Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers; Compensatory Arrangements of Certain Officers.

(e) On December 15, 2006, the Compensation Committee of our Board of Directors (i) adopted an annual contingent cash compensation program for all of our employees (whom we refer to as Citizen-Owners), including our Chief Executive Officer, President & Chief Scientific Officer and Executive Vice President & Chief Business Officer (whom we refer to as our named executive officers), and (ii) determined the base salaries, effective as of January 1, 2007, of our named executive officers.

We previously did not make any contingent cash compensation awards; rather, we made annual stock option grants to all of our Citizen-Owners based on corporate and individual performance. We are retaining the practice of granting stock options to all Citizen-Owners based on individual performance, but are replacing the program in which stock options are granted based on corporate performance with the contingent cash compensation program.

The aggregate amount of cash available for award under this program is a function of our achievement of the annual goals approved by our Board of Directors in the areas of research and development, business, organization, and finance and operations. For our named executive officers, this amount is set at the following percentages of base salary based on the Compensation Committee's determination of whether these goals were achieved at levels that meet industry standards, meet our expectations or exceed our expectations:

	Available Amounts as a Percentage of Base Salary			Exceeds Expectations
	< Industry Standards	Meets Industry Standards	Meets Expectations	
	Chief Executive Officer	0%	30%	
Other Named Executive Officers	0%	25%	30%	

Once the aggregate amount available for award is established, the Compensation Committee then determines how much of this amount to award to each of our named executive officers based upon corporate and individual performance. For our Chief Executive Officer, corporate performance accounts for 90% of the award, while individual performance accounts for 10% of the award. For our other named executive officers, corporate performance accounts for 80% of the award, while individual performance accounts for 20% of the award. The Compensation Committee intends to make awards to our named executive officers under the annual contingent cash compensation program in the first quarter of 2007 in connection with our annual performance evaluation process.

The 2007 base salaries established for our named executive officers are as follows:

	2007 Base Salary
Steven H. Holtzman Chief Executive Officer	\$ 450,000
Julian Adams President & Chief Scientific Officer	\$ 375,000
Adelene Q. Perkins Executive Vice President & Chief Business Officer (principal financial officer)	\$ 350,000

Additional information regarding the compensation of our directors and executive officers will be included in our proxy statement to be filed in connection with our annual meeting of stockholders to be held in May 2007.
