REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Compensation and Benefits Committee

PerkinElmer, Inc.

Wellesley, Massachusetts

We have audited the accompanying statements of net assets available for benefits of the PerkinElmer, Inc. Savings Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

PERKINELMER, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the PerkinElmer, Inc. Savings Plan (the Plan), as in effect on December 31, 2003, is provided for general information purposes only. Participants should refer to the Plan document as amended through December 23, 2003, for more complete information.

General The Plan is a defined contribution plan covering substantially all employees of PerkinElmer, Inc. (the Company) who are not members of a collective bargaining unit or who are members of a unit that specifically provides for participation in the Plan. The Plan also covers employees of each wholly owned domestic subsidiary that has entered into an agreement to adopt the Plan. The Plan is administered by an administrative committee (the Plan administrator), which has overall responsibility for interpreting the provisions of the Plan and providing the trustee with any information required in the discharge of its duties. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions Participation in the Plan is voluntary. As defined in the Plan, participants may elect to make voluntary contributions of up to 16% of their eligible compensation. In order to maintain the Plan's status as nondiscriminatory, the contribution amounts for highly compensated employees may be limited. Participants age 50 or over may be eligible to make additional catch-up contributions. Company matching contributions are made on a per pay period basis for Life and Analytical Sciences and Corporate employees and on an annual basis for Optoelectronics and Fluid Sciences employees. For Optoelectronics and Fluid Sciences employees, matching contributions are made for all active participants as of December 31 and for participants who have terminated during the year due to death, permanent disability or retirement. For a participant employed by the Company's Life and Analytical Sciences businesses and Corporate, matching contributions are made in an amount equal to 100% of the first 5% of compensation that a participant contributes to the Plan. For a participant employed by the Company's Optoelectronics and Fluid Sciences businesses, matching contributions are made in an amount equal to 55% of the first 6% of compensation that a participant contributes to the Plan. Prior to January 1, 2003, matching contributions for participants employed by Analytical Instruments businesses and Corporate were made in an amount equal to 55% of the first 6% of compensation that a participant contributed to the plan and such amounts were funded on an annual basis. Company matching contributions totaled \$8,489,241 and \$6,685,482 for the years ended December 31, 2003 and 2002, respectively.

Participants may also contribute amounts representing distributions from other qualified benefit plans. From time to time assets are also transferred in from pre-existing plans that are being terminated. Such amounts are included in the statements of changes in net assets available for benefits as rollover contributions and transfers in from other plans.

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and supplemental contributions and allocations of Plan earnings and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Table of Contents

Vesting and Forfeitures Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service for certain participants. Participants who are employed by the Company's Life and Analytical Sciences businesses and corporate are 100% vested in all contributions. Participants who are employed by the Company's Optoelectronics and Fluid Sciences businesses are 100% vested after three years of credited service. In addition, if a participant terminates employment due to death, disability or retirement (as defined in the Plan), his or her account balance becomes 100% vested. Forfeited balances of terminated participants are used to reduce future Company contributions. The Company's contribution was reduced by forfeitures of \$128,694 and \$154,416 for the years ended December 31, 2003 and 2002, respectively.

Investments Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan currently offers a fixed income fund, several equity based funds and Company stock as investment options for participants.

Participant Loans Participants may borrow from their fund accounts from a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates fixed for the term of the loan by the administrative committee based on interest rates currently being charged by commercial lending institutions. The period of repayment for any loan is determined by the administrative committee and the participant, but in no event shall that period exceed 60 months, unless the loan is used to purchase a principal residence, in which case, a longer payment period is permitted.

Payment of Benefits Upon termination of service a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments to participants are recorded upon distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Shares of commingled pools of assets (including the Fixed Income Fund and the Fidelity U.S. Equity Index Commingled Pool) are valued at the fair value determined by the fund manager, Fidelity Management Trust Company. Shares of the Company stock are valued at quoted market price. Participant loans are stated at the outstanding loan balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Table of Contents

Payment of Benefits Payments to participants are recorded upon distribution.

Expenses Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document.

3. INVESTMENTS

4. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments (Fidelity). Additionally, FMR Corp. beneficially owns more than 5% of the Company s common stock as of December 31, 2003. Fidelity and FMR Corp. are affiliates of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services provided by the trustee were \$41,763 and \$34,360 for the years ended December 31, 2003 and 2002, respectively.

At December 31, 2003 and 2002, the Plan held 639,562 and 605,872 shares, respectively, of common stock of the Company, the sponsoring employer, with a cost basis of \$12,576,015 and \$12,239,000, respectively. During the years ended December 31, 2003 and 2002, the Plan recorded dividend income from the Company s stock of \$184,551 and \$135,605, respectively.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter, dated August 12, 2002, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan s financial statements.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.
