2006. Mr. Walker filed an amended Form 4 on June 28, 2007 to correct an error in the Form 4 filed on July 7, 2006 relating to the number of common stock and warrants purchased in conjunction with the Company’s 2006 Offering (as defined in the Company’s Original Annual Report).

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

The Governance, Compensation and Nominating Committee, of our Board is responsible for guiding and overseeing the formulation and application of the compensation and benefit programs for our executive officers. The Committee acts pursuant to a charter that has been approved by our Board. None of our executive officers are members of the Governance, Compensation and Nominating Committee.

The Governance, Compensation and Nominating Committee believes that the most effective compensation program is one that is designed to reward the achievement of specific annual, long-term, and strategic goals by AeroGrow, and which aligns executives' interests with those of the stockholders by rewarding performance above established goals, with the ultimate objective of increasing stockholder value. The Governance, Compensation and Nominating Committee evaluates both performance and compensation to ensure that AeroGrow maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. Accordingly, the Governance, Compensation and Nominating Committee believes executive compensation packages provided by AeroGrow to its executives, including the executive officers, should include salary compensation, annual cash incentives based on fundamental measures of financial performance, and longer-term stock-based compensation.

Compensation Objectives

The Governance, Compensation and Nominating Committee has worked with AeroGrow's management to design compensation programs that encourage high performance, promote accountability and assure that employee interests are aligned with the interests of AeroGrow's stockholders. The primary objectives of our executive compensation policies are to:

- attract, retain, and motivate highly qualified executives utilizing a mix of compensation opportunities that include fixed short-term as well as performance-related medium and long-term incentives tied to measurable results;
 - reward executives based upon our financial performance at levels competitive with peer companies;
- ensure that the compensation amounts do not exceed what the company can reasonably afford by regularly measuring total compensation for all employees against a variety of financial metrics, including net income; and
 - align a significant portion of the executives' compensation with AeroGrow's performance and stockholder value, by using performance-based executive bonuses and long-term equity incentives.

We compensate our executives through a mix of base salary, bonus, and equity compensation designed to be competitive with comparable employers and to align management's incentives with the long-term interests of our stockholders.

Competitive Benchmarking

In making compensation decisions, the Governance, Compensation and Nominating Committee, may compare certain elements of total compensation against other comparable publicly-traded and privately-held companies that compete in our markets ("Compensation Peers"). The Compensation Peers consist of companies which the Governance, Compensation and Nominating Committee believes to be comparable in terms of size and market composition (primarily in AeroGrow's market area), and in certain instances, which compete for talent and for stockholder investment. The Compensation Peers are not utilized by the Governance, Compensation and Nominating Committee strictly as a formal peer group, but are instead used as a reference source, from time to time, as to certain specific

compensation issues, such as the extent of usage of stock options as a compensation component.

A significant percentage of total compensation is allocated to incentive compensation as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Governance, Compensation and Nominating Committee reviews information such as that referenced above with respect to the Compensation Peers to determine the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of the performance of AeroGrow or the individual, depending on the type of award.

Compensation Process

The Governance, Compensation and Nominating Committee reviews the benchmarking and performance results presented by management in determining the appropriate aggregate and individual compensation levels for the performance year. In conducting its review, the Governance, Compensation and Nominating Committee considers quantitative performance results, the overall need of the organization to attract, retain and motivate the executive team, and the total cost of compensation programs.

Generally, base salaries and annual incentive awards will be reviewed at the end of each fiscal year with changes made to the base salaries effective April 1 of the following fiscal year.

Stock options and other stock grants are reviewed and approved at meetings of the Governance, Compensation and Nominating Committee and the full Board. By establishing the meeting schedule and agenda for these grants in advance, AeroGrow diminishes any opportunity for manipulation of exercise prices on option grants to the extent any recipients are in possession of non-public information at the time of the meetings. Approval of grants for any newly-hired or promoted executives during the course of the year generally occurs at the Governance, Compensation and Nominating Committee's meeting immediately following the hiring or promotion.

Table of Contents

Role of Executive Officers in Compensation Decisions

The Governance, Compensation and Nominating Committee makes all compensation decisions for the executive officers and approves recommendations regarding equity awards to all elected officers of AeroGrow. The Chief Executive Officer annually reviews the performance of each Named Executive Officer (other than the Chief Executive Officer, whose performance is reviewed by the Governance, Compensation and Nominating Committee). “Named Executive Officers” are the Company’s (i) Chief Executive Officer and (ii) other two most highly compensated executive officers based on SEC regulations. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Governance, Compensation and Nominating Committee. The Governance, Compensation and Nominating Committee can exercise its discretion in modifying any recommended adjustments or awards to executives.

Components of Total Compensation

For Fiscal 2008, the principal components of compensation for executive officers were:

- base salary;
- annual incentive compensation;
 - stock options; and
- benefits and other perquisites.

Each component is designed to achieve a specific purpose and to contribute to a total package that is competitive, appropriately performance-based, and valued by AeroGrow’s executives.

Base Salaries

AeroGrow provides executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for executive officers are determined for each executive based on his or her position and responsibility. During its review of base salaries for executives, the Governance, Compensation and Nominating Committee primarily considers:

- individual scope of responsibility;
 - years of experience;
- market data, such as that obtained from a review of our Compensation Peers;
- internal review of the executive’s compensation, both individually and relative to other officers; and
 - individual performance of the executive.

Salary levels are typically considered annually as part of AeroGrow’s performance review process as well as upon a promotion or other change in job responsibility.

Performance-Based Annual Incentive Compensation

Though markets dictate that base salaries must be competitive, AeroGrow is moving towards basing a greater proportion of its executive compensation on the achievement of measurable individual and company results through the award of annual incentive bonuses. These bonuses are often tied to a percentage of the Company’s EBITDA as well as to other financial goals and metrics. By increasing variable pay as a percentage of total compensation, AeroGrow can better align executive compensation with value delivered to its shareholders. This limits fixed costs and also results in higher pay occurring only in years when merited by high performance.

Long Term Stock-based Compensation

This category of awards covers options granted to executives out of the Company's 2005 Equity Compensation Program, and that vest over time, at different rates for different executives. Because these awards vest over time and become more valuable to the recipient only as AeroGrow's stock price increases, the Governance, Compensation and Nominating Committee believes these are a useful form of long-term incentive compensation, with the potential to directly align the interests of shareholders and management.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Executive Compensation

Executives and Employment Arrangements

The following discussion and table relate to compensation arrangements on behalf of, and compensation paid by us to our Named Executive Officers for Fiscal 2008.

Employment Contracts

We have entered into employment agreements with Jervis B. Perkins, Randal L. Seffren, and Jeffrey M. Brainard.

Jervis B. Perkins

The employment agreement for Mr. Perkins, dated as of March 1, 2008 (the "Perkins Agreement"), provides that he will be employed as the Chief Executive Officer of the Company. He must devote his entire business time to the affairs of the Company. The initial term is one year and renewable for successive one year terms. Mr. Perkins is entitled to receive base compensation of \$300,000 per year, and an annual bonus of not less than 2.0% of EBITDA. Mr. Perkins may be eligible to receive an additional annual cash bonus based upon an increase in the stock price of the Company over the previous year (as calculated under the Agreement). Under this provision, an increase of less than 33% will yield no bonus, an increase of 33% to 49% will yield a bonus of \$50,000, an increase of 50% to 99% will yield a bonus of \$100,000, and an increase of 100% or greater will yield a bonus of \$200,000. Mr. Perkins is entitled to reimbursement for car expenses at the rate of \$1,000 per month. The agreement also provides for medical, vacation and other benefits commensurate with the policies and programs adopted by us for our senior executives. If the Company terminates the employment of Mr. Perkins without cause (as determined under the Perkins Agreement), then Mr. Perkins will be entitled to receive his base salary for 12 months following the date of termination, and a pro rated portion of his annual cash bonus. During the first three months of the Perkins Agreement, the Company paid Mr. Perkins's reasonably incurred commuting expenses from Chicago, Illinois to Boulder, Colorado, including airline travel, rental housing or hotel charges, and rental cars or car service. Mr. Perkins was granted five-year options, subject to shareholder approval at the next annual meeting, to purchase 216,666 shares of the Company's common stock on March 1, 2008, under the Company's 2005 Equity Compensation Plan. The exercise price is \$4.74, the price of the Company's common stock at market close on the day of the grant. On March 1, 2008, 43,334 of the options vested. One quarter of the remaining options will vest every six months thereafter, starting on September 1, 2008, and ending on March 1, 2010. Under his previous employment agreement, dated November 12, 2007, Mr. Perkins was granted five-year options to purchase 33,334 shares of the Company's common stock on February 1, 2008, under the Company's 2005 Equity Compensation Plan. The options have a \$5.85 exercise price, which was the price of the Company's common stock at market close on the day of grant, and were fully vested on the day of grant. For Fiscal 2008, the Company paid Mr. Perkins \$95,664 in cash compensation and \$87,002 in equity compensation.

Randal L. Seffren

The employment agreement for Mr. Seffren, dated as of July 24, 2006 (the "Seffren Agreement"), provides that he will be employed as Chief Marketing Officer of the Company. He must devote all of his business time to the affairs of the Company working half time from an office in Chicago, Illinois and the balance of his time traveling on Company business. The initial term is two years ending July 31, 2008, and renewable for successive one-year terms. The Seffren Agreement has been renewed through July 31, 2009. Mr. Seffren is entitled to receive base compensation of \$200,000 per year and an annual bonus of not less than 1.5% of the EBITDA of the Company, as determined by our annual financial statements and pro rated for any portion of such annual period covered under the Seffren Agreement.

The bonus is subject to adjustment so that it is no less favorable than that granted to other senior executives. The Seffren Agreement also provides for medical, vacation, and other benefits commensurate with the policies and programs as adopted by us for our senior executives. Further, the Seffren Agreement confirms the option grant awarded to Mr. Seffren as of March 28, 2006, consisting of an option to purchase 125,000 shares of our common stock under our 2005 Equity Compensation Plan at an exercise price of \$5.00 per share, which were fully vested as of that grant date and are subject to other standard terms and conditions under the 2005 Equity Compensation Plan. Mr. Seffren has agreed to regular confidentiality and inventions assignment provisions and agreed not to compete with us during employment and for 24 months thereafter. - each of our Named Executive Officers for whom disclosure is provided in Item 11, "Executive Compensation," and each of our directors; and
- all Named Executive Officers and directors as a group.

In general, a person is deemed to be a "beneficial owner" of a security if that person has or shares the power to vote or direct the voting of such security, or the power to dispose or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which the person has the right to acquire beneficial ownership within 60 days. To the best of our knowledge, subject to community and marital property laws, all persons named have sole voting and investment power with respect to such shares except as otherwise noted. The table assumes a total of 12,115,992 shares of common stock outstanding.

(1) Beneficial ownership is determined in accordance with the rules of the SEC, which include holding voting and investment power with respect to the securities. Shares of common stock subject to options or warrants currently exercisable, or exercisable within 60 days, are deemed outstanding for computing the percentage of the total number of shares beneficially owned by the designated person, but are not deemed outstanding for computing the percentage for any other person.

subject to restrictions (the "Warrant Restrictions") that limit exercise to the number of Warrants that, after giving effect to such exercise, would not cause the holder of the Warrants to beneficially own in excess of 9.99% of the total number of issued and outstanding shares of our common stock (including for such purposes the shares of our common stock issued upon such exercise). Assuming 12,115,995 shares of common stock outstanding, the Warrant Restrictions limit the number of Warrants that may be exercised to 827,510. Securities Authorized for Issuance Under Equity Compensation Plans

2003 Stock Option Plan. On January 3, 2003, our Board adopted a stock option plan (the "2003 Plan") for key employees (including key employees who are directors), non-employee directors, consultants, and investors. An aggregate of 400,000 shares of our common stock were available for grants under the 2003 Plan. Upon shareholder approval on February 23, 2006, the 2003 Plan was merged into the 2005 Equity Compensation Plan (as defined below) and ceased to exist separately. The 195,131 options still available for grants under the 2003 Plan as of that

date were contributed to the 2005 Equity Compensation Plan. The options for the 204,869 shares originally issued under the 2003 Plan continue to be governed by their grant agreements but are administered under the 2005 Equity Compensation Plan. All grants under the 2003 Plan were fully vested as of December 2005.

Administration. The 2003 Plan was administered by our Governance, Compensation and Nominating Committee, and in the past was administered by the Board. The plan provided that it could be administered by either the committee or Board, and in its administration it could:

- select participants,
- determine the date of grant, exercise price and other terms of options,
 - establish rules and regulations to administer the plan,
- amend, suspend, or discontinue the plan subject to applicable shareholder approval,
 - interpret the rules relating to the plan, and
 - otherwise administer the plan.

Table of Contents

2005 Equity Compensation Plan. In August 2005 we adopted the 2005 Equity Compensation Plan (the “2005 Plan”) to promote our interests and the interests of our shareholders by attracting, retaining, and motivating our key officers, employees, directors, and consultants. The 2005 Plan was approved by our stockholders at the annual meeting of stockholders held on February 23, 2006. A total of 1,505,000 shares of our common stock were originally available for grant under the 2005 Plan in the form of stock options or awards of shares of restricted stock, in addition to the available options remaining to be granted under the 2003 Plan. In November 2007, our Board approved a resolution authorizing an additional 1 million shares for issuance under the 2005 Plan, subject to shareholder approval. In July 2008, our Board revised this resolution to authorize a total of 2 million additional shares for issuance under the 2005 Plan, subject to shareholder approval. Included in the options granted for Fiscal 2008 were 234,577 options above the current 1,505,000 shares eligible for issuance issued under the 2005 Plan. These awards are subject to shareholder approval. As of March 31, 2008, we had issued 1,561,034 options, net of expirations that have been added back to the plan, to purchase common stock at exercise prices ranging from \$4.74 to \$5.90 and 339,123 shares of common stock at valued at prices ranging from \$5.00 to \$5.90. Between March 31, 2008 and July 24, 2008, we issued 594,300 options to purchase common stock at exercise prices ranging from \$1.80 to \$2.96 and no shares of common stock. These options are also subject to shareholder approval at the next annual meeting.

Shares Available for Awards. Shares subject to an award that is cancelled, expired, unexercised, forfeited, settled in cash, or otherwise terminated remain available for awards under the 2005 Plan. Shares issued under the 2005 Plan may be either newly issued shares or shares which we have reacquired. The 2005 Plan imposes individual limitations on the amount of certain awards in order to comply with Section 162(m) of the Internal Revenue Code of 1986. Under these limitations, no single participant may generally receive awards in any calendar year that represent more than \$1 million. The Governance, Compensation and Nominating Committee may adjust awards to prevent dilution or enlargement of benefits when certain events occur such as a stock dividend, reorganization, recapitalization, stock split, combination, merger, or consolidation.

Eligibility. Our employees, directors, and consultants may be granted awards under the plan. As of March 31, 2008, approximately 82 individuals were eligible to participate.

Administration. The plan is administered by the Governance, Compensation and Nominating Committee. Awards to directors serving on the Governance, Compensation and Nominating Committee are determined and administered by the full Board. The Governance, Compensation and Nominating Committee may:

- select participants;
- determine the type and number of awards to be granted;
- determine the exercise or purchase price, vesting periods and any performance goals;
- determine and later amend the terms and conditions of any award;
- interpret the rules relating to the plan; and
- otherwise administer the plan.

Stock Options. The Governance, Compensation and Nominating Committee may grant both incentive stock options, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options. The Governance, Compensation and Nominating Committee determines the terms and individual vesting schedules for each grant including the exercise price, which may not be less than the fair market value of a share of common stock on the date of the grant.

Restricted Shares. The Governance, Compensation and Nominating Committee may grant restricted shares of common stock. Restricted shares are shares of common stock with transfer restrictions. These restrictions lapse on the basis of performance and/or continued employment as determined in advance by the committee. They may be forfeited by participants as specified by the committee in the award agreement. A participant who has received a grant of restricted shares will be eligible to receive dividends and have the right to vote those shares. Restricted shares may not be transferred, encumbered or disposed of during the restricted period or until after the restrictive conditions are met.

Other Terms. All outstanding awards vest, become exercisable or payable, and have all restrictions lifted upon a change in control of the Company. The Board may amend or terminate the plan subject to applicable stockholder approval. The Governance, Compensation and Nominating Committee may not amend the terms of previously granted options to reduce the exercise price or cancel options and grant substitute options with a lower exercise price than the cancelled options. The Governance, Compensation and Nominating Committee also may not adversely affect the rights of any award holder without the award holder's consent.

During Fiscal 2008 we issued 277,911 options under the plan, 234,577 of which are subject to shareholder approval. In addition to a total of 222,131 options granted during Fiscal 2007, we granted under the 2005 Plan a total of 98,194 shares of common stock at a value of \$5.00 to \$5.90 per share consisting of 5,000 shares issued to our former Chief Financial Officer, 5,000 shares issued to our Vice President of Engineering and Manufacturing, 18,044 shares issued to other employees, 49,150 shares granted to consultants for services, and 21,000 shares granted to directors for service on the Audit Committee and on the Governance, Compensation and Nominating Committee.

Director Independence

Our Board of Directors comprises Jack J. Walker, Linda Graebner, Peter Michel, Suresh Kumar, Michael D. Dingman, Jr., and Jervis B. Perkins. Our Board of Directors has determined that Mr. Dingman, Ms. Graebner, Mr. Michel and Mr. Kumar are “independent” as that term is defined by NASDAQ. Under the NASDAQ definition, an independent director is a person who is not an executive officer or employee of the Company and who does not have a relationship with the Company that, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. All Audit Committee and Governance, Compensation and Nominating Committee members are independent directors as that term is defined by NASDAQ.

During Fiscal 2008, the following individuals served as directors of AeroGrow: W. Michael Bissonnette, Jack J. Walker, Dennis E. Channer, Wayne Harding, Richard A. Kranitz, and Kenneth C. Leung. Messrs. Channer, Harding and Leung were independent as defined by NASDAQ. In addition, Mr. Walker was an independent director throughout Fiscal Year 2008. All Audit Committee and Governance, Compensation and Nominating Committee members during Fiscal Year 2008 were independent directors.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Tax advice and tax planning services relate to advice regarding mergers and acquisitions and assistance with tax audits and appeals. We use a firm other than GHB for these services. We paid \$3,448 in tax fees during Fiscal 2008. We paid \$3,375 for tax related services during the Transition Period.

Policy on Accounting Matters; Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The primary purpose of the Audit Committee is to assist the Board in monitoring (i) the integrity of our financial statements and disclosures, including oversight of the accounting and financial reporting processes and the audits of our financial statements, (ii) compliance with our legal, ethical, and regulatory requirements, and (iii) the independence and performance of our independent registered public accounting firm.

The Audit Committee’s policy is to pre-approve all audit and non-audit services, other than de minimis non-audit services, provided by the independent registered public accounting firm. These services may include, among others, audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular services or categories of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the full Board regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

The Audit Committee considers the provision of non-audit services by our independent registered public accounting firm compatible with its independence. The Audit Committee will continue to approve all audit and permissible non-audit services provided by our independent registered public accounting firm.
