NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

May 9, 2007

To the Stockholders of Cortex Pharmaceuticals, Inc.:

The Annual Meeting of Stockholders of Cortex Pharmaceuticals, Inc., a Delaware corporation (the Company), will be held at the Fairmont Newport Beach Hotel, 4500 MacArthur Boulevard, Newport Beach, California, on Wednesday, May 9, 2007 at 10:30 a.m. Pacific Daylight Time, to consider and vote on the following matters described in the attached proxy statement:

- (1) The election of nine (9) directors to serve until the next Annual Meeting of Stockholders or until their successors are elected and duly qualified (Proposal 1);
- (2) The approval (recommended by the Board of Directors) of an amendment to the Company's 2006 Stock Incentive Plan to increase the number of shares of Common Stock thereunder by 2,500,000 shares, bringing the total number of shares issuable thereunder to 4,363,799 (Proposal 2);
- (3) The ratification of the appointment of Haskell & White LLP as independent registered public accountants of the Company for the fiscal year ending December 31, 2007 (Proposal 3); and
- (4) Such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on March 22, 2007 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting or any postponement and adjournment thereof. The stock transfer books will not be closed.

The Board of Directors welcomes the personal attendance of stockholders at the meeting. **However, please sign and return the enclosed proxy**, which you may revoke at any time prior to its use, **whether or not you expect to attend the meeting**. A self-addressed, postage prepaid envelope is enclosed for your convenience. Your proxy will not be used if you attend the meeting and choose to vote in person.

By Order of the Board of Directors

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 9, 2007

10:30 a.m.

Solicitation and Revocation of Proxies

The accompanying proxy is solicited by and on behalf of the Board of Directors of Cortex Pharmaceuticals, Inc., a Delaware corporation (the **Company**), and the Company will bear the cost of such solicitation. Solicitation of proxies will be primarily by mail, although some of the officers, directors and employees of the Company may solicit proxies personally or by telephone. The Company has retained Georgeson Inc. (**GS**) as its proxy solicitation agent, and has agreed to pay GS a fee of \$7,000 plus out of pocket expenses. The Company also will reimburse brokerage houses and other custodians, nominees or fiduciaries for their reasonable expenses in sending proxy materials to their principals.

The person named as proxy was designated by the Board of Directors and is a director of the Company. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the stockholder as provided in the proxy it will be voted in accordance with the specification so made. Proxies submitted without specification will be voted **FOR** the election as directors of the nominees proposed by the Board of Directors, **FOR** the amendment to the Company's 2006 Stock Incentive Plan to increase the number of shares of Common Stock issuable thereunder by 2,500,000 shares, and **FOR** the ratification of Haskell & White LLP as the Company's independent registered public accountants.

Any stockholder may revoke a proxy at any time before it is voted at the meeting by a proxy bearing a later date. A proxy may also be revoked by any stockholder by delivering written notice of revocation to the Secretary of the Company or by voting in person at the meeting.

This proxy statement and proxy are being mailed to stockholders of the Company on or about April 9, 2007.

Voting at the Meeting

Only record holders of Common Stock of the Company at the close of business on March 22, 2007, will be entitled to notice of, and to vote at, the meeting. As of the record date, there were 40,012,448 shares of the Company's Common Stock outstanding. The presence at the meeting of a majority of the outstanding shares, in person or by proxy relating to any matter to be acted upon at the meeting, is necessary to constitute a quorum for the meeting. Each outstanding share is entitled to one vote on all matters, except as noted below. For purposes of the quorum and the discussion below regarding the vote necessary to take stockholder action, stockholders of record who are present at the

meeting in person or by proxy and who vote for or against, abstain or withhold their vote from a matter, including broker non-votes, are considered stockholders who are present and entitled to vote and count toward the quorum. As used herein, broker non-vote means the votes that are not cast on the matter in question by a broker with respect to shares because (i) the broker has not received voting instructions from the beneficial owner on such matter and (ii) such broker lacks discretionary voting authority to vote the shares on such matter. Brokers holding shares of record for beneficial owners generally are entitled to exercise their discretion to vote on proposals 1 and 3 included in this proxy statement unless they receive other instructions from their customers. The effect of proxies marked withheld as to any director nominee or abstain as to a particular proposal and broker non-votes on proposals 1, 2 and 3 is discussed under each respective proposal.

PROPOSAL 1

ELECTION OF DIRECTORS

The persons named in the enclosed proxy will vote to elect the nine (9) proposed nominees named below unless contrary instructions are given in the proxy. The election of directors shall be by the affirmative vote of the holders of a plurality of the shares voting in person or by proxy at the meeting. Each director is to hold office until the next annual meeting and until his successor is elected and qualified.

The names and certain information concerning the persons nominated by the Board of Directors to become directors at the meeting are set forth below. Aside from Mark A. Varney, Ph.D., the Company's Chief Scientific Officer and Chief Operating Officer, each of the proposed nominees currently serves as a member of the Board of Directors. The Company's Chief Executive Officer recommended Dr. Varney's nomination to the Governance and Nominations Committee who, in turn after evaluating Dr. Varney's qualifications, recommended such nomination to the Board of Directors. **The Company's Board of Directors recommends that you vote FOR the election of each of the nominees named below.** It is intended that shares represented by the proxies will be voted FOR the election to the Board of Directors of the persons named below unless authority to vote for nominees has been withheld in the proxy. Broker non-votes and proxies marked withheld as to one or more of the nominees will result in the respective nominees receiving fewer votes. However, the number of votes otherwise received by the nominee will not be reduced by such action. Although each of the persons named below has consented to serve as a director if elected and the Board of Directors has no reason to believe that any of the nominees named below will be unable to serve as a director, if any nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee designated by the Board of Directors.

The Board of Directors has affirmatively determined that the following six directors are independent: Robert F. Allnutt, John F. Benedik, Charles J. Casamento, Carl W. Cotman, Peter F. Drake and M. Ross Johnson.

Audit Committee. Each member of the Company's standing Audit Committee is an independent director under Section 121A of the AMEX Company Guide and as that term is used in Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended. The Company's Audit Committee is described in further detail below under the heading Board Committees.

Compensation Committee. Each member of the Company's standing Compensation Committee is an independent director under Section 121A of the AMEX Company Guide. The Company's Compensation Committee is described in further detail below under the heading Board Committees.

Governance and Nominations Committee. In early 2006, the Company formed a Governance and Nominations Committee. Each member of the Company's Governance and Nominations Committee is an independent director under Section 121A of the AMEX Company Guide. The Governance and Nominations Committee is described in further detail below under the heading Board Committees.

Research and Development Committee. In early 2006, the Company formed a Research and Development Committee, as described in further detail below under the heading Board Committees.

Stockholder Communications. Stockholders may communicate with the Board of Directors, its Committees or any of the individual directors by sending written communications addressed to the Board of Directors, a Committee or any of the individual directors, c/o Chief Financial Officer, Cortex Pharmaceuticals, Inc., 15231 Barranca Parkway, Irvine, California 92618. All communications are compiled by the Chief Financial Officer and forwarded to the Board of Directors, Committee or the individual director(s) accordingly. The Chief Financial Officer will acknowledge receipt to the sender, unless the sender has submitted the communication anonymously.

Director Attendance at Annual Meeting of Stockholders. Directors are strongly encouraged to attend annual meetings of the Company's stockholders. All of the Company's eight directors serving at the time of the Company's 2006 annual meeting attended such meeting.

Code of Ethics. In compliance with Section 406 of the Sarbanes-Oxley Act of 2002 and the AMEX corporate governance listing standards, the Company has adopted a Code of Business Conduct and Ethics, which covers all directors and employees, including its principal executive and financial officers. Any amendment or waiver to its Code of Business Conduct and Ethics that applies to its directors or executive officers will be posted on its website at www.cortexpharm.com or in a report filed with the Securities and Exchange Commission on Form 8-K. A copy of its Code of Business Conduct and Ethics is available free of charge upon written request to its Corporate Secretary at 15231 Barranca Parkway, Irvine, California 92618.

Indebtedness of Management. The Company complies with and will operate in a manner consistent with legislation outlawing extensions of credit in the form of a personal loan to or for its directors and executive officers.

Board Committees

Audit Committee. The Audit Committee meets with the Company's independent registered public accountants and management to prepare for and to review the results of the annual audit and to discuss the annual and quarterly financial statements, earnings releases and related matters. The Audit Committee, among other things, (i) selects and retains the independent registered public accountants, (ii) reviews with the independent registered public accountants the scope and anticipated cost of their audit, and their independence and performance, (iii) reviews accounting practices, financial structure and financial reporting, (iv) receives and considers the registered public accountants' comments as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls, (v) reviews and pre-approves all audit and non-audit services provided to the Company by the independent registered public accountants, and (vi) reviews and pre-approves all related-party transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

During the fiscal year ended December 31, 2006 and through the date of this proxy statement, the Audit Committee consisted of Mr. Benedik as Chairman of the Committee, Dr. Drake and Mr. Casamento. None of Mr. Benedik, Dr. Drake, or Mr. Casamento is or has been an officer or employee of the Company and in all other respects meets the qualifications of an independent director under Section 121A of the AMEX Company Guide and as that term is used in Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended. The Audit Committee held four (4) meetings with the independent registered public accountants during the fiscal year ended December 31, 2006 to discuss the annual audit of the financial statements for the fiscal year ended December 31, 2005, and the review of the financial statements for the quarters ended March 31, 2006, June 30, 2006 and September 30, 2006. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.cortexpharm.com. The Company's Board of Directors has determined that Mr. Benedik, Chairman of the Audit Committee, qualifies as an audit committee financial expert under rules promulgated by the Securities and Exchange Commission.

Compensation Committee. The functions of the Compensation Committee include, without limitation, administering the Company's incentive ownership programs and approving the compensation to be paid to the Company's directors and executive officers. The Compensation Committee meets no less frequently than annually as circumstances dictate to discuss and determine executive officer and director compensation. The Compensation Committee's Chairman reports the Committee's findings and recommendations to the Board. The Company's Chief Executive Officer annually reviews the performance of each executive officer (other than the Chief Executive Officer, whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee, who can exercise its discretion in modifying any recommended adjustments or awards to executive officers. See EXECUTIVE COMPENSATION Compensation Discussion and Analysis and Director Compensation. The Compensation Committee does not generally retain the services of any compensation consultants, however, it utilizes the Radford Biotechnology Executive Survey Report and the BioWorld Today Executive Survey Report in connection with its annual review. The Compensation Committee has the power to form and delegate authority to subcommittees when appropriate, provided that such subcommittees are composed entirely of directors who would qualify for membership on the Compensation Committee.

The Compensation Committee held two (2) meetings during the fiscal year ended December 31, 2006 and until early February 2006, was comprised of Dr. Johnson as Chairman of the Committee, Dr. Cotman and Mr. Allnutt. In early February 2006, the committee was reconstituted to include Dr. Johnson as Chairman, Mr. Allnutt and Mr. Casamento. None of Dr. Johnson, Dr. Cotman, Mr. Allnutt or Mr. Casamento is or has been an officer or employee of the Company and in all other respects each meets the qualifications of an independent director under Section 121A of the AMEX Company Guide. The Compensation Committee operates under a formal charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.cortexpharm.com.

Governance and Nominations Committee. The functions of the Governance and Nominations Committee include, without limitation, (i) identifying individuals qualified to become members of the Board of Directors, (ii) recommending director nominees for the next annual meeting of stockholders and to fill vacancies that may be created by the expansion of the number of directors serving on the Board of Directors and by resignation, retirement or other termination of services of incumbent directors, (iii) developing and recommending to the Board of Directors corporate governance guidelines and changes thereto, (iv) ensuring that the Board of Directors and the Company's Certificate of

Incorporation and Bylaws are structured in a way that best serves the Company's practices and objectives, (v) leading the Board of Directors in its annual review of the Board of Directors' performance; and (vi) recommending to the Board of Directors nominees for each committee. The Governance and Nominations Committee was formed in early 2006 and is comprised of Dr. Drake, as Chairman of the Committee, Mr. Allnutt and Mr. Benedik. None of Dr. Drake, Mr. Allnutt, or Mr. Benedik is or has been an officer or employee of the Company and in all other respects each meets the qualifications of an independent director under Section 121A of the AMEX Company Guide. The Governance and Nominations Committee held one (1) meeting with the Board of Directors during the fiscal year ended December 31, 2006.

The Governance and Nominations Committee does not currently operate under a formal charter, although its processes are summarized below.

Director Nominating Process. In identifying potential nominees, the Governance and Nominations Committee will seek recommendations from existing directors and from management. In addition, the Governance and Nominations Committee will consider candidates that may be recommended by the Company's stockholders in accordance with the procedures described below. In considering the nominees, the Board of Directors will consider, among other factors, the potential nominee's character and integrity, independence, experience and knowledge, and willingness and ability to participate in the Board of Directors' activities. Additionally, the Board of Directors may consider specialized areas of expertise of candidates that may assist the Board of Directors in its oversight responsibility of the Company. The Board of Directors does not evaluate nominees recommended by stockholders differently from its evaluation of other director nominees.

The Governance and Nominations Committee screens the candidates, does reference checks, prepares a biography for each candidate for the Board of Directors to review and conducts interviews. Members of the Board of Directors, including the Company's Chief Executive Officer, interview candidates that meet the criteria and the Board of Directors, with the approval of a majority of the independent directors (as defined under Section 121A of the AMEX Company Guide), selects nominees best suited to serve on the Board of Directors.

Stockholder Recommendations of Board Candidates. The Governance and Nominations Committee will consider director candidates recommended by the Company's stockholders. Any stockholder desiring to submit a recommendation for consideration Governance and Nominations Committee of a candidate that such stockholder believes is qualified to be a director nominee at any upcoming stockholder meeting may do so by submitting that recommendation in writing to the Governance and Nominations Committee, c/o Chief Financial Officer, Cortex Pharmaceuticals, Inc., 15231 Barranca Parkway, Irvine, California 92618, not later than 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to the Company's stockholders. No director nominations by stockholders have been received as of the filing of this proxy statement.

The recommendation should be accompanied by the following information: (i) the name and address of the nominating stockholder and the recommended potential nominee; (ii) a representation that the stockholder is a holder of record of the Company's Common Stock entitled to vote in the election of the Company's directors, together with information as to the number of shares that are owned by the nominating stockholder, his or her recommended candidate and any other stockholders known by the nominating stockholder to be supporting the candidate's nomination; (iii) a description of any

arrangements or understandings, relating to the election of the Company's directors, that may exist between the nominating stockholder, or any person that controls, or is controlled by, or is under common control with, such stockholder, and any other person or persons (naming such person or persons); (iv) such other information regarding each such candidate as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and (v) the written consent of each such recommended candidate to be named as a nominee and, if nominated by the Board of Directors and elected, to serve as a director.

Research and Development Committee. The functions of the Research and Development Committee include, without limitation, assisting the Board of Directors in reviewing and evaluating the Company's research and development strategies, policies and decisions. The Research and Development Committee was formed in early 2006 and is comprised of Dr. Cotman, as Chairman of the Committee, Dr. Tollefson, and Dr. Johnson. The Research and Development Committee does not currently operate under a formal charter. However, the Board of Directors is in the process of finalizing and adopting a formal charter for the Committee.

Attendance at Meetings

During the fiscal year ended December 31, 2006, the Board of Directors held a total of six (6) meetings. No member of the Board of Directors attended fewer than 75% of the aggregate number of meetings of the Board of Directors and of the committees of which he was a member during the foregoing period.

Compensation Committee Interlocks and Insider Participation

For the fiscal year ended December 31, 2006, members of the Company's Compensation Committee consisted of Dr. Johnson, Mr. Allnutt, and Mr. Casamento, none of whom has previously served or currently serves as an executive officer or employee of the Company or any of its subsidiaries. The Company is not aware of any compensation committee interlocks that existed during the fiscal year ended December 31, 2006.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program. Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table on page 19, are referred to as the named executive officers.

The Compensation Committee of the Board has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Compensation Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive.

Compensation Philosophy and Objectives. The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives interests with those of the stockholders by rewarding performance above established goals, with the ultimate objective of

improving stockholder value. The Compensation Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of its peer companies. To that end, the Compensation Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should include both cash and stock-based compensation that reward performance as measured against established goals.

Role of Executive Officers in Compensation Decisions. The Compensation Committee makes all compensation decisions for the named executive officers and approves recommendations regarding non-equity and equity awards to all elected officers of the Company. The Chief Executive Officer annually reviews the performance of each member of the named executive officers (other than the Chief Executive Officer, whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee, who can exercise its discretion in modifying any recommended adjustments or awards to executives.

Setting Executive Compensation. Based on the foregoing objectives, the Compensation Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the Compensation Committee utilizes the Radford Biotechnology Executive Survey Report and the BioWorld Today Executive Survey Report in connection with its annual review of its total compensation program for the Chief Executive Officer as well as for the other named executive officers. The Compensation Committee also may utilize outside consultants on an as needed basis.

On an annual basis, the Compensation Committee reviews the objectives for each named executive officer, as compiled individually by each named executive officer with the Chief Executive Officer. The recommendations of the Compensation Committee are included in the finalized performance objectives for each named executive officer for the coming year. At the end of the year, the Compensation Committee reviews the performance of each named executive officer in achieving the established objectives. These results are included with the overall performance review provided by the Chief Executive Officer, after which the Compensation Committee votes upon any recommendations for salary adjustments, stock option grants and cash incentives. The Chief Executive Officer then executes the actions recommended by the Compensation Committee with respect to such matters.

A significant percentage of total compensation is allocated to incentives as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee reviews information provided by the mentioned salary surveys to determine the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of the performance of the Company or the individual, depending on the type of award, compared to established goals.

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for named executive officers were: (i) base salary; (ii) variable performance awards payable in cash, stock

or stock options and tied to the achievement of certain goals; (iii) long-term stock-based incentive awards that strengthen the mutuality of interests between the named executive officers and the Company's stockholders; and (iv) perquisites and other personal benefits.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. The base salary levels for the named executive officers were recommended by the Compensation Committee and established by the Board of Directors for the fiscal year ended December 31, 2006 in accordance with the terms of their employment arrangements with the Company (with respect to Dr. Roger G. Stoll, Mr. James H. Coleman, Dr. Gary A. Rogers, Dr. Mark A. Varney and Dr. Harry H. Mansbach, see Employment and Consulting Agreements), if applicable, as well as on the basis of the following factors: personal performance, the estimated salary levels in effect for similar positions (as defined by salary surveys comprising companies of similar size within the pharmaceutical/biotech fields with which the Company competes for executive talent), and internal comparability considerations.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of named executive officers are based on the Compensation Committee's assessment of the individual's performance.

Annual Incentive Compensation

The Compensation Committee, in consultation with the Chief Executive Officer (except where the Chief Executive Officer's compensation is being determined), may award annual incentives based upon performance targets to named executive officers and other employees. The Compensation Committee may also award bonuses in cases where such performance targets are not met if it determines that the circumstances warrant such action. For the fiscal year ended December 31, 2006, the performance targets for the named executive officers included, but were not limited to, making progress with the Company's AMPAKINE® technology, financially operating within established expectations and preparing the Company's assessment of its internal control system, as required by the Sarbanes-Oxley Act of 2002. The weight given to each factor varied from individual to individual. Additionally, each named executive officer has a discretionary portion of the annual incentive linked to achievement of non-financial goals, which differ depending upon the responsibilities of the named executive officer in question.

In June 2004, the Board of Directors approved a performance-based incentive compensation program for named executive officers that included cash bonus targets of 20% of respective annual base salaries. Actual bonus amounts may differ from the established targets based upon the performance of the Company, as well as that of the individual named executive officer, as compared to established goals. For the year ended December 31, 2006, there were no performance bonuses awarded to the named executive officers.

Long-Term Incentive Compensation

The 2006 Stock Incentive Plan was approved by the Company's stockholders at the 2006 Annual Meeting of Stockholders and is the successor plan to the 1996 Stock Incentive Plan, which expired on October 25, 2006. Under the 2006 Stock Incentive Plan, the Compensation Committee may award incentive stock options, nonqualified stock options, restricted stock grants, stock payment awards, stock appreciation rights, restricted stock units and dividend equivalents. The 2006 Stock Incentive Plan provides the Compensation Committee with the ability to align the interests of the named executive

officers with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to each award is based upon the named executive officer's tenure, level of responsibility and relative position in the Company. During the fiscal year ended December 31, 2006, stock options totaling 2,532,267 shares were granted to employees under the 2006 Stock Incentive Plan and 1996 Stock Incentive Plan, including awards granted as part of the hiring process for select employees. Of the 2,532,267 stock options granted, 1,550,000 were granted as long-term incentive compensation to the named executive officers (including an option grant in connection with the hiring of a named executive officer) and another 205,017 options were granted to a named executive officer in lieu of cash reimbursement of certain relocation expenses.

The exercise price for the stock options is no less than the fair market value of the stock on the date of the grant. Options generally vest at a rate of 33 1/3% per year starting on the anniversary date of the option grant and are contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the named executive officer only if he or she remains in the Company's employment and the market price of the Company's Common Stock appreciates over the option term.

Annual awards of stock options to named executive officers are made at the regularly scheduled meeting of the Compensation Committee each December. Newly-hired named executive officers receive their award of stock options on their first date of employment, as approved in advance by the Compensation Committee.

Ownership Guidelines. To better align the interests of the Company's named executive officers with those of its stockholders, to create ownership focus and to build long-term commitment, the Company has adopted a Common Stock ownership policy for its named executive officers. The policy requires named executive officers to acquire and maintain ownership of at least 30,000 shares of the Company's Common Stock before December 16, 2007, or within three years of commencement of service as a named executive officer, whichever is later. Thereafter, the policy provides for the withholding of salary increases and bonus payments, until the share ownership level has been achieved and maintained by such named executive officer.

Perquisites and Other Personal Benefits

The Company provides named executive officers with perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

Upon relocation, named executive officers may receive, at the discretion of the Compensation Committee, a relocation allowance and a mortgage interest subsidy, whereby the Company will pay a specified percentage of the principal amount of a mortgage on a named executive officer's primary residence during a specified period of time, subject to continued employment of the named executive officer by the Company.

Attributed costs of the perquisites and other personal benefits described above for the named executive officers for the fiscal year ended December 31, 2006, are included in the column titled, "All Other Compensation" of the "Summary Compensation Table" on page 19.

The Company has entered into severance agreements with certain key employees, including the named executive officers. The severance agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the headings Potential Payments Upon Termination or Change-in-Control and Employment and Consulting Agreements on pages 24 and 26, respectively.

Tax and Accounting Implications

Deductibility of Executive Compensation. The Compensation Committee has reviewed the Company's executive compensation plans to determine if revisions may be necessary due to provisions of Section 162(m) of the Internal Revenue Code, which generally disallows a tax deduction to public corporations for compensation paid to any of the Company's executive officers in excess of \$1,000,000 during any fiscal year. It is the current policy of the Compensation Committee to preserve, to the extent reasonably possible, the Company's ability to obtain a corporate tax deduction for compensation paid to executive officers of the Company to the extent consistent with the best interests of the Company and its stockholders.

Nonqualified Deferred Compensation. On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to nonqualified deferred compensation arrangements. While the final regulations have not become effective yet, the Company believes it is operating in good faith compliance with the statutory provisions which were effective January 1, 2005.

Accounting for Stock-Based Compensation. Commencing on January 1, 2006, the Company began accounting for stock-based payments, including its 2006 Stock Incentive Plan, in accordance with the requirements of FASB Statement 123(R).

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Dr. Stoll received options in lieu of cash reimbursement of real estate expenses incurred in connection with the relocation of his principal residence to southern California. These options were fully vested on the date of grant and have an exercise price equal to \$2.95, representing the closing price of the Company's Common Stock on the American Stock Exchange on the grant date.
- (2) Beginning in May 2003, Dr. Stoll voluntarily deferred his entire base salary, as previously reduced. In September 2003, Dr. Stoll agreed to accept stock options to purchase 14,545 shares of the Company's Common Stock in lieu of this deferred salary. The number of options issued represents \$64,000 of his deferred salary divided by the closing sale price of the Company's Common Stock on the American Stock Exchange on the date that Dr. Stoll's salary was re-instated in September 2003. These options were fully vested on the date of grant.
- (3) Represents stock options issued in lieu of a portion of base salary. The number of options issued represents the dollar value of base salary not received by the named executive officer divided by the closing sale price of the Company's Common Stock on the American Stock Exchange on the last trading day of the month during which the portion of base salary was not received by the named executive officer. These options were fully vested on the date of grant.
- (4) In connection with his employment, Dr. Stoll was granted options to purchase 600,000 shares of Common Stock at an exercise price of \$0.78 per share, representing the closing price of the Company's Common Stock on the American Stock Exchange on the date of grant. Of the 600,000 options granted, 200,000 options vested immediately. Another 200,000 options vested upon securing the amendment to the Company's agreement with Les Laboratoires Servier in October 2002. The remaining 200,000 options shall vest in monthly equal increments over a four year period commencing August 13, 2003, subject to accelerated vesting upon the achievement of pre-determined milestones, all of which were met by the beginning of 2007.
- (5) During 2003, Mr. Coleman agreed to accept stock options in lieu of the cash bonus provided in his employment agreement. These options were fully vested on the date of grant and have an exercise price per share equal to \$0.80, representing the closing price of the Company's Common Stock on the American Stock Exchange on the grant date.

- (6) In connection with his employment, Dr. Varney was granted options to purchase 750,000 shares of Common Stock at an exercise price of \$2.95 per share, representing the closing price of the Company's Common Stock on the date of grant. Of the 750,000 options granted, 100,000 options vested upon his first date of employment on January 30, 2006; 100,000 options vested one-year from his initial date of employment, or January 30, 2007; and 550,000 options shall vest in equal annual installments over a three-year period from the date of grant.

OPTION EXERCISES AND STOCK VESTED

None of the Company's named executive officers exercised any stock options during the fiscal year ended December 31, 2006.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The tables below reflect the amount of compensation payable to each of the named executive officers of the Company in the event of termination of each named executive officer's employment. The amount of compensation payable to each named executive officer in the event of death or disability, for cause termination, voluntary termination, termination without cause or for good reason, and termination following a change of control is shown below. The amounts shown assume such termination was effective as of December 31, 2006, and thus includes amounts earned through such time and are estimates of the amounts that would be paid out to the named executive officers upon their termination. However, the actual amounts to be paid out can only be determined at the time of such named executive officer's separation from the Company.

Payments Made Upon Termination

Regardless of the manner in which a named executive officer's employment terminates, he or she may be entitled to receive amounts earned during the term of his or her employment. Such amounts include stock options awarded under the Company's 1996 Stock Incentive Plan and 2006 Stock Incentive Plan, a portion of which may be subject to accelerated vesting, and unused vacation pay.

Payments Made Upon Death or Disability

In the event of the death or disability of a named executive officer, in addition to the benefits listed under the headings, **Payments Made Upon Termination** above, the named executive officer will receive benefits under the Company's disability plan or payments under the Company's life insurance plan, as appropriate.

Payment Made Upon a Change of Control

The Company has entered into agreements with each named executive officer. Pursuant to these agreements, if a named executive officer's employment is terminated in connection with a change of control (other than termination by the Company for cause or by reason of death or disability) or if the named executive officer terminates his employment in certain circumstances defined in the agreement that constitute **good reason**, then in addition to the benefits listed under the heading **Payments Made Upon Termination**, the named executive officer will receive a lump sum severance payment of twelve months of the named executive officer's base salary (except for Dr. Rogers, who will receive eighteen months of his base salary), may be entitled to a pro-rated bonus, if applicable, and all stock options held by the named executive officer will automatically vest and become exercisable.

(1) In connection with the terms of the related employment agreement with the named executive officer, represents the difference between any disability insurance proceeds and twelve (12) months of the named executive officer's then current salary. The disability income shown reflects the estimated payment for short-term disability under the Company's benefit plan.

- (2) The value of accelerated vesting of options was estimated under the intrinsic value method. The closing price of the Company's Common Stock on December 31, 2006 was compared to the exercise prices to determine the spread for each option, and the spread was applied to in-the-money options that were unvested as of December 31, 2006. For the purpose of this calculation, the Company used \$1.25, which was the closing price per share of the Company's Common Stock on the American Stock Exchange on the last business day of the fiscal year.
- (3) Reflects the estimated present value of the proceeds payable to the named executive officer's beneficiaries upon his or her death.
- (4) Reflects the estimated present value of the cost of coverage for future premiums that will be paid on behalf of the named executive officer under the Company's health and welfare plans.
- (5) Reflects the estimated present value of all future payments that the named executive officer would be entitled to receive under the Company's disability program. The named executive officer would be entitled to receive such benefits until he or she reaches age 65.
- (6) Dr. Rogers retired from the Company effective March 31, 2007, after which time he will serve as a consultant to the Company.
- (7) Dr. Mansbach resigned from the Company effective December 15, 2006.

Employment and Consulting Agreements

Roger G. Stoll, Ph.D. has served as a director of the Company since April 2002 and became Chairman, President and Chief Executive Officer of the Company in August 2002. His employment agreement originally included a three-year term, was subsequently amended to include another three-year term expiring in August 2008 and as of December 31, 2006, called for a base salary of \$336,000 per year, subject to annual review by the Compensation Committee of the Board of Directors. In connection with his employment, Dr. Stoll was granted options to purchase 600,000 shares of Common Stock at an exercise price of \$0.78 per share, representing 100% of the fair market value as of the date of grant. Of the 600,000 options granted, 200,000 options vested immediately. Another 200,000 options vested upon securing the amendment to the Company's agreement with its collaborative partner, Servier, in October 2002. The remaining 200,000 options vested upon achievement of pre-determined milestones, all of which were met by the beginning of 2007. Under the terms of his employment agreement, in the event of termination of his employment, under certain circumstances Dr. Stoll is entitled to compensation equal to twelve (12) months of his then current salary. In addition, in the event of his termination of employment, in certain circumstances, any unvested options granted to Dr. Stoll in connection with his employment, as detailed above, may be subject to accelerated vesting and remain exercisable for the remainder of the original option term.

Maria S. Messinger joined the Company as Controller in September 1994 and was named as Vice President, Chief Financial Officer and Corporate Secretary in December 1999. Under the terms of her severance agreement, in the event of termination of her employment, under certain circumstances Ms. Messinger is entitled to receive compensation of twelve (12) months of her then current annual base salary, which as of December 31, 2006 was \$209,000.

James H. Coleman joined the Company as Senior Vice President, Business Development in May 2000. His employment agreement provides a base salary of \$232,000 per year as of December 31, 2006, with an annual bonus between 0 and 50% of his annual base salary, at the discretion of the Chief Executive Officer and subject to approval by the Compensation Committee of the Board of Directors of the Company. In connection with his employment, Mr. Coleman was granted options to purchase 125,000 shares of Common Stock at an exercise price of \$3.02 per share, representing 100% of the fair market value as of the date of grant. The options vested in equal annual installments over a three-year period and have a ten-year term. In the event of termination of his employment, Mr. Coleman is entitled, under certain circumstances, to receive compensation of twelve (12) months of his then current salary.

Gary A. Rogers, Ph.D. joined the Company as Vice President, Pharmaceutical Discovery in June 1995 and was named Senior Vice President in July 2000. Under the terms of his employment agreement, as amended to date, Dr. Rogers receives an annual salary of \$226,200 and is eligible to receive a bonus of between 0 and 50% of his annual base salary at the discretion of the Chief Executive Officer and subject to the approval of the Compensation Committee of the Board of Directors. Additionally, in the event that the Company commercializes a compound developed by or under the supervision of Dr. Rogers, he may be eligible to receive royalties based on net sales, as defined and subject to adjustment, of products containing that compound. In the event that Dr. Rogers' employment is terminated, under certain circumstances he is entitled to compensation equal to eighteen (18) months of his then current salary. In early March 2007, Dr. Rogers announced his retirement effective March 31, 2007, after which time he will serve as a consultant to the Company.

Harry H. Mansbach, M.D., served as Vice President, Clinical Development and Chief Medical Officer from August 2004 to December 15, 2006. His employment letter was terminable at will by the Company or Dr. Mansbach and called for a base salary of \$288,750 per year with an annual bonus, at the discretion of the Board of Directors of the Company, of up to 30% of his base salary. In connection with his employment, Dr. Mansbach was granted (i) options to purchase 400,000 shares of Common Stock at an exercise price of \$2.13 per share, and (ii) 100,000 restricted shares of Common Stock valued at \$2.13 per share, each of (i) and (ii) representing 100% of the fair market value as of the date of grant. The options vest in equal annual installments over a three-year period and have a ten-year term. The shares of restricted stock vest in equal installments over a four-year period. In connection with his resignation effective December 15, 2006, Dr. Mansbach forfeited 50,000 of the restricted shares of Common Stock. In addition to the foregoing, Dr. Mansbach received a one-time \$10,000 bonus to cover relocation expenses and was reimbursed for real estate closing fees, sales commissions and moving costs equal to approximately \$14,900 in the aggregate. The Company also paid relocation costs of approximately \$25,000 on his behalf. Pursuant to the terms of the employment letter, Dr. Mansbach also received a mortgage interest subsidy over five years in the form of a monthly payment, whereby the Company paid 5% of the principal amount of a mortgage (not to exceed \$1,000,000) on his primary residence during the first year, which amount declined by 1% each year thereafter, and which amount was grossed up by a factor of 1.6 to cover Dr. Mansbach's additional income tax liabilities.

Mark A. Varney, Ph.D. joined the Company in January 2006. His employment letter, as amended to date, is terminable at will by the Company or Dr. Varney and as of December 31, 2006 called for a base salary of \$300,000 per year with an annual bonus, at the discretion of the Board of Directors of the Company, of up to 30% of his base salary. In connection with his employment, Dr. Varney was granted options to purchase 750,000 shares of Common Stock at an exercise price of \$2.95 per share, representing 100% of the fair market value as of the date of grant. The options have a ten-year term and vest according to the following schedule: (i) 100,000 upon the date of employment; (ii) 100,000 one year from the date of employment and (iii) 550,000 in equal annual installments over a three-year period. Pursuant to the terms of the employment letter, the Company will provide Dr. Varney with a mortgage interest subsidy over five years in the form of a monthly payment, whereby the Company will pay 6% of the principal amount of a mortgage (not to exceed \$1,200,000) on his primary residence during the first year, which amount declines by 1% each year thereafter, and which amount is grossed up by a factor of 1.6 to cover Dr. Varney's additional income tax liabilities. In addition to the foregoing, Dr. Varney received a \$25,000 hiring bonus, a \$15,000 bonus to cover miscellaneous relocation expenses, temporary housing

and will receive reimbursement of real estate closing fees, sales commissions and moving costs. In the event of termination of Dr. Varney's employment in connection with or following a change in control of the Company (as defined in the Company's 1996 Stock Incentive Plan), under certain circumstances he is entitled to receive compensation of twelve (12) months of his then current salary plus continued employee benefits for a period of twelve (12) months thereafter. In addition, in the event of his termination of employment, in certain circumstances, any unvested options granted to Dr. Varney in connection with his employment, as detailed above, may be subject to accelerated vesting.

Drs. Carl W. Cotman and Gary S. Lynch (both of whom are co-founders and Scientific Directors of the Company) have each entered into a consulting agreement with the Company. Dr. Lynch receives a consulting fee of \$65,000 per year and Dr. Cotman receives a consulting fee of \$23,000 per year. The term of each consulting agreement commenced in November 1987 and will continue until terminated by the respective parties thereto. The consulting agreements obligate the respective consultants to make themselves available to the Company for consulting and advisory services for an average of three days per month.

Dr. Gary D. Tollefson has entered into a consulting agreement with the Company pursuant to which he receives a retainer of \$6,000 per month. The consulting agreement obligates Dr. Tollefson to be available for up to two eight-hour work days per month at such times and places reasonably agreed to between the parties. The term of his consulting agreement commenced in mid-April 2004 and will continue until mid-April 2007, unless earlier terminated by either the Company or Dr. Tollefson upon 30 days' prior notice. In connection with his engagement as a consultant, Dr. Tollefson was granted options to purchase 150,000 shares of Common Stock at an exercise price of \$2.20 per share, representing 100% of the fair market value as of the date of grant. The options vest in equal annual installments over a three-year period and have a ten-year term.

Director Compensation

The Compensation Committee uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. In setting director compensation, the Compensation Committee considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board of Directors. Similar to executive officers, directors are subject to a minimum share ownership requirement. The policy requires directors to acquire and maintain ownership of at least 30,000 shares of the Company's Common Stock before December 16, 2007, or within three years of commencement of service as a director, whichever is later. Thereafter, the policy provides for the withholding of fees until the ownership level has been achieved by such director.

Each non-employee director is entitled to receive \$3,000 at each Board of Directors meeting attended. Additionally, the Chairman of the Audit Committee, the Compensation Committee and the Governance and Nominations Committee receives \$1,000 for each committee meeting attended and other members of the respective committees receive \$500 for each committee meeting attended.

Prior to 2006, each non-employee director (other than those who serve on the Board of Directors to oversee an investment in the Company) was automatically granted options to purchase 30,000 shares of common stock upon commencement of service as a director and additional options to purchase 25,000 shares of common stock on the date of the Annual Meeting of Stockholders. However, due to a change

in the Company's fiscal year from June 30 to December 31 and the timing of the Annual Meeting of Stockholders, these automatic grants were made at the Annual Meeting of Stockholders in December 2005, but not at the Annual Meeting of Stockholders in May 2006. There were no option grants to the non-employee directors during 2006. Subsequent to December 31, 2006, the Compensation Committee changed the date for the automatic annual grant of options to purchase 25,000 shares of common stock to the date of the first meeting of the Board of Directors for the relative calendar year. These nonqualified options have an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant, have a ten-year term and vest in equal increments of 33 1/3% on each anniversary date of the dates of grant, and are otherwise subject to the terms and provisions of the 2006 Stock Incentive Plan.

The above cash compensation and nonqualified option grant provisions do not apply to non-employee directors who serve on the Board of Directors to oversee an investment in the Company. Compensation for such non-employee directors, if appropriate, is determined separately. As of December 31, 2006, none of the Company's directors served on the Board of Directors in such capacity.

Director Summary Compensation Table

The table below summarizes the total compensation paid or earned by each of the non-employee directors for the fiscal year ended December 31, 2006. Directors who are also employees of the Company did not receive any additional compensation for services as a director.

Name	Fees Earned or Paid in Cash (\$)	Option Awards \$(1)	All Other Compensation \$(2)	Total (\$)

- (1) Amounts represent the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with FAS 123(R) and may include amounts from awards granted prior to 2006. Assumptions used in the calculation of these amounts are included in footnote 1 to the Company's audited financial statements for the fiscal year ended December 31, 2006, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 15, 2007.
- (2) In accordance with Securities and Exchange Commission rules, All Other Compensation in the form of perquisites and other personal benefits has been omitted where the aggregate amount of such perquisites and other personal benefits was less than \$10,000. The amounts reflected in this column represent fees paid to such directors in their capacities as consultants to the Company.
- (3) Includes amounts for options issued to Dr. Tollefson in his capacity as a consultant to the Company.

Report of the Audit Committee of the Board of Directors

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2006 with management, including a discussion of the quality, not just the acceptability of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also has discussed with Haskell & White LLP, the Company's independent registered public accountants for the fiscal year ended December 31, 2006, the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committee), as amended. In addition, the Audit Committee has received the written disclosures and the letter from Haskell & White LLP as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Audit Committee has discussed the independence of Haskell & White LLP with that firm.

Based on the Audit Committee's review of the matters noted above and its discussions with the Company's independent registered public accountants and the Company's management, the Audit Committee recommended to the Board of Directors that the Company's financial statements be included in the Company's Annual Report on Form 10-K.

Respectfully Submitted,

John F. Benedik, Chairman
Charles J. Casamento
Peter F. Drake

Notwithstanding anything to the contrary set forth in the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this proxy statement, in whole or in part, the Report of the Compensation Committee of the Board of Directors on Executive Compensation and the Report of the Audit Committee of the Board of Directors shall not be incorporated by reference into any such filings.

CERTAIN TRANSACTIONS

There were no disclosable transactions with related persons under Item 404 of Regulation S-K during the fiscal year ended December 31, 2006 or currently proposed.

Pursuant to the Company's Audit Committee charter, the Company's executive officers, directors, nominees for directors and principal stockholders, including their immediate family members and affiliates, are prohibited from entering into a related party transaction with the Company without the prior approval of its Audit Committee (or other independent committee of the Board of Directors in cases where it is inappropriate for the Audit Committee to review such transaction due to a conflict of interest). Any request for the Company to enter into a transaction with an executive officer, director, nominee for director, principal stockholder or any of such persons' immediate family members or affiliates must first be presented to the Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, the Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including but not limited to, the risks, costs, and benefits to the Company, the terms of the transactions, the availability of other sources for comparable services or products, and, if applicable, the impact on director independence. The Audit Committee shall only approve those agreements that, in light of known circumstances, are in or are not inconsistent with, the Company's best interests, as determined in good faith by the Audit Committee.

PRINCIPAL STOCKHOLDERS

The following table sets forth, to the knowledge of the Company, certain information regarding the beneficial ownership of the Company's Common Stock as of March 31, 2007, by (i) each person known by the Company to be the beneficial owner of more than 5% of the outstanding Common Stock, (ii) each of the Company's directors and nominees, (iii) each of the named executive officers in the Summary Compensation Table and (iv) all of the Company's executive officers and directors as a group. Except as indicated in the footnotes to this table, the Company believes that the persons named in this table have sole voting and investment power with respect to the shares of Common Stock indicated.

PROPOSAL 2

AMENDMENT TO 2006 STOCK INCENTIVE PLAN TO INCREASE THE AUTHORIZED

NUMBER OF SHARES PURCHASABLE THEREUNDER FROM 1,863,799

TO 4,363,799 SHARES

The Board of Directors adopted the 2006 Stock Incentive Plan (2006 Stock Incentive Plan) on March 30, 2006 and the stockholders approved it on May 10, 2006. On February 6, 2007 the Board of Directors amended the 2006 Stock Incentive Plan to modify the terms of the provision relating to formula grants to non-employee directors, as discussed in more detail below in the section titled Formula Grants to Non-Employee Directors. On February 6, 2007, the Board of Directors approved an increase in the number of shares authorized for sale under the 2006 Stock Incentive Plan by 2,500,000 shares to 4,363,799 shares. The primary purposes of the 2006 Plan are (a) to enhance the Company's ability to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of the Company's business largely depends, and (b) to provide additional incentives to such persons or entities to devote their utmost effort and skill to the advancement and betterment of the Company, by providing them an opportunity to participate in the ownership of the Company and thereby have an interest in the success and increased value of the Company.

At the time of its adoption, the 2006 Stock Incentive Plan authorized the sale of up to 1,863,799 shares of Common Stock. Officers and directors of the Company are eligible to participate in the 2006 Stock Incentive Plan and have a substantial direct interest in the approval of the amendment to the 2006 Stock Incentive Plan.

Description of the 2006 Stock Incentive Plan

The essential features of the 2006 Stock Incentive Plan are summarized below. This summary does not purport to be a complete description of the 2006 Stock Incentive Plan. The Company's stockholders may obtain a copy of the 2006 Stock Incentive Plan upon written request to the Secretary of the Company, Cortex Pharmaceuticals, Inc., 15231 Barranca Parkway, Irvine, California 92618.

The 2006 Stock Incentive Plan is an omnibus stock plan consisting of a variety of equity vehicles to provide flexibility in implementing equity awards, including incentive stock options,

nonqualified stock options, restricted stock grants, unrestricted stock grants, stock appreciation rights, stock payment awards, restricted stock units and dividend equivalents. Participants in the 2006 Stock Incentive Plan may be granted any one of the equity awards or any combination thereof, as determined by the Board of Directors.

The Company's Board of Directors may delegate administration of the 2006 Stock Incentive Plan to a committee comprised of no fewer than two members of the Board of Directors (the Committee). At the Board of Directors' discretion, each Administrator member shall satisfy the requirements for (i) a non-employee director for purposes of Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and (ii) an outside director under Section 162(m) of the Internal Revenue Code. The term Administrator, as used in this proxy statement, refers to the Board of Directors, or, if the administration of the 2006 Stock Incentive Plan has been delegated to a committee, the Committee. Currently, the Board of Directors has delegated administration of the 2006 Stock Incentive Plan to the Company's Compensation Committee.

The Administrator has broad discretion to determine the persons entitled to receive options and/or rights to purchase under the 2006 Stock Incentive Plan, the terms and conditions on which options and/or rights to purchase are granted and the number of shares subject thereto. The Administrator also has discretion to determine the nature of the consideration to be paid upon the exercise of an option and/or right to purchase granted under the 2006 Stock Incentive Plan.

Eligibility

Any person who is an employee of, or a consultant or other service provider to the Company or any affiliate thereof, or any person who is a non-employee director is eligible to be designated by the Administrator to receive awards and become a participant under the 2006 Stock Incentive Plan (a Participant or the Participants). As of March 22, 2007, six (6) executive officers, seven (7) non-employee directors and approximately twenty-five (25) other employees, consultants and service providers were eligible to participate in the 2006 Stock Incentive Plan.

Types of Awards under 2006 Stock Incentive Plan

The 2006 Stock Incentive Plan includes the following types of equity compensation awards: incentive stock options, nonqualified stock options, restricted stock grants, stock payment awards, stock appreciation rights, restricted stock units and dividend equivalents, all of which are described below.

Stock Options. Stock options granted under the 2006 Stock Incentive Plan may be either incentive stock options subject to the provisions of Section 422 of the Internal Revenue Code or nonqualified stock options.

The exercise price per share of a stock option shall not be less than the fair market value of the Company's Common Stock on the date the option is granted, provided that the Administrator may in its discretion specify for any stock option an exercise price per share that is higher than the fair market value of the Company's Common Stock on the date the option is granted. A stock option may be subject to such vesting and exercisability requirements as specified by the Administrator in an award agreement. Such vesting and exercisability requirements may be based on the continued service of the Participant with the Company or its affiliates for a specified time period (or periods) or on the attainment of specified performance goals established by the Administrator in its discretion. The Administrator shall determine the period during which a vested stock option may be exercised, provided that the maximum term of a stock option shall be ten years from the date the option is granted.

Stock Appreciation Rights. A stock appreciation right will entitle the holder, upon exercise or other payment of the stock appreciation right, as applicable, to receive an amount determined by multiplying: (i) the excess of the fair market value of a share of Common Stock of the Company on the date of exercise or payment of the stock appreciation right over the base price of such stock appreciation right, by (ii) the number of shares as to which such stock appreciation right is exercised or paid. Subject to the requirements of Section 409A of the Internal Revenue Code, payment of the amount determined under the foregoing may be made, as approved by the Administrator and set forth in the award agreement, in shares of Common Stock valued at their fair market value on the date of exercise or payment, in cash, or in a combination of shares of Common Stock and cash, subject to applicable tax withholding requirements.

A stock appreciation right may be subject to such vesting and exercisability requirements as specified by the Administrator in an award agreement. Such vesting and exercisability requirements may be based on the continued service of the Participant with the Company or its affiliates for a specified time period (or periods) or on the attainment of specified performance goals established by the Administrator in its discretion. A stock appreciation right will be exercisable or payable at such time or times as determined by the Administrator. The base price of a stock appreciation right shall not be less than 100 percent of the fair market value of the shares of Common Stock of the Company on the date the right is granted.

Stock appreciation rights may be granted on a basis that allows for the exercise of the right by the Participant or that provides for the automatic payment of the right upon a specified date or event. Stock appreciation rights shall be exercisable or payable at such time or times and upon conditions as may be approved by the Administrator, provided that the Administrator may accelerate the exercisability or payment of a stock appreciation right at any time.

Restricted Stock Awards. Restricted stock awards are shares issued under the 2006 Stock Incentive Plan that are subject to restrictions on transfer and vesting requirements as determined by the Administrator. The restrictions imposed on shares granted under a restricted stock award shall lapse in accordance with the vesting requirements specified by the Administrator in the award agreement, provided that the Administrator may accelerate the vesting of a restricted stock award at any time. Such vesting requirements may be based on the continued service of the Participant with the Company or its affiliates for a specified time period (or periods) or on the attainment of specified performance goals established by the Administrator in its discretion. If the vesting requirements of a restricted stock award shall not be satisfied, the award shall be forfeited and the unvested shares of Common Stock subject to the award shall be returned to the Company (or, to the extent the Participant paid for the shares of Common Stock, the Company shall have the right to repurchase such shares from the Participant at the original purchase price).

Subject to the provisions of the 2006 Stock Incentive Plan and the applicable award agreement, the Participant shall have all rights of a stockholder with respect to the shares granted to the Participant under a restricted stock award, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto.

Restricted Stock Unit Awards. The value of each stock unit under a restricted stock unit award is equal to one share of the Company's Common Stock on the applicable date or time period of determination, as specified by the Administrator. A restricted stock unit award shall be subject to such restrictions and conditions as the Administrator shall determine. A restricted stock unit award may be

granted together with a dividend equivalent right with respect to the shares of Common Stock subject to the award, which may be accumulated and may be deemed reinvested in additional stock units, as determined by the Administrator in its discretion.

On the date the award is granted, the Administrator shall in its discretion determine the vesting requirements with respect to a restricted stock unit award, which shall be set forth in the award agreement, provided that the Administrator may accelerate the vesting of a restricted stock unit award at any time. Vesting requirements may be based on the continued service of the Participant with the Company or its affiliates for a specified time period (or periods) or on the attainment of specified performance goals established by the Administrator in its discretion.

A restricted stock unit award shall become payable to a Participant at the time or times determined by the Administrator and set forth in the award agreement, which may be upon or following the vesting of the award. Payment of a restricted stock unit award shall be made in shares of Common Stock of the Company, and shall be subject to applicable tax withholding requirements. The Participant shall not have any rights as a stockholder with respect to the shares subject to a restricted stock unit award until such time as shares of Common Stock are delivered to the Participant pursuant to the terms of the award agreement.

Stock Payment Awards. A stock payment award may be granted for past services, in lieu of bonus or other cash compensation, as directors compensation or for any other valid purpose as determined by the Administrator. A stock payment award granted to a Participant represents shares of the Company's Common Stock that are issued without restrictions on transfer and other incidents of ownership and free of forfeiture conditions, except as otherwise provided in the 2006 Stock Incentive Plan and the award agreement. The Administrator may, in connection with any stock payment award, require the payment of a specified purchase price.

Subject to the provisions of the 2006 Stock Incentive Plan and the applicable award agreement, upon the issuance of the Common Stock under a stock payment award the Participant shall have all rights of a stockholder with respect to the shares of Common Stock, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto.

Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by an award of restricted stock units granted under the 2006 Stock Incentive Plan, as determined by the Administrator. At the sole discretion of the Administrator, such dividend equivalents may be converted into additional shares of Common Stock in such manner as determined by the Administrator. Any additional shares covered by an award credited by reason of such dividend equivalents will be subject to all the terms and conditions of the underlying award agreement to which they relate.

Limits on Awards. Currently, a maximum of 1,863,799 shares of Common Stock may be issued and sold under all awards, restricted and unrestricted, granted under the 2006 Stock Incentive Plan. Of such aggregate limit, the maximum number of shares of Common Stock that may be issued pursuant to (i) incentive stock options shall be 1,863,799 shares and (ii) restricted stock grants, unrestricted stock grants and restricted stock units shall be 500,000 shares. If the proposal to amend the number of shares purchaseable under the 2006 Stock Incentive Plan is approved, the maximum number of shares of Common Stock that may be issued and sold under all awards, restricted and unrestricted, granted under the 2006 Stock Incentive Plan will be increased to 4,363,799, and the maximum number of shares of Common Stock that may be issued pursuant to incentive stock options shall be increased to 4,363,799. The maximum number of shares of Common Stock that may be issued as restricted stock grants, unrestricted stock grants and restricted stock units shall remain at 500,000 shares.

The maximum number of shares of Common Stock with respect to one or more awards that may be granted to any one participant during any calendar year shall be 1,000,000. The foregoing limitations shall be subject to adjustments to reflect any recapitalizations, stock splits, reverse stock splits, reclassifications, stock dividends or other changes in the capital structure of the Company occurring after the effective date of the 2006 Stock Incentive Plan.

Shares of Common Stock issued and sold under the 2006 Plan may be either authorized but unissued shares or shares held in the Company's treasury. To the extent that any award involving the issuance of shares of Common Stock is forfeited, cancelled, returned to the Company for failure to satisfy vesting requirements or other conditions of the award, or otherwise terminates without an issuance of shares of Common Stock being made thereunder, the shares of Common Stock covered thereby will no longer be counted against the foregoing maximum share limitations and may again be made subject to awards under the 2006 Stock Incentive Plan pursuant to such limitations.

Certain Features of Awards Under 2006 Stock Incentive Plan

Payment of Exercise Price or Purchase Price. The payment of the exercise price for stock options, or the purchase price for shares of restricted stock, shares covered by restricted stock units, or stock payment awards may be made, in the discretion of the Administrator, through a variety of methods more particularly described in the 2006 Stock Incentive Plan, including, without limitation, payment by (a) cash, (b) check, (c) by delivery of shares of the Company's Common Stock (provided that any shares acquired pursuant to exercise of options have been held by the Participant for the requisite period necessary to avoid a charge to the Company's earnings for financial reporting purposes), which surrendered shares shall be valued at the fair market value of the Company's Common Stock on the date of exercise or purchase, (d) cancellation of indebtedness of the Company to the Participant, (e) waiver of compensation due to the Participant for services rendered, or (f) any combination of the foregoing methods of payment or any other consideration or method of payment as shall be permitted by applicable law.

Transferability of Awards. All incentive stock options are nontransferable except upon the Participant's death by will or the laws of descent or distribution or pursuant to the terms of certain domestic relations orders. In the case of awards other than incentive stock options, the Administrator may provide, in its discretion, for the transfer of all or part of the award to a Participant's family member (as defined for purposes of the Form S-8 registration statement under the Securities Act of 1933, as amended).

Adjustments to Awards Upon Certain Changes in Capitalization. In the event that the outstanding shares of the Company's Common Stock are increased or decreased or exchanged for a different number or kind of shares or other securities of the Company by reason of a recapitalization, stock split, combination of shares, reclassification, stock dividend or other change in the Company's capital structure, then the Administrator shall make adjustments to the aggregate number and kind of shares subject to the 2006 Stock Incentive Plan, the number and kind of shares and the exercise price per share subject to outstanding awards, and the maximum share limitations, as applicable, all in order to preserve, as nearly as practical, but not to increase, the benefits to the Participants.

Occurrence of Corporate Transaction. The 2006 Stock Incentive Plan provides that in order to preserve a Participant's rights in the event of certain transactions constituting a change in control of the

Company, the Administrator shall have the discretion to provide in each award agreement the terms and conditions that relate to the vesting of such award in the event of a change in control of the Company and the assumption of such awards or the issuance of comparable securities under an incentive program in the event of such occurrence. The terms and conditions of each award agreement may vary. If the terms of an outstanding option or stock appreciation right provide for accelerated vesting in the event of a change in control, or to the extent that such award is vested and not yet exercised, the Administrator in its discretion may provide, in connection with the change in control transaction, for the purchase or exchange of each option or stock appreciation right for cash or other property. All outstanding option and stock appreciation rights will terminate and cease to be exercisable upon the consummation of a change in control except to the extent that the options or stock appreciation rights are assumed by a successor entity (or parent) pursuant to the terms of such transaction.

Section 162(m) Awards. Awards of options and stock appreciation rights granted under the 2006 Stock Incentive Plan will automatically qualify for the performance-based compensation exception under Internal Revenue Code Section 162(m) pursuant to their expected terms. Awards of restricted stock, restricted stock units and stock payment awards may qualify for the performance-based compensation exception under Section 162(m) if the terms of the awards state, in terms of an objective formula or standard, the method of computing the amount of compensation payable under the award and preclude discretion to increase the amount of compensation payable under the terms of the award.

Performance Criteria. The 2006 Stock Incentive Plan includes a number of performance criteria that may be used to determine whether and to what extent the shares covered by an award have vested. The Administrator will have discretion to specify whether the criteria will be measured either annually or cumulatively over a period of years on an absolute basis or relative to a pre-established target, to the previous years' results or to a designated peer group of companies, in each case as specified in the individual award agreement at the time of grant. The performance criteria may be stated as either target amounts, or as a percentage increase over a base period amount, and may be based upon any one or a combination of the following:

- (a) The achievement of certain scientific and development milestones;
- (b) Licensing, partnership or other strategic transactions;
- (c) Acceptance by the U.S. Food and Drug Administration (FDA) or a comparable foreign regulatory authority of a final New Drug Application or similar document;
- (d) Approval for marketing of a product candidate of the Company by the FDA or a comparable foreign regulatory authority;
- (e) Obtaining a specified level of financing for the Company;
- (f) Cost containment or reduction;
- (g) The percentage increase in the market price of the Company's Common Stock over a stated period; and
- (h) Individual business objectives.

Amendment and Termination of the 2006 Stock Incentive Plan

The 2006 Stock Incentive Plan may be altered, amended, suspended or terminated by the Board of Directors at any time. No such alteration, amendment, suspension or termination of the 2006 Stock Incentive Plan shall be made which shall substantially affect or impair the rights of any Participant under an outstanding award agreement without such Participant's consent. Unless previously terminated by the Board of Directors, the 2006 Stock Incentive Plan will terminate on March 30, 2016, which is the tenth anniversary of the date of its adoption by the Board of Directors.

New Plan Benefits

Future awards to the Company's executive officers and employees are discretionary. Therefore, at this time the benefits that may be received by the Company's executive officers and other employees if its stockholders approve the 2006 Stock Incentive Plan cannot be determined. Because the value of stock issuable to the Company's non-employee directors under the 2006 Stock Incentive Plan will depend on the fair market value of its Common Stock at future dates, it is not possible to determine exactly the benefits that might be received by the Company's non-employee directors under the 2006 Stock Incentive Plan. For information regarding option grants to named executive officers and directors under the 2006 Stock Incentive Plan during the year ended December 31, 2006, see GRANTS OF PLAN BASED AWARDS, Director Compensation and Director Summary Compensation Table.

Formula Grants to Non-Employee Directors

Prior to 2006, each non-employee director (other than those who serve on the Board of Directors to oversee an investment in the Company) was automatically granted options to purchase up to 30,000 shares of common stock upon commencement of service as a director and additional options to purchase up to 25,000 shares of common stock on the date of the Annual Meeting of Stockholders. However, due to a change in the Company's fiscal year from June 30 to December 31 and the timing of the Annual Meeting of Stockholders, these automatic grants were made at the Annual Meeting of Stockholders in December 2005, but not at the Annual Meeting of Stockholders in May 2006. There were no option grants to the non-employee directors during 2006. Subsequent to December 31, 2006, the date for the automatic annual grant of options to non-employee directors to purchase up to 25,000 shares of common stock was changed to the date of the first meeting of the Board of Directors for the relative calendar year. Stock option issuances to non-employee directors who serve on the Board of Directors to oversee an investment in the Company are determined separately. The number of nonqualified options to be granted to non-employee directors of the Company shall be determined by the Administrator, subject to the maximums detailed above. The nonqualified options to non-employee directors have an exercise price equal to 100% of the fair market value of the common stock on the date of grant, have a ten-year term and vest in equal increments of 33 1/3% on the anniversary dates of the dates of grant, and will otherwise be subject to the terms and provisions of the 2006 Plan.

Summary of Federal Income Tax Consequences of the 2006 Stock Incentive Plan

The following is a brief summary of certain federal income tax consequences of participation in the 2006 Stock Incentive Plan. The summary should not be relied upon as being a complete statement of all possible federal income tax consequences. Federal tax laws are complex and subject to change. Participation in the 2006 Stock Incentive Plan may also have consequences under state and local tax laws which vary from the federal tax consequences described below. For such reasons, the Company recommends that each Participant consult his or her personal tax advisor to determine the specific tax consequences applicable to him or her.

Incentive Stock Options. A Participant who receives an incentive stock option will not recognize taxable income upon the grant of the option or the exercise of the option. However, the amount by which the fair market value of the shares at the time of exercise exceeds the option exercise price will generally be included in the Participant's alternative minimum taxable income upon exercise. If stock received on exercise of an incentive option is disposed of in the same year the option was exercised, the regular tax treatment and the alternative tax treatment will be the same. If stock received on exercise of an incentive option is sold during a year subsequent to that in which the option was exercised, the basis of the stock acquired will equal its fair market value on the date of exercise for purposes of computing alternative minimum taxable income in the year of sale.

A Participant who is subject to the alternative minimum tax in the year of exercise of an incentive option may claim, as a credit against the Participant's regular tax liability in future years, the amount of alternative minimum tax paid that is attributable to the exercise of the incentive option. This credit is available in the first year following the year of exercise in which the Participant has a regular tax liability.

Gain realized by a Participant upon sale of stock issued on exercise of an incentive stock option is taxable as long-term capital gain if the Participant disposes of the shares more than two years after the date of grant of the option and more than one year after the date of exercise. If the Participant disposes of the shares less than two years after the date of grant or less than one year after the date of exercise (a disqualifying disposition), the Participant will recognize ordinary income in an amount equal to the difference between the option exercise price and the lower of the fair market value of the shares on the date of exercise or on the date of disposition of the shares. If the amount realized in a disqualifying disposition exceeds the fair market value of the shares on the date of exercise, the gain realized, in excess of the amount taxed as ordinary income as indicated above, will be taxed as capital gain. Any loss realized upon a disqualifying disposition will be treated as a capital loss. Capital gains and losses resulting from disqualifying dispositions will be treated as long-term or short-term depending upon whether the shares were held for more or less than the applicable statutory holding period (which is currently more than one year for long-term capital gains). The Company will generally be entitled to a tax deduction in an amount equal to the amount the Participant must recognize as ordinary income.

Nonqualified Stock Options. Generally, no taxable income is recognized by a Participant upon the grant of a nonqualified stock option or at the time or times a nonqualified stock option becomes vested where the exercise price of such option is no less than 100% of the fair market value of the stock underlying such stock option at the time such option is granted. Under the 2006 Stock Incentive Plan, the exercise price for all options shall be at least equal to 100% of the fair market value of the stock underlying such options at the time of the grant. Upon exercise, however, the Participant will recognize ordinary income in the amount by which the fair market value of the shares purchased, on the date of exercise, exceeds the exercise price paid for such shares. The income recognized by the Participant who is an employee of the Company will be subject to income tax withholding by the Company out of the Participant's current compensation. If such compensation is insufficient to pay the taxes due, the Participant will be required to make a direct payment to the Company for the balance of the tax withholding obligation. The Company will be entitled to a tax deduction equal to the amount of ordinary income recognized by the Participant, provided that certain reporting requirements are satisfied. If the exercise price of a nonqualified stock option is paid by the Participant in cash, the tax basis of the shares acquired will be equal to the cash paid.

plus the amount of income recognized by the Participant as a result of such exercise. If the exercise price is paid by delivering shares of the Company's Common Stock already owned by the Participant or by a combination of cash and already-owned shares, there will be no current taxable gain or loss recognized by the Participant on the already-owned shares exchanged (however, the Participant will nevertheless recognize ordinary income to the extent that the fair market value of the shares purchased on the date of exercise exceeds the price paid, as described above). The new shares received by the Participant, up to the number of the old shares exchanged, will have the same tax basis and holding period as the Participant's basis and holding period in the old shares. The balance of the new shares received will have a tax basis equal to any cash paid by the Participant plus the amount of income recognized by the Participant as a result of such exercise, and will have a holding period commencing with the date of exercise. Upon the sale or disposition of shares acquired pursuant to the exercise of a nonqualified stock option, the difference between the proceeds realized and the Participant's basis in the shares will be a capital gain or loss and will be treated as long-term capital gain or loss if the shares have been held for more than the applicable statutory holding period (which is currently more than one year for long-term capital gains).

Restricted Stock. If no Section 83(b) election is made and repurchase rights are retained by the Company, a taxable event will occur on each date the Participant's ownership rights vest (e.g., when the Company's repurchase rights expire) as to the number of shares that vest on that date, and the holding period for capital gain purposes will not commence until the date the shares vest. The Participant will recognize ordinary income on each date shares vest in an amount equal to the excess of the fair market value of such shares on that date over the amount paid for such shares. Any income recognized by a Participant who is an employee will be subject to income tax withholding by the Company out of the Participant's current compensation. If such compensation is insufficient to cover the amount to be withheld, the Participant will be required to make a direct payment to the Company for the balance of the tax withholding obligation. The Company is entitled to a tax deduction in an amount equal to the ordinary income recognized by the Participant. The Participant's basis in the shares will be equal to the purchase price, if any, increased by the amount of ordinary income recognized. If a Section 83(b) election is made within 30 days after the date of transfer, or if no repurchase rights are retained by the Company, then the Participant will recognize ordinary income on the date of purchase in an amount equal to the excess of the fair market value of such shares on the date of purchase over the purchase price paid for such shares.

Stock Appreciation Rights. Generally no taxable income is recognized by a Participant receiving a stock appreciation right at the time the stock appreciation right is granted or at the time or times a stock appreciation right becomes vested where the base price of a stock appreciation right is no less than 100% of the fair market value of the stock underlying such stock appreciation right at the time such option is granted. Under the 2006 Stock Incentive Plan, the base price for all stock appreciation rights shall be at least equal to 100% of the fair market value of the stock underlying such stock appreciation rights at the time of the grant. If the Participant receives the appreciation inherent in the stock appreciation right in cash, the cash will be taxed as ordinary income to the Participant at the time it is received. If the Participant receives the appreciation inherent in a stock appreciation right in stock, the spread between the then current market value and the base price will be taxed as ordinary income to the Participant at the time such amount is received. The Company is not entitled to a federal income tax deduction upon the grant or termination of a stock appreciation right. However, upon the settlement of a stock appreciation right, the Company is entitled to a deduction equal to the amount of ordinary income the Participant is required to recognize as a result of the settlement.

Restricted Stock Unit Awards, Stock Payment Awards and Dividend Equivalents. Restricted stock unit awards, stock payment awards and dividend equivalents are generally subject to ordinary income tax at the time of payment.

Tax Withholding. Under the 2006 Stock Incentive Plan, the Company has the power to withhold, or require a Participant to remit to it, an amount sufficient to satisfy Federal, state and local withholding tax requirements with respect to any award granted under the 2006 Stock Incentive Plan. To the extent permissible under applicable tax, securities, and other laws, the Administrator may, in its sole discretion, permit a Participant to satisfy an obligation to pay any tax to any governmental entity in respect of any option or restricted stock up to an amount determined on the basis of the highest marginal tax rate applicable to such Participant, in whole or in part, by (i) directing the Company to apply shares of Common Stock to which the participant is entitled pursuant to an award, or (ii) delivering to the Company shares of Common Stock owned by the Participant.

Tax Deduction Limitation. Section 162(m) of the Internal Revenue Code generally limits to \$1,000,000 the amount that a publicly-held corporation is allowed each year to deduct for the compensation paid to the corporation's chief executive officer and each of the corporation's four most highly compensated executive officers other than the chief executive officer. However, performance-based compensation is not subject to the \$1,000,000 deduction limit. In general, to qualify as performance-based compensation, the following requirements must be satisfied: (a) payments must be computed on the basis of an objective, performance-based compensation standard determined by a committee consisting solely of two or more outside directors, (b) the material terms under which the compensation is to be paid, including the business criteria upon which the performance goals are based, and a limit on the maximum amount which may be paid to any participant pursuant to any award with respect to any performance period, must be approved by the corporation's stockholders, and (c) the committee must certify in writing whether, and the extent to which, the applicable performance goals have been satisfied before payment of any performance-based compensation is made. The Company's Compensation Committee currently consists solely of outside directors as defined for purposes of Section 162(m) of the Internal Revenue Code, and it is the intent of the Board of Directors that all future Committee members will also satisfy that definition. Stock options and stock appreciation rights, the terms of which limit the amount of compensation that an employee may receive to an increase in the value of the underlying stock covered by the option or right after the date of grant, automatically satisfy the performance goal requirement described in item (a) above.

Deferred Compensation. Any deferrals made under the 2006 Stock Incentive Plan, including awards granted under the Plan that are considered to be deferred compensation, must satisfy the requirements of Internal Revenue Code Section 409A to avoid adverse tax consequences to Participants, which include the current inclusion of deferred amounts in income and interest and a surtax on any amount included in income. The Section 409A requirements include limitations on election timing, acceleration of payments and distributions. Section 409A applies to certain stock appreciation rights, stock unit awards, and other awards that provide the Participant with an opportunity to defer the recognition of income. The Company intends to structure any awards under the 2006 Stock Incentive Plan to meet the applicable tax law requirements under Internal Revenue Code Section 409A in order to avoid its adverse tax consequences.

Vote Required

Approval of the amendment to the 2006 Stock Incentive Plan to increase the number of shares purchasable thereunder from 1,863,799 to 4,363,799 shares will require the affirmative vote of the holders of a majority of the shares of outstanding Common Stock present or represented at the Annual Meeting of Stockholders and entitled to vote thereat. In determining whether the proposal has been approved, abstentions will be counted as votes against the proposal and broker non-votes will not be counted as votes for or against the proposal or as votes present and voting on the proposal. **The Board of Directors recommends that you vote FOR the approval of the amendment to the 2006 Stock Incentive Plan to increase the number of shares of Common Stock issuable thereunder by 2,500,000 shares.** Proxies solicited by management for which no specific direction is included will be voted FOR approval of the amendment to the 2006 Stock Incentive Plan to increase the number of shares of Common Stock issuable thereunder by 2,500,000 shares.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth information regarding outstanding options, warrants and rights and shares reserved for future issuance under the Company's existing equity compensation plans as of December 31, 2006. The Company's only stockholder approved equity compensation plans consist of the 1996 Stock Incentive Plan (that expired in October 2006) and the 2006 Stock Incentive Plan. Following the expiration of the 1996 Stock Incentive Plan, all subsequently granted stock options were and will be issued from the 2006 Stock Incentive Plan.

	(a)	(b)	(c)
Plan Category	warrants and rights	warrants and rights	reflected in column (a))
Equity compensation plans approved by security holders	9,517,156	\$2.02	326,549
Equity compensation plans not approved by security holders	250,000 ⁽¹⁾	2.95	
Total	9,767,156	\$2.04	326,549

- (1) In January 2006, as an inducement to the employment of the Company's Chief Operating Officer and Chief Scientific Officer Mark A. Varney, Ph.D., the Company issued 250,000 options outside of the 1996 Stock Incentive Plan and the 2006 Stock Incentive Plan. The options have a ten-year term and vest in the following installments: 83,334 on January 30, 2007, 83,333 on January 30, 2008 and 83,333 on January 30, 2009.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has selected Haskell & White LLP, independent registered public accountants, to audit the financial statements of the Company for the fiscal year ending December 31, 2007. In determining whether the proposal has been approved, abstentions will be counted as votes against the proposal and broker non-votes will not be counted as votes for or against the proposal or as votes present and voting on the proposal. If this proposal is not approved, the Audit Committee shall reconsider its selection and submit its recommendation to the Board of Directors.

Haskell & White LLP was engaged by the Audit Committee effective following the filing of the Company's quarterly report on Form 10-Q for the quarter ended September 30, 2004. Haskell & White LLP audited the financial statements of the Company for the transitional six-month period ended December 31, 2004 and the fiscal years ended December 31, 2005 and 2006. A representative of Haskell & White LLP is expected to be present at the meeting and will be available to respond to appropriate questions. The representative will also have an opportunity to make a statement if he or she desires to do so.

The Company's Board of Directors recommends that you vote FOR the ratification of Haskell & White LLP as its independent registered public accountants for the fiscal year ending December 31, 2007. Proxies solicited by management for which no specific direction is included will be voted **FOR** the ratification of Haskell & White LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2007.

Audit Fees

The aggregate fees of Haskell & White LLP, the Company's independent registered public accountants, for audit services totaled approximately \$304,500 and \$232,300 for the fiscal years ended December 31, 2006 and 2005, respectively, including fees associated with the reviews of the Company's quarterly reports on Form 10-Q and the annual audit, including procedures related to the Company's assessment of its system of internal controls as required under Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The aggregate fees of Haskell & White LLP for audit-related fees for the fiscal year ended December 31, 2006 totaled \$13,200, and included services related to the Company's registration statements filed on Forms S-3 and S-8. Haskell & White did not provide, did not bill and was not paid any fees for the fiscal year ended December 31, 2005 for audit-related services.

Tax Fees

Fees for Haskell & White LLP for tax services, including tax compliance, tax advice and tax planning totaled approximately \$9,800 and \$10,500 for the fiscal years ended December 31, 2006 and 2005, respectively.

All Other Fees

There were no other fees for services provided by Haskell & White LLP for the fiscal years ended December 31, 2006 or 2005.

All of the services described under headings Audit-Related Fees, Tax Fees and All Other Fees above were pre-approved by the Audit Committee.

The Audit Committee has determined that the provision of services, in addition to audit services, rendered by Haskell & White LLP and the fees paid therefor for the fiscal years ended December 31, 2006 and 2005 were compatible with maintaining Haskell & White LLP's independence.

Policy on Audit Committee Pre-Approval of Audit Services and Permissible Non-Audit Services of Independent Registered Public Accountants.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services performed by the independent registered public accountants. These services may include audit services, audit-related services, tax services and other services. For audit services, the independent registered public accountant provides the Audit Committee with an audit plan including proposed fees in advance of the annual audit. The Audit Committee approves the plan and fees for the audit.

For non-audit services, the Company's senior management will submit from time to time to the Audit Committee for approval non-audit services that it recommends the Audit Committee engage the independent registered public accountants to provide during the fiscal year. The Company's senior management and the independent registered public accountants will each confirm to the Audit Committee that each non-audit service is permissible under all applicable legal requirements. A budget, estimating non-audit service spending for the fiscal year, will be provided to the Audit Committee along with the request. The Audit Committee must approve both permissible non-audit services and the budget for such services.

STOCKHOLDER PROPOSALS

Any stockholder desiring to submit a proposal for action at the 2008 Annual Meeting of Stockholders and presentation in the Company's proxy statement with respect to such meeting should arrange for such proposal to be delivered to the Company's offices, 15231 Barranca Parkway, Irvine, California 92618, addressed to the Secretary, no later than December 10, 2007 in order to be considered for inclusion in the Company's proxy statement relating to the meeting. Matters pertaining to such proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are regulated by the Securities Exchange Act of 1934, Rules and Regulations of the Securities and Exchange Commission and other laws and regulations to which interested persons should refer.

Additionally, under Rule 14a-4, as promulgated under the Securities and Exchange Act of 1934, as amended, if a stockholder fails to notify the Company of a proposal at least 45 days prior to the month and day of mailing of the prior year's proxy statement, then the Company will be allowed to use its discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement. With respect to the Company's 2008 Annual Meeting of Stockholders, a stockholder proposal not previously submitted for the Company's proxy statement may be submitted until February 23, 2008; thereafter, the Company will use its voting authority as described above.

SECTION 16(a) BENEFICIAL

OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and ten-percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on the review of copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2006, all of the Company's officers, directors and ten-percent stockholders complied with all applicable Section 16(a) filing requirements with the exception of Dr. Gary D. Tollefson, a director, who filed a Form 5 on February 7, 2007 to report an earlier purchase of shares of the Company's Common Stock by his spouse, and Gary A. Rogers, Ph.D., the Company's Senior Vice President, Pharmaceutical Research, who filed a Form 5 on February 7, 2007 to report six earlier grants to his spouse of options to purchase shares of the Company's Common Stock.

TRANSACTION OF OTHER BUSINESS

As of the date of this proxy statement, the Board of Directors is not aware of any matters other than those set forth herein and in the Notice of Annual Meeting of Stockholders that will come before the meeting. Should any other matters arise requiring the vote of stockholders, it is intended that proxies will be voted in respect thereto in accordance with the best judgment of the person or persons voting the proxies.

Please return your proxy as soon as possible. Unless a quorum consisting of a majority of the outstanding shares entitled to vote is represented at the meeting, no business can be transacted. Therefore, **please be sure to date and sign your proxy exactly as your name appears on your stock certificate and return it in the enclosed postage prepaid return envelope. Please act promptly to ensure that you will be represented at this important meeting.**

THE COMPANY WILL PROVIDE WITHOUT CHARGE, AT THE WRITTEN REQUEST OF ANY BENEFICIAL OWNER OF SHARES ENTITLED TO VOTE AT THE ANNUAL MEETING OF STOCKHOLDERS, A COPY (WITHOUT EXHIBITS) OF THE COMPANY'S ANNUAL REPORT ON FORM 10-K AS FILED WITH THE SECURITIES AND EXCHANGE COMMISSION FOR THE FISCAL YEAR ENDED DECEMBER 31, 2006. REQUESTS SHOULD BE MAILED TO THE SECRETARY, CORTEX PHARMACEUTICALS, INC., 15231 BARRANCA PARKWAY, IRVINE, CALIFORNIA 92618.
