NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

(dollars in thousands, except share and per share data)

(1) Organization, Reorganization and Emergence from Chapter 11

Organization - The accompanying consolidated financial statements include those of Trump Entertainment Resorts, Inc. (TER, formerly Trump Hotels & Casino Resorts, Inc.), a Delaware corporation, its majority-owned subsidiary, Trump Entertainment Resorts Holdings, L.P. (TER Holdings, formerly Trump Hotels & Casino Resorts Holdings, L.P. THCR), a Delaware limited partnership, and their respective subsidiaries. Except where otherwise noted, the words we, us, our and similar terms, as well as Company, refer to TER and all of its subsidiaries. Through TER Holdings and its wholly owned subsidiaries we own and operate the Trump Taj Mahal Casino Resort (Trump Taj Mahal), Trump Plaza Hotel and Casino (Trump Plaza) and Trump Marina Hotel Casino (Trump Marina) in Atlantic City, New Jersey. During September 2005, TER Keystone Development Co., LLC (TER Keystone) was formed by TER Holdings to pursue a gaming license in Philadelphia, Pennsylvania. Prior to the December 2005 sale of our former subsidiary Trump Indiana, Inc. (Trump Indiana), we also owned and operated a riverboat casino in Gary, Indiana.

TER currently beneficially owns an approximate 76.5% profits interest in TER Holdings, as both a general and limited partner, and Donald J. Trump (Mr. Trump) owns directly and indirectly an approximate 23.5% profits interest in TER Holdings, as a limited partner. Mr. Trump's limited partnership interests are exchangeable at Mr. Trump's option into 9,377,484 shares of TER's Common Stock, par value \$0.001 per share (the TER Common Stock) (subject to certain adjustments), which, if exchanged, would give Mr. Trump ownership of an aggregate of approximately 26.3% of the TER Common Stock (including shares currently held directly by Mr. Trump) or approximately 28.8% assuming currently exercisable warrants held by Mr. Trump were exercised. Mr. Trump also holds 900 shares of TER's Class B Common Stock, par value \$0.001 per share (the Class B Common Stock). The Class B Common Stock has the voting equivalency of the 9,377,484 shares of TER Common Stock for which Mr. Trump's limited partnership interests in TER Holdings may be exchanged, and generally votes on all matters with the TER Common Stock as a single class. The Class B Common Stock is redeemable at par to the extent that Mr. Trump exchanges his limited partnership interests in TER Holdings for TER Common Stock and is not entitled to receive any dividends.

Reorganization and Emergence from Chapter 11 - On November 21, 2004, our predecessor, Trump Hotels & Casino Resorts, Inc. and its subsidiaries (collectively, the Debtors) filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of New Jersey (the Bankruptcy Court), as part of a prearranged plan of reorganization. While in bankruptcy, the Debtors continued to manage their properties and operate their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court.

On April 5, 2005, the Bankruptcy Court entered an order confirming the Second Amended and Restated Joint Plan of Reorganization, dated as of March 30, 2005, of the Debtors, as amended (the Plan). The Plan became effective on May 20, 2005 (the Effective Date), at which time all material conditions to the Plan were satisfied and the Debtors emerged from Chapter 11. Our Annual Report on Form 10-K for the year ended December 31, 2005 as filed with the Securities and Exchange Commission (the SEC) contains disclosures regarding the reorganization, including fresh-start accounting, reorganization expense (income) and related costs, \$8.0 million in ten year warrants issued to Mr. Trump and the extraordinary gain on extinguishment of debt recorded by our Predecessor Company.

(2) Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the SEC and in accordance with accounting principles generally accepted in the United States of America for interim financial reporting. Accordingly, certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States have been condensed or omitted. The accompanying condensed consolidated financial statements have been prepared without audit. In the opinion of management, all adjustments, including normal recurring adjustments necessary to present fairly the financial position, results of operations and cash flows for the periods presented, have been made. The results for interim periods are not necessarily indicative of results that may be expected for any other interim period or for the full year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2005 as filed with the SEC and all of our other filings, including Current Reports on Form 8-K, filed with the SEC after such date and through the date of this report, available on the SEC's website at www.sec.gov or our website at www.trumpcasinos.com.

The condensed consolidated financial statements include our accounts and those of our controlled subsidiaries and partnerships. We have eliminated all significant intercompany transactions. We view each casino property as an operating segment and all such operating segments have been aggregated into one reporting segment.

Our discontinued operations include the results of Trump Indiana, which was sold on December 21, 2005. Net revenues for Trump Indiana were \$36,330, \$51,942 and \$52,160 for the three months ended September 30, 2005, the period from May 20, 2005 through September 30, 2005 and the period from January 1, 2005 through May 19, 2005, respectively. Included in income from discontinued operations is an allocation of interest expense based on Trump Indiana's nonrelated party debt assumed by the purchaser of Trump Indiana of \$53, \$76 and \$17 for the three months ended September 30, 2005, the period from May 20, 2005 through September 30, 2005 and the period from January 1, 2005 through May 19, 2005, respectively. Included in income from discontinued operations for the period from January 1, 2005 to May 19, 2005 is \$134,750 of net reorganization gain.

From the filing of the Chapter 11 petition to the Effective Date, our Predecessor Company operated as debtors-in-possession under the jurisdiction of the Bankruptcy Court. Accordingly, the consolidated financial statements for periods from the filing of the Chapter 11 petition through the emergence from Chapter 11 were prepared in accordance with the American Institute of Certified Public Accountants Statement of Position 90-7, Financial Reporting by Entities in Reorganization under the Bankruptcy Code (SOP 90-7). SOP 90-7 required the reporting of pre-petition liabilities subject to compromise separately on the balance sheet at an estimate of the amount ultimately allowable by the Bankruptcy Court. SOP 90-7 also required separate reporting of certain expenses relating to the Debtors' Chapter 11 filings as reorganization items.

Upon emergence from Chapter 11, we adopted fresh-start reporting in accordance with SOP 90-7. Under fresh-start reporting, a new entity was deemed to have been created for financial reporting purposes and the recorded amounts of assets and liabilities were adjusted to reflect their estimated fair values. The term Predecessor Company refers to the Company and its subsidiaries for periods prior to and including May 19, 2005, and the term Reorganized Company refers to the Company and its subsidiaries for periods on and subsequent to May 20, 2005.

As a result of the adoption of fresh-start reporting, the Reorganized Company's post-emergence financial statements are generally not comparable with the financial statements of the Predecessor Company prior to its emergence from bankruptcy, including the historical financial statements included in this report. Due to the adoption of fresh-start reporting, the Predecessor Company and Reorganized Company financial statements are prepared on different bases.

Under the terms of the Predecessor Company's Reorganization Plan (the Plan), any of the Reorganized Company's Senior Secured Notes, cash, common stock or Class A Warrants issued to the Plan's disbursing agent and not distributed as of May 20, 2006, revert to the Reorganized Company. As of May 20, 2006, undistributed amounts included \$1,020 in Senior Secured Notes, \$414 in cash and 36,809 shares of TER Common Stock. Goodwill has been reduced by \$1,434 and our Senior Secured Notes have been reduced by \$1,020 reflecting this matter.

(3) Long-Term Debt

Long-term debt consists of the following:

Total long-term debt	1,413,288	1,437,959
Less: current maturities	15,753	30,007
Long-term debt, net of current maturities	\$ 1,397,535	\$ 1,407,952

Senior Secured Credit Facility - On May 20, 2005, we and TER Holdings entered into an agreement for a \$500,000 senior secured credit facility (the Credit Facility) with a group of lenders. Pursuant to the Credit Facility, as amended, the lenders have agreed to provide TER Holdings (i) a revolving credit facility in the amount of \$200,000, (ii) a single-draw term loan facility in the amount of \$150,000, which was drawn on the Effective Date, and (iii) a delayed draw term loan facility in the amount of \$150,000, which may be drawn in multiple borrowings through May 20, 2007. The Credit Facility, as amended, also includes a sub-facility for letters of credit in an amount of up to \$70,000. At September 30, 2006, we have outstanding letters of credit of \$40,000 under the Credit Facility.

Proceeds from the term loans may be utilized to (i) pay off amounts outstanding under the debtor-in-possession financing, which occurred on the Effective Date, (ii) fund the construction of a new tower at the Trump Taj Mahal, (iii) pay fees and expenses in connection with our restructuring, and (iv) provide for ongoing working capital and general corporate needs; provided that \$150,000 of the term loan is restricted to fund construction of a new tower at Trump Taj Mahal. The revolving portion of the Credit Facility may be used to fund ongoing working capital requirements of TER Holdings and its subsidiaries and other general corporate purposes. The revolving credit facility matures on May 20, 2010. The term loan matures on May 20, 2012, and must be repaid during the final year of such loans in equal quarterly amounts, subject to amortization of approximately 1.0% per year prior to the final year.

Borrowings under the Credit Facility are secured by a first priority security interest on substantially all the assets of TER Holdings and its subsidiaries. TER Holdings' obligations under the Credit Facility are guaranteed by us and each of our direct and indirect subsidiaries except TER Keystone. We and our subsidiaries are subject to a number of affirmative and negative covenants and must comply with certain financial covenants including maintenance of a leverage ratio of 8.75 to 1, a first lien coverage ratio of 2.25 to 1 and an interest coverage ratio of 1.35 to 1. The Credit Facility restricts our ability to make certain distributions or pay dividends.

On September 28, 2006, we and TER Holdings entered into Amendment No. 2 to our Credit Facility. Under the terms of the Amendment, the definition of earnings before interest expense, income taxes, depreciation and amortization (EBITDA) for financial covenant purposes was modified. Under the new definition, we are allowed to adjust our calculation of EBITDA for the impact of the three-day closing of our gaming operations during July 2006 as mandated by the State of New Jersey Casino Control Commission. At September 30, 2006, we were in compliance with our covenants.

Senior Secured Notes - On the Effective Date, TER Holdings and its wholly owned finance subsidiary, Trump Entertainment Resorts Funding, Inc. (TER Funding) issued \$1,250,000 of Senior Secured Notes (Senior Notes). These Senior Notes were used to pay distributions under the

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form 10-Q

Plan. The Senior Notes due June 1, 2015, bear interest at 8.5% per annum. \$1,020 of the Senior Secured Notes were returned to us under the terms of the Predecessor Company's Bankruptcy Plan and retired on May 20, 2006.

\$730,000 of the aggregate principal amount of the Senior Notes is nonrecourse to the issuers and to the partners of TER Holdings (the Qualified Portion). \$520,000 of the aggregate principal amount of the Senior Notes is recourse to the issuers and to TER, in its capacity as general partner of TER Holdings (the Non-Qualified Portion).

The Non-Qualified Portion and Qualified Portion are recalculated on a periodic basis no less frequently than annually based on certain tax considerations, provided that in no event will the Qualified Portion exceed \$730,000 in aggregate principal amount of Senior Notes.

TER Holdings and TER Funding are co-issuers of the Senior Notes. All other subsidiaries of TER Holdings, except TER Keystone, are guarantors (the Guarantors) of the Senior Notes on a joint and several basis.

The Senior Notes are senior obligations of the issuers and are guaranteed on a senior basis by the Guarantors and rank senior in right of payment to the issuers and Guarantors future subordinated indebtedness. Notwithstanding the foregoing, because amounts borrowed under the Credit Facility are secured by substantially all the assets of the issuers and the Guarantors on a priority basis, the Senior Notes and the guarantees thereof are effectively subordinated to amounts borrowed under the Credit Facility.

The Senior Notes are secured by substantially all of our real property and incidental personal property, subject to liens securing amounts borrowed under the Credit Facility and certain permitted prior liens. The issuers and Guarantors of the Senior Notes are subject to certain covenants under the indenture governing the Senior Notes. Under these covenants, TER Holdings and the Guarantors are subject to limitations on the incurrence of additional indebtedness and payment of dividends.

Total	11,124,190	10,824,190	16,393,223

During periods reflecting income from continuing operations, minority interest recorded in the statement of operations is added to our income from continuing operations and net income to calculate diluted earnings per share as the Class B Common Stock becomes dilutive. During periods reflecting a loss from continuing operations, the Class B Common Stock is anti-dilutive.

The shares attributable to our Class A Warrants are considered outstanding for both basic and diluted earnings per share, for all periods from May 20, 2005 through May 20, 2006 (date shares were issued) as there were no events precluding their eventual issuance.

(5) Stock-based Compensation Plans

Reorganized Company

Our shareholders approved the 2005 Incentive Award Plan (the 2005 Stock Plan) allowing for incentive stock options, nonqualified stock options, restricted stock, stock appreciation rights, performance shares and other stock-based awards to our officers, employees, consultants and independent directors. A total of 4,000,000 shares of Common Stock have been reserved for the issuance of awards available for grant under the 2005 Stock Plan.

In accordance with the revised provisions of Statement of Financial Accounting Standards (SFAS) Statement 123, Share Based Payment (FAS 123R) which we adopted on May 20, 2005, we recorded compensation expense for our stock option and restricted stock awards of \$1,207 and \$4,209 for the three and nine months ended September 30, 2006. Such expense is included in general and administrative expenses.

Restricted Stock At September 30, 2006, there were 305,556 shares of nonvested restricted stock issued and outstanding. The remaining unrecognized compensation expense for nonvested restricted stock to be recognized over the remaining contractual life was \$2,961. The weighted-average remaining contractual life of outstanding restricted stock grants at September 30, 2006 was 1.1 years.

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form 10-Q

Stock Options At September 30, 2006 there were 300,000 stock options outstanding which vest in 100,000 share increments on July 31, 2008, 2009 and 2010. At September 30, 2006, the remaining unrecognized compensation expense for nonvested stock options to be recognized over the remaining contractual life was \$1,803.

(6) Income Taxes

Our income tax provision attributable to continuing operations and discontinued operations is as follows:

	Reorganized Company Three Months Ended September 30,	
	2006	2005

	2,075		
	\$ 5,587	\$ 3,046	\$ 2,074

Our current federal income tax provision reflects the utilization of net operating loss carryforwards and our deferred income tax provision reflects the impact of changes to valuation allowances. Predecessor Company net operating losses utilized to offset taxable income of the Reorganized Company are recorded in our provision for income taxes as a non-cash charge in lieu of taxes and as a reduction to goodwill, if available, and then to other intangible assets and additional paid-in-capital to the extent goodwill would be reduced to zero. For the nine months ended September 30, 2006, our goodwill has been reduced by \$2,075 for our non-cash charge in lieu of taxes.

Federal and State Income Tax Audits

Certain of our subsidiaries are currently involved in examinations with the IRS concerning their federal partnership income tax returns for the tax years 2002 through 2004. While any adjustments resulting from this examination could affect their specific state income tax returns, we do not believe that adjustments, if any, will have a material adverse effect on their financial condition or results of operations.

At September 30, 2006, we have accrued \$6,900 to reflect Trump Indiana's expected federal and state income amounts due (including interest) related to Trump Indiana's IRS audit for the years 1996 through 2004 and the impact on the period from January 1, 2005 through December 21, 2005, the date of the sale of Trump Indiana to Majestic Star Casino, LLC (Majestic Star). In accordance with the terms of our Stock Purchase Agreement with Majestic Star, TER Holdings has assumed the liability for expected federal and state income taxes (including interest) related to Trump Indiana for the tax years 1995 through December 21, 2005. In June 2006, we reached a settlement with the IRS for the years 1995 through 1997. Based upon this settlement, management reduced the estimated accrual by \$6,000 for the years 1995 through 1997 and all subsequent years through December 21, 2005 and has reduced goodwill accordingly.

State income taxes for our New Jersey operations are computed under the alternative minimum assessment method. We believe our New Jersey partnerships are exempt from these taxes and, as such, have not remitted payments of the amounts provided. The New Jersey Division of Taxation has issued an assessment to collect the unpaid taxes for the tax years 2002 and 2003. At September 30, 2006, we have accrued \$22,300 for taxes and interest relating to this alternative minimum tax assessment for 2002 and 2003, as well as the open years 2004 through September 30, 2006. We are currently in discussions with the New Jersey Division of Taxation regarding settlement of these assessments.

Tax Distributions

TER Holdings' partnership agreement requires distributions to its partners, TER and Mr. Trump, sufficient in amount to cover all federal, state and local income taxes incident to their ownership of TER Holdings, including special allocations of income, gains, losses, deductions and credits. TER Holdings made distributions of \$3,420 during the nine months ended September 30, 2006 and recorded distributions payable of \$340 during the three months ended September 30, 2006. In addition, the partnership agreement contains an indemnification clause which may result in additional payments to Mr. Trump upon the disposition of any of our existing casino properties. The amount of these indemnification payments would be sufficient in amount to cover the impact of the disposition on Mr. Trump's federal, state and local income tax positions up to \$100,000 and would only be due if Mr. Trump would not consent to the transaction.

Recently Issued Accounting Pronouncements

In July 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes, which clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN 48 provides guidance on the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosures, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. We are currently evaluating the impact of FIN 48 on our consolidated financial statements.

(7) Subsidiary Guarantors

As described in Note 3, TER Holdings and its wholly-owned finance subsidiary, TER Funding, are co-issuers of our Senior Notes and the Guarantors are guarantors of the Senior Notes on a joint and several basis. TER Funding has no assets, operations, revenues or cash flows other than those related to the issuance, administration and repayment of our Senior Notes. As the assets, interest expense and cash flows relating to our Senior Notes are included in columns captioned "TER Holdings" in the following condensed consolidating financial statements, we have not shown TER Funding as a separate column in our subsidiary guarantor consolidating financial statements contained in this footnote.

Condensed balance sheets as of September 30, 2006 and December 31, 2005 are as follows:

(8) Commitments and Contingencies

TER Keystone Keystone Redevelopment Partners, of which TER Keystone is the majority partner, has obtained a letter of credit for \$10,000 in connection with the application for a Pennsylvania gaming license. The Keystone Redevelopment partnership has pledged its lease option under its Option Agreement with Hunting Fox Associates I, L.P. as security for this letter of credit. In addition, we have pledged our interest in TER Keystone as additional collateral.

Casino Reinvestment Development Authority Obligations - Pursuant to the provisions of the Casino Control Act, we must either obtain investment tax credits, as defined in the Casino Control Act, in an amount equivalent to 1.25% of our gross casino revenues, as defined in the Casino Control Act, or pay an alternative tax of 2.5% of our gross casino revenues. Investment tax credits may be obtained by making qualified investments, as defined, or by depositing funds which may be converted to bonds by the Casino Reinvestment Development Authority (CRDA), both of which bear interest at two-thirds of market rates resulting in a fair value lower than cost. Certain of our subsidiaries are required to make quarterly deposits with the CRDA to satisfy their investment obligations.

NJSEA Subsidy Agreement - On April 12, 2004, the 12 Atlantic City casinos (the Casinos), including our Atlantic City properties, executed an agreement (the NJSEA Subsidy Agreement) with the New Jersey Sports & Exposition Authority (NJSEA) and the CRDA. The NJSEA Subsidy Agreement provides that the Casinos, on a pro rata basis according to their gross revenues, shall: (i) pay \$34,000 to the NJSEA in cash in four yearly payments through October 15, 2007, and donate \$52,000 to the NJSEA from the regular payment of their CRDA obligations for use by the NJSEA through 2008 to enhance purses, fund breeders awards and establish account wagering at New Jersey horse racing tracks; and (ii) donate \$10,000 from the regular payment of their CRDA obligations for use by the CRDA as grants to such other North Jersey projects as the CRDA shall determine. The donation of \$62,000 of CRDA obligations is conditioned upon the timely enactment and funding of the Casino Expansion Fund Act, which was enacted effective August 25, 2004, and established the Atlantic City Expansion Fund. The Casino Expansion Fund Act further identifies the casino hotel room occupancy fee as its funding source and directs the CRDA to provide the fund with \$62,000 and make that amount available, on a pro rata basis, to each casino licensee for investment. By statute, as amended, as of January 26, 2005, such funds shall be invested in eligible projects in Atlantic City that, if approved by the CRDA by August 25, 2006, would add hotel rooms, retail, dining or non-gaming entertainment venues or other non-gaming amenities including, in certain circumstances, parking spaces or, if approved thereafter, additional hotel rooms. Our Atlantic City properties have estimated their portion of the industry obligation at approximately 23%.

The NJSEA Subsidy Agreement further provides for a moratorium until January 2009 on the conduct of casino gaming at any New Jersey racetrack (unless casinos controlling a majority of the hotel rooms operated by the casinos in Atlantic City otherwise agree). Violation of the moratorium terminates the NJSEA Subsidy Agreement and all further payment obligations to the NJSEA and requires the NJSEA to return all undistributed cash to the casinos and the CRDA to return all undistributed donated investment alternative tax obligation payments to the casinos.

CAFRA Agreement Trump Taj Mahal received a permit under the Coastal Area Facilities Review Act (CAFRA) (which is included as a condition of Trump Taj Mahal casino license) that initially required Trump Taj Mahal to begin construction of certain improvements on the Steel Pier by October 1992, which improvements were to be completed within 18 months of the commencement of construction. Trump Taj Mahal initially proposed a concept to improve the Steel Pier, the estimated cost of which was \$30,000. Such concept was approved by the New Jersey Department of Environmental Protection, the agency which administers CAFRA. In March 1993, Taj Associates obtained a modification of its CAFRA permit providing for an extension of the required commencement and completion dates of the improvements to the Steel Pier for one year, which has been renewed annually, based upon an interim use of the Steel Pier as an amusement park. The pier sublease, pursuant to which Trump Taj Mahal leases the Steel Pier to an amusement park operator, terminates on December 31, 2006. The conditions of the CAFRA permit renewal thereafter are under discussion with the New Jersey Department of Environmental Protection.

(9) Legal Proceedings

Chapter 11 Cases - Although we have emerged from bankruptcy, we still are in the process of resolving various claims and other litigation in connection with the Plan, which may continue for the foreseeable future.

On July 18, 2005, the Bankruptcy Court considered a motion brought by a certain group of persons alleging that they had held shares of our Predecessor Company's Common Stock on the record date for distributions under the Plan (and who subsequently sold their shares prior to the distribution date) but did not receive any distributions under the Plan, which they believe were wrongly made to the beneficial holders of our stock on the distribution date. The movants had sought an order compelling us to make distributions to them under the Plan. After additional briefing and a court hearing with respect to the issue on October 8, 2005, the Bankruptcy Court denied the movants' motion on February 17, 2006. The movants filed an appeal from the judgment entered in the Bankruptcy Court in favor of the Predecessor Company. The appeal is pending in the United States District Court for the district of New Jersey.

401(k) Plan Participant Litigation - On February 8, 2005, certain individuals filed a complaint in the United States District Court for the District of New Jersey, Camden Division, against certain persons and organizations that included members of the Trump Capital Accumulation Plan Administrative Committee. In their complaint, the plaintiffs alleged, among other things, that such persons and organizations, who were responsible for managing the Trump Capital Accumulation Plan, breached their fiduciary duties owed to the plan participants when THCR Common Stock held in employee accounts was allegedly sold without participant authorization if the participant did not willingly sell such shares by a specified date in accordance with the Plan. The plaintiffs brought this suit under the Employee Retirement Income Security Act of 1974 on behalf of themselves and certain other plan participants and beneficiaries and sought to have the court certify their claims as a class action. In their complaint, the plaintiffs also sought, among other things, damages for losses suffered by certain accounts of affected plan participants as a result of such allegedly improper sale of our Predecessor Company's Common Stock and reasonable costs and attorneys' fees. The parties have commenced discovery, which is ongoing in this matter. At this time, it is anticipated that there is sufficient insurance coverage to provide for projected legal fees and any potential contingent judgment. The insurance carrier has assumed the defense of the litigation.

South Jersey Transportation Authority Settlement - On September 18, 2006, we reached a settlement with respect to a complaint we filed against the South Jersey Transportation Authority (the "SJTA") during 2003, pursuant to which we asserted a claim that the SJTA breached a development agreement. Our statements of operations include a \$1,750 reduction in selling, general and administrative expenses during the three and nine months ended September 30, 2006 to reflect the settlement.

Other Litigation - In addition to the foregoing, we and certain of our employees are involved from time to time in other legal proceedings arising in the ordinary course of our business. While any proceeding or litigation contains an element of uncertainty, management believes that the final outcomes of these other matters are not likely to have a material adverse effect on our results of operations or financial condition. In general, we have agreed to indemnify our employees and our directors against any and all losses, claims, damages, expenses (including reasonable costs, disbursements and counsel fees) and liabilities (including amounts paid or incurred in satisfaction of settlements, judgments, fines and penalties) incurred by them in any legal proceedings absent a showing of such persons' gross negligence or malfeasance.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

This Report contains statements that we believe are, or may be considered to be, forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact included in this Report regarding the prospects of our industry or our prospects, plans, financial position or business strategy, may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking words such as may, will, expect, intend, estimate, forecast, project, anticipate, believe, plans, forecasts, continue or could or the negatives of these terms or variations of them or similar terms. Furthermore, such forward-looking statements may be included in various filings that we make with the SEC or press releases or oral statements made by or with the approval of one of our authorized executive officers. Although we believe that the expectations reflected in these forward-looking statements are reasonable, we cannot assure you that these expectations will prove to be correct. These forward-looking statements are subject to certain known and unknown risks and uncertainties, as well as assumptions that could cause actual results to differ materially from those reflected in these forward-looking statements. Readers are cautioned not to place undue reliance on any forward-looking statements contained herein, which reflect management's opinions only as of the date hereof. Except as required by law, we undertake no obligation to revise or publicly release the results of any revision to any forward-looking statements. You are advised, however, to consult any additional disclosures we make in our reports to the SEC. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements contained in this Report.

For a more complete description of the risks that may affect our business, see our Annual Report on Form 10-K for the year ended December 31, 2005.

Overview

We own and operate the Trump Taj Mahal Casino Resort, Trump Plaza Hotel and Casino and the Trump Marina Hotel Casino in Atlantic City, New Jersey.

The results of our operations were negatively impacted during the three and nine months ended September 30, 2006 due to the closure of our New Jersey casino operations as a result of the State of New Jersey government closure for three days during early July 2006. While our hotel and some of our food and beverage operations remained open, the closure of our casino operations for this three-day period reduced our overall casino revenues. Additionally, we believe our casino and other revenues for the period after this closing were also negatively impacted.

Basis of Presentation

For the purposes of management's discussion and analysis of financial condition and results of operations, we have combined the period from January 1, 2005 through May 19, 2005 (Predecessor Company) and the period from May 20, 2005 through September 30, 2005 (Reorganized Company) into the nine months ended September 30, 2005. We believe this combination provides for the best comparison of our operating performance for the respective periods. Differences occurring in the period which were caused by the financial statements being prepared on different bases of accounting are indicated in the following discussion of our financial condition and results of operations.

Financial Condition

Liquidity and Capital Resources

General. Cash flows from the operating activities of our casino properties along with borrowings under our revolving credit facility generally constitute our primary source of liquidity. Our cash flows have generally been sufficient to fund operations and make interest payments when due. Nonetheless, prior to our reorganization, our core businesses historically did not generate cash flows sufficient to reinvest in the maintenance or expansion of our casino properties at levels consistent with those of our competitors. Due to this constrained liquidity position, we were unable to refurbish our properties to desired levels or to pursue various capital expenditures, such as the addition of more hotel rooms, or undertake significant new business initiatives.

We achieved a significant increase in financial flexibility and a meaningful reduction in interest expense as a result of our May 20, 2005 debt restructuring and emergence from bankruptcy. Our management has also implemented programs to improve cash flow and will continue to attempt to implement such programs in the upcoming years. These programs include, among others, labor savings through a more efficient management structure and employee scheduling, changes to our marketing programs and better management of our hotel room blocks. Based upon our

current implementation of programs to achieve operational improvements in cash flows along with our current and planned capital expenditures, we expect improvement in our cash flows from operations over time resulting in positive cash flows from operations. However, we cannot assure you that these programs will be successful or sustainable.

During the nine months ended September 30, 2006 we generated \$43.1 million in cash flows from operating activities. For the nine months ended September 30, 2005 the Reorganized Company and Predecessor Company used \$2.9 million for operating activities, including discontinued operations. Due to our reorganization, cash flows from operations between periods are not comparable due to a reduction in interest expense of \$36.1 million resulting from our reorganization refinancing. Also affecting comparability is our payment of accounts payable and accrued interest on a current basis following our emergence from Chapter 11.

Cash used in investing activities, primarily for capital expenditures, was \$83.6 million during the nine months ended September 30, 2006 compared to \$85.3 million used by the Reorganized Company and Predecessor Company during the nine months ended September 30, 2005.

During the nine months ended September 30, 2006, we used \$26.8 million for financing activities primarily to repay \$22.8 million of our capital lease obligations and pay \$2.7 million in partnership distributions to Mr. Trump. For the nine months ended September 30, 2005, the Reorganized Company and Predecessor Company provided \$117.7 million from financing activities as a result of our refinancing and emergence from Chapter 11. Due to our reorganization, during 2005, cash flows from financing activities are not comparable between periods.

At September 30, 2006, we had approximately \$161.3 million in cash and cash equivalents. Our cash and cash equivalents do not include the \$27.3 million in restricted cash from the sale of Trump Indiana.

At September 30, 2006, there were no outstanding borrowings under our Senior Secured Line of Credit and \$148.1 million outstanding under the term loan portion of our Credit Facility. We also had outstanding \$1,249.0 million of Senior Notes. At September 30, 2006, we had outstanding letters of credit of \$40 million. As of November 6, 2006, availability under the revolving portion of the Credit Facility was approximately \$147.5 million. Under the terms of our Credit Facility, we have available an addition \$150.0 million term loan facility which will expire if not drawn upon by May 20, 2007. We plan to draw upon this term loan prior to its expiration to fund a portion of our hotel construction at the Trump Taj Mahal.

In order to increase the competitiveness of our casino properties, we have made significant capital expenditures to renovate, re-theme and expand our casinos and plan to make additional expenditures in the future. For example, we have spent approximately \$50 million of a \$110 million capital improvement program to re-theme and update our three casino properties. In addition, we began construction on an estimated \$250 million new 800-room hotel tower and connecting structure to expand our existing facility at the Trump Taj Mahal. We expect to complete this new hotel tower by mid-2008. We also have embarked on a recurring maintenance capital program. Capital expenditures towards the aforementioned projects for the remaining three months of 2006 are expected to be approximately \$35.0 million.

We continuously seek investment opportunities from time to time in an effort to expand our business beyond our existing properties. For instance, in December 2005, we, together with a joint venture partner, applied for a casino slot license for a site in Philadelphia, Pennsylvania. Should we be successful, our current plans are to build a permanent casino project at a cost of approximately \$450 million.

We believe that cash on hand, available borrowing capacity and cash flows from operations will be sufficient to fund our operating, capital expenditure and debt service obligations. While we believe that our sources of liquidity are sufficient to meet our cash obligations during the next twelve months, our ability to meet our operating and debt service obligations depends on a number of factors, including our existing cash on hand, cash flows generated by our operating subsidiaries and compliance with our debt covenants. In addition, if we decide to pursue additional capital projects or if we are successful in obtaining a gaming license in Philadelphia, we will need to obtain additional financing in the future.

Failure to achieve consistent profitability or maintain or achieve various other financial performance levels could diminish our ability to meet financial covenants, obtain additional funds or make required payments on our indebtedness. In addition, given the restrictions on incurring additional indebtedness imposed under the Credit Facility and the indenture governing the Senior Notes, we cannot assure you that other sources of funds will be available to us, or if available, at terms favorable to us.

TER has minimal operations, except for its ownership of TER Holdings and its subsidiaries. TER depends on the receipt of sufficient funds from its subsidiaries to meet its financial obligations. In addition, the terms of TER's subsidiaries' indebtedness limit the payment of dividends and other distributions to TER under many circumstances. The ability of our subsidiaries to make payments to TER Holdings may also be restricted by the New Jersey Casino Control Commission.

Under the terms of the Credit Facility, we are subject to certain affirmative and negative covenants, including limitations on liens, incurrence of indebtedness, mergers, sales of assets, investments, restricted payments, capital expenditures, agreements with affiliates, our activities and amendment of the indenture governing the Senior Notes, among other limitations. In addition, we must comply with certain financial covenants, including the ratio of consolidated indebtedness to EBITDA, consolidated first lien debt to EBITDA and EBITDA to cash interest expense. We were in compliance with such covenants as of September 30, 2006.

Off Balance Sheet Arrangements

We have not entered into any transactions with unconsolidated entities whereby we have financial guarantees, subordinated retained interest, derivative instruments or other contingent arrangements that expose us to material continuing risks, contingent liabilities or any other obligation under a variable interest in an unconsolidated entity that provides financing, liquidity, market risk or credit risk support to us.

Comparison of Three Months Ended September 30, 2006 and 2005.

Each of our properties' operating results were as follows:

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form 10-Q

Trump Taj Mahal Net revenues increased \$8.5 million or 6.4%, to \$140.4 million primarily as a result of increased gaming revenues of \$8.7 million and all other revenues of \$4.4 million partially offset by increased promotional allowances of \$4.6 million. In spite of the state closure of our casino operations for three days during July 2006, we were able to increase revenues year over year. Total costs and expenses increased by \$9.9 million primarily as a result of increased casino expenses of \$6.3 million, increased selling, general and administrative expenses of \$2.2 million and increased depreciation expense of \$1.0 million. The higher casino expenses reflect increased promotional spending of \$5.4 million targeted to increase overall casino revenues partially offset by a \$1.1 million net reduction in payroll and other costs. Casino expense during the 2005 three-month period includes the beneficial effect of collecting a \$1.9 million marker which had been previously expensed. Selling, general and administrative expenses increased primarily due to an unusually heavy entertainment schedule during August 2006.

Trump Plaza Gaming revenues decreased \$1.7 million principally due to the state closure of our gaming operations for three days during July 2006. Notwithstanding the decrease in gaming revenues, net revenues increased \$1.1 million due to a \$2.2 million reduction in promotional allowances and a \$0.6 million increase in other revenues. The reduction in promotional allowances reflects the continuing realignment of our promotional costs and to a lesser extent, the impact of the state closure. Income from operations improved by \$0.4 million as the increase in net revenues was met by a \$0.7 million increase in operating costs. The increase in operating costs was due to a \$1.3 million increase in selling, general and administrative costs primarily due to higher insurance and property tax expenses, a \$0.7 million increase in depreciation and amortization and an increase in rooms expense of \$0.3 million. These increases were partially offset by a \$1.4 million reduction in our gaming expense due to reductions in our casino operating costs.

Trump Marina Gaming revenues increased by \$4.6 million or 6.9%, as a result of increases in slot revenue of \$4.0 million and table games revenue of \$0.7 million. Improved slot and table games revenue during September outweighed the negative effect of the state closure of our gaming operations for three days in July. Additionally, all other revenues increased \$1.2 million or 7%, primarily due to increased food and beverage revenue of \$1.1 million. Net revenues increased \$1.5 million as the higher revenues were partially offset by a \$4.5 million increase in promotional allowances. Increases in our promotional allowances were primarily a result of \$3.0 million in additional slot coin offers targeted to improve our slot revenues. Total costs and expenses decreased by \$1.1 million due to the beneficial \$1.7 million settlement with the South Jersey Transportation Authority and reductions in other operating costs of \$0.3 million partially offset by increases in casino operating expenses of \$0.9 million resulting from increased casino revenues.

Corporate and Other Corporate and other expenses decreased by approximately \$6.6 million. This decrease is a result of reductions in reorganization related costs of \$5.3 million and development costs of \$2.2 million partially offset by an increase in stock-based compensation expense of \$1.1 million. Corporate and other expense in 2005 included development costs totaling \$3.6 million related to a land option for a potential Philadelphia, Pennsylvania casino location pending granting of a casino license.

Our other overall costs were as follows:

Interest Income Interest income increased by approximately \$1.8 million from the comparable period in 2005. This increase reflects income from our invested cash and cash equivalents which have increased following our sale of Trump Indiana in December 2005.

Interest Expense Interest expense increased by approximately \$0.3 million from the comparable period in 2005. This increase is a result of increases on our term loans which carry floating rates.

Minority Interest Following reorganization, minority interest for the reorganized company represents the 23.5% limited partnership interest in TER Holdings owned directly and indirectly by Mr. Trump. Our minority interest expense from continuing operations reflects \$1.8 million for the proportionate share of income attributable to Mr. Trump's ownership interest in TER Holdings.

Provision for Income Taxes Our provision for income taxes on continuing operations reflects an expense for income taxes of \$2.8 million in 2006 compared to \$2.3 million in 2005. These provisions are primarily for state income taxes with 2006 including a non-cash charge in lieu of taxes of \$1.6 million.

Discontinued Operations Income from discontinued operations for the three months ended September 30, 2005, includes income from our Trump Indiana riverboat casino sold in December 2005.

Comparison of Nine Months Ended September 30, 2006 and 2005.

Each of our properties' operating results were as follows:

Trump Taj Mahal Net revenues increased \$24.0 million or 6.7%, to \$383.0 million as a result of a \$23.1 million increase in our total revenues and a \$0.9 million decrease in promotional allowances. Our revenues reflect year over year improvement in all areas of operations including increases in gaming revenues of \$15.4 million, rooms revenues of \$2.3 million, food and beverage revenues of \$2.5 million and other revenues of \$2.9 million. Before consideration of reorganization income of \$104.5 million recorded in 2005, our operating expenses increased by \$14.3 million, comprised of increases in selling, general and administrative expenses of \$9.1 million and increases in all other expenses of \$9.5 million, offset by a \$4.3 million decrease in depreciation due to the \$49.4 million write-down of net fixed assets during 2005 to reflect fresh-start accounting. The increase in selling, general and administrative costs is principally due to increases in

entertainment expenses of \$4.2 million, insurance costs of \$2.8 million, incentive compensation of \$1.0 million and advertising expenses of \$1.0 million. The increase in our other expenses of \$9.5 million reflects increased casino operating costs of \$6.4 million primarily due to promotional marketing costs and \$3.1 million in increased rooms and food and beverage costs relating to the increased revenues.

Trump Plaza Net revenues increased \$0.6 million as a \$5.3 million decrease in gaming revenues and a \$2.8 million decrease in other revenues were more than offset by an \$8.7 million reduction in promotional allowances. The reduction in gaming revenues is due to a \$7.5 million decrease in slot revenues partially offset by a \$2.2 million increase in table games revenue. The decrease in casino revenues reflects the impact of the state closure of our gaming operations for three days during July 2006 and changes in our marketing efforts to realign marketing to certain segments of our slot and table game customers. The \$8.7 million reduction in our promotional allowances reflects this segment realignment of our marketing and included a \$3.5 million decrease in slot coin marketing offers and a \$2.0 million decrease in complimentary rooms. The remaining decrease in promotional allowances reflects the lower food and beverage and other revenues provided to customers on a complimentary basis. Before consideration of reorganization income of \$17.4 million recorded in 2005, our total costs and expenses increased \$1.0 million reflecting a \$3.9 million increase in selling, general and administrative costs, a \$0.6 million increase in depreciation expense partially offset by a \$3.6 million decrease in casino and other operating expenses. Selling, general and administrative costs increased by \$3.9 million principally due to a \$1.6 million increase in severance and other payroll costs and to a lesser extent, increased insurance and advertising costs. The increase in depreciation expense is primarily a result of capital improvements made to our casino floor which were completed during 2006. The \$3.6 million decrease in operating costs reflects a \$1.8 million decrease resulting mainly from the aforementioned decrease in gaming revenues, a \$1.0 million reduction in labor costs and a \$0.7 million decrease in marketing costs.

Trump Marina Although our casino operations were closed for three days during July 2006, our gaming revenues of \$195.0 million and net revenues of \$187.7 million were consistent with the prior year nine-month period. Before consideration of reorganization expenses of \$42.0 million recorded in 2005, our total costs and expenses decreased \$4.9 million. This decrease reflects a \$2.6 million decrease in depreciation expense, lower selling, general and administrative expenses due to the beneficial \$1.7 million settlement with the South Jersey Transportation Authority and a \$1.3 million decrease in payroll costs.

Corporate and Other Before consideration of fresh-start accounting and reorganization expenses of \$61.6 million and a charge of \$8.0 million relating to ten-year warrants issued to Mr. Trump in connection with a services agreement during the nine months ended September 30, 2005, corporate and other expenses increased by approximately \$6.9 million. This increase is due primarily to \$4.0 million for stock-based compensation expense, \$1.0 million in increased payroll costs, \$0.9 million for legal expenses, and \$1.7 million for other corporate expenses. These increases were partially offset by a decrease in development costs of \$0.7 million.

Our other overall costs were as follows:

Interest Income Interest income increased by approximately \$6.6 million from the comparable period in 2005. This increase reflects income from our invested cash and cash equivalents which have increased following our sale of Trump Indiana in December 2005.

Interest Expense Interest expense decreased by approximately \$36.1 million, or 26.9%, from the comparable period in 2005. The decrease in interest expense was due to our reorganization of our long-term debt which resulted in lower principal amounts due and the associated significantly reduced interest rates.

Minority Interest Following reorganization, minority interest for the reorganized company represents the 23.5% limited partnership interest in TER Holdings owned directly and indirectly by Mr. Trump. Minority interest in our loss from continuing operations for 2006 reflects \$2.6 million for the proportionate share of the loss attributable to Mr. Trump's ownership interest in TER Holdings and \$0.2 million for other minority interests in TER Holdings subsidiaries. The \$3.1 million minority interest in our loss from continuing operations for 2005 reflects Mr. Trump's limited partnership interest in TER Holdings.

Provision for Income Taxes Our provision for income taxes on continuing operations reflects income tax expense of \$5.6 million and \$5.1 million for 2006 and 2005, respectively. These provisions are primarily for state income taxes with the 2006 provision including a non-cash charge in lieu of taxes of \$2.1 million.

Discontinued Operations Income from discontinued operations for the nine months ended September 30, 2005, includes income from our Trump Indiana riverboat casino sold in December 2005. The income from Trump Indiana for the nine months ended September 30, 2005 includes \$134.8 million in reorganization income and related costs. The tax provision for discontinued operations for the nine months ended September 30, 2005 includes a \$20.0 million provision for state and federal taxes relating to audits of our income tax returns.

Critical Accounting Estimates

General - Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States, which require our management to make estimates and assumptions about the effects of matters that are inherently uncertain. Of our accounting estimates, we believe the following may involve a higher degree of judgment and complexity.

Goodwill - We have approximately \$228.5 million of goodwill recorded on our balance sheet at September 30, 2006. We regularly evaluate our businesses for potential impairment indicators. Additionally, we perform impairment testing at least annually. Our judgments regarding the existence of impairment indicators are based on, among other things, the regulatory and competitive status and operational performance of each of our businesses. Future events, such as the failure to meet or exceed our operating plans, increased competition or the enactment of increased gaming or tax rates, could significantly impact our judgments and any resulting impairment loss could have a material adverse impact on our financial condition and results of operations.

Property and Equipment - Our operations are capital intensive and we make capital investments at each of our properties in the form of maintenance capital and, from time to time, expansion and product enhancement capital. At September 30, 2006, we have approximately \$1,505.4 million of net property and equipment recorded on our balance sheet. We depreciate our assets on a straight-line basis over their estimated useful lives. The estimates of the useful lives are based on the nature of the assets as well as our current operating strategy. Future events, such as property expansions, new competition and new regulations, could result in a change in the manner in which we use certain assets requiring a change in the estimated useful lives of such assets. In assessing the recoverability of the carrying value of property and equipment, we must make assumptions regarding estimated future cash flows and other factors. If these estimates or the related assumptions change in the future, we may be required to record impairment charges for these assets.

Insurance Accruals - Our insurance policies for employee health, workers' compensation and general patron liabilities have significant deductible levels on an individual claim basis. We accrue a liability for known workers' compensation and general patron liabilities based upon a review of individual claims. Additionally, we accrue an amount for incurred but not reported claims based on our historical experience and other factors. Our employee health insurance benefit accrual is based on our historical claims experience rate including an estimated lag factor. These accruals involve complex estimates and could be significantly affected should current claims vary from historical levels. Management reviews our insurance accruals for adequacy at the end of each reporting period.

Income Taxes - We are subject to income taxes in the United States and in several states. We account for income taxes, including our current, deferred and non-cash charge in lieu of tax provisions in accordance with SFAS Statement 109, Accounting for Income Taxes. The calculation of our income tax provision following our reorganization is complex and requires the use of estimates. Management reviews our provision for income taxes at the end of each reporting period. Additionally, our income tax returns are subject to examination by various taxing authorities. We regularly assess the potential outcomes of these examinations in determining the adequacy of our provision for income taxes and our income tax liabilities. Inherent on our determination of any necessary reserves are assumptions based on past experiences and judgments about potential actions by taxing authorities. Our estimate of the potential outcome for any uncertain tax issue is highly judgmental. We believe we have adequately provided for any reasonable and foreseeable outcome related to uncertain tax matters. When actual results of tax examinations differ from our estimates, we adjust the income tax provision in the period in which the examination issues are settled.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, foreign currency exchange rates and commodity rates. Our primary exposure to market risk is interest rate risk associated with our long-term debt. We attempt to manage our interest rate risk by managing the mix of our long-term fixed rate and variable rate borrowings.

At September 30, 2006, long-term fixed rate borrowings represented approximately 90% of our total borrowings.

ITEM 4. CONTROLS AND PROCEDURES

(a) *Evaluation of Disclosure Controls and Procedures.* Based on their evaluation as of the end of the period covered by this Quarterly Report on Form 10-Q, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the Exchange Act)) were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

(b) *Changes in Internal Controls Over Financial Reporting.* There were no changes in our internal controls over financial reporting during the fiscal quarter covered by this Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
