EXPLANATORY NOTE

This Amendment No. 2 on Form 10-Q/A (this Amended Filing) to our Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2006, initially filed with the Securities and Exchange Commission (the SEC) on May 4, 2006 (the Original Filing), includes language inadvertently omitted from Amendment No. 1 filed with the SEC on September 26, 2006. In addition, this Amended Filing includes certifications from our Chief Executive Officer and Chief Financial Officer, as required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 and the rules of the SEC.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) designed to ensure that the information required to be reported in its Exchange Act filings is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

The Company's management, with the participation of the Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures as of March 31, 2006. Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures were effective as of March 31, 2006.

There have been no significant changes in the Company's internal controls or in other factors that have materially affected or are reasonably likely to materially affect its internal controls during our most recent fiscal quarter, except for any corrective actions with regard to significant deficiencies and material weaknesses as follows:

As noted in our 2005 Form 10-K, subsequent to December 31, 2005, but prior to the finalization of our 2005 consolidated financial statements, the Company placed into operations new controls to address the material weakness we identified in our accounting for lease transactions, including termination of leases. Management has enhanced the review process by ensuring that future material unusual transactions are subject to a more thorough and detailed review. The Company has revised its accounting policy for material unusual transactions to include a review by senior financial officers, and outside accounting experts if deemed necessary. We believe these new controls have remediated the material weakness that existed as of December 31, 2005, and that these controls operated effectively during the first quarter of 2006.

We have investments, not material in amount, in certain unconsolidated entities. Since we do not control these entities, our disclosure controls and procedures with respect to these entities are necessarily substantially more limited than those we maintain with respect to our consolidated subsidiaries.
