March 6, 2007

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Hologic, Inc. (the "Company"), for use at the Annual Meeting of Stockholders to be held on Tuesday, March 6, 2007, at 9:00 a.m., local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the offices of the Company, 35 Crosby Drive, Bedford, Massachusetts 01730. This proxy statement, the accompanying notice of the Annual Meeting, proxy card and the annual report to stockholders are first being mailed to stockholders on or about January 22, 2007.

Record Date, Stock Ownership and Voting

Only stockholders of record at the close of business on January 12, 2007 (the "Record Date") are entitled to receive notice of and to vote at the Annual Meeting. On the Record Date, there were outstanding and entitled to vote 52,796,092 shares of common stock of the Company, par value \$.01 per share ("Common Stock"). Each stockholder is entitled to one vote for each share of Common Stock.

The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. A majority of the shares of Common Stock issued, outstanding and entitled to vote is required to be present or represented by proxy at the Annual Meeting in order to constitute the quorum necessary to take action at the Annual Meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will treat abstentions and broker non-votes as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Abstentions and broker non-votes will have no effect on the outcome of the vote for the election of directors even though the stockholder so abstaining intends a different interpretation.

Revocability of Proxies

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 35 Crosby Drive, Bedford, Massachusetts 01730, written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the Annual Meeting and voting in person.

The fees and expenses of such firm are not expected to exceed \$25,000. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable

expenses incurred in forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram, or personal solicitations by directors, officers or employees of the Company. No additional compensation will be paid for any such services.

Key Employee Bonus Program

The Company maintains an annual cash bonus program for key employees in which the named executive officers participate (other than John Pekarsky, the Senior Vice President, Sales and Strategic Accounts, who receives commission-based incentive compensation). Under the bonus program, the Compensation Committee approves corporate and individual strategic goals and objectives by which each named executive officer is measured. Incentive cash bonuses may be awarded annually to each participating named executive officer of up to 150% of the executive officer's base compensation, subject to the discretion of the Compensation Committee, based upon a review of each officer's achievements during the year as measured against those goals and objectives as well as a general assessment of the performance of the officer and the Company during the year. In lieu of participation in the bonus program, Mr. Pekarsky earns commission-based incentive compensation based on sales levels of products and services under his supervision and commissions rates applicable to those sales. The Compensation Committee also retains the discretion to award additional cash bonuses to any employee including the named executive officers to reward extraordinary contributions.

Supplemental Executive Retirement Plan

In fiscal 2006, the Committee approved a Supplemental Executive Retirement Plan (SERP) for certain key employees, including its named executive officers. Participants may irrevocably elect to contribute up to 75% of their annual base salary and 100% of their annual bonus to the SERP. In addition, the Company has the discretion to make annual discretionary contributions on behalf of participants in the SERP. Each Company contribution is subject to a three year vesting schedule, such that each contribution is 1/3rd vested each year and is fully vested three years after the Company contribution is made. The Company contributions become fully vested upon death or disability of the participant or a

change in control of the Company. Voluntary contributions made by the participant are 100% vested.

Retention and Severance Agreements

Retention and Severance Agreement. In May 2006, the Company entered into retention and severance agreements with each of Messrs Cumming, Cascella and Muir. Under the agreements, these executive officers are entitled to retention payments, consisting of a cash bonus and a number of shares of stock that will be earned if the executive officer remains employed by the Company or its successor on December 31, 2008. In addition, for Mr. Cumming to receive his cash and stock bonus, he must remain employed as the Company's Chief Executive Officer on the vesting date. The obligation to issue the shares of stock are represented by restricted stock units granted under the Company's 1999 Equity Incentive Plan. The cash bonus payable upon vesting and the number restricted stock units awarded to each of the named executives pursuant to their applicable retention agreements is as follows:

<u>Name of Executive</u>	<u>Cash Bonus</u>	<u>Restricted Stock Units (1)</u>
John W. Cumming	\$ 1,500,000	32,342 (having a value of \$1,500,000 on May 3, 2006)
Robert A. Cascella	\$ 1,000,000	10,781 (having a value of \$500,000 on May 3, 2006)
Glenn P. Muir	\$ 500,000	10,781 (having a value of \$500,000 on May 3, 2006)

- (1) Each restricted stock unit entitles the holder to receive one share of Common Stock of the Company on the vesting date and notional dividend equivalents, if any.

In addition to the retention payments, if the applicable executive officer is terminated from the Company without cause or resigns for good reason, then the Company is required to pay the executive (i) a lump sum cash payment equal to his accrued compensation through the termination date, which includes base salary, reimbursement for reasonable and necessary business expenses and vacation pay, (ii) his pro rata bonus as determined in accordance with the agreement through the termination date, and (iii) a severance payment equal to the executive's base salary and bonus amount for the period of one year from the termination date, such payments to be made in accordance with normal payroll practices and subject to applicable tax withholding and certain modifications that may be made as set forth in the applicable agreement. The Company has also agreed under the retention and severance agreements to continue to provide the applicable executive with medical and dental benefits on the same terms and conditions provided to other executives of the Company for a period of one year from the termination date. In the event any payments and benefits provided under the agreement are subject to excise taxes under Section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), then the payment shall be reduced so that no payment to be made or benefit to be provided to the executive shall be subject to the excise tax.

The severance pay and benefits provided to the executives under the retention and severance agreements are in lieu of any other severance or termination pay to which the executive may be entitled under any Company severance or termination plan, program, practice or arrangement. In the event that the executive is a party to a change of control agreement with the Company and such agreement results in the payment of benefits to the executive as the result of a change of control, then the executive will not receive any compensation under the retention and severance agreement other than the retention payments, if and when earned.

Severance Agreement. The Company also has a separation agreement with Mr. Pekarsky. Under the terms of this agreement, if Mr. Pekarsky's employment is terminated for any reason other than cause, Mr. Pekarsky will receive a separation package which will include a salary continuation of up to one year of base salary and continued medical and dental benefits up to the earlier of one year or such time as the executive becomes re-employed.

Change of Control Agreements

Edgar Filing: HOLOGIC INC - Form DEF 14A

Change of Control Agreements are in effect between the Company and the following named executive officers: Messrs. Cumming, Muir and Cascella and Dr. Stein. The agreements are intended to encourage the executives to continue to carry on their duties in the event of a change of control of the Company. The

agreements provide that 30 days after a change of control, the Company shall pay the executive a lump sum in cash equal to the sum of the executive's annual salary for the fiscal year immediately preceding the change of control plus the executive's highest annual bonus, multiplied by three. In addition, the agreements provide that, upon a change of control, all unvested stock options or stock appreciation rights held by the executive shall become immediately exercisable for a one-year period following the executive's termination date. These agreements confer no benefits prior to a change of control. In the event that any payments received by the executive in connection with a change of control are subject to the excise tax imposed upon certain change of control payments under Section 280G of the Code, the agreements provide that the Company's auditing firm immediately preceding the change of control shall compute the excise tax imposed on the executive and the Company shall pay that amount to the executive to provide the executive with a payment that is economically equivalent to the payment he would have received but for the imposition of the excise tax. Under the terms of these agreements, if the executive remains employed through the one year anniversary of a change of control, then the executive will receive a special bonus equal to the sum of the executive's annual salary and highest annual bonus (as defined in the agreements). In addition, if termination of an executive's employment occurs within the three-year period following a change of control of the Company and such termination is by the Company (or its successor) without cause or termination is by the executive for good reason, then the executive will be entitled to receive, among other things, in a lump sum in cash: (i) the executive's accrued salary; (ii) a pro rata portion of such executive's highest annual bonus; (iii) to the extent not previously paid, the special bonus; (iv) continued welfare benefits for a period of one year; and (v) any compensation previously deferred by the executive and any accrued bonus amounts or vacation pay.

Compensation Committee Interlocks and Insider Participation

During fiscal 2006, decisions regarding executive compensation were made by the Company's Compensation Committee of the Board, which was composed of Messrs. Jacobs, and LaVance, Dr. Lerner, and Ms. Leaming. The Compensation Committee also administers the Company's stock option and incentive plans, Executive Bonus Program and Key Employee Bonus and Retention Program, and 401(k) Profit-Sharing Plan. None of these members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries and no executive officer of the Company serves on the board of directors of any company at which any of the Compensation Committee members is employed.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors, consisting entirely of independent directors, has overall responsibility with respect to designing, approving and evaluating compensation for the Company's executive officers. For fiscal 2006, the Compensation Committee was comprised of Messrs. Jacobs and LaVance, Dr. Lerner and Ms. Leaming.

The Company's Compensation Philosophy and Plan

The Company's executive compensation program is designed to attract and retain superior executive talent, to provide incentives and rewards to executive officers who will contribute to the long-term success of the Company and to closely align the interests of executives with those of the Company's stockholders.

The Compensation Committee reviews the Company's executive compensation program through the application of the business judgment of each of its members. The Compensation Committee does not use a quantitative method or use a mathematical formula to set any element of compensation for a particular executive officer. The Compensation Committee uses discretion and considers an executive's entire compensation package when setting each portion of compensation, which is based upon corporate and divisional goals and performance, individual initiatives and performance, and overall market considerations. The principal elements of the Company's executive compensation program consist of: (i) base annual salary, (ii) participation in the Company's key employee bonus program and (iii) long-term incentives and retention programs.

Base Annual Salaries. Base annual salaries for executive officers are initially determined by evaluating the responsibilities of the position and the experience and knowledge of the individual. Also taken into consideration is the competitiveness of the marketplace for executive talent, including a comparison of base annual salaries for comparable positions at peer companies. Individual adjustments are made at the discretion of the Compensation Committee, taking into consideration factors, as well as the Company's performance, the Compensation Committee's perception of the individual's performance and importance to the Company.

Executive Bonus Program. The Company maintains an annual cash bonus program for key employees in which the named executive officers participate (other than John Pekarsky, the Senior Vice President, Sales and Strategic Accounts, who receives commission-based incentive compensation). Under the bonus program, the Compensation Committee approves corporate and individual strategic goals and objectives by which each named executive officer is measured. Incentive cash bonuses may be awarded annually to each participating named executive officer of up to 150% of the executive officer's base compensation, subject to the discretion of the Compensation Committee, based upon a review of each officer's achievements during the year as measured against those goals and objectives as well as a general assessment of the performance of the officer and the Company during the year. In lieu of participation in the bonus program, Mr. Pekarsky earns commission-based incentive compensation based on sales levels of products and services under his supervision and commissions rates applicable to those sales. The Compensation Committee also retains the discretion to award additional cash bonuses to any employee, including the named executive officers, to reward extraordinary contributions.

The Compensation Committee allocates funding for the bonus program for all key employees including the named executive officers by benchmarking the total bonus pool against the Company's pre-tax earnings (before reduction for the bonuses). However, the Compensation Committee reserves the right to adjust the total bonus pool at its discretion. For fiscal 2006, the Company's total bonus pool was \$6.5 million, or approximately 11% of such pre-tax income, of which approximately \$1.8 million was allocated to the named executive officers as a group. This represented bonuses of 150% of base salary to each of its four named executive officers eligible to participate in the bonus program. In addition, Mr. Pekarsky received a commission-based bonus of \$315,000. These bonuses reflected the extraordinary performance of the executives and the Company during fiscal 2006. Accomplishments during the fiscal year included substantial increases in revenues, pre-tax profits, earnings and the Company's stockholder value, and the completion of four strategic acquisitions during the year.

Long-term Incentive and Retention Programs. The Compensation Committee historically provided for long-term incentives for its executive officers primarily through the grant of stock options. Commencing in fiscal

2006 the Company was required to adopt FASB 123R, which requires the Company to expense stock options granted to its employees based upon a determination of the fair value of the option. As a result of this change, the Compensation Committee has provided for alternative long-term incentive and retention programs for its named executive officers, including the adoption of a Supplemental Executive Retirement Plan (commonly known as a SERP), the issuance of restricted stock units under its 1999 Equity Incentive Plan, and the execution of retention agreements with certain of its named executive officers. The Compensation Committee is continuing to review the mix of long-term compensation and retention payments under these programs and may in the future elect to grant stock options to the executive officers. The allocation of benefits to the Company's named executive officers under each of these long-term incentive and retention programs for fiscal 2006 is set forth below.

Supplemental Executive Retirement Plan (SERP). In fiscal 2006, the Compensation Committee approved a Supplemental Executive Retirement Plan for certain of its key employees including its named executive officers. Under the SERP, participants are eligible to contribute up to 75% of their annual base salary and 100% of their annual bonus. In addition, the Company has the discretion to make annual discretionary contributions on behalf of participants in the SERP. Each Company contribution is subject to a three year vesting schedule, such that each contribution is 1/3rd vested each year and is fully vested three years after the contribution is made. The Company contributions become fully vested upon death or disability of the participant or a change in control of the Company. Voluntary contributions made by the participant are 100% vested. In November 2006, the Compensation Committee approved a Company contribution of \$1.5 million to the SERP, of which an aggregate

of \$700,000 was allocated to the named executive officers as a group. The SERP is intended to retain eligible employees by providing them with the ability to save for their retirement in amounts in excess of those permitted under the Company's 401(k) plan. The Compensation Committee further believes that the three year vesting schedules for the Company contributions to the SERP will provide ongoing incentives for executives and other key employees to remain with the Company.

Retention Agreements. The Compensation Committee believes that each of John W. Cumming, Chief Executive Officer, Robert A. Cascella, President and Chief Operating Officer, and Glenn P. Muir, Executive Vice President and Chief Financial Officer, have been critical to the Company's success and extraordinary achievements, and believes that retention of those individuals over the next several years will be important to the continued success of the Company. In order to seek to further assure the continued retention of these individuals, in May 2006 the Compensation Committee approved retention and severance agreements for each of Messrs. Cumming, Cascella and Muir. Under the retention agreements, these executive officers are entitled to retention payments, consisting of a cash bonus and a number of shares of stock that will be earned if the executive officer remains employed by the Company or its successor on December 31, 2008. The obligation to issue the shares of stock are represented by restricted stock units granted under the Company's 1999 Equity Incentive Plan. The cash bonus payable on that date and the number restricted stock units awarded to each of the named executives pursuant to their applicable retention agreements is as follows:

<u>Name of Executive</u>	<u>Cash Bonus</u>	<u>Restricted Stock Units</u>
John W. Cumming	\$ 1,500,000	32,342 (having a value of \$1,500,000 on May 3, 2006)

Equity Incentives. As noted above, in response to the implementation FASB 123R, during fiscal 2006 the Company has explored a mix of incentives, other than stock options, to provide for long-term incentives for its named executive officers. Reflecting this change, in fiscal 2006, the Company only granted options to purchase 10,000 shares of Common Stock to its named executive officers as a group in fiscal 2006. As further disclosed under the heading "Retention Agreements" above, during fiscal 2006 the Company issued restricted stock units valued at \$1.5 million covering an aggregate of 53,904 shares of Common Stock. The Compensation Committee also granted restricted stock units valued at \$700,000 covering an aggregate of 14,493 shares of Common Stock to its named executive officers as a group at the beginning of its 2007 fiscal year. These additional grants were a part of the overall incentive compensation package approved for the named executive officers following the close of the Company's 2006 fiscal year. These restricted stock units become fully vested upon the earlier to occur of

(i) October 30, 2009, (ii) death or disability of the executive or (iii) a change in control of the Company. The Compensation Committee continues to believe that equity incentives help align the interests of the executives with those of the stockholders and provide incentives for the executives to create long-term value for the Company's stockholders.

Section 162(m)

Section 162(m) of the Code, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a public company will not be deductible for federal income tax purposes unless such compensation satisfies one of the enumerated exceptions set forth in Section 162(m). The Company's primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company's long-term strategic goals and to enhance stockholder value. In general, awards under the 1999 Equity Incentive Plan, are intended to satisfy the performance based compensation exception provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such awards. However, retention incentives that vest solely based on the continuation of employment of the executive, such as the restricted stock units and cash payable under the retention and severance agreements, and the Company's other restricted stock unit grants described above, are not anticipated to satisfy the performance based compensation exception, and therefore are anticipated to be subject to the Section 162(m) compensation limitation on Company deductions. Because bonuses paid under the Company's key employee bonus program in combinations with salary have generally been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over those bonus payments, rather than to ensure that payments of salary and such bonus in excess of \$1,000,000 are deductible. The Compensation Committee intends to review periodically the potential impact of Section 162(m) in structuring and administering the Company's compensation plans and policies.

Compensation of the Chief Executive Officer

In January 2006, Mr. Cumming's salary was increased to \$485,500 from \$465,000, which the Compensation Committee considered to be comparable to the salaries of chief executive officers of peer companies based on the Compensation Committee's survey of executive compensation at peer companies. For fiscal 2006, Mr. Cumming received a bonus of \$700,000, representing 150% of his base salary, which was paid in the first quarter of fiscal 2006. As part of Mr. Cumming's overall fiscal 2006 compensation package, in October 2006, the Company also allocated to Mr. Cumming a discretionary Company SERP contribution of \$250,000 and granted Mr. Cumming \$250,000 of restricted units, covering 5,176 shares of Common Stock. In fiscal 2006, the Company also entered into the retention agreement with Mr. Cumming, described above, pursuant to which Mr. Cumming will earn a cash bonus of \$1.5 million and an additional 32,342 shares of Common Stock if he remains employed as our Chief Executive Officer through December 31, 2008. In December 2002, in recognition of the exceptional service rendered to the Company by Mr. Cumming, the Compensation Committee approved a special bonus program to provide Mr. Cumming with the funds necessary to pay the quarterly installments due under an outstanding loan. The Company paid Mr. Cumming \$75,020 under this special bonus program in fiscal 2006. There will be no further payments made to Mr. Cumming under this arrangement as Mr. Cumming repaid his loan in full with the net after-tax proceeds of the final bonus payment. See "Certain Relationships and Related Transactions" below.

The compensation paid and payable to Mr. Cumming under the arrangements described above, reflects the Compensation Committee view of the exceptional performance of Mr. Cumming, as reflected in the extraordinary performance of the Company during 2006, and the continuing importance of Mr. Cumming to the Company over the next several years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2001, to assist John W. Cumming, the Company's Chairman, Chief Executive Officer and a director, in the purchase of a local primary residence in connection with his initial relocation to Danbury, Connecticut to take on the position of Senior Vice President and President of Lorad, the Company loaned Mr. Cumming the principal amount of \$300,000 pursuant to a promissory note. In August 2001, in connection with Mr. Cumming's move to the Company's Massachusetts headquarters in order to assume the position of Chief Executive Officer and President, the Company loaned Mr. Cumming an additional principal amount of \$200,000. This additional \$200,000 loan was consolidated with the original loan into one \$500,000 promissory note on the same terms as the original loan. The promissory note bore interest at the rate of 7.0% per year. In April 2002, the Board deferred the payment obligations under the note by one year, such that the note was required to be repaid in quarterly installments of \$41,666 plus interest, commencing April 1, 2003 until paid in full no later than April 1, 2006.

In December 2002, in recognition of the exceptional service rendered to the Company by Mr. Cumming, the Compensation Committee of the Board approved a special bonus program to provide Mr. Cumming with the funds necessary to pay the quarterly installments due under the loan. Under the special bonus program, for so long as Mr. Cumming remained an officer of the Company and there were amounts remaining to be repaid under the loan, the Company agreed to pay Mr. Cumming a special quarterly bonus equal to the amount due under the loan, including interest due, plus an additional payment equal to the taxes due as a result of the special bonus and such additional payment, such that the net-after-tax special quarterly bonus to be received by Mr. Cumming would equal the principal and interest then due under the loan. During fiscal 2006, the Company paid Mr. Cumming \$75,020 under this special bonus program. As of the date of this proxy statement the full amount of the loan had been repaid, and no further amounts will be paid to Mr. Cumming under this special bonus program.

In fiscal 2006, the Company paid Mr. Cumming's wife compensation in the aggregate amount of approximately \$124,000 for services rendered to the Company in her capacity as the Company's Director of Marketing.

AUDIT COMMITTEE CHARTER

ADOPTED ON AUGUST 5, 2003 AND AMENDED ON MAY 11, 2004

I. PURPOSE

The primary functions of the Audit Committee (the "Committee") are to assist the Board of Directors with the oversight of (i) the Company's financial reporting process, accounting functions and internal controls and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm.

The term "registered public accounting firm" as used herein shall mean the public accounting firm registered with the Public Company Accounting Oversight Board (the "Accounting Board") under Section 102 of the Sarbanes-Oxley Act of 2002 which performs the auditing function for the Company.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. It is not the duty of the Committee to conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of Company management, and subject to audit by the Company's registered public accounting firm.

II. COMPOSITION AND INDEPENDENCE

The Committee shall consist of three or more directors of the Company. The members on the Committee shall meet the independence and other qualification requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the rules and regulations thereunder and the applicable rules of the stock exchange or stock market on which the Company's securities are traded or quoted, subject to any permitted exceptions thereunder. At least one of the Committee members must satisfy the financial sophistication requirements of the listing standards of the Nasdaq Stock Market, and the Committee shall use diligent efforts to assure that at least one member qualifies as an "audit committee financial expert", as defined by rules of the Securities and Exchange Commission ("SEC").

Committee members, including the chairperson, shall be elected by the Board at the annual meeting of the Board of Directors on the recommendation of the Corporate Governance Committee. Members shall serve until their successors shall be duly elected and qualified.

III. MEETINGS AND PROCEDURES

The Audit Committee shall meet no less than four times per year, or more frequently as circumstances require. The Committee may request that members of management, representatives of the registered public accounting firm and others attend meetings and provide pertinent information, as necessary. In order to foster open communications, the Committee shall meet at such times as it deems appropriate or as otherwise required by applicable law, rules or regulations in separate executive sessions to discuss any matters that the Committee believes should be discussed privately.

Committee meetings will be governed by the quorum and other procedures generally applicable to meetings of the Board under the Company's By-laws, unless otherwise stated by resolution of the Board of Directors.

IV. RESPONSIBILITIES AND DUTIES

A. General Matters

To the extent required by applicable law, rules and regulations, the Committee shall pre-approve all auditing services and non-audit services (including the fees and terms thereof) permitted to be provided by the Company's registered public accounting firm contemporaneously with the audit, subject to certain de minimus exceptions for permitted non-audit services described in Section 10A(i)(1)(B) of the Exchange Act, which shall be approved by the Committee prior to the completion of the audit.

3. The Committee shall have the authority to engage independent counsel and other advisers, as it determines necessary to carry out its duties. The Committee shall determine the extent of funding necessary for payment of (i) compensation to the registered public accounting firm for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any independent counsel and other advisers retained to advise the Committee, and (iii) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

In connection with its review and discussions, the Committee shall: (i) ensure that the registered public accounting firm submits to the Committee a formal written statement (consistent with the Accounting Board independence standards as then in effect) delineating all relationships and services that may impact the objectivity and independence of the registered public accounting firm; (ii) discuss with the registered public accounting firm any disclosed relationship, services or fees (audit and non-audit related) that may impact the objectivity and independence of the registered public accounting firm; (iii) review the registered public accounting firm's statement of the fees billed for audit and non-audit related services, which statement shall specifically identify those fees required to be disclosed in the Company's annual proxy statement; (iv) satisfy itself as to the registered public accounting firm's independence; and (v) obtain and review a report by the registered public accountants describing their internal quality control procedures and any material issues raised by the most recent internal quality review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years and any steps taken to deal with such issues.

Establish clear hiring policies for employees or former employees of the registered public accounting firm proposed to be hired by the Company that meet the SEC regulations and the stock exchange listing standards. In addition, on an annual basis, confirm that the registered public accounting firm is not disqualified from performing any audit service for the Company due to the fact that any of the Company's chief executive officer, chief financial officer, controller, chief accounting officer (or a person serving in an equivalent position) was employed by that
