  - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 8.01 Other Events

On May 5, 2005, Hornbeck Offshore Services, Inc. announced that its Board of Directors recently approved a conversion program to retrofit two coastwise sulfur tankers into U.S.-flagged, new generation 370-foot multi-purpose supply vessels (MPSVs). The total project cost to acquire and convert the two vessels is expected to be \$55 million to \$65 million in the aggregate. The Company plans to fund the project from current cash on-hand, projected free cash flow and available revolver capacity. The Company anticipates delivery of the converted vessels by the end of 2006. Based on preliminary indications, including discussions with certain customers, the two vessels are expected to add combined earnings of \$0.25 to \$0.35 per diluted share in their first full-year of service.

A copy of the press release with this announcement is attached as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits

(c) Exhibit.
